The benefits are not limited to increased safety. For the Town, abandonment will make managing and maintaining the Town's roadways easier and less costly. Many of the trees surrounding the Abandoned Roadway are in poor condition. Fallen limbs and even trees are a regular result from inclement weather. The Town will not be obligated to prioritize tree removal and plowing. Without vehicular travel, the Abandoned Roadway can be paved and repaired less frequently. In addition, policing the speeding and unsafe travel on Chestnut Hill Road will be less of a burden.

The broader benefits to the community as a whole are innumerable. As shown on the plan attached hereto as **Exhibit A**, the Abandoned Roadway lies in the heart of approximately 270 acres of land, formerly owned by Philip and Elaine Beals, protected by publicly beneficial ownership and/or conservation restrictions (collectively, the "**Community Land**"). Abandonment would allow for safer and better enjoyment of the Community Land, increased opportunities for programming special events at Chestnut Hill Farm, and safer crossings for the numerous animals that live in and travel through the

Community Land. In addition, the Trustees of Reservations, owners of Chestnut Hill Farm, would be interested in allowing continued public recreational use of the Abandoned Roadway. It can provide many benefits, including an ADA-compliant nature trail and a paved surface for safely engaging in recreational activities through beautiful scenery. Parents can teach their children to ride bikes without fear of a driver speeding up the road. Runners, for a short stretch, can safely take in the Town's beauty without worrying about distracted drivers. Pedestrians can walk comfortably side-by-side or while pushing strollers. These are just a few examples of how the Abandoned Roadway can be transformed from a community hazard into yet another public asset for the Town to be proud of. Finally, abandoning this section of Chestnut Hill Road would complete the remarkable vision of Philip and Elaine Beals, whose extraordinary commitment to permanently protecting more than 270 acres of Community Land created a legacy that is enjoyed by many hundreds of visitors every year.

3. **Next Steps.**

Given the urgency of the issue, we would like to arrange a time to meet with the Board at a regularly scheduled meeting to present our vision for a better and safer experience along the Abandoned Roadway. Following such presentation, we would encourage the Board to arrange a duly noticed public hearing so it can hear from the public and consider exercising its authority under Section 32A of M.G.L. Ch. 82 to abandon the Abandoned Roadway. Further discussion of a potential permanent discontinuance by the Town and the reservation or granting of rights to the public would take place at a later date. Accompanying this letter are the signatures of more than 60 Southborough residents who support this proposal.

We thank you for your consideration and we look forward to discussing our vision for a better and safer Chestnut Hill Road for the benefit of the entire Town of Southborough.

Sincerely,

Jonathan Krasner & Frank Tipton

Town of Southborough

Memo

To: Board of Selectmen
From: Vanessa Hale, Assistant Town Administrator
Date: September 15, 2021
Re: Appointment of Recording Clerk

As the Board has been informed, Katie Barry has chosen to leave her position as Recording Clerk for the Board since she assumed a full-time position as Administrative Assistant in the Selectmen's Office. We are all grateful to Katie for her diligent efforts while taking meeting minutes.

Conservation Agent Melissa Danza and I both posted for this position and interviewed several qualified candidates. That process has now concluded and I would like to recommend the Board appoint Ms. Brigid Rubin as Recording Clerk. Ms. Rubin has broad experience in the community and non-profit sector and is nearing the end of a Masters degree in Public Administration at Clark University. Additionally, she has served on multiple town committees in her community, including the Library Building Committee and the Zoning Board of Appeals.

As has been the practice, this position will be compensated at $150.00 per meeting.

Thank you for your consideration.

Town of Southborough

Memo

To: Board of Selectmen
From: Vanessa Hale, Assistant Town Administrator
Mark Purple, Town Administrator
Date: September 16, 2021
Re: Appointment of Labor Counsel

Following on the recent appointment of a new Town Counsel, I would like to respectfully request that the Board of Selectmen take one further step and appoint a new Labor Counsel.

The Town Administrator and I appreciate the advice and guidance we have received over the past several years from the firm of Norris, Murray & Peloquin, but do believe it will be extremely beneficial to have both our primary legal needs contained within the same firm.

It would be our recommendation that the firm of Mead, Talerman and Costa be appointed as Labor Counsel; with the proviso that Attorney Katherine M. Feodoroff be designated as the Town's primary Labor Attorney. We have met with both Attorneys Talerman and Feodoroff recently to discuss their level of expertise in this area, in conjunction with the Town's needs and current cases, and are very confident in their abilities to serve the Town. It would be good to begin to get Attorney Feodoroff acclimated with our collective bargaining agreements, as we are about to enter into negotiations with all of our unions on successor agreements. Fees for labor services will be charged on an hourly basis, which is budgeted for in the Special Legal Counsel budget. This appointment should be effective October 1, 2021.

Thank you for your consideration.

Cc: Lisa Braccio <lbraccio@southboroughma.com>; Sarah Hoecker <shoecker@southboroughma.com>
Subject: RE: Proposed Changes to Downtown District Zoning Bylaw

Hi Julie and Lisa:

I haven't had a chance to follow up with you yesterday but Marijke gave me a brief update yesterday on the status of the draft bylaw. A couple of items that were noted in previous discussions that can likely be addressed at the upcoming meeting on 9/20/21:

1. Section 174-8.12.G.(5) still has the phrase "... the Planning Board may adopt a guidance document **interpreting the Chapter 40B guidelines** as they apply to development under this section..." I believe the PB indicated that they do not interpret 40B Guidelines.

2. Section 174-8.12.C.(7) should clarify/include that more than 12 multifamily dwellings units is prohibited, if that is the intent?

Planning anticipates posting a PB agenda for 9/20/21 today. We will post the respective documents on the Planning Board website for the 9/20/21 public hearing under News & Announcements sections. Please let me know if you have any questions.

Thanks,

Karina G. Quinn, P.E.

DOWNTOWN DISTRICT (DD)

June 23, 2021 Revisions

Part 1. Amend Article I, Miscellaneous Provisions, **§ 174-2** Definitions, by adding the following new terms and definitions in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guest rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

ESTABLISHMENT

An institutional, business, commercial, or industrial activity that occupies all or a portion of a building; a place of business.

FAÇADE

The external faces of a building.

FRONTAGE OCCUPANCY

The percent of a lot's street frontage that is occupied by a building between the minimum and maximom front setback range.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

A development that includes any combination of permitted nonresidential uses and one or more dwelling units within a single structure; provided, however, that the inclusion of two (2) or more dwelling units in a mixed-use development shall not be deemed a multifamily dwelling. The ground floor facing the street shall be used only for permitted nonresidential uses, and the total gross floor area occupied by nonresidential uses shall be

at least 10 percent of the gross floor area of the structure.

Part 2. Amend Article II, Establishment of Districts, **§ 174-3 Districts enumerated,** by adding the following new district:

M. Downtown District, referred to as DD

Part 3. Amend Article III, Use Regulations, **§ 174-8.C.(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, § 174-8, Schedule of Use Regulations, by adding the following new section:

§ 174-8.12 Downtown District

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB).

(2) Mixed-use development, provided that each nonresidential use in the development is a permitted use under this Section 174-8.12(A) or Section 174-8.12(B) and provided that the number of dwelling units does not exceed eight (8).

(3) Professional or business office, or bank, but not including a medical or dental office.

(4) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery.

(5) Bed and breakfast.

(6) Child care center.

(7) Co-work center.

B. Permitted uses, up to a maximum of 3,000 square feet per establishment.

(1) Retail sales and services.

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited).

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through service is prohibited).

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair.

C. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection B exceeding 3,000 sq. ft. per establishment.

(2) Mixed-use development that includes a nonresidential use that is a permitted use under Section 174-8.12(A) or Section 174-8.12(B) but with nine (9) or more dwelling units.

(3) Mixed-use development that includes a nonresidential use requiring a special permit under this Section 174-8.12.

(4) Microbrewery.

(5) Veterinarian, animal hospital, or animal clinic.

(6) Medical or dental office.

(7) Multifamily dwelling, up to twelve units.

(8) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(9) Indoor recreation, athletic or exercise facility.

D. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

E. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

F. Development standards are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Maximum Floor Area Ratio: 0.35 as of right, or a maximum of 0.50 by special permit from the Planning Board.

(6) Minimum landscaped green space: 20 percent. At least 50 percent of the landscaped open space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of the open space as part of Site Plan Review.

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 80-100 feet of frontage: 70%

(d) Over 100 feet of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 40 feet and three stories,

(b) Minimum ground floor height: 12 feet

(c) Maximum ground floor height: 18 feet

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown District shall comply with RB District standards.

G. Building Regulations

(1) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(2) The maximum distance between street-level entrances in a single building shall be 35 feet unless waived by the Planning Board.

(3) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

(4) The maximum front setback in Section F(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for vehicle use.

(5) Affordable housing. In any multifamily or mixed-use building with four or more units, at least 12.5 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD). In consultation with the Southborough Housing Opportunity Partnership Committee (SHOPC), the Planning Board may adopt a guidance document interpreting the Chapter 40B Guidelines as they apply to development under this section.

H. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough.

Part 5. Amend Article III, Use Regulations, by adding the following new section, **§ 174-10.2 Downtown District plan approval.**

In the Downtown District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the procedural requirements and decision criteria of § 174-9, § 174-10, and 174-10.1(A) through (C) shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.

Part 6. Amend Article III, Use Regulations, § 174-12 **Parking and loading regulations**, by inserting the new Section F below and relabeling the existing Section F. Egress to Section G.

F. Exceptions in the Downtown District. Off-street parking requirements for development in the Downtown District shall comply with Section E above except for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

Quarter Report BOS

Revenues and Expenses

Quarter 4 FY2021 ending 6-30-2021

Revenues:

- General fund revenues finished $247,539 more through June 30th year over year. This is a 5.42% increase.
- Areas of positive material revenue growth – tax lien interest, building permits, BOH permits, other miscellaneous revenue.
    - Several tax lien accounts have settled out this year. Five accounts accounted for approximately $72,105 of the total $82,018 collected.
    - Building Fees: Thirteen permits were received in FY21 totaling approximately $358,000 of the $447,000 in total. Among these were large permits for both Fay and St Marks, self-storage units, construction of contracting garage space, and additions to existing properties.
    - Board of Health permit revenue: Additional revenue due to several reasons – among these volume of soil tests have increased, new fees in effect for some permits during FY21, and the strong real estate market has led to a higher demand for a variety of inspections.
    - Due to greater volume building technology fees and lien certificates (derived from property sales and refinances) are strong.
- Areas that have materially declined – interest earnings, RMV fines (less traffic volume – COVID related), BOS license fees.
    - Investment Income was lowered by 70K this year – low interest rate environment expected to continue.
    - The cell tower lease for the flagpole in front of the Town House has ended.
    - PILOT revenue appears to be down due to the accounting of the St Mark's contribution from a general contribution to specific items (turnout gear and defibrillators).
    - Other areas of note that fell short due to the economic conditions and pandemic were hotel taxes, alcohol licensing fees, and moving violations.
- Our largest revenue item – auto excise tax – was almost flat in gross billing from FY20 to FY21. With approximately 12,000 bills received from the RMV each Fiscal Year, for FY21 we had 68 additional bills being issued totaling $31,037. Unfortunately, we still collected $83,794 less than FY20. This was a result of timing differences in overdue bills as well as the number of abatements issued increased between the two years – FY21 seeing more abatements granted than FY20.
- Water fund through 6-30 is $1,063,477 year over year increase or 57%. The strong revenue growth is a result of the new rate structure and the dry season that has now passed. Will continue to monitor to gauge if rate structure needs further analysis depending on updated capital requests, however when final audited results are posted we anticipate the water fund may be financially strengthened than when the rate increase was passed. Several debt notes issued have balances that will be re-purposed at Spring TM which will also strengthen the water fund.
- In the aggregate all revenues have stayed better than anticipated through a very difficult year. We will be meeting in the next month or two and finalizing the estimates for FY22. We anticipate

minor adjustments in some areas while also maintaining the conservative view with the level of uncertainty continuing to remain in various sectors.

General Fund Expenses:

Included in the packet is a snap shot of FY21 by department which detail the reserve fund transfers, encumbrances and turnbacks. (Note: The encumbrance amounts do not show in the FY21 detail reports)

- Reserve Fund was originally budgeted at $180,000 for FY21 and only a total of $30,498 was needed to cover overages in five departments.
- Other Operations needed a transfer of $7,759 to cover FY21 electricity costs in excess of what was budgeted at Town Meeting.
- Town Clerk needed a transfer of $9,977 to close the year at a 0-balance due to increased election charges in FY21. We received a state reimbursement of $12,532 in FY21 with the DOR directive for those funds to be deposited into the General Fund and not back into the department. We did net $2,554 from that offset.
- DPW- was anticipating the need for a reserve fund transfer but due to salary savings and a lighter than anticipated snow season they did have budget turnback. DPW had a vacancy in their mechanic position which was replaced at a lower pay rate and this allowed the Department to cover $21,814 for additional trash and $29,250 for additional recycling costs within their budget.
- Library turned back $29,638 which was a savings from their part-time line item as a result of being opened reduced hours in FY21.
- Council on Aging turned back a total of $20,953 for the year. This consisted of $14,915 in part time salaries due to reduced operating hours and $6,038 in non- salary due to reduced programming.

Revolving Funds:

Included in the packet is a revolving fund chart with revolving fund information and Q4 balances

- 911 Field Maintenance fund is used to support the upkeep of the field. Starting in FY20 the Recreation Commission has been reviewing fund revenues and has recommended an amount to support the general fund debt service.
- The difference in the recreation revenues $253,153 and expenses $158,710 in FY21 can be attributed to timing. The majority of the revenues for summer camp were collected prior to June FY 21 and the camp staff salaries of $93,133 were not paid out until July and August. Including these expenses in the calculation makes revenues and expenses comparable.
- The difference in the immunization revenues $1,482 and expenses $ 9,972 are due to timing as well. Reimbursements for flu vaccinations are being processed slowly due to COVID and we did receive $5,216.66 in flu reimbursements in July and August. According to our UMASS billing contact they are still working on FY21 winter flu reimbursements. We should have more revenues to coming our way for last year's clinics.

Q4 Wrap-up Document List:

1. Local Receipts Summary
2. Ambulance Fund Revenue and Expense Summary
3. FY21 Operational Budget to Actual Summary by Dept including Turnbacks/Transfers
4. FY21 Detail Budget to Actual by Individual Depts
5. FY21 Water Fund Budget to Actual
6. FY21 Summary of Revolving Account Activity
7. FY21 Recreation Revolving Account Detail

IDA-Criteria for Community-Friendly Outdoor Sports Lighting v1.0 19

DRAFT

PREFACE

Recently, problems with light pollution have created a greater sense of urgency for change, due to increased understanding about the sever impacts on the environment and human health. Extensive efforts of the Illuminating Engineering Society of North America (IES), in consultation with various advocacy groups for responsible lighting, have resulted in a set of standards that:

- dramatically reduce the level of light pollution and
- can be met using readily available, reasonably priced lighting equipment

First, is the use of lighting zones (LZ-0 to LZ-3) which the Planning Board has assigned to the Zoning Districts in Southborough as follows:

- LZ-0: Conservation and Research, Scientific & Professional
- LZ-1: Residential A and Residential B
- LZ-2: Business Village
- LZ-3: Business Highway, Industrial, and Industrial Park

Second, is the use of the IES B.U.G. rating system (backlight, uplight, glare) for luminaries. This rating system provides more effective control of unwanted light and avoids individual evaluation of a fixture's photometric properties. Importantly, the B.U.G. ratings will inherently limit the use of luminaries that would be restricted such as barn lights, non-shielded wall-packs, and flood or parking lighting that are not appropriately aimed downward (as B.U.G. standards include the lamp angle to the horizontal). This system also inherently prevents light trespass onto other properties, however special attention will be paid to those areas where abutting properties have dramatically different lighting zone ratings (e.g. Industrial LZ-3 abutting Residential A LZ-1) where additional light scatter can impact trespass requirements.

Lighting plans will be reviewed using International Darksky Association IDA guidance and IES recommended hardscape method (or prescriptive method) for evaluating the total initial lumens (for the entire site) against the total allowed initial lumens per site (based on the lumen per square foot allowances according to lighting zone) to assess compliance. The hardscape method provides a simple process for assessing the total lighting for a site; supported by deep analysis through the utilization of B.U.G. standards as well as complete reporting of all site luminaire photometric properties. This process allows a more effective review of lighting plans for the overall site at an initial level of scrutiny.

DRAFT

Total Site Lumen Limit
The total installed initial luminaire lumens of all outdoor lighting shall not exceed the total site lumen limit. The total site lumen limit shall be determined using the hardscape area and table below. For sites with existing lighting, existing lighting shall be included in the calculation of total installed lumens. The total installed initial luminaire lumens are calculated as the sum of the initial luminaire lumens for all luminaires; both existing and proposed.

For luminaires with relative photometry per IES, it is calculated as the sum of the initial lamp lumens for all lamps within an individual luminaire, multiplied by the luminaire efficiency. If the efficiency is not known for a residential luminaire, assume 70%. For luminaires with absolute photometry per IES LM-79, it is the total luminaire lumens. The lumen rating of a luminaire assumes the lamp or luminaire is new and has not depreciated in light output.

Table 1: Allowed Total Initial Lumens Per Site for Outdoor Lighting by Hardscape Area

LZ-0	LZ-1	LZ-2	LZ-3
Conservation and Research, Scientific & Professional	Residential A and Residential B	Business Village	Business Highway and Industrial and Industrial Park
0.5 lumens per SF of hardscape	1.25 lumens per SF of hardscape	2.5 lumens per SF of hardscape	5.0 lumens per SF of hardscape

Limits to Off Site Impact
There shall be no light trespass by a luminaire beyond the property boundaries of the lot on which it is located, except as within a street right-of-way for which there shall be no limit.

For property lines shared between two disparate lighting zones, special attention will be paid to the degree of indirect light cast onto adjacent properties and will be considered part of the backlighting requirement. Large surfaces such as the sides of buildings and other potentially reflective surfaces which may scatter inward-facing light outward beyond the property line must be managed to prevent such trespass. Examples include alteration of the surface coating, color, and/or placement of these structures to prevent scatter or manage the direction of scatter to avoid light trespass.

LED Correlated Color and Output
All proposed LED lighting shall have a correlated color temperature (CCT) ≤ 3000K, with S/P< 1.2. except where regulations for outdoor field lighting applies.

Existing Non-Conforming Replacements
When non-conforming fixtures or luminaires require replacement **for any reason** (including but not limited to broken, end of life, vandalism, those fixtures shall be replaced in compliance with Section 174-12.1 Outdoor Illumination bylaw. Buildings and lots with clusters of more than 10 fixtures (e.g. parking lots, landscapes, large scale building illumination shall **all** be brought into compliance when the majority of the luminaries (>50%) have reached the end of their life.

DRAFT

Residential Properties

For residential properties including multiple residential properties not having common areas, all outdoor luminaires shall be fully shielded and shall not exceed the allowed lumen output in Table 2, row 2. All residential landscape lighting shall comply with Table 3 and shall not be aimed into adjacent properties.

Exceptions

1. One partly shielded or unshielded luminaire at the main entry, not exceeding the allowed lumen output in Table 2 Row 1.
2. Any other partly shielded or unshielded luminaires not exceeding the allowed lumen output in Table 2 Row 3.
3. Low voltage landscape lighting aimed away from adjacent properties and not exceeding the allowed lumen output in Table 2 Row 4.
4. Shielded directional flood lighting aimed so that direct glare is not visible from adjacent properties and not exceeding the allowed lumen output in Table 2 Row 5.
5. Open flame gas lamps.
6. Lighting installed with a vacancy sensor, where the sensor extinguishes the lights no more than 15 minutes after the area is vacated.

Table 2: Lighting Limits – Residential

	LZ-0	LZ-1	LZ-2
Row 1 Maximum Allowed Luminaire Lumens* for Unshielded Main Entry Luminaire-	not allowed	420 lumens	630 lumens
Row 2 Maximum Allowed Luminaire Lumens* for each Fully Shielded Luminaire	630 lumens	1260 lumens	1260 lumens
Row 3 Maximum Allowed Luminaire Lumens* for each Unshielded Luminaire excluding main entry	not allowed	315 lumens	315 lumens
Row 4 Maximum Allowed Luminaire Lumens* for each Landscape Lighting	not allowed	150 lumens	1050 lumens
Row 5 Maximum Allowed Luminaire Lumens* for each Shielded Directional Flood Lighting	not allowed	700 lumens	1260 lumens
Row 6 Maximum Allowed Luminaire Lumens* for each Low Voltage Landscape Lighting	not allowed	50 lumens	525 lumens

***Luminaire lumens =Initial lamp lumens for a lamp multiplied (x) by the number of lamps in the luminaire**

DRAFT

Non-residential Properties
A luminaire may be used if it is rated for the lighting zone of the site or lower in Backlight number. Luminaires equipped with adjustable mounting devices permitting alteration of luminaire aiming in the field shall not be permitted. To be considered 'ideally oriented', the luminaire must be mounted with the backlight portion of the light output oriented perpendicular and towards the property line of concern.

All luminaires shall have BUG rating (IES TM-15) reported and shall be installed according to the following tables:

Table 3a: Maximum Allowable Backlight.

	LZ-0	LZ-1	LZ-2	LZ-3
Allowed Backlight Rating*				
Greater than 2 mounting heights from property line	B1	B3	B4	B5
1 to less than 2 mounting heights from property line, and ideally oriented**	B1	B2	B3	B4
0.5 to 1 mounting heights from property line and ideally oriented**	B0	B1	B2	B3
Less than 0.5 mounting height to property line and properly oriented**	B0	B0	B0	B1

Table 3b: Maximum Allowable Uplight. A luminaire may be used if it is rated for the lighting zone of the site or lower in Uplight number.

	LZ-0	LZ-1	LZ-2	LZ-3
Allowed Uplight Rating	U0	U1	U2	U3
Allowed % light emission above 90° for street or area lighting	0%	0%	0%	0%

DRAFT

Table 3c: Maximum Allowable Glare. A luminaire may be used if it is rated for the lighting zone of the site or lower in Glare number.

	LZ-0	LZ-1	LZ-2	LZ-3
Allowed Glare Rating	G0	G1	G2	G3
Any luminaire not ideally oriented*** with 1 to less than 2 mounting heights to any property line of concern	G0	G0	G1	G1
Any luminaire not ideally oriented*** with 0.5 to 1 mounting heights to any property line of concern	G0	G0	G0	G1
Any luminaire not ideally oriented*** with less than 0.5 mounting heights to any property line of concern	G0	G0	G0	G0

Any luminaire that cannot be mounted with its backlight perpendicular to any property line within 2X the mounting heights of the luminaire location shall meet the reduced Allowed Glare Rating in Table 3c.

Outdoor Sports Illumination

Measured on-field illuminance values appropriate for the application per IESNA RP-6-15 Sports and Recreational Area Lighting 6-15 Sports and Recreational Area Lighting criteria (or equivalent CIE guidance) together with modeled initial illuminance targets.

As the IES TM-15-11 Luminaire Classification System for Outdoor Lighting is not appropriate for sports lighting, a modified approach to controlling backlight, uplight, and glare is applied with the following metrics:

1. Backlight – Directionality and application efficiency will be addressed indirectly through two methods that quantify off-site performance, one using the design luminance and another using measured illuminance. Backlight criteria will be difficult to meet without sufficient and appropriate setback of sports fields from the properly line.
    a. Total designed lumens not contained within the area encompassing the field perimeter and an area immediately adjacent to that area that has a 33 foot (10 meter) offset. As modeled, no more than 15% of the total lumens may be outside of this region.
    b. Measured spill illuminance values, as measured with the light meter aimed in the direction of the brightest reading, shall not exceed criteria for the respective Environmental Zone (Table 1 below) nor shall it exceed the maximum initial spill illuminance values as modeled and specified in the design process. These measurements

DRAFT

shall be taken a distance equal to 150' beyond the edge of the field. Measurements should be conducted with and without the facility lighting operating so that the sports facility lighting can be isolated from other natural and artificial light sources.

Table 4 – Allowable Spill Illuminance To Control Backlight

Lighting zones	Spill Illuminance at Setback
LZ1- LZ3	≤ 0.20 ft-c/ ≤ lux

2. Uplight – All luminaires must be designed such as to not to emit direct light above the horizon, unless required for the activity (i.e. aerial sports) being played. In those cases, only 8% of the total (directly) applied lumens as modeled may be in this zone. For modeling purposes, a horizontal ceiling grid shall be placed 5 feet (1.5 meters) above the top of the tallest pole, extending out to 150 feet (45 meters) beyond the edge of the field to determine compliance. Installation shall not deviate from the design.

3. Glare – Modeled luminous intensity from any luminaire for any viewing angle at 5' above grade level, at a distance equal to 150' beyond the edge of the field shall not exceed 1000 candela (absolute). Luminaires shall not emit more than 250 lumens in the "Very High" glare zone, ranging from 80° to 90° above nadir. This shall be verified through a luminaire photometric report and aiming summary report and visual inspection, or through an equivalent software application and visual inspection.1

The lighting system shall achieve a minimum Application Efficiency of 70 lumens per watt, calculated per the following formula (or the metric equivalent):

$$\frac{\text{*Target Area Sq. Footage x Avg. Maintained Design ft-c}}{\text{Total System Watts}} = \text{Applied Lumens/Watts}$$

***Target Area** is defined as the total grid area for the sports field and/or sports court as defined by the IES LM-5-04 IESNA Guide for Photometric Measurements of Area and Sports Lighting Installments (or CIE equivalent guidance).

4. Color – Luminaire Correlated Color Temperature (CCT) may not exceed 5700°K, as defined by ANSI C78.377. Luminaire CCT must be determined through empirical measurements as defined by IESNA LM-79 (or CIE equivalent) and performed by a laboratory appropriately accredited by NVLAP.

5. Controls – Provide advanced controls and documentation for the following:
    a. Automatic and/or remote-control system via smartphone apps, or direct remote communication to the company facility responsible for handling the lighting controls, to enforce shut-off at locally established curfew time, not to be later than 10:00 PM (2200 hrs.).
    b. On-site manual and/or remote-control system shall also be provided to allow for the lights to be turned on or off at will (before curfew) to assure that only active sports fields are lighted.

c. Provide readily accessible controls to implement uniform and variable adaptive illumination levels for different task lighting needs on field, e.g. IES class of play, competition athletics, band practice, striping, mowing, sports practice, etc. Adaptive dimming shall be possible across the range of 25% to 100% of full illumination.

d. A formal policy defining the appropriate level of illumination necessary for the specific activities and curfew times must be established and enforced.

6. Other Lighting – The installed field lighting is not to be used for illuminating other area tasks. For example, if parking and concession areas lighting is desired, those areas shall be illuminated by separate luminaires and systems not associated with sports field illuminance needs. Other outdoor lighting at the site must, at a minimum, meet the lighting standards and lighting codes established in zoning bylaw Section 174.12.1 Outdoor Illumination, and must meet the standards set forth in the IDA Model Lighting

ENFORCEMNT

Violations of this Bylaw shall be subject to the provisions of the Town of Southborough Article III entitled "Use Regulations" Section 174-24 thereof entitled "Enforcement; procedures; violations and penalties."

Non-residential

Proponents must provide a comprehensive photometric plan within their plan set. The manufacturer's specification sheet may be used to establish the lumen level of a luminaire, correlated color temperature (CCT) and, if required, to verify the use of fully shielded fixture design. (Please reference this document and the Outdoor Illumination bylaw for more details.) Once approved by the Planning Board the Building Department will monitor the project to ensure compliance. After the structure is built the Planning Board/Department must receive as built plan. The Planning Board/Department reserves the right to inspect the development upon completion in coordination with the Building Commissioner, developer, and property owner.

Residential

Property owners are encouraged to resolve lighting disputes between one another. If resolution is not viable, then, the owner of any lot or property who believes their neighbor is in violation of the Outdoor Illumination bylaw should complete the required building department compliant form. The individual logging the compliant shall have the burden of demonstrating that the existing luminaire is out of compliance with the standards established in the Outdoor Illumination bylaw. Supporting evidence could include:

a. Pictures taken from the property showing the fixture's light trespass

b. A measured reading taken from a lighting app downloaded on a phone or other mobile device

The Building Department will then follow up based on their availability contacting both homeowners regarding the concern. A letter may be issued regarding the complaint. Additionally, a site visit for visual observation of the lighting in question may be arranged with one or both of the homeowners.

Appendix

Definitions	
Architectural Lighting	Lighting designed to reveal architectural beauty, shape and/or form and for which lighting for any other purpose is incidental.
Authority	The adopting municipality, agency or other governing body.
Backlight	For an exterior luminaire, lumens emitted in the quarter sphere below horizontal and in the opposite direction of the intended orientation of the luminaire. For luminaires with symmetric distribution, backlight will be the same as front light.
BUG	A luminaire classification system that classifies backlight (B), uplight (U) and glare (G).
Common Outdoor Areas	One or more of the following: a parking lot; a parking structure or covered vehicular entrance; a common entrance or public space shared by all occupants of the domiciles.
Curfew	A time defined by the authority when outdoor lighting is reduced or extinguished.
Emergency conditions	Generally, lighting that is only energized during an emergency; lighting fed from a backup power source; or lighting for illuminating the path of egress solely during a fire or other emergency situation; or, lighting for security purposes used solely during an alarm.
Footcandle	The unit of measure expressing the quantity of light received on a surface. One footcandle is the illuminance produced by a candle on a surface one-foot square from a distance of one foot.
Forward Light	For an exterior luminaire, lumens emitted in the quarter sphere below horizontal and in the direction of the intended orientation of the luminaire.
Fully Shielded Luminaire	A luminaire constructed and installed in such a manner that all light emitted by the luminaire, either directly from the lamp or a diffusing element, or indirectly by reflection or re-fraction from any part of the luminaire, is projected below the horizontal plane through the luminaire's lowest light-emitting part.
Glare	Lighting entering the eye directly from luminaires or indirectly from reflective surfaces that causes visual discomfort or reduced visibility.

DRAFT

Hardscape	Permanent hardscape improvements to the site including parking lots, drives, entrances, curbs, ramps, stairs, steps, medians, walkways and non-vegetated landscaping that is 10 feet or less in width. Materials may include concrete, asphalt, stone, gravel, etc.
Hardscape Area	The area measured in square feet of all hard- scape. It is used to calculate the Total Site Lumen Limit in both the Prescriptive Method and Performance Methods. Refer to Hardscape definition.
Hardscape Perimeter	The perimeter measured in linear feet is used to calculate the Total Site Lumen Limit in the Performance Method. Refer to Hardscape definition.
IDA	International Dark-Sky Association.
IESNA	Illuminating Engineering Society of North America.
Lamp	A generic term for a source of optical radiation (i.e. "light"), often called a "bulb" or "tube". Examples include incandescent, fluorescent, high-intensity discharge (HID) lamps, and low-pressure sodium (LPS) lamps, as well as light-emitting diode (LED) modules and arrays.
Landscape Lighting	Lighting of trees, shrubs, or other plant material as well as ponds and other landscape features.
LED	Light Emitting Diode.
Light Pollution	Any adverse effect of artificial light including, but not limited to, glare, light trespass, sky- glow, energy waste, compromised safety and security, and impacts on the nocturnal environment.
Light Trespass	Light that falls beyond the property it is intended to illuminate.
Lighting	"Electric" or "man-made" or "artificial" lighting. See "lighting equipment".
Lighting Equipment	Equipment specifically intended to provide gas or electric illumination, including but not limited to, lamp(s), luminaire(s), ballast(s), poles, posts, lens(s), and related structures, electrical wiring, and other necessary or auxiliary components.
Lighting Zone	An overlay zoning system establishing legal limits for lighting for particular parcels, areas, or districts in a community.
Low Voltage Landscape Lighting	Landscape lighting powered at less than 15 volts and limited to luminaires having a rated initial luminaire lumen output of 525 lumens or less.

DRAFT

Lumen	The unit of measure used to quantify the amount of light produced by a lamp or emitted from a luminaire (as distinct from "watt," a measure of power consumption).
Luminaire	The complete lighting unit (fixture), consisting of a lamp, or lamps and ballast(s) (when applicable), together with the parts designed to distribute the light (reflector, lens, diffuser), to position and protect the lamps, and to connect the lamps to the power supply.
Luminaire Lumens	For luminaires with relative photometry per IES, it is calculated as the sum of the initial lamp lumens for all lamps within an individual luminaire, multiplied by the luminaire efficiency. If the efficiency is not known for a residential luminaire, assume 70%. For luminaires with absolute photometry per IES LM-79, it is the total luminaire lumens. The lumen rating of a luminaire assumes the lamp or luminaire is new and has not depreciated in light output.
Lux	The SI unit of illuminance. One lux is one lumen per square meter. 1 Lux is a unit of incident illuminance approximately equal to 1/10 footcandle.
Mounting height	The height of the photometric center of a luminaire above grade level.
New lighting	Lighting for areas not previously illuminated; newly installed lighting of any type except for replacement lighting or lighting repairs.
Object	A permanent structure located on a site. Objects may include statues or artwork, garages or canopies, outbuildings, etc.
Object Height	The highest point of an entity, but shall not include antennas or similar structures.
Ornamental lighting	Lighting that does not impact the function and safety of an area but is purely decorative, or used to illuminate architecture and/or land- scaping, and installed for aesthetic effect.
Ornamental Street Lighting	A luminaire intended for illuminating streets that serves a decorative function in addition to providing optics that effectively deliver street lighting. It has a historical period appearance or decorative appearance, and has the following design characteristics: · designed to mount on a pole using an arm, pendant, or vertical tenon; · opaque or translucent top and/or sides; · an optical aperture that is either open or enclosed with a flat, sag or drop lens; · mounted in a fixed position; and · with its photometric output measured using Type C photometry per IESNA LM-75-01.
Outdoor Lighting	Lighting equipment installed within the property line and outside the building envelopes, whether attached to poles, building structures, the earth, or any other location; and any associated lighting control equipment.

Partly shielded luminaire	A luminaire with opaque top and translucent or perforated sides, designed to emit most light downward.
Property line	The edges of the legally-defined extent of privately owned property.
Repair(s)	The reconstruction or renewal of any part of an existing luminaire for the purpose of its on- going operation, other than relamping or replacement of components including capacitor, ballast or photocell. Note that retrofitting a luminaire with new lamp and/or ballast technology is not considered a repair and for the purposes of this ordinance the luminaire shall be treated as if new. "Repair" does not include normal relamping or replacement of components including capacitor, ballast or photocell.
Replacement Lighting	Lighting installed specifically to replace existing lighting that is sufficiently broken to be beyond repair.
Sales area	Uncovered area used for sales of retail goods and materials, including but not limited to automobiles, boats, tractors and other farm equipment, building supplies, and gardening and nursery products.
Seasonal lighting	Temporary lighting installed and operated in connection with holidays or traditions.
Sign	Advertising, directional or other outdoor promotional display of art, words and/or pictures.
Sky Glow	The brightening of the nighttime sky that results from scattering and reflection of artificial light by moisture and dust particles in the atmosphere. Skyglow is caused by light directed or reflected upwards or sideways and reduces one's ability to view the night sky
Temporary lighting	Lighting installed and operated for periods not to exceed 60 days, completely removed and not operated again for at least 30 days.
Time Switch	An automatic lighting control device that switches lights according to time of day.
Translucent	Allowing light to pass through, diffusing it so that objects beyond cannot be seen clearly (not transparent or clear).
Unshielded Luminaire	A luminaire capable of emitting light in any direction including downwards.
Uplight	For an exterior luminaire, flux radiated in the hemisphere at or above the horizontal plane.
Vertical Illuminance	Illuminance measured or calculated in a plane perpendicular to the site boundary or property line.

Model Lighting Ordinance (MLO) with User's Guide

June 15, 2011

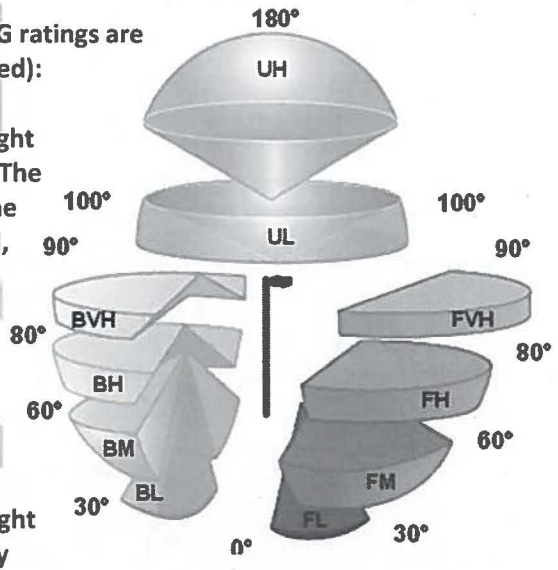
DRAFT

A full version of this guidance is available for download at:
https://www.ies.org/product/model-lighting-ordinance-mlo-with-users-guide/

Lighting zones reflect the base (or ambient) light levels desired by a community. The use of lighting zones (LZ) was originally developed by the International Commission on Illumination (CIE) and appeared first in the US in IES Recommended Practice for Exterior Environmental Lighting, RP-33-99.

It is recommended that lower lighting zone(s) be given preference when establishing zoning criteria. Selection of lighting zone or zones should be based not on existing conditions but rather on the type of lighting environments the jurisdiction seeks to achieve. For instance, new development on previously rural or undeveloped land may be zoned as LZ-1. Using lighting zones allows a great deal of flexibility and customization without the burden of excessive regulation. For example, a jurisdiction may choose to establish vertical lighting zones with the lighting zone at street level at a higher zone than the residential housing on upper levels.

However, if an adjacent use could be adversely impacted by allowable lighting, the adopting authority may require that a particular site meet the requirements for a lower lighting zone. For example, the authority could specify Lighting Zone 1 or 2 requirements if a commercial development were adjacent to a residence, hospital or open space, or to any land assigned to a lower zone.



Lighting zones are best implemented as an overlay to the established zoning especially in communities where a variety of zone districts exists within a defined area or along an arterial street. Where zone districts are cohesive, it may be possible to assign lighting zones to established land use zoning. It is recommended that the lighting zone includes churches, schools, parks, and other uses embedded within residential communities.

Zone	Recommended Uses or Areas	Zoning Considerations
LZ-0	**Lighting Zone 0 should be applied to areas in which permanent lighting is not expected and when used, is limited in the amount of lighting and the period of operation. LZ-0 typically includes undeveloped areas of open space, wilderness parks and preserves, areas near astronomical observatories, or any other area where the protection of a dark environment is critical. Special review should be required for any permanent lighting in this zone. Some rural communities may choose to adopt LZ-0 for residential areas.**	**Recommended default zone for wilderness areas, parks and preserves, and undeveloped rural areas.** Includes protected wildlife areas and corridors.
LZ-1	**Lighting Zone 1 pertains to areas that desire low ambient lighting levels. These typically include single and two family residential communities, rural town centers, business parks, and other commercial or industrial/ storage areas typically with limited nighttime activity. May also include the developed areas in parks and other natural settings.**	**Recommended default zone for rural and low density residential areas.** Includes residential single or two family; agricultural zone districts; rural residential zone districts; business parks; open space include preserves in developed areas.

DRAFT

Zone	Recommended Uses or Areas	Zoning Considerations
LZ-2	Lighting Zone 2 pertains to areas with moderate ambient lighting levels. These typically include multifamily residential uses, institutional residential uses, schools, churches, hospitals, hotels/motels, commercial and/or businesses areas with evening activities embedded in predominately residential areas, neighborhood serving recreational and playing fields and/or mixed use development with a predominance of residential uses. Can be used to accommodate a district of outdoor sales or industry in an area otherwise zoned LZ-1.	**Recommended default zone for light commercial business districts and high density or mixed use residential districts.** Includes neighborhood business districts; churches, schools and neighborhood recreation facilities; and light industrial zoning with modest nighttime uses or lighting requirements.
LZ-3	Lighting Zone 3 pertains to areas with moderately high lighting levels. These typically include commercial corridors, high intensity suburban commercial areas, town centers, mixed use areas, industrial uses and shipping and rail yards with high night time activity, high use recreational and playing fields, regional shopping malls, car dealerships, gas stations, and other nighttime active exterior retail areas.	**Recommended default zone for large cities' business district.** Includes business zone districts; commercial mixed use; and heavy industrial and/or manufacturing zone districts.

The three components of BUG ratings are based on IES TM-15-07 (revised):

Backlight, which creates light trespass onto adjacent sites. The B rating takes into account the amount of light in the BL, BM, BH and BVH zones, which are in the direction of the luminaire OPPOSITE from the area intended to be lighted.

Uplight, which causes artificial sky glow. Lower uplight (zone UL) causes the most sky glow and negatively affects professional and academic astronomy. Upper uplight (UH) not reflected off a surface is mostly energy waste. The U rating defines the amount of light into the upper hemisphere with greater concern for the light at or near the horizontal angles (UL).

Glare, which can be annoying or visually disabling. The G rating takes into account the amount of frontlight in the FH and FVH zones as well as BH and BVH zones.

BUG ratings apply to the Lighting Zone of the property under consideration.

(Key: UH=Uplight High, UL=Uplight Low, BVH=Backlight Very High, BH=Backlight High, BM=Backlight Medium, BL=Backlight Low, FVH=Forward Light Very High, FH=Forward Light High, FM=Forward Light Medium, FL=Forward Light Low.)

In general, a higher BUG rating means more light is allowed in solid angles, and the rating increases with the lighting zone. However, a higher B (backlight) rating simply indicates that the luminaire directs a significant portion of light behind the pole, so B ratings are designated based on the location of the luminaire with respect to the property line. A high B rating luminaire maximizes the spread of light, and is effective and efficient when used far from the property line. When luminaires are located near the property line, a lower B rating will prevent unwanted light from interfering with neighboring properties.

At the 90-180 degree ranges:

- Zone 0 allows no light above 90 degrees.
- Zone 1 allows only 10 lumens in the UH and UL zones, 20 lumens total in the complete upper hemisphere. (This is roughly equivalent to a 5 W incandescent lamp).
- Zone 2 allows only 50 lumens in the UH and UL zones, 100 lumens total (less than a 25W incandescent lamp).
- Zone 3 allows only 500 lumens in the UH and UL zones, 1000 lumens total (about the output of a 75W incandescent bulb).

DRAFT

Non-Residential Lighting

In this example, three types of luminaires are used to light a parking area and building entry in a light commercial area. Two of these three luminaires use metal halide lamps: 70 watt wall mounted area lights and 150 watt pole mounted area lights. For these, the Initial Luminaire Lumens is equal to the initial lamp lumens multiplied by the luminaire efficiency. These values are entered into the compliance chart. The lumen value for the building mounted LED luminaires is equal to the lumens exiting the luminaire. Therefore, the value already represents the Initial Luminaire Lumens and no luminaire efficiency is needed. The total Luminaire Lumens for the site is equal to 247,840. The allowable lumens are based on the lighting zone and the total hardscape area. Referencing Table 1, the allowed lumens are 2.5/SF for LZ2. Multiplying this by the total hardscape square footage gives a value of 250,000 lumens allowed. Because this value is greater than the value calculated for the site, the project complies.

HARDSCAPE METHOD EXAMPLE - COMPLIANCE CHART			
Lamp Descriptions	*QTY*	*Initial Luminaire Lumens*	*Total*
70 W Metal Halide	8	3,920	31,360
150 W Metal Halide	20	9,600	192,000
18 W LED	24	1,020	24,480
TOTAL INITIAL LUMINAIRE LUMENS			247,840
SITE ALLOWED TOTAL INITIAL LUMENS*			250,000
PROJECT IS COMPLIANT?			YES

* Listed below is the method of determining the allowed total initial lumen for non-residential outdoor lighting using the hardscape method.

SITE ALLOWED TOTAL INITIAL LUMENS	
Site Description	Light Commercial
Lighting Zone	LZ-2
Hardscape Area (SF)	100,000
Allowed Lumens per SF of Hardscape	2.5
Site Allowed Total Initial Lumens (lumens per SF X hardscape area)	250,000

A+ Capable Luminaire

This item is an A+ capable luminaire, which has been designed and tested to provide consistent color appearance and system-level interoperability.

- All configurations of this luminaire meet the Acuity Brands' specification for chromatic consistency
- This luminaire is A+ Certified when ordered with DTL® controls marked by a shaded background. DTL DLL equipped luminaires meet the A+ specification for luminaire to photocontrol interoperability1
- This luminaire is part of an A+ Certified solution for ROAM® or XPoint™ Wireless control networks, providing out-of-the-box control compatibility with simple commissioning, when ordered with drivers and control options marked by a shaded background[1]

To learn more about A+, visit www.acuitybrands.com/aplus.

1. See ordering tree for details.
2. A+ Certified Solutions for ROAM require the order of one ROAM node per luminaire. Sold Separately: Link to Roam; Link to DTL DLL

A+ Capable options indicated by this color background.

NOTES

1. MVOLT driver operates on any line voltage from 120-277V (50/60 Hz).
2. Single fuse (SF) requires 120V, 277V or 347V. Double fuse (DF) requires 208V, 240V or 480V.
3. Also available as a separate accessory; see Accessories information at left.
4. Maximum pole wall thickness is 0.156".
5. If ROAM® node required, it must be ordered and shipped as a separate line item from Acuity Brands Controls.
6. Requires an additional switched line.
7. Dimming driver standard. Not available with 347V, 480V, SF, DF, PER5 or PER7.
8. Requires luminaire to be specified with PER option. Ordered and shipped as a separate line item.

Performance Data

Lumen Output

Lumen values are from photometric tests performed in accordance with IESNA LM-79-08. Data is considered to be representative of the configurations shown, within the tolerances allowed by Lighting Facts. Contact factory for performance data on any configurations not shown here.

Lumen Ambient Temperature (LAT) Multipliers

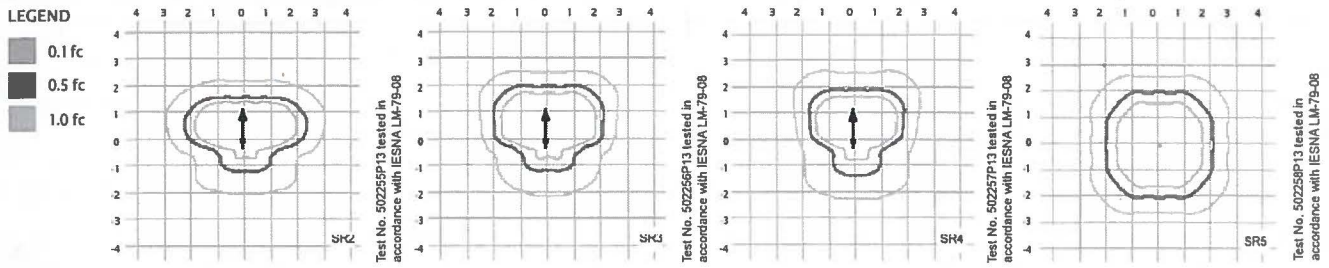
Use these factors to determine relative lumen output for average ambient temperatures from 0-40°C (32-104°F).

Ambient		Lumen Multiplier
0°C	32°F	1.06
10°C	50°F	1.04
20°C	68°F	1.01
25°C	**77°F**	**1.00**
30°C	86°F	0.99
40°C	104°F	0.96

Projected LED Lumen Maintenance

Data references the extrapolated performance projections for the **MRP LED 42C 700** platform in a **25°C ambient**, based on 10,000 hours of LED testing (tested per IESNA LM-80-08 and projected per IESNA TM-21-11).

To calculate LLF, use the lumen maintenance factor that corresponds to the desired number of operating hours below. For other lumen maintenance values, contact factory.



Operating Hours	0	25,000	50,000	100,000
Lumen Maintenance Factor	1.0	0.96	0.92	0.85

Isofootcandle plots are considered to be representative of available optical distributions.

FEATURES & SPECIFICATIONS

INTENDED USE
Streets, walkways, parking lots and surrounding areas.

CONSTRUCTION
Single-piece die-cast aluminum housing with nominal wall thickness of .012". Die-cast top access doorframe has impact-resistant, tempered glass lens (3/16" thick). Doorframe is fully gasketed with one-piece tubular silicone.

FINISH
Exterior parts are protected by a zinc-infused Super Durable TGIC thermoset powder coat finish that provides superior resistance to corrosion and weathering. A tightly controlled multi-stage process ensures a minimum 3 mils thickness for a finish that can withstand extreme climate changes without cracking or peeling. Standard Super Durable colors include dark bronze, black, natural aluminum and white. Available in textured and non-textured finishes.

OPTICS
Precision acrylic refractive optics for optimum light distribution through the flat glass lens. Light engines are available in standard 3000K (70 CRI) or optional 4000K (70 CRI) or 5000K (70 CRI) configurations.

ELECTRICAL
Light engine consists of 42 high-efficacy LEDs mounted to a metal-core circuit board and aluminum heat sink, ensuring optimal thermal management and long life. Class 1 electronic driver has a power factor >90%, THD <20%, and has an expected life of 100,000 hours with <1% failure rate. Easily-serviceable surge protection device meets a minimum Category C Low for operation (per ANSI/IEEE C62.41.2).

INSTALLATION
Standard post-top mounting configuration fits into a 4" OD open pole top (round pole only). Multiple options and accessories are available for other mounting needs.

LISTINGS
CSA certified to U.S. and Canadian standards. Luminaire is IP65 rated. Rated for -40°C minimum ambient. **U.S. Patent No. D556,357.**

WARRANTY
5-year limited warranty. Complete warranty terms located at:
www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx.

Note: Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 25 °C. Specifications subject to change without notice.

INTERNATIONAL DARK-SKY ASSOCIATION

IDA-Criteria for Community-Friendly Outdoor Sports Lighting v1.0

1. Compliance with all applicable Codes and Standards (e.g. Underwriter Laboratories, CEC, National Building Codes with Local Amendments)

2. **Target Illumination** – Measured on-field illuminance values appropriate for the application per IESNA RP-6-15 Sports and Recreational Area Lighting criteria (or equivalent CIE guidance) together with modeled initial illuminance targets. Only IES Class III & IV level and State High School Lighting Recommendation illumination levels are eligible for the Award of Excellence. To limit over-lighting, the design may vary by no more than 10% above the average target illuminance levels for each Class.

3. As the IES TM-15-11 Luminaire Classification System for Outdoor Lighting is not appropriate for sports lighting, a modified approach to controlling backlight, uplight, and glare is applied with the following metrics:

   A. **Backlight** – Directionality and application efficiency will be addressed indirectly through two methods that quantify off-site performance, one using the design luminance and another using measured illuminance. Backlight criteria will be difficult to meet without sufficient and appropriate setback of sports fields from the properly line.

      a. Total designed lumens not contained within the area encompassing the field perimeter and an area immediately adjacent to that area that has a 33 foot (10 meter) offset. As modeled, no more than 15% of the total lumens may be outside of this region.

      b. Measured spill illuminance values, as measured with the light meter aimed in the direction of the brightest reading, shall not exceed criteria for the respective Environmental Zone (Table 1 below) nor shall it exceed the maximum initial spill illuminance values as modeled and specified in the design process. These measurements shall be taken a distance equal to 150' beyond the edge of the field. Measurements should be conducted with and without the facility lighting operating so that the sports facility lighting can be isolated from other natural and artificial light sources.

      Table 1 – Allowable spill illuminance to control backlight

DRAFT

Lighting Zone		Spill Illuminance at Setback
Environmental Zone (IESNA RP-33-99)	MLO Lighting Zone (IDA Model Lighting Ordinance)	
E-2 to E-4	LZ-1 toLZ-4	≤0.20 ft-c / ≤2.0 lux

B. **Uplight** – All luminaires must be designed such as to not to emit direct light above the horizon, unless required for the activity (i.e. aerial sports) being played. In those cases, only 8% of the total (directly) applied lumens as modeled may be in this zone. For modeling purposes, a horizontal ceiling grid shall be placed 5 feet (1.5 meters) above the top of the tallest pole, extending out to 150 feet (45 meters) beyond the edge of the field to determine compliance. Installation shall not deviate from the design.

C. **Glare** – Modeled luminous intensity from any luminaire for any viewing angle at 5' above grade level, at a distance equal to 150' beyond the edge of the field shall not exceed 1000 candela (absolute). Luminaires shall not emit more than 250 lumens in the "Very High" glare zone, ranging from 80° to 90° above nadir. This shall be verified through a luminaire photometric report and aiming summary report and visual inspection, or through an equivalent software application and visual inspection.[1]

4. **Lighting Zoning** – Community-Friendly Outdoor Sports Lighting will only be certified if located in environmental zones E2 through E4, or MLO lighting zone LZ1 through LZ4. Areas especially sensitive to lighting such as E1 or LZ0 are not appropriate for this award program.

5. **Application Efficiency** – The lighting system shall achieve a minimum Application Efficiency of 70 lumens per watt, calculated per the following formula (or the metric equivalent):

$$\frac{\text{Target area square footage} \times \text{Avg. Maintained Design ft-c}}{\text{Total System Watts}} = \text{Applied Lumens/watt}$$

"Target Area' is defined as the total grid area for the sports field and/or sports court as defined by the IES LM-5-04 IESNA Guide for Photometric Measurements of Area and Sports Lighting Installments (or CIE equivalent guidance).

[1] When commercial meters are widely available to measure luminous intensity in the field, these criteria will be amended to also require a measurement component for glare.

6. **Controls** – Provide advanced controls and documentation for the following:

    a. Automatic and/or remote control system via smartphone apps, or direct remote communication to the company facility responsible for handling the lighting controls, to enforce shut-off at locally established curfew time, not to be later than 11:00 PM (2300 hrs).

    b. On-site manual and/or remote control system shall also be provided to allow for the lights to be turned on or off at will (before curfew) to assure that only active sports fields are lighted.

    c. Provide readily accessible controls to implement uniform and variable adaptive illumination levels for different task lighting needs on field, e.g. IES class of play, competition athletics, band practice, striping, mowing, sports practice, etc. Adaptive dimming shall be possible across the range of 25% to 100% of full illumination.[2]

    d. A formal policy defining the appropriate level of illumination necessary for the specific activities and curfew times must be established and enforced. A copy of the policy will be included in the application for the Award of Excellence.

7. **Color** – Luminaire Correlated Color Temperature (CCT) may not exceed 5700°K, as defined by ANSI C78.377. Luminaire CCT must be determined through empirical measurements as defined by IESNA LM-79 (or CIE equivalent) and performed by a laboratory appropriately accredited by NVLAP. Installation shall be verified by measurement across the target area.[3]

8. **Other Lighting** – The installed field lighting is not to be used for illuminating other area tasks. For example, if parking and concession areas lighting is desired, those areas shall be illuminated by separate luminaires and systems not associated with sports field illuminance needs. Other outdoor lighting at the site must, at a minimum, meet the lighting standards and lighting codes established by the community, and must meet the standards set forth in the IDA Model Lighting Ordinance for the relevant lighting zones and tasks.

[2] IDA is developing guidance for the appropriate illumination levels for non-sports activities and tasks that often occur on playing fields.

[3] Some variance in the measured CCT values are permitted, following the ANSI guidance.

INTERNATIONAL DARK-SKY ASSOCIATION

Frequently Asked Questions

IDA-Criteria for Community-Friendly Outdoor Sports Lighting

1. **Why is IDA creating criteria for IDA Community-Friendly Outdoor Sports Lighting? Aren't you simply "certifying" more light pollution?**

   Since 2007, IDA's Fixture Seal of Approval (FSA) Program has successfully evaluated roadway, wall pack and walkway luminaires that have been utilized in communities to promote the protection of the nighttime environment. Although successful, the FSA was neither developed nor intended to apply to athletic field lighting, due to the need that the facilities' luminaries had to be positioned above full cutoff orientations. This resulted in a number of issues and concerns in communities where general lighting practices were promoting dark skies, yet local sporting facilities – which were being lit with non-shielded luminaires – were exacerbating sky glow and light pollution.

   To encourage the use of the best available technology for dark sky preservation, IDA has established Criteria for Community-Friendly Outdoor Sports Lighting that upholds the values that many communities seek in their public illuminated spaces. These criteria ensure that outdoor sports lighting design minimizes obtrusive light spill and glare into surrounding neighborhoods and natural areas, meets sustainability and climate-friendly goals, and reduces sky glow to the greatest extent practicable. By utilizing IDA's criteria, communities demonstrate and promote the vision for outdoor sports lighting that simultaneously meets the demanding task of illuminating night-time sports events while preserving night skies.

2. **How will the IDA-Criteria for Community-Friendly Outdoor Sports Lighting protect my neighborhood from light pollution?**

   By adopting the IDA-Criteria for Community-Friendly Outdoor Sports Lighting, communities will:

   - Minimize neighborhood lighting nuisance by greatly reducing spill and glare disruption.
   - Manage high angle glare, thus dramatically decreasing off-site light trespass and sky glow.

DRAFT

- Mitigate neighborhood nuisance factors and sky glow which, in turn, provide benefits to the environment, the astronomy community, and others.
- Minimize lumen densities, which reduce energy consumption.

3. **For what types of play field is the IDA-Criteria for Community-Friendly Outdoor Sports Lighting appropriate?**

   The criteria specify that only facilities used for soccer, baseball, tennis and other recreational activities typically associated with schools and community parks qualify for consideration.

4. **Who should know about the IDA-Criteria for Community-Friendly Outdoor Sports Lighting?**

   To promote lighting that helps protect the nighttime environment, we recommend contacting city council members, community representatives, home owner associations, and parks and recreation authorities to encourage their use of the IDA-Criteria for Community-Friendly Outdoor Sports Lighting when designing or retrofitting playfields.

5. **Why do the criteria utilize a maximum allowable correlated color temperature of 5700 kelvin (k) when IDA recommends 3000k for roadway and general area lighting?**

   IDA's recommendation for correlated color temperature values of outdoor lighting applications have been, and remain, 3000k maximum. Street and area lighting illuminances are established at levels to facilitate safe way-finding and hazard identification, while minimizing light trespass and the disruption of nocturnal habitats. By contrast, sports fields have high levels of human activity and ball speeds where visibility is essential, requiring the allowance for design professional and end user preferences of light sources of up to 5700k. Nonetheless, the use of advanced technologies combined with rigorous design standards, curfews, and variable output controls tailored to the need of the activity, sports lighting facilities **can** be constructed or retrofit to essentially eliminate light trespass and curtail sky glow, protect nocturnal habitat, moderate neighborhood nuisance glare, and support dark skies.

6. **Can the IDA-Criteria for Community-Friendly Outdoor Sports Lighting be achieved with existing installations?**

   Light trespass limitations of the IDA-Criteria for Community-Friendly Outdoor Sports Lighting are stringent, and likely will not be met if older technologies and design

parameters are used, but holistic lighting moderniazations of legacy applications are possible under this guidelines.

7. **Does IDA intend to formally certify and recognize facilities thatfully comply with the standards established in thecriteria?**

   It is anticipated that in, the next several months, IDA will establish a program that certifies outdoor facilities that fully comply with IDA-Criteria for Community-Friendly Outdoor Sports Lighting. We are currently developing software that will provide preliminary evaluations of facilities and that can be used to guide their design, or retrofit, so that they meet the program's strict standards. Once a field has been constructed, or retrofit, to these standards, IDA will conduct an on-site verification test to ensure that the facility still complies with the criteria and, if so, will be certified and recognized by IDA as compliant with IDA-Criteria for Community-Friendly Outdoor Sports Lighting.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Wednesday, September 29, 2021, 7:30 A.M.
Location: Zoom Meeting (virtual)
Present: Lisa Braccio, Chelsea Malinowski, Marty Healey, Sam Stivers, Andrew Dennington, Town Administrator Mark Purple

I. Chairwoman Braccio called the Selectmen meeting to order at 7:30 A.M.

II. Scheduled Appointments

Closing the November 1, 2021 Special Town Meeting warrant

i. Reconsideration of Downtown District bylaw article

Chairwoman Braccio asked each Board member to revote/reaffirm their vote to include this current draft article in the warrant and close the warrant today. Ms. Malinowski shared her opinion on the letter from the Economic Development Committee to the Board. She added she felt it is important that the proponents of the article be in support of it. She asked that the Board revisit this topic at their next meeting to clearly understand the objectives of the letter from the EDC. Mr. Healey stated that this article should be included in the warrant and he would like to understand the reasoning behind the changes made by the Planning Board. He shared his concerns regarding the process and finding a path forward. Mr. Healey outlined his reasoning for supporting this article and the changes he would like to see to create a more vibrant downtown. He asked if Judi Barrett, the EDC consultant who assisted in the creation of the bylaw would be open to reviewing the article again. Chairwoman Braccio stated that Ms. Barrett has been clear that she will not. Mr. Stivers stated he felt the bylaw is not perfect but it is important to move this forward. He said he felt it was worth moving forward with the article to have a change in zoning that could create opportunities for a better downtown. He is in support of this article being included in the warrant for Special Town Meeting and the article as a whole. Mr. Dennington stated he is an agreement with Mr. Healey. Chairwoman Braccio asked for members of the Board to attend the Advisory meeting this evening to explain the article and its support from the Board and other committees; specifically, the stance of the EDC. Mr. Stivers stated he will attend. Chairwoman Braccio stated she did not feel a vote for the article was necessary at this time. She summarized that the Board is in support of moving forward with the bylaw to Special Town Meeting but was unsure of their support at this time.

ii. ii. Review of article placeholders

Mr. Purple stated he sent an updated copy of the warrant which includes ten articles. He listed and summarized each article. Ms. Malinowski asked if there will be more information on article four before next Tuesday and Mr. Purple confirmed there would be. Ms. Malinowski asked if anything needs to be done to update the current Business Village District as a separate article. Mr. Purple stated he will be getting clarification from Town Counsel whether that can be adopted in article ten or if it needs to be a separate article. He suggested the Board close the warrant with an article placeholder which could be expanded upon before Special Town Meeting.

iii. iii. Vote to close November 1, 2021 Special Town Meeting warrant

Mr. Dennington asked if the vote to close the warrant also means that the Board votes to hold the meeting. He stated that the Board is waiting for a report from the Board of Health in regards to safety measures needed to prevent the spread of COVID-19. Ms. Braccio confirmed that

closing the warrant does not mean the Board is voting to move forward with the meeting itself. Mr. Purple explained the implications of closing the warrant and the next steps. Mr. Healey asked when the power to vote whether to hold Town Meeting moves from the Board to the Town Moderator. Mr. Purple explained. Chairwoman Braccio stated she asked Town Clerk Jim Hegarty when the latest the Board could decide to hold or cancel Town Meeting and she was told Columbus Day weekend. Mr. Healey made a motion to close the November 1, 2021 Special Town Meeting Warrant. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

III. On a motion made by Mr. Healey, seconded by Mr. Stivers and voted all in favor by roll call vote 5-0-0, the Board of Selectmen meeting was adjourned at 7:56 A.M. Roll call: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

Upcoming Meetings

October 5, 2021

Respectfully submitted,

Mark J. Purple, Town Administrator

List of Documents referred to at the September 29, 2021 BOS Meeting:

- Draft November 1, 2021 Special Town Meeting warrant
- Letter from the EDC to the BOS 9.27.21

From: Katie Barry
To: Kathleen Battles
Subject: RE: Request for Minutes - BOS 9/29/21
Date: Tuesday, November 16, 2021 1:33:12 PM

Thank you for your inquiry.

The 9/29/21 BOS meeting minutes are on the next meeting agenda for approval.

Katie

From: Kathleen Battles
Sent: Tuesday, November 16, 2021 12:31 PM
To: Katie Barry <kbarry@southboroughma.com>
Subject: Request for Minutes - BOS 9/29/21

Southborough Town Code § 9-25 requires that minutes of each public meeting and the documents used at the meeting be submitted to the Town Clerk within 45 days of the meeting and that the Town Clerk notify the board or committee chair when that reporting requirement is not met.

I'm writing to advise you that as of today, the Town Clerk's Office has not received the minutes and documents used at the **9/29/21** meeting of the **Board of Selectmen.**

The Attorney General has determined that a document is considered to be "**used at a meeting**" when the document is:

- Physically present, and
- Identified by name, and
- Its contents are discussed at the meeting.

As a reminder, please submit the documents as individual files and ensure the name of **each separate file** matches how it is identified in the **Documents Used at This Meeting** section of the minutes.

Please reply to this email with your response which will be posted on the town website until the minutes and documents are received.

Please advise if you are unable to provide minutes for one of the following reasons:

1. The meeting was cancelled.
2. No meeting was held due to the lack of a quorum.

The meeting involved executive session(s) and the minutes for the executive session portion(s) cannot be released at this time. Note that minutes for the open session portion of a meeting must be released. Also, the board or committee must review any withheld executive session minutes regularly to ensure there is still a valid reason to withhold minutes from the public. We suggest you consult with Town Counsel on any matters concerning the release of executive session minutes.

Thank you, Kate

Kate Battles

Town Finance Terminology

The following terms are frequently used in the Advisory Committee Report and at Town Meeting. For your convenience, we provide the following definitions.

Surplus Revenue: (Often referred to as "Excess and Deficiency")
The fund represents the amount by which the Cash, Accounts Receivable and other floating assets exceed the liabilities and reserves.

Available Funds: (Often referred to as "Free Cash")
The amount of the Unreserved Fund Balance (Surplus Revenue) account over and above uncollected taxes of prior years constitutes "free cash" or "available funds".

Overlay:
The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements and exemptions as granted.

Overlay Reserve:
This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the Reserve Fund.

Stabilization Fund:
An outside section of Chapter 138 of the Acts of 1991 (the FY92 State budget) modifies limitations on the Stabilization Fund appropriation process by enabling communities to appropriate from this fund for any non-capital, lawful purpose without Emergency Finance Board approval (section 333). Beginning in FY92, the Stabilization Fund will thus become a source of revenue for general operating expenses for communities.

The Stabilization Fund is a mechanism for setting aside money for capital projects. It equalizes the effect of capital expenditures over time, as capital appropriations can change considerably from year to year. The balance in the fund will build up during years when expenditures for capital items are low. During years with high capital expenditures, the community will transfer money from the fund to reduce the project's impact on the tax rate or the amount of borrowing required for the project.

A community may appropriate up to 10% of its tax levy each year, as long as the balance in the Stabilization Fund does not exceed 10% of the community's equalized valuation. Interest earned on any fund balance is retained as part of the fund.

Appropriations into a Stabilization Fund can be made at either an annual or special town or district meeting. Chapter 94 of the Acts of 1985 permits appropriations to be made from a Stabilization fund at a special town or district meeting, not just at the annual meeting. Regardless of the timing, appropriations from the Stabilization Fund require a two-thirds vote by the appropriating authority. Until the FY92 state budget, a community could only appropriate from the Stabilization Fund for a none-capital purpose with the approval of the Emergency Finance Board.

Reserve Fund:
This fund is established by the voters at the Annual Town Meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) both. Transfers from the Reserve fund may be made only by the Advisory Committee and are for "extraordinary or unforeseen expenditures" only.

Conservation Fund:
For land purchases and any other conservation use.

DRAFT 1-1001

Introduction to the Rules of Town Meeting

Southborough's Town Meeting is an open town meeting in which all registered voters may participate. Town Meeting is a deliberative assembly, conducted via a defined process, charged with considering a maximum number of questions of varying complexity in a minimum amount of time and with full regard to the rights of the majority, strong minority, individuals, absentees and all of these together. In other words, we gather for the purpose of conducting the Town's business thoughtfully and efficiently.

AUTHORITY

The three elements of authority at Town Meeting are a quorum of one hundred (100) registered voters or more, the Clerk and the Moderator. Of these three, the quorum is the most important.

The Town Clerk is responsible for voter registration, certification of a quorum, setting up the hall and keeping the record of the proceedings. He may also officiate Town Meeting in the absence of a Moderator.

The Moderator presides at and regulates the proceedings, decides all questions of order, and makes declarations of all votes. No one may speak on an issue without being recognized by the Moderator. It is the Moderator's responsibility to approve the distribution of materials, and persons wishing to do so must seek his permission. The Moderator appoints Tellers and alternates for the purpose of counting votes of the meeting.

THE WARRANT

All matters to be considered at Town Meeting must be published in the Town Meeting Warrant, which is the responsibility of the Board of Selectmen. The primary and most important purpose of the Warrant is to notify voters in advance the nature of the business to be taken up at Town Meeting. By state law, Town by-law or custom, several business articles (such as budget appropriations) must be presented in the Town Warrant each year for consideration. Other items are added by warrant articles proposed by Town officials, committees, boards, or groups of ten or more registered voters. The Advisory Committee reviews the Warrant, making recommendations on all the items of business to be presented. In accordance with the Town by-laws, all articles in the Warrant are considered in the order in which they appear in the Warrant, unless the Town Meeting votes to change the order for reasons that reasonable people would entertain.

PARTICIPATION

Any voter wishing to participate in Town Meeting must go to one of the floor microphones and wait to be recognized by the Moderator. Upon recognition by the Moderator, first state your name and address, and then state your business.

Anyone whose name is not on the list of registered voters requires the approval of either the Moderator or a majority of the Meeting to sit in the voting area.

All remarks shall be limited to the subject then under discussion. It is improper to indulge in references to personalities, and all expressions of approval or disapproval, such as applause or booing, are out of order. The Moderator may request any person to keep silent. If after warning from the Moderator, a person refuses to be silent or persists in other disorderly behavior, the Moderator may order a person to withdraw and if he fails to withdraw, may order a police officer to remove such person from Town Meeting.

Individuals who have a personal or financial interest with respect to a matter may speak or vote thereon but should frankly disclose their interest. However, no Town Meeting voter should accept compensation for participating without disclosing that fact.

There is no fixed time limit to the debate of any question. However, out of consideration for the others in attendance and the need to give adequate time to all matters coming before Town Meeting, each individual who speaks should make an effort to be as brief as possible and avoid repeating facts, views or opinions already expressed by others.

Introduction to the Rules of Town Meeting (continued)

DRAFT 10/1

Anyone wishing to make a presentation with respect to any article must, prior to Town Meeting, obtain the Moderator's approval.

In order to give all a fair opportunity to speak, no one who has addressed any particular motion shall speak again, except to answer questions, until all others wishing to speak to the motion have done so.

HOW ARE MOTIONS CLASSIFIED?

Main Motions
Motions of this group are for the bringing of questions, or propositions, before Town Meeting for consideration. Only one main motion can be considered at a given time, and once introduced such a motion excludes all other main motions until it has been disposed.

Subsidiary Motions
Motions of this group have are for the modification or disposition of the main motion that is being considered. Their existence as motions depends entirely upon the principal motion to which they are subordinate. Since they relate to the question then under consideration, it is in order to propose them when a main motion is pending and to vote upon them before voting upon the main motion.

Privileged Motions
Motions of this group have no connection whatsoever with any main motion, but are motions of such importance that they are entitled to immediate consideration. These motions have the privilege of temporarily setting aside the main business then before Town Meeting.

Incidental Motions
Motions of this group have few characteristics in common, but for convenience have been grouped into one class. The name "incidental" applies because they arise only incidentally out of the business of Town Meeting.

RULES RELATIVE TO MOTIONS

A motion is the means of bringing a proposal or question for consideration by Town Meeting. When first put forward it is a motion; after it is seconded and acknowledged by the Moderator, it becomes the question or proposal. Except for complimentary resolutions (the presentation of which must be approved in advance by the Moderator), no main motion shall be entertained unless it's substance is contained within the scope of a Warrant article. Upon completion of debate, articles will be voted upon.

The Moderator shall determine whether a motion, or any discussion relative to a motion, is within the scope of the Warrant article under consideration. That is, the motion and the debate must be relevant to the article as written in the Warrant, since the purpose of the Warrant is to apprise voters of the actions to be taken at Town Meeting.

Articles only give notice to the voters and do not initiate action; motions do. Motions may be withdrawn; articles may not be withdrawn – articles must be acted upon by Town Meeting.

There are four types of amendments: striking out, inserting, striking out and inserting, and substitution. Motions to amend may be hostile as long as they are germane. An amendment to a motion is an amendment of the first rank; an amendment to an amendment is of the second rank; there can be no amendment beyond that of the second rank.

Some motions do not lead to a final determination by Town Meeting. A motion to commit or to refer sends the matter to an existing board or committee or one to be established. The motion to postpone indefinitely disposes of the question without bringing it to a direct vote. The motion to postpone indefinitely should not be confused with the motion to table which only temporarily delays a vote. As previously stated, articles may not be withdrawn; so when the Meeting does not wish to act on a particular article, the proper motion is to postpone consideration indefinitely.

DRAFT 21001

Motions to reconsider shall be entertained when new information is available that is materially different than was presented (or could have been presented) at the time of the original vote on the article. Articles may be reconsidered only once. If a motion to reconsider is passed by the necessary 2/3 vote, it brings the original article back to the floor (which requires a new motion and additional debate); if the motion to reconsider is defeated, then the original article stands as previously voted and may not be reconsidered again. Actions to reconsider can be taken at the same session or any subsequent session of Town Meeting. A notice of reconsideration may be filed in advance with the Town Clerk stating that, at a specific point during the current Town Meeting, a voter will move for reconsideration on a particular article, and the Moderator will inform the hall of said action. Note that such a motion so noticed in advance must still be in order (i.e., must comply with all conditions required of any reconsideration motion).

All motions other than purely procedural motions must be in writing and signed by the sponsor.

CHART OF PRECEDENCE OF MOTIONS AND SUMMARY OF GOVERNING RULES

	May interrupt a speaker	Req. a sec.	Debatable	Vote Required	Motions that may apply
PRIVILEGED MOTIONS					
1. To dissolve	no	yes	no	majority	none
2. To adjourn	no	yes	limited	majority	amend
3. Point of no quorum	no	no	no	none	none
4. Recess	no	yes	limited	majority	amend
5. Question of privilege	yes	no	no	chair rules	none
SUBSIDIARY MOTIONS					
6. To lay on the table	no	yes	no	2/3	none
7. Previous question	no	yes	no	2/3	none
8. Limit or extend debate	no	yes	no	2/3	amend, reconsider
9. To postpone to time certain	no	yes	limited	majority	amend, reconsider
10. To commit or refer	no	yes	limited	majority	amend, reconsider
11. To amend	no	yes	yes	majority	amend, reconsider
12. To postpone indefinitely	no	yes	yes	majority	reconsider
MAIN MOTIONS					
Main Motions	no	yes	yes	majority*	all
To reconsider or rescind	no	yes	yes	2/3	table previous question postpone definitely
To take from the table	no	yes	no	majority	none
To advance an article	no	yes	yes	majority	amend, reconsider
INCIDENTAL MOTIONS					
Point of order	yes	no	no	chair rules	none
Division of a question	no	yes	no	majority	none
Separate consideration	no	yes	no	majority	none
To withdraw a motion	no	no	no	majority	reconsider
To suspend rules	no	yes	no	2/3	none
Orders of the day	yes	no	no	none	none

*The vote required to pass an affirmative main motion is a matter of substantive law, but is usually a majority.

DRAFT 21101

FORM USED IN MAKING MOTIONS

1. Main Motion	Mr. Moderator, I move that...(statement of the proposal)
2. Adjourn	Mr. Moderator, I move to adjourn to...(state time)
3. Amend	Mr. Moderator, I move to amend by adding...
	Mr. Moderator, I move to amend by inserting...before...
	Mr. Moderator, I move to amend by stroking out...
	Mr. Moderator, I move to amend by striking out...and inserting...
	Mr. Moderator, I move to substitute...for...
4. Amend an Amendment	Mr. Moderator, I move to amend the pending amendment by (see above)
5. Amend Something Previously Adopted	Mr. Moderator, I move to amend the resolution under Article...by...
6. Commit or Refer	Mr. Moderator, I move that the proposal be referred to a committee of...
8. Division of a Question	Mr. Moderator, I move to divide the question.
9. Lay on the Table	Mr. Moderator, I move that the proposal be laid on the table.
10. Point of Order	Mr. Moderator, I rise to a point of order.
11. Postpone to a time certain	Mr. Moderator, I move to postpone the question to...
12. Postpone Indefinitely	Mr. Moderator, I move that the question be postponed indefinitely.

	Mr. Moderator, I move to reconsider the vote on the amendment to...
17. Separate Consideration	Mr. Moderator, I move for separate consideration.
18. Suspend the Rules	Mr. Moderator, I move to suspend the rules which interfere with...
19. Take from the Table	Mr. Moderator, I move to take from the table the motion relating to...

INTERRUPTING A SPEAKER

No one may interrupt a speaker except for a point of order or a question of privilege.

POINT OF ORDER

A point of order if a question of the Moderator about whether the speaker is entitled to be speaking, or whether the current subject under discussion (or what the speaker is saying) is irrelevant, illegal or contrary to proper procedure. No other "point of order" is proper.

PREVIOUS QUESTION

To call or move the question is a request to stop discussion and to take an immediate vote. This requires a 2/3 vote.

VOTING

Voting is by hand vote and the Moderator declares the result of such votes. If seven or more voters immediately question the declared result, the Moderator shall determine the result by a standing count of votes by the Tellers. After the vote counted by the Tellers is presented to the Moderator and announced to the floor, any further motions for recount are out of order.

ADJOURNMENT AND DISSOLUTION

Sessions of Town Meeting normally adjourn at eleven o'clock in the evening but may adjourn at such earlier or later time as vote of the majority may determine. Town Meeting shall not dissolve until all articles in the warrant have been properly considered.

DRAFT 2-1001

TOWN WARRANT
COMMONWEALTH OF MASSACHUSETTS

ANNUAL TOWN MEETING

Worcester, ss. October 5, 2021

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the Inhabitants of the Town of Southborough qualified to vote in town affairs, to meet in the P. Brent Trottier Middle School, 49 Parkerville Road, in said Southborough, on

Monday, November 1, 2021

at ***7:00 p.m.***, then and there to take action on the following Articles:

ARTICLE 1: To see if the Town will vote to accept the Personnel Salary Administration Plan, as specified in Chapter 31 of the Code of the Town of Southborough, entitled: PERSONNEL.

PERSONNEL BYLAW
ENTITLED "THE SALARY ADMINISTRATION PLAN"
[revised at November 1, 2021 Fall Town Meeting]

This bylaw establishes a Salary Administration Plan for the Town of Southborough that (i) groups position classifications in Town services, (ii) establishes salary schedules and employee benefits and (iii) establishes and authorizes the Personnel Board to administer the bylaw and to represent the interest of both the taxpayers and the Town employees.

This Salary Administration Plan applies to the positions of all officers and employees in the service of the Town, whether full-time, part-time, temporary, seasonal, special or any other, except those positions filled by popular election, under the direction and control of the School Committee, performed pursuant to a contract approved by the Town or encompassed in any officially recognized labor union and/or association. The positions covered by this Salary Administration Plan are hereby classified by titles in the groups listed in Schedule A through G ("Classification Schedule") as set forth in Section 20 of this bylaw.

The classification of positions subject to the Massachusetts Welfare Compensation Plan (as amended) and the scheduled rates therefor, as well as the applicable provisions of the Massachusetts General Laws relating to the application of rates set forth in the aforementioned Welfare Compensation Plan are hereby incorporated by reference.

9	$96,731	$46.51	$116,077	$55.81	$135,424	$65.11

; or do or act anything in relation thereto.

Proposed by: PERSONNEL BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Personnel By-Law governs policies and pay structures for non-union employees. The position "Senior IT Specialist" is being added to Grade 7 of the Classification Schedule, which will support the funding request that was approved by Town Meeting in May 2021.*

ARTICLE 2: To see if the Town will vote to amend the Town's General and Zoning Bylaws by changing the term "Board of Selectmen" to "Select Board" in all mentions of the same throughout the entirety of the General and Zoning Bylaws, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The name change is to promote inclusion and diversity in Southborough's town government. The board will remain under the current confines of the Board of Selectmen authority. Over 100 towns in the Commonwealth have already adopted the name change.*

ARTICLE 3: To see if the Town will vote to amend Article 7 of the May 22nd, 2022 Annual Town Meeting as follows:

Budget 542 - Board of Health FY22	Original Vote	Proposed Amended Amount	*Change*
51000-51990 Personal Services	132,068	201,291	*69,223*
52000-58990 Other Charges & Expenses	70,624	70,624	-
TOTAL	**202,692**	**271,915**	***69,223***
Budget 910 - Employee Benefits FY22			
910-51720 Health Insurance	5,283,905	5,303,302	*29,397*
910-51780 Dental Insurance	248,964	250,026	*1,062*

And to increase the Total raise and appropriate FY22 budget by $99,682;

DRAFT 2 11/01

And further to amend Article 8 of the May 22, 2022 Annual Town Meeting as follows:

Water Enterprise Fund 6161		Original Vote	Proposed Amended Amount	*Change*
400-450-56940	Mass Water Resources- Water	1,420,000	1,270,000	*-150,000*

, or act or do anything in relation thereto.

Proposed by: BOARD OF HEALTH and BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The BOH is requesting an increase for the Public Health Director and Public Health Nurse salary and benefits line items. This was not brought forward at annual town meeting to allow for the town to take advantage of FEMA and CARES funding. The incremental is to cover the remainder of FY22 that is not budgeted for. In addition, the Board of Selectmen is looking to reduce the line item for the MWRA water assessment in the Water Enterprise Fund. It has been determined that the amount voted in May can be reduced as the MWRA water assessment figures have been refined.*

ARTICLE 4: To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money for General Government capital items for the following purposes:

	Description	**Request**	**Levy**	**Other Funds**
A.	Engineering/Capital Feasibility Studies	$ 30,000	$ 30,000	
B.	IT: Server replacements	$ 85,000	$ 85,000	

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:
A. This item will allow the Capital Planning Committee along with numerous other town Boards, Committees, and Department Heads to continue exploration and any other preliminary design in developing a comprehensive capital plan related to the building needs of all town departments currently located in the Town House, Cordaville Hall, South Union School, DPW Facility, Library and School Administration space. Any proposed funds to be spent with this article will only be allowed after a presentation to and authorization by the Board of Selectmen.
B. This item will replace our 3 physical servers and upgrade our licensing. The current set up of servers have reached their end-of-life support. Also, the current configuration is insufficient for the number of virtual servers (VM's) that are currently set up. Memory on all of the host servers is approaching maximum utilization and storage has also reached its capacity. We currently have 14 VM's that reside on 3 host (physical) servers, 9 of which are critical for all town services including public safety. Servers that are on-premise currently need to remain that way to support the public safety complex and internal domain resources. Domain resources include print server, domain controller and file server.

ARTICLE 5: To see if the Town will vote to raise and appropriate or transfer from available funds the sum of $25,000 for the purpose of funding a comprehensive traffic study for the Town of Southborough that will determine the most optimal routes for heavy commercial vehicles travelling through Town, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Board of Selectmen has received requests for truck exclusions on various roads. Due to requirements from Mass DOT, alternative routes must be determined in order to put new exclusions in place. This study will be used to determine the best routes for trucks to travel through Southborough.*

DRAFT 2 10/28/21

ARTICLE 6: To see if the Town will vote to amend the provisions of the Southborough Code, Section 9.8 and 9.12 thereof, as follows:

§ 9-8 Establishment; membership; residence requirements. [Amended 4-12-1999 STM by Art. 1; 10-21-2002 STM by Art. 7; 4-15-2008 ATM by Art. 34]
There shall be an Advisory Committee, which shall consist of ~~nine~~ seven voters of the Town. No member shall be appointed who is a Town officer, employee or member of another Town committee, appointed or elected; provided, however, that an Advisory Committee member may belong to one ad hoc committee that is appointed by an elected board or official, or one other committee appointed by the Moderator under the following restrictions:

A. The Advisory member's participation is approved by majority vote of the Advisory Committee excluding the member desiring to participate in the above committees.

B. The Advisory member may not vote or be counted for purposes of a quorum during Advisory meetings when matters subject to the jurisdiction of the above other committees are presented to the Advisory Committee.

§ 9-12. Appointment of Chairman and Secretary.
Said Committee shall choose from its membership a Chairman, a Vice-Chairman and a Secretary.

, or act or do anything in relation thereto.

Proposed by: ADVISORY COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The proposed article makes the following changes to the current Advisory by-law:*
§ 9-8 - Proposed article (1) reduces the number of members on the Advisory committee from nine to seven.
§ 9-12 –Proposed article adds the office of Vice-Chairman.

ARTICLE 7: To see if the Town will vote to amend the provisions of the Southborough Code, Chapter 41-2 entitled Notice of Town Meetings by appending the following language to the section:

"and fourteen days, at least, before the time appointed for a Special Town Meeting."

, or act or do anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This language clarifies the existing bylaw so it complies with G.L. Ch 39, S 10.*

ARTICLE 8: To see if the Town will vote to amend the provisions of the Southborough Code, by creating a new section §41-2.1 entitled Location of Town Meeting by adding the following:

§ 41-2.1 Location of Town Meeting
Due to reasons such as a lack of physical capacity in a suitable auditorium or other facility in Southborough, or an emergency, the Board of Selectmen may specify in a warrant for an annual or special town meeting that the meeting is to be held or in any town contiguous to Southborough. Town meeting may also vote to adjourn to such a facility if it deems appropriate.

, or act or do anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article would give the Board of Selectmen the option to direct that a town meeting be held in any of the towns contiguous to Southborough. For example, a town meeting could be held at Algonquin Regional High*

DRAFT 21001

School if the town were unable to hold the meeting in Southborough due to a lack of physical capacity or an emergency.

ARTICLE 9: To see if the Town will vote to amend the provisions of the Southborough Code, by renaming Article III to "Annual Report", by deleting section 41-26 in its entity, and creating a new section 41-26.1 entitled "Availability of Annual Report", as follows:

§ 41-26.1 Availability of Annual Report
No later than seven days before an annual town meeting, the Selectmen shall make copies of the Annual Town Report available to the public by placing it on the town website and at the Southborough Town House.

, or act or do anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article would correct the conflicting language in Southborough Town Code sections 41-2 and 41-26.*

ARTICLE 10: To see if the Town will vote to amend the Town Zoning Bylaw as follows:

Part 1. Amend Article I, Miscellaneous Provisions, **§ 174-2** Definitions, by adding the following new terms and definitions in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guest rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

ESTABLISHMENT

An institutional, business, commercial, or industrial activity that occupies all or a portion of a building; a place of business.

FAÇADE

The external faces of a building.

FRONTAGE OCCUPANCY

The percent of a lot's street frontage that is occupied by a building between the minimum and maximum front setback range.

LANDSCAPED GREEN SPACE

Land that is covered with grass, trees, shrubs, or other vegetation and may include a pervious walkway that meets accessibility standards.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a

DRAFT 21-1001

taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

A development that includes any combination of permitted nonresidential uses and one or more dwelling units within a single structure; provided, however, that the inclusion of two (2) or more dwelling units in a mixed-use development shall not be deemed a multifamily dwelling. The ground floor facing the street shall be used only for permitted nonresidential uses, and residential dwellings cannot exceed 40% of the gross floor area of the above ground level floor space of the building (no residential dwellings in the basement level).

Part 2. Amend Article II, Establishment of Districts, **§ 174-3 Districts enumerated,** by adding the following new district:

M. Downtown District, referred to as DD

Part 3. Amend Article III, Use Regulations, **§ 174-8.C.(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, or a mixed-use development in the Downtown District, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, § 174-8, Schedule of Use Regulations, by adding the following new section:

§ 174-8.12 Downtown District

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB).

(2) Mixed-use development, provided that each nonresidential use in the development is a permitted use under this Section 174-8.12(A) or Section 174-8.12(B) and provided that the number of dwelling units does not exceed three (3).

(3) Professional or business office, or bank, but not including a medical or dental office.

(4) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery.

(5) Bed and breakfast.

(6) Child care center.

(7) Co-work center.

B. Permitted uses, up to a maximum of 3,000 square feet per establishment.

(1) Retail sales and services.

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited).

DRAFT 2.1.2021

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive- through service is prohibited).

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair.

C. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection B exceeding 3,000 sq. ft. per establishment.

(2) Mixed-use development that includes a nonresidential use that is a permitted use under Section 174-8.12(A) or Section 174-8.12(B) but with four (4) or more dwelling units.

(3) Mixed-use development that includes a nonresidential use requiring a special permit under this Section 174-8.12.

(4) Microbrewery.

(5) Veterinarian, animal hospital, or animal clinic.

(6) Medical or dental office.

(7) Multifamily dwelling, up to twelve units, not to exceed ten (10) units.

(8) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(9) Indoor recreation, athletic or exercise facility.

D. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

E. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

F. Development standards are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

DRAFT 211001

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Maximum Floor Area Ratio: 0.30 as of right, or a maximum of 0.50 by special permit from the Planning Board.

(6) Minimum landscaped green space: 20 percent. At least 50 percent of the landscaped green space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of the landscaped green space as part of Site Plan Review.

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 80-100 feet of frontage: 70%

(d) Over 100 feet of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 35 feet and three stories,

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown District shall comply with RB District standards.

G. Building Regulations

(1) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(2) The maximum distance between street-level entrances in a single building shall be 35 feet unless waived by the Planning Board.

(3) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

(4) The maximum front setback in Section F(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi- use path, raised terrace, façade offsets, or outdoor dining, but not for vehicle use.

(5) Affordable housing. In any multifamily or mixed-use building with four or more units, at least 12.5 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD).

H. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough.

DRAFT 211001

Part 5. Amend Article III, Use Regulations, by adding the following new section, **§ 174-10.2 Downtown District plan approval.**

In the Downtown District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the procedural requirements and decision criteria of § 174-9, § 174-10, and 174-10.1(A) through (C) shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required. The Planning Board is authorized to promulgate design guidelines to carry forth the purpose and intent of these Bylaw provisions.

Part 6. Amend Article III, Use Regulations, § 174-12 **Parking and loading regulations**, by inserting the new Section F below and relabeling the existing Section F. Egress to Section G.

F. Exceptions in the Downtown District. Off-street parking requirements for development in the Downtown District shall comply with Section E above except for the off-street parking requirements for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

Part 7. Amend Article II, Establishment of District, § 174-4 **Zoning Map**, by adding the new *Downtown District* to the Southborough zoning map.

; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The purpose of this article is to revitalize Southborough's historic downtown district, while promoting small scale mixed-use development, diversity in housing, and connectivity. This is achieved by updating permitted uses, allowing mix-use development which entail both commercial/retail and residential in one building, and by allowing by right development which allows for approval or issuance of a building permit with no additional permits required. The last major change to our Downtown zoning was the creation of the Business Village District in 1993.*

DRAFT 21-001

And you are to give notice hereby by posting true and attested copies of the Warrant on the Town website, the Southborough Town House, 17 Common Street, Southborough Senior Center, 9 Cordaville Road, Southborough Library, 25 Main Street, and Southborough Transfer Station, 147 Cordaville Road; seven (7) days at least before the time appointed for such meeting.

Given under our hand this fifth (5th) day of October, 2021.

BOARD OF SELECTMEN OF THE TOWN OF SOUTHBOROUGH

Attest:

_____

Kenneth M. Paulhus, Constable

DRAFT 211001

TOWN OF SOUTHBOROUGH

Economic Development Committee

TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772
(508) 485-0710 x3011

September 27, 2021

Board of Selectmen, Planning Board,

In an effort to make progress on what residents of Southborough desire in Southborough's Downtown (see 2017 survey results here), as well as implement recommendations from the 2008 Master Plan, the Economic Development Committee (EDC) identified hurdles to surpass, so that desirable economic investments in downtown Southborough could be achieved. The *Downtown Initiative* was born and the project aimed to focus on the following areas:

- Zoning update to support and promote strategic mixed-use development
- Encourage certain uses by allowing them by-right
- Wastewater solutions
- Investment opportunities
- Beautification and connectivity
- Funding options

The EDC is pleased that the Board of Selectmen agreed to sponsor the proposed Downtown District zoning article and that it will be presented at a Special Fall Town Meeting on November 1st 2021.

The EDC also thanks the Planning Board for conducting public hearings and listening to feedback from our residents. We acknowledge other town boards, committees, and departments, whose input was invaluable in producing a draft of the Downtown District bylaw.

Intent of the Downtown District Bylaw

- Revitalize Southborough's historic downtown district
- Allow for mixed-use development (e.g., residential and commercial/retail in the same building)
- Update the permitted uses
- Allow some desirable uses "by-right" (meaning; certain identified uses are "pre-approved" and don't need an additional use-permit)

2021 Timeline

The Economic Development Committee, Board of Selectmen and Planning Board held multiple joint meetings where the draft Downtown District zoning bylaw was discussed and issues were resolved.

In April of 2021, the Planning Board reviewed version 8.1 of the Downtown District bylaw and indicated ten outstanding issues and concerns. In a following joint meeting with the Board of Selectmen, Planning Board, and Legal Counsel (Adam Costa), all items were addressed and resolved. The result of this work produced version 9 of the draft Downtown District zoning bylaw.

The final *version 9 Downtown District bylaw, existing zoning map and draft design guidelines* were approved and sent to the Planning Board as voted by the BOS and the EDC at their joint meeting on June 22, 2021.

After several Public Hearings, the Planning Board held a special meeting on September 20, 2021 to discuss the *Downtown District bylaw, zoning map and draft design guidelines*. The following *new* changes were made, among others:

1. A 40% restriction to residential use in mixed-use developments

2. Reduce the number of apartments allowed in mixed-use developments to 3 from 8

3. Reduce the number of dwelling units in multifamily dwelling to a maximum of 10 (from 12) by special permit

4. Reduce the maximum Floor Area Ratio by-right to 0.30 from 0.35

5. Reduce the maximum height to 35 feet from 40 feet

6. Remove minimum and maximum ground floor height restrictions

7. Exclude all split lot and CSX property from the Downtown District zoning map

The Board of Selectmen accepted all Planning Board-proposed changes to the bylaw as well as the Planning Board-proposed zoning map edits at their meeting of September 21, 2021. The Board of Selectmen voted to publish the Downtown District Warrant Article, with the above-mentioned Planning Board recommendations, by October 5, 2021, in preparation of the November 1, 2021 Special Town Meeting.

Economic Development Committee Concerns

The Economic Development Committee is ***not*** in agreement with several of the recent changes made to the proposed Downtown District bylaw for the following main reasons:

- The latest recommendations submitted by the Planning Board result in a *more restrictive Floor Area Ratio for the Downtown District than what is currently permitted in the Business Village District.*

- The latest proposal fails to follow the *original intent* of the revisions to the Bylaw, as outlined in the 2008 Master Plan. The changes made are unlikely to encourage investments in downtown.
- Development Standards that were previously agreed upon through joint meetings and recommended by the professional consultants, were changed *without discussion*.

The EDC is eager to support a revised bylaw for the Downtown District with BOS and PB support. However, the Committee is unable to accept changes that add further restrictions on potential development, defeat the original intent, and make any future viable development unlikely or more restrictive.

The EDC is willing to discuss and compromise further but is of the opinion that a workable, sensible bylaw should be presented. The Committee urges the Board of Selectmen to reconsider the latest changes regarding the following items and present the best possible bylaw for Southborough at Town Meeting.

- The restriction of mixed-use to require that residential units not comprise more than 40% of a building, makes no sense and negates the original intent of adding by-right mixed-use.
- The sharp reduction in the number of residential units permitted in a mixed-use development, from eight units to three units, is overly restrictive, undermines the intent of encouraging mixed-used development, and was proposed arbitrarily with almost no discussion or reasoning.
- The reduction of the Floor Area Ratio from 0.35 to 0.30 is (i) contrary to months of agreed upon discussion, (ii) against the recommendation of the zoning and planning experts hired by the Town, and (iii) significantly lower than the current Floor Area Ratio permitted in the Downtown Business Village District, which is currently 0.50 for commercial buildings (see Schedule of Dimensional Regulations).

Going back to the original purpose of the Downtown Initiative, zoning changes to the Downtown are:

(i) a vital part of a sustainable and healthy economic ecosystem for the Town,

(ii) a mandate of the 2008 Master Plan, as well as multiple subsequent studies and plans. These studies represent tens of thousands of dollars in consulting- and expert costs to demonstrate the necessity of zoning updates to include by-right mixed-use and other by-right uses.

(iii) desired by a significant majority of the Town's residents, as evidenced by multiple surveys.

The three particular changes referenced above, were proposed by the Planning Board at the eleventh-hour and adopted by the Board of Selectmen unanimously with almost no discussion. These added changes undermine the purpose of two years of consistent and diligent work to make small-scale but actionable modifications to the zoning code for Downtown. All in an effort to encourage future investments in amenities, diversity in housing, and a more vibrant Downtown to serve as the heart of our Community. It is our grave concern that our efforts will

have been in vain if these changes are upheld. We sincerely hope you will reconsider and open these items up for further discussion before the warrant is printed.

Sincerely,

Economic Development Committee:

R. Anderson, Chair

A. Belniak, Vice-Chair

J. Connelly

J. Wood

C. Robbins

M. Moorehead

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, October 5, 2021; 7:01PM (reconvened after Executive Session)
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple, Assistant Town Administrator Vanessa Hale

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

Mr. Healey made a motion at 6:00 P.M. for the Board to enter Executive Session per M.G.L. Chapter 30A, Section 21, with the intent to return to Open Session, for the following items: (1) to discuss contract negotiations for the Town Administrator and the Fire Chief (Exemption 2) as the Chair has determined that an open meeting may have a detrimental effect on the Town's negotiating position; and (2) to review and approve the August 17, 2021 Executive Session minutes. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

Chairwoman Braccio brought the meeting back into open session at 7:01 P.M. A public hearing is scheduled for 7:00PM. Public comment was rescheduled to after the public hearing.

I. Public Hearing

a. Southborough Board of Selectmen shall hold a virtual meeting to consider a request for permission by Mass Electric Company, National Grid and Verizon New England Incorporated to install a new pole, P11-5, to be located at 25 School Street. The meeting may be viewed by the public through a link located at http:\hpts\www.soughboroughtown.com\remotemeetings.

<u>National Grid – Mr. Parent, Facilities Manager</u>

National Grid seeks to install a pole to service a new dormitory for St. Mark's School. The closest pole on that side of the street is presently in use to service another building on the campus. There are no other poles on that side of the road so it is necessary to install a new pole to service the new dormitory. Mr. Healey asked if the road the proposed pole would be installed on is School Street. Mr. Parent confirmed it is. Mr. Parent informed the Board the proposed pole would be approximately 3-5 feet off the road, similar to other poles on that side of School Street. Mr. Stivers moved to close the public hearing. Ms. Malinowski seconded the motion. The motion passed unanimously (5-0-0) by roll call, Malinowski, aye; Healey, aye; Dennington, aye; Stivers, aye; Braccio, aye. Mr. Stivers moved to approve National Grid's petition to install Pole P11-5 at 25 School Street. Mr. Healey seconded the motion. Chairman Braccio suspended the motion to accommodate public comment on the matter. Mr. Healey moved to re-open the public hearing for the purpose of public comment. Mr. Stivers seconded the motion. The motion was voted all in favor by roll call vote. Roll call: Ms. Malinowski, aye; Mr. Dennington, aye; Mr. Healey, aye; Mr. Stivers, aye; Ms. Braccio, aye.

Chairwoman Braccio recognized Mr. Tim Litt. Mr. Litt requested that the pole be approved subject to not obstructing any present or potential future sidewalks. He is concerned that as the Town wants to move towards having complete streets and having sidewalks, that there are no obstacles in the way

when there are improvements. Mr. Stivers asked Mr. Parent if there is enough room to consider Mr. Litt's concern. Mr. Parent said for any project that may come forward in the future, poles are moved to accommodate sidewalks. For an existing pole line, National Grid may not be able to factor that in, other than following the normal procedure on placing the pole 3-5 feet from the road. Mr. Litt stated he is concerned that it is expensive to move poles and asked that thought be given to future sidewalks when installing poles. The public hearing was then closed.

Mr. Stivers moved to close the public hearing. Mr. Healey seconded the motion. The motion was voted all in favor by roll call vote. Roll call: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye. Mr. Stivers moved to approve the petition for the pole position with the request that if reasonably possible National Grid locate the pole in a position that would reasonably accommodate a sidewalk along the street. Mr. Healey seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote. Roll call: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

II. Public Comment

Ms. Braccio asked if anyone wanted to speak at the first Public Comment. No one stepped forward.

III. Scheduled Appointments *(Board may vote)*

b. Volunteer Interview: Neetu Sehgal, Scholarship Committee, expiring 6/30/2022.

Ms. Sehgal was born and raised in Southborough, educated in the Southborough school system and graduated from Algonquin Regional High School in 1998. She moved back in 2012 and desires to give back to her community. She recently ran into Officer Mattioli and recalled him advising her on a scholarship for community service while in high school. The board had no questions and thanked Ms. Sehgal for stepping forward. Mr. Stivers moved the board appoint Ms. Sehgal to the Scholarship Committee, expiring 6/30/2022. Ms. Malinowski seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote. Roll call: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

c. Cable Committee – Recommendation on renewal cable agreement for Comcast.

Ms. Malinowski recused herself from this matter. Mr. Barry Rubenstein from the Cable Committee provided a brief history on this matter. When Comcast built out its Framingham network, it allowed them to access a small number of subscribers in the Pine Hill area. They obtained a license from the Town of Southborough for Southborough residents. These residents have no connection to SAM and, in fact, receive Framingham Public Access. As part of the agreement, Comcast agreed to pay a percentage of gross revenues each year. The new agreement increases the license fee to 5%, which is commensurate with the Verizon and Charter contracts. These funds total approximately $2,300 per year. The agreement has been reviewed and approved by Town Counsel. Upon further review, Mr. Rubenstein would like to clear up some ambiguous language, which does not affect the material terms of the agreement. Mr. Rubenstein thanked Mr. Warren and Ms. Rule for their substantial efforts in this matter. Mr. Healey asked Mr. Rubenstein how many Southborough residents Comcast serves. Mr. Rubenstein replied there are 32 Comcast customers in Southborough. Mr. Stivers moved the Board renew the proposed cable agreement with Comcast dated 9/20/21-9/19/31 subject to final review by Town Counsel. Mr. Healey seconded the motion. Mr. Healey then amended the original motion to read: The Board renew the proposed cable agreement with Comcast dated 9/20/21-9/19/31 subject to final review by Town Counsel and there being no substantive changes to the proposed contract. Mr. Stivers moved the amended motion. Mr. Healey seconded the motion. The motion was voted in favor (4-0-0) by roll call vote. Roll call: Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

d. Update on Regional Dispatch discussions.

Ms. Braccio welcomed Chief Achilles and Chief Paulhus. Mr. Purple provided an update to the Board's previous instruction that the Town proceed forward in exploring the opportunity for regional emergency communications dispatch. Communities involved are Hopkinton, Hudson, Grafton, Marlborough, Southborough and Westborough. Discussions have been initiated by the Westborough Fire Chief with The Collins Center [a division of the University of Massachusetts Boston] and State 911. The Collins Center and State 911 have a standing agreement that State 911 will fund the Collins Center to conduct studies for regional dispatch. Present scope of the project is to study these communities and determine: 1) what is being done in each community and; 2) what might be done collaboratively in a regional center. The first meeting with all parties will be held on Thursday, October 13th, in Southborough at the Public Safety Facility. Mr. Purple commented there is a range of situations presently occurring in each community involved. Moving forward, his recommendation is to have a team of representatives from Southborough, which should include Chief Paulhus, Chief Achilles, Mr. Purple and one member of the Board. This team will assist the community in understanding the findings of the Collins Center for future decision-making. Chief Achilles supports the project and commented he feels fortunate we are able to get information that fosters an understanding of Best Practices, what is currently being done, where current service gaps are, strengths v. weaknesses of the current system and opportunities that may be available. Chief Paulhus commented he is excited about the opportunity of the study. Both he and Chief Achilles have great relationships with their counterparts in the other participating communities. He is concerned about how the study will be perceived by local dispatchers and officers that may be affected. He looks forward to the good information that will be received from the study. Ms. Malinowski commented the study is a great step forward and wondered whether the Collins Center is looking at what is best for Southborough or what is best for Southborough as it relates to the other participating communities. Chief Achilles said the study is looking at each town individually and each town collectively – where are they at locally and what, if any, is the advantage of collaboration. Mr. Purple asked for clarification from Ms. Malinowski. Was she asking if the study will consider all options, including reducing the number of participating communities based on collaborative advantage? Ms. Malinowski indicated that is her concern. Mr. Purple suggested her concern be addressed at the meeting on October 13th. Mr. Dennington had no questions but commented the information sent by the Collins Center referenced the communities of Hanover and Norwood instead of the communities in the proposed project. Mr. Purple suggested the Collins Center include the study of those communities to simply give an example of a similar study. Mr. Healey supports having a team of people from Southborough, including a member of the Board. His main concern is there are many variables among the communities, including number and size. It is important that our team report regularly on the progress of study. Mr. Stivers commented there will be challenges in comparing the communities. For example, utilization rates in Hopkinton are 1,600 calls/10,000 residents, while Marlborough has 4,000 calls/10,000 residents. He stated he is concerned about the issue of local impact/control and wants to make sure the costs of regionalization are equitable to all communities. Ms. Braccio stated she feels the opportunity to explore regionalization is one that cannot be passed up, especially in light of the fact there is no cost to the Town. Ms. Malinowski stepped forward as Board liaison on the Southborough regionalization team, which includes Chief Achilles, Chief Paulhus and Mr. Purple.

IV. Reports

a. Chairwoman's Report

i. Call with MassDOT on HCVE traffic study

Ms. Braccio updated the Board regarding the phone call, which also included Mr. Purple and Ms. Galligan. She shared the conversation was a very positive one. They discussed removing the truck exclusion from Main Street. Ms. Braccio said there is a process to remove a truck restriction similar to creating a truck exclusion. The Global study was also discussed, specifically addressing where trucks are coming from and what can be done in the short term. A possible solution might be to add more signage on Rt. 9. Mr. Purple shared the results of the study will be available sometime in Spring 2022. Mr. Healey sought clarification on the process of decision- making. Mr. Purple stated results of the study would be shared and the Board would vote on how to proceed. Mr. Stivers asked if the discussion included the suggestion to move the Crystal Pond intersection a few hundred feet to the east to facilitate U-turns. Ms. Braccio said it was not specifically addressed but can be in the future. She shared the Global study will identify where the truck traffic is coming from and potential solutions. Ms. Malinowski asked if specific signage was suggested for Rt. 9 restricting truck access to Flagg Road. Ms. Braccio said the DOT will approve a sign that directs trucks to use the 495 cloverleaf as a turnaround. She did not have the exact verbiage and no timeline was shared but she will revisit those issues. She reiterated this is a short-term solution until the results of the Global study are available and shared her appreciation of the State's willingness to problem-solve in the short term.

ii. Heritage Day

Ms. Braccio reminded the public Heritage Day will be held on Monday, October 11, 2021. The parade will be held at 10am. There will be booths and the Library Book Sale will be held from 10am-3pm.

b. Members' Reports

i.Trails Committee's recent public walking tour with DCR of the proposed Peninsula Trail:
Mr. Dennington noted the Trails Committee hosted a public walking tour on the 25th, immediately following the CERT lunch thanking first responders for their hard work during the pandemic. Approximately 30 people attended the tour. It was guided by a DCR ranger, who explained both the area and some of its historical features. The tour was very beneficial because it allowed those who attended the opportunity to see what the proposed Peninsula Trail would look like. The Trail is located at the intersection of Central Street and Route 30 and is a paved trail along the reservoir. The Trails Committee is working with DCR to create public access to the trail. We will be hearing more about the Peninsula Trail in the coming months.

Town Administrator Report

i. ALS fundraiser at Southborough Golf Club

Mr. Purple spoke about the ALS One Golf Event that will be held this weekend, October 9, 10, and 11, at the Southborough Golf Club. This has been an annual event for the past several years and recognizes town officials whom we have lost to ALS, including Mr. Shifrin and Mr. Wilson. Former Selectman Brian Shea coordinates this event, along with Bill Harrison from the Management Company and Jen DiMartino from ALS One. The Management Company will donate ½ of the proceeds from greens fees for the weekend to ALS One. ALS One will have a QR code in the clubhouse for donations. Additional voluntary donations can be made at any time during the event. Additional information will be available on all Town related social media outlets. Mr. Purple thanked Mr. Shea for his help in making this a successful event.

V. Consent Agenda

a. Mr. Stivers asked to hold agenda item "a." Mr. Stivers pointed out typos on lines 233, 251 and 347. Mr. Stivers moved to approve the Open Session minutes; August 17, 2021 as amended. Mr. Healey seconded the motion. The motion passed (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

b. Mr. Stivers moved to accept the $100 donation for the Fire Department Ambulance Fund. Mr. Healey seconded the motion. The motion passed all in favor (5-0-0) by roll call vote: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

c. Mr. Dennington asked to hold agenda item "c." Mr. Dennington noticed a discrepancy in the memo regarding closing the Warrant for Annual Town Meeting. Mr. Dennington suggests the dates be consistent and should be December 21st. Mr. Dennington also asked about the decision not to continue with Clear Gov. Mr. Purple shared Clear Gov was part of a Community Compact initiative so there was no cost to implement. The platform offered transparency but didn't improve functionality. Mr. Purple has asked Mr. Ballantine, Finance Director to look into other potential financial tools for possible future use but for the FY 2023 budget cycle, we will be using Excel. Mr. Purple suggested this item be part of the Q1 report. Ms. Braccio will add to the upcoming Q1 report. Mr. Stivers moved to Approve FY23 Budget/Town Meeting Schedule, as amended. Mr. Dennington seconded the motion. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

d. Mr. Stivers asked to hold agenda item "d." Mr. Stivers asked about the status of this item. Mr. Purple is seeking recommendations for attorneys specializing in tax and title law and has not received a formal recommendation at this time. He will have it for the October 19th meeting. This item will be held until then by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

e. Ms. Braccio asked to hold agenda item "e." Ms. Braccio thanked Mr. Pfaff for all of his time and dedication on the Capital Planning Committee and thanked him for his service. Mr. Stivers moved to accept the resignation from Andrew Pfaff from the Capital Planning Committee, effective 9/30/21. Mr. Healey seconded the motion. The motion passed all in favor (5-0-0) by roll call vote: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

f. Mr. Healey asked to hold agenda item "f." Mr. Healey shared Ms. Malinowski and Ms. Braccio, on behalf of the Board, engaged in discussions and negotiations with Mr. Purple regarding a successor three-year contract for the position of Town Administrator. Ms. Malinowski and Ms. Braccio shared the results of those negotiations as well as the proposed contract. The contract is being reviewed by Town Counsel. Upon the Board's vote and execution, the contract will become public record. Mr. Healey moved the Board approve a three-year successor contract for Mark Purple as Town Administrator, subject to review by the Town's Labor Counsel. The contract may have substantive or ministerial changes. If changes are ministerial, the contract is approved as of this vote. If there are any substantive changes, we will revisit at our October 19th meeting. The exact term of the contract will be from October 1, 2021 and run for 2.85 years to be in line with other town contracts to expire on June 30th. The motion passed (4-1-0) by roll call vote: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, nay; Braccio, aye. Mr. Purple confirmed once the contract is signed, it will be posted on the Town's website.

VI. Other Matters Properly Before the Board (*Board may vote)*

a. Approve four (4) 1-day Alcohol License applications for Chestnut Hill Farm "Fall Fun on the Farm" events: October 10, October 17, October 24, October 31.

D.A. Hayden and Rob Warren from the Trustees of Reservations also joined the meeting. Mr. Healey believes this is not an educational event. The terms of the conservation restriction and management plan are for educational events and he felt this is a moneymaking event. He recommends the Conservation Commission be a part of the determination of what is educational. An alcohol license tied to an educational event for children is not something he supports. Ms. Hayden responded she does believe these are educational events. Mr. Warren stated their goal is to engage the community with the farm. He asked that in the spirit of New England farm harvest festivals, the Board approve the licenses. Ms. Hayden also added in speaking with attendees of similar events, both adults and

children are engaged and learning. Having experiential events encourages connection and volunteerism with the Trustees. These events allow the public to learn about the importance of keeping spaces open. Mr. Healey stated he was a part of the process to get the conservation restrictions in place and the idea that it is being used for a commercial event wasn't part of the intent. Ms. Malinowski stated serving alcohol at a children's 90 minute event is not a necessity. She is not comfortable agreeing to an alcohol license for this type of event with the conservation restriction. Mr. Stivers commented he believes it is possible to attract the public without serving alcohol. He is prepared to support the licenses this time with the understanding that clarification about what constitutes an education event will be addressed. Mr. Dennington is prepared to support the application. He does not believe the event is inconsistent with the purpose of the conservation restriction. Ms. Braccio stated she isn't comfortable with where this fits into the conservation restriction. Mr. Healey moved to approve four (4) 1-day Alcohol License applications for Chestnut Hill Farm "Fall Fun on the Farm" events: October 10, October 17, October 24, October 31. Mr. Stivers seconded the motion. Roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Mr. Healey, no; Ms. Malinowski, no; Ms. Braccio, no. The motion failed (2-3-0).

The board took a recess at 8:24pm and reconvened at 8:29pm.

b. November 1, 2021 Special Town Meeting

i. Meeting logistics – update

Town Clerk Jim Hegarty told the Board the Special Town Meeting will be held in the Trottier School gymnasium. The meeting will be in full compliance with the Board of Health directive of 6ft separation vertically and horizontally. There will be two air movers to increase the flow and masks will be mandatory. The gymnasium can accommodate 141 people. Overflow will be directed to the auditorium, which can accommodate another 100 people. He is working with the Board of Health and SEMA to provide a COVID rapid test in the parking lot prior to entering the gymnasium or auditorium. Specifics on this to follow. In terms of publicizing, there will be banners displayed in town and postcards are due to arrive to residents by 10/23 that will display a QR code linked to the Warrant. He is also working with the schools to provide notifications through electronic backpacks. Those in the auditorium will have the same ability to participate as those in the gymnasium. Ms. Braccio asked if there will be a video feed in the auditorium. Mr. Hegarty said no. The Moderator will have a camera to see if anyone at any microphone is wishing to speak. Mr. Healey asked what happens in the event 200 people show up. Mr. Hegarty said he is working on the plan should that occur. Mr. Dennington asked if speakers were required to wear a mask at the microphone and was told yes. Ms. Malinowski asked for confirmation there will be no video feed for presentations in either the gymnasium or the auditorium. Mr. Hearty confirmed there will be no video feed for presentations in either the gymnasium or the auditorium. He felt the cost to provide video feed is expensive and is not an appropriate use of public funds and stated providing video is not a requirement for Town Meeting. He also stated the size of the screen doesn't allow everyone in the room to fully view the screen (i.e. those in front have a better view than those in the back). Ms. Malinowski remarked she is concerned about the potential map change in the Downtown District by-law and whether that can be adequately conveyed without video capability. She said video capability would be a useful visual tool in the discussion. Mr. Hegarty said there will be handouts for attendees to view the map change. However, it was decided not to pursue screens because it reduces the number of seats available for attendees due to COVID restrictions. Mr. Purple had a walk-through with Mr. Hegarty and Town Moderator Cimino and believes the stage is set to accomplish the Town's business while respecting the health and safety of all involved. Ms. Braccio thanked Mr. Hegarty for his efforts in creating a safe event.

ii. Downtown District bylaw

Ms. Braccio stated this matter is a continuation from the Board's last meeting. Ms. Malinowski had a specific question and the EDC was invited to come to this meeting to address her concern. We will not be addressing issues that have already been addressed. Mr. Anderson, Chair, called the EDC meeting to order at 8:45pm and called a roll call attendance. Ms. Malinowski said she watched the EDC meeting and was pleased to see the EDC take a position. In the motion, EDC wanted to take out 40% as the residential use limitation. In a previous draft, Ms. Malinowski noted the number was 10% and EDC had suggested striking that number. Ms. Malinowski is seeking clarification as to whether the EDC wants the number out completely or are they suggesting a different percentage as replacement for a residency use component. Ms. Connelly said 10% was intended as part of the discussion of any 1st floor mixed use building. The EDC wanted to ensure there was some mixed-use space on the 1st floor but ultimately, took the number out because it was causing confusion. The EDC is committed to ensuring all street facing 1st floor units are commercial because that's the purpose of mixed-use space the EDC is trying to encourage. This has nothing to do with the total percentage of residential units in the entire building. The language that "not more than 40% of the entire building could be residential" is a new concept that had not been discussed prior to the Planning Board meeting a few weeks ago. Ms. Connolly stated that the EDC came to the Planning Board with a simple ask more than 2 years ago – please add by-right mixed-use to have residential space over commercial space because this was contemplated in the 2008 Master Plan. It was also a primary recommendation of the ULI study. Finally, it has been supported by other research done by the Town over the past decade. In Ms. Connolly's opinion, the concept of having a percentage as a cap on residential space undermines the goal of creating mixed-use space. The current code allows for up to a 3 story building. If you put in a 2 story building with commercial space on the bottom and residential space on top, that is more than 40% (the top floor is ½ or 50% of the building) and it wouldn't be permitted. Having a percentage defeats the reason the EDC has been trying to move forward. Ms. Connolly asked for clarification about where the concern has come from, what is the benefit of having a number in the by-law and what should the number be. Ms. Braccio asked the EDC what number they are looking for. She stated currently there is no mixed use and no by-right. Not finding consensus at the Board level to take to Town Meeting only creates the opportunity to wait three more years before we can move forward with this initiative. Ms. Luttrell from the Planning Board was present. She stated the minimum requirement of 10% commercial would allow a building to be 90% residential which may be easier to develop. The reason for mixed use was to bring small scale commercial development to the downtown. Heavy emphasis on residential development won't encourage small commercial development. A maximum of 10 % commercial development meets the by-right requirement of the by-law so you would have 10% commercial and 90% residential. In other towns, this has been an issue. Mr. Healey commented he thinks it is important to have this item on the Warrant at the Special Town Meeting and let it play out there given there is no consensus on the Board to change the recommendation from the Planning Board. He called the Board's attention to a recent publication of research from the Boston Foundation. In it, the research suggests explanations similar to the ones given by the Planning Board are routinely used by suburban planning boards to keep out downtown residential development. Limiting residential development limits Southborough's commitment to diversity, inclusion and equity in housing – something Southborough residents have said they want. Mr. Healey encourages the EDC to make clear the changes by the Planning Board are contrary to the goals the EDC are advancing. Ms. Braccio commented that we need to look at downtown development from a historical perspective and from a parking perspective. Ms. Braccio calls these are guardrail issues. Mr. Anderson remarked that the graphic shown by Ms. Braccio indicates that nothing has been built in the downtown area since 1978. Mr. Wood from EDC pointed out that the 10% number was a typo on the first floor. The original language was "up to 10%" and it was used to meet an ADA requirement. 10% commercial and 90% residential

was never the EDC goal or intent. Ms. Connolly commented that the EDC wants to compromise. 40% doesn't make sense for mixed use. She feels it is important to understand why mixed use is important. It is the modern economic model of development today. It is the model for the future and it is sustainable. She has spent time dealing with historical considerations and she is surprised that there is pushback on the residential component. When she began this process, it was with the understanding that diversity in housing is a common goal. Mixed use is a part of moving Southborough into the future. Ms. Luttrell clarified 10% minimum requirement for non-residential use is part of the mixed-use definition. It is not a typo. It was stated as such through version 9. The Planning Board changed it. Ms. Malinowski asked for confirmation that the EDC does not want a percentage to define the maximum amount of residential units for mixed use. Ms. Connolly replied that is the EDC's preference. Mr. Stivers stated he believes it is important to get this matter to Town Meeting for the citizens to decide. In terms of the by-law, he believes there is some sort of structure that is needed but it can be modified in the future, as needed. Mr. Stivers is in favor of relaxing constraints on residential use, in favor of bumping up the FAR number and is in favor of adding to the number of units permitted. The key goal is to increase investment in downtown and keep moving this issue forward. Ms. Braccio said the Planning Board has left public hearings on this matter open until October 18th. Ms. Malinowski is in favor of bringing the article forward as written. She is in favor of keeping the number of units at 3, as increasing to 4 units would trigger affordable housing, which would increase the workload for the building inspector. Mr. Dennington supports a by-law that has a realistic chance of passing at Town Meeting. He supports the by-law as written. He is in favor of small scale mixed use. This can be accomplished with some mixed use by-right and special permits. He would like to see the Planning Board and EDC keep discussion open to resolve the outstanding issues. He believes we are closer than ever to realizing substantial change. He stated Chairwoman Braccio has done an incredible job in managing many disparate views on this matter into a by-law that has the potential for real change and movement forward. Mr. Anderson added the act of passing a zoning by-law is not enough to achieve success. He believes we need to create the environment for developers to bring projects forward that Southborough residents want. These projects must include diversity of housing and small shops. Ms. Braccio thanked the EDC and Planning Board for attending tonight's meeting. Mr. Anderson called for a motion to adjourn the EDC meeting. The EDC meeting was adjourned at 9:39pm.

iii. Updates/ordering of articles

Mr. Dennington suggested a correction in Article 10. The language reads multifamily units up to 12 units, not to exceed 10 units. Language should read not to exceed 10 units. Ms. Braccio asked the Board if anyone has a concern with how the Articles are numbered. There are no concerns by the Board with regard to the ordering of articles. Article 1 – Mr. Purple updated the Board that Ms. Rosenbloom, Personnel Board Chair, had added additional detail to Article I to include a position entitled Senior IT Specialist, Section 20, Schedule A, Grade 7. Ms. Braccio asked the Board for feedback on Article II – amend town code Select Board. Mr. Stivers supports Select Board. Mr. Dennington supports Select Board. Ms. Malinowski supports Select Board. Mr. Healey supports changing the name but to Board of Selectwomen and Selectmen – a term that he feels honors the historical background of the position. Ms. Braccio is leaning in support for Select Board since it is becoming a commonly used term by other cities and towns across the Commonwealth. Ms. Braccio stated that at this Thursday's Advisory meeting, the goal is for the Board to take positions on the Articles. In the future, Ms. Braccio recommends votes by the Board either to support or defeat articles are included in the printed warrants. It supports transparency with the public. Mr. Dennington asked if there would be updated information on Article 4, the request to levy $85,000 for an IT server replacement. Ms. Braccio said an update would be provided at Thursday's Advisory meeting. Ms. Malinowski provided an update/overview of the Board of Health-Personnel Benefits.

She said this article is to fully fund the Health Director and Public Health Nurse from 11/1/21-6/30/22. Both have contracts that are in place until 6/30/22. This article seeks to increase the budget to cover their salaries and benefits. Mr. Purple updated the Board about discussions with the Town Accountant regarding the Water Enterprise Fund and the annual assessment from the MWRA. The number budgeted by the Town was significantly higher than the assessment ($150,000). The correction of this accounting matter will be addressed in the article dealing with budget adjustments.

iv. Approval and signing of final warrant

Mr. Healey moved to approve and sign the final Warrant, as amended. Mr. Stivers seconded the motion. The motion was approved by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Mr. Healey, aye; Ms. Braccio, aye. (5-0-0). All members of the Board of Selectmen will be in tomorrow, October 5th, to sign the Warrant.

c. Continuation of Q4 Financial review –EEA Grant

As part of the FY21 budget review process, Ms. Malinowski has concerns about the EDC's consulting budget because almost all of the budget was used. Her understanding of the purpose of that budget is to apply for grants, including grants on Rt. 9. Ms. Malinowski determined approximately $2,500 in grant or town funds were spent on advocacy material for the Downtown District. Her understanding is that town funds, including reimbursements from grants, cannot be spent on advocacy for a position on a warrant article. She sought advice from Town Counsel and learned policy making boards can use such funds for advocacy for a position. Ms. Malinowski queried whether the EDC is considered a policy making board. She recommends the Board bring forward a policy to eliminate any ambiguity and ensure integrity and creditability of any grant processes that come before the Board. Mr. Healey asked what is the trigger for when funds can be used. Ms. Malinowski replied if materials advocate a position, that is the trigger, although she is not clear on the timing. She believes there should be a line drawn for anything that involves a public vote and would appreciate some guidance from Town Counsel. Mr. Dennington thinks boards in town may not be aware of this restriction and a simple educational process for town boards is important. The message is there is a policy which states town funds cannot be used to advocate for or against a position placed before the public. Mr. Stivers wanted to clarify that he feels it is important not to hinder boards that are problem solving. Educational materials/handouts for Town Meeting as to why a proposal is being brought forth seem reasonable. However, using town funds for advocacy does not. He wants to think about the issue a bit more. Ms. Braccio echoed Mr. Stivers's sentiments in that educational materials are different than advocacy materials. Ms. Braccio asked Ms. Malinowski to draft a potential Board policy addressing this issue. Mr. Healey inquired as to whether the materials in question have been distributed. Ms. Malinowski said she believes they have not. Mr. Healey suggested we inform the EDC of the situation and request they not distribute materials. Ms. Malinowski or Mr. Purple will follow up with the EDC.

d. Board of Health update

Dr. Fazen's report analyzing the structure and activities of the Board of Health is ongoing and the Board was notified he will be conducting a public forum on October 21, 2021 at 7pm via Zoom. It will be recorded. If anyone has questions, they can send them to Ms. Malinowski and she will ensure they are read into the public record. The forum will be advertised.

VII. Public Comment

Mr. Fling has concerns about the upcoming Town Meeting and the lack of visuals available for attendees. He suggests a QR code be printed in the Warrant as a potential solution to the lack of visuals. He also would like families to be seated next to one another. With regard to the Downtown

District and the FAR chart that was shown, he would like future discussion to include consideration of .3 FAR. He believes .3 FAR may be too restrictive for expanded use.

Mr. Dennington stated in the Warrant, Part 7 adds the map. The map wasn't in the Warrant. Is this a separate article? Mr. Purple stated Town Counsel opined the map is a separate article but if the Board want to include in the Warrant, they can do so. Mr. Purple will reach out to Town Counsel for clarification and also query what vote must be taken at Town Meeting to amend the map. Mr. Purple also stated if the change is ministerial, there will be no need for Board to amend. Mr. Miller urges the Board to memorialize the Planning Board map prior to Town Meeting for sake of clarity. He also thanked Ms. Malinowski for her discussion on EDC funds relative to advocacy. He appreciated the information. Finally, he thanked Ms. Braccio for her clear facts with regard to the FAR discussion relative to the Downtown District. Her information provided much needed clarity.

VIII. Adjournment

Mr. Stivers moved to adjourn the meeting. The motion was seconded by Ms. Malinowski and voted all in favor by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Malinowski, aye; Ms. Braccio, aye. The meeting was adjourned at 10:27PM.

Upcoming Meetings
October 19, 2021

Respectfully submitted,

Bridgid Rubin, Recording Secretary

List of Documents referred to at the October 5, 2021 BOS Meeting:

- Letter of Resignation, Andrew Pfaff, Capital Planning Committee 9.30.21
- Letter from Kate Carter to Mark Purple 10.1.21
- Special Town Meeting Warrant Draft 211001
- Letter from the EDC to BOS and Planning Board 9.27.21

Downtown District: Purpose

It is the purpose of the Downtown District to make mixed-use development options more readily available in the downtown area, and to encourage thoughtful and distinctive development or redevelopment opportunities that prioritize a diversity of uses, use and design compatibility, accessibility, innovative parking solutions and overall compliance with the performance and design standards to follow.

More specific objectives of the Downtown District include to:

1) Promote revitalization of Southborough's downtown area by encouraging and facilitating a mixed-use environment.

2) Foster a diverse mix of retail, office, residential, and recreational uses for residents, businesses, students, and visitors.

3) Update the range of non-residential uses allowed, thereby promoting the creation of local jobs.

4) Provide more diverse local housing opportunities (within mixed-use development).

5) Encourage village-style streetscapes and uses, in part through modification of existing dimensional requirements.

6) Increase the town's tax base by creating a thriving small business environment, helping existing businesses and attracting new enterprises.

7) Permit uses that promote conversion of existing buildings in a manner that maintains the visual character and architectural scale of existing development within the Downtown District.

8) Foster a vibrant environment to live, work, and play, encouraging connectivity, pedestrian and bicycle-friendly options, and community gathering space.

Source: Village Mixed Use District Draft V.3

Downtown District: What is Being Proposed

What changes when the Downtown District zoning bylaw is adopted?

1) **An update of permitted uses** to reflect the current day-and-age

2) **By-right or 'pre-approved' uses** to allow for a more expedited permitting process and encourage desirable uses in the Downtown District

3) **Allow for mixed-use**: retail/commercial and residential uses are permitted on the same lot and in one building

4) **Encourage a village-style streetscape**, through carefully crafted development standards (setback, height, dimensional and frontage requirements)

5) **Adoption of Design Guidelines** to encourage that new construction and conversion of existing buildings fit within the visual character and architectural scale of existing development in the Downtown District.

Downtown District: Mixed Use

- Mixed-use development combines different uses within the same building.
- Mixed-use projects may include any combination of housing, office, retail, medical, recreational or commercial components.
- Provides for more public uses on the ground floor, facing the street such as retail, restaurants, commercial uses and more private uses on the upper floor(s) such as residential units, or office space.

The EDC recommends that the 40% restriction on residential units in mixed use developments be scrapped.

This restriction serves no benefit to the Town and does not encourage mixed-use development.

A mixed-use development should be allowed to have commercial/retail/office use on the ground floor and all residential use on the upper floor.

Downtown District: Mixed Use Residential Units

The EDC does not agree with a further reduction of the number of residential units by-right.
After numerous meetings, the consensus was to reduce the number of residential units in a mixed-use development from 12 to 8 units.

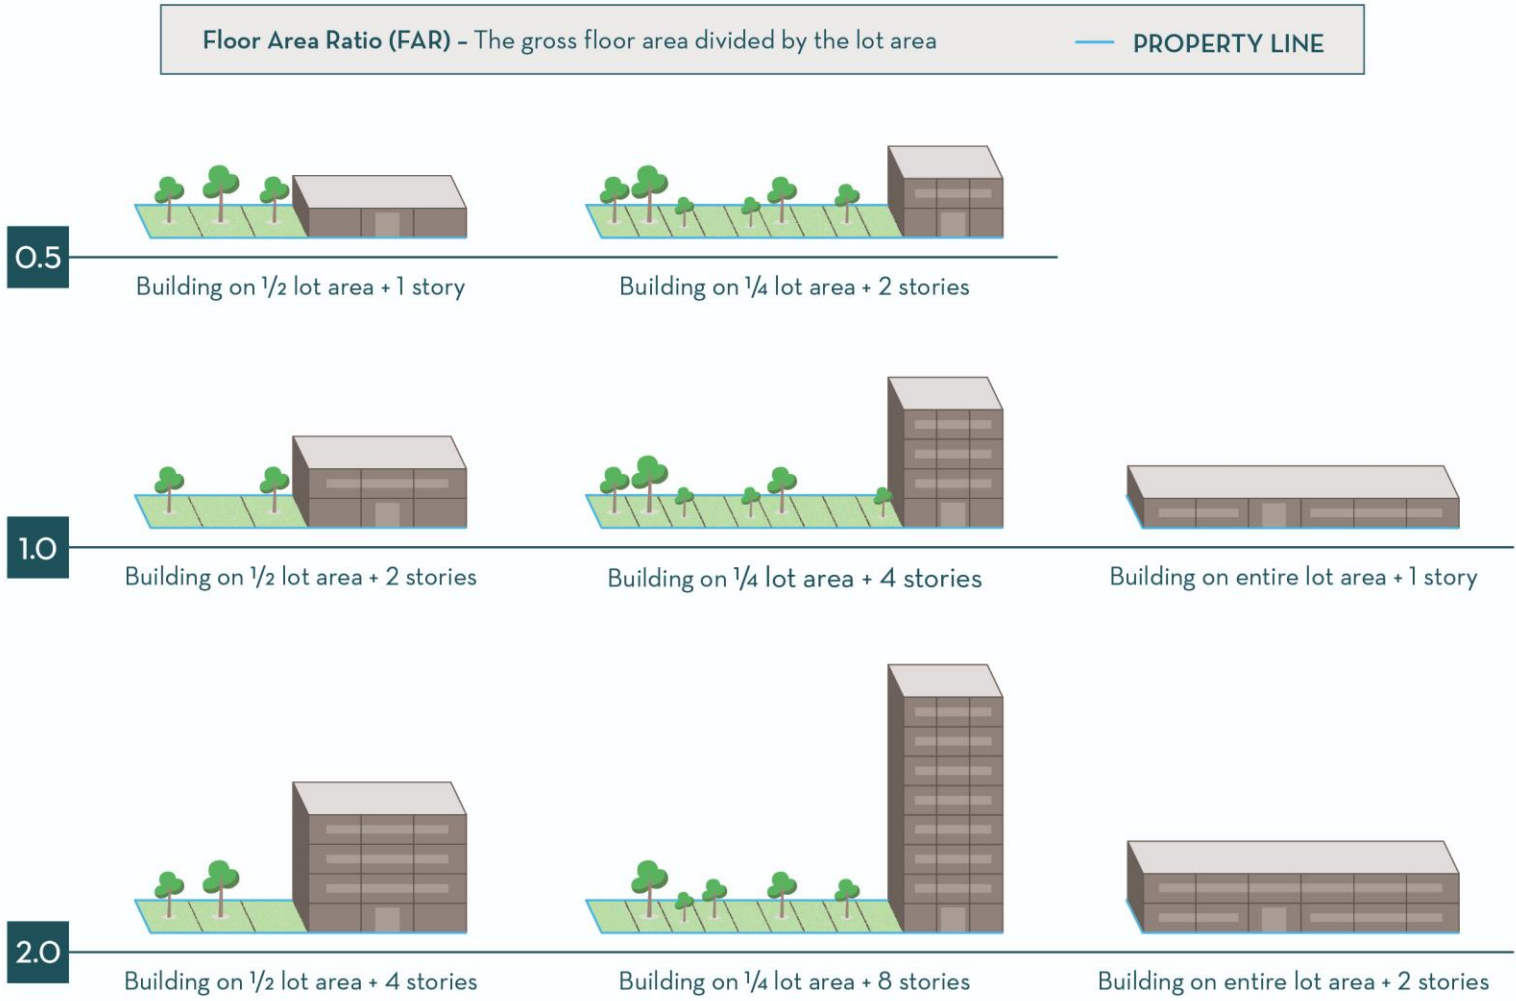
The EDC advises to keep the number at 8 units.

When 25% of a rental residential development are deeded affordable, then the municipality can claim all of the units to their subsidized housing inventory (SHI).

A developer loses money on their affordable units, so with a proforma that removes 33% of their potential income, development becomes cost prohibitive.

Downtown District: Floor Area Ratio

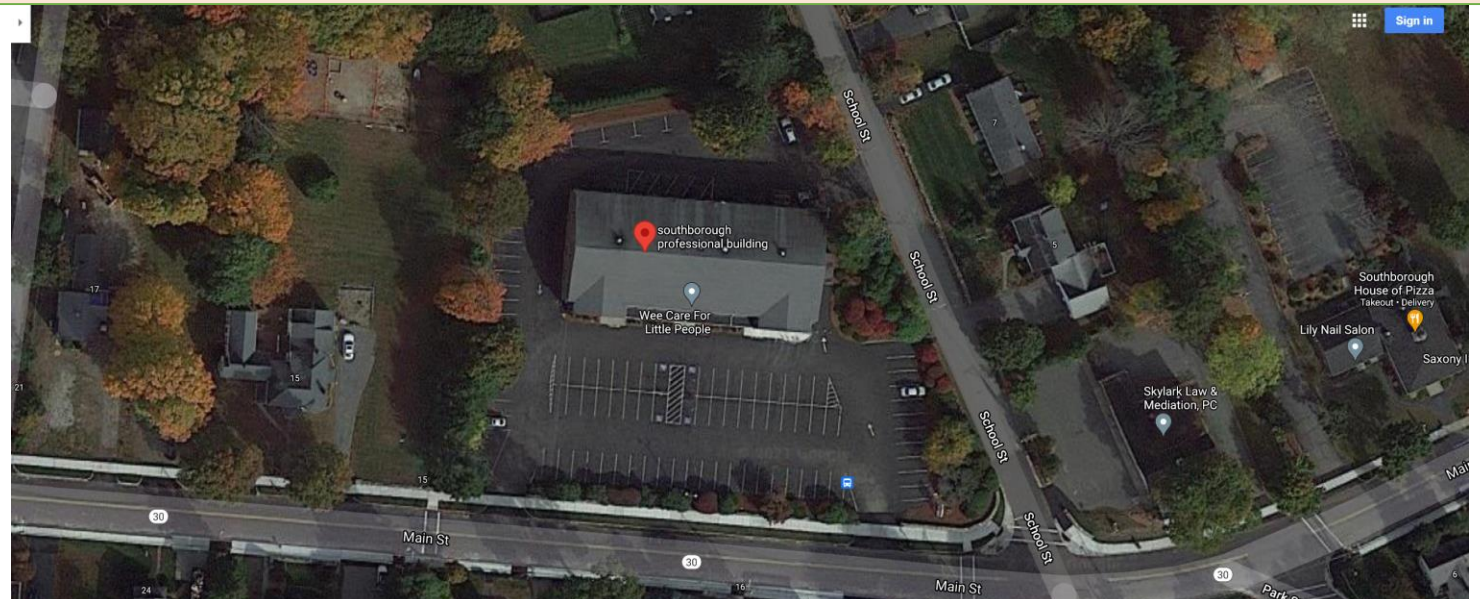
174-8.12 Downtown District F (6): ***Max. Floor Area Ratio: 0.35 as of right, or a maximum of 0.5 by special permit from the Planning Board.***



Floor Area Ratio:

1) This ratio is constant for a zone.
2) A floor area ratio of 1.0 means that floor area may equal lot area.
3) A FAR of 2.0 means that the floor area may be up to two times as large as the lot area.
4) A FAR of 0.5 means that the floor area may be no more than half the lot area.

Source: American Planning Association



A floor area ratio of 0.35 means that:

- *a single story building can have a floor area of up to a third (or 35%) of the entire lot.*
- *A building with 2 stories can cover 17.5% of the lot*
- *A building with 3 stories can only cover 11.6% of the total lot area.*

Downtown District: Floor Area Ratio

The 2 story commercial building at 11 Main Street, currently has a Floor Area Ratio (FAR) of 0.32

11 Main Street would be non-conforming under the Downtown District bylaw with a maximum FAR of 0.30 as proposed by the Planning Board.

Land Area: 1.601 acres (69,696 acres)
Building footprint: 11,052 SF
Building size 22,104 SF
FAR: 0.32 (22,104/69,696)

Downtown District: Floor Area Ratio

SCHEDULE OF DIMENSIONAL REGULATIONS
Town of Southborough
[Amended 4-8-85 ATM, Art. 35]

District or Use	Minimum Lot Dimensions: Area in (square feet)	Frontage (feet)	Front (feet)	Minimum Yard Dimensions: Other Street (feet)	Side (feet)	Rear (feet)	Maximum Height: Feet	Stories	Maximum Floor Area Ratio, Buildings
Residence A (RA) Districts	43,560	150	35	35	25	50	35	2½	.18
Accessory buildings and swimming pools	43,560	150	35	35	10	10	17	1	
Residence B (RB) Districts	25,000	125	30	30	15	35	35	2½	.30

EXECUTIVE SUMMARY

Comcast Cable Television Renewal License

Background: The Comcast license expired on September 19, 2021. The license only covers the Pine Hill Road area. Comcast has 32 subscribers in Southborough who are served as part of Comcast's Framingham service and receive Framingham PEG channels.

Significant License Terms

1. Term: 10 years

Due to Verizon's limited presence in Southborough and the fact that it does not connect to SAM, the Committee negotiated a ten-year renewal license. The renewal licenses with Verizon and Charter, which both interface with SAM, are each for five years.

2. Operational Funding – 5% of gross revenue

This is the maximum permitted by law and matches the level of funding provided by Verizon and Charter.

3. Capital Funding: 0

Because Comcast, unlike Verizon and Charter, does not transmit SAM PEG programming to its Southborough subscribers, the Committee did not obtain funding to support SAM's capital needs. There was also no capital funding required under Comcast's original license.

SOUTHBOROUGH RENEWAL LICENSE

INTRODUCTION

WHEREAS, Comcast of Massachusetts III, Inc., (hereinafter "Licensee"), is the duly authorized holder of a renewal license to operate a cable television system in the Town of Southborough, Massachusetts (hereinafter the "Town"), said license having commenced on September 20, 2011;

WHEREAS, Licensee filed a written request for a renewal of its license by letter dated November 12, 2018 in conformity with the Cable Act and filed a renewal proposal April 30, 2021;

WHEREAS, there has been an opportunity for public comment, as required by Section 626(h) of the Cable Act;

WHEREAS, the Issuing Authority has determined that the financial, legal, and technical ability of Licensee is reasonably sufficient to provide services, facilities, and equipment necessary to meet the future cable-related needs of the community, and desires to enter into this Renewal License with Licensee for the construction and continued operation of a cable system on the terms and conditions set forth herein; and

WHEREAS, the Town's Selectboard, as the Issuing Authority, finds that Licensee has complied with the terms of its previous license.

NOW THEREFORE, after due and full consideration, the Issuing Authority and Licensee agree that this Renewal License is issued upon the following terms and conditions:

DRAFT

ARTICLE 1

DEFINITIONS

SECTION 1.1 - DEFINITIONS

For the purpose of this Renewal License, capitalized terms, phrases, words, and abbreviations shall have the meanings ascribed to them in the Cable Act, as amended from time to time, and Massachusetts General Laws Chapter 166A (M.G.L. c. 166A), as amended from time to time, unless otherwise defined herein.

(a) Access Provider – shall mean the person, group or entity, or non-profit, designated by the Issuing Authority for the purpose of operating and managing the use of Public, Educational and Governmental Access funding, equipment and channels on the cable television system in accordance with this Renewal License and 47 U.S.C. 531.

(b) Basic Cable Service – shall mean the lowest tier of service which includes the retransmission of local television broadcast signals.

(c) Cable Act – shall mean the Cable Communications Policy Act of 1984, Public Law No. 98-549, 98 Stat. 2779 (1984), 47 U.S.C. 521 et. seq., amending the Communications Act of 1934, as further amended by the 1992 Cable Consumer Protection and Competition Act, Public Law No. 102-385 and the Telecommunications Act of 1996, Public Law No. 104-458, 110 Stat. 56 (1996) and as may be further amended.

(d) Cable Service – shall mean the one-way transmission to subscribers of (i) video programming, or (ii) other programming service, and subscriber interaction, if any, which is required for the selection or use of such video programming or other programming service.

(e) Cable System or System – shall mean the facility owned, constructed, installed, operated and maintained by Licensee in the Town of Southborough, consisting of a set of closed transmission paths and associated signal generation, reception, and control equipment that is designed to provide cable service which includes video programming and which is provided to multiple subscribers within a

community, but such term does not include (a) a facility that serves only to retransmit the television signals of one or more television broadcast stations; (b) a facility that serves subscribers without using any public right-of-way; (c) a facility of a common carrier which is subject, in whole or in part, to the provisions of Title II of the Cable Act, except that such facility shall be considered a cable system (other than for purposes of section 621(c) of the Cable Act) to the extent such facility is used in the transmission of video programming directly to subscribers unless the extent of such use is solely to provide interactive on-demand services; or (d) an open video system that complies with section 653 of this title, or (e) any facilities of any electric utility used solely for operating its electric utility systems.

(f) Department or DTC – shall mean the Massachusetts Department of Telecommunications and Cable.

(g) Drop – shall mean the coaxial cable that connects a home or building to the Subscriber Network or Video Return Line.

(h) Effective Date – shall mean September 20, 2021

(i) FCC – shall mean the Federal Communications Commission or any successor governmental entity.

(j) Franchise Fee – shall mean the payments to be made by Licensee to the Issuing Authority, the Town of Southborough and/or any other governmental subdivision, or designated Access Provider, which shall have the meaning as set forth in Section 622(g) of the Cable Act.

(k) Gross Annual Revenues – means the Cable Service revenue actually received by the Grantee from the operation of the Cable System in the Franchise Area to provide Cable Services, calculated in accordance with generally accepted accounting principles ("GAAP"). Cable Service revenue includes monthly basic, premium and pay-per-view video fees, leased access fees, advertising and home shopping revenue, installation fees and equipment rental fees. Gross Revenue shall not include refundable deposits, bad debt, late fees, investment income, programming launch support payments, advertising sales commissions, nor any taxes, fees or assessments imposed or assessed by any governmental authority.

(l) Issuing Authority – shall mean the Selectboard of the Town of Southborough, Massachusetts, or the lawful designee thereof.

(m) Licensee – shall mean Comcast of Massachusetts III, Inc., or any successor or transferee in accordance with the terms and conditions in this Renewal License.

(m) License Fee – shall mean the payments to be made by Licensee to the Issuing Authority, the Town of Southborough and or any other governmental subdivision, which shall have the meaning as set forth in M.G.L.c. 166A, § 9.

(o) Modulator – shall mean CATV modulator or equivalent device used for video signal transport.

(p) Multichannel Video Programming Distributor – shall mean a person such as, but not limited to, a cable operator, a multichannel multipoint distribution service, a direct broadcast satellite service, or a television receive-only satellite program distributor, who makes available for purchase, by subscribers or customers, multiple channels of video programming.

(q) Normal Operating Conditions – shall mean those service conditions which are within the control of the Franchisee. Those conditions which are not within the control of the Franchisee include, but are not limited to, natural disasters, public health emergencies, civil disturbances, power outages, telephone network outages, and severe or unusual weather conditions. Those conditions which are ordinarily within the control of the Franchisee include, but are not limited to, special promotions, pay-per-view events, rate increases, regular peak or seasonal demand periods, and maintenance or upgrade of the Cable System.

(r) Outlet – shall mean an interior receptacle that connects a television set to the Cable Television System.

(s) PEG Access User – shall mean a Person utilizing the Cable System, including all related facilities for purposes of production and/or transmission of PEG Access Programming as opposed to utilization solely as a Subscriber.

(t) Person – shall mean any natural person or any association, firm, partnership, joint venture, corporation, or other legally recognized entity, whether for-profit or not-for profit, but shall not mean the Issuing Authority.

(u) Public, Educational and Governmental (PEG) Access Channel – shall mean a video channel made available by the Licensee for non-commercial use by the public, educational institutions such as public or private schools, but not "home schools," community colleges, and universities, as well as the Issuing Authority.

(v) Public, Educational and Government (PEG) Access Programming – shall mean non-commercial programming produced by any Southborough residents or organizations, schools and government entities and the use of designated facilities, equipment and/or channels of the Cable System in accordance with 47 U.S.C. 531 and this Renewal License.

(w) Public Way – shall mean the surface of, and the space above and below, any public street, highway, freeway, bridge, land path, alley, court, boulevard, sidewalk, way, lane, public way, drive, circle or other public right-of-way, including, but not limited to, public utility easements, dedicated utility strips, or rights-of-way dedicated for compatible uses and any temporary or permanent fixtures or improvements located thereon now or hereafter held by the Issuing Authority in the Town of Southborough, which shall entitle Licensee to the use thereof for the purpose of installing, operating, repairing, and maintaining the Cable System. Public Way shall also mean any easement now or hereafter held by the Issuing Authority within the Town of Southborough for the purpose of public travel, or for utility or public service use dedicated for compatible uses, and shall include other easements or rights-of-way as shall within their proper use and meaning entitle Licensee to the use thereof for the purposes of installing, operating, and maintaining Licensee's Cable System over poles, wires, cables, conductors, ducts, conduits, vaults, manholes, amplifiers, appliances, attachments, and other property as may be ordinarily necessary and pertinent to the Cable System.

(x) Renewal License or License – shall mean this Agreement and any amendments or modifications in accordance with the terms herein.

(y) Signal – shall mean any transmission which carries Programming from one location to another.

(z) Standard Installation – shall mean the standard one hundred twenty-five foot (125') aerial Drop connection to the existing distribution system.

(aa) Subscriber – shall mean a Person who lawfully receives Cable Service with Licensee's express permission.

(bb) Subscriber Network – shall mean the trunk and feeder signal distribution network over which video and audio signals are transmitted to Subscribers.

(cc) Town – shall mean the Town of Southborough, Massachusetts.

(dd) Trunk and Distribution System – shall mean that portion of the Cable System for the delivery of Signals, but not including Drop Cable(s) to Subscriber's residences.

(ee) Video Programming or Programming – shall mean the programming provided by, or generally considered comparable to programming provided by, a television broadcast station.

DRAFT

ARTICLE 2

GRANT OF RENEWAL LICENSE

SECTION 2.1 - GRANT OF RENEWAL LICENSE

(a) Pursuant to the authority of M.G.L. c. 166A, the Cable Act and subject to the terms and conditions herein the Issuing Authority hereby grants a non-exclusive Renewal License to Comcast of Massachusetts III, Inc., authorizing and permitting Licensee to construct, operate and maintain a Cable System in the Public Way within the municipal limits of the Town. Nothing in this License shall be construed to prohibit Licensee from offering any service over its Cable System that is not prohibited by federal or state law.

(b) This Renewal License is granted under and in compliance with the Cable Act and M.G.L.c. 166A, and in compliance with all rules and regulations of the FCC and the Department in force and effect during the period for which this Renewal License is granted.

SECTION 2.2 - TERM: NON-EXCLUSIVITY

The term of this non-exclusive Renewal License shall be for a period of ten (10) years and shall commence on September 20, 2021 following the expiration of the current license, and shall expire at midnight on September 19, 2031.

SECTION 2.3 - POLE AND CONDUIT ATTACHMENT RIGHTS

Pursuant to M.G.L.c. 166, §§22-25, permission is hereby granted to Licensee to attach or otherwise affix including, but not limited to cables, wire, or optical fibers comprising the Cable System to the existing poles and conduits on and under public streets and ways, provided Licensee secures the permission and consent of the public utility companies to affix the cables and/or wires to their pole and conduit facilities. By virtue of this License the Issuing Authority grants Licensee equal standing with power and telephone utilities in the manner of placement of facilities on Public Ways.

DRAFT

SECTION 2.4 - RENEWAL

(a) In accordance with the provisions of federal law, M.G.L.c. 166A, §13 and applicable regulations, this Renewal License shall be subject to additional renewals for periods not to exceed ten (10) years or such other periods as allowed by law and shall be upon mutual written agreement with such modified or additional terms as Licensee and the Issuing Authority may agree.

SECTION 2.5 - RESERVATION OF AUTHORITY

Nothing in this Renewal License shall (A) abrogate the right of the Issuing Authority to perform any public works or public improvements of any description, (B) be construed as a waiver of any codes or bylaws/ordinances of general applicability and not specific to the Cable System, Licensee, or this License, or (C) be construed as a waiver or release of the rights of the Issuing Authority in and to the Public Ways. This License is a contract and except as to those changes which are the result of the Issuing Authority's lawful exercise of its general police power, the Issuing Authority may not take any unilateral action which materially changes the explicit mutual promises in this License. Any changes to this License must be made in writing signed by the Licensee and the Issuing Authority. Any conflict between this License and any Issuing Authority ordinance or regulation that is not generally applicable shall be resolved by a court of competent jurisdiction. Notwithstanding any other provision of this License, Licensee reserves the right to challenge provisions of any ordinance, rule, regulation, or other enactment of the Issuing Authority that conflicts with its contractual rights under this License, either now or in the future.

SECTION 2.6 - COMPETITIVE EQUITY

(a) Licensee acknowledges and agrees that the Issuing Authority reserves the right to grant one or more additional licenses or other authorizations to other Cable Service providers or wireline-based video service providers within the Town for the right to use and occupy the Public Ways or streets within the Town. If any such additional or competitive license or other authorization is granted by the Issuing

Authorities which, in the reasonable opinion of Licensee, contains more financially favorable or less burdensome terms or conditions than this Renewal License, including, but not limited to: franchise fees; insurance; system build-out requirements; performance bonds or similar instruments; PEG access channels and support; customer service standards; required reports and related record keeping; and notice and opportunity to cure breaches; the Issuing Authority agrees that it shall amend this Renewal License to include any more favorable or less burdensome terms or conditions.

(b) In the event an application for a new cable television license or other authorization is filed with the Issuing Authority, proposing to serve the Town, in whole or in part, the Issuing Authority shall serve a copy of such application upon any existing Licensee or incumbent cable operator by registered or certified mail or via nationally recognized overnight courier service within a reasonable time thereafter.

(c) To the extent allowed by applicable law(s), the grant of any additional cable television license(s) or other authorization shall be on equivalent material terms and conditions as those contained in this Renewal License.

(d) The issuance of additional license(s) shall be subject to all applicable federal and state laws, including M.G.L.c. 166A and applicable regulations promulgated thereunder.

(e) In the event that Licensee believes that any additional license(s) or other authorization has been granted on terms or conditions materially more favorable or less burdensome than those contained in this Renewal License, the Issuing Authority shall convene a public hearing on such issue, within not more than thirty (30) days of receipt of a hearing request from Licensee. Along with said written request, Licensee shall provide the Issuing Authority with written reasons for its belief. At the public hearing, the Issuing Authority shall afford Licensee an opportunity to demonstrate that any such additional license(s) or other authorization are on terms more favorable or less burdensome than those contained in this Renewal License. Licensee shall provide the Issuing Authority with such financial or other relevant information as is reasonably requested.

(f) Should Licensee demonstrate that any such additional license(s) or other authorizations have been granted on terms and conditions more favorable or less burdensome than those contained in

this Renewal License, the Issuing Authority shall make equitable amendments to this Renewal License within a reasonable time.

(g) In the event that Licensee demonstrates that an existing or future Cable Service provider or wireline-based video service provider in the Town has been provided relief by the Issuing Authority from any material obligation of its license, then Licensee shall be awarded an equivalent amount of relief from the material obligations herein. Such relief shall be in writing and in the form of an amendment to this License. The Issuing Authority shall convene a public hearing on the issue within sixty (60) days of Licensee's notification to the Issuing Authority requiring such relief, unless otherwise mutually agreed to. License shall provide reasons for its belief in the notification. At the public hearing, the Issuing Authority shall afford Licensee an opportunity to demonstrate that any existing or future service providers in the Town have been provided relief by the Issuing Authority from any obligation of its cable television license or other similar lawful authorization. Licensee shall provide the Issuing Authority with such financial or other relevant information as is reasonably requested to justify its belief; provided, however, that said information is non-proprietary.

DRAFT

ARTICLE 3

SYSTEM SPECIFICATIONS AND CONSTRUCTION

SECTION 3.1 - AREA TO BE SERVED

(a) The area to be served by the Licensee pursuant to this Renewal License shall be limited to the Pine Hill area of the Town only, consisting of the Public Ways and Streets listed in Exhibit "A," attached hereto, which area shall be referred to as the "Service Area." Cable service shall be provided to every dwelling in the Service Area occupied by a Person requesting Cable Service that can be reached by the Cable System by the public right of way in the Town or easements in the Town over which the Town has control, provided that the Licensee is able, in addition, to obtain from owners of private property any necessary easements and/or permits in accordance with applicable law(s).

(b) The Licensee shall make its Cable System available to the residents of the Service Area, unless legally prevented from doing so, subject only to the installation charges herein.

(c) Installation costs shall conform with the Cable Act. Any dwelling unit within an aerial three hundred feet (300 ft.) of the Trunk and Distribution System shall be entitled to a Standard Installation rate in accordance with applicable federal and state laws. Underground installs are considered non-standard installations. All non-standard installations shall be provided at a rate established by the Licensee in accordance with applicable federal and state laws.

SECTION 3.2 - SUBSCRIBER NETWORK

Licensee shall maintain a Cable Television System, fully capable of providing Cable Service in accordance with applicable law.

SECTION 3.3 - PARENTAL CONTROL CAPABILITY

(a) Pursuant to applicable law, upon request, and at no separate, additional charge, Licensee shall provide Subscribers with the capability to control the reception of any channel on the Cable System.

(b) The Issuing Authority acknowledges that the parental control capability may be part of a converter box and Licensee may charge Subscriber for use of said converter box.

SECTION 3.4---EMERGENCY ALERT OVERRIDE CAPACITY

Licensee shall comply with the FCC's Emergency Alert System ("EAS") regulations.

DRAFT

ARTICLE 4

TECHNOLOGICAL AND SAFETY STANDARDS

SECTION 4.1 - SYSTEM MAINTENANCE

(a) In installing, operating and maintaining equipment, cable and wires, Licensee shall avoid damage and injury to trees, structures and improvements in and along the routes authorized by the Issuing Authority, except as may be approved by the Issuing Authority if required for the proper installation, operation and maintenance of such equipment, cable and wires.

(b) The construction, maintenance and operation of the Cable System for which this Renewal License is granted shall be done in conformance with all applicable state and federal laws, bylaws/ordinances, codes and regulations of general applicability and the rules and regulations of the FCC as the same exist or as same may be hereafter changed or amended.

(c) Licensee shall install and maintain its equipment, cable and wires in such a manner as shall not interfere with any installations of the Town or any public utility serving the Town.

(d) All structures and all equipment, cable and wires in, over, under, and upon streets, sidewalks, alleys, and public rights of ways of the Town, wherever situated or located shall at all times be kept and maintained in a safe and suitable condition and in good order and repair.

SECTION 4.2 - REPAIRS AND RESTORATION

Whenever Licensee takes up or disturbs any pavement, sidewalk or other improvement of any public right of way or public place, the same shall be replaced and the surface restored in as good condition as possible as before entry as soon as practicable. If Licensee fails to make such restoration within a reasonable time, the Issuing Authority may fix a reasonable time for such restoration and repairs, and shall notify Licensee in writing of the restoration and repairs required and the time fixed for the performance thereof. Upon failure of Licensee to comply within the time specified, the Issuing Authority may cause proper restoration and repairs to be made and the expense of such work shall be paid by

Licensee upon written demand by the Issuing Authority. Prior to such repair or restoration the Town shall submit a written estimate to Licensee of the actual cost of said repair or restoration.

SECTION 4.3 - CABLE LOCATION

(a) In all areas of the Town where all of the transmission and distribution facilities of all public or municipal utilities are installed underground, Licensee shall install its Cable System underground, provided that such facilities are actually capable of receiving the Licensee's cable and other equipment without technical degradation of the Cable System's signal quality.

(b) In all areas of the Town where public utility lines are aerially placed, if subsequently during the term of the Renewal License such public utility lines are required by the Issuing Authority or State to be relocated aerially or underground, Franchisee shall similarly relocate its Cable System if it is given reasonable notice and access to the public and municipal utilities facilities at the time that such are placed underground. Any costs incurred by Licensee for relocating the Cable System shall be reimbursed to Licensee in the event public or private funds are raised for the project and made available to other users of the Public Way. If funds are not reimbursed, Licensee reserves the right to pass through its costs to Subscribers.

(c) Nothing in this Section shall be construed to require Licensee to construct, operate, or maintain underground any ground-mounted appurtenances such as customer taps, line extenders, system passive devices, amplifiers, power supplies, pedestals, or other related equipment.

SECTION 4.4 - TREE TRIMMING

Licensee shall have authority to trim trees upon and overhanging public streets, alleys, sidewalks and ways and places of the Town to prevent the branches of such trees from coming in contact with the wires, cables and equipment of Licensee, in accordance with MGL c. 87 and any Town bylaws/ordinances and regulations.

DRAFT

SECTION 4.5 – STRAND MAPS

Upon written request, the Licensee shall file with the Issuing Authority strand maps of the Cable System plant installed. Upon written request said strand maps shall also be provided in electronic format if they exist in said electronic format. The Licensee shall not be required to provide a particular type of electronic format which is different from the electric format the Licensee maintains.

SECTION 4.6 - BUILDING MOVES

(a) In accordance with applicable laws, Licensee shall, upon the written request of any Person holding a building moving permit issued by the Town, temporarily raise or lower its wires to permit the moving of the building(s). Licensee shall be given not less than thirty (30) days' advance written notice to arrange for such temporary wire changes. The cost to raise or lower wires shall be borne by the Person(s) holding the building move permit.

(b) Licensee shall have the right to reimbursement under any applicable insurance or government program for reimbursement.

SECTION 4.7 - DIG SAFE

Licensee shall comply with applicable "dig safe" provisions pursuant to M.G.L.c. 82, § 40.

SECTION 4.8 - DISCONNECTION AND RELOCATION

(a) In accordance with applicable law, Licensee shall, at its sole cost and expense, protect, support, temporarily disconnect, relocate in the same street, or other Public Right of Ways, or remove from any street or any other Public Ways and places, any of its property as required by the Issuing Authority by reason of traffic conditions, public safety, street construction, change or establishment of street grade, or the construction of any public improvement or structure by any Town department acting in a lawful governmental capacity.

DRAFT

(b) In requiring Licensee to protect, support, temporarily disconnect, relocate or remove any portion of its property, the Issuing Authority shall treat Licensee the same as, and require no more of Licensee, than any other similarly situated utility.

(c) Licensee shall have the right to reimbursement of project costs under any applicable insurance or government program for reimbursement. All cable operators and public or municipal utility companies shall be treated alike if reimbursed for such costs by the Town. If funds are not reimbursed, Licensee reserves the right to pass its costs through to Subscribers.

SECTION 4.9 - EMERGENCY REMOVAL OF PLANT

(a) If, at any time, in case of fire or disaster in the Town, it shall be necessary in the reasonable judgment of the Issuing Authority to cut or move any of the wires, cable or equipment of the Cable Television System, the Town shall have the right to do so without cost or liability, provided however that, wherever possible, the Issuing Authority shall give Licensee written notice and the ability to relocate wires, cable or other equipment.

(b) Licensee shall have the right to reimbursement under any applicable insurance or government program for reimbursement. All cable operators and public or municipal utility companies shall be treated alike if reimbursed for such costs by the Town. If funds are not reimbursed, Licensee reserves the right to pass its costs through to Subscribers.

DRAFT

ARTICLE 5

PROGRAMMING

SECTION 5.1 - BASIC CABLE SERVICE

Licensee shall make available a Basic Cable Service tier to all subscribers in accordance with 47 U.S.C. 534.

SECTION 5.2 - PROGRAMMING

(a) Pursuant to 47 U.S.C. 544, Licensee shall maintain broad categories of Video Programming. Pursuant to federal law, all Video Programming decisions, excluding PEG Access Programming, are at the sole discretion of Licensee.

(b) Licensee shall comply with applicable FCC Rules and Regulations as well as DTC Rules and Regulations regarding notice of programming changes. Advance notice shall not be required for the launch of new channels when offered on a subscription basis or added to an existing service tier at no additional cost to the customer. Written notices required by this section may be provided electronically as permitted by 47 C.F.R. § 76.1600.

SECTION 5.3 – CABLE CHANNELS FOR COMMERCIAL USE

Pursuant to 47 U.S.C. 532, Licensee shall make available channel capacity for commercial use by persons unaffiliated with Licensee. Rates for use of commercial leased access channels shall be negotiated between Licensee and the commercial user in accordance with federal law. Licensee shall have no editorial control over the content of programming on leased access channels and is not subject to any liability therefrom.

DRAFT

ARTICLE 6

PEG ACCESS CHANNEL(S) AND SUPPORT

SECTION 6.1 - PEG ACCESS

The Access Provider, as designated by the Issuing Authority, shall continue to be responsible for the provision of PEG access Programming to Subscribers, pursuant to the provisions of this Article 6.

SECTION 6.2 - PEG ACCESS PROVIDER

Beginning on the Effective Date, Issuing Authority or Access Provider shall provide services to PEG Access Users and the Town as follows:

(1) Schedule, operate and program the PEG Access channels provided in accordance with Section 6.3 below;

(2) Manage the annual funding, pursuant to Section 6.4 below;

(3) Purchase, maintain and/or lease equipment, with the funds allocated for such purposes in Section 6.4 below;

(4) Conduct training programs in the skills necessary to produce PEG Access Programming;

(5) Provide technical assistance and production services to PEG Access Users;

(6) Establish, implement and enforce rules, procedures and guidelines for use of the PEG Access Channels;

(7) Provide publicity, fundraising, outreach, referral and other support services to PEG Access Users;

(8) Assist PEG Access Users in the production of PEG Access Programming of interest to Subscribers; and

(9) Accomplish such other tasks relating to the operation, scheduling and/or management of the PEG Access Channels, facilities and equipment as appropriate and necessary.

DRAFT

SECTION 6.3 - PEG ACCESS PROGRAMMING TO SUBSCRIBERS IN THE SERVICE AREA

Unless otherwise agreed to by the Issuing Authority and the Licensee in writing, the Licensee shall provide Framingham PEG Access Programming from its Framingham cable system to Southborough Subscribers in the Service Area.

SECTION 6.4 – PEG ACCESS SUPPORT

(a) Licensee shall provide a Franchise Fee to the Issuing Authority, or its designee, for PEG Access purposes, equal to five percent (5%) of its Gross Annual Revenues, less applicable License Fees and assessments from any state or other governmental agencies. Said Franchise Fee shall be used for salaries, operating and other expenses related to PEG Access programming operations, equipment and/or facilities. Said five percent (5%) Franchise Fee shall be made to the Issuing Authority, or its designee, on a quarterly basis. The first payment shall be made on November 15, 2021 for the period of the Effective Date through September 30, 2021. Quarterly thereafter, Licensee shall provide payments each February 15th, May 15th, August 15th and November 15th based on revenues from the previous calendar quarter.

DRAFT

ARTICLE 7

CUSTOMER SERVICE AND CONSUMER PROTECTION

SECTION 7.1 - CUSTOMER SERVICE

(a) Licensee shall comply with all customer service regulations of the FCC (47 CFR §76.309), and the regulations of the Massachusetts Department of Telecommunications and Energy, Cable Division, governing billing practices, at 207 CMR §10.01, et. seq., as they exist or as they may be amended from time to time. Likewise, Licensee shall comply with the customer service regulations promulgated by the Cable Division as they exist or as they may be amended from time to time.

(b) The Licensee shall maintain and operate a customer service call center twenty-four (24) hours a day, seven (7) days a week, including holidays. The Licensee shall comply with all state and federal requirements pertaining to the hours of operation of its customer service call center.

SECTION 7.2 - CONSUMER COMPLAINT PROCEDURES

Complaints by any Person as to the operation of the Cable System may be filed in writing with the Department or with the Issuing Authority, each of which shall within ten (10) days forward copies of such complaints to the other. The Issuing Authority and the Department shall be notified by Licensee on forms to be prescribed by the Department not less than annually, of the complaints of Subscribers received during the reporting period and the manner in which they have been met, including the time required to make any necessary repairs or adjustments.

SECTION 7.3 - PROTECTION OF SUBSCRIBER PRIVACY

Licensee shall comply with applicable federal and state privacy laws and regulations, including 47 U.S.C. 551.

DRAFT

SECTION 7.4 - EMPLOYEE IDENTIFICATION CARDS

All of Licensee's employees, including repair and sales personnel, entering private property shall be required to carry an employee identification card issued by Licensee.

DRAFT

ARTICLE 8

PRICES AND CHARGES

SECTION 8.1 - PRICES AND CHARGES

(a) Before any new or modified rate, fee, or charge is imposed, Licensee shall follow the applicable FCC and State notice requirements and rules and notify affected Subscribers, which notice may be by any means permitted under applicable law. Nothing in this Renewal License shall be construed to prohibit the reduction or waiver of charges in conjunction with promotional campaigns for the purpose of attracting or retaining Subscribers.

(b) The Issuing Authority acknowledges that under the Cable Act, certain costs of Public, Educational and Governmental ("PEG") Access and other license/franchise requirements may be passed through to the Subscribers in accordance with federal law.

DRAFT

ARTICLE 9

REGULATORY OVERSIGHT

SECTION 9.1 - INDEMNIFICATION

Licensee shall indemnify, defend and hold harmless the Issuing Authority, its officers, employees, and agents from and against any liability or claims resulting from property damage or bodily injury (including accidental death) that arise out of Licensee's construction, operation, maintenance or removal of the Cable System, including, but not limited to, reasonable attorney's fees and costs, provided that the Issuing Authority shall give Licensee timely written notice of its obligation to indemnify and defend the Issuing Authority within the timely receipt of a claim or action, sufficient to avoid entry of a default judgment against the Issuing Authority. If the Issuing Authority determines that it is necessary for it to employ separate counsel, the costs for such separate counsel shall be the responsibility of the Issuing Authority. The Licensee shall not be required to Indemnify the Issuing Authority for any claims resulting from acts of willful misconduct or negligence on the part of the Issuing Authority.

SECTION 9.2 - INSURANCE

(a) Licensee shall carry Commercial General Liability insurance throughout the term of this Renewal License and any removal period pursuant to M.G.L.c. 166A, § 5(c) with an insurance company authorized to conduct business in Massachusetts protecting, as required in this Renewal License, Licensee and listing the Town as an additional insured, against any and all claims for injury or damage to persons or property, both real and personal, caused by the construction, installation, operation, maintenance or removal of its Cable System. The amount of such insurance against liability for personal injury and property damage shall be no less than One Million Dollars ($1,000,000) as to any one occurrence. The amount of such insurance for excess liability shall be Five Million Dollars ($5,000,000) in umbrella form.

DRAFT

(b) Licensee shall carry insurance against all claims arising out of the operation of motor vehicles in the amount of One Million Dollars ($1,000,000) combined single limit for bodily injury and consequent death and property damage per occurrence;

(c) All insurance coverage, including Workers' Compensation, shall be maintained throughout the period of this Renewal License. All expenses incurred for said insurance shall be at the sole expense of Licensee.

(d) Licensee shall provide the Issuing Authority upon request with certificate(s) of insurance for all policies required herein upon expiration of policies.

SECTION 9.3 - PERFORMANCE BOND

(a) Licensee has submitted and shall maintain throughout the duration of this Renewal License and any removal period pursuant to M.G.L.c. 166A, § 5(c) a performance bond in the amount of Twenty-Five Thousand Dollars ($25,000) running to the Town with a surety company satisfactory to the Issuing Authority to guarantee the following terms:

(1) the satisfactory completion of the installation and operation of the Cable System in accordance with this Renewal License and applicable law;

(2) the satisfactory restoration of pavements, sidewalks and other improvements in accordance with M.G.L.c. 166A, § 5(g);

(3) the indemnity of the Town in accordance with M.G.L.c. 166A, § 5(b); and

(4) the satisfactory removal or other disposition of the Cable System in accordance with M.G.L.c. 166A, § 5(f).

SECTION 9.4 - LICENSE FEES

(a) During the term of the Renewal License the annual License Fee payable to the Issuing Authority shall be the maximum allowable by law, per Subscriber served as of the last day of the

preceding calendar year, payable on or before March 15th of the said year. Pursuant to M.G.L.c. 166A, § 9, this fee is currently fifty cents ($.50) per Subscriber

(b) In accordance with Section 622(b) of the Cable Act, Licensee shall not be liable for a total financial commitment pursuant to this Renewal License and applicable law in excess of five percent (5%) of its Gross Annual Revenues; provided, however, that said five percent (5%) shall include (i) the PEG Access Annual Support (Section 6.4) and (ii) any amounts included in the term "Franchise Fee" pursuant to Section 622(g)(1) of the Cable Act), but shall not include the following: (i) interest due herein to the Issuing Authority because of late payments; and (ii) any other exclusion to the term "Franchise Fee" pursuant to Section 622(g)(2) of the Cable Act.

(c) All payments by Licensee to the Town pursuant to this Section shall be made payable to the Town unless otherwise agreed to in writing by the parties.

SECTION 9.5 - EQUAL EMPLOYMENT OPPORTUNITY

Licensee is an Equal Opportunity Employer and shall comply with applicable FCC regulations with respect to Equal Employment Opportunities.

SECTION 9.6 - REVOCATION OF LICENSE

The License issued hereunder may, after due written notice and hearing per Section 9.8 (Notice and Opportunity to Cure), be revoked by the Issuing Authority or the Department for any of the following reasons:

(a) For false or misleading statements in, or material omissions from, the application submitted under M.G.L.c. 166A, § 4;

(b) For failure to file and maintain the performance bond as described in Section 9.3 (Performance Bond) or to maintain insurance as described in Section 9.2 (Insurance);

(c) For repeated failure to comply with the material terms and conditions herein required by M.G.L.c. 166A, §5;

DRAFT

(d) For repeated failure, as determined by the Department, to maintain signal quality pursuant to the standards provided for by the FCC;

(e) For any transfer or assignment of the Renewal License or control thereof without consent of the Issuing Authority in violation of Section 9.9 herein; and

(f) For failure to complete construction in accordance with the provisions of the Renewal License.

SECTION 9.7 - NOTICE AND OPPORTUNITY TO CURE

If the Issuing Authority has reason to believe that Licensee has defaulted in the performance of any or several material provisions of this Renewal License, except as excused by Force Majeure, the Issuing Authority shall notify Licensee in writing, by certified mail, of the material provision or provisions which the Issuing Authority believes may have been in default and the details relating thereto. Licensee shall have thirty (30) days from the receipt of such notice to:

(a) respond to the Issuing Authority in writing, contesting the Issuing Authority's assertion of default and providing such information or documentation as may be necessary to support Licensee's position; or

(b) cure any such default (and provide written evidence of the same), or, in the event that by nature of the default, such default cannot be cured within such thirty (30) day period, to take reasonable steps to cure said default and diligently continue such efforts until said default is cured. Licensee shall report to the Issuing Authority, in writing, by certified mail, at forty-five (45) day intervals as to Licensee's efforts, indicating the steps taken by Licensee to cure said default and reporting Licensee's progress until such default is cured.

(c) In the event that (i) Licensee fails to respond to such notice of default; and/or (ii) Licensee fails to cure the default or to take reasonable steps to cure the default within the required forty-five (45) day period; the Issuing Authority or its designee shall promptly schedule a public hearing no sooner than

DRAFT

fourteen (14) days after written notice, by certified mail, to Licensee. Licensee shall be provided reasonable opportunity to offer evidence, question witnesses, if any, and be heard at such public hearing.

(d) Within thirty (30) days after said public hearing, the Issuing Authority shall issue a written determination of its findings. In the event that the Issuing Authority determines that Licensee is in such default, the Issuing Authority may determine to pursue any lawful remedy available to it.

(e) If (i) the Issuing Authority fails to issue a written reply within 30 days accepting or rejecting Licensees' response pursuant to 9.8(a) above; (ii) the Issuing Authority fails to issue a written acknowledgement after Licensee's notice that it cured said default pursuant to 9.8(b) above; and/or (iii) the Issuing Authority fails to schedule a public hearing no later than thirty (30) days of having sent a written notice consistent with Section 9.8(c) above and/or (iv) the Issuing authority fails to issue a written determination with thirty (30) days after the public hearing pursuant to Section 9.8(d) above , then the issue of said default against Licensee by the Issuing Authority shall be considered null and void.

SECTION 9.8 – LIQUIDATED DAMAGES

For the violation of any of the following material provisions of this Renewal License, liquidated damages shall be paid by the Licensee to the Town, subject to Section 9.8 (*Notice and Opportunity to Cure*) above. Any such liquidated damages shall be assessed as of the date that the Licensee receives written notice, by certified mail, pursuant to Section 9.8 (*Notice and Opportunity to Cure)* above, of the provision(s) which the Issuing Authority believes to be in default, unless cured pursuant to Section 9.8 (*Notice and Opportunity to Cure*) above.

1. For failure to extend service to any resident in accordance with Article 3 (*Area to be Served*) herein, One Hundred and Fifty Dollars ($150.00) per day, for each day that such non-compliance continues.

2. For failure to comply with the FCC's Customer Service Obligations, 47 CFR §76.309, and the Massachusetts Department of Telecommunications and Energy ("DTE"), Cable Division, Billing

Practices Regulation, 207 CMR §10.01 et seq., as each may from time to time be amended, and in compliance with Sections 7.1 and 7.2. Fifty Dollars ($50.00) for each day that any such non-compliance continues.

3. For failure to operate and maintain the Cable Television System, in accordance with Section 4.1 (*System Maintenance*) herein, Fifty ($50.00) per day, for each day such non-compliance continues.

4. For failure to comply with the PEG access commitments contained in Article 6 (*PEG Access Channels and Support*) herein, Fifty ($50.00) per day, for each day such non-compliance continues longer than 30 days.

5. For failure to maintain the bonds and insurance required by Sections 9.2 and 9.3 (*Insurance and Bonds*) herein, One Hundred Dollars ($100.00) per day, for each day of non-compliance.

All similar violations or failures from the same factual events affecting multiple Subscribers shall be assessed as a single violation, and each violation or a failure may only be assessed as a single material violation.

SECTION 9.9 - TRANSFER OR ASSIGNMENT

In accordance with 207 CMR 4.00 and applicable federal law, this Renewal License or control hereof shall not be transferred or assigned without the prior written consent of the Issuing Authority, which consent shall not be arbitrarily or unreasonably withheld. The consent of the Issuing Authority shall be given only after a hearing upon written application therefor on forms prescribed by the Department. Pursuant to 207 CMR 4.01(2), a transfer or assignment of a license or control thereof between commonly controlled entities, between affiliated companies, or between parent and subsidiary corporations, shall not constitute a transfer or assignment of a license or control thereof under M.G.L.c.166A Section 7.

DRAFT

SECTION 9.10 - REMOVAL OF SYSTEM

Upon termination of this Renewal License or denial of any renewal hereof by passage of time or otherwise in accordance with applicable law and after all appeals from any judicial determination are exhausted and final, Licensee shall remove its supporting structures, poles, transmission and distribution systems and other appurtenances from the streets, ways, lanes, alleys, parkways, bridges, highways, and other public and private places in, over, under, or along which they are installed and shall restore the areas to their original condition. If such removal is not completed within six (6) months of such termination, the Issuing Authority or property owner may deem any property not removed as having been abandoned. Notwithstanding the above, Franchisee shall not be required to remove, relocate or sell its Cable System, or any portion thereof as a result of termination, denial of renewal, or any other lawful action to forbid or disallow Franchisee from providing Cable Service, if the Cable System is actively being used to facilitate any other services not governed by the Cable Act.

SECTION 9.11 - INCORPORATION BY REFERENCE

(a) All presently and hereafter applicable conditions and requirements of federal and state laws, including but not limited to M.G.L.c. 166A, and the rules and regulations of the FCC and the Department, as they may be amended, are incorporated herein by reference, to the extent not enumerated herein.

(b) Should the State, the federal government or the FCC require Licensee to perform or refrain from performing any act the performance or non-performance of which is inconsistent with any provisions herein, the Issuing Authority and Licensee will thereupon, if they determine that a material provision herein is affected, modify any of the provisions herein to reflect such government action.

SECTION 9.12 - NO THIRD-PARTY BENEFICIARIES

Nothing in this Renewal License is intended to confer third-party beneficiary status on any member of the public to enforce the terms of this Renewal License.

DRAFT

DRAFT

ARTICLE 10

MISCELLANEOUS

SECTION 10.1 - SEVERABILITY

If any section, subsection, sentence, clause, phrase, or other portion of this Renewal License is, for any reason, declared invalid, in whole or in part, by any court, agency, commission, legislative body, or other authority of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent portion. Such declaration shall not affect the validity of the remaining portions hereof, which other portions shall continue in full force and effect.

SECTION 10.2 - FORCE MAJEURE

If for any reason of force majeure Licensee is unable in whole or in part to carry out its obligations hereunder, said Licensee shall not be deemed in violation or default during the continuance of such inability. Unless further limited elsewhere in this Renewal License, the term "force majeure" as used herein shall have the following meaning: strikes; acts of god; acts of public enemies, orders of any kind of the government of the United States of America or of the Commonwealth of Massachusetts or any of their departments, agencies, political subdivisions, or officials, or any civil or military authority; insurrections; riots, pandemics; epidemics; public health emergencies; landslides; lightning; earthquakes; tornados; fires; hurricanes; volcanic activity; storms; floods; washouts; droughts, environmental restrictions, arrests; civil disturbances; explosions; partial or entire failure of utilities; unavailability of materials and/or essential equipment, environmental restrictions or any other cause or event not reasonably anticipated or within Licensee's control.

SECTION 10.3 - NOTICES

(a) Every notice to be served upon the Issuing Authority shall be sent by certified mail, nationally recognized overnight courier service or other means as allowed by applicable law and providing for a

DRAFT

receipt as proof of delivery to the following address or such other address as the Issuing Authority may specify in writing to Licensee.

Town of Southborough
Attn: Selectboard
17 Common Street
Southborough, MA, 01772

(b) Every notice served upon Licensee shall be delivered or sent by certified mail (postage prepaid) or nationally recognized overnight courier service to the following address or such other address as Licensee may specify in writing to the Issuing Authority.

Comcast Cable Communications, Inc.
Attn: Government Relations
5 Omni Way
Chelmsford, MA 01824

with copies to:

Comcast Cable Communications, Inc.
Attn: Vice President, Government Relations
676 Island Pond Road
Manchester, NH 03109

Comcast Cable Communications, Inc.
Attn: Government Affairs
One Comcast Center
Philadelphia, PA 19103

(c) Delivery of such notices shall be equivalent to direct personal notice, direction or order, and shall be deemed to have been given at the time of receipt.

SECTION 10.4 - ENTIRE AGREEMENT

This instrument contains the entire agreement between the parties, supersedes all prior agreements or proposals except as specifically incorporated herein, and cannot be changed without written amendment signed by the Issuing Authority and the Licensee.

DRAFT

SECTION 10.5 - CAPTIONS

The captions to sections throughout this Renewal License are intended solely to facilitate reading and reference to the sections and provisions of the Renewal License. Such sections shall not affect the meaning or interpretation of the Renewal License.

SECTION 10.6 - APPLICABILITY OF RENEWAL LICENSE

All of the provisions in this Renewal License shall apply to the Town, Licensee, and their respective successors and assigns.

SECTION 10.7 - WARRANTIES

Licensee warrants, represents and acknowledges that, as of the Effective Date of this Renewal License:

(a) Licensee is duly organized, validly existing and in good standing under the laws of the State;

(b) Licensee has the requisite power and authority under applicable law and its by-laws and articles of incorporation and/or other organizational documents, is authorized by resolutions of its Board of Directors or other governing body, and has secured all consents which are required to be obtained as of the date of execution of this Renewal License, to enter into and legally bind Licensee to this Renewal License and to take all actions necessary to perform all of its obligations pursuant to this Renewal License;

(c) This Renewal License is enforceable against Licensee in accordance with the provisions herein; and

(d) There is no action or proceedings pending or threatened against Licensee which would interfere with performance of this Renewal License.

DOWNTOWN DISTRICT (DD)

June 23, 2021 Revisions (BOS approved 06.29.21) (JC edits 09.15.21) (PB edits 09.20.21)(EDC approved 10.05.21)

Part 1. Amend Article I, Miscellaneous Provisions, **§ 174-2** Definitions, by adding the following new terms and definitions in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guest rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

ESTABLISHMENT

An institutional, business, commercial, or industrial activity that occupies all or a portion of a building; a place of business.

FAÇADE

The external faces of a building.

FRONTAGE OCCUPANCY

The percent of a lot's street frontage that is occupied by a building between the minimum and maximum front setback range.

LANDSCAPED GREEN SPACE

Land that is covered with grass, trees, shrubs, or other vegetation and may include a pervious walkway that meets accessibility standards.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

A development that includes any combination of permitted nonresidential uses and one

or more dwelling units within a single structure; provided, however, that the inclusion of two (2) or more dwelling units in a mixed-use development shall not be deemed a multifamily dwelling. The ground floor facing the street shall be used only for permitted nonresidential uses, ~~and the total gross floor area occupied by nonresidential uses shall be at least 10 percent of the gross floor area of the structure~~. ~~and residential dwellings cannot exceed 40% of the gross floor area of the above ground level floor space of the building (no residential dwellings in the basement level).~~

Part 2. Amend Article II, Establishment of Districts, **§ 174-3 Districts enumerated,** by adding the following new district:

M. Downtown District, referred to as DD

Part 3. Amend Article III, Use Regulations, **§ 174-8.C.(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, § 174-8, Schedule of Use Regulations, by adding the following new section:

§ 174-8.12 Downtown District

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB).

(2) Mixed-use development, provided that each nonresidential use in the development is a permitted use under this Section 174-8.12(A) or Section 174-8.12(B) and provided that the number of dwelling units does not exceed eight (8) ~~three (3).~~

(3) Professional or business office, or bank, but not including a medical or dental office.

(4) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery.

(5) Bed and breakfast.

(6) Child care center.

(7) Co-work center.

B. Permitted uses, up to a maximum of 3,000 square feet per establishment.

(1) Retail sales and services.

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited).

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through service is prohibited).

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair.

C. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection B exceeding 3,000 sq. ft. per establishment.

(2) Mixed-use development that includes a nonresidential use that is a permitted use under Section 174-8.12(A) or Section 174-8.12(B) but with nine (9) ~~four (4)~~ or more dwelling units.

(3) Mixed-use development that includes a nonresidential use requiring a special permit under this Section 174-8.12.

(4) Microbrewery.

(5) Veterinarian, animal hospital, or animal clinic.

(6) Medical or dental office.

(7) Multifamily dwelling, ~~up to twelve units~~, not to exceed ten (10) units.

(8) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(9) Indoor recreation, athletic or exercise facility.

D. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

E. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

F. Development standards are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Maximum Floor Area Ratio: 0.35 as of right, or a maximum of 0.50 by special permit from the Planning Board.
~~0.30 as of right, or a maximum of 0.50 by special permit from the Planning Board.~~ ~~0.35 as of right, or a maximum of 0.50 by special permit from the Planning Board.~~ ~~The FAR should be replaced by a maximum lot coverage (I suggest 70%) as per Judi Barrett's recommendation. "As long as the Planning Board has a coverage limit, height limit, and setbacks, the Town does not need another tool" The architects who are working on renderings also found that the façade requirements in conjunction with a FAR, don't really work. If a FAR is the preferred standard, I suggest using a tiered approach:~~
~~(a) For lots of 2 acres or less: 0.50 as of right, or a maximum of 0.70 by special permit from the Planning Board.~~
~~(b) For lots greater than 2 acres: 0.35 as of right, or a maximum of 0.5 by special permit from the Planning Board~~

(6) Minimum landscaped green space: 20 percent. At least 50 percent of the landscaped ~~open~~ green space shall be contiguous and ~~contiguous and~~ located between the front building line and front lot line unless the Planning Board approves a different placement of the ~~open~~ landscaped green space as part of Site Plan Review.

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 80-100 feet of frontage: 70%

(d) Over 100 feet of frontage: 75%

(8) Height regulations:

(a) Maximum building height: ~~40~~ 35 feet and three stories,

(b)~~Minimum ground floor height: 12 feet~~

(c)~~Maximum ground floor height: 18 feet~~

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown District shall comply with RB District standards.

G. Building Regulations

(1) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(2) The maximum distance between street-level entrances in a single building shall be 35 feet unless waived by the Planning Board.

(3) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

(4) The maximum front setback in Section F(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for vehicle use.

(5) Affordable housing. In any multifamily or mixed-use building with four or more units, at least 12.5 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD). ~~In consultation with the Southborough Housing Opportunity Partnership Committee (SHOPC), the Planning Board may adopt a guidance document interpreting the Chapter 40B Guidelines as they apply to development under this section.~~

H. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough.

Part 5. Amend Article III, Use Regulations, by adding the following new section, **§ 174-10.2 Downtown District plan approval.**

In the Downtown District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the procedural requirements and decision criteria of § 174-9, § 174-10, and 174-10.1(A) through (C) shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required. The Planning Board is authorized to promulgate design guidelines to carry forth the purpose and intent of these Bylaw provisions.

Part 6. Amend Article III, Use Regulations, § 174-12 **Parking and loading regulations**, by inserting the new Section F below and relabeling the existing Section F. Egress to Section G.

F. Exceptions in the Downtown District. Off-street parking requirements for development in the Downtown District shall comply with Section E above except for the off-street parking requirements for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

Part 7. Amend Article II, Establishment of District, § 174-4 **Zoning Map**, by adding the new *Downtown District* to the Southborough zoning map.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, August 17, 2020, 6:15 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA and Virtual Meeting through Zoom
Present: Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple

I. Chairwoman Braccio called the meeting to order at 6:18 P.M. and read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via both in-person and remote participation to the greatest extent possible. Members of the public and/or parties with a right and/or requirement to attend this meeting may do so in-person. They also may watch or participate in the meeting remotely by finding the meeting at: https://www.southboroughtown.com/remotemeetings. Specific information and the general guidelines for remote participation can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. In the event that, despite best efforts, the public is not able to access the proceedings in real time via those technological means, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Scholarship Committee recipients

Chairwoman Braccio asked to move this item to the first on the agenda to accommodate the attendees. She welcomed the recipients and commended them for their educational achievements. The Board announced each recipient and gave a background on their accomplishments.

The two Carol Harris Scholarships were awarded to the following:

Emmelia Habib whose extracurricular activities and work experience include Algonquin Tiny Tomahawks Pre-School Teachers, Teacher Assistant ant NextGeneration Children's Center. Ms. Habib will be attending Westfield State University.

Grace Hartnett (participated remotely through Zoom) whose extracurricular activities and work experience include the Special Olympics, National Honor Society, DECA and Global Goals. Ms. Hartnett will be attending the University of Maryland.

The three Town Scholarships were awarded to the following:

Olivia Battles whose extracurricular activities and work experience include Best Buddies, Harbinger, Freshman Orientation Leader, Administrative Assistant to the Southborough Town Clerk. Ms. Battles will be attending the College of the Holy Cross.

Erin Desmond whose extracurricular activities and work experience include Best Buddies, Varsity Field Hockey, Varsity Rugby and employment at Beaumont Nursing Home. Ms. Desmond will be attending Mount Holyoke College.

Bennet Yee whose extracurricular activities and work experience include Special Olympics, Volleyball, Green Earth Club and Algonquin Full Orchestra. Mr. Yee will be attending Washington University in St. Louis.

II. Public Comment

Laura Scott (37 Presidential Drive) handed out photos of 35 Presidential Drive to the Board and described her pending court appeal of a ZBA appeal decision regarding building permit BP-21-92. She asked that Town Counsel review the process followed to permit the building permit and review the correspondence from the Building Commissioner to the builder. She asked that the Board issue a stop work order on the project at 35 Presidential Drive and that the Planning Board and Board of Health review the project while her case proceeds. Mr. Purple informed Ms. Scott that the documents have been scanned and distributed to those members participating remotely.

Scheduled Appointments

Volunteer Interviews for Youth Commission vacancy, term 6/30/24

i. David Joyner

Mr. Joyner described his reasons for volunteering and his experience on the Community Preservation Committee. He stated he was approached by Ms. Cassell to volunteer and gave a background of his work within the community and his career. He stated he recently joined the Big Brother- Big Sister Maisy Program and explained how that aligns with Youth and Family Services. The Board asked Mr. Joyner questions regarding his background and his goals with the Commission. He listed his goals and the experience he could bring to the Commission. Lauren Richey, Chair of the Southborough Youth Commission summarized her conversation with Mr. Joyner and stated she felt he was very qualified to join the Commission. Mr. Healey stated he is impressed with Mr. Joyner and Ms. Bancroft and asked how many vacancies there were on the Commission. Chairwoman Braccio stated there was one vacancy and asked the Board to wait to appoint until the September 8th meeting in order for Ms. Bancroft to attend. The Board and Ms. Richey agreed.

ii. Stacie Bancroft

Ms. Bancroft was not in attendance.

Police Chief Paulhus – Request to appoint Luke Soccorso as Probationary Police Officer, effective August 19, 2021

Chief Paulhus introduced Mr. Soccorso and stated he was the best fit for the department out of twenty-seven applicants. Mr. Soccorso gave a background of his experience which included working for the Nantucket Police Department, TSA and graduating from Curry College. He stated his goal is to work in a small municipal town and to be involved in the community. The Board welcomed him and praised him for his work. Mr. Healey made a motion to appoint Luke Soccorso as Probationary Police Officer, effective August 19, 2021. Mr. Stivers seconded. The motion passed all in favor by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

Chairwoman Braccio called for a recess at 7:04 P.M. The Board returned at 7:07 P.M.

Fire Chief Achilles & Police Chief Paulhus – Update on Public Safety communications

Chief Paulhus stated that the State is allotting funds for communities to regionalize their dispatch and he and Chief Achilles are asking the Board approve their exploring this option to gather information. Chief Achilles stated that it would be remiss to not gather information when it is available. He added

that he felt both the Fire and Police Departments are currently stable and identified ways in which regionalization communications could improve the departments and its services. Chief Paulhus stated that now is the time to commit to the exploration of regional dispatch to leverage funds and resources offered by the State. Chairwoman Braccio stated she visited the Foxboro regional dispatch center and supported the Chiefs exploring the option. Ms. Malinowski asked about the next steps and timeline. Chief Achilles responded that Westborough, Marlborough and Grafton had strong interest and gave an overview of next steps. Ms. Malinowski stated she would be in favor of exploring this option. Chief Achilles explained the future needs and costs of the current dispatch operations and stated he would like to identify what is best for the community regarding services and cost. Mr. Healey supported the idea to explore this option. Mr. Stivers asked if Southborough could host. Chief Paulhus replied that Southborough could not and he explained why the conglomerate would need to be in a separate building. Mr. Purple gave additional background regarding the commitment and stated that once the Town decides to enter into a regionalized dispatch center they cannot go back to an independent system. Mr. Healey asked if requiring a standalone facility for regional dispatch would be a non-starter for Chief Paulhus. Chief Paulhus replied that regionalization is the wave of the future and there are issues he can identify but would like to have more information. Mr. Healey stated he is comfortable with Mr. Purple coordinating with the Chiefs to move forward.

Chief Paulhus told the Board that the current dispatch will need to expand and he explained the one operating dispatcher per shift and how it is currently staffed with overtime and part-time employees. He added that he will be looking to add at least one additional full-time personnel and some supervision in the budget. Ms. Malinowski stated she was supportive of Mr. Purple working with the Chief to gather more information about regionalization. Mr. Stivers asked to review the Acton/Concord regionalization to understand their process. Mr. Purple stated he will move forward with the Chiefs.

<u>Chief Achilles – Article requests for STM – Authority of Fire Department</u>

Chairwoman Braccio explained that new information was brought forward after the agenda was posted and this item no longer needs to be addressed. Mr. Purple explained the history behind MGL Chapter 48 Section 42, 43 and 44 and the Special Act of 1920. The Board was comfortable that the Fire Chief holds the authority needed.

<u>Carla McAuliffe, Town Accountant – COVID-19 update & proposed consultant contract</u>

Ms. McAuliffe updated the Board on the statues of the CARES Act, FEMA reimbursement and ARPA funding. She stated the Town has been reimbursed $66,000 of the $350,000 spent through FEMA; $59,000 of the 218,000 allocated from the CARES Act and the Town received $1.5million from ARPA. There was discussion regarding how often an update to the Board should be given and the Board agreed monthly was appropriate. Ms. McAuliffe outlined the proposed contract from Capital Strategic Solutions. Ms. Malinowski stated she felt the project manager was a good fit and hiring a consultant would be beneficial to the Town Accountant and Treasurer Collector. Mr. Stivers felt this would be assist in moving swiftly to pursue all opportunities for funding through federal programs. Mr. Purple felt the consultants' role could provide recommendations and options for priorities to apply the funding. Mr. Healey stated the consultant is essential. Ms. McAuliffe stated the funding for the consultant would be through the CARES Act and would be of no cost to the Town. Mr. Healey stated he would like to meet the consultants and the Board agreed to invite them to the September 9th meeting. Mr. Healey made a motion that the Board approve and authorize the proposal for the American Rescue Plan Act support services by CSS to include $160 per hour rate and to make it clear

that there is no fixed duration for the proposal and is terminal at will by the Town and overall subject to review by Town Counsel. Mr. Stivers seconded. The motion passed (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

Chairwoman Braccio called the meeting to recess at 8:27 P.M. The Board returned at 8:31 P.M.

Karen Galligan, DPW Superintendent

i. Update on repair work in the Rural Cemetery

Ms. Galligan updated the Board on the work being done at the Rural Cemetery which included hiring a conservator to review the condition of the stones and Ms. Galligan's team restored over 100 stones in eight weeks. Chairwoman Braccio thanked Ms. Galligan and her team for their diligent work.

ii. Update on Main Street project; recommendation for bid award

Ms. Galligan outlined outstanding items needed to conclude the Main Street project including Verizon and National Grid poles. She updated the Board on the DOT bridge work that has taken place and stated they have kept the public well informed of each step of the process.

iii. Update on Northboro Road

Ms. Galligan outlined the status of Northboro Road and stated that once costs are acquired for contracting work, she will present options to the Board. She outlined project implications that would impact cost and work scope and added she would like to include an article at Special Town Meeting to approve the cost of this project. There was discussion regarding potential proposals and cost.

iv. Update on water project for Newton Street

Ms. Galligan stated that they are in the design phase of this project and she hopes to reallocate $900,000 left over from the replacement of a water main on Route 9 to this project. Mr. Healey encouraged Ms. Galligan to reach out to the consultants at CSS to inquire whether this and other projects could fall under ARPA funding. Ms. Galligan stated she supplied a list to Mr. Purple for Representative Dykema. She added that this design should be completed in late fall. Mr. Purple explained the steps needed to be taken to reallocate the funds from other sources to this project. Chairwoman Braccio asked if the project would likely start next year and Ms. Galligan confirmed that was most likely.

v. Update on Shared Streets grant

Ms. Galligan explained the bid process for fixing the St. Mark's Street and Route 85 intersection. The project needs to be completed by December 31st in order to use the $290,000 in Shared Spaces Grant funds. She explained the status of additional projects and stated that the bid explanation is included in the packet. There was discussion of Chapter 90 funds and other projects that it could be distributed to. Ms. Malinowski asked if Ms. Galligan anticipated the need to increase the fiscal year 2022 road maintenance and explained that she is not in favor of moving a playground to the proposed park at the corner of St. Mark's Street and Route 85. She added that because of this, she is also not in favor of the bid alternative. Mr. Healey asked what the park would look like and what options are available under the existing bid. Ms. Galligan described options that work in the same price range and within both bid alternatives. There was discussion regarding drainage in this area, ADA project goals and possible CPC funding. Ms. Galligan explained that the $290,000 needs to be used by the end of the year and outlined options for approval this evening. Mr. Healey stated he was in favor of the project and asked if there was flexibility from a grant perspective and additional federal infrastructure if the Board approved the bid. Ms. Galligan confirmed that was the case.

There was discussion regarding an extension and the possibility of fixing the sidewalks in this area. The Board discussed whether this would impact routine road maintenance and the ability for the Town to begin larger projects in the future. There was discussion regarding costs and funding sources.

Mr. Stivers made a motion to award the Various Streets Project base bid taking out the alternatives to the lowest bidder, EH Perkins Construction of 56 Main Street Hudson, MA 01749. Mr. Healey seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

Mr. Healey made a motion to allocate remaining unallocated funds from Southborough's 2020 Chapter 90 apportionment and Southborough's 2021 and 2022 Chapter 90 apportionment to the Various Streets Project as necessary for the full bid amount. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

Mr. Healey made a motion to pursue Complete Streets and SITS grants for portions of Various Streets Projects. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

vi. Update on Complete Streets; authorization of grant applications

This topic was discussed in the above agenda items.

vii. Update on Chapter 90; recommendation for allocation of funds

This topic was discussed in the above agenda items.

viii. Update on Flagg Road HCVE request

Ms. Galligan explained that in order to create a truck exclusion an alternative route has to be put forward and if it includes another town, that town must agree to it. She explained the challenges that arise from possible alternative routes and there was consensus that the problem would most likely be moved to another road and not solved. The Board discussed options to deter truck traffic and Ms. Galligan suggested a more global view of traffic patterns. Ms. Galligan explained the results of the recent traffic study on Flagg Road. Mr. Healey stated that he felt a global traffic study is appropriate and felt that if most of the trucks that are currently taking this route would be exempt, then the problem is not fixable. Mr. Stivers suggested reaching out to MASSDOT and speaking to traffic engineers who have worked with similar communities. Ms. Malinowski suggested relooking at the Main Street truck exclusion and Ms. Galligan explained alternate route options. Mr. Dennington agreed to relook at the Main Street truck exclusion. The Board discussed investigating the cost of such a study. Chairwoman Braccio asked that more information be presented at the September 8th meeting. She volunteered to work with Mr. Purple, Ms. Galligan and MASSDOT.

Jonas Linden (39 Flagg Road) stated that the results of the most current traffic study on Flagg Road meets the criteria for a truck exclusion and asked the Board to submit the request to MASSDOT without incurring more costs through another traffic study. Mr. Healey stated he agreed with the need to address the Flagg Road traffic issues but stated he would like more input regarding alternate routes; specifically, from the Police Chief and Fire Chief.

Christie Demaria (18 Flagg Road) outlined the dangers of trucks and high-speed traffic on Flagg Road specifically in regards to the number of children walking and biking on this and neighboring roads. Chairwoman Braccio read a comment from Nicole Rhind asking to remove the truck exclusion from Main Street and put one on Flagg and Deerfoot Roads.

ix. Review of proposed Tree Policy

Mr. Stivers stated that he has had conversations with Ms. Luttrell from the Planning Board, Mr. Purple and Town Counsel to record and create an explicit public policy on various state laws and regulations on tree removal and trimming. He described the process to research and create the document. Ms. Galligan explained her concerns which included holding a lengthy hearing process that is not required by law for the removal of dead trees. She explained the Mass General Law regarding tree removal and the current process. Mr. Stivers stated that there were two separate hearings for tree removals this past fall and explained that he felt the decision process was quick and effective. Mr. Healey asked if Town Counsel has reviewed this document and Mr. Stivers replied that he had not. Mr. Healey asked for Town Counsel to review the proposed tree policy. He asked what problem the policy will solve and Mr. Stivers replied increased public transparency and participation. There was discussion regarding whether the Board of Selectmen would be the appellate board and Mr. Healey explained his concerns if the Board were to be the appellate body for another elected board. Ms. Luttrell explained that any road project that affected a public tree should have joint hearings with the Tree Warden and Planning Board with no opportunity for appeal. She explained the history of tree hearings and Ms. Galligan explained that the DPW has not taken down a live tree since 2014. She explained the process taken and that only live trees require a hearing. Mr. Stivers stated that state law does not distinguish between live and dead trees and Chairwoman Braccio stated that the Board will get clarity from Town Counsel and speak to this matter at their next meeting.

III. Reports

Chairwoman's Report

i. Barbara Jandrue retirement

Chairwoman Braccio stated she attended her retirement celebration after over twenty-five years as director there. She stated Ms. Jandrue was presented with a citation of award from Representative Dykema. She thanked Ms. Jandrue for all her work.

ii. September 25th CERT recognition

Chairwoman Braccio asked the Board to mark their calendars to attend the recognition luncheon to acknowledge the volunteers for the work they've done at the vaccination clinic.

Chairwoman Braccio informed that Board the Town Clerk Jim Hegarty will have a dedication from the Post Master and Regional Manager of the Post Office to unveil a new "thank you" stamp. The stamp is dedicated to all those in the Town of Southborough that assisted in holding safe and effective elections. The dedication will be held September 1st at the Town House.

Members' Reports

i. Language interpreter services

Ms. Malinowski stated that the Police Department currently has access to these services and she is working on creating access to more departments. She gave background on the cost and services offered. Mr. Stivers suggested including Youth and Family Services for these services and Ms. Malinowski stated she is already in discussion with them to do so.

Town Administrator Report

Mr. Purple stated that the Town does have a contract for language interpreter services and he has been in contact with the vendor to provide new contracts for other departments. He stated he will be working with Ms. Malinowski to identify those departments and creating their access to the services.

Mr. Purple stated that Southborough Access Media has notified him that the equipment needed for Zoom integration is backordered and they are looking at mid-September for those items to come in. He stated the target is to have the system ready by the first meeting in October.

IV. Consent Agenda

a. Mr. Healey held agenda item "a." Mr. Healey stated he held this item previously and was encouraged by the meeting held with the Historical Commission a month ago. He stated that he had a conversation with some members after that meeting and was very encouraged the Historical Commission is moving in the right direction. Mr. Healey made a motion to reappoint Rebecca Deans-Rowe to Historical Commission, term 6/30/24. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

b. Mr. Healey made a motion to award the OPM contract to Central Mass Projects for Town House renovations. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

c. Mr. Healey made a motion to award catch basin cleaning contract through MAPC consortium bid. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

d. Mr. Healey made a motion to accept donations totaling $300.00 for Fire Department Ambulance Fund. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

e. Mr. Healey made a motion to appoint Daniel Moreira as Full-Time Communications Officer, effective August 19, 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

f. Mr. Healey made a motion to appoint Nancy Dauteuil as Part-Time Telecommunications Officer, effective August 19, 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

g. Mr. Healey made a motion to appoint Isabella B. Bogdanski to Trails Committee, term 6/30/22. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

h. Mr. Healey made a motion to appoint Taylor West to Southborough Emergency Planning Committee / Health Dept. Rep., unlimited term. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

i. Mr. Healey made a motion to reappoint Mary Ann Anderson to Taxation Aid Committee, term 6/30/22. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

j. Mr. Healey made a motion to open the warrant for Special Town Meeting on November 1, 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

k. Mr. Healey made a motion to appoint Dr. Heather Alker to Noise Bylaw Ad-Hoc Committee. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

l. Mr. Healey made a motion to authorize Chairwoman Braccio to accept the renewal pricing for Municipal Aggregation Program. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

b. Other Matters Properly Before the Board

Review updated Noise Bylaw Ad-Hoc Committee charge

Ms. Malinowski requested including a minimum of three public hearings to gather public input, adding language to bullet three to clarify and outline enforcement and reincluding bullet two which outlines the research of neighboring town's noise bylaws. Mr. Healey stated that requiring public forums is important and stressed that he does not want the committee to use the previously proposed noise bylaw as a reference point. Mr. Healey made a motion to approve the Noise Bylaw Ad-Hoc Committee charge with the discussed changes. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

Warrant articles for Special Town Meeting

Chairwoman Braccio outlined the potential increase in the Board of Health budget and the additional IT position which would be an article presented at Special Town Meeting. Mr. Purple listed the change from "Board of Selectmen" to "Selectboard," a traffic study article, and the Downtown District bylaw as additional articles for the warrant. The timing of submitting articles and closing the warrant were discussed. Mr. Purple stated the vote to close the final warrant would be scheduled for the first meeting in October.

Mask mandate for Town buildings

Chairwoman Braccio stated that Dr. Alker has informed her that the number of positive COVID-19 cases in Southborough exceeds the number from this time last year and suggested a mask mandate for Town buildings. She suggested the Board require employees and the public to wear masks indoors through September 21st when the Board can reevaluate. There was discussion regarding the need for a mask mandate. Chairwoman Braccio made a motion to mandate masks for Town buildings for visitors and employees in common areas and working with the public and if an employee is at their desk and inside the allowed six feet of space, they can remain mask-less. Mr. Dennington seconded. The motion passed (3-2-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, nay; Stivers, nay; Braccio, aye. Chairwoman Braccio made a motion requiring all boards and committees to conduct meetings through Zoom only through September 21st. Mr. Dennington seconded. The motion passed (3-2-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, nay; Stivers, nay; Braccio, aye.

Process to fill Board of Health vacancy

Ms. Malinowski recused herself from this discussion. Chairwoman Braccio summarized her conversation with the Board of Health regarding the hiring of the vacant position. She stated there was one applicant and there were concerns that being advertised in the summer could have been the reason there were not more. There was discussion whether the application deadline should be extended in order to receive more applicants. Chairwoman Braccio stated she will reach out to the Board of Health to inform them to conduct the interview for the Board to review their recommendation before August 30th.

c. Public Comment

Tim Litt (148 Woodland Road) stated that there are multiple ways to regionalize dispatch communications and suggested investigating distributing the organization which he felt would be less costly. He added that the there needs to be a sidewalk leading to the Public Safety Building in order for the public to have full accessibility to it.

d. Executive Session

On a motion made by Chairwoman Braccio at 11:36 P.M. the Board entered into Executive Session per M.G.L. Chapter 30A, Section 21, and not returning to Open Session, to discuss contract negotiations for the Town Administrator (Exemption 2), as the Chair has determined that an open meeting may have a detrimental effect on the Town's litigating position. Roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio aye.

Upcoming Meetings
September 8, 2021
September 21, 2021

Respectfully submitted,

Kathleen Barry, Recording Secretary

DRAFT

TOWN OF SOUTHBOROUGH

TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772-1662
(508) 485-0710 x3009 · FAX (508) 480-0161 · bballantine@southboroughma.com

To:	All Departments
From:	Brian Ballantine, Finance Director
Date:	October 4, 2021
Re:	FY 2023 Budgets
cc:	Board of Selectmen, Advisory Committee, Town Clerk, Moderator

Please find attached the budget calendar for preparing FY23 budgets and budget forms.

- Deadline to submit budgets/ capital / money warrant articles:

  FRIDAY, November 12, 2021 – NOON

- Warrant closes:

  TUESDAY, DECEMBER 3, 2021

Submission by email to bballantine@southboroughma.com is preferred.

Budget files will be e-mailed to all departments on Friday, October 22, 2021. Unfortunately our automated budget software (ClearGov) was not the solution the Town was searching for. We will be using Excel until such time a better software is identified that is user friendly.

Please update your department budget request column – including salary computations if that is applicable. When calculating annual salaries for full time employees please use 2084 hours (Town Hall hours). For any new budget line items please contact the Town Accountant for modification and an updated budget sheet.

Budgets will be reviewed and recommendations made by the Finance Team and Town Administrator. Attached is a schedule to meet with the Finance Team and Town Administrator to review your FY23 department budgets. The Board of Selectmen will make final recommendations for the warrant and to the Advisory Committee. Some departments will still be required to meet separately with the Advisory Committee or Capital Committee at their request. If you have a capital item please submit a small paragraph explain the item and the need for the request.

Please use proper format for warrant articles. Any committee or board who wishes to submit an article must have the article voted by the board/committee to be accepted and placed on the warrant. If you are unclear on how to word an article, please seek assistance from the Selectmen's Office. Please include a short summary of what your article will accomplish. A summary of each article will be included in the warrant as well as the position [i.e. support or not support and the vote] of the Selectmen and Advisory Committee.

Please note: For SAP salaries please use the FY22 approved rate of 2.80%. As soon as the increase is officially established, we will advise Departments. Should any rate proposed by a Department Head exceed the standard amount please explain that with your submission.

One change for this upcoming year is that any technology hardware (printers, laptops, etc) should be removed from your department budget and accounted for in the IT budget. Please let the IT Director know should your Department need a hardware IT expense for FY23.

Upon submitting your budget – please include a short description of any changes to your budget from the previous year. This will assist the BOS, Advisory, and residents when reviewing all requests.

BUDGET CALENDAR FOR FY23 BUDGET

Event	Date
Warrant opened	**Tuesday, October 19, 2021**
Initial Meeting – Board of Selectmen/Advisory	Tuesday, November 2, 2021
Budgets / Capital & money warrant articles submitted to Selectmen's office	**Friday, November 12, 2021 at NOON**
Finance Team and Town Administrator review budgets with departments	November 29, 2021 to December 10, 2021 (see attached schedule)
Annual Town Reports and non-money articles submitted to the Selectmen's Office	**Friday, December 7, 2021 at NOON**
Warrant closed	**Tuesday, December 21, 2021**
Proposed budgets reviewed by Advisory and Selectmen	Starting Wednesday, December 20, 2021
Selectmen take position on warrant articles	Tuesday, February 1, 2022
Selectmen vote on FY23 budgets	Tuesday, February 15, 2022
Warrant to be signed by Selectmen	Tuesday, February 15, 2022
Warrant to printer	Tuesday, February 25, 2022
Town Reports and Warrant posted and available to public; legal notice in newspaper.	Friday, March 11, 2022
Pre-Town Meeting with Town Moderator	Tuesday, March 15, 2022
Annual Town Meeting	Saturday, March 26, 2022
Annual Town Election	Tuesday, May 10, 2022

Additional Notes:

1. Advisory reserves the right to cancel any meeting at which the Committee does not have the most current budget submitted.
2. Any new service, personnel or hours added [or eliminated] to your budget from the previous year should be explained thoroughly in a separate memo along with your submittal.
3. **Please note:** All salary pages are brought over "as is" from FY22. These pages need to be updated by the Department Head for the FY23 budget period. Kristen can assist anyone with items such as anniversary dates, longevity, or other payroll data items.
4. We have pushed back the deadline for budget submittals this year due to the Special Town Meeting. It is important budgets are received back on time on November 12th.

We appreciate the hard work of submitting all the information. Do not hesitate to contact me if you have any questions about this memorandum or the process in general.

TOWN OF SOUTHBOROUGH
FIRE DEPARTMENT

Mark:

This office represents The Trustees of Reservations. I'm writing to you as follow-up to my conversation with Southborough Town Counsel, Jay Talerman, copied here and in advance of the Board of Selectmen's October 5 meeting at which time it will consider The Trustees' application for four one-day beer & wine licenses for its Fall Fun on the Farm events at Chestnut Hill Farm each Sunday of October (The Trustees cancelled the Fall Fun on the Farm event on October 3rd).

These types of events are an opportunity to advance the express purposes of the 2006 Conservation Restriction. They provide a structured opportunity for members of the general public to visit Chestnut Hill Farm – the only remaining active vegetable production farm in the Town of Southborough – and experience the unique qualities of the property preserved by the CR. The Fall Fun on the Farm events will include a series of recreational opportunities for the general public, several of which are designed to facilitate experiential, educational activities – opportunities to not just tell children and their families where their food comes from but to *show* them where it comes from by allowing them to touch and climb on the equipment that helps grow their food, walk around the fields where their food is grown, and purchase some of the vegetables and meats grown / raised on CHF so that they can make the connection of farm to table. Families will also be able to take a guided hayride and learn about the history of the farm, what is grown and grazes on the farm, and the other wildlife species that live among the working farm. For example, while on the hayride families and children will see how The Trustees leave certain fields untouched to use for nesting bird habitat, including the bobolinks at Chestnut Hill Farm, before turning animals out to graze. Children will also have the opportunity to participate in a scavenger hunt where they will be encouraged to explore and discover different animals, plants, and foliage on the farm. Each week the event will feature a different children's craft or hands-on-activity (e.g. decorating and writing a postcard about their time on the farm, veggie stamping, planting seedlings, coloring pages featuring animal tracks or animal lifecycles, etc.) all of which are intended to deepen the connection between the Chestnut Hill Farm and these future stewards of this and other special places. By teaching children to care for such a place and its value to the community, we can ensure that properties like Chestnut Hill Farm are preserved for generations to come.

The structured nature of the event encourages greater public access to the farm which The Trustees can then leverage through experiential learning to make connections to purposes of the CR. Many of the planned activities are expressly contemplated by the CR. The guided and self-guided tours of the Premises create opportunities for the general public to enjoy the noteworthy, distinctive scenic views preserved by the CR. Narrated aspects of the event (e.g. hayride tours)

highlight the features of the property that warranted placing it into conservation in the first place and inform visitors of the history of the Premises and its connection to the agrarian history of the Town. The emphasis on farm-related activities elevates the importance of the farming industry and creates buy-in as to why it is important to preserve the historic use of the farm in the future. Moreover, connecting children (and their families) to working farms like Chestnut Hill Farm not only provides an opportunity to form healthy eating habits (the picky eater might be more apt to try kohlrabi if she saw the field where it was grown!) but forms the basis for promoting the environmental benefits of going to your local farm and buying local. In the face of a rapidly warming climate, this may be the most important lesson of all.

The Trustees have applied for a series of one-day food and wine licenses in order to sell locally brewed, craft beer at the event. This offering harkens back to the Harvest Festivals celebrated across New England farms at the end of the growing season and are intended to celebrate the land and resulting bounty. Based on The Trustees' experience at a number of its other working farms, this offering has the added benefit of encouraging and drawing a critical mass of the general public, which furthers the overall conservation and educational goals of the Trustees. At the bottom of this email is a list (with links) of recent fall weekend events which the Trustees have hosted / are hosting at Powisset Farm, Weir River Farm, and Appleton Farm.

The Trustees look forward to answering any additional questions that the Board of Selectpersons might have on Tuesday evening.

Best,

Kate Carter

Powisset Farm: Fall Fun on the Farm
Every Saturday & Sunday in Sept & October

Link: https://thetrustees.org/event/67543/

Event Description:

Celebrate all things autumn at historic Powisset Farm! Join us every Saturday and Sunday to enjoy a classic New England fall day featuring apple cider, hayrides, a climbing haystack, live music, scenic walking trails, a Storywalk, fall scavenger hunt and a visit to see the barnyard animals. Indulge in farm fresh, wood-fired pizza with an array of toppings, hot and cold cider, wine and craft beer, and other seasonal treats available for purchase. Our Farm Store will be open and full of autumn produce and local products for you to take home.

Bring your best flannel, friends, and family for a fantastic fall day on the farm!

Details:

- Every Saturday & Sunday, September 11-October 31.
- We offer timed ticketing to provide a safe, enjoyable experience: 12-1:30pm, 1:30-3:00pm & 3:00-4:30pm.

- Pre-registration is required. Children under 2 are free and do not need a ticket.
- Entrance ticket includes free parking, access to trails, Storywalk, barnyard animals, climbing haystack, hayride, scavenger hunt and live music.

Weir River Fall Festival
Saturday, Sept 25

Event Description:

Spend time learning about our livestock with our 4-H volunteers, climb aboard a tractor, choose a farm "tattoo", make a spooky mask or a wildflower seed "bomb", challenge your friends at corn hole and the pumpkin ring toss! (Bring a mask as some craft activities are inside the barn.)

All this activity will surely have you hungry – grab your blanket and enjoy a picnic provided by the Wanderlust food trucks. Thirsty? While the kids enjoy a cup of cider, grab a local beer from Zelus Brewing or Stellwagen Beer Company. And leave room for dessert! Nona's Homemade will join us for the morning, and there are whoopie pies and doughnut muffins in the Farm Store.

Relax and enjoy a full day of live music: Peter Mundt entertains families from 11AM – 12:45PM, the Lied To's play a mixture of country, roots, and folk from 1 – 2:45PM, and the Mood Swings Orchestra, Boston's all-women 19-piece big band, rocks from 3 – 4:30PM.

While you are at the event, be sure to stop by Weir River Farm Market to purchase some beef, pork, lamb or chicken raised right on the farm, and delicious local cheeses, jams, baked goods, and fresh produce.

Appleton Farm Oktoberfest Weekend
Saturday 10/9 & Sunday 10/10
Link: https://thetrustees.org/event/67321/

Event Description:

The spirit of Octoberfest is taking over Appleton Farms for the weekend!

We'll have a special Octoberfest-inspired pizza menu both Saturday and Sunday along with plenty of local craft beer to enjoy. Saturday will feature German oompah-band style music from 1:00 – 5:00 and on Sunday we'll switch things up a bit with two bands, Pyschedelic Relics and Orvile Giddings Band, bringing some rock-toberfest to the Farmhouse front lawn, from 12:00 – 2:00 and then 3:00 – 5:00.

Farmhouse Wood-Fired at Appleton Farm
Thursday-Sundays
Link: https://thetrustees.org/event/67151/

Event Description:

Bring your lawn chairs and picnic blankets for a perfect wood-fired pizza experience surrounded by the idyllic beauty of Appleton Farms. The menu will change weekly, featuring local and seasonal ingredients, including produce from our own farm. Pizza varieties will include cheese, meat and seasonal veggie, with other options available such as artisan pastries, seasonal salads and lighter fare.

Hours for the season are:
Thursdays 4-7pm
Fridays 4-7pm
Saturdays 12-6pm
Sundays 12-6pm

Saturdays will include free live music from 3-5pm.

Craft beverages will also be available on-site, provided by local breweries and small businesses.

Essex County Brewing Company Thursdays in June, Sundays in September and October

Helen's Bottle Shop Fridays in June and August

Notch Brewing every Saturday throughout the season

True North Ale Company Sundays in June and November, Thursdays in July

Rockport Brewing Company Fridays in July

Gentile Brewing Company Sundays in July

Great Marsh Brewing Company Sundays in August

Old Planters Brewing Company Fridays in September and October

ALCOHOL AWARENESS SERVER TRAINING AFFIDAVIT

I hereby certify that I have read the Training Requirements for Liquor License Holders and Employees. I understand that failure to comply with this policy may result in the revocation or non-renewal of the license. Below is a current roster of my employees and the related alcohol awareness server training information.

***NOTE: Copies of all original certificates MUST accompany this form. ***

The Trustees of Reservations, Chestnut Hill Farm
Company/Organization

D.A. Hayden
Manager [Note: Manager training MUST be current]

8/31/21
Date

Manager/Employee Name	Date of Hire	Type of Training [certification]	Date Valid	Date of Expiration
D.A. Hayden		AIM	N/A	5/15/22

Any applicant for a one-day liquor license shall, as a condition of their being granted the license, ensure that at least one person to be engaged in the sale/service of alcoholic beverages at their event has been certified in a program from the list of Board of Selectmen sanctioned programs. On-line ["e-training"] training is not an acceptable means of obtaining certification. A copy of their certification must accompany the application.

Listed below are the only programs currently available that meet the requirements of this policy approved by Board of Selectmen on September 17, 2013 [telephone numbers and contacts are provided as of date of policy]:

1. **ServSafe Alcohol** offered by the National Restaurant Association [www.servsafe.com/alcohol, then click on "Find a Class"]
2. **SAFE ID Check** offered by J.B.S. Professional Services, LLC [617-539-0118]
3. **Alcohol Intervention Methods [A.I.M.]** offered by Campbell/Trent [508-756-8542]
4. **Training for Intervention Procedures by Servers of Alcohol [TIPS]** offered by Health Communication, Inc. [www.gettips.com, then click on "Get Tips Certified, 'training session'" to find a class. NOTE: "Online training with eTIPS" is NOT ACCEPTABLE]
5. Approved for OFF-PREMISE sales license only: Beverage Alcohol Training [B.A.T.] offered by the Massachusetts Package Store Association [Mass Pack Contact: Frank Anzalotti 800-322-1383, or, to find a class, go to www.masspack.org/servertraining]

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

I understand that anyone holding a Special License must purchase alcoholic beverages from a licensed wholesaler/importer, manufacturer, farmer-winery, farmer-brewery or special permit holder. Purchasing alcoholic beverages from a package store is prohibited by the ABCC. A list of authorized sources to purchase alcohol can be found on the ABCC website www.mass.gov/abcc or you can contact the ABCC directly at (617) 727-3040.

Initial MH

I understand that the license holder must provide a Certificate of Liability Insurance with a liquor liability policy with $1M coverage, naming the Town of Southborough as the certificate holder.

Initial MH

I certify under penalty of perjury that I shall be responsible for the proper observance of all applicable Alcohol Control Laws of the State of Massachusetts, policies and regulations of the Town of Southborough, and conditions governing this license; all information contained in this application is true and correct; and this License is being sought for the exclusive benefit and use of the Non-Profit Sponsor and its members.

Initial MH

LIABILITY DISCLAIMER FOR ONE-DAY ALCOHOL LICENSES

By exercising the privileges of this license in serving persons with alcoholic beverages, the licensee is potentially exposed to significant liability for injuries and damages to persons served or to others who are injured or damaged by the persons served. Your acceptance and exercise of this license will be deemed to be acknowledgement that you are aware of this potential liability. You are encouraged to discuss the risks associated with exercising your privileges of the license and the precautions appropriate to avoid injuries, damage, and liability to others with your legal and/or insurance advisors. The Town of Southborough, and the Select Board as Local Licensing Authority, shall not be liable to the licensee or others if injury or damage shall result from the exercise of the license.

I, Michaela Hughes, in consideration of having been granted a special
(Event Manager/Applicant)
license for the service of alcoholic beverages, hereby agree to defend, indemnify and hold harmless the Town of Southborough ("Town"), its officers, boards, employees and agents, from any liability for any and all loss, damage, cost, claim, expense, compensation and cause of action arising out of, or in connection with, the issuance or exercise of the special license granted to me by the Select Board acting as the Town's Local Licensing Authority.

Michaela Hughes , 8/31/21

Event Manager/Applicant Signature Date

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

REQUIRED FORMS TO SUBMIT WITH APPLICATION:

- ☒ Completed license application with cash/check
- ☒ A Certificate of General Liability Insurance with a Liquor Liability for $1M, naming the Town of Southborough (17 Common Street, Southborough MA 01772) as Certificate Holder*
- ☒ Completed 'Alcohol Awareness Server Training Affidavit' form, including copies of training cards
- ☒ List of designated drivers to be available for transporting attendees considered unable to drive

IF APPLICABLE:

- ☒ Invitation/flyer/letter of explanation regarding event
- ☐ Proof of non-profit status (for 'All Alcohol License' only)

*Voted May 18, 1993: To maintain the policy that was put in effect October 25, 1988 with the stipulation that the Board of Selectmen does have the authority to waive the requirement for a one-million-dollar insurance policy if it is so voted by a majority of the Board.

GUIDELINES:

- Application for Special One-day License must be submitted at least 30 days prior to event
- A police detail may be required, depending upon the number of people and the event. *It is the applicant's responsibility to contact the Southborough Police Department prior to application submission: 508-485-2147*
- Events can only be held on day and date approved on license. No refund is possible after a Special One-Day License has been issued. Rain dates for events must be noted on the application prior to approval. If no rain date is listed, the event cannot be held on date other than date specified.
- Special One-day Licenses can only be issued for events occurring between 11:00 a.m. – midnight on Monday – Saturday, and noon - midnight on Sundays.
- License must be posted in the most conspicuous place at the location of event
- DO NOT allow anyone to bring their own alcoholic beverages to your event
- A one-day license CAN NOT be granted to:
  - any person for more than a total of 30 days per calendar year
  - any person that has an on-premises annual license application pending
  - any premises that has an alcoholic beverages license.

TOWN OF SOUTHBOROUGH

Economic Development Committee

TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772
(508) 485-0710 x3011

September 27, 2021

Board of Selectmen, Planning Board,

In an effort to make progress on what residents of Southborough desire in Southborough's Downtown (see 2017 survey results here), as well as implement recommendations from the 2008 Master Plan, the Economic Development Committee (EDC) identified hurdles to surpass, so that desirable economic investments in downtown Southborough could be achieved. The *Downtown Initiative* was born and the project aimed to focus on the following areas:

- Zoning update to support and promote strategic mixed-use development
- Encourage certain uses by allowing them by-right
- Wastewater solutions
- Investment opportunities
- Beautification and connectivity
- Funding options

The EDC is pleased that the Board of Selectmen agreed to sponsor the proposed Downtown District zoning article and that it will be presented at a Special Fall Town Meeting on November 1st 2021.

The EDC also thanks the Planning Board for conducting public hearings and listening to feedback from our residents. We acknowledge other town boards, committees, and departments, whose input was invaluable in producing a draft of the Downtown District bylaw.

Intent of the Downtown District Bylaw

- Revitalize Southborough's historic downtown district
- Allow for mixed-use development (e.g., residential and commercial/retail in the same building)
- Update the permitted uses
- Allow some desirable uses "by-right" (meaning; certain identified uses are "pre-approved" and don't need an additional use-permit)

2021 Timeline

The Economic Development Committee, Board of Selectmen and Planning Board held multiple joint meetings where the draft Downtown District zoning bylaw was discussed and issues were resolved.

In April of 2021, the Planning Board reviewed version 8.1 of the Downtown District bylaw and indicated ten outstanding issues and concerns. In a following joint meeting with the Board of Selectmen, Planning Board, and Legal Counsel (Adam Costa), all items were addressed and resolved. The result of this work produced version 9 of the draft Downtown District zoning bylaw.

The final *version 9 Downtown District bylaw, existing zoning map and draft design guidelines* were approved and sent to the Planning Board as voted by the BOS and the EDC at their joint meeting on June 22, 2021.

After several Public Hearings, the Planning Board held a special meeting on September 20, 2021 to discuss the *Downtown District bylaw, zoning map and draft design guidelines*. The following *new* changes were made, among others:

1. A 40% restriction to residential use in mixed-use developments

2. Reduce the number of apartments allowed in mixed-use developments to 3 from 8

3. Reduce the number of dwelling units in multifamily dwelling to a maximum of 10 (from 12) by special permit

4. Reduce the maximum Floor Area Ratio by-right to 0.30 from 0.35

5. Reduce the maximum height to 35 feet from 40 feet

6. Remove minimum and maximum ground floor height restrictions

7. Exclude all split lot and CSX property from the Downtown District zoning map

The Board of Selectmen accepted all Planning Board-proposed changes to the bylaw as well as the Planning Board-proposed zoning map edits at their meeting of September 21, 2021. The Board of Selectmen voted to publish the Downtown District Warrant Article, with the above-mentioned Planning Board recommendations, by October 5, 2021, in preparation of the November 1, 2021 Special Town Meeting.

Economic Development Committee Concerns

The Economic Development Committee is ***not*** in agreement with several of the recent changes made to the proposed Downtown District bylaw for the following main reasons:

- The latest recommendations submitted by the Planning Board result in a *more restrictive Floor Area Ratio for the Downtown District than what is currently permitted in the Business Village District.*

- The latest proposal fails to follow the *original intent* of the revisions to the Bylaw, as outlined in the 2008 Master Plan. The changes made are unlikely to encourage investments in downtown.
- Development Standards that were previously agreed upon through joint meetings and recommended by the professional consultants, were changed *without discussion*.

The EDC is eager to support a revised bylaw for the Downtown District with BOS and PB support. However, the Committee is unable to accept changes that add further restrictions on potential development, defeat the original intent, and make any future viable development unlikely or more restrictive.

The EDC is willing to discuss and compromise further but is of the opinion that a workable, sensible bylaw should be presented. The Committee urges the Board of Selectmen to reconsider the latest changes regarding the following items and present the best possible bylaw for Southborough at Town Meeting.

- The restriction of mixed-use to require that residential units not comprise more than 40% of a building, makes no sense and negates the original intent of adding by-right mixed-use.
- The sharp reduction in the number of residential units permitted in a mixed-use development, from eight units to three units, is overly restrictive, undermines the intent of encouraging mixed-used development, and was proposed arbitrarily with almost no discussion or reasoning.
- The reduction of the Floor Area Ratio from 0.35 to 0.30 is (i) contrary to months of agreed upon discussion, (ii) against the recommendation of the zoning and planning experts hired by the Town, and (iii) significantly lower than the current Floor Area Ratio permitted in the Downtown Business Village District, which is currently 0.50 for commercial buildings (see Schedule of Dimensional Regulations).

Going back to the original purpose of the Downtown Initiative, zoning changes to the Downtown are:

(i) a vital part of a sustainable and healthy economic ecosystem for the Town,

(ii) a mandate of the 2008 Master Plan, as well as multiple subsequent studies and plans. These studies represent tens of thousands of dollars in consulting- and expert costs to demonstrate the necessity of zoning updates to include by-right mixed-use and other by-right uses.

(iii) desired by a significant majority of the Town's residents, as evidenced by multiple surveys.

The three particular changes referenced above, were proposed by the Planning Board at the eleventh-hour and adopted by the Board of Selectmen unanimously with almost no discussion. These added changes undermine the purpose of two years of consistent and diligent work to make small-scale but actionable modifications to the zoning code for Downtown. All in an effort to encourage future investments in amenities, diversity in housing, and a more vibrant Downtown to serve as the heart of our Community. It is our grave concern that our efforts will

have been in vain if these changes are upheld. We sincerely hope you will reconsider and open these items up for further discussion before the warrant is printed.

Sincerely,

Economic Development Committee:

R. Anderson, Chair

A. Belniak, Vice-Chair

J. Connelly

Subject: FW: Capital Planning Resignation

From: Andrew Pfaff <apfaff@southboroughma.com>
Sent: Thursday, September 30, 2021 8:33 PM
To: Lisa Braccio <lbraccio@southboroughma.com>
Subject: Capital Planning Resignation

Dear Lisa,
Please accept this letter as formal notification that I am resigning from my position as a member of the Southborough Capital Planning Committee, effective immediately. Thank you so much for the opportunity to work on this important committee. I've greatly enjoyed and appreciated the work we have done and I look forward to seeing all the great work the committee will continue to do in the future.

Best regards,
Andrew Pfaff

Memorandum

TO: **Massachusetts State 911 Department**
FROM: **The Edward J. Collins, Jr. Center for Public Management**
DATE: **September 8, 2021**
Subject: **Feasibility Study for Hopkinton, Hudson, Grafton, Marlborough, Southborough, Westborough to establish or join a Regional Emergency Communication Center District.**

1. Background

As part of its inter-governmental services agreement (ISA) to provide the assistance to the State 911 Department in its PSAP regionalization and RECC development efforts (ISA executed on January 23, 2019 and extended in June 2020), the Center presents this proposal to provide planning service to assist the Towns of Hopkinton, Grafton, Marlborough, Southborough and Westborough to study the feasibility of establishing a Regional Emergency Communication Center (RECC) or to join an existing RECC and to provide recommendations for the best option for the five (5) communities.

2. Overview

Methods for collecting information will rely upon interviews, on-site assessments, and document review. The process was as follows:

- Kick-Off meeting with the principals from all five communities
- On-site visits which included interviews with the community police and fire chiefs and their designated personnel. If town managers request an interview, that interview will be scheduled
- Collection of relevant data from each site, including:
    - Equipment used
    - Staffing levels and training
    - Capacity/ability to accommodate Hanover
    - Research/planning
    - Current financial costs for dispatch services
    - Call volume
    - Additional administrative benefits
- Analysis and preparation of the report
- Review of draft report with Hanover Communications Team
- Completion of final report

3. Proposed Project Plan

Conduct a Kick-off Meeting

The Center project team will conduct a kick-off meeting with the public safety chiefs and town managers to engage all levels of the team prior to undertaking tasking. This meeting will include following:

- Meet principals of the project team;
- Review statement of work and identify any additional direction for administrative process regarding the contract;
- Review project deliverables, appropriate electronic format, and timeline; and
- Present timelines for community PSAP visits.

The results of this initial meeting will ensure a clear pathway to success.

On-Site Visits, Interviews with Personnel, and Data Collection

The project team will conduct on-site visits and assessment of the emergency communications/dispatch centers of each city/town to observe operations, facilities, and equipment. The assessment will include the current ECCs' adherence to 1) NFPA 1221 Standard for the Installation, Maintenance, and Use of Emergency Services Communications Systems, specifically Chapter 7 and 2), Association of Public-Safety Communications Officials (APCO) best practices. A checklist will be developed for these purposes. The Final Report will include a comparison to accreditation references specific to ECC from the Commission on Accreditation for Law Enforcement Agencies (CALEA) and the Commission of Fire Accreditation International (CFAI). During the site visit, the project team will also collect information on the amount and condition of existing equipment, systems used, methods, and practices, including, but not limited to:

a) Equipment:

- Current technology, radio systems, telephone systems and software being utilized.
- Current interoperability capability of communications within and between the six community.
- Provide the ability to share currently separate applications between each town such as, but not limited to, CAD systems, mapping systems, and radio systems.
- Compatibility of current radio systems, mapping, telephone, and related equipment at each current center and identify required equipment at new regional center.

b) Staffing:

- Personnel structures and costs for each of the six town's Emergency Dispatch Center.
- Number of personnel working each shift as well as specific job descriptions.
- Identify the core and supplemental services provided by current communications personnel.

c) Logistics:

- Identify whether a satisfactory arrangement can be made with existing regional emergency communications centers or with neighboring communities to establish a RECC with each city/town regarding governance, procedures, accountability, service, standards, and control.
- Identify how a regional center would affect the array of services provided by the municipalities' Emergency Dispatch Center.

- How the capacity for coordination of local and regional police, fire and EMS resources including response to routine events and major disasters.
- Identify the total number of incoming emergency and administrative telephone calls, radio messages and other incidents handled.
- Identify the ability for 911 call surge capacity.

d) Research and Planning:

- Opportunities for improvement to present operations, staffing, training, management, supervision, and governance.
- Potential legal and organizational structures for the regional center.
- Identify what other public safety leaders have identified as benefits of a RECC

e) Financial:

- Personnel structure and costs at Norwood and the anticipated RECC and the personnel costs for staffing of a regional center.
- One-time and recurring operational and capital costs of consolidation and the financial impact on each town.
- Costs to maintain or increase other public safety services, such as lock-up-up monitoring expenses, administrative duties, and walk-in traffic at the towns' Public Safety Facilities.
- One-time and annual financial resources, as well as requirements associated with such funding, from the MA State 911 Department to provide ongoing support and sustainability into the future.
- Conduct cost benefit analysis for each of the six towns

During on-site visit, the project team will conduct interviews with the leadership of the public safety functions in each of the towns. These face-to-face interviews are the most important step in the process to identify elements of a regional dispatch operation, as well as concerns that those community leaders may have with such a set up.

The steps that the project team takes in this process are as follows:

- Utilize a standardized list of questions for the interviews that will elicit the needed information for the study.
- Conduct a structured interview with each Chief and any of their personnel that they want to interview.

The project team will also visit the potential RECCs that the towns may see as opportunities to join to assess their current operational procedures, use of information and communication technology, and dispatch layout. The steps will include the following:

- Visually assess all communications and IT systems.
- Gather and examine the current operating cost of the RECCs and as well as to identify the cost to join those centers.
- Inventory the existing 911 dispatch facilities, systems, equipment, and dispatch procedures and provide an assessment of current call volumes.
- Examine the current dispatch facilities and validate or invalidate the need for a new physical plant for all purposes, including examination for potential or increased opportunities for cost-sharing in future technologies and dispatch equipment.
- Gather information on present operations, staffing, training, and supervision.
- Identify the RECCs' interest in having Hanover join and the cost of joining.

Analysis and Preparation of Report

After reviewing and analyzing all the available information collected, the project team will develop a draft report. The draft will include preliminary findings and recommendations. Additional information requests, interviews, or inquiries may occur at this time.

Review of Draft with the Towns

The project team will meet with the chiefs, the town manager, and others as they may want to include to discuss the draft report.

Completion of Final Report

The project team may make changes to the draft report, as the project team deems appropriate, and will make any final edits or additions to produce a final report.

Presentation of Report (Upon Request)

If requested by the Town, the project team will make a presentation of the report at a public meeting.

3. Timeline

This engagement will kick-off as soon as an agreement can be reached. It is estimated that the project will last approximately six months, provided that the project team's requests for meetings, data, and information, are fulfilled in a timely manner. A sample timeline appears below.

Event	Month 1	Month 2	Month 3	Month 4	Month 5	Mo

Collins Center

- Collins Team has core competencies that include: gathering and assessing end-user requirements; technology transition and support; understanding operational requirements as well as corresponding policy and procedures
- Collins Team has specific expertise in 911 communications systems in Massachusetts including 911 PSAP Center Operations, IT including CAD and RMS, Radio system and feasibility studies and Security systems

Thomas J. Kennedy
Qualifications

- Provided the vision, planning, funding, and key personnel to oversee the development of three State Police regional dispatch centers in Central and Western Massachusetts from 1992 to 1996
- Completed nineteen (19) feasibility studies for a total of forty-two (42) communities
- Provided project management services to establish or add communities to Regional Emergency Communication Centers

Meeting Agenda

- Meet principals of the project team
- Review the statement of work and identify any additional direction for administrative process regarding the contract
- Review project deliverables, and timeline.
- Arrange Point of Contacts for each community and timelines for PSAP visits and interviews

Process

- Survey
- Interviews
- On-site Assessments
- Analyze all aspects of current communications centers operations including technology, training and procedures
- Assess possible RECC sites to receive 911 calls and provide dispatch services to public safety agencies and units
- Assist with the best match for the municipalities in this study

Study Process

Interviews:

- Utilize a standardized list of questions for the interviews that will elicit the needed information for the study.
- Conduct a structured interview with each Chief and any designated personnel at a time that is most convenient to them. (phone or in-person)

Site Visits:

- Assess communication and IT systems
- Examine current costs and potential RECC costs to join
- Call volume
- Physical plant and layout
- Info on operations, staffing, training and supervision

Study Process

Equipment:

- current technology, radio systems, telephone systems and software being utilized.
- how a regional center would affect interoperability of communications on a local, regional, and statewide basis.
- the ability to share currently separate applications between each town such as, but not limited to, CAD systems, mapping systems, and radio systems.
- compatibility of current radio systems, mapping, telephone and related equipment at each current center and identify required equipment at new regional center.

Study Process

Staffing:

- personnel structures and costs.
- number of personnel working each shift as well as specific job descriptions.
- the core and supplemental services provided by current communications personnel.
- Staffing Requirements

Facility Analysis

- Number and classification of employees
- Space requirements
- Call volume and surge capacity
- OSHA and ADA Requirements

Operational Review

- Written dispatch protocols
- NFPA 1221 Standard for the Installation, Maintenance, and Use of Emergency Services Communications Systems, specifically Chapter 7
- Association of Public-Safety Communications Officials (APCO) best practices.
- A checklist will be developed for these purposes.

Study Process

Functional Requirements

- Dispatch area for specific number of workstations/positions
- Utility/phone systems
- IT/radio room
- Office Space
- Employee area
- Meeting space
- Storage area
- Ability to provide 911 call surge capacity.

Study Process

Financial:

- personnel structure and costs at the current PSAP and at any RECC of interest and the personnel costs for staffing of a regional center.
- the one-time and recurring operational and capital costs of consolidation and the financial impact on each community.
- costs to maintain or increase other public safety services, such as lock-up-up monitoring expenses, administrative duties, and walk-in traffic.
- one-time and annual financial resources, as well as requirements associated with such funding, from the MA State 911 Department to provide ongoing support and sustainability into the future.

Timeline

Event	Month 1	Month 2	Month 3	Month 4	Month 5
1. Kick-off Meeting	XXXXX				
1. On-Site Visits, Interviews with Personnel, and Data Collection	XXXXX	XXXXX	XXXXX		
1. Analysis and Preparation of Report			XXXXX	XXXXX	
1. Review of Draft with the Town				XXXXX	
1. Completion of Final Report					XXXXX
1. Presentation of Report (Upon Request)					XXXXX

Benefits of RECC

- The top five cited Benefits of an RECC as believed by the interviewees are as follows:
  - **Standardized/use of the same dispatch protocols**
  - **Resources – more dispatch personnel for major events and increased surge of 911 calls**
  - **Cost Savings, Financial Support – state contributions to center development and recurring costs**
  - **Enhanced Mutual Aid**
  - **More efficient service to the public within dispatching and emergency response**

Concerns

The top five cited Weaknesses/Concerns of an RECC as believed by the interviewees are as follows:

- **Labor issues – seniority**
- **Keep out the dynamics of politics**
- **Not having anyone at the PD window or to monitor prisoners**
- **Loss of local knowledge, i.e., landmarks and etc.**
- **Need updated dispatch protocols**

Transition Recommendations

- The top five cited recommendations for a successful transition to a RECC:
  - **Need open communications/transparency**
  - **Work out labor / union issues**
  - **Provide a greater level of training opportunities**
  - **Transition training:**
    - **Dispatch protocols (P&Ps and radio codes)**
    - **Local knowledge-landmarks, repeat callers and responder nuances**
    - **Management coordination meetings**
    - **Ride along with public safety personnel from new community**
  - **Requires a clear Implementation Plan**

Role of State 911 Department

- Policy and Incentives to Regionalize Emergency Communications
- Support and Incentive Grants
  - Call volume and population
- Regional Development Grants
  - Equipment – Start up and replacement costs
  - Transition Awards

Present Nationwide Efforts

- Regionalization of 911 Dispatch Center
- Next Generation 911 – Receipt of 911 information from varied communication mediums
- First NET – Interoperability of public safety communication systems

Thank you

Thomas Kennedy

LEGAL NOTICE
TOWN OF HOLLISTON
ZONING BOARD OF APPEALS

In accordance with the Town of Holliston Zoning By-Laws and MGL c. 40A, the Board will hold a public hearing at 8:05 p.m. on Wednesday, September 29, 2021. The purpose of the hearing is to consider the Special Permit petition of applicant JD Automotive Service LLC, d/b/a Boudreau's Automotive for relief under the provisions of Sections III(E)(1 & 4) and VI-E for repair and car sales. The locus is 441R Washington Street in the Commercial (C-1) zoning district. Owner is Sardinha Family Ltd. Partnership.

PB BYLAW AMENDMENT
LEGAL NOTICE
Town of Hudson
Public Notice of Hearing

In accordance with the provisions of M.G.L. Chapter 40A, Section 5, the Hudson Planning Board will hold a public hearing on October 5, 2021 fully remote Pursuant to the Chapter 20 of the Acts of 2021 Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, on whether the Town will vote to amend the Zoning Protective By Laws to delete, in their entirety, the existing Zoning By-law, including the Zoning Map and substitute a new document entitled "Town of Hudson Protective Zoning By-laws" and new Zoning Maps.

New components have been added to the By-laws to not only enhance the user experience, but help the Building Commissioner with zoning enforcement issues, and reflect new land uses over the past 60 years. New components include the following:

- updated land-use definitions
- a solar by-law,
- a drive-through by-law,
- updated parking requirements by land-use
- a table of land uses by zoning district,
- the consolidation of zoning districts
- the digitization of the Zoning Maps and;
- clarity to the section on non-conforming uses and structures.

A new updated and reformatted zoning booklet has been created, which looks different from the current zoning booklet used today. It should be noted that there are no substantive changes being proposed as part of the By-laws update. All zoning district and overlay district regulations will remain exactly the same as they are today. One district boundary tweak is being proposed for the Downtown Zoning district to include 31 and 35 Washington Street, Map 29 Parcel 272 and Parcel 274, 32 Washington Street Map 29 Parcel 235 and two minor boundary corrections are being proposed for consistency purposes.

The text of these proposed amendments and any related maps are on file with the Town Clerk and the Department of Planning and Community Development at 78 Main Street, Hudson, MA and may be reviewed during business hours. For more information contact the Department of Planning and Community Development at (978) 562-2989. All persons interested or wishing to be heard relative to the proposed zoning amendment should appear at the time and place designated above.

Hudson Planning Board Chair Robert D'Amelio

A Public Hearing will be held on said petition via remote participation with instructions to be posted on the Planning Board meeting agenda 7:00 PM, Tuesday October 5, 2021.

DRAFT 211001

Town Finance Terminology

The following terms are frequently used in the Advisory Committee Report and at Town Meeting. For your convenience, we provide the following definitions.

Surplus Revenue: (Often referred to as "Excess and Deficiency")
The fund represents the amount by which the Cash, Accounts Receivable and other floating assets exceed the liabilities and reserves.

Available Funds: (Often referred to as "Free Cash")
The amount of the Unreserved Fund Balance (Surplus Revenue) account over and above uncollected taxes of prior years constitutes "free cash" or "available funds".

Overlay:
The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements and exemptions as granted.

Overlay Reserve:
This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the Reserve Fund.

Stabilization Fund:
An outside section of Chapter 138 of the Acts of 1991 (the FY92 State budget) modifies limitations on the Stabilization Fund appropriation process by enabling communities to appropriate from this fund for any non-capital, lawful purpose without Emergency Finance Board approval (section 333). Beginning in FY92, the Stabilization Fund will thus become a source of revenue for general operating expenses for communities.

The Stabilization Fund is a mechanism for setting aside money for capital projects. It equalizes the effect of capital expenditures over time, as capital appropriations can change considerably from year to year. The balance in the fund will build up during years when expenditures for capital items are low. During years with high capital expenditures, the community will transfer money from the fund to reduce the project's impact on the tax rate or the amount of borrowing required for the project.

A community may appropriate up to 10% of its tax levy each year, as long as the balance in the Stabilization Fund does not exceed 10% of the community's equalized valuation. Interest earned on any fund balance is retained as part of the fund.

Appropriations into a Stabilization Fund can be made at either an annual or special town or district meeting. Chapter 94 of the Acts of 1985 permits appropriations to be made from a Stabilization fund at a special town or district meeting, not just at the annual meeting. Regardless of the timing, appropriations from the Stabilization Fund require a two-thirds vote by the appropriating authority. Until the FY92 state budget, a community could only appropriate from the Stabilization Fund for a none-capital purpose with the approval of the Emergency Finance Board.

Reserve Fund:
This fund is established by the voters at the Annual Town Meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) both. Transfers from the Reserve fund may be made only by the Advisory Committee and are for "extraordinary or unforeseen expenditures" only.

Conservation Fund:
For land purchases and any other conservation use.

DRAFT 1001

Introduction to the Rules of Town Meeting

Southborough's Town Meeting is an open town meeting in which all registered voters may participate. Town Meeting is a deliberative assembly, conducted via a defined process, charged with considering a maximum number of questions of varying complexity in a minimum amount of time and with full regard to the rights of the majority, strong minority, individuals, absentees and all of these together. In other words, we gather for the purpose of conducting the Town's business thoughtfully and efficiently.

AUTHORITY

The three elements of authority at Town Meeting are a quorum of one hundred (100) registered voters or more, the Clerk and the Moderator. Of these three, the quorum is the most important.

The Town Clerk is responsible for voter registration, certification of a quorum, setting up the hall and keeping the record of the proceedings. He may also officiate Town Meeting in the absence of a Moderator.

The Moderator presides at and regulates the proceedings, decides all questions of order, and makes declarations of all votes. No one may speak on an issue without being recognized by the Moderator. It is the Moderator's responsibility to approve the distribution of materials, and persons wishing to do so must seek his permission. The Moderator appoints Tellers and alternates for the purpose of counting votes of the meeting.

THE WARRANT

All matters to be considered at Town Meeting must be published in the Town Meeting Warrant, which is the responsibility of the Board of Selectmen. The primary and most important purpose of the Warrant is to notify voters in advance the nature of the business to be taken up at Town Meeting. By state law, Town by-law or custom, several business articles (such as budget appropriations) must be presented in the Town Warrant each year for consideration. Other items are added by warrant articles proposed by Town officials, committees, boards, or groups of ten or more registered voters. The Advisory Committee reviews the Warrant, making recommendations on all the items of business to be presented. In accordance with the Town by-laws, all articles in the Warrant are considered in the order in which they appear in the Warrant, unless the Town Meeting votes to change the order for reasons that reasonable people would entertain.

PARTICIPATION

Any voter wishing to participate in Town Meeting must go to one of the floor microphones and wait to be recognized by the Moderator. Upon recognition by the Moderator, first state your name and address, and then state your business.

Anyone whose name is not on the list of registered voters requires the approval of either the Moderator or a majority of the Meeting to sit in the voting area.

All remarks shall be limited to the subject then under discussion. It is improper to indulge in references to personalities, and all expressions of approval or disapproval, such as applause or booing, are out of order. The Moderator may request any person to keep silent. If after warning from the Moderator, a person refuses to be silent or persists in other disorderly behavior, the Moderator may order a person to withdraw and if he fails to withdraw, may order a police officer to remove such person from Town Meeting.

Individuals who have a personal or financial interest with respect to a matter may speak or vote thereon but should frankly disclose their interest. However, no Town Meeting voter should accept compensation for participating without disclosing that fact.

There is no fixed time limit to the debate of any question. However, out of consideration for the others in attendance and the need to give adequate time to all matters coming before Town Meeting, each individual who speaks should make an effort to be as brief as possible and avoid repeating facts, views or opinions already expressed by others.

Introduction to the Rules of Town Meeting (continued)

DRAFT 10/1

Anyone wishing to make a presentation with respect to any article must, prior to Town Meeting, obtain the Moderator's approval.

In order to give all a fair opportunity to speak, no one who has addressed any particular motion shall speak again, except to answer questions, until all others wishing to speak to the motion have done so.

HOW ARE MOTIONS CLASSIFIED?

Main Motions
Motions of this group are for the bringing of questions, or propositions, before Town Meeting for consideration. Only one main motion can be considered at a given time, and once introduced such a motion excludes all other main motions until it has been disposed.

Subsidiary Motions
Motions of this group have are for the modification or disposition of the main motion that is being considered. Their existence as motions depends entirely upon the principal motion to which they are subordinate. Since they relate to the question then under consideration, it is in order to propose them when a main motion is pending and to vote upon them before voting upon the main motion.

Privileged Motions
Motions of this group have no connection whatsoever with any main motion, but are motions of such importance that they are entitled to immediate consideration. These motions have the privilege of temporarily setting aside the main business then before Town Meeting.

Incidental Motions
Motions of this group have few characteristics in common, but for convenience have been grouped into one class. The name "incidental" applies because they arise only incidentally out of the business of Town Meeting.

RULES RELATIVE TO MOTIONS

A motion is the means of bringing a proposal or question for consideration by Town Meeting. When first put forward it is a motion; after it is seconded and acknowledged by the Moderator, it becomes the question or proposal. Except for complimentary resolutions (the presentation of which must be approved in advance by the Moderator), no main motion shall be entertained unless it's substance is contained within the scope of a Warrant article. Upon completion of debate, articles will be voted upon.

The Moderator shall determine whether a motion, or any discussion relative to a motion, is within the scope of the Warrant article under consideration. That is, the motion and the debate must be relevant to the article as written in the Warrant, since the purpose of the Warrant is to apprise voters of the actions to be taken at Town Meeting.

Articles only give notice to the voters and do not initiate action; motions do. Motions may be withdrawn; articles may not be withdrawn – articles must be acted upon by Town Meeting.

There are four types of amendments: striking out, inserting, striking out and inserting, and substitution. Motions to amend may be hostile as long as they are germane. An amendment to a motion is an amendment of the first rank; an amendment to an amendment is of the second rank; there can be no amendment beyond that of the second rank.

Some motions do not lead to a final determination by Town Meeting. A motion to commit or to refer sends the matter to an existing board or committee or one to be established. The motion to postpone indefinitely disposes of the question without bringing it to a direct vote. The motion to postpone indefinitely should not be confused with the motion to table which only temporarily delays a vote. As previously stated, articles may not be withdrawn; so when the Meeting does not wish to act on a particular article, the proper motion is to postpone consideration indefinitely.

DRAFT 21001

Introduction to the Rules of Town Meeting (continued)

Motions to reconsider shall be entertained when new information is available that is materially different than was presented (or could have been presented) at the time of the original vote on the article. Articles may be reconsidered only once. If a motion to reconsider is passed by the necessary 2/3 vote, it brings the original article back to the floor (which requires a new motion and additional debate); if the motion to reconsider is defeated, then the original article stands as previously voted and may not be reconsidered again. Actions to reconsider can be taken at the same session or any subsequent session of Town Meeting. A notice of reconsideration may be filed in advance with the Town Clerk stating that, at a specific point during the current Town Meeting, a voter will move for reconsideration on a particular article, and the Moderator will inform the hall of said action. Note that such a motion so noticed in advance must still be in order (i.e., must comply with all conditions required of any reconsideration motion).

All motions other than purely procedural motions must be in writing and signed by the sponsor.

CHART OF PRECEDENCE OF MOTIONS AND SUMMARY OF GOVERNING RULES

	May interrupt a speaker	Req. a sec.	Debatable	Vote Required	Motions that may apply
PRIVILEGED MOTIONS					
1. To dissolve	no	yes	no	majority	none
2. To adjourn	no	yes	limited	majority	amend

18. Suspend the Rules	Mr. Moderator, I move to suspend the rules which interfere with...
19. Take from the Table	Mr. Moderator, I move to take from the table the motion relating to...

INTERRUPTING A SPEAKER

No one may interrupt a speaker except for a point of order or a question of privilege.

POINT OF ORDER

A point of order if a question of the Moderator about whether the speaker is entitled to be speaking, or whether the current subject under discussion (or what the speaker is saying) is irrelevant, illegal or contrary to proper procedure. No other "point of order" is proper.

PREVIOUS QUESTION

To call or move the question is a request to stop discussion and to take an immediate vote. This requires a 2/3 vote.

VOTING

Voting is by hand vote and the Moderator declares the result of such votes. If seven or more voters immediately question the declared result, the Moderator shall determine the result by a standing count of votes by the Tellers. After the vote counted by the Tellers is presented to the Moderator and announced to the floor, any further motions for recount are out of order.

ADJOURNMENT AND DISSOLUTION

Sessions of Town Meeting normally adjourn at eleven o'clock in the evening but may adjourn at such earlier or later time as vote of the majority may determine. Town Meeting shall not dissolve until all articles in the warrant have been properly considered.

DRAFT 2-1-001

TOWN WARRANT
COMMONWEALTH OF MASSACHUSETTS

ANNUAL TOWN MEETING

Worcester, ss. October 5, 2021

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the Inhabitants of the Town of Southborough qualified to vote in town affairs, to meet in the P. Brent Trottier Middle School, 49 Parkerville Road, in said Southborough, on

Monday, November 1, 2021

at ***7:00 p.m.***, then and there to take action on the following Articles:

ARTICLE 1: To see if the Town will vote to accept the Personnel Salary Administration Plan, as specified in Chapter 31 of the Code of the Town of Southborough, entitled: PERSONNEL.

PERSONNEL BYLAW
ENTITLED "THE SALARY ADMINISTRATION PLAN"
[revised at November 1, 2021 Fall Town Meeting]

This bylaw establishes a Salary Administration Plan for the Town of Southborough that (i) groups position classifications in Town services, (ii) establishes salary schedules and employee benefits and (iii) establishes and authorizes the Personnel Board to administer the bylaw and to represent the interest of both the taxpayers and the Town employees.

This Salary Administration Plan applies to the positions of all officers and employees in the service of the Town, whether full-time, part-time, temporary, seasonal, special or any other, except those positions filled by popular election, under the direction and control of the School Committee, performed pursuant to a contract approved by the Town or encompassed in any officially recognized labor union and/or association. The positions covered by this Salary Administration Plan are hereby classified by titles in the groups listed in Schedule A through G ("Classification Schedule") as set forth in Section 20 of this bylaw.

The classification of positions subject to the Massachusetts Welfare Compensation Plan (as amended) and the scheduled rates therefor, as well as the applicable provisions of the Massachusetts General Laws relating to the application of rates set forth in the aforementioned Welfare Compensation Plan are hereby incorporated by reference.

9	$96,731	$46.51	$116,077	$55.81	$135,424	$65.11

; or do or act anything in relation thereto.

Proposed by: PERSONNEL BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Personnel By-Law governs policies and pay structures for non-union employees. The position "Senior IT Specialist" is being added to Grade 7 of the Classification Schedule, which will support the funding request that was approved by Town Meeting in May 2021.*

ARTICLE 2: To see if the Town will vote to amend the Town's General and Zoning Bylaws by changing the term "Board of Selectmen" to "Select Board" in all mentions of the same throughout the entirety of the General and Zoning Bylaws, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The name change is to promote inclusion and diversity in Southborough's town government. The board will remain under the current confines of the Board of Selectmen authority. Over 100 towns in the Commonwealth have already adopted the name change.*

ARTICLE 3: To see if the Town will vote to amend Article 7 of the May 22nd, 2022 Annual Town Meeting as follows:

Budget 542 - Board of Health FY22	Original Vote	Proposed Amended Amount	*Change*
51000-51990 Personal Services	132,068	201,291	*69,223*
52000-58990 Other Charges & Expenses	70,624	70,624	-
TOTAL	**202,692**	**271,915**	***69,223***
Budget 910 - Employee Benefits FY22			
910-51720 Health Insurance	5,283,905	5,303,302	*29,397*
910-51780 Dental Insurance	248,964	250,026	*1,062*

And to increase the Total raise and appropriate FY22 budget by $99,682;

DRAFT 2 11/01

And further to amend Article 8 of the May 22, 2022 Annual Town Meeting as follows:

Water Enterprise Fund 6161		Original Vote	Proposed Amended Amount	*Change*
400-450-56940	Mass Water Resources- Water	1,420,000	1,270,000	*-150,000*

, or act or do anything in relation thereto.

Proposed by: BOARD OF HEALTH and BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The BOH is requesting an increase for the Public Health Director and Public Health Nurse salary and benefits line items. This was not brought forward at annual town meeting to allow for the town to take advantage of FEMA and CARES funding. The incremental is to cover the remainder of FY22 that is not budgeted for. In addition, the Board of Selectmen is looking to reduce the line item for the MWRA water assessment in the Water Enterprise Fund. It has been determined that the amount voted in May can be reduced as the MWRA water assessment figures have been refined.*

ARTICLE 4: To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money for General Government capital items for the following purposes:

	Description	**Request**	**Levy**	**Other Funds**
A.	Engineering/Capital Feasibility Studies	$ 30,000	$ 30,000	
B.	IT: Server replacements	$ 85,000	$ 85,000	

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:
A. This item will allow the Capital Planning Committee along with numerous other town Boards, Committees, and Department Heads to continue exploration and any other preliminary design in developing a comprehensive capital plan related to the building needs of all town departments currently located in the Town House, Cordaville Hall, South Union School, DPW Facility, Library and School Administration space. Any proposed funds to be spent with this article will only be allowed after a presentation to and authorization by the Board of Selectmen.
B. This item will replace our 3 physical servers and upgrade our licensing. The current set up of servers have reached their end-of-life support. Also, the current configuration is insufficient for the number of virtual servers (VM's) that are currently set up. Memory on all of the host servers is approaching maximum utilization and storage has also reached its capacity. We currently have 14 VM's that reside on 3 host (physical) servers, 9 of which are critical for all town services including public safety. Servers that are on-premise currently need to remain that way to support the public safety complex and internal domain resources. Domain resources include print server, domain controller and file server.

ARTICLE 5: To see if the Town will vote to raise and appropriate or transfer from available funds the sum of $25,000 for the purpose of funding a comprehensive traffic study for the Town of Southborough that will determine the most optimal routes for heavy commercial vehicles travelling through Town, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Board of Selectmen has received requests for truck exclusions on various roads. Due to requirements from Mass DOT, alternative routes must be determined in order to put new exclusions in place. This study will be used to determine the best routes for trucks to travel through Southborough.*

DRAFT 2 10/28

ARTICLE 6: To see if the Town will vote to amend the provisions of the Southborough Code, Section 9.8 and 9.12 thereof, as follows:

§ 9-8 Establishment; membership; residence requirements. [Amended 4-12-1999 STM by Art. 1; 10-21-2002 STM by Art. 7; 4-15-2008 ATM by Art. 34]
There shall be an Advisory Committee, which shall consist of ~~nine~~ seven voters of the Town. No member shall be appointed who is a Town officer, employee or member of another Town committee, appointed or elected; provided, however, that an Advisory Committee member may belong to one ad hoc committee that is appointed by an elected board or official, or one other committee appointed by the Moderator under the following restrictions:

A. The Advisory member's participation is approved by majority vote of the Advisory Committee excluding the member desiring to participate in the above committees.

B. The Advisory member may not vote or be counted for purposes of a quorum during Advisory meetings when matters subject to the jurisdiction of the above other committees are presented to the Advisory Committee.

§ 9-12. Appointment of Chairman and Secretary.
Said Committee shall choose from its membership a Chairman, a Vice-Chairman and a Secretary.

, or act or do anything in relation thereto.

Proposed by: ADVISORY COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The proposed article makes the following changes to the current Advisory by-law:*
§ 9-8 - Proposed article (1) reduces the number of members on the Advisory committee from nine to seven.
§ 9-12 –Proposed article adds the office of Vice-Chairman.

ARTICLE 7: To see if the Town will vote to amend the provisions of the Southborough Code, Chapter 41-2 entitled Notice of Town Meetings by appending the following language to the section:

"and fourteen days, at least, before the time appointed for a Special Town Meeting."

, or act or do anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This language clarifies the existing bylaw so it complies with G.L. Ch 39, S 10.*

ARTICLE 8: To see if the Town will vote to amend the provisions of the Southborough Code, by creating a new section §41-2.1 entitled Location of Town Meeting by adding the following:

§ 41-2.1 Location of Town Meeting
Due to reasons such as a lack of physical capacity in a suitable auditorium or other facility in Southborough, or an emergency, the Board of Selectmen may specify in a warrant for an annual or special town meeting that the meeting is to be held or in any town contiguous to Southborough. Town meeting may also vote to adjourn to such a facility if it deems appropriate.

, or act or do anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article would give the Board of Selectmen the option to direct that a town meeting be held in any of the towns contiguous to Southborough. For example, a town meeting could be held at Algonquin Regional High*

DRAFT 21001

School if the town were unable to hold the meeting in Southborough due to a lack of physical capacity or an emergency.

ARTICLE 9: To see if the Town will vote to amend the provisions of the Southborough Code, by renaming Article III to "Annual Report", by deleting section 41-26 in its entity, and creating a new section 41-26.1 entitled "Availability of Annual Report", as follows:

§ 41-26.1 Availability of Annual Report
No later than seven days before an annual town meeting, the Selectmen shall make copies of the Annual Town Report available to the public by placing it on the town website and at the Southborough Town House.

, or act or do anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article would correct the conflicting language in Southborough Town Code sections 41-2 and 41-26.*

ARTICLE 10: To see if the Town will vote to amend the Town Zoning Bylaw as follows:

Part 1. Amend Article I, Miscellaneous Provisions, **§ 174-2** Definitions, by adding the following new terms and definitions in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guest rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

ESTABLISHMENT

An institutional, business, commercial, or industrial activity that occupies all or a portion of a building; a place of business.

FAÇADE

The external faces of a building.

FRONTAGE OCCUPANCY

The percent of a lot's street frontage that is occupied by a building between the minimum and maximum front setback range.

LANDSCAPED GREEN SPACE

Land that is covered with grass, trees, shrubs, or other vegetation and may include a pervious walkway that meets accessibility standards.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a

DRAFT 21-1001

taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

A development that includes any combination of permitted nonresidential uses and one or more dwelling units within a single structure; provided, however, that the inclusion of two (2) or more dwelling units in a mixed-use development shall not be deemed a multifamily dwelling. The ground floor facing the street shall be used only for permitted nonresidential uses, and residential dwellings cannot exceed 40% of the gross floor area of the above ground level floor space of the building (no residential dwellings in the basement level).

Part 2. Amend Article II, Establishment of Districts, **§ 174-3 Districts enumerated,** by adding the following new district:

M. Downtown District, referred to as DD

Part 3. Amend Article III, Use Regulations, **§ 174-8.C.(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, or a mixed-use development in the Downtown District, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, § 174-8, Schedule of Use Regulations, by adding the following new section:

§ 174-8.12 Downtown District

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB).

(2) Mixed-use development, provided that each nonresidential use in the development is a permitted use under this Section 174-8.12(A) or Section 174-8.12(B) and provided that the number of dwelling units does not exceed three (3).

(3) Professional or business office, or bank, but not including a medical or dental office.

(4) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery.

(5) Bed and breakfast.

(6) Child care center.

(7) Co-work center.

B. Permitted uses, up to a maximum of 3,000 square feet per establishment.

(1) Retail sales and services.

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited).

DRAFT 2.1.2021

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive- through service is prohibited).

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair.

C. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection B exceeding 3,000 sq. ft. per establishment.

(2) Mixed-use development that includes a nonresidential use that is a permitted use under Section 174-8.12(A) or Section 174-8.12(B) but with four (4) or more dwelling units.

(3) Mixed-use development that includes a nonresidential use requiring a special permit under this Section 174-8.12.

(4) Microbrewery.

(5) Veterinarian, animal hospital, or animal clinic.

(6) Medical or dental office.

(7) Multifamily dwelling, up to twelve units, not to exceed ten (10) units.

(8) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(9) Indoor recreation, athletic or exercise facility.

D. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

E. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

F. Development standards are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

DRAFT 21.1001

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Maximum Floor Area Ratio: 0.30 as of right, or a maximum of 0.50 by special permit from the Planning Board.

(6) Minimum landscaped green space: 20 percent. At least 50 percent of the landscaped green space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of the landscaped green space as part of Site Plan Review.

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 80-100 feet of frontage: 70%

(d) Over 100 feet of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 35 feet and three stories,

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown District shall comply with RB District standards.

G. Building Regulations

(1) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(2) The maximum distance between street-level entrances in a single building shall be 35 feet unless waived by the Planning Board.

(3) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

(4) The maximum front setback in Section F(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi- use path, raised terrace, façade offsets, or outdoor dining, but not for vehicle use.

(5) Affordable housing. In any multifamily or mixed-use building with four or more units, at least 12.5 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD).

H. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough.

DRAFT 211001

Part 5. Amend Article III, Use Regulations, by adding the following new section, **§ 174-10.2 Downtown District plan approval.**

In the Downtown District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the procedural requirements and decision criteria of § 174-9, § 174-10, and 174-10.1(A) through (C) shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required. The Planning Board is authorized to promulgate design guidelines to carry forth the purpose and intent of these Bylaw provisions.

Part 6. Amend Article III, Use Regulations, § 174-12 **Parking and loading regulations**, by inserting the new Section F below and relabeling the existing Section F. Egress to Section G.

F. Exceptions in the Downtown District. Off-street parking requirements for development in the Downtown District shall comply with Section E above except for the off-street parking requirements for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

Part 7. Amend Article II, Establishment of District, § 174-4 **Zoning Map**, by adding the new *Downtown District* to the Southborough zoning map.

; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The purpose of this article is to revitalize Southborough's historic downtown district, while promoting small scale mixed-use development, diversity in housing, and connectivity. This is achieved by updating permitted uses, allowing mix-use development which entail both commercial/retail and residential in one building, and by allowing by right development which allows for approval or issuance of a building permit with no additional permits required. The last major change to our Downtown zoning was the creation of the Business Village District in 1993.*

DRAFT 21-001

And you are to give notice hereby by posting true and attested copies of the Warrant on the Town website, the Southborough Town House, 17 Common Street, Southborough Senior Center, 9 Cordaville Road, Southborough Library, 25 Main Street, and Southborough Transfer Station, 147 Cordaville Road; seven (7) days at least before the time appointed for such meeting.

Given under our hand this fifth (5th) day of October, 2021.

Board of Selectmen
Executive Session Meeting Minutes
Tuesday, October 5, 2021
Virtual Meeting through Zoom

Present: Lisa Braccio, Marty Healey, Chelsea Malinowski, Andrew Dennington, Sam Stivers and Assistant Town Administrator Vanessa Hale.

Executive Session

At 6:00 P.M. the Board voted to enter into Executive Session per M.G.L. Chapter 30A, Section 21, and returning to Open Session – to discuss strategy with respect to litigation for the below listed items (Exemption 2), as the Chair declares that an open meeting may have a detrimental effect on the Board's position:

(1) to discuss contract negotiations for the Town Administrator and the Fire Chief (Exemption 2) as the Chair has determined that an open meeting may have a detrimental effect on the Town's negotiating position; and (2) to review and approve the August 17, 2021 Executive Session minutes.

Meeting Minutes: The Board discussed suggested edits to the meeting minutes of the August 17, 2021 Executive Session. There was a motion to approve the meeting minutes, as amended. The Board voted by roll call: On a motion made by Mr. Healey, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Dennington, aye; Stivers, aye; Healey, aye.

Fire Chief Contract: Chief Achilles was admitted to the virtual meeting room. During a discussion with the Board, he illustrated that his current contract states he shall maintain certification at Paramedic level. He noted that for many years he has held this certification but rarely would have to fill that role when he worked in a larger department. In Southborough, it is a much smaller department and he is concerned that he cannot be both the Incident Commander [as Fire Chief] and provide necessary medical care to a patient as a Paramedic, if one is not readily available. He feels if both roles conflicted, it could be a concern for the Town.

Certification paperwork is due in December, so although his contract has not expired yet, he wanted to have the discussion with the Board now so as to avoid going through the recertification process if he was not going to serve as the highest ranking paramedic on medical calls. He and the Board members agreed that in his role as Chief, he should review the service, not perform it. Ms. Malinowski added she'd like to hear from Town Counsel whether the two roles should not co-exist. Chief Achilles informed the Board that the regulations would allow him to lower his status [remove certification as a Paramedic, but maintain basic EMT status] if the Board felt he should focus on the role of Incident Commander. Mr. Healey said the issue is that the contract lists the Paramedic requirement, not the public safety regulations. Mr. Stiver's commented that the Board would be modifying, not waiving, the paramedic requirement since the Fire Chief would still have EMT qualifications. Mr. Dennington agreed. After being prompted by Chair Braccio, Chief Achilles said this topic has come up now because renewal paperwork would be due this Spring and he felt he should be divested of this conflict of roles before much more time passes. Although his certification is in place until March 31, 2022, he could request the lower level designation before then. Ms. Malinowski advocated again for a legal opinion on the dual roles [and when acting as a paramedic rises above serving as an Incident Commander]. She also inquired if this situation can be resolved without opening the employment contact of the Fire Chief. Ms. Hale will contact Labor Counsel Feodoroff for her analysis. The Board will amend their October 7, 2021 agenda to take tis matter up again if Labor Counsel can respond by then.

Mr. Dennington questioned if this matter needed to be discussed in Executive Session. Chief Achilles said he was amenable to the matter being handled in public session whenever the Board determined. Mr. Healey moved that the ensuing discussion be discussed in open session, after an opinion has been sought by Labor Counsel. Mr. Stivers seconded. The Board voted unanimously by roll call vote. Braccio, aye; Malinowski, aye; Dennington, aye; Stivers, aye; Healey, aye. Chief Achilles departed the virtual meeting room.

At 6:40 p.m., Town Administrator Mark Purple joined the virtual meeting room.

Town Administrator contract renewal: The Board then met with Mr. Purple to continue discussions regarding his contract renewal, which Chair Braccio and Selectman Malinowski collaborated on with him.

Salary

- no increase in Year 1, salary determined based on completion of goals identified by the Board.
- Percentage increase will be paid into deferred comp?
- Will receive SAP percentage increase to base salary on 7/1
- Chelsea based it on 8.5 months
- Change to October 15 instead of mid-October
- Change long term insurance to "shall contribute"
- Add addendum of mutually agreed goals
- Holidays: mirror SAP
- Add name of new labor counsel
- Capitalize "Board" throughout

Mr. Stivers felt the goals were too vague. Under "Death during office" he felt that a life insurance policy would be more cost effective than an undetermined liability as it is currently worded. Mr. Stivers also noted he was not prepared to vote in favor of renewing the contract and would leave the details to the rest of the Board. Mr. Dennington questioned the amount of rollover of sick days; Mr. Purple then explained the parameters of this come from the personnel bylaw [SAP].

Mr. Dennington advised that Mr. Purple not participate too heavily in the recommendation of the percentage with the Personnel Board since he would also receive that. Mr. Healey inquired on the status of review by Labor Counsel and recommended the Board approve the final version of the contract in open session on Thursday October 7, 2021 if possible. He also spoke to changing the date of execution of the contract.

The Board voted on the changes illustrated this evening, contingent upon approval by Labor Counsel. On a motion made by Mr. Healey, seconded by Ms. Malinowski and voted by roll call: Braccio, aye; Malinowski, aye; Dennington, aye; Stivers, nay; Healey, aye.

On a motion made by Mr. Healey, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, Executive Session was closed at 7:00 P.M. and the Board convened the open session for the regular meeting.

Respectfully submitted by Vanessa Hale, Assistant Town Administrator

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Thursday, October 7, 2021, 7:00 P.M.
Location: Zoom Meeting (virtual)
Present: Board of Selectmen: Lisa Braccio, Chelsea Malinowski, Marty Healey, Sam Stivers, Andrew Dennington, Town Administrator Mark Purple
Advisory Committee: Kathy Cook, Andrew Pfaff, Marci Jones, Eric Fernandez, Tom Wilson, Tim Martel, Adam Nodiff

I. **Call Meeting to Order –** Chairperson Braccio called the meeting to order at 7:05PM. All members are present. Advisory called their meeting to order at the same time.

II. Scheduled Appointments (Board may vote)

A. Joint Meeting with Advisory Committee – Ms. Braccio said that the purpose of the meeting is to hear from the article presenters on their warrant articles, and for both boards to get their questions answered.

a. Presentation of warrant articles for November 1, 2021 Special Town Meeting

i. Articles 7, 8 and 9 – Notice/Location of Town Meeting; Availability of Annual Reports
Town Clerk Jim Hegarty was present to discuss the articles. Article 7 is a housekeeping article to bring the Town into compliance with State law. Article 8 gives the Selectmen the ability to hold a town meeting in another Town contiguous to Southborough. If this were available, we could have held the November Special Town Meeting in the much larger gym at Algonquin. Article 9 is a cleanup article regarding the distribution of the Annual Report, but no other significant changes. There were no questions from Advisory or Selectmen members. Advisory will support these articles, but is not taking positions an any of the articles tonight.

ii. Article 1 – Amend Personnel Bylaw – The article was solely to create the Senior IT Technician position in the SAP bylaw that was funded in the FY22 budget in May. No one had any issues with the article. The Board felt there was strong support for this article.

iii. Article 5 – Traffic Study for HCV routes – Ms. Braccio said that this is for funding to conduct a traffic study to see where truck traffic is best suited in Town. Mr. Purple explained why it was being done. Ms. Braccio provided the history from the Flagg Road article at the May 2021 Town Meeting. She noted that it was better to address the traffic issue overall, rather than by individual street or neighborhood. Ms. Malinowski added that the Board has expressed concern about the Flagg Road safety issues and doesn't want to create a similar issue elsewhere in Town. Andrew Pfaff questioned whether or not it should be in a Selectmen's budget or in a capital article. Marci Jones questioned the scope of the study and whether it will give us the information we are looking for. Marty Healey said that this is not going to be a counting exercise; it will determine where the truck traffic is coming from and where they are going to. It is also determining how other roads will be impacted if certain streets receive truck exclusions. Mr. Purple confirmed that this is a firm bid. Ms. Cook said that the consultant's recommendations will still need to be approved by the Selectmen. Mr. Stivers said that he is hoping that we get information from the study to take a global look at routing the traffic without the current exclusions. Mr. Healey said the engineers doing the study also did the Main Street project. Eric

Fernandez was curious of the proposed start and completion dates, and also to see the scope of services. Mr. Purple will send out the scope to everyone. Adam Nodiff was also worried about the requested funding not being enough to complete the projected scope. He also was worried about the domino effects of the truck exclusions on streets and neighborhoods. Ms. Braccio said that MassDOT has not rescinded any truck exclusions in recent memory, but the process is the same as putting a truck exclusion in place. She also discussed that additional signage on Route 9 before Flagg Road will direct trucks to use the 495 cloverleaf to change direction. Ms. Malinowski asked Mr. Pfaff what the difference would be as to where the funding would reside. She thinks that this would be an evaluation of how the funding would work. Tom Wilson asked for the difference between heavy trucks and delivery vehicles. Mr. Pfaff said that it is any vehicle over 5,000 pounds, but excludes many delivery type vehicles such as Amazon.

iv. Article 6 – Advisory membership – Ms. Cook said that this article is a reconsideration of the article from the May 2021 ATM. The article is looking to reduce the membership from 9 to 7 members, and add a Vice-Chair position. They will look to consider Advisory members sitting on other committees at a later date. Mr. Healey said that his memory of town meeting was that voters opposed the article pretty strongly, and asked if Ms. Cook had spoken with anyone who opposed the article. Ms. Cook said that she did speak with Whitney Beals and Tim Litt, and hoped that a clearer article and better explanation would give a better result.

v. Article 2 – Select Board – Ms. Malinowski said this article had been under consideration for several years. It will update the name of the Board, which over 100 towns in MA have already done. She said that the change would be more inclusive with the times. Mr. Healey said that he is supporting, but that the name is dumb; he would prefer "Selectmen and Selectwomen" to be more historically accurate. Mr. Stivers said he agrees in part with Mr. Healey, but noted that the MMA changed the Selectmen's Association to the Select Board Association last year. Ms. Cook said that she agrees with Mr. Healey, as did several other Advisory members.

vi. Article 3 – Amend FY2022 Budget – Ms. Malinowski invited Dr. Heather Alker, Public Health Director, and Dr. Safdar Medina to join the discussion, and introduced Dr. Medina to the group as the newest Board of Health member. With their being a quorum, Ms. Malinowski called the Board of Health meeting to order at 7:44PM. She reviewed how the Nurse and Health Director positions were budgeted at the May 2021 meeting in order to take advantage of CARES and FEMA grant funding for COVID-19 related hours. The requested funding of $99,682 will close the gap of the employee contracts, salary and benefits, from November 1 through the end of FY22. Dr. Medina said the COVID-19 work continues as we are still in the middle of our pandemic; our case numbers are higher now than at this time last year. Booster clinics are already planned. Ms. Malinowski also discussed the benefits of the Shared Services grant for food and housing establishment inspections and regional grant applications, and also the potential for establishing more regional approaches for health moving forward. Ms. Cook said that Advisory will be having a discussion about this issue next Wednesday, and gave her version of the history of the issue. Advisory tried to separate COVID needs versus what the health department should look like long term. The FY22 budget was done as a bridge to evaluate the two enhanced positions before making a long-term commitment. Advisory had said that they would backstop the Health Director and Nurse positions for those things not covered by CARES and FEMA for reimbursement. Ms. Cook also wants to read Dr. Fazen's

report. She needs more time before making a recommendation on the article to Town Meeting. Ms. Malinowski said that the Board of Health discussed this, came up with various funding options, and chose to fully fund both positions and alleviate any Reserve Fund Transfer requests to Advisory later in the year. Mr. Pfaff questioned whether we need to add money to benefits or if line item will cover and Mr. Purple explained the limitations of the current benefits budget. Ms. Cook will send out a copy of Dr. Fazen's report to all Advisory members, and a memo on the history of the FY22 budgeting for Board of Health. Mr. Dennington asked about the joint sponsorship of the article, and Mr. Purple explained. Mr. Purple also explained the need for the change to the water enterprise line item for MWRA assessment. Ms. Malinowski adjourned the Board of Health meeting at 8:06PM, unanimous roll call vote, 2-0-0 (Medina – aye; Malinowski – aye).

vii. Article 10 – Zoning – Downtown District – Ms. Braccio gave a presentation on the proposed changes and benefits of the article to the Downtown. Ms. Cook asked what we hoped to have the bylaw change achieve. Ms. Braccio said that the hope was to open up our downtown to development and diversity in housing. Ms. Braccio said that the bylaw gives additional incentives to revitalize and options to upgrade downtown. She discussed the by-right uses without a special permit. She talked about the public outreach and the Planning Board public hearing process; everyone had a seat at the table. Planning Board is supporting the article, and that is a very positive thing. Ms. Braccio explained that FAR only affects the use inside of the building. The bylaw lessens some of the restrictions for parking. She also discussed the map for the new district. Ms. Braccio also acknowledged some of the existing concerns of the EDC regarding the proposed bylaw; she hopes that some of these concerns can be addressed through the Planning Board hearing process, which is still open. Ms. Cook asked what could be overridden by special permit. Mr. Dennington commented on the FAR being requested by EDC; that it is not a reduction to the current FAR because it does not currently exist in the bylaw. Ms. Braccio concurred, that when the BV district was established in 1993, there was no FAR assigned. Ms. Braccio reviewed the changes to the bylaw made at the Planning Board meeting and approved by the Selectmen. Ms. Cook said that there is clearly still a lack of consensus on this article; currently only unanimous Planning Board support and BOS support, with EDC meeting this evening. Mr. Martel is appreciative of the mixed-use approach, but doesn't think the bylaw is ready for town meeting. He has concerns about the permitted uses, including multifamily dwelling. Ms. Luttrell explained the inclusion of the use from the Planning Board perspective, and the protection by making it by special permit instead of by-right. She said that SHOPC requested its inclusion. Mr. Healey discussed the development process of the bylaw, and that EDC was driven by increasing mixed use. He feels that goal was undercut if the sentiment is that it might never happen. Ms. Cook asked if Mr. Healey supports the article. He said he supports it going on the warrant, and that EDC can make an argument to go back to what was agreed upon for a bylaw at the start of the process. Mr. Healey said that he supports the article because it includes a number of provisions that are long overdue for addressing the downtown, but is unsure if it will actually do anything. Ms. Luttrell said that any changes happened through the hearing process; you can't go into the hearing process with a finished product that doesn't encourage public input. Ms. Braccio said that she appreciates the time that Planning Board put into the process on the bylaw. Ms. Cook questioned what will happen at town meeting if there is split support. Mr. Dennington said that he agrees that the

changes are long overdue, but that the actual impacts are unknown. He asked when the next date is for the Plannning Board hearing on the bylaw (October 18), and suggested that it may be beneficial for Advisory members to attend. Mr. Stivers echoed the comments of Mr. Dennington in terms of educating people and generating support. Ms. Cook asked if EDC would attend the next Planning Board hearing date to try and come to some consensus, and Ms. Braccio said that she hoped so. Mr. Pfaff thanked everyone for their efforts, and said we are close on consensus. He thinks the 40% should be 50%, thinking about a two-story building with storage on the third floor. He thinks more should be done by right to attract the interest of developers. Mr. Pfaff thinks the allowable dwelling units under Section A2 should be four, instead of three. He thinks Section C2 should allow five dwelling units. He thinks .35 for FAR is a better number. Ms. Jones said its hard for Advisory to know what it is discussing since EDC is not in agreement with the bylaw right now; it doesn't feel like she is looking at a finished product. She would like a cost benefit analysis on the development as allowed under this bylaw; there is no data to show what the Town will have to pay for these improvements and how we will pay for it. Ms. Jones asked if any conversations with developers took place to get their opinion on the proposed bylaw. Mr. Healey said that this is a zoning article, and is cost neutral. A developer will have to come up with a plan that address the sewage or lack thereof, and any impact on the Town would have to be decided by the Selectmen and town meeting. Mr. Martel looks at Ms. Davis' comments in terms of economic opportunity costs. Ms. Cook said that she would also take out Section C7. She feels that some of the Planning Board changes were arbitrary. Mr. Fernandez shares similar concerns with Sections A2, C2, and C7, and would like to see more as of right uses. Ms. Cook said that Advisory's role isn't to change the article, it is to take a position on what is in front of them. Too many amendments will kill the article at town meeting, and she hopes that EDC and Planning Board can find common ground before town meeting. Mr. Pfaff said that there is time to do just that, and does not support the current version. Mr. Healey implored Planning Board to revisit the FAR issue. Ms. Braccio said that too many amendments will make it likely to indefinitely postpone the article at town meeting. Mr. Healey said that changing a few numbers won't overwhelm people, and that consensus amongst the boards is the most important thing for passing the article. Ms. Cook said that amendments can be made, so long as everyone supports them. Mr. Stivers said that it is a challenge at town meeting without visual aids to help people, but that is not insurmountable if people agrees on the changes. Mr. Dennington supports the article, amended or not, and hopes that people can galvanize around the article. Mr. Dennington supports the need for Section C7 in the bylaw. Ms. Braccio thanked Advisory for their input, and appreciated the discussion in anticipation of the next Planning Board hearing date on 10/18.

viii. <u>Article 4 – Capital Budget</u> - Jason Malinowki, Capital Planning Committee Chair, and Jason Montijo, IT Manager, joined the meeting. Mr. Malinowski discussed the two articles. He said that the Capital Feasibility article will provide funding to plan and do preliminary work for capital projects for all town departments. He discussed the current space needs study, which was funded through a similar article in 2020. This funding is needed now because funds may be needed in the next several months to keep any results of the School-Capital Subcommittee discussions moving forward to the March town meeting. Presentations on use of funds will be done publicly to determine if the use is appropriate and get Selectmen approval to spend. Mr.

Malinowski hopes that this funding will support a comprehensive capital approach, rather than individual projects from various departments. Mr. Dennington is questioning how Capital arrived at the requested amount. Mr. Malinowski said that it was based on some of the feedback received during the consultant RFP process for the space needs study. The funding is not designated for a particular use yet. Mr. Dennington asked if the School-Capital Subcommittee has a work product to review yet, and if the Senior Center improvement has been discussed. Mr. Malinowski said that more information is forthcoming from the School Supt. later this month. Mr. Healey said that this makes a lot of sense, and may be the basis for an ongoing fund to use for these purposes. Ms. Cook is concerned with the amount of financial items on this warrant, and that it will push the tax increase over 4%. Ms. Cook questioned whether any needs of this nature should be funded through the Reserve Fund. Mr. Nodiff was concerned about setting a precedent with this item for future articles. Mr. Malinowski said that this was a one-time item. Mr. Purple explained the omission of the IT server funding from the May 2021 town meeting, as well as the other funding opportunities through CARES and Community Compact grant. Mr. Purple said that we would not move forward with the project until after we hear on the alternative funding options. Mr. Montijo talked about the current state of the Town's servers and the need for replacement. Mr. Malinowski said that Capital did vote unanimously to bring forward if the other funding opportunities don't work out. Tim Martel asked about the redundancy of the servers, and Mr. Montijo talked about upgrading the VMWare for better capabilities. Ms. Cook asked why the $40K from May increased to $85K now. Mr. Montijo didn't have any input into the $40K number; that figure was reduced by MTC from the original capital request of the former IT Manager, Tom Laflamme. Mr. Montijo said that conversations with vendors over the past few weeks supports the requested number, and technology equipment is expensive. Ms. Cook asked about moving as much as we could to the cloud, and why we need three new servers. Mr. Montijo said that our current setup doesn't give us the option of being completely cloud-based; some of our servers are already in the cloud. Our infrastructure needs redundancy with our internet services that we don't have yet. VMWare requires three servers for redundancy to migrate the servers in the event of a failure. Mr. Montijo said that we are trying to get any additional financial assistance to fund these upgrades; town funds are the last resort. Ms. Cook asked if there are any issues with the current IT budget, and Mr. Montijo said that he will know more after he is able to hire his second person. Ms. Cook asked if MTC has weighed in on this proposal. Mr. Montijo said that he discussed this with MTC at their last meeting, but in terms of CARES funding. He had further conversations with the MTC Chair about current approach, and he was on the same page. He will have another discussion with them at their October meeting. Mr. Pfaff asked about the internet provider going down, and if that matters if servers are located at Public Safety. Mr. Pfaff is calculating a $40K saving in employee funds, and another $9K in expenses, so he thinks there may be room to accommodate the new servers in the IT budget in part. Mr. Fernandez asked about our capacity if a server went down. Mr. Montijo said that we could accommodate for a limited period with the remaining two. Mr. Montijo discussed the recent outage that affected the phones; we did not have any impact to our 9-1-1 phones. Mr. Healey said that he is concerned with too many cooks in the kitchen on IT. Mr. Montijo was hired for a reason, and we should trust his approach and reasoning. The remaining Board

members were supportive of Mr. Montijo's approach, and thanked him for his expertise.

b. Take positions on individual warrant articles

Article 1 – Mr. Dennington made a motion to support the article, seconded by Mr. Stivers; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 2 – Mr. Dennington made a motion to support the article, seconded by Mr. Stivers; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 3 – Mr. Dennington said that he needs more time to review, and is concerned with a permanent increase to the tax base. Ms. Malinowski said that the increase is not necessarily permanent, as the contracts are only through June 30, and the Board of Health needs to discuss the future of the department. Mr. Dennington asked if the Health Director position would continue to be contracted; Ms. Malinowski said that she can't answer that right now, but that there could be a regional approach in the future. Dr. Fazen's report discusses regionalization, but BOH needs to discuss timing and extent. The Board agreed to list their support for the article in the warrant as "At Town Meeting".

Article 4 – Mr. Stivers made a motion to support the article, seconded by Ms. Malinowski; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 5 – Mr. Stivers made a motion to support the article, seconded by Ms. Malinowski; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 6 – Mr. Stivers made a motion to support the article, seconded by Ms. Malinowski; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 7 – Mr. Stivers made a motion to support the article, seconded by Ms. Malinowski; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 8 – Mr. Stivers made a motion to support the article, seconded by Ms. Malinowski; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 9 – Mr. Stivers made a motion to support the article, seconded by Ms. Malinowski; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 10 – Mr. Dennington made a motion to support, seconded by Ms. Malinowski. Mr. Healey said that he would prefer to wait to see what is going to happen on October 18 and list the article in the warrant as "At Town Meeting". Ms. Braccio said that if we aren't going to support, then why are we bringing it to town meeting. Mr. Stivers said that the Board voted previously to support sending this to the Planning Board. Motion was approved unanimously, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye). Mr. Healey said that he is cautiously optimistic that a consensus can be achieved on 10/18.

III. Other Matters (Board may vote)

A. Consideration of amendment to Fire Chief contract, RE: Paramedic certification – Ms. Braccio said that we did not hear back from Labor Counsel today, so we will table that until the next regular meeting on 10/19. The Board concurred with that approach.

B. Appointment of Special Counsel for Tax Title – Mr. Purple explained the process and Town Counsel's recommendation for appointment. Mr. Dennington asked what Attorney Condon's

rate was, and Mr. Purple said that he couldn't remember off the top of his head, and would send that information to the Board in the morning. Normally, the costs are recovered during the legal process, and deposited into the general fund to be certified as Free Cash the following year. Mr. Stivers made a motion to approve the appointment, seconded by Ms. Malinowski, unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

IV. **Public Comment –** None. Advisory voted to adjourn their meeting at 10:27PM. Approved by roll call vote, 6-0-1 (Cook – aye; Pfaff – aye; Martel – aye; Fernandez – aye; Nodiff – aye; Jones – aye; Wilson – abstain).

V. **Adjournment –** Mr. Stivers made a motion to adjourn the meeting at 10:44PM, second by Ms. Malinowski, unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Respectfully submitted,

Mark J. Purple, Town Administrator

<u>List of Documents referred to at the October 7, 2021 BOS Meeting:</u>

- November 1, 2021 Special Town Meeting warrant
- Lisa Braccio presentation on Article 10
- Memo from Town Counsel, RE: Appointment of Special Counsel for Tax Title

Downtown District

An update to the zoning code

Some of the major updates to the current code

- Minimum lot area updated to 5,000 sq ft – to bring nonconforming lots into conformity
- Mixed- use Development
- By-right Floor Area Ratio - .30 by right and up to .50 by special permit from the Planning Board
- Updated uses By-right and by Special Permit
- Updated from up 2000 sq feet per building to 3000 sq feet per establishment by right
- Current code does not have an allowance for greenspace – the Downtown District requires 20%
- The addition of affordable housing units in the mixed use triggered by 4th unit by special permit at a rate of 12.5%
- A reduction in parking requirements for Dwellings, Bed & Breakfast, Restaurant as well as Mixed-use development

Current composition of the Downtown District

What does non-conforming mean?

- A legally existing building, lot, location of building on a lot or use of buildings or land which does not conform to the zoning regulations for the district in which it is located.

Mixed-use Development – proposed definition

- **MIXED-USE DEVELOPMENT**

  •A development that includes any combination of permitted nonresidential uses and one or more dwelling units within a single structure; provided, however, that the inclusion of two (2) or more dwelling units in a mixed-use development shall not be deemed a multifamily dwelling. The ground floor facing the street shall be used only for permitted nonresidential uses, and residential dwellings cannot exceed 40% of the gross floor area of the above ground level floor space of the building (no residential dwellings in the basement level).

- Currently our code does not allow for residential units in a mixed-use building
- Also our code currently does not allow for multi-family housing except for elderly or in a Major Residential development which is 8 or more lots or construction of 8 or more dwelling units.

By right uses: without a special permit

§ 174-8.12 Downtown District

A. Permitted uses are as follows:

All uses permitted in the residential districts (RA and RB).

Mixed-use development, provided that each nonresidential use in the development is a permitted use under this Section 174-8.12(A) or Section 174-8.12(B) and provided that the number of dwelling units does not exceed three (3).

Professional or business office, or bank, but not including a medical or dental office.

Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery.

Bed and breakfast.

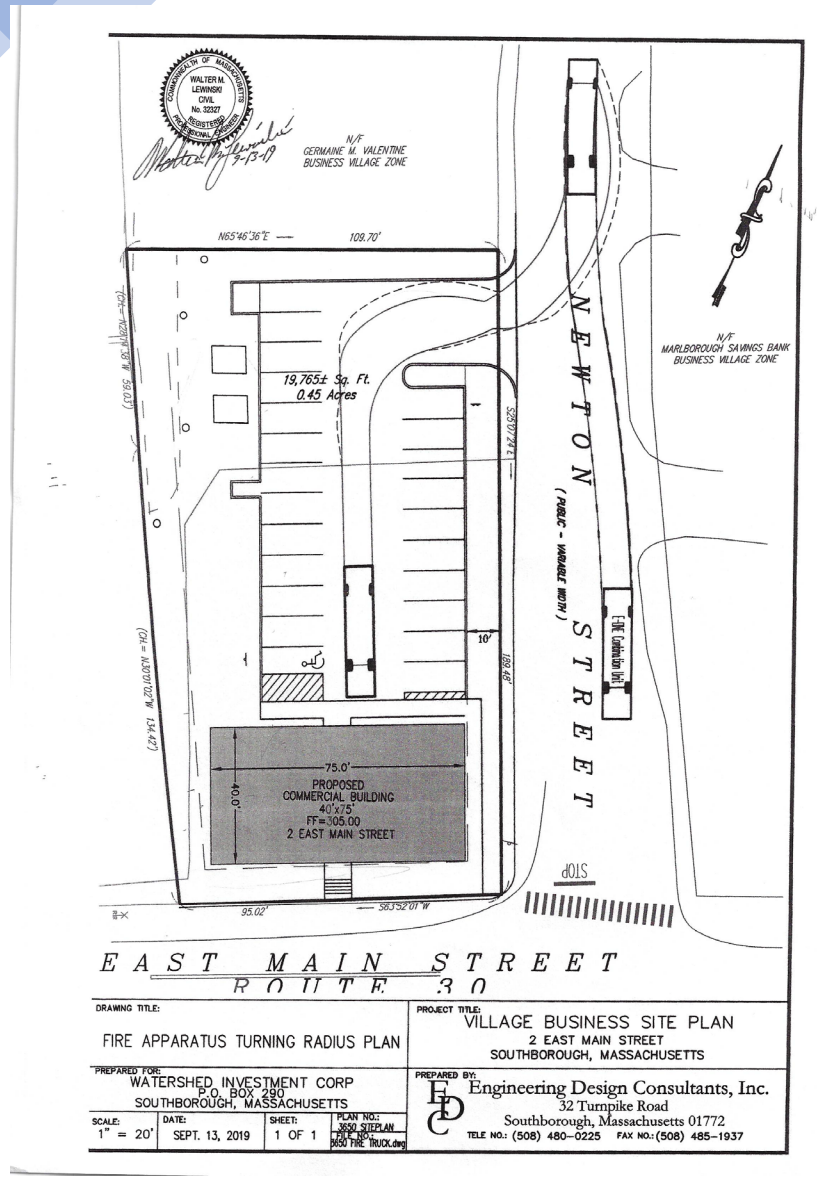
Child care center.

Co-work center.

Permitted uses, up to a maximum of 3,000 square feet per establishment.

Retail sales and services.

Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited).



Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive- through service is prohibited).

Personal services such as barber shop, beauty salon, tailor, or shoe repair.

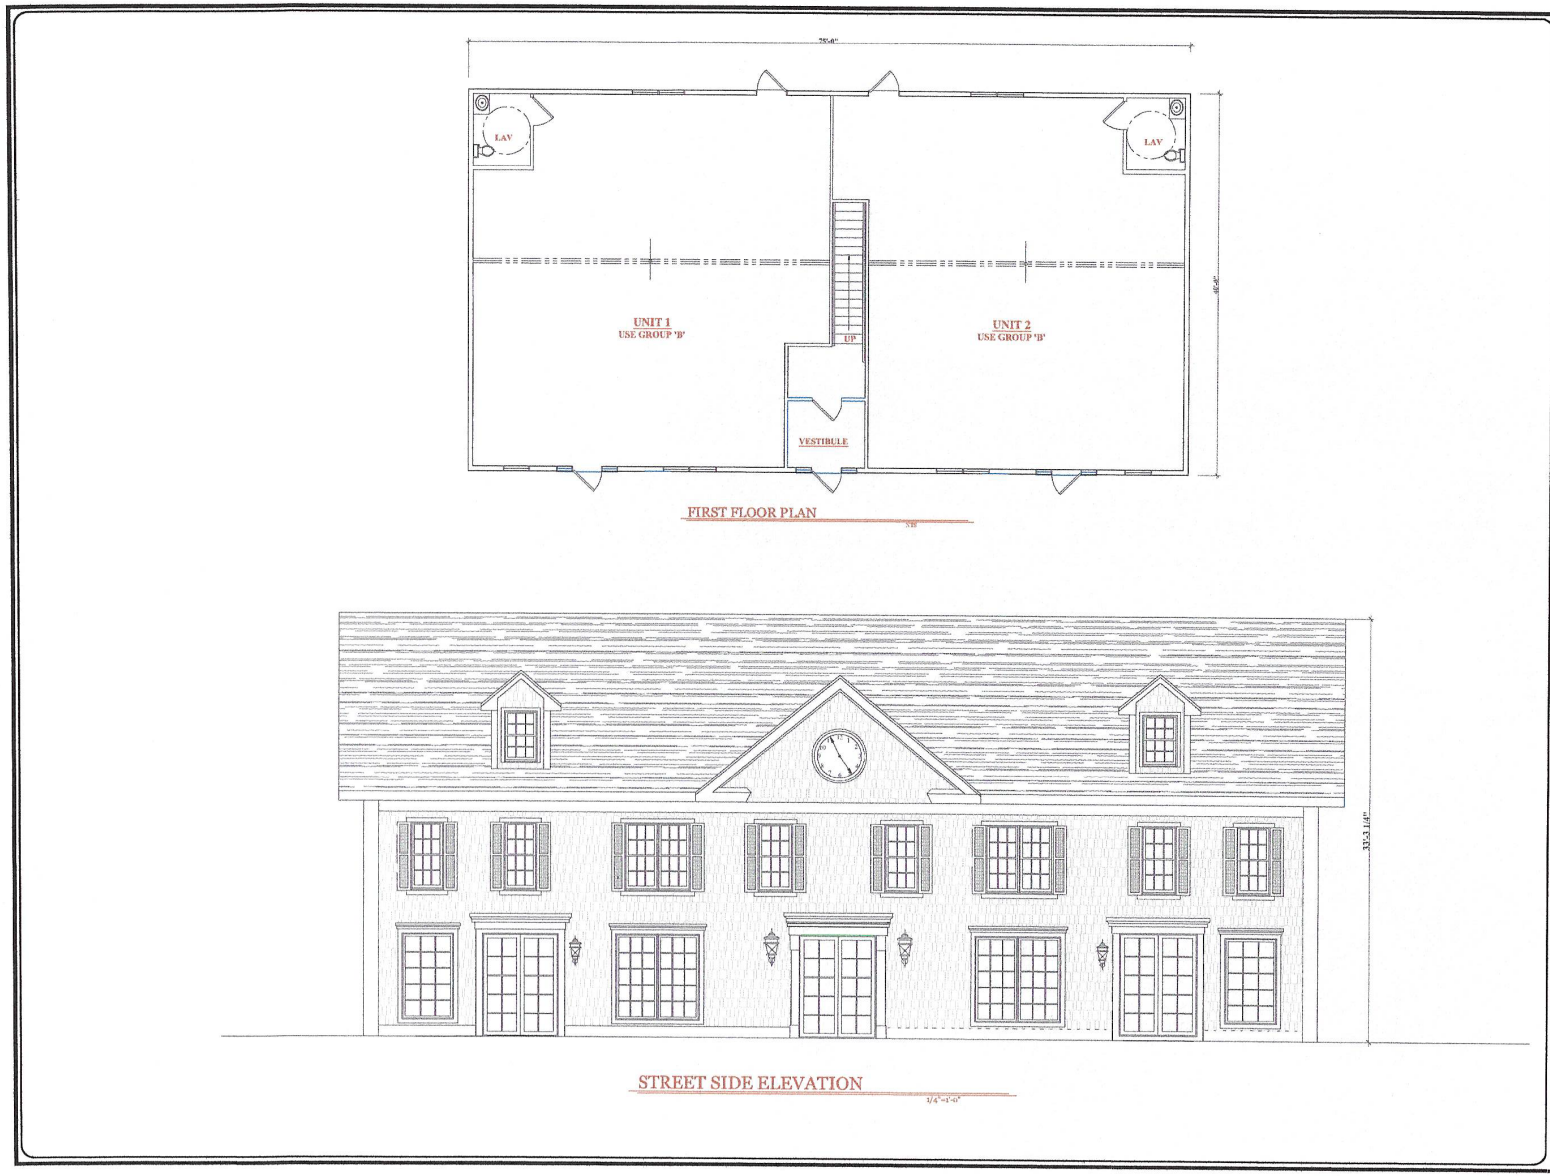
By right Floor Area Ratio (FAR)

- FLOOR AREA, GROSS
  The aggregate horizontal area, in square feet, of all floors of a building or several buildings on the same lot, measured from the interior faces of walls enclosing each building, exclusive of stair and elevator wells, garages, basement and other areas used only for storage or for services incidental to the operation and maintenance of such a building or buildings. In the absence of information as to what portion of the building will be used for such storage and services, 80% of the aggregate floor area shall be deemed to be the floor area for the purposes of computing the required off-street parking and loading spaces.

- FLOOR AREA RATIO
  The ratio of the aggregate gross floor area of all floors of a building or buildings on a lot to the total lot area. The gross floor area shall not include unenclosed porches, cellars, attics or garages not used for human occupancy.

To better understand an FAR:

The FAR only governs the uses within the building.



This parcel has been referenced through the last 2 years in discussions and renderings as a prior proposed site. When this was originally submitted the FAR was just over .35 due to parking regulations/requirements among other things it was reduced to .328. The building size did not change only the usable space within.

From the definition prior it is exclusive of stair and elevator wells, garages, basement and other areas used only for storage or for services incidental to the operation and maintenance of such a building or buildings.

An FAR does not mean the building can only be .30 of the lot it can be smaller or larger depending on how it mets the other requirements of the bylaw and the allowed building uses.

These next 4 pictures show how the size of the building did not change just the usable space inside.

The first 2 slides are from 6/19 and the next two from changes made 9/19.

Closing thoughts

The ability for mixed-use development as a tool to revitalize our Downtown will create new opportunities for business, diversity in housing and a much-needed change to a zoning code that has not seen any substantial updates in over 20+ years.

By right uses and the FAR will allow for a less restrictive process but still has guidelines put in place that the Planning Board has recommended.

The Downtown District was drafted with input from public forums, public hearings (in the Spring and late Summer), the EDC, Planning Board, Board of Selectman, SHOPC and assisted by Consultants over the course of 2 years.

Where we are today….

- The Economic Development Committee (EDC) still has 3 specific concerns:

1) The restriction of mixed-use to require that residential units not comprise more than 40% of a building, makes no sense and negates the original intent of adding by-right mixed-use.

2) The sharp reduction in the number of residential units permitted in a mixed-use development, from eight units to three units, is overly restrictive, undermines the intent of encouraging mixed-used development, and was proposed arbitrarily with almost no discussion or reasoning.

3)The reduction of the Floor Area Ratio from 0.35 to 0.30 is (i) contrary to months of agreed upon discussion, (ii) against the recommendation of the zoning and planning experts hired by the Town, and (iii) significantly lower than the current Floor Area Ratio permitted in the Downtown Business Village District, which is currently 0.50for commercial buildings (see Schedule of Dimensional Regulations).

Where we hope to be….

- The Planning Board has one additional public hearing before Town Meeting. With all sides coming together one final time the hope and goal would be to once again collaborate and bring a fully supported article from the Board of Selectman, EDC and the Planning Board forward.

- We would hope Advisory will be supportive as we continue to move forward.

MEMORANDUM

TO: Mark Purple, Brian Ballantine
FROM: Jay Talerman, Town Counsel
RE: Tax-Title Counsel
DATE: October 7, 2021

Mark, Brian: You have inquired about my recommendation regarding the potential appointment of David Condon and his firm, Louison, Costello, Condon & Pfaff, as the Town's Tax-Title Counsel. I have worked with Attorney Condon and his firm for many years on a variety of matters, including tax-title matters. In my opinion, they provide excellent and expedient tax-title services and I highly recommend them.

Please let me know if you have any additional questions regarding this matter.

Sincerely,

Jason R. Talerman

Town Finance Terminology

The following terms are frequently used in the Advisory Committee Report and at Town Meeting. For your convenience, we provide the following definitions.

Surplus Revenue: (Often referred to as "Excess and Deficiency")
The fund represents the amount by which the Cash, Accounts Receivable and other floating assets exceed the liabilities and reserves.

Available Funds: (Often referred to as "Free Cash")
The amount of the Unreserved Fund Balance (Surplus Revenue) account over and above uncollected taxes of prior years constitutes "free cash" or "available funds".

Overlay:
The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements and exemptions as granted.

Overlay Reserve:
This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the Reserve Fund.

Stabilization Fund:
An outside section of Chapter 138 of the Acts of 1991 (the FY92 State budget) modifies limitations on the Stabilization Fund appropriation process by enabling communities to appropriate from this fund for any non-capital, lawful purpose without Emergency Finance Board approval (section 333). Beginning in FY92, the Stabilization Fund will thus become a source of revenue for general operating expenses for communities.

The Stabilization Fund is a mechanism for setting aside money for capital projects. It equalizes the effect of capital expenditures over time, as capital appropriations can change considerably from year to year. The balance in the fund will build up during years when expenditures for capital items are low. During years with high capital expenditures, the community will transfer money from the fund to reduce the project's impact on the tax rate or the amount of borrowing required for the project.

A community may appropriate up to 10% of its tax levy each year, as long as the balance in the Stabilization Fund does not exceed 10% of the community's equalized valuation. Interest earned on any fund balance is retained as part of the fund.

Appropriations into a Stabilization Fund can be made at either an annual or special town or district meeting. Chapter 94 of the Acts of 1985 permits appropriations to be made from a Stabilization fund at a special town or district meeting, not just at the annual meeting. Regardless of the timing, appropriations from the Stabilization Fund require a two-thirds vote by the appropriating authority. Until the FY92 state budget, a community could only appropriate from the Stabilization Fund for a none-capital purpose with the approval of the Emergency Finance Board.

Reserve Fund:
This fund is established by the voters at the Annual Town Meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) both. Transfers from the Reserve fund may be made only by the Advisory Committee and are for "extraordinary or unforeseen expenditures" only.

Conservation Fund:
For land purchases and any other conservation use.

Introduction to the Rules of Town Meeting

Southborough's Town Meeting is an open town meeting in which all registered voters may participate. Town Meeting is a deliberative assembly, conducted via a defined process, charged with considering a maximum number of questions of varying complexity in a minimum amount of time and with full regard to the rights of the majority, strong minority, individuals, absentees and all of these together. In other words, we gather for the purpose of conducting the Town's business thoughtfully and efficiently.

AUTHORITY

The three elements of authority at Town Meeting are a quorum of one hundred (100) registered voters or more, the Clerk and the Moderator. Of these three, the quorum is the most important.

The Town Clerk is responsible for voter registration, certification of a quorum, setting up the hall and keeping the record of the proceedings. He may also officiate Town Meeting in the absence of a Moderator.

The Moderator presides at and regulates the proceedings, decides all questions of order, and makes declarations of all votes. No one may speak on an issue without being recognized by the Moderator. It is the Moderator's responsibility to approve the distribution of materials, and persons wishing to do so must seek his permission. The Moderator appoints Tellers and alternates for the purpose of counting votes of the meeting.

THE WARRANT

All matters to be considered at Town Meeting must be published in the Town Meeting Warrant, which is the responsibility of the Board of Selectmen. The primary and most important purpose of the Warrant is to notify voters in advance the nature of the business to be taken up at Town Meeting. By state law, Town by-law or custom, several business articles (such as budget appropriations) must be presented in the Town Warrant each year for consideration. Other items are added by warrant articles proposed by Town officials, committees, boards, or groups of ten or more registered voters. The Advisory Committee reviews the Warrant, making recommendations on all the items of business to be presented. In accordance with the Town by-laws, all articles in the Warrant are considered in the order in which they appear in the Warrant, unless the Town Meeting votes to change the order for reasons that reasonable people would entertain.

PARTICIPATION

Any voter wishing to participate in Town Meeting must go to one of the floor microphones and wait to be recognized by the Moderator. Upon recognition by the Moderator, first state your name and address, and then state your business.

Anyone whose name is not on the list of registered voters requires the approval of either the Moderator or a majority of the Meeting to sit in the voting area.

All remarks shall be limited to the subject then under discussion. It is improper to indulge in references to personalities, and all expressions of approval or disapproval, such as applause or booing, are out of order. The Moderator may request any person to keep silent. If after warning from the Moderator, a person refuses to be silent or persists in other disorderly behavior, the Moderator may order a person to withdraw and if he fails to withdraw, may order a police officer to remove such person from Town Meeting.

Individuals who have a personal or financial interest with respect to a matter may speak or vote thereon but should frankly disclose their interest. However, no Town Meeting voter should accept compensation for participating without disclosing that fact.

There is no fixed time limit to the debate of any question. However, out of consideration for the others in attendance and the need to give adequate time to all matters coming before Town Meeting, each individual who speaks should make an effort to be as brief as possible and avoid repeating facts, views or opinions already expressed by others.

Introduction to the Rules of Town Meeting (continued)

Anyone wishing to make a presentation with respect to any article must, prior to Town Meeting, obtain the Moderator's approval.

In order to give all a fair opportunity to speak, no one who has addressed any particular motion shall speak again, except to answer questions, until all others wishing to speak to the motion have done so.

HOW ARE MOTIONS CLASSIFIED?

Main Motions
Motions of this group are for the bringing of questions, or propositions, before Town Meeting for consideration. Only one main motion can be considered at a given time, and once introduced such a motion excludes all other main motions until it has been disposed.

Subsidiary Motions
Motions of this group have are for the modification or disposition of the main motion that is being considered. Their existence as motions depends entirely upon the principal motion to which they are subordinate. Since they relate to the question then under consideration, it is in order to propose them when a main motion is pending and to vote upon them before voting upon the main motion.

Privileged Motions
Motions of this group have no connection whatsoever with any main motion, but are motions of such importance that they are entitled to immediate consideration. These motions have the privilege of temporarily setting aside the main business then before Town Meeting.

Incidental Motions
Motions of this group have few characteristics in common, but for convenience have been grouped into one class. The name "incidental" applies because they arise only incidentally out of the business of Town Meeting.

RULES RELATIVE TO MOTIONS

A motion is the means of bringing a proposal or question for consideration by Town Meeting. When first put forward it is a motion; after it is seconded and acknowledged by the Moderator, it becomes the question or proposal. Except for complimentary resolutions (the presentation of which must be approved in advance by the Moderator), no main motion shall be entertained unless it's substance is contained within the scope of a Warrant article. Upon completion of debate, articles will be voted upon.

The Moderator shall determine whether a motion, or any discussion relative to a motion, is within the scope of the Warrant article under consideration. That is, the motion and the debate must be relevant to the article as written in the Warrant, since the purpose of the Warrant is to apprise voters of the actions to be taken at Town Meeting.

Articles only give notice to the voters and do not initiate action; motions do. Motions may be withdrawn; articles may not be withdrawn – articles must be acted upon by Town Meeting.

There are four types of amendments: striking out, inserting, striking out and inserting, and substitution. Motions to amend may be hostile as long as they are germane. An amendment to a motion is an amendment of the first rank; an amendment to an amendment is of the second rank; there can be no amendment beyond that of the second rank.

Some motions do not lead to a final determination by Town Meeting. A motion to commit or to refer sends the matter to an existing board or committee or one to be established. The motion to postpone indefinitely disposes of the question without bringing it to a direct vote. The motion to postpone indefinitely should not be confused with the motion to table which only temporarily delays a vote. As previously stated, articles may not be withdrawn; so when the Meeting does not wish to act on a particular article, the proper motion is to postpone consideration indefinitely.

Introduction to the Rules of Town Meeting (continued)

Motions to reconsider shall be entertained when new information is available that is materially different than was presented (or could have been presented) at the time of the original vote on the article. Articles may be reconsidered only once. If a motion to reconsider is passed by the necessary 2/3 vote, it brings the original article back to the floor (which requires a new motion and additional debate); if the motion to reconsider is defeated, then the original article stands as previously voted and may not be reconsidered again. Actions to reconsider can be taken at the same session or any subsequent session of Town Meeting. A notice of reconsideration may be filed in advance with the Town Clerk stating that, at a specific point during the current Town Meeting, a voter will move for reconsideration on a particular article, and the Moderator will inform the hall of said action. Note that such a motion so noticed in advance must still be in order (i.e., must comply with all conditions required of any reconsideration motion).

All motions other than purely procedural motions must be in writing and signed by the sponsor.

CHART OF PRECEDENCE OF MOTIONS AND SUMMARY OF GOVERNING RULES

	May interrupt a speaker	Req. a sec.	Debatable	Vote Required	Motions that may apply
PRIVILEGED MOTIONS					
1. To dissolve	no	yes	no	majority	none
2. To adjourn	no	yes	limited	majority	amend

*The vote required to pass an affirmative main motion is a matter of substantive law, but is usually a majority.

FORM USED IN MAKING MOTIONS

1. Main Motion	Mr. Moderator, I move that...(statement of the proposal)
2. Adjourn	Mr. Moderator, I move to adjourn to...(state time)
3. Amend	Mr. Moderator, I move to amend by adding...
	Mr. Moderator, I move to amend by inserting...before...
	Mr. Moderator, I move to amend by stroking out...
	Mr. Moderator, I move to amend by striking out...and inserting...
	Mr. Moderator, I move to substitute...for...
4. Amend an Amendment	Mr. Moderator, I move to amend the pending amendment by (see above)
5. Amend Something Previously Adopted	Mr. Moderator, I move to amend the resolution under Article...by...
6. Commit or Refer	Mr. Moderator, I move that the proposal be referred to a committee of...
8. Division of a Question	Mr. Moderator, I move to divide the question.
9. Lay on the Table	Mr. Moderator, I move that the proposal be laid on the table.
10. Point of Order	Mr. Moderator, I rise to a point of order.
11. Postpone to a time certain	Mr. Moderator, I move to postpone the question to...
12. Postpone Indefinitely	Mr. Moderator, I move that the question be postponed indefinitely.
13. Previous Question	Mr. Moderator, I move the previous question.
14. Question of Privilege	Mr. Moderator, I rise to a question of privilege.
15. Recess	Mr. Moderator, I move to recess for...
16. Reconsider	Mr. Moderator, I move to reconsider the vote under Article...
	Mr. Moderator, I move to reconsider the vote on the amendment to...
17. Separate Consideration	Mr. Moderator, I move for separate consideration.
18. Suspend the Rules	Mr. Moderator, I move to suspend the rules which interfere with...
19. Take from the Table	Mr. Moderator, I move to take from the table the motion relating to...

INTERRUPTING A SPEAKER

No one may interrupt a speaker except for a point of order or a question of privilege.

POINT OF ORDER

A point of order if a question of the Moderator about whether the speaker is entitled to be speaking, or whether the current subject under discussion (or what the speaker is saying) is irrelevant, illegal or contrary to proper procedure. No other "point of order" is proper.

PREVIOUS QUESTION

To call or move the question is a request to stop discussion and to take an immediate vote. This requires a 2/3 vote.

VOTING

Voting is by hand vote and the Moderator declares the result of such votes. If seven or more voters immediately question the declared result, the Moderator shall determine the result by a standing count of votes by the Tellers. After the vote counted by the Tellers is presented to the Moderator and announced to the floor, any further motions for recount are out of order.

ADJOURNMENT AND DISSOLUTION

Sessions of Town Meeting normally adjourn at eleven o'clock in the evening but may adjourn at such earlier or later time as vote of the majority may determine. Town Meeting shall not dissolve until all articles in the warrant have been properly considered.

TOWN WARRANT
COMMONWEALTH OF MASSACHUSETTS

ANNUAL TOWN MEETING

Worcester, ss. October 5, 2021

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the Inhabitants of the Town of Southborough qualified to vote in town affairs, to meet in the P. Brent Trottier Middle School, 49 Parkerville Road, in said Southborough, on

Monday, November 1, 2021

at ***7:00 p.m.***, then and there to take action on the following Articles:

ARTICLE 1: To see if the Town will vote to accept the following change to the Personnel Bylaw Entitled "The Salary Administration Plan," as specified in Chapter 31 of the Code of the Town of Southborough entitled PERSONNEL: include a position titled "Senior IT Specialist" in Section 20, Schedule A at Grade 7.

PERSONNEL BYLAW
ENTITLED "THE SALARY ADMINISTRATION PLAN"
[revised at November 1, 2021 Fall Town Meeting]

This bylaw establishes a Salary Administration Plan for the Town of Southborough that (i) groups position classifications in Town services, (ii) establishes salary schedules and employee benefits and (iii) establishes and authorizes the Personnel Board to administer the bylaw and to represent the interest of both the taxpayers and the Town employees.

This Salary Administration Plan applies to the positions of all officers and employees in the service of the Town, whether full-time, part-time, temporary, seasonal, special or any other, except those positions filled by popular election, under the direction and control of the School Committee, performed pursuant to a contract approved by the Town or encompassed in any officially recognized labor union and/or association. The positions covered by this Salary Administration Plan are hereby classified by titles in the groups listed in Schedule A through G ("Classification Schedule") as set forth in Section 20 of this bylaw.

The classification of positions subject to the Massachusetts Welfare Compensation Plan (as amended) and the scheduled rates therefor, as well as the applicable provisions of the Massachusetts General Laws relating to the application of rates set forth in the aforementioned Welfare Compensation Plan are hereby incorporated by reference.

* * *

9	$96,731	$46.51	$116,077	$55.81	$135,424	$65.11

, or do or act anything in relation thereto.

Proposed by: PERSONNEL BOARD
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *The Personnel By-Law governs policies and pay structures for non-union employees. The position "Senior IT Specialist" is being added to Grade 7 of the Classification Schedule, which will support the funding request that was approved by Town Meeting in May 2021.*

ARTICLE 2: To see if the Town will vote to amend the Town's General and Zoning Bylaws by changing the term "Board of Selectmen" to "Select Board" in all mentions of the same throughout the entirety of the General and Zoning Bylaws, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *The name change is to promote inclusion and diversity in Southborough's town government. The board will remain under the current confines of the Board of Selectmen authority. Over 100 towns in the Commonwealth have already adopted the name change.*

ARTICLE 3: To see if the Town will vote to amend Article 7 of the May 22nd, 2022 Annual Town Meeting as follows:

Budget 542 - Board of Health FY22	Original Vote	Proposed Amended Amount	*Change*
51000-51990 Personal Services	132,068	201,291	*69,223*
52000-58990 Other Charges & Expenses	70,624	70,624	-
TOTAL	**202,692**	**271,915**	***69,223***
Budget 910 - Employee Benefits FY22			
910-51720 Health Insurance	5,283,905	5,303,302	*29,397*
910-51780 Dental Insurance	248,964	250,026	*1,062*

And to increase the Total raise and appropriate FY22 budget by $99,682;

And further to amend Article 8 of the May 22, 2022 Annual Town Meeting as follows:

Water Enterprise Fund 6161		Original Vote	Proposed Amended Amount	*Change*
400-450-56940	Mass Water Resources- Water	1,420,000	1,270,000	*-150,000*

, or act or do anything in relation thereto.

Proposed by: BOARD OF HEALTH and BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *The BOH is requesting an increase for the Public Health Director and Public Health Nurse salary and benefits line items. This was not brought forward at annual town meeting to allow for the town to take advantage of FEMA and CARES funding. The incremental is to cover the remainder of FY22 that is not budgeted for. In addition, the Board of Selectmen is looking to reduce the line item for the MWRA water assessment in the Water Enterprise Fund. It has been determined that the amount voted in May can be reduced as the MWRA water assessment figures have been refined.*

ARTICLE 4: To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money for General Government capital items for the following purposes:

	Description	**Request**	**Levy**	**Other Funds**
A.	Engineering/Capital Feasibility Studies	$ 30,000	$ 30,000	
B.	IT: Server replacements	$ 85,000	$ 85,000	

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: At Town Meeting
Advisory Committee Recommendation: At Town Meeting
Summary:
A. This item will allow the Capital Planning Committee along with numerous other town Boards, Committees, and Department Heads to continue exploration and any other preliminary design in developing a comprehensive capital plan related to the building needs of all town departments currently located in the Town House, Cordaville Hall, South Union School, DPW Facility, Library and School Administration space. Any proposed funds to be spent with this article will only be allowed after a presentation to and authorization by the Board of Selectmen.
B. This item will replace our 3 physical servers and upgrade our licensing. The current set up of servers have reached their end-of-life support. Also, the current configuration is insufficient for the number of virtual servers (VM's) that are currently set up. Memory on all of the host servers is approaching maximum utilization and storage has also reached its capacity. We currently have 14 VM's that reside on 3 host (physical) servers, 9 of which are critical for all town services including public safety. Servers that are on-premise currently need to remain that way to support the public safety complex and internal domain resources. Domain resources include print server, domain controller and file server.

ARTICLE 5: To see if the Town will vote to raise and appropriate or transfer from available funds the sum of $25,000 for the purpose of funding a comprehensive traffic study for the Town of Southborough that will determine the most optimal routes for heavy commercial vehicles travelling through Town, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *The Board of Selectmen has received requests for truck exclusions on various roads. Due to requirements from Mass DOT, alternative routes must be determined in order to put new exclusions in place. This study will be used to determine the best routes for trucks to travel through Southborough.*

ARTICLE 6: To see if the Town will vote to amend the provisions of the Southborough Code, Section 9.8 and 9.12 thereof, as follows:

§ 9-8 Establishment; membership; residence requirements. [Amended 4-12-1999 STM by Art. 1; 10-21-2002 STM by Art. 7; 4-15-2008 ATM by Art. 34]
There shall be an Advisory Committee, which shall consist of ~~nine~~ seven voters of the Town. No member shall be appointed who is a Town officer, employee or member of another Town committee, appointed or elected; provided, however, that an Advisory Committee member may belong to one ad hoc committee that is appointed by an elected board or official, or one other committee appointed by the Moderator under the following restrictions:

A. The Advisory member's participation is approved by majority vote of the Advisory Committee excluding the member desiring to participate in the above committees.

B. The Advisory member may not vote or be counted for purposes of a quorum during Advisory meetings when matters subject to the jurisdiction of the above other committees are presented to the Advisory Committee.

§ 9-12. Appointment of Chairman and Secretary.
Said Committee shall choose from its membership a Chairman, a Vice-Chairman and a Secretary.

, or act or do anything in relation thereto.

Proposed by: ADVISORY COMMITTEE
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *The proposed article makes the following changes to the current Advisory by-law:*
§ 9-8 - Proposed article (1) reduces the number of members on the Advisory committee from nine to seven.
§ 9-12 –Proposed article adds the office of Vice-Chairman.

ARTICLE 7: To see if the Town will vote to amend the provisions of the Southborough Code, Chapter 41-2 entitled Notice of Town Meetings by appending the following language to the section:

"and fourteen days, at least, before the time appointed for a Special Town Meeting."

, or act or do anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *This language clarifies the existing bylaw so it complies with G.L. Ch 39, S 10.*

ARTICLE 8: To see if the Town will vote to amend the provisions of the Southborough Code, by creating a new section §41-2.1 entitled Location of Town Meeting by adding the following:

§ 41-2.1 Location of Town Meeting
Due to reasons such as a lack of physical capacity in a suitable auditorium or other facility in Southborough, or an emergency, the Board of Selectmen may specify in a warrant for an annual or special town meeting that the meeting is to be held or in any town contiguous to Southborough. Town meeting may also vote to adjourn to such a facility if it deems appropriate.

, or act or do anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *This article would give the Board of Selectmen the option to direct that a town meeting be held in any of the towns contiguous to Southborough. For example, a town meeting could be held at Algonquin Regional High*

School if the town were unable to hold the meeting in Southborough due to a lack of physical capacity or an emergency.

ARTICLE 9: To see if the Town will vote to amend the provisions of the Southborough Code, by renaming Article III to "Annual Report", by deleting section 41-26 in its entity, and creating a new section 41-26.1 entitled "Availability of Annual Report", as follows:

§ 41-26.1 Availability of Annual Report
No later than seven days before an annual town meeting, the Selectmen shall make copies of the Annual Town Report available to the public by placing it on the town website and at the Southborough Town House.

, or act or do anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *This article would correct the conflicting language in Southborough Town Code sections 41-2 and 41-26.*

ARTICLE 10: To see if the Town will vote to amend the Town Zoning Bylaw as follows:

Part 1. Amend Article I, Miscellaneous Provisions, **§ 174-2** Definitions, by adding the following new terms and definitions in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guest rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

ESTABLISHMENT

An institutional, business, commercial, or industrial activity that occupies all or a portion of a building; a place of business.

FAÇADE

The external faces of a building.

FRONTAGE OCCUPANCY

The percent of a lot's street frontage that is occupied by a building between the minimum and maximum front setback range.

LANDSCAPED GREEN SPACE

Land that is covered with grass, trees, shrubs, or other vegetation and may include a pervious walkway that meets accessibility standards.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a

taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

A development that includes any combination of permitted nonresidential uses and one or more dwelling units within a single structure; provided, however, that the inclusion of two (2) or more dwelling units in a mixed-use development shall not be deemed a multifamily dwelling. The ground floor facing the street shall be used only for permitted nonresidential uses, and residential dwellings cannot exceed 40% of the gross floor area of the above ground level floor space of the building (no residential dwellings in the basement level).

Part 2. Amend Article II, Establishment of Districts, **§ 174-3 Districts enumerated,** by adding the following new district:

M. Downtown District, referred to as DD

Part 3. Amend Article III, Use Regulations, **§ 174-8.C.(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, or a mixed-use development in the Downtown District, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend Article III, Use Regulations, **§ 174-8, Schedule of Use Regulations**, by adding the following new section:

§ 174-8.12 Downtown District

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB).

(2) Mixed-use development, provided that each nonresidential use in the development is a permitted use under this Section 174-8.12(A) or Section 174-8.12(B) and provided that the number of dwelling units does not exceed three (3).

(3) Professional or business office, or bank, but not including a medical or dental office.

(4) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery.

(5) Bed and breakfast.

(6) Child care center.

(7) Co-work center.

B. Permitted uses, up to a maximum of 3,000 square feet per establishment.

(1) Retail sales and services.

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited).

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive- through service is prohibited).

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair.

C. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection B exceeding 3,000 sq. ft. per establishment.

(2) Mixed-use development that includes a nonresidential use that is a permitted use under Section 174-8.12(A) or Section 174-8.12(B) but with four (4) or more dwelling units.

(3) Mixed-use development that includes a nonresidential use requiring a special permit under this Section 174-8.12.

(4) Microbrewery.

(5) Veterinarian, animal hospital, or animal clinic.

(6) Medical or dental office.

(7) Multifamily dwelling, not to exceed ten (10) units.

(8) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(9) Indoor recreation, athletic or exercise facility.

D. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

E. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

F. Development standards are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Maximum Floor Area Ratio: 0.30 as of right, or a maximum of 0.50 by special permit from the Planning Board.

(6) Minimum landscaped green space: 20 percent. At least 50 percent of the landscaped green space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of the landscaped green space as part of Site Plan Review.

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 80-100 feet of frontage: 70%

(d) Over 100 feet of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 35 feet and three stories,

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown District shall comply with RB District standards.

G. Building Regulations

(1) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(2) The maximum distance between street-level entrances in a single building shall be 35 feet unless waived by the Planning Board.

(3) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

(4) The maximum front setback in Section F(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi- use path, raised terrace, façade offsets, or outdoor dining, but not for vehicle use.

(5) Affordable housing. In any multifamily or mixed-use building with four or more units, at least 12.5 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD).

H. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough.

Part 5. Amend Article III, Use Regulations, by adding the following new section, **§ 174-10.2 Downtown District plan approval.**

In the Downtown District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the procedural requirements and decision criteria of § 174-9, § 174-10, and 174-10.1(A) through (C) shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required. The Planning Board is authorized to promulgate design guidelines to carry forth the purpose and intent of these Bylaw provisions.

Part 6. Amend Article III, Use Regulations, **§ 174-12 Parking and loading regulations**, by inserting the new Section F below and relabeling the existing Section F. Egress to Section G.

F. Exceptions in the Downtown District. Off-street parking requirements for development in the Downtown District shall comply with Section E above except for the off-street parking requirements for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

Part 7. Amend Article II, Establishment of District, **§ 174-4 Zoning Map**, by adding the new *Downtown District* to the Southborough zoning map, said district being depicted on a map as voted by the Board of Selectmen on September 21, 2021 on file with the Town Clerk fourteen (14) days prior to Town Meeting.

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *The purpose of this article is to revitalize Southborough's historic downtown district, while promoting small scale mixed-use development, diversity in housing, and connectivity. This is achieved by updating permitted uses, allowing mix-use development which entail both commercial/retail and residential in one building, and by allowing by right development which allows for approval or issuance of a building permit with no additional permits required. The last major change to our Downtown zoning was the creation of the Business Village District in 1993.*

And you are to give notice hereby by posting true and attested copies of the Warrant on the Town website, the Southborough Town House, 17 Common Street, Southborough Senior Center, 9 Cordaville Road, Southborough Library, 25 Main Street, and Southborough Transfer Station, 147 Cordaville Road; fourteen (14) days at least before the time appointed for such meeting.

Given under our hand this fifth (5th) day of October, 2021.

Lisa M. Braccio, Chair

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Monday, October 18, 2021, 7:00 P.M.
Location: Zoom Meeting (virtual)
Present: Lisa Braccio, Sam Stivers, Marty Healey, Andrew Dennington, Town Administrator Mark Purple
Absent: Chelsea Malinowski

I. Chairwoman Braccio called the Selectmen meeting to order at 7:45 P.M.

II. Scheduled Appointments

Joint meeting with Planning Board – Downtown District bylaw.

Members of Advisory Committee were present (Kathy Cook, Chair, Andrew Pfaff, Vice-Chair, and Marci Jones) but did not have a quorum.

Mr. Anderson thanked the Planning Board and the Board for their efforts. He read a statement into the record. The EDC expressed concern regarding the 40% residential limit and proposed a 50% limit. The EDC felt the 3 By Right residential units should be increased to 4 units By Right to allow for an Affordable Housing component. The EDC also opposed the FAR proposal of .30 and requested it revert to .35.

Ms. Braccio asked the Board if they had any questions. Mr. Stivers and Mr. Healey supported the requests made by the EDC.

Mr. Morris asked the Planning Board for feedback. Mr. Mills continued to support the 40% residential limit to prioritize commercial rather than residential development. He also supported the 3 By Right units as proposed. Mr. Stein felt that going through the Special Permit process was not prohibitive but would "balance progress with preservation." He was open to discussion regarding the FAR pending public feedback. Ms. Luttrell asked if the EDC voted on the proposed increase to 4 By Right units. Mr. Anderson stated the EDC voted to voice their concerns regarding the three issues in the memo. Ms. Luttrell stated that at the June 22, 2021 joint meeting with the BOS and the Planning Board, the Planning Board agreed to open Public Hearings, listen to public feedback, and provide feedback. Ms. Luttrell stated the Planning Board did not make "11th hour changes" as indicated by the EDC. She felt the 40% restriction was intended to promote small scale commercial development and encourage mixed-use. She noted her support for commercial uses on upper floors to allow an ADA compliant residence on the first floor. She felt it would be onerous for the Building Commission to ensure Affordable Housing guidelines are met and felt the task was more appropriate under the purview of the Planning Board. Ms. Luttrell felt the goal of the Draft Bylaw was to encourage small scale commercial development and stated the average FAR in the downtown is .26, thus a FAR of .30 would keep properties within the "existing scale." Ms. Hoolahan supported the other Planning Board members and felt the feedback provided was still collaborative and an improvement. Mr. Stein suggested the "mixed use development definition" verbiage be edited to clarify that 4 units would be allowed via Special Permit. He supported the proposals as suggested by the Planning Board. Mr. Morris also supported the proposals put forth by the Planning Board. He emphasized that in order to achieve a 2/3 vote at Town Meeting, the Warrant Article should be kept simple and noted that Amendments tend to complicate the process for residents and historically result in an "indefinite postponement." He felt a unified approach provided residents with a comfort level. Mr. Morris felt the differences being proposed were not "show stoppers." He recommended that the Planning Board, the EDC, the BOS, and Advisory support what is written in the Warrant. Mr. Morris emphasized that mixed-

use would be allowed which was the original goal of the Bylaw and would encourage economic development.

Ray Hokinson, 10 Main Street, felt the input was valuable and agreed with the views of the Planning Board. Mr. Anderson noted the changes were small but significant for economic development. Mr. Wood emphasized 10% commercial development was not the original intent. He felt that 4 units By Right would be ideal and not prohibitive for the Building Commissioner to manage. Ms. Connelly agreed a united front was important but felt the outstanding issues were critical and felt the original intent was not being accomplished based on the recommendations made by the Planning Board. Ms. Connelly felt the recommendations "undermined the intent" of the Draft Bylaw. Mr. Anderson felt the EDC made significant compromises during the process but did not feel comfortable with the recommendations made by the Planning Board. Kathy Cook, Chair of Advisory, stated the role of Advisory would be to make a recommendation to Town Meeting. She felt the better argument was made by the EDC and felt they compromised more. She felt the Article would not pass if there was not consensus among the various Boards. Andrew Pfaff, member of Advisory, felt the recommendations made by the Planning Board were too restrictive and requested they reconsider their recommendations. Marci Jones, member of Advisory, expressed support for the recommendations made by the Planning Board. Mr. Dennington, member of the BOS, requested the Planning Board adjust the 40% limit to 50% for a two story building. Ms. Braccio stated the BOS would take an official vote at their meeting scheduled for October 19, 2021. Mr. Morris explained a proposal was previously made for 2 Main Street that did not pass. He asked if it would pass under the new Bylaw. Ms. Braccio stated the FAR on that proposal was .328. Mr. Morris stated that "if it is allowed, it will be built." Mr. Mills suggested he would support the changes if the 50% residential limit was restricted to a two story building and 40% for a three story building. Mr. Healey, member of the BOS, stated there has been no new development since 1978 and stated the current Zoning is "not working." He felt there was an "anti-housing" bias which prevented diversity of housing. He felt housing on a second and third level should be encouraged. He implored the Planning Board to reconsider their recommendations. Mr. Morris took offense to the argument that the recommendations made by the Planning Board were "anti-housing." He stated it was a Zoning Article and as it was represented should focus on economic development or it should be changed to a Housing Bylaw to be clear to the public of the intent of the proposed bylaw. Ms. Luttrell stated the mixed-use goal was to encourage commercial development but opined that as residential is "saleable," there can be a tendency by developers to leave commercial space vacant, therefor the intent to advocate for stricter thresholds for residential component. She noted the EDC has not taken a formal vote since June 22, 2021 on the specific issues. She felt there was a lack of consensus among the EDC. Mr. Anderson stated on September 24, 2021 the EDC voted to support the EDC Coordinator's memo and on October 5, 2021, the EDC voted to not accept the three changes recommended by the Planning Board. Ms. Luttrell responded that the EDC had voted on concerns but not on what the actual revisions recommended by the EDC would be. Ms. Luttrell stated she would support the increase to 50% but felt the other 2 issues should stand. Ms. Connelly argued that a developer would not leave the first floor empty because it would not be "economically viable." She felt the 4 units By Right would encourage Affordable Housing. Mr. Robbins implored people to compromise and felt the EDC was representing what the community asked for. Mr. Morris explained the Planning Board scheduled an additional meeting specifically dedicated to the Downtown District Draft Bylaw and provided their recommendations. The recommendations were then unanimously approved by the BOS to move forward with the proposed language in the Warrant. Ms. Braccio supported the efforts of the Planning Board and stated they attended joint meetings, held an additional Public Hearing, listened to resident feedback, and provided their recommendation to the BOS well in advance of Town Meeting. She stated she highly respected the Planning Board and personally would not support Amendments made on the floor of Town Meeting. Mr. Healey proposed the By Right units be increased from 3 to 4. The EDC voted to support a 50% residential limit for a two story building and 40% for a three story building, an

increase from 3 to 4 By Right units, and a .30 FAR. Mr. Dennington shared draft language for the mixed use development definition which the EDC approved. Ms. Braccio anticipated BOS to vote on revisions tomorrow. Mr. Mills clarified that if the increase to 4 By Right units passes, the 4th unit must be Affordable Housing, Mr. Anderson confirmed accurate per draft bylaw language. Mr. Stein supported the proposed changes. Ms. Luttrell expressed concern that if the 4th unit is deemed affordable that the Building Inspector would be able to take on the requirements. Ms. Hoolahan supported the proposed recommendations. Ms. Braccio will distribute an amendment to the Warrant Article.

MOTION by Mr. Mills to support the language as proposed by Mr. Dennington for the definition of mixed use as well as the allowance of 4 residential By Right units. **Seconded** by Mr. Stein. **ROLL CALL: Morris-Yes, Mills-Yes, Stein-Yes, Luttrell-Yes, Hoolahan-Yes. VOTE to Approve: Yes-5, No-0.**

Paul Cimino, Town Moderator, expressed hope for a successful Town Meeting and thanked everyone for their time and the cooperative discussions.

Mr. Morris stated that the Town Clerk intended to send a mailing regarding Special Town Meeting (STM) including the revised Zoning map for resident review. He then asked who would present the article at STM. Ms. Braccio stated the BOS would make that determination at their meeting on October 19, 2021.

The EDC adjourned their meeting at 9:45 PM.

III. On a motion made by Mr. Stivers, seconded by Mr. Healey and voted all in favor by roll call vote 4-0-0, the Board of Selectmen meeting was adjourned at 9:46 P.M. Roll Call: Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

Upcoming Meetings
October 19, 2021
November 1, 2021 (Special Town Meeting)

Respectfully submitted,

Mark J. Purple, Town Administrator

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

October 19, 2021 6:30P.M.
VIRTUAL ZOOM MEETING

May be watched or may participate in the meeting remotely with the meeting link at
https://www.southboroughtown.com/remotemeetings

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

Present:

Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple

I. Call Meeting to Order

Chairwoman Braccio called the meeting to order at 6:32P.M.

II. Public Comment

There was no public comment.

III. Scheduled Appointments *(Board may vote)*

a. Scholarship Committee update

The Scholarship Committee update will be rescheduled, as they in the process of gathering information.

b. Nick McEvoy – Presentation for Eagle Scout Aqueduct project

Mr. McEvoy presented his proposed Eagle Scout project to the Board. He is working in partnership with the Southborough Trails Committee, represented by Kathryn McKee. The location of the proposed project is off Pine Hill Road and will connect the Aqueduct Trail to the Bay Circuit Trail Connector. The land is MWRA-owned and the Southborough Trails Committee is working to secure permits for the project. Once the 8M permit has been amended, work will begin on the project. Expected completion date is by March 2022. Mr. McEvoy said the trail is approximately 1 meter wide and can accommodate two people side-by-side and added that there are no wetlands and said Dig Safe will need to be contacted prior because there is a gas line near Pine Hill Road. Ms. Braccio asked Ms. McKee for an update on the permitting process with the MWRA. Ms. McKee said the MWRA has given permission to move this project in parallel with the permitting process for the Peninsula Trail. She stated the MWRA has all the information it needs to move forward with amending the 8M permit and the process is moving forward. Ms. Malinowski asked Mr. McEvoy how he would be fundraising for the project. He stated this hasn't been determined as yet but it will potentially involve providing or stacking firewood for Southborough residents. He anticipates that total fundraising budget to be $150. The board wished Mr. McEvoy success in this project. Mr. Stivers moved to accept the Eagle Scout Aqueduct project. Mr. Healey seconded the motion. The motion passed unanimously (5-0-0) by roll call, Ms. Malinowski, aye; Mr. Stivers, aye; Mr. Healey, aye; Mr. Dennington, aye; Ms. Braccio, aye.

IV. Reports

a. Chairwoman's Report

i. Proposed redistricting

Ms. Braccio reported she had a conversation with Rep. Dykema regarding the issue of redistricting. As of November 2022, Rep. Dykema will no longer represent the current district. The new district will be redrawn to include 2 precincts in Northborough, approximately 80% of Westborough and all of Southborough. New maps are being released. Ms. Braccio expressed her sadness that Rep. Dykema will no longer represent Southborough and thanked her for her support of the community and its concernn. Post redistricting, Rep. Dykema offered any assistance to the Town that might be helpful.

ii. Heritage Day

Ms. Bracccio reported the day was a great success and was well attended.

b. Members' Reports

i. Update on Regional Dispatch Study kickoff meeting

Ms. Malinowski reported the meeting was held on October 13th with representatives from all 6 participating towns in attendance. The funding cycle for the next regional dispatch center is as follows: guidelines are released in January, grants applications are due at the beginning of March and grants will be awarded in June. Next steps for the study include interviews with key stakeholders in each community, site visits and cost assessments, both current and potential. Each town is in its own unique situation relative to this issue. The grant will cover radio systems, interoperability, inside infrastructure, potential building purchase, records management, renovations, portable radios, station alerting, tower site and radio connections for gaps in coverage.

ii. COVID-19 case update

Ms. Malinowski reported cases for the latest two-week period. There have been 17 new cases, occurring this week with 13 of those in isolation. Cases appear to have plateaued out for both the Town and schools.

iii. Golf Course update

Mr. Stivers reported there is a good committee in place that is interested in further growth for the club. The golf course is experiencing record activity and financial performance. Use in 2021 is expected to be approximately 20,000 rounds for the year. The committee will be submitting a letter to the Board requesting support for fencing along Lattisquamma Road. Other matters currently being discussed by the committee include renewal of the Golf Company management agreement, additional food and beverage service in the clubhouse, paving the road and parking lot, irrigation options for fairways and greens and additional marketing activities to increase usage. Mr. Healey suggested a discussion of a liquor license to enhance food and beverage service. Mr. Stivers reported the Club has a beer and wine license. The clubhouse serves limited food but the committee is exploring ways to increase food and beverage service.

c. Town Administrator Report

i. ALS One golf tournament

Mr. Purple reported it is nice to see the reinvigoration of the golf course. He reminded the Board that should the committee come forward with a request for fencing or other improvements, there is a Golf Revolving Fund, which contains revenue generated by the golf course and can only be used for the course. Mr. Stivers inquired about the current balance in the Fund. Mr. Purple believes there is approximately $40,000 in the Fund. Mr. Purple stated increased usage of the course has resulted in an increased the balance in the fund. Mr. Purple reported the ALS One weekend was a success. This

annual event held in honor of John Wilson and Brian Shiffrin, generated $5,074, which was a 19% increase over last year. Mr. Purple thanked Former Selectman Brian Shea and Jen DiMartino from ALS One for their efforts in making the event a success.

ii. Update on Mooney lights

Mr. Purple has reached out to Bob Moran, our customer service representative at National Grid to identify a time for them to electrify the lights before the ground freezes for winter. The project is being scheduled but there is no firm date for completion.

iii. Community Compact IT grant application

Mr. Purple reported a grant has been submitted for the servers and an upgrade to the licenses for the servers through the Community Compact. A decision is expected some time between Thanksgiving and Christmas. Mr. Purple will reach out to legislators and the Department of Revenue in an effort to secure funding. He recognized IT Manager Jay Montijo along with Finance Director Brian Ballantine, for their efforts in the grant application.

V. Consent Agenda

a. Approve Open Session Meeting Minutes: September 8, 2021; October 7, 2021

Mr. Stivers, Mr. Dennington and Ms. Malinowski asked to hold agenda item "a." Mr. Stivers added the following revisions to the October 7th minutes: line 77-Safdar; line 78-there; line 165-Miss Jones; and line 180-agree. Mr. Dennington requested clarification on the October 7th minutes: line 75. Regarding Article 2, Mr. Dennington believed the Advisory Board supported the change to Select Board. Ms. Braccio and Mr. Stivers shared Ms. Cook doesn't believe Select Board is the best term but it is the best choice and supported it. Ms. Malinowski asked to add the following language to the October 7th minutes: line 5-"Ms. Malinowski asked Mr. Pfaff what the difference would be as to where the funding would reside." Mr. Stivers moved to approve Open Session Meeting Minutes of September 8, 2021 and October 7, 2021, as amended. Ms. Malinowski seconded the motion. The motion was approved unanimously (5-0-0) by roll call vote Ms. Stivers, aye; Mr. Healey, aye; Mr. Dennington, aye; Ms. Malinowski, aye; Ms. Braccio, aye.

b. Appoint Board of Selectmen Executive Assistant position
c. Promote Julia Fontana to Probationary Police Officer, effective October 22, 2021
d. Open warrant for March 26, 2022 Annual Town Meeting
e. Declare Fire boat surplus for purposes of disposition

Mr. Stivers moved to approve Consent Agenda items b, c, d and e. Ms. Malinowski seconded the motion. The motion was approved unanimously (5-0-0) by roll call vote Mr. Stivers, aye; Mr. Healey, aye; Mr. Dennington, aye; Ms. Malinowski, aye; Ms. Braccio, aye.

VI. Other Matters *(Board may vote)*

a. Consideration of amendment to Fire Chief contract, RE: Paramedic certification

Ms. Braccio stated this discussion is a continuation of a discussion that took place in Executive Session and everyone agreed that it should be brought into Open Session. Ms. Braccio stated she is looking for clarification as to whether the amendment specifies minimum certification for the Fire Chief at the EMT-A level or EMT-B level. Chief Achilles responded he believes the Fire Chief should hold a minimum licensure at the EMT-B level. Ms. Braccio asked if the recommendation was two levels below the Paramedic level. Chief Achilles responded yes. Ms. Malinowski commented that she is clear on the value Chief Achilles adds to the Fire Department and is grateful for his leadership. She stated she is uncomfortable amending the current Fire Chief contract from the paramedic certification requirement to an EMT-B certification requirement. She noted that currently, all lieutenants in the Fire Department have a minimum of an EMT-A certification. Mr. Healey is fine with

the proposal and appreciates Attorney Feodoroff's concise explanation as to how to move forward. Mr. Stivers and Mr. Dennington are in agreement with the proposal. Ms. Braccio shares Ms. Malinowski's concerns. She noted we are currently a paramedic-driven department. Also, having been a part of the negotiation of the prior contract, Ms. Braccio is mindful of how important this issue is. Mr. Stivers moved to amend the Fire Chief's contract regarding certification from requiring paramedic certification to EMT-B certification. Mr. Healey seconded the motion. The motion passed (3-2-0) by roll call vote Mr. Stivers, aye; Ms. Malinowski, no; Mr. Healey, aye; Mr. Dennington, aye; Ms. Braccio, no. Mr. Purple will follow up with Town Counsel to draft the amendment.

b. Requests from Capital Committee

i. SHOPC subcommittee makeup

Ms. Braccio stated Mr. Pfaff's resignation reduces the number of members on the subcommittee to four. The Capital Committee discussed whether another member wished to fill the vacancy on the subcommittee. At this time, no one has stepped forward. Mr. Pfaff has expressed an interest in remaining on the subcommittee. Ms. Braccio has two concerns around this matter. First, the charge of the subcommittee would need to be amended to accommodate this situation. Additionally, Ms. Braccio has concerns around the disposition of Town property. She feels it may be a potential conflict of interest for either a member of BOS or Advisory to serve at the subcommittee level. Mr. Healey shares her concern and asked if there is any harm in not filling the vacancy immediately. Ms. Braccio said no. Mr. Stivers and Ms. Malinowski concur with Mr. Healey. Ms. Braccio tabled the discussion for a later date.

ii. Reduce committee membership from seven to five

Ms. Braccio stated the Board is revisiting this issue. Presently, there are 5 members on the Capital Committee. The Committee has discussed a request to the Board to change the charge so there will be no issues maintaining a quorum. Ms. Braccio stated the Capital Committee is engaged in several projects, including the space needs plan, discussions with the School Committee and upcoming subcommittee feedback. Mr. Healey stated the request by the Committee is reasonable. For purposes of stability for the Committee and its work, he suggested changing the charge to reflect the number for a quorum be based on the number of members at any given time, rather than on the potential number of members. Mr. Purple will seek clarification from Town Counsel. Ms. Braccio stated the Board would revisit at the November 3rd meeting.

c. Update on Downtown District bylaw public hearing on 10/18

Ms. Braccio thanked everyone for participation in the 10/18 meeting. She is grateful the Planning Board, the Board of Selectmen, the EDC and, hopefully, Advisory are able to come to Town Meeting with consensus on this matter. Ms. Braccio shared for ease and clarity at Town Meeting, Mr. Hegarty will print the newly amended article on blue paper and will distribute to attendees upon check-in. When the article comes to the floor, the Board will move the article, as amended, on the blue paper rather than the article as written in the Warrant. Mr. Stivers asked if the blue paper version would have markups to show the changes. Mr. Healey shared a conversation he had with Mr. Hegarty where Mr. Hegarty indicated a clean version would be easier for attendees to follow. Mr. Purple or Ms. Braccio will follow up with Mr. Hegarty to clarify. Mr. Stivers moved to adopt Version 9 of the Downtown District article with the three changes approved by the Planning Board and the EDC on October 18, 2021. Ms. Malinowski seconded the motion. The motion passed unanimously (5-0-0) by roll call vote Mr. Stivers, aye; Mr. Healey, aye; Mr. Dennington, aye; Ms. Malinowski, aye; Ms. Braccio, aye.

Ms. Braccio opened discussion as to who will present the Downtown District article at Town Meeting on behalf of the Board. Mr. Anderson shared he thought Ms. Connelly would be available to present on behalf of the EDC. It was decided Mr. Healey would introduce the article and turn the remainder

of the presentation over to Ms. Connelly. Mr. Healey will coordinate the presentation with Ms. Connelly. Ms. Braccio stated it is important that the blue sheet for Town Meeting contain the votes of the Planning Board, the EDC, the Board and Advisory. Ms. Braccio suggested sharing the red lined version with the public ahead of Town Meeting to clarify the changes. After discussion, it was decided to share the red lined version via the Town website and blog.

d. Special Town Meeting logistics: handouts, presentation of articles, reconsideration of votes to support; financial impact.

It was decided the following Board members would present the following articles at Special Town Meeting: Article Two-Ms. Braccio; Article Three-Ms. Malinowski; Article Five-Mr. Dennington and Article Ten-Mr. Healey.

Financial Impact. Ms. Malinowski had asked the finance team to prepare information on the tax impact, should all articles pass at Special Town Meeting. After viewing the information, Ms. Malinowski thinks there is a need to understand how values are assessed and communicate that information clearly. Ms. Braccio shared Mr. Purple has reached out to Mr. Cibelli, Assessor and he will be attending the November 3rd Board meeting. Ms. Braccio noted the certified Free Cash number is higher than anticipated. Mr. Purple believes Mr. Ballantine and Ms. McCauliffe would concur with a one-time use of Free Cash for capital items but would not approve of such use for operating expenses. Mr. Purple stated the Board may wish to use Free Cash for some capital items and engineering studies to keep those projects moving forward. Should Southborough be awarded the Community Compact grant for the servers, those allocated funds can simply be returned to Free Cash at next year's Annual Town Meeting. Mr. Stivers would like to revisit other Board approvals to ascertain if there are other funding sources. Mr. Healey stated that as much lead time as possible should be built into systems so we don't find ourselves in the situation again. When possible, he thinks it is important to return money to the taxpayers. The Board recommended allocating Free Cash to pay for the servers and the engineering study. This will be done through a specific motion in Article Four at Special Town Meeting.

Ms. Braccio introduced Melanie Otsuka to the Board. Ms. Otsuka has been hired as the new Executive Assistant to the Board of Selectmen.

VII. Public Comment

There was no public comment.

VIII. Adjournment

Mr. Healey moved to adjourn the meeting. Mr. Stivers seconded the motion. The motion passed unanimously (5-0-0) by roll call vote Mr. Healey, aye; Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Ms. Braccio, aye. The meeting was adjourned at 7:44 P.M.

Upcoming Meetings	
November 1, 2021 (Special Town Meeting)	*November 3, 2021*

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, September 8, 2021 6:30 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

I. Chairwoman Braccio called the meeting to order at 6:34 P.M.

II. **Public Comment**
None

III. **Scheduled Appointments**
Volunteer Interviews

i. Trails Committee – Tony Schoener

Mr. Schoener explained he was one of the original Trails Committee members and gave a background on his professional and town experience. Mr. Healey stated he felt Mr. Schoener would be a great fit for the Committee. Chairwoman Braccio thanked Mr. Schoener for attending and informed him that this appointment will be discussed later in the meeting.

ii. Noise Bylaw Ad Hoc Committee

Chairwoman Braccio updated the Board that they previously interviewed six volunteers and one has since withdrawn. She added that another seven volunteers have stepped forward. She instructed the Board they will conduct interviews, discuss the committee charge and then vote on appointments. The interviews are below:

a. Krishna Kandarpa

Dr. Kandarpa gave background of his work at Brigham and Women's Hospital and explained his vision for a noise bylaw for the Town of Southborough. He explained how noise can impact the public's health and his experience on committees in his professional career. The Board thanked him for his time and informed him that appointments will be made later in the meeting.

b. Timothy Fling

Mr. Fling explained that he does his own property maintenance and was in opposition to the previously proposed bylaw. He explained his background in acoustics and his hourly limitation approach to a noise bylaw. The Board thanked him for his time and informed him that appointments will be made later in the meeting.

c. Shawn Rose

Mr. Rose explained his professional background and that he is new to Southborough. He explained that he does his own yardwork and also hires contractors. He outlined his vision for a balanced bylaw and his focus on researching other town's bylaws. The Board thanked him for his time and informed him that appointments will be made later in the meeting.

d. Joao (John) Melo

Mr. Melo explained his history managing acoustic projects and his engineer background. He told the Board his wife manages the MySouthborough blog and outlined his thoughts regarding a minimal and less intrusive bylaw. The Board thanked him for his time and informed him that appointments will be made later in the meeting.

e. Patrick Stanton

Mr. Stanton described his professional background and how he felt the previously proposed bylaw was too restrictive and unenforceable. There was discussion regarding noise measurement and hour restrictions. The Board thanked him for his time and informed him that appointments will be made later in the meeting.

f. Lee Perrin

Mr. Perrin explained his career as an anesthesiologist at St. Elizabeth's Medical Center and his background on various boards and committees in Town. He summarized his vision for a noise bylaw which would include hour restrictions and receiving input from boards, committees and residents. The Board thanked him for his time and informed him that appointments will be made later in the meeting.

g. Peter Goodney

Mr. Goodney described his professional background as police sergeant and his experience dealing with noise complaints. He outlined his experience on Town board and committees including the Public Safety Study and Building Committees. He gave an outline of his vision for a noise bylaw which included restrictions by district and duration and frequency of noise. The Board thanked him for his time and informed him that appointments will be made later in the meeting.

<u>Kathryn McKee, Trails Committee – Update on Aqueduct Trail Connector project; revisions to Committee charge</u>

Ms. McKee described the potential Eagle Scout project to expand the Aqueduct Trail Connector off of Pine Hill Road. She explained that the Committee needs to conduct outreach regarding this project through MWRA and abutters to the trail. She added that they must also survey the lot.

Ms. McKee described the revisions proposed to the Trails Committee charge and reasons for the request to expand the number of members. There was discussion regarding forming a "Friends of the Trails" committee. Ms. Malinowski outlined her concerns regarding expanding the committee and potential Open Meeting Law issues. Mr. Healey asked if Town Counsel had opined. Mr. Purple responded that Attorney Talerman stated he had some concerns regarding the creation of associate members and suggested additional members become ad-hoc. Chairwoman Braccio stated she is in support of expansion but also has concerns with the addition of associate members. Ms. McKee explained her request for additional non-voting members. There was discussion regarding alternates and comparisons to the Zoning Board of Appeals. Ms. McKee agreed to investigate other towns who have done this and will report back to the Board at their first meeting in October.

<u>Jennifer Thompson, CSS – Update on ARPA consulting services</u>

Chairwoman Braccio explained that the Board signed a contract with CSS at a previous meeting to review Federal and State funds relate to COVID funding; specifically, ARPA, FEMA and CARES. Ms. Thompson introduced herself and outlined the services CSS provides. She explained her collaboration with Town Accountant Carla McAuliffe, Treasurer/Collector Brian Ballantine and Town

Administrator Mark Purple. There was discussion regarding a CSS collaboration with department heads to identify avenues for State and Federal funding. Ms. Thompson explained their focus on compliance and their ability to produce monthly expenditure and reimbursement reports. Chairwoman Braccio recognized Ms. Malinowski for her work to bring CSS onboard.

IV. Reports

Chairwoman's Report

i. Update on Swap Shop

Chairwoman Braccio stated she spoke with Linda David regarding a complaint to the DPW Superintendent on work volunteers were conducting there. Chairwoman Braccio stated the volunteers were doing work to organize the Swap Shop but Superintendent Galligan was not aware of the work taking place there. Ms. Galligan was concerned that she was not aware of the volunteers or their work and the liability and legal issues this could cause. There was discussion regarding the creation of an official volunteer group.

ii. Update for Downtown District

Chairwoman Braccio updated the Board on the status of the review of the design guidelines with the Historical Commission, Planning Board, Economic Development Committee, Sarah Hoecker from the Planning Department and contractor Judi Barrett. She stated the goal is to meet again to review the bylaw language.

iii. Office hours

Chairwoman Braccio stated that Ms. Malinowski and she will host the first Office Hours in September over Zoom. She outlined the schedule through January.

Members' Reports

i. Summer Nights

Ms. Malinowski thanked the Recreation Commission, Friends of Recreation, Police and Fire Departments, Health Department, Tim Davis and all the sponsors for supporting a successful Summer Nights. Mr. Stivers stated the band and food trucks were great. Chairwoman Braccio reminded the public that the Rotary Club's first Food Truck Festival is this coming Wednesday at St. Mark's.

Town Administrator Report

i. ALS fundraiser at Southborough Golf Club

Mr. Purple informed the public that the Southborough Golf Club will be holding their annual fundraiser for ALS One in memory of John Wilson and Brian Shifrin over Columbus Day Weekend. He stated a portion of fees will go to ALS One and Brian Shea is coordinating on behalf of the Town to hold the event Friday, Saturday and Sunday of Columbus Day weekend.

ii. 9/11 Ceremony

Mr. Purple informed the public that the ceremony will be held at 9:55 A.M. at the Public Safety Building. He invited all to attend.

iii. Update on Flagg Road HCVE request

Mr. Purple outlined the proposal from VHB as supplied in the packet for a truck circulation study. He informed the Board the total cost would be $22,000 to conduct and report on the study which would need to be approved at Town Meeting. He suggested the Board request $25,000 for contingencies.

Mr. Purple asked the Board if they wanted this included on the Special Town Meeting warrant. The Board discussed and agreed to move forward with this as an article for Special Town Meeting.

iv. Consent Agenda

a. Mr. Stivers held agenda item "a." Mr. Stivers outlined revisions from the July 13th meeting minutes on line 45 and 318. Mr. Dennington outlined revisions on line 86 and 322 and had a question on line 290. Ms. Malinowski outlined revisions on line 332 and 336. Mr. Stivers outlined revisions from the August 25th meetings on lines 33, 37, 34 and 45. Mr. Stivers made a motion to approve Open Session Meeting Minutes: July 13, 2021, August 25, 2021 as revised. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

b. Mr. Stivers made a motion to approve Executive Session Meeting Minutes: July 13, 2021. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

c. Mr. Stivers made a motion to appoint Program Coordinator for Recreation Department. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

d. Mr. Stivers made a motion to appoint Business Assistant for Zoning Board of Appeals. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

e. Mr. Stivers made a motion appoint David Joyner to Youth Commission, term 6/30/24. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

f. Mr. Stivers made a motion to appoint Jake Murphy as PT Telecommunications Officer, start date September 9, 2021. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

g. Mr. Stivers made a motion to appoint Martin Healey to SHOPC/Selectmen's Rep., term 6/30/24 Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

h. Mr. Stivers made a motion to reappoint Cultural Arts Council Members:
   i. Mary Piekarcz – term 10/3/21 – 10/2/23
   ii. Kimberly D. Galbraith – term 10/3/21 – 10/2/23
   iii.Catherine M. Weber – term 10/15/21 – 10/14/23

Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

i. Mr. Healey held agenda item "i. - approve five (5) 1-day Alcohol License applications for Chestnut Hill Farm "Fall Fun on the Farm" events: October 3, October 10, October 17, October 24, October 31." Mr. Healey reminded the Board that the same applications were submitted last year and the Board denied them on the basis that the serving of alcohol was not an appropriate use based on the Conservation Restriction and the Management Plan for the property. He stated he was still opposed to the same request specifically because it was described as an educational event. Mr. Healey asked that Town Counsel review the Conservation Restriction and request. Mr. Stivers stated he is in support of these events. The Board agreed to have Town Counsel review and submit an opinion for the September 21st meeting. Mr. Purple agreed to reach out to the Trustees to inform them of next steps.

v. Other Matters Properly Before the Board

<u>Board/Committee updates</u>

Chairwoman Braccio stated that this will be a new line item moving forward and asked Mr. Stivers to update the Board on his items from meetings he has attended. He stated that at their last meeting, the ADA Committee spoke to concerns regarding the recent consultant report and the little amount of input received from departments, committees and the Town. He stated that they spoke about attending a Board meeting to discuss this and the potential for ADA review of building permits and work done through the Facilities Department, Conservation Commission, Planning Board and other various departments and committees to apply ADA requirements before work is started.

Mr. Stivers stated he had a conversation with the Golf Course Committee and they are looking into ways to better utilize the Golf Course which included adding an irrigation system, paving the parking lot and driveway, food and beverage upgrades and adding screening on Latisquama Road.

Mr. Stivers stated the Historical Commission had concerns regarding the condition of the Old Burial Ground and that he will inform Ms. Galligan of these concerns.

Review of proposed policy on Remote Work

Chairman Braccio stated Ms. Hale has been doing a tremendous amount of work to create the policy as the pandemic has demonstrated that Town employees can work effectively from home. Mr. Purple stated his concerns regarding consistency and the need for the Town to implement a policy such as this. Ms. Hale described the questions she received regarding a remote work policy while conducting interviews and felt it was good for morale. Mr. Stivers outlined his concerns which included the approval authority of elected boards and the length of time to needed to rescind a work from home setting that was not working. Mr. Dennington was in support of the document and felt there should be clarity on who the approving authority is for each department and that office coverage was paramount. Ms. Hale stated she would solicit feedback from departments heads. Mr. Stivers agreed to send his revisions to Ms. Hale. The Board agreed to add this item to a future agenda to sign and approve.

Noise bylaw Ad-Hoc Committee

The Board discussed increasing the membership from five to seven. Mr. Stivers made a motion to change the charge of the Noise bylaw Ad-Hoc Committee to consist of seven at large members. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

The Board discussed the applicants to the Noise bylaw Ad-Hoc Committee. The Board voted for members as follows:

Ms. Malinowski: Peter Goodney, Lee Perrin, John Melo, Lisa Dunderdale, Peter LaPine, Timothy Fling and Patrick Stanton.

Mr. Healey: Peter Goodney, Lee Perrin, John Melo, Lisa Dunderdale, Patrick Stanton, Timothy Fling and Krishna Kandarpa.

Mr. Stivers: Peter LaPine, Cynthia Foster, Jake Hashash, Lee Perrin, Peter Goodney and John Melo.

Mr. Dennington: Peter LaPine, Cynthia Foster, Doris Cahill, John Melo, Timothy Fling, Peter Goodney and Lee Perrin.

Chairwoman Braccio: Peter LaPine, Lisa Dunderdale, Cynthia Foster, Krishan Kandarpa, Timothy Fling, John Melo and Peter Goodney.

Mr. Stivers made a motion to appoint Peter Goodney, Lee Perrin, John Melo, Timothy Fling, Cynthia Foster, Lisa Dunderdale and Peter LaPine to the Noise bylaw Ad-Hoc Committee, terms 6/30/22. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

Chairwoman Braccio informed the candidates that the decision was difficult for the Board and encouraged those not appointed to volunteer for the Town in the future.

Discussion of traffic concerns on Oak Hill Road

Andrew Pfaff (50 Oak Hill Road) shared his screen and walked the Board through his presentation regarding speeding and traffic concerns on Oak Hill Road. He introduced his neighbor, Eric Fernandez (26 Oak Hill Road) who stated he spoke with residents on Oak Hill Road who were all in favor of lowering the speed limits to make this road safer. He reviewed request made to the DPW, MASSDOT and the Board and described his concerns and recent accidents on this road. Mr. Healey said he felt this conversation ties in with the study that needs to be conducted on all roads in Southborough. He added that the accident shown to the Board may have more to do with distracted driving rather than speeding. Mr. Stivers added that he has witnessed speeding on Oak Hill Road and felt radar speed and jake brake signage would be beneficial in the short-term. Mr. Dennington agreed that there are reasonable solutions that could be done at a low cost. Ms. Malinowski stated she would like to hear from Chief Paulhus regarding the referenced accident to clarify if speed was a factor. There was discussion regarding the requests for sidewalks at Oak Hill Road and other neighborhoods in Town. Chairwoman Braccio stated she would like to hear from Chief Paulhus and DPW Superintendent Karen Galligan regarding these issues at Oak Hill Road and throughout Southborough. Mr. Fernandez described concerns regarding an increase in children and their safety in the Oak Hill Road neighborhood, limited sidewalks, increase in accidents and change in demographics.

Jonas Linden (39 Flagg Road) stated that there has been a lot of similar requests and concerns brought to the Board and little action. He urged the Board to ask Ms. Galligan to implement some of these requests. Chairwoman Braccio stated she will be having a conversation with Ms. Galligan to get feedback on these issues.

Roger Challen (29 Oak Hill Road) stated that he hopes that the Board does not fail to look into these speed and traffic concerns due to the fact that many other neighborhoods have the same issues. Chairwoman Braccio replied that the Board is very receptive to listening to concerns and coming to a solution. There was discussion regarding adding crosswalks to Oak Hill Road. Ms. Malinowski clarified that she felt that the requests regarding traffic safety need to be balanced and responded to appropriately and consistently. Chairwoman Braccio thanked the Oak Hill Road residents for their presentation and participation and stated this topic will be on a future agenda once more information is collected.

vi. Public Comment

Jonas Linden (39 Flagg Road) asked that truck decibel levels be included into a noise bylaw for the Town. He stated that Flagg Road qualifies for a truck exclusion per MGL and asked that the Board move forward with this instead of adding a $22,000 cost to tax payers. Chairwoman Braccio stated

she has received calls from residents on Main Street who are opposed to lifting the truck exclusion. She added that the traffic study proposed will be global and fair to tax payers.

Tim Fling (18 Main Street) asked if the funds from the DPW road repair line item could be used to fund the traffic study. Mr. Purple stated he will inquire with Ms. Galligan.

vii. On a motion made by Mr. Stivers seconded by Mr. Healey and voted all in favor by roll call vote, the meeting was adjourned at 10:14 P.M. Roll call: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

Upcoming Meetings

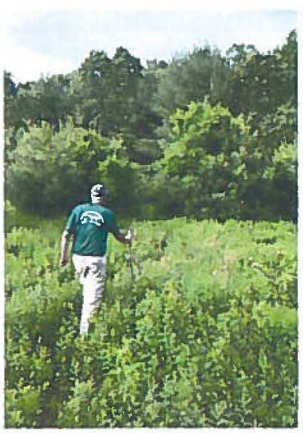
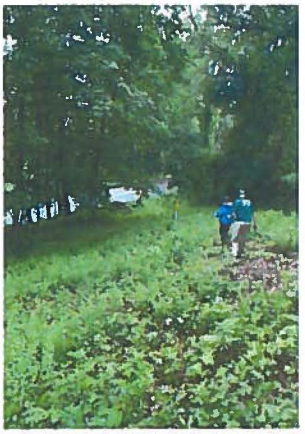
Eagle Project Proposal: Aqueduct Connector Trail



Nick McEvoy, and The Southborough Trails Committee

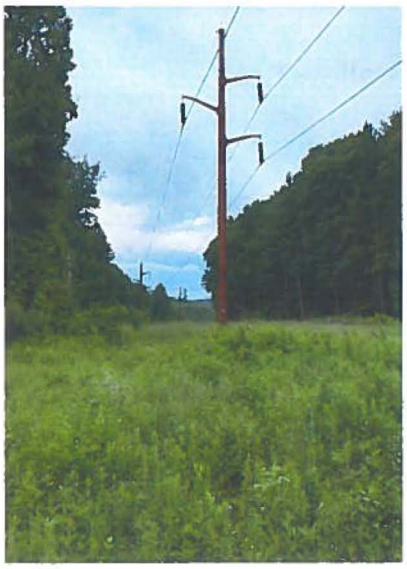


Location

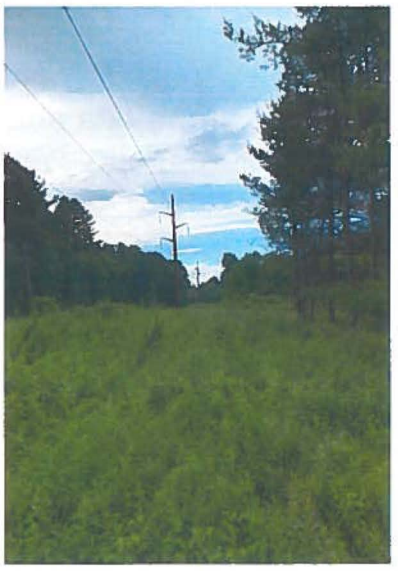
The location for the approximately 500 yard trail will be off Pine Hill Road in Southborough.

One end of the trail will connect to the road and the other will connect the Bay Circuit Trail Connector.

In the images to the right you can see that the path we want the trail to take has a variety of terrain and plantlife. Near the Pine Hill road section of trail there is a hill that will require us to have a switch back and will force us to alter the path of the trail. The Property is owned by MWRA, and the Southborough Trails Committee is currently in the process of getting the appropriate permits.



Property Abutters

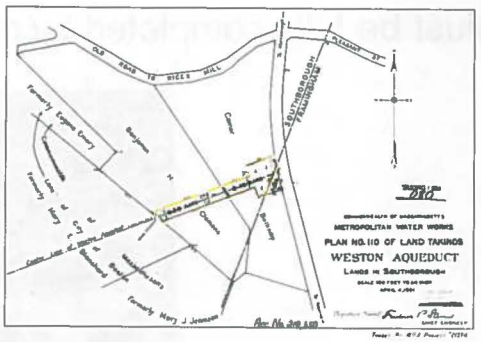


The Proposed Trail in yellow has three properties abuting the land, therefore a survey will be necessary to locate property lines. The Southborough Trails Committee Has been working to reach out to the abutters to answer and questions and concerns about people wandering off the trail. The trail will not be able to support parking, the road is narrow and there is not a very big shoulder.

Weeds

As seen in these images there is a section where the trail crosses underneath power lines. There is a long stretch of weeds that are waist high in some places. We will need to clear path by removing existing ground cover, small shrubs, branches, tree limbs, and protruding rocks. Tread maintenance will require the removal of top layer of organic matter, roots, and rocks. Near the Pine Hill Road section of the trail there is quite a substantial amount of poison Ivy. We will take precautions for the volunteers.

Fund Raising



Due to the nature of the project tools will be supplied by Trails. An estimate of $150 will be needed for:

- Trail signs at both ends, where it intersects with the Bay Circuit Trail and with pine hill road
- Work gloves, masks, eye protection

A re-survey of the work area will be required. Mr. Glenn Odone of Odone Survey & Mapping has agreed to provide this service (*gratis*), as he has had previous involvement with Troop 92.

ODONE SURVEY & MAPPING

SURVEYING ~ MAPPING ~ PLANNING & CONSULTING

Timeline

Once the existing 8(m) permit has been amended to include this parcel of land (MWRA's easement), and the easement boundary has been clearly defined, the trail work can begin. Desired timeline for trail construction execution is Fall 2021 to be completed by December 2021.

Must be fully completed by mid-March 2022.

Manpower, Tools & Safety Issues

- Manpower
  - Eagle Scout candidate Nick McEvoy will lead the project
  - Southborough Trails Committee will oversee the project (Kathryn McKee, Ch.)
  - Scouts from Troop 92
  - Adults and adult supervisors (Eagle project Coach) from Troop 92
  - Trails committee members and affiliates
- Tools required
  - Hand/bow saws
  - Pick axe
  - Sickle/scythe
  - Brush whip
- Safety issues
  - BSA COVID-19 precautions and rules will be strictly adhered to
    - Masking where necessary
    - Distancing as appropriate
    - Hand sanitizer use
  - First Aid kit to hand
  - Safety goggles when working with saws, pick axe, scythes, whips
  - Work gloves
  - Long pants and long sleeves for working in areas with poison ivy

[EXTERNAL]

Dear Vanessa,

Thank you for the tickle. I apologize for the late response. As a matter of general course, there is no conflict. As the incident commander, he would be responsible for direction and control of the scene to ensure personnel is properly and most efficiently responding to various needs during an emergency situation. As a paramedic, he has the highest level of medical training to respond to medical emergencies and could oversee the operations with a full medical understanding of the scene which would inform his decision making as to managing the response operation. Frankly, I don't see that as being an inherent conflict because the fact that his incident commander status at the scene supersedes his ability to respond as a paramedic is not unusual, instead it is simply a way to manage limited resources.

However, in reading his email, it seems that his concern is a personal one in that he is not comfortable with the practical skills because he is not called on them to perform on a routine enough basis because there are, from what I can glean from the email, lower level employees responding to medical incidents (EMT-Bs or EMT-As). Since he is technically a paramedic (or was), he would be required to respond at that skill level or risk legal liability. Failure to adhere to the standard meeting that level would be dangerous and create exposure. Though it is not impossible to maintain those skills, I would defer to his experience as to time-management, etc... given that the Chief's position is a full time and difficult job.

It is possible to modify this requirement. The cleanest way would be a simple amendment, which would not open his entire contract, but would address this requirement. It could also, though not recommended, that the board simply vote to waive this requirement. The only reason why I don't recommend it is because I want to ensure a full paper trail to protect everyone's interests.

Let me know if you need more information.

Subject: RE: Fire Chief Paramedic status

HI Kate-
Just checking in on this request. Please let Mark or myself know if you need additional details, as well as when we can expect a response. We'll be posting the 10/19 agenda tomorrow and the BOS is waiting for a status report.

Thanks.

Subject: Fire Chief Paramedic status

Good Morning Kate-

Last night the BOS met in Executive Session with Chief Achillies to discuss an issue related to his paramedic certification. His contract requires that he maintain this and he feels this is in conflict with his need to fill the role of Incident Commander. His contract does not expire until 4/28/22. Both parties are interested in renewing his contract but did not start discussions yet. He would need to start the recertification process in December, but he could request a voluntary step down to basic EMT level in advance of his contract being renewed. Questions for you:

1. Whether the dual roles of serving as an Incident Commander [as Fire Chief] and providing medical care as a Paramedic can co-exist. The Board is interested in determining when acting as a paramedic rises above serving as an Incident Commander or vice-versa.
2. Additionally, please advise if this question can be resolved without opening the employment contract of the Fire Chief

The Selectmen plan to address this at a special meeting tomorrow night [they would amend the currently posted agenda]. I will be away tomorrow for the rest of the week, so please contact Mark to let him know if you can be respond in that time frame.

Thanks.

RE: Status of FY22 Budget

As the Board is aware, Annual Town Meeting was held on May 22nd, 2021. At the time, the tax increase on an average residential home was 3.19%. As many of you are aware, the tax rate increase estimates are based on what was voted at the Town Meeting, with several other estimates intermingled. These other estimates are typically state aid, local receipt revenue, total town valuation, projected new household valuations, debt expenses, and other minor items such as overlay reserve expenses and tax title expenses to be raised. As Special Town Meeting is quickly approaching, it is a good time to note changes that have occurred in the past 5 months and the updated estimate we now have.

Please see the attached sheet detailing the changes with the associated change of amount. Of note the average house value was estimated as a robust 2.9% value increase but ended up even higher at an increase of 4.4%. Conversely total Town value was estimated at a 4% change and ended up as 3.8%. Unfortunately these value changes can swing the tax rate in either direction depending on final determined amounts. It should be noted the total Town value has a relatively minor impact on the change – the average house value has the larger impact on the change. At the present time heading into Special Town Meeting the proposed tax increase is 4.92%.

Special Town Meeting has several proposed new items to consider. These total $199,682 (note that the IT article for $40,000 was in the estimates for the May TM but was not acted on and is now being proposed for $85,000). This, and the other handful of changes now in the data reflect a 5.46% estimated increase, up from 3.19%. The only other items to be determined before the tax rate is set is the overlay amount and the actual amounts for items passed at STM.

Should you have any further questions please do not hesitate to contact myself by e-mail or phone.

RE: Fire Chief Contract Amendment Request

I am requesting that Section I. Functions and Duties of the Fire Chief be amended prior to the expiration of the contract; specifically the requirement to maintain paramedic certification throughout the term of the agreement. My requested amendment is to maintain Emergency Medical Technician (EMT) certification.

After serving as the Fire Chief for over two (2) years, there have been a number of incidents in which I had the duty to act as the primary paramedic while at the same time the duty and responsibility to act as the ranking chief officer. These and future occasions may create a conflict of duties and primary responsibility to act as the Fire Chief.

I am prepared to discuss the requested amendment at your earliest convenience.

RE: Request to Declare Boat, Motor, and Trailer as Surplus

The fire department is requesting that the following be declared as surplus for the purposes of placing out to bid:

(1) 2014 12' North Atlantic RIB Boat with estimated value under $500.00
(1) 2015 Tide Boat Trailer with estimated value of $500.00
(1) 2015 20 hp Mercury Outboard Motor with estimated value between $2,000.00 and $2,500.00

I am prepared to discuss further as required.

MEMORANDUM

TO: BOARD OF SELECTMEN
FROM: VANESSA D. HALE, ASSISTANT TOWN ADMINISTRATOR
SUBJECT: STAFF RECOMMENDATION
DATE: OCTOBER 14, 2021

On behalf of the Town Administrator and myself, I would respectfully request the Board of Selectmen appoint Melanie Otsuka as the new Executive Assistant to the Board of Selectmen. This position is classified under Schedule A, Grade 5 in the Salary Administration Plan.

We are both pleased to recommend Ms. Otsuka for this position. She is available to commence employment on November 8, 2021. She brings a strong set of administrative management skills from nearly five years in the City Clerk's Office in Framingham and an excellent customer service demeanor. Added to that, Ms. Otsuka has a breadth of experience in departmental licensing requirements, open meeting law, notary public services and financial reporting requirements. Her past experience in the private sector has allowed her to acquire knowledge in client relations, inventory management and social media - all of which will be put to use immediately.

Ms. Otsuka has been vetted by an interview panel which included Chief Achilles, Finance Director Brian Ballantine, Mark and myself. Additionally, the three finalists that were brought forward had a site visit here in the Selectmen's Office and had an orientation with Administrative Assistant Katie Barry. The panel wholeheartedly agreed with this recommendation.

Thank you for your consideration.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Thursday, October 7, 2021, 7:00 P.M.
Location: Zoom Meeting (virtual)
Present: Board of Selectmen: Lisa Braccio, Chelsea Malinowski, Marty Healey, Sam Stivers, Andrew Dennington, Town Administrator Mark Purple
Advisory Committee: Kathy Cook, Andrew Pfaff, Marci Jones, Eric Fernandez, Tom Wilson, Tim Martel, Adam Nodiff

I. **Call Meeting to Order** – Chairperson Braccio called the meeting to order at 7:05PM. All members are present. Advisory called their meeting to order at the same time.

II. **Scheduled Appointments (Board may vote)**

A. **Joint Meeting with Advisory Committee** – Ms. Braccio said that the purpose of the meeting is to hear from the article presenters on their warrant articles, and for both boards to get their questions answered.

a. **Presentation of warrant articles for November 1, 2021 Special Town Meeting**

i. Articles 7, 8 and 9 – Notice/Location of Town Meeting; Availability of Annual Reports
Town Clerk Jim Hegarty was present to discuss the articles. Article 7 is a housekeeping article to bring the Town into compliance with State law. Article 8 gives the Selectmen the ability to hold a town meeting in another Town contiguous to Southborough. If this were available, we could have held the November Special Town Meeting in the much larger gym at Algonquin. Article 9 is a cleanup article regarding the distribution of the Annual Report, but no other significant changes. There were no questions from Advisory or Selectmen members. Advisory will support these articles, but is not taking positions an any of the articles tonight.

ii. Article 1 – Amend Personnel Bylaw – The article was solely to create the Senior IT Technician position in the SAP bylaw that was funded in the FY22 budget in May. No one had any issues with the article. The Board felt there was strong support for this article.

iii. Article 5 – Traffic Study for HCV routes – Ms. Braccio said that this is for funding to conduct a traffic study to see where truck traffic is best suited in Town. Mr. Purple explained why it was being done. Ms. Braccio provided the history from the Flagg Road article at the May 2021 Town Meeting. She noted that it was better to address the traffic issue overall, rather than by individual street or neighborhood. Ms. Malinowski added that the Board has expressed concern about the Flagg Road safety issues and doesn't want to create a similar issue elsewhere in Town. Andrew Pfaff questioned whether or not it should be in a Selectmen's budget or in a capital article. Marci Jones questioned the scope of the study and whether it will give us the information we are looking for. Marty Healey said that this is not going to be a counting exercise; it will determine where the truck traffic is coming from and where they are going to. It is also determining how other roads will be impacted if certain streets receive truck exclusions. Mr. Purple confirmed that this is a firm bid. Ms. Cook said that the consultant's recommendations will still need to be approved by the Selectmen. Mr. Stivers said that he is hoping that we get information from the study to take a global look at routing the traffic without the current exclusions. Mr. Healey said the engineers doing the study also did the Main Street project. Eric

Fernandez was curious of the proposed start and completion dates, and also to see the scope of services. Mr. Purple will send out the scope to everyone. Adam Nodiff was also worried about the requested funding not being enough to complete the projected scope. He also was worried about the domino effects of the truck exclusions on streets and neighborhoods. Ms. Braccio said that MassDOT has not rescinded any truck exclusions in recent memory, but the process is the same as putting a truck exclusion in place. She also discussed that additional signage on Route 9 before Flagg Road will direct trucks to use the 495 cloverleaf to change direction. Ms. Malinowski asked what the difference would be as to where the funding would reside. She thinks that this would be an evaluation of how the funding would work. Tom Wilson asked for the difference between heavy trucks and delivery vehicles. Mr. Pfaff said that it is any vehicle over 5,000 pounds, but excludes many delivery type vehicles such as Amazon.

iv. Article 6 – Advisory membership – Ms. Cook said that this article is a reconsideration of the article from the May 2021 ATM. The article is looking to reduce the membership from 9 to 7 members, and add a Vice-Chair position. They will look to consider Advisory members sitting on other committees at a later date. Mr. Healey said that his memory of town meeting was that voters opposed the article pretty strongly, and asked if Ms. Cook had spoken with anyone who opposed the article. Ms. Cook said that she did speak with Whitney Beals and Tim Litt, and hoped that a clearer article and better explanation would give a better result.

v. Article 2 – Select Board – Ms. Malinowski said this article had been under consideration for several years. It will update the name of the Board, which over 100 towns in MA have already done. She said that the change would be more inclusive with the times. Mr. Healey said that he is supporting, but that the name is dumb; he would prefer "Selectmen and Selectwomen" to be more historically accurate. Mr. Stivers said he agrees in part with Mr. Healey, but noted that the MMA changed the Selectmen's Association to the Select Board Association last year. Ms. Cook said that she agrees with Mr. Healey, as did several other Advisory members.

vi. Article 3 – Amend FY2022 Budget – Ms. Malinowski invited Dr. Heather Alker, Public Health Director, and Dr. Safar Medina to join the discussion, and introduced Dr. Medina to the group as the newest Board of Health member. With their being a quorum, Ms. Malinowski called the Board of Health meeting to order at 7:44PM. She reviewed how the Nurse and Health Director positions were budgeted at the May 2021 meeting in order to take advantage of CARES and FEMA grant funding for COVID-19 related hours. The requested funding of $99,682 will close the gap of the employee contracts, salary and benefits, from November 1 through the end of FY22. Dr. Medina said the COVID-19 work continues as we are still in the middle of our pandemic; our case numbers are higher now than at this time last year. Booster clinics are already planned. Ms. Malinowski also discussed the benefits of the Shared Services grant for food and housing establishment inspections and regional grant applications, and also the potential for establishing more regional approaches for health moving forward. Ms. Cook said that Advisory will be having a discussion about this issue next Wednesday, and gave her version of the history of the issue. Advisory tried to separate COVID needs versus what the health department should look like long term. The FY22 budget was done as a bridge to evaluate the two enhanced positions before making a long-term commitment. Advisory had said that they would backstop the Health Director and Nurse positions for those things not covered by

CARES and FEMA for reimbursement. Ms. Cook also wants to read Dr. Fazen's report. She needs more time before making a recommendation on the article to Town Meeting. Ms. Malinowski said that the Board of Health discussed this, came up with various funding options, and chose to fully fund both positions and alleviate any Reserve Fund Transfer requests to Advisory later in the year. Mr. Pfaff questioned whether we need to add money to benefits or if line item will cover and Mr. Purple explained the limitations of the current benefits budget. Ms. Cook will send out a copy of Dr. Fazen's report to all Advisory members, and a memo on the history of the FY22 budgeting for Board of Health. Mr. Dennington asked about the joint sponsorship of the article, and Mr. Purple explained. Mr. Purple also explained the need for the change to the water enterprise line item for MWRA assessment. Ms. Malinowski adjourned the Board of Health meeting at 8:06PM, unanimous roll call vote, 2-0-0 (Medina – aye; Malinowski – aye).

vii. Article 10 – Zoning – Downtown District – Ms. Braccio gave a presentation on the proposed changes and benefits of the article to the Downtown. Ms. Cook asked what we hoped to have the bylaw change achieve. Ms. Braccio said that the hope was to open up our downtown to development and diversity in housing. Ms. Braccio said that the bylaw gives additional incentives to revitalize and options to upgrade downtown. She discussed the by-right uses without a special permit. She talked about the public outreach and the Planning Board public hearing process; everyone had a seat at the table. Planning Board is supporting the article, and that is a very positive thing. Ms. Braccio explained that FAR only affects the use inside of the building. The bylaw lessens some of the restrictions for parking. She also discussed the map for the new district. Ms. Braccio also acknowledged some of the existing concerns of the EDC regarding the proposed bylaw; she hopes that some of these concerns can be addressed through the Planning Board hearing process, which is still open. Ms. Cook asked what could be overridden by special permit. Mr. Dennington commented on the FAR being requested by EDC; that it is not a reduction to the current FAR because it does not currently exist in the bylaw. Ms. Braccio concurred, that when the BV district was established in 1993, there was no FAR assigned. Ms. Braccio reviewed the changes to the bylaw made at the Planning Board meeting and approved by the Selectmen. Ms. Cook said that there is clearly still a lack of consensus on this article; currently only unanimous Planning Board support and BOS support, with EDC meeting this evening. Mr. Martel is appreciative of the mixed-use approach, but doesn't think the bylaw is ready for town meeting. He has concerns about the permitted uses, including multifamily dwelling. Ms. Luttrell explained the inclusion of the use from the Planning Board perspective, and the protection by making it by special permit instead of by-right. She said that SHOPC requested its inclusion. Mr. Healey discussed the development process of the bylaw, and that EDC was driven by increasing mixed use. He feels that goal was undercut if the sentiment is that it might never happen. Ms. Cook asked if Mr. Healey supports the article. He said he supports it going on the warrant, and that EDC can make an argument to go back to what was agreed upon for a bylaw at the start of the process. Mr. Healey said that he supports the article because it includes a number of provisions that are long overdue for addressing the downtown, but is unsure if it will actually do anything. Ms. Luttrell said that any changes happened through the hearing process; you can't go into the hearing process with a finished product that doesn't encourage public input. Ms. Braccio said that she appreciates the time that Planning Board put

into the process on the bylaw. Ms. Cook questioned what will happen at town meeting if there is split support. Mr. Dennington said that he agrees that the changes are long overdue, but that the actual impacts are unknown. He asked when the next date is for the Plannning Board hearing on the bylaw (October 18), and suggested that it may be beneficial for Advisory members to attend. Mr. Stivers echoed the comments of Mr. Dennington in terms of educating people and generating support. Ms. Cook asked if EDC would attend the next Planning Board hearing date to try and come to some consensus, and Ms. Braccio said that she hoped so. Mr. Pfaff thanked everyone for their efforts, and said we are close on consensus. He thinks the 40% should be 50%, thinking about a two-story building with storage on the third floor. He thinks more should be done by right to attract the interest of developers. Mr. Pfaff thinks the allowable dwelling units under Section A2 should be four, instead of three. He thinks Section C2 should allow five dwelling units. He thinks .35 for FAR is a better number. Ms. Jones said its hard for Advisory to know what it is discussing since EDC is not in agreement with the bylaw right now; it doesn't feel like she is looking at a finished product. She would like a cost benefit analysis on the development as allowed under this bylaw; there is no data to show what the Town will have to pay for these improvements and how we will pay for it. Ms. Jones asked if any conversations with developers took place to get their opinion on the proposed bylaw. Mr. Healey said that this is a zoning article, and is cost neutral. A developer will have to come up with a plan that address the sewage or lack thereof, and any impact on the Town would have to be decided by the Selectmen and town meeting. Mr. Martel looks at Ms. Davis' comments in terms of economic opportunity costs. Ms. Cook said that she would also take out Section C7. She feels that some of the Planning Board changes were arbitrary. Mr. Fernandez shares similar concerns with Sections A2, C2, and C7, and would like to see more as of right uses. Ms. Cook said that Advisory's role isn't to change the article, it is to take a position on what is in front of them. Too many amendments will kill the article at town meeting, and she hopes that EDC and Planning Board can find common ground before town meeting. Mr. Pfaff said that there is time to do just that, and does not support the current version. Mr. Healey implored Planning Board to revisit the FAR issue. Ms. Braccio said that too many amendments will make it likely to indefinitely postpone the article at town meeting. Mr. Healey said that changing a few numbers won't overwhelm people, and that consensus amongst the boards is the most important thing for passing the article. Ms. Cook said that amendments can be made, so long as everyone supports them. Mr. Stivers said that it is a challenge at town meeting without visual aids to help people, but that is not insurmountable if people agrees on the changes. Mr. Dennington supports the article, amended or not, and hopes that people can galvanize around the article. Mr. Dennington supports the need for Section C7 in the bylaw. Ms. Braccio thanked Advisory for their input, and appreciated the discussion in anticipation of the next Planning Board hearing date on 10/18.

viii. Article 4 – Capital Budget - Jason Malinowki, Capital Planning Committee Chair, and Jason Montijo, IT Manager, joined the meeting. Mr. Malinowski discussed the two articles. He said that the Capital Feasibility article will provide funding to plan and do preliminary work for capital projects for all town departments. He discussed the current space needs study, which was funded through a similar article in 2020. This funding is needed now because funds may be needed in the next several months to

keep any results of the School-Capital Subcommittee discussions moving forward to the March town meeting. Presentations on use of funds will be done publicly to determine if the use is appropriate and get Selectmen approval to spend. Mr. Malinowski hopes that this funding will support a comprehensive capital approach, rather than individual projects from various departments. Mr. Dennington is questioning how Capital arrived at the requested amount. Mr. Malinowski said that it was based on some of the feedback received during the consultant RFP process for the space needs study. The funding is not designated for a particular use yet. Mr. Dennington asked if the School-Capital Subcommittee has a work product to review yet, and if the Senior Center improvement has been discussed. Mr. Malinowski said that more information is forthcoming from the School Supt. later this month. Mr. Healey said that this makes a lot of sense, and may be the basis for an ongoing fund to use for these purposes. Ms. Cook is concerned with the amount of financial items on this warrant, and that it will push the tax increase over 4%. Ms. Cook questioned whether any needs of this nature should be funded through the Reserve Fund. Mr. Nodiff was concerned about setting a precedent with this item for future articles. Mr. Malinowski said that this was a one-time item. Mr. Purple explained the omission of the IT server funding from the May 2021 town meeting, as well as the other funding opportunities through CARES and Community Compact grant. Mr. Purple said that we would not move forward with the project until after we hear on the alternative funding options. Mr. Montijo talked about the current state of the Town's servers and the need for replacement. Mr. Malinowski said that Capital did vote unanimously to bring forward if the other funding opportunities don't work out. Tim Martel asked about the redundancy of the servers, and Mr. Montijo talked about upgrading the VMWare for better capabilities. Ms. Cook asked why the $40K from May increased to $85K now. Mr. Montijo didn't have any input into the $40K number; that figure was reduced by MTC from the original capital request of the former IT Manager, Tom Laflamme. Mr. Montijo said that conversations with vendors over the past few weeks supports the requested number, and technology equipment is expensive. Ms. Cook asked about moving as much as we could to the cloud, and why we need three new servers. Mr. Montijo said that our current setup doesn't give us the option of being completely cloud-based; some of our servers are already in the cloud. Our infrastructure needs redundancy with our internet services that we don't have yet. VMWare requires three servers for redundancy to migrate the servers in the event of a failure. Mr. Montijo said that we are trying to get any additional financial assistance to fund these upgrades; town funds are the last resort. Ms. Cook asked if there are any issues with the current IT budget, and Mr. Montijo said that he will know more after he is able to hire his second person. Ms. Cook asked if MTC has weighed in on this proposal. Mr. Montijo said that he discussed this with MTC at their last meeting, but in terms of CARES funding. He had further conversations with the MTC Chair about current approach, and he was on the same page. He will have another discussion with them at their October meeting. Mr. Pfaff asked about the internet provider going down, and if that matters if servers are located at Public Safety. Mr. Pfaff is calculating a $40K saving in employee funds, and another $9K in expenses, so he thinks there may be room to accommodate the new servers in the IT budget in part. Mr. Fernandez asked about our capacity if a server went down. Mr. Montijo said that we could accommodate for a limited period with the remaining two. Mr. Montijo discussed the recent outage that affected the

phones; we did not have any impact to our 9-1-1 phones. Mr. Healey said that he is concerned with too many cooks in the kitchen on IT. Mr. Montijo was hired for a reason, and we should trust his approach and reasoning. The remaining Board members were supportive of Mr. Montijo's approach, and thanked him for his expertise.

b. Take positions on individual warrant articles

Article 1 – Mr. Dennington made a motion to support the article, seconded by Mr. Stivers; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 2 – Mr. Dennington made a motion to support the article, seconded by Mr. Stivers; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 3 – Mr. Dennington said that he needs more time to review, and is concerned with a permanent increase to the tax base. Ms. Malinowski said that the increase is not necessarily permanent, as the contracts are only through June 30, and the Board of Health needs to discuss the future of the department. Mr. Dennington asked if the Health Director position would continue to be contracted; Ms. Malinowski said that she can't answer that right now, but that there could be a regional approach in the future. Dr. Fazen's report discusses regionalization, but BOH needs to discuss timing and extent. The Board agreed to list their support for the article in the warrant as "At Town Meeting".

Article 4 – Mr. Stivers made a motion to support the article, seconded by Ms. Malinowski; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 5 – Mr. Stivers made a motion to support the article, seconded by Ms. Malinowski; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 6 – Mr. Stivers made a motion to support the article, seconded by Ms. Malinowski; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 7 – Mr. Stivers made a motion to support the article, seconded by Ms. Malinowski; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 8 – Mr. Stivers made a motion to support the article, seconded by Ms. Malinowski; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 9 – Mr. Stivers made a motion to support the article, seconded by Ms. Malinowski; unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Article 10 – Mr. Dennington made a motion to support, seconded by Ms. Malinowski. Mr. Healey said that he would prefer to wait to see what is going to happen on October 18 and list the article in the warrant as "At Town Meeting". Ms. Braccio said that if we aren't going to support, then why are we bringing it to town meeting. Mr. Stivers said that the Board voted previously to support sending this to the Planning Board. Motion was approved unanimously, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye). Mr. Healey said that he is cautiously optimistic that a consensus can be achieved on 10/18.

III. Other Matters (Board may vote)

A. Consideration of amendment to Fire Chief contract, RE: Paramedic certification – Ms. Braccio said that we did not hear back from Labor Counsel today, so we will table that until the next regular meeting on 10/19. The Board concurred with that approach.

B. Appointment of Special Counsel for Tax Title – Mr. Purple explained the process and Town Counsel's recommendation for appointment. Mr. Dennington asked what Attorney Condon's rate was, and Mr. Purple said that he couldn't remember off the top of his head, and would send that information to the Board in the morning. Normally, the costs are recovered during the legal process, and deposited into the general fund to be certified as Free Cash the following year. Mr. Stivers made a motion to approve the appointment, seconded by Ms. Malinowski, unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

IV. **Public Comment** – None. Advisory voted to adjourn their meeting at 10:27PM. Approved by roll call vote, 6-0-1 (Cook – aye; Pfaff – aye; Martel – aye; Fernandez – aye; Nodiff – aye; Jones – aye; Wilson – abstain).

V. **Adjournment** – Mr. Stivers made a motion to adjourn the meeting at 10:44PM, second by Ms. Malinowski, unanimous roll call vote, 5-0-0 (Malinowski – aye; Healey – aye; Stivers – aye; Dennington – aye; Braccio – aye).

Respectfully submitted,

Mark J. Purple, Town Administrator

Town Finance Terminology

The following terms are frequently used in the Advisory Committee Report and at Town Meeting. For your convenience, we provide the following definitions.

Surplus Revenue: (Often referred to as "Excess and Deficiency")
The fund represents the amount by which the Cash, Accounts Receivable and other floating assets exceed the liabilities and reserves.

Available Funds: (Often referred to as "Free Cash")
The amount of the Unreserved Fund Balance (Surplus Revenue) account over and above uncollected taxes of prior years constitutes "free cash" or "available funds".

Overlay:
The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements and exemptions as granted.

Overlay Reserve:
This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the Reserve Fund.

Stabilization Fund:
An outside section of Chapter 138 of the Acts of 1991 (the FY92 State budget) modifies limitations on the Stabilization Fund appropriation process by enabling communities to appropriate from this fund for any non-capital, lawful purpose without Emergency Finance Board approval (section 333). Beginning in FY92, the Stabilization Fund will thus become a source of revenue for general operating expenses for communities.

The Stabilization Fund is a mechanism for setting aside money for capital projects. It equalizes the effect of capital expenditures over time, as capital appropriations can change considerably from year to year. The balance in the fund will build up during years when expenditures for capital items are low. During years with high capital expenditures, the community will transfer money from the fund to reduce the project's impact on the tax rate or the amount of borrowing required for the project.

A community may appropriate up to 10% of its tax levy each year, as long as the balance in the Stabilization Fund does not exceed 10% of the community's equalized valuation. Interest earned on any fund balance is retained as part of the fund.

Appropriations into a Stabilization Fund can be made at either an annual or special town or district meeting. Chapter 94 of the Acts of 1985 permits appropriations to be made from a Stabilization fund at a special town or district meeting, not just at the annual meeting. Regardless of the timing, appropriations from the Stabilization Fund require a two-thirds vote by the appropriating authority. Until the FY92 state budget, a community could only appropriate from the Stabilization Fund for a none-capital purpose with the approval of the Emergency Finance Board.

Reserve Fund:
This fund is established by the voters at the Annual Town Meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) both. Transfers from the Reserve fund may be made only by the Advisory Committee and are for "extraordinary or unforeseen expenditures" only.

Conservation Fund:
For land purchases and any other conservation use.

Introduction to the Rules of Town Meeting

Southborough's Town Meeting is an open town meeting in which all registered voters may participate. Town Meeting is a deliberative assembly, conducted via a defined process, charged with considering a maximum number of questions of varying complexity in a minimum amount of time and with full regard to the rights of the majority, strong minority, individuals, absentees and all of these together. In other words, we gather for the purpose of conducting the Town's business thoughtfully and efficiently.

AUTHORITY

The three elements of authority at Town Meeting are a quorum of one hundred (100) registered voters or more, the Clerk and the Moderator. Of these three, the quorum is the most important.

The Town Clerk is responsible for voter registration, certification of a quorum, setting up the hall and keeping the record of the proceedings. He may also officiate Town Meeting in the absence of a Moderator.

The Moderator presides at and regulates the proceedings, decides all questions of order, and makes declarations of all votes. No one may speak on an issue without being recognized by the Moderator. It is the Moderator's responsibility to approve the distribution of materials, and persons wishing to do so must seek his permission. The Moderator appoints Tellers and alternates for the purpose of counting votes of the meeting.

THE WARRANT

All matters to be considered at Town Meeting must be published in the Town Meeting Warrant, which is the responsibility of the Board of Selectmen. The primary and most important purpose of the Warrant is to notify voters in advance the nature of the business to be taken up at Town Meeting. By state law, Town by-law or custom, several business articles (such as budget appropriations) must be presented in the Town Warrant each year for consideration. Other items are added by warrant articles proposed by Town officials, committees, boards, or groups of ten or more registered voters. The Advisory Committee reviews the Warrant, making recommendations on all the items of business to be presented. In accordance with the Town by-laws, all articles in the Warrant are considered in the order in which they appear in the Warrant, unless the Town Meeting votes to change the order for reasons that reasonable people would entertain.

PARTICIPATION

Any voter wishing to participate in Town Meeting must go to one of the floor microphones and wait to be recognized by the Moderator. Upon recognition by the Moderator, first state your name and address, and then state your business.

Anyone whose name is not on the list of registered voters requires the approval of either the Moderator or a majority of the Meeting to sit in the voting area.

All remarks shall be limited to the subject then under discussion. It is improper to indulge in references to personalities, and all expressions of approval or disapproval, such as applause or booing, are out of order. The Moderator may request any person to keep silent. If after warning from the Moderator, a person refuses to be silent or persists in other disorderly behavior, the Moderator may order a person to withdraw and if he fails to withdraw, may order a police officer to remove such person from Town Meeting.

Individuals who have a personal or financial interest with respect to a matter may speak or vote thereon but should frankly disclose their interest. However, no Town Meeting voter should accept compensation for participating without disclosing that fact.

There is no fixed time limit to the debate of any question. However, out of consideration for the others in attendance and the need to give adequate time to all matters coming before Town Meeting, each individual who speaks should make an effort to be as brief as possible and avoid repeating facts, views or opinions already expressed by others.

Introduction to the Rules of Town Meeting (continued)

Anyone wishing to make a presentation with respect to any article must, prior to Town Meeting, obtain the Moderator's approval.

In order to give all a fair opportunity to speak, no one who has addressed any particular motion shall speak again, except to answer questions, until all others wishing to speak to the motion have done so.

HOW ARE MOTIONS CLASSIFIED?

Main Motions
Motions of this group are for the bringing of questions, or propositions, before Town Meeting for consideration. Only one main motion can be considered at a given time, and once introduced such a motion excludes all other main motions until it has been disposed.

Subsidiary Motions
Motions of this group have are for the modification or disposition of the main motion that is being considered. Their existence as motions depends entirely upon the principal motion to which they are subordinate. Since they relate to the question then under consideration, it is in order to propose them when a main motion is pending and to vote upon them before voting upon the main motion.

Privileged Motions
Motions of this group have no connection whatsoever with any main motion, but are motions of such importance that they are entitled to immediate consideration. These motions have the privilege of temporarily setting aside the main business then before Town Meeting.

Incidental Motions
Motions of this group have few characteristics in common, but for convenience have been grouped into one class. The name "incidental" applies because they arise only incidentally out of the business of Town Meeting.

RULES RELATIVE TO MOTIONS

A motion is the means of bringing a proposal or question for consideration by Town Meeting. When first put forward it is a motion; after it is seconded and acknowledged by the Moderator, it becomes the question or proposal. Except for complimentary resolutions (the presentation of which must be approved in advance by the Moderator), no main motion shall be entertained unless it's substance is contained within the scope of a Warrant article. Upon completion of debate, articles will be voted upon.

The Moderator shall determine whether a motion, or any discussion relative to a motion, is within the scope of the Warrant article under consideration. That is, the motion and the debate must be relevant to the article as written in the Warrant, since the purpose of the Warrant is to apprise voters of the actions to be taken at Town Meeting.

Articles only give notice to the voters and do not initiate action; motions do. Motions may be withdrawn; articles may not be withdrawn – articles must be acted upon by Town Meeting.

There are four types of amendments: striking out, inserting, striking out and inserting, and substitution. Motions to amend may be hostile as long as they are germane. An amendment to a motion is an amendment of the first rank; an amendment to an amendment is of the second rank; there can be no amendment beyond that of the second rank.

Some motions do not lead to a final determination by Town Meeting. A motion to commit or to refer sends the matter to an existing board or committee or one to be established. The motion to postpone indefinitely disposes of the question without bringing it to a direct vote. The motion to postpone indefinitely should not be confused with the motion to table which only temporarily delays a vote. As previously stated, articles may not be withdrawn; so when the Meeting does not wish to act on a particular article, the proper motion is to postpone consideration indefinitely.

Introduction to the Rules of Town Meeting (continued)

Motions to reconsider shall be entertained when new information is available that is materially different than was presented (or could have been presented) at the time of the original vote on the article. Articles may be reconsidered only once. If a motion to reconsider is passed by the necessary 2/3 vote, it brings the original article back to the floor (which requires a new motion and additional debate); if the motion to reconsider is defeated, then the original article stands as previously voted and may not be reconsidered again. Actions to reconsider can be taken at the same session or any subsequent session of Town Meeting. A notice of reconsideration may be filed in advance with the Town Clerk stating that, at a specific point during the current Town Meeting, a voter will move for reconsideration on a particular article, and the Moderator will inform the hall of said action. Note that such a motion so noticed in advance must still be in order (i.e., must comply with all conditions required of any reconsideration motion).

All motions other than purely procedural motions must be in writing and signed by the sponsor.

CHART OF PRECEDENCE OF MOTIONS AND SUMMARY OF GOVERNING RULES

	May interrupt a speaker	Req. a sec.	Debatable	Vote Required	Motions that may apply
PRIVILEGED MOTIONS					
1. To dissolve	no	yes	no	majority	none
2. To adjourn	no	yes	limited	majority	amend
3. Point of no quorum	no	no	no	none	none
4. Recess	no	yes	limited	majority	amend
5. Question of privilege	yes	no	no	chair rules	none
SUBSIDIARY MOTIONS					
6. To lay on the table	no	yes	no	2/3	none
7. Previous question	no	yes	no	2/3	none
8. Limit or extend debate	no	yes	no	2/3	amend, reconsider
9. To postpone to time certain	no	yes	limited	majority	amend, reconsider
10. To commit or refer	no	yes	limited	majority	amend, reconsider
11. To amend	no	yes	yes	majority	amend, reconsider
12. To postpone indefinitely	no	yes	yes	majority	reconsider
MAIN MOTIONS					
Main Motions	no	yes	yes	majority*	all
To reconsider or rescind	no	yes	yes	2/3	table previous question postpone definitely
To take from the table	no	yes	no	majority	none
To advance an article	no	yes	yes	majority	amend, reconsider
INCIDENTAL MOTIONS					
Point of order	yes	no	no	chair rules	none
Division of a question	no	yes	no	majority	none
Separate consideration	no	yes	no	majority	none
To withdraw a motion	no	no	no	majority	reconsider
To suspend rules	no	yes	no	2/3	none
Orders of the day	yes	no	no	none	none

*The vote required to pass an affirmative main motion is a matter of substantive law, but is usually a majority.

FORM USED IN MAKING MOTIONS

1. Main Motion	Mr. Moderator, I move that...(statement of the proposal)
2. Adjourn	Mr. Moderator, I move to adjourn to...(state time)
3. Amend	Mr. Moderator, I move to amend by adding...
	Mr. Moderator, I move to amend by inserting...before...
	Mr. Moderator, I move to amend by stroking out...
	Mr. Moderator, I move to amend by striking out...and inserting...
	Mr. Moderator, I move to substitute...for...
4. Amend an Amendment	Mr. Moderator, I move to amend the pending amendment by (see above)
5. Amend Something Previously Adopted	Mr. Moderator, I move to amend the resolution under Article...by...
6. Commit or Refer	Mr. Moderator, I move that the proposal be referred to a committee of...
8. Division of a Question	Mr. Moderator, I move to divide the question.
9. Lay on the Table	Mr. Moderator, I move that the proposal be laid on the table.
10. Point of Order	Mr. Moderator, I rise to a point of order.
11. Postpone to a time certain	Mr. Moderator, I move to postpone the question to...
12. Postpone Indefinitely	Mr. Moderator, I move that the question be postponed indefinitely.
13. Previous Question	Mr. Moderator, I move the previous question.
14. Question of Privilege	Mr. Moderator, I rise to a question of privilege.
15. Recess	Mr. Moderator, I move to recess for...
16. Reconsider	Mr. Moderator, I move to reconsider the vote under Article...
	Mr. Moderator, I move to reconsider the vote on the amendment to...
17. Separate Consideration	Mr. Moderator, I move for separate consideration.
18. Suspend the Rules	Mr. Moderator, I move to suspend the rules which interfere with...
19. Take from the Table	Mr. Moderator, I move to take from the table the motion relating to...

INTERRUPTING A SPEAKER

No one may interrupt a speaker except for a point of order or a question of privilege.

POINT OF ORDER

A point of order if a question of the Moderator about whether the speaker is entitled to be speaking, or whether the current subject under discussion (or what the speaker is saying) is irrelevant, illegal or contrary to proper procedure. No other "point of order" is proper.

PREVIOUS QUESTION

To call or move the question is a request to stop discussion and to take an immediate vote. This requires a 2/3 vote.

VOTING

Voting is by hand vote and the Moderator declares the result of such votes. If seven or more voters immediately question the declared result, the Moderator shall determine the result by a standing count of votes by the Tellers. After the vote counted by the Tellers is presented to the Moderator and announced to the floor, any further motions for recount are out of order.

ADJOURNMENT AND DISSOLUTION

Sessions of Town Meeting normally adjourn at eleven o'clock in the evening but may adjourn at such earlier or later time as vote of the majority may determine. Town Meeting shall not dissolve until all articles in the warrant have been properly considered.

TOWN WARRANT
COMMONWEALTH OF MASSACHUSETTS

ANNUAL TOWN MEETING

Worcester, ss. October 5, 2021

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the Inhabitants of the Town of Southborough qualified to vote in town affairs, to meet in the P. Brent Trottier Middle School, 49 Parkerville Road, in said Southborough, on

Monday, November 1, 2021

at ***7:00 p.m.***, then and there to take action on the following Articles:

ARTICLE 1: To see if the Town will vote to accept the following change to the Personnel Bylaw Entitled "The Salary Administration Plan," as specified in Chapter 31 of the Code of the Town of Southborough entitled PERSONNEL: include a position titled "Senior IT Specialist" in Section 20, Schedule A at Grade 7.

PERSONNEL BYLAW
ENTITLED "THE SALARY ADMINISTRATION PLAN"
[revised at November 1, 2021 Fall Town Meeting]

This bylaw establishes a Salary Administration Plan for the Town of Southborough that (i) groups position classifications in Town services, (ii) establishes salary schedules and employee benefits and (iii) establishes and authorizes the Personnel Board to administer the bylaw and to represent the interest of both the taxpayers and the Town employees.

This Salary Administration Plan applies to the positions of all officers and employees in the service of the Town, whether full-time, part-time, temporary, seasonal, special or any other, except those positions filled by popular election, under the direction and control of the School Committee, performed pursuant to a contract approved by the Town or encompassed in any officially recognized labor union and/or association. The positions covered by this Salary Administration Plan are hereby classified by titles in the groups listed in Schedule A through G ("Classification Schedule") as set forth in Section 20 of this bylaw.

The classification of positions subject to the Massachusetts Welfare Compensation Plan (as amended) and the scheduled rates therefor, as well as the applicable provisions of the Massachusetts General Laws relating to the application of rates set forth in the aforementioned Welfare Compensation Plan are hereby incorporated by reference.

* * *

9	$96,731	$46.51	$116,077	$55.81	$135,424	$65.11

, or do or act anything in relation thereto.

Proposed by: PERSONNEL BOARD
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *The Personnel By-Law governs policies and pay structures for non-union employees. The position "Senior IT Specialist" is being added to Grade 7 of the Classification Schedule, which will support the funding request that was approved by Town Meeting in May 2021.*

ARTICLE 2: To see if the Town will vote to amend the Town's General and Zoning Bylaws by changing the term "Board of Selectmen" to "Select Board" in all mentions of the same throughout the entirety of the General and Zoning Bylaws, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *The name change is to promote inclusion and diversity in Southborough's town government. The board will remain under the current confines of the Board of Selectmen authority. Over 100 towns in the Commonwealth have already adopted the name change.*

ARTICLE 3: To see if the Town will vote to amend Article 7 of the May 22nd, 2022 Annual Town Meeting as follows:

Budget 542 - Board of Health FY22	Original Vote	Proposed Amended Amount	*Change*
51000-51990 Personal Services	132,068	201,291	*69,223*
52000-58990 Other Charges & Expenses	70,624	70,624	-
TOTAL	**202,692**	**271,915**	*69,223*
Budget 910 - Employee Benefits FY22			
910-51720 Health Insurance	5,283,905	5,303,302	*29,397*
910-51780 Dental Insurance	248,964	250,026	*1,062*

And to increase the Total raise and appropriate FY22 budget by $99,682;

And further to amend Article 8 of the May 22, 2022 Annual Town Meeting as follows:

Water Enterprise Fund 6161		Original Vote	Proposed Amended Amount	*Change*
400-450-56940	Mass Water Resources- Water	1,420,000	1,270,000	*-150,000*

, or act or do anything in relation thereto.

Proposed by: BOARD OF HEALTH and BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *The BOH is requesting an increase for the Public Health Director and Public Health Nurse salary and benefits line items. This was not brought forward at annual town meeting to allow for the town to take advantage of FEMA and CARES funding. The incremental is to cover the remainder of FY22 that is not budgeted for. In addition, the Board of Selectmen is looking to reduce the line item for the MWRA water assessment in the Water Enterprise Fund. It has been determined that the amount voted in May can be reduced as the MWRA water assessment figures have been refined.*

ARTICLE 4: To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money for General Government capital items for the following purposes:

	Description	Request	Levy	Other Funds
A.	Engineering/Capital Feasibility Studies	$ 30,000	$ 30,000	
B.	IT: Server replacements	$ 85,000	$ 85,000	

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: At Town Meeting
Advisory Committee Recommendation: At Town Meeting
Summary:
A. This item will allow the Capital Planning Committee along with numerous other town Boards, Committees, and Department Heads to continue exploration and any other preliminary design in developing a comprehensive capital plan related to the building needs of all town departments currently located in the Town House, Cordaville Hall, South Union School, DPW Facility, Library and School Administration space. Any proposed funds to be spent with this article will only be allowed after a presentation to and authorization by the Board of Selectmen.
B. This item will replace our 3 physical servers and upgrade our licensing. The current set up of servers have reached their end-of-life support. Also, the current configuration is insufficient for the number of virtual servers (VM's) that are currently set up. Memory on all of the host servers is approaching maximum utilization and storage has also reached its capacity. We currently have 14 VM's that reside on 3 host (physical) servers, 9 of which are critical for all town services including public safety. Servers that are on-premise currently need to remain that way to support the public safety complex and internal domain resources. Domain resources include print server, domain controller and file server.

ARTICLE 5: To see if the Town will vote to raise and appropriate or transfer from available funds the sum of $25,000 for the purpose of funding a comprehensive traffic study for the Town of Southborough that will determine the most optimal routes for heavy commercial vehicles travelling through Town, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *The Board of Selectmen has received requests for truck exclusions on various roads. Due to requirements from Mass DOT, alternative routes must be determined in order to put new exclusions in place. This study will be used to determine the best routes for trucks to travel through Southborough.*

ARTICLE 6: To see if the Town will vote to amend the provisions of the Southborough Code, Section 9.8 and 9.12 thereof, as follows:

§ 9-8 Establishment; membership; residence requirements. [Amended 4-12-1999 STM by Art. 1; 10-21-2002 STM by Art. 7; 4-15-2008 ATM by Art. 34]
There shall be an Advisory Committee, which shall consist of ~~nine~~ seven voters of the Town. No member shall be appointed who is a Town officer, employee or member of another Town committee, appointed or elected; provided, however, that an Advisory Committee member may belong to one ad hoc committee that is appointed by an elected board or official, or one other committee appointed by the Moderator under the following restrictions:

A. The Advisory member's participation is approved by majority vote of the Advisory Committee excluding the member desiring to participate in the above committees.

B. The Advisory member may not vote or be counted for purposes of a quorum during Advisory meetings when matters subject to the jurisdiction of the above other committees are presented to the Advisory Committee.

§ 9-12. Appointment of Chairman and Secretary.
Said Committee shall choose from its membership a Chairman, a Vice-Chairman and a Secretary.

, or act or do anything in relation thereto.

Proposed by: ADVISORY COMMITTEE
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *The proposed article makes the following changes to the current Advisory by-law:*
§ 9-8 - Proposed article (1) reduces the number of members on the Advisory committee from nine to seven.
§ 9-12 –Proposed article adds the office of Vice-Chairman.

ARTICLE 7: To see if the Town will vote to amend the provisions of the Southborough Code, Chapter 41-2 entitled Notice of Town Meetings by appending the following language to the section:

"and fourteen days, at least, before the time appointed for a Special Town Meeting."

, or act or do anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *This language clarifies the existing bylaw so it complies with G.L. Ch 39, S 10.*

ARTICLE 8: To see if the Town will vote to amend the provisions of the Southborough Code, by creating a new section §41-2.1 entitled Location of Town Meeting by adding the following:

§ 41-2.1 Location of Town Meeting
Due to reasons such as a lack of physical capacity in a suitable auditorium or other facility in Southborough, or an emergency, the Board of Selectmen may specify in a warrant for an annual or special town meeting that the meeting is to be held or in any town contiguous to Southborough. Town meeting may also vote to adjourn to such a facility if it deems appropriate.

, or act or do anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *This article would give the Board of Selectmen the option to direct that a town meeting be held in any of the towns contiguous to Southborough. For example, a town meeting could be held at Algonquin Regional High*

School if the town were unable to hold the meeting in Southborough due to a lack of physical capacity or an emergency.

ARTICLE 9: To see if the Town will vote to amend the provisions of the Southborough Code, by renaming Article III to "Annual Report", by deleting section 41-26 in its entity, and creating a new section 41-26.1 entitled "Availability of Annual Report", as follows:

§ 41-26.1 Availability of Annual Report
No later than seven days before an annual town meeting, the Selectmen shall make copies of the Annual Town Report available to the public by placing it on the town website and at the Southborough Town House.

, or act or do anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *This article would correct the conflicting language in Southborough Town Code sections 41-2 and 41-26.*

ARTICLE 10: To see if the Town will vote to amend the Town Zoning Bylaw as follows:

Part 1. Amend Article I, Miscellaneous Provisions, **§ 174-2** Definitions, by adding the following new terms and definitions in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guest rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

ESTABLISHMENT

An institutional, business, commercial, or industrial activity that occupies all or a portion of a building; a place of business.

FAÇADE

The external faces of a building.

FRONTAGE OCCUPANCY

The percent of a lot's street frontage that is occupied by a building between the minimum and maximum front setback range.

LANDSCAPED GREEN SPACE

Land that is covered with grass, trees, shrubs, or other vegetation and may include a pervious walkway that meets accessibility standards.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a

taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

A development that includes any combination of permitted nonresidential uses and one or more dwelling units within a single structure; provided, however, that the inclusion of two (2) or more dwelling units in a mixed-use development shall not be deemed a multifamily dwelling. The ground floor facing the street shall be used only for permitted nonresidential uses, and residential dwellings cannot exceed 40% of the gross floor area of the above ground level floor space of the building (no residential dwellings in the basement level).

Part 2. Amend Article II, Establishment of Districts, **§ 174-3 Districts enumerated,** by adding the following new district:

M. Downtown District, referred to as DD

Part 3. Amend Article III, Use Regulations, **§ 174-8.C.(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, or a mixed-use development in the Downtown District, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend Article III, Use Regulations, **§ 174-8, Schedule of Use Regulations,** by adding the following new section:

§ 174-8.12 Downtown District

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB).

(2) Mixed-use development, provided that each nonresidential use in the development is a permitted use under this Section 174-8.12(A) or Section 174-8.12(B) and provided that the number of dwelling units does not exceed three (3).

(3) Professional or business office, or bank, but not including a medical or dental office.

(4) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery.

(5) Bed and breakfast.

(6) Child care center.

(7) Co-work center.

B. Permitted uses, up to a maximum of 3,000 square feet per establishment.

(1) Retail sales and services.

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited).

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive- through service is prohibited).

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair.

C. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection B exceeding 3,000 sq. ft. per establishment.

(2) Mixed-use development that includes a nonresidential use that is a permitted use under Section 174-8.12(A) or Section 174-8.12(B) but with four (4) or more dwelling units.

(3) Mixed-use development that includes a nonresidential use requiring a special permit under this Section 174-8.12.

(4) Microbrewery.

(5) Veterinarian, animal hospital, or animal clinic.

(6) Medical or dental office.

(7) Multifamily dwelling, not to exceed ten (10) units.

(8) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(9) Indoor recreation, athletic or exercise facility.

D. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

E. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

F. Development standards are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Maximum Floor Area Ratio: 0.30 as of right, or a maximum of 0.50 by special permit from the Planning Board.

(6) Minimum landscaped green space: 20 percent. At least 50 percent of the landscaped green space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of the landscaped green space as part of Site Plan Review.

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 80-100 feet of frontage: 70%

(d) Over 100 feet of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 35 feet and three stories,

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown District shall comply with RB District standards.

G. Building Regulations

(1) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(2) The maximum distance between street-level entrances in a single building shall be 35 feet unless waived by the Planning Board.

(3) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

(4) The maximum front setback in Section F(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi- use path, raised terrace, façade offsets, or outdoor dining, but not for vehicle use.

(5) Affordable housing. In any multifamily or mixed-use building with four or more units, at least 12.5 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD).

H. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough.

Part 5. Amend Article III, Use Regulations, by adding the following new section, **§ 174-10.2 Downtown District plan approval.**

In the Downtown District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the procedural requirements and decision criteria of § 174-9, § 174-10, and 174-10.1(A) through (C) shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required. The Planning Board is authorized to promulgate design guidelines to carry forth the purpose and intent of these Bylaw provisions.

Part 6. Amend Article III, Use Regulations, **§ 174-12 Parking and loading regulations**, by inserting the new Section F below and relabeling the existing Section F. Egress to Section G.

F. Exceptions in the Downtown District. Off-street parking requirements for development in the Downtown District shall comply with Section E above except for the off-street parking requirements for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

Part 7. Amend Article II, Establishment of District, **§ 174-4 Zoning Map**, by adding the new *Downtown District* to the Southborough zoning map, said district being depicted on a map as voted by the Board of Selectmen on September 21, 2021 on file with the Town Clerk fourteen (14) days prior to Town Meeting.

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support, 5-0-0
Advisory Committee Recommendation: At Town Meeting
Summary: *The purpose of this article is to revitalize Southborough's historic downtown district, while promoting small scale mixed-use development, diversity in housing, and connectivity. This is achieved by updating permitted uses, allowing mix-use development which entail both commercial/retail and residential in one building, and by allowing by right development which allows for approval or issuance of a building permit with no additional permits required. The last major change to our Downtown zoning was the creation of the Business Village District in 1993.*

And you are to give notice hereby by posting true and attested copies of the Warrant on the Town website, the Southborough Town House, 17 Common Street, Southborough Senior Center, 9 Cordaville Road, Southborough Library, 25 Main Street, and Southborough Transfer Station, 147 Cordaville Road; fourteen (14) days at least before the time appointed for such meeting.

Given under our hand this fifth (5th) day of October, 2021.

Lisa M. Braccio, Chair

Chelsea M. Malinowski, Vice-Chair

Martin F. Healey

BOARD OF SELECTMEN OF THE TOWN OF SOUTHBOROUGH

Attest:

Kenneth M. Paulhus, Constable

Downtown District

An update to the zoning code

Some of the major updates to the current code

- Minimum lot area updated to 5,000 sq ft – to bring nonconforming lots into conformity
- Mixed- use Development
- By-right Floor Area Ratio - .30 by right and up to .50 by special permit from the Planning Board
- Updated uses By-right and by Special Permit
- Updated from up 2000 sq feet per building to 3000 sq feet per establishment by right
- Current code does not have an allowance for greenspace – the Downtown District requires 20%
- The addition of affordable housing units in the mixed use triggered by 4th unit by special permit at a rate of 12.5%
- A reduction in parking requirements for Dwellings, Bed & Breakfast, Restaurant as well as Mixed-use development

Current composition of the Downtown District

Column1	Column2	Column3	Column4	Column5	Column6	Column7	Column8

What does non-conforming mean?

- A legally existing building, lot, location of building on a lot or use of buildings or land which does not conform to the zoning regulations for the district in which it is located.

Mixed-use Development – proposed definition

- **MIXED-USE DEVELOPMENT**

  •A development that includes any combination of permitted nonresidential uses and one or more dwelling units within a single structure; provided, however, that the inclusion of two (2) or more dwelling units in a mixed-use development shall not be deemed a multifamily dwelling. The ground floor facing the street shall be used only for permitted nonresidential uses, and residential dwellings cannot exceed 40% of the gross floor area of the above ground level floor space of the building (no residential dwellings in the basement level).

- Currently our code does not allow for residential units in a mixed-use building
- Also our code currently does not allow for multi-family housing except for elderly or in a Major Residential development which is 8 or more lots or construction of 8 or more dwelling units.

By right uses: without a special permit

§ 174-8.12 Downtown District

A. Permitted uses are as follows:

All uses permitted in the residential districts (RA and RB).

Mixed-use development, provided that each nonresidential use in the development is a permitted use under this Section 174-8.12(A) or Section 174-8.12(B) and provided that the number of dwelling units does not exceed three (3).

Professional or business office, or bank, but not including a medical or dental office.

Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery.

Bed and breakfast.

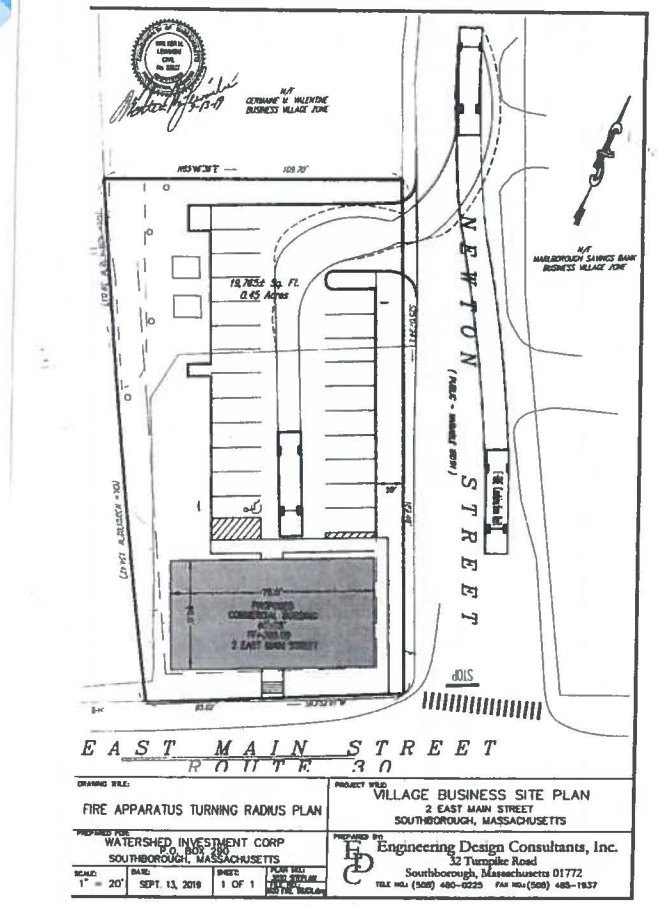
Child care center.

Co-work center.

Permitted uses, up to a maximum of 3,000 square feet per establishment.

Retail sales and services.

Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited).



Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive- through service is prohibited).

Personal services such as barber shop, beauty salon, tailor, or shoe repair.

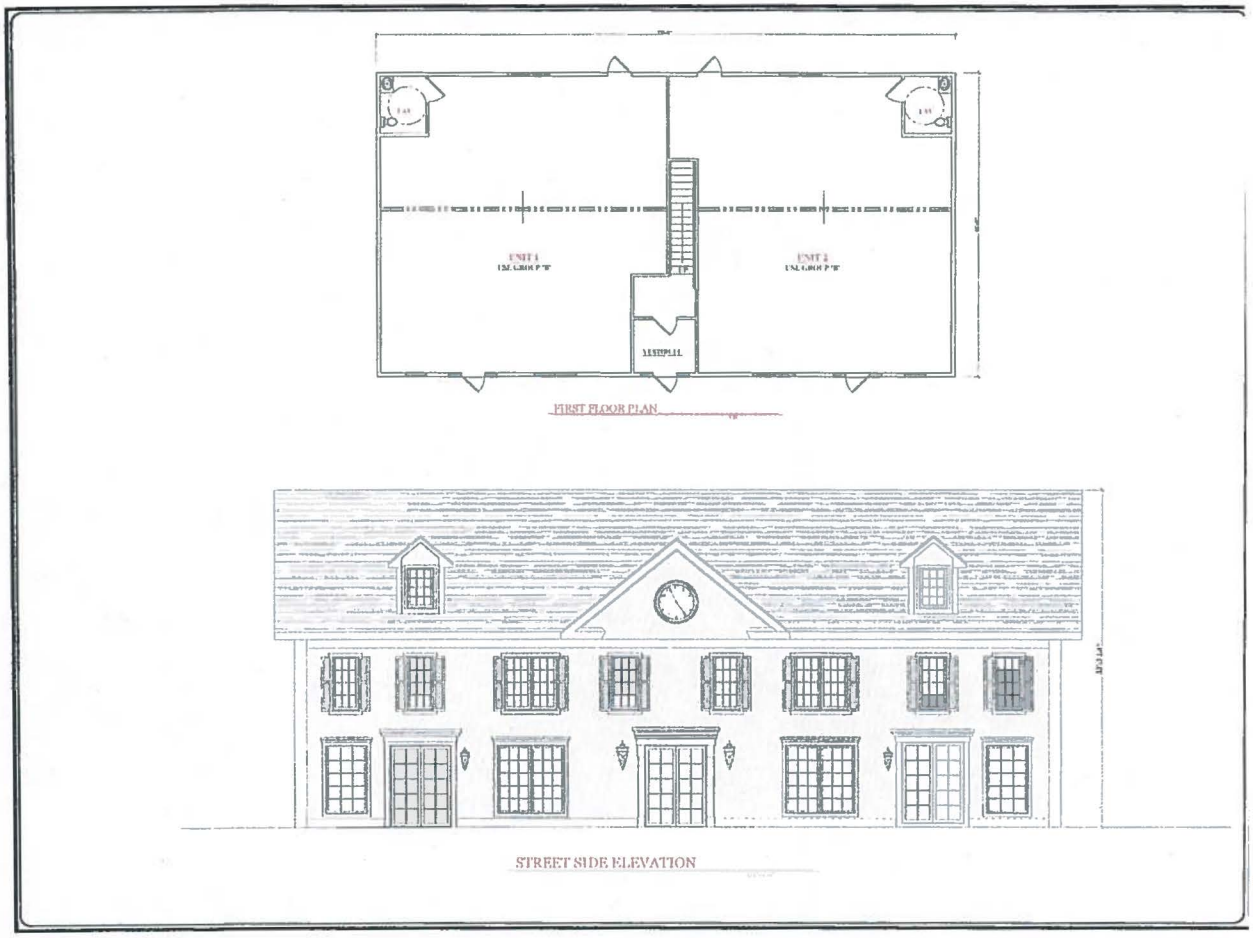
By right Floor Area Ratio (FAR)

- FLOOR AREA, GROSS
  The aggregate horizontal area, in square feet, of all floors of a building or several buildings on the same lot, measured from the interior faces of walls enclosing each building, exclusive of stair and elevator wells, garages, basement and other areas used only for storage or for services incidental to the operation and maintenance of such a building or buildings. In the absence of information as to what portion of the building will be used for such storage and services, 80% of the aggregate floor area shall be deemed to be the floor area for the purposes of computing the required off-street parking and loading spaces.

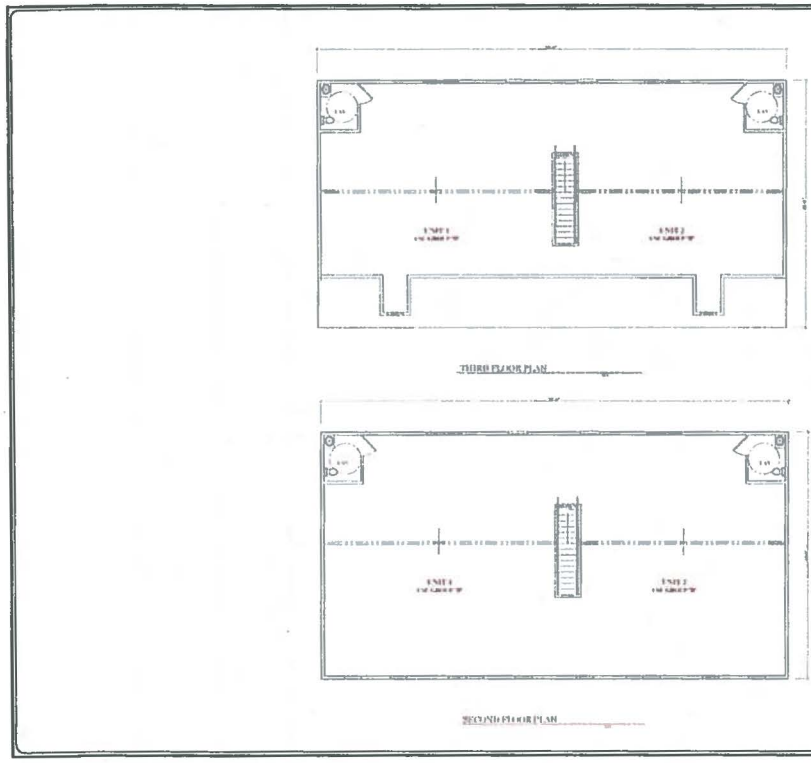
- FLOOR AREA RATIO
  The ratio of the aggregate gross floor area of all floors of a building or buildings on a lot to the total lot area. The gross floor area shall not include unenclosed porches, cellars, attics or garages not used for human occupancy.

To better understand an FAR:

The FAR only governs the uses within the building.



This parcel has been referenced through the last 2 years in discussions and renderings as a prior proposed site. When this was originally submitted the FAR was just over .35 due to parking regulations/requirements among other things it was reduced to .328. The building size did not change only the usable space within.



From the definition prior it is exclusive of stair and elevator wells, garages, basement and other areas used only for storage or for services incidental to the operation and maintenance of such a building or buildings.

An FAR does not mean the building can only be .30 of the lot it can be smaller or larger depending on how it mets the other requirements of the bylaw and the allowed building uses.

These next 4 pictures show how the size of the building did not change just the usable space inside.

The first 2 slides are from 6/19 and the next two from changes made 9/19.

Closing thoughts

The ability for mixed-use development as a tool to revitalize our Downtown will create new opportunities for business, diversity in housing and a much-needed change to a zoning code that has not seen any substantial updates in over 20+ years.

By right uses and the FAR will allow for a less restrictive process but still has guidelines put in place that the Planning Board has recommended.

The Downtown District was drafted with input from public forums, public hearings (in the Spring and late Summer), the EDC, Planning Board, Board of Selectman, SHOPC and assisted by Consultants over the course of 2 years.

Where we are today....

- The Economic Development Committee (EDC) still has 3 specific concerns:

1) The restriction of mixed-use to require that residential units not comprise more than 40% of a building, makes no sense and negates the original intent of adding by-right mixed-use.

2) The sharp reduction in the number of residential units permitted in a mixed-use development, from eight units to three units, is overly restrictive, undermines the intent of encouraging mixed-used development, and was proposed arbitrarily with almost no discussion or reasoning.

3)The reduction of the Floor Area Ratio from 0.35 to 0.30 is (i) contrary to months of agreed upon discussion, (ii) against the recommendation of the zoning and planning experts hired by the Town, and (iii) significantly lower than the current Floor Area Ratio permitted in the Downtown Business Village District, which is currently 0.50for commercial buildings (see Schedule of Dimensional Regulations).

Where we hope to be....

- The Planning Board has one additional public hearing before Town Meeting. With all sides coming together one final time the hope and goal would be to once again collaborate and bring a fully supported article from the Board of Selectman, EDC and the Planning Board forward.

- We would hope Advisory will be supportive as we continue to move forward.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Monday, October 26, 2021, 7:30 P.M.
Location: Zoom Meeting (virtual)
Present: Lisa Braccio, Chelsea Malinowski, Sam Stivers, Marty Healey, Town Administrator Mark Purple
Absent: Andrew Dennington

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

I. Chairwoman Braccio called the Selectmen meeting to order at 7:31 P.M.

II. Scheduled Appointments

Attend Advisory Committee to discuss financial impact and articles of November 2021 Special Town Meeting

Chair Lisa Braccio updated that the Selectmen had voted on Article 4 to fund $115k from free cash. She recommended that the Selectmen fund Article 5 from free cash so as not to affect the tax rate. Ms. Braccio referenced $40k that went to May Town Meeting, but the motion wasn't made (although the amount was included in the budget figures). She stated this was the reason they were appropriating $85k. She wants to leave the $85K and the $30K. As $115k has already been voted, Ms. Braccio wants to add the $25k which would total $140k coming from free cash.

Advisory Chair Kathy Cook stated that FY23 is going to be a difficult budgeting year with COLA projected at 6% and CIP values probably split even further. She stated that $1.8m is a strong free cash number. Advisory member Andrew Pfaff felt there is some additional money in the IT budget and recommends that Selectmen direct departments not to spend everything in their budget and to return as much as possible. Ms. Cook stated that Advisory is being neglected and they should not have to ask for budget numbers. Had they known the numbers, they would have pushed back. Ms. Malinowski supports having Advisory go through the budget line by line for the coming year and added that the budget review process needs to be tightened up. Ms. Cook requested Advisory be sent everything that the Finance Department sends to the Selectmen.

The Board agreed to move $140k from free cash in FY23 to FY22.

Ms. Malinowski gave an update from the Board of Health meeting held earlier today. The Board of Health is requesting to keep the current positions in FY23. Ms. Malinowski told the Board that Advisory's concern was a potential .25 increase on top of the FY22 budget. The Board's Town Meeting update explains that they are not changing their direction and that the three positions (director, nurse and FT admin) should be permanent. Dr. Medina will speak to this and FY23 potential requests at Town Meeting.

Ms. Malinowski asked Advisory about funding from the Reserve Fund (FY23) that is earmarked for Board of Health of approximately $70k to $75k. She referenced a previous memo that she sent to Advisory approximately two weeks ago. Ms. Cook stated that Advisory tracks requests and that no fund request will be considered if Advisory was not informed prior to the spending. The Reserve fund started with $190,000. To date, the Fire boat ($17k) is the only request that may come up (encumbered). Ms. Malinowski sent a request for $6k. She informed the Board that the printer for the Board of Health is currently in the IT budget and the reserve fund transfer has not yet been requested. Mr. Pfaff added that Advisory is aware of a potential $95k liability if CARES does not get extended.

The Board discussed the proposed amendment to Article 3. Ms. Cook informed the Board that the Advisory Committee had voted to not support the Board of Health piece of Article 3. She stated that the Committee will vote on the amendment at Town Meeting. Ms. Malinowski read the amendment to Article 3 to the Board and Committee. Mr. Stivers made a motion to support Article 3 as amended. Mr. Healey seconded. Mr. Healey clarified that the amendment has not been approved yet and Ms. Braccio stated that was correct. Ms. Cook stated that the Advisory Committee will vote to support the expected amendment to Article 3 at either a future meeting or at Town Meeting. Mr. Stivers amended his motion to support Article 3 as it will be amended at Town Meeting. Mr. Healey seconded. The motion passed (3-0-1) by roll call vote, Healey, aye; Stivers, aye; Braccio, aye; Malinowski, abstain.

Mr. Stivers made a motion to support Article 5 for $25,000 to come out of free cash. Mr. Healey seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Healey, aye; Stivers, aye; Braccio, aye.

There was discussion regarding Article 2. Ms. Cook was looking for clarification on the vote and Ms. Malinowski and Mr. Healey explained. There was discussion regarding a consent agenda for Town Meeting. Moderator Paul Cimino joined the meeting and explained his plans for managing the meeting which included the consent agenda and reading warrant articles. He explained his interpretation of Article 2 and its impact on Article 10.

Tim Martel of the Advisory Committee spoke to his concerns on Article 10. At 8:12 P.M. Ms. Cook called the Advisory Committee meeting to order as they reached a quorum.

III. On a motion made by Mr. Stivers, seconded by Ms. Malinowski and voted all in favor by roll call vote (4-0-0) the Board of Selectmen meeting was adjourned at 8:12 P.M. Roll Call: Malinowski, aye; Healey, aye; Stivers, aye; Braccio, aye.

Upcoming Meetings
November 1, 2021 (Special Town Meeting)
November 3, 2021

Respectfully submitted,

Kathleen Barry, Administrative Assistant

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes REVISED

Meeting Date: Tuesday, November 3, 2021, 6:30 P.M.
Location: Via Zoom
Present: Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

I. Call Meeting to Order

Chairwoman Braccio called the meeting to order at 6:32PM.

II. Public Comment

Mr. Hegarty, Town Clerk. Mr. Hegarty commented on the proposed bylaw to Trails Committee membership. Mr. Hegarty asked the Board not to accept the Trails Committee's recommendation to create associate membership positions. The proposed bylaw states associate members have all the rights and responsibilities of members but do not vote. He is concerned about public accountability for the actions of associate members. His view is if an individual participates in a decision making process of a committee, s/he should be held accountable for their decisions on the committee as expressed through their vote. Changing topics, Ms. Braccio thanked Mr. Hegarty for a successful Town Meeting on November 1, 2021.

Ms. Hanlon-Shimkus. Ms. Hanlon-Shimkus is in support of the proposed tree policy. She also saw pink notices on trees in town and was curious as to why the trees are coming down. She was especially upset to see the razing of trees behind the Library and noted a parcel in the area is designated as Nipmuc burial grounds. Ms. Hanlon-Shimkus doesn't recall discussion of the removal of these trees as part of a public process. She suggested that if a proposed park/roadway/parking lot is to replace the trees, the matter should come before the Planning Board as part of a public process.

III. Scheduled Appointments *(Board may vote)*

Ms. Cook, Mr. Pfaff and Ms. Jones from Advisory joined the Board for discussions of items a, b and c. Next, Officer Julie Fontana was introduced to the Board. Officer Fontana is Southborough's newest police officer and first female officer under Chief Paulhus. Members of the Board and Advisory welcomed her and shared they look forward to working with her.

a. Discussion of staffing shortages – Public Safety

Chief Paulhus asked the Board to immediately hire a full-time dispatch position, increasing the number from four to five. He shared the dispatch operation is running at a bare minimum and he is concerned that with any emergency situation (a resignation, COVID outbreak, etc.), dispatch may experience an interruption in service. Ms. Malinowski asked if Chief Paulhus has room presently in the FY22 budget to cover the proposed position. Chief Paulhus responded he does not. Ms. Malinowski stated that while she understands the need for the position, she is unclear as to what the funding mechanism will be. Further, should the position be funded and approved, she is in support of a temporary resolution to the dispatch issue, as she believes the position must be approved by Town Meeting. Ms. Malinowski noted that if the position is added in FY22, it will appear as an

existing position in the FY23 budget. Mr. Healey stated he is not prepared to support Chief Paulhus's proposal at this time. He would like to see the following information: coverage structure with four dispatchers, coverage structure with five dispatchers and, if the proposal is not approved, what steps would be taken to mitigate staffing challenges. He commented Southborough is participating in discussions around regional dispatch and he would like to see efforts to bridge current needs until we understand if regional dispatch makes sense for the community. Mr. Stivers asked for clarification about the financial impact to FY22. Chief Paulhus said approximately $40,000 (Dec. 1, 2021-June 30, 2022). Mr. Stivers stated that fewer than five dispatchers results in inadequate coverage. He is not prepared to say no to the proposal but is also concerned about spending an additional $40,000 in FY22. Mr. Dennington asked Chief Paulhus to provide information regarding the total amount of savings in overtime as a result of adding the fifth full-time dispatcher. He also asked Chief Paulhus to revisit the current budget to see if there are any funds that may be redirected to cover the cost of adding the fifth position. Ms. Braccio sought clarification on overtime spent thus far in FY22. Ms. Cook's comments focused on where funds may be found in FY22, should the Board move forward with the proposal. Since the police budget contains the dispatch cost for both police and fire, Ms. Cook asked both Chief Paulhus and Chief Achilles to examine their current budgets for any potential savings. Ms. Cook also suggested the Harvard funds for public safety (approximately $25,000) as a potential funding source for the position. Chief Achilles shared he is in support of the proposal as a solution to the current staffing challenges. He also committed to revisiting his budget to look for potential savings to fund the position. Mr. Pfaff asked Chief Paulhus if he would still need part-time staff if the fifth position is added. Chief Paulhus replied yes. Ms. Jones inquired as to whether hiring more part-time staff is a potential solution to the staffing issue. Chairwoman Braccio thanked Chief Paulhus for bringing this issue to the Board's attention and said it will be discussed at a future meeting.

b. Paul Cibelli, Principal Assessor – Timeline/Process/Trends of residential/commercial value shift on tax rate

Mr. Cibelli shared a presentation that detailed the process and timeline that is used in determining the yearly tax rate. He explained that when residential values are significantly increasing and CIP (commercial, industrial and personal property) are flat or decreasing, as occurred last year, the result is to shift additional tax burden to the residential sector. In FY22, that scenario played out and the result was a tax bill higher than projected at Annual Town Meeting. He also shared the information needed to set the tax rate is not available until September/October of each year, so figures used at Town Meeting to determine the tax rate are projections. As detailed in the process, this year's tax rate will be set with 2020 residential values. Next year's tax rate will be set using 2021 residential values so he expects to see another significant shift based on current activity in the residential sector. Ms. Cook asked Mr. Cibelli if he could have projections available in February for budgeting purposes. Mr. Cibelli said he would provide a number of scenarios for purposes of accuracy of the projections. Mr. Pfaff asked if there are any resources available to communities dealing with the challenges of tax rates relative to budget impacts, given the current climate. Mr. Healey said the presentation was informative and sobering. Mr. Stivers said staying on top of the process and good communication between all parties will ensure the best information for accurate budgeting. Mr. Dennington inquired about the impact of abatements on rate setting process. Mr. Cibelli replied abatements occur in the January/early February timeframe and can slow down the rate setting process. He has not experienced a slowdown in process due to abatements. Chairwoman Braccio thanked Mr. Cibelli for an informative presentation and said the information will be helpful with the budget challenges that lie ahead.

c. Outlook for FY22 and forward, potential usage of ARPA funds

Jennifer Thompson from Capital Strategic Solutions shared her presentation with the Board and Advisory regarding the American Rescue Plan Act of 2021 (ARPA) and Southborough's potential use of expected ARPA funds. Due to the pandemic, Southborough's revenue loss is approximately $6.3 million dollars. Southborough is expected to receive approximately $3 million dollars in ARPA funds and the Board is charged with deciding how to utilize the funds. Ms. Thompson discussed three models of decision making for the Board to consider. Chairwoman Braccio said she likes the idea of a working group comprised of the Board, Advisory, Capital Planning and at-large members of the public. She views public participation in this process as essential, as ARPA funds are public monies. Mr. Stivers supports a working group with public input, favoring flexibility in the use of funds. He would like to see the group set short-term and long-term goals in moving forward. He also suggested it may be helpful to observe how other cities and towns are spending funds so Southborough considers all potential uses. Mr. Dennington sought clarification on the categories of use of ARPA funds. Ms. Thompson said the decrease in revenue due to the pandemic allows ARPA funds to be used for items normally funded through general revenue, thus creating greater flexibility in use. Ms. Thompson reminded the group the funds are for a one-time use only and are not available in following years so that should be considered in project selection. Mr. Dennington shared he would support ARPA funds utilized for the greatest impact, with larger dollars spent on fewer projects rather than smaller dollars spent on a larger number of projects. Ms. Thompson shared how ARPA monies are spent depends on each town and its needs. Ms. Malinowski would like to see a survey of public thought on the use of ARPA funds and would like to see some guidance from CSS on how to approach. Mr. Healey would like approximately two thirds of ARPA funds used for projects already under consideration by Capital Planning and one third to be used for something(s) not under consideration. In his opinion, utilization of ARPA funds for capital projects already under consideration will, in fact, serve to blunt the impact of the tax rate change and upcoming budgeting challenges. He is in favor of a working group similar to Chairwoman Braccio's suggested makeup but would like the at-large members to not presently be a part of any town board or committee. Ms. Cook shared she would like to see some ARPA funds used as a one-time offset to the increase in tax rate. Ms. Thompson said it can be argued the change in tax rate is a result of the pandemic but that a plan must be in place to mitigate future increases. Mr. Pfaff suggested a member of EDC be in the working group, as the business community has been adversely impacted by the pandemic. Chairwoman Braccio said it is important to communicate to the public that the working group is interested in considering all potential project ideas. Mr. Dennington agreed that investment in capital projects serves to blunt the impact of the tax rate increase. Mr. Stivers voiced support for using some ARPA funds to offset the tax rate increase. He stated utilizing ARPA funds for both the offset and capital projects is a reasonable approach to dealing with the tax rate increase. A discussion followed about the level of Board involvement within the working group. Mr. Healey moved to establish a working group to offer recommendations on ARPA fund expenditures. The group will be comprised of the following: one member from the Board, one member from Advisory, 2 members from Capital Planning, one member from EDC and two members at-large. Ms. Malinowski moved to amend the original motion to change the working group composition to the following: 1 member from Advisory, 2 members from Capital Planning, one member from EDC and three members at-large. Mr. Stivers seconded the amended motion. The amended motion was voted all in favor (5-0-0) by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Mr. Healey, aye Ms. Braccio, aye. Mr. Purple will draft the charge for the working group and will present at the November 16, 2021 meeting for Board approval.

d. Trails Committee: Proposed change of committee structure/bylaw

Kathryn Craddock McKee - Trails Committee Chair. Ms. Craddock McKee presented The Trails Committee request to change the current membership structure by including associates members. Ms. Craddock McKee stated she believes having associate members on the Trails Committee will allow residents another avenue of participation on the Committee. Chairwoman Braccio stated that while she understands the value of the change, she is concerned it may be used to skirt Open Meeting Law requirements. Ms. Malinowski is concerned about the precedent it may set for other boards and committees in town. She is in favor of having alternates/associates only for permitting boards. Mr. Healey would be willing to give the Trails Committee the opportunity to bring on associate members and will vote yes in support. Mr. Stivers is in support of creating associate membership on the Trails Committee. He feels associate membership for committees and boards can be handled on a case by case basis. He pointed out that if the experience with associate membership is unsuccessful, the Board can reverse its decision. Mr. Dennington is in support of creating associate membership on the Committee. Mr. Purple will draft language for a new charge for the Trails Committee, which will include associate membership, and present at the November 16" 2021 Board meeting for Board discussion/approval.

e. Whitney Beals: Request to close a portion of Chestnut Hill Road

Mr. Beals presented his request to close part of Chestnut Hill Road, citing public safety concerns to residents and pedestrians. Chief Achilles stated that while he is in support of walkability, his primary responsibility is to ensure public safety. He is concerned whether fire apparatus can successfully turn around in the area. He would like to see improvements to Chestnut Hill Road. If the Board chooses to approve this request, a public safety plan would need to be in place and would involve other town departments. Mr. Healey is not in support of the road closure. It is a road that people use and closing it presents public safety challenges as outlined by Chief Achilles. Mr. Dugdale, a resident on Chestnut Hill Road, shared the signers of the request would be willing to look into Chief Achilles public safety concerns. Mr. Stivers stated he sees this as a public safety issue and is strongly supportive of the road closure, contingent upon repair of the Northborough Road culvert and resolution of public safety access issues. Mr. Dennington is in support of the idea to close a portion of Chestnut Hill Road. He sees this project as long-term and would like to see a comprehensive plan to address all concerns. Chairwoman Braccio asked for clarification regarding a Town Meeting vote to close the road. Mr. Purple said the process requires two steps. First the road will need to be abandoned and this can be done by the Board at a public hearing. Second, the road will need to be discontinued as a road and that requires Town Meeting approval. Ms. Malinowski asked who is going to pay for any costs associated with the road closure. If the town is responsible, she has concerns asking the taxpayers to cover the costs, given the challenging discussions earlier in the evening. She understands the safety concerns but feels there are other concerns to weigh. Chairwoman Braccio would like information from Town Counsel on whether the conservation restriction impacts the issues surrounding road closure. Mr. Tipton, a resident on Chestnut Hill Road, stated he has concerns for pedestrian usage on Chestnut Hill Road. Also, he is curious about the cost to improve the road and wondered how that relates to the costs to close the road. Finally, he asked that the town consider the complexity of maintaining this road. Ms. Braccio thanked everyone for their participation and said the discussion on this request will continue.

IV. Reports

a. Chairwoman's Report

i. Swap Shop update

Ms. Braccio shared she met with Ms. David, who is coordinating the volunteers. They discussed a long-term solution of moving the sheds to the front and having volunteers manage the shop, effectively outside the domain of the Transfer Station. Mr. Healey remarked he has noticed an uptick

in activity at the Transfer Station. Mr. Stivers said he observed a huge improvement and is supportive of finding a way to have the volunteers continue their good work. Ms. Braccio shared there are approximately 70 volunteers willing to participate in organizing and maintaining the Swap Shop.

ii. St. Mark's Street improvements/park

Ms. Braccio acknowledged the Board had received correspondence on this matter. She met with Town Counsel and provided the following update to the Board: 1) with regard to liability, a license agreement has been signed off on by Town Counsel and St. Mark's Counsel; 2) nothing has been provided to warrant the stoppage of contracted work being done; and 3) Town Counsel did not agree that the site plan required approval. Mr. Dennington asked for clarification on the final content of the park. His understanding is that has yet to be decided. He would like to get more input and see a slower, more thoughtful approach to deciding the final content of the park. Ms. Braccio will put this matter on the November 16, 2021 agenda.

b. Members' Reports

i. Fire Association Halloween Parade & Recreation Trunk or Treat

Ms. Malinowski thanked the Fire Association and Recreation for organizing the parade and first Trunk of Treat. It was held the weekend before Halloween, was extremely well attended and good feedback was received. Thank you to Tim Davis and Joe Durant from the Recreation Department and Chief Achilles for making the event a success.

ii. Final numbers on Mortgage & Rent Assistance Program

Ms. Malinowski shared this program was part of CARES and has ended. She reported eight families were assisted and $42,000 was spent. Ms. Malinowski expects this cost to be reimbursed as part of CARES.

c. Town Administrator Report

i. Meals tax update:

Mr. Purple reported Finance Director Mr. Ballantine spoke with the Division of Local Services and confirmed they are on schedule for January 1, 2022 implementation. DLS will be in touch with affected businesses.

ii. Bylaws approved by Attorney General from May 22, 2021 Annual Town Meeting:

Mr. Hegarty notified the Board that the Attorney General has approved the changes to the Town's bylaws as approved at the May 22, 2021 Annual Town Meeting.

iii. Quorum update:

Mr. Purple shared he conferred with Town Counsel per the Board's question regarding the Capital Committee. Counsel confirmed a quorum is a majority plus one. Mr. Purple inquired about ad hoc committees that have "up to" in their charge for a quorum. Counsel instructed that charges for such committees be created with a set number so as to avoid this issue.

iv. Rep. Dykema's securing funds for Southborough

Mr. Purple discussed an email received by the Board from Rep. Dykema. There is a House bill to use relief funds the state has received through ARPA and from the state's FY21 budget surplus. Rep. Dykema filed an amendment to the bill securing $100,000 for heating, ventilating and air conditioning upgrades to public buildings in Southborough. Presently the bill is working its way through the legislative process.

V. Consent Agenda

a. Approve Open Session Meeting Minutes; October 5, 2021, October 19, 2021

October 5 minutes - Ms. Malinowski, Mr. Stivers and Mr. Dennington asked to hold agenda item "a." Ms. Malinowski had the following changes: add "Mr. Healey moved to enter the Board into Executive Session. Mr. Stivers seconded the motion. The motion was approved unanimously (5-0-0) by roll call vote Ms. Malinowski, aye; Mr. Stivers, aye, Mr. Healey, aye; Mr. Dennington, aye; Ms. Braccio aye." Line 288- add "had" after Ms. Malinowski; Line 293-change residency to residential; Line 296 change residency to residential; Line 386-change 12/31/21 to 6/30/22; Mr. Stivers had the following changes: Line 213-reformat; Line 273-Hegary is misspelled; Line 293-change to residential use limitation; Line 296-change to residential use component; Line 419-change to Mr. Healey suggested. Mr. Dennington had the following changes: Line 64 – should read back in 2012; Line 332- should read Ms. Braccio sees these as guardrail issues.

October 19 minutes- Ms. Malinowski had the following changes: Section 6 p. 4, add minimum of EMTA. Mr. Stivers had the following change: Section 3B, aqueduct is misspelled. Mr. Dennington had the following change: section regarding Mr. McAvoy and width of trail should delete period and "add that no wetlands." Mr. Healey had the following change: Feodoroff is misspelled.

Mr. Stivers moved to approve the Open Meeting minutes of October 5th and October 19th, as amended. Mr. Healey seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote Mr. Dennington, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Malinowski, aye; Ms. Braccio, aye.

b. Appointment of Southborough Public Accessibility Committee

Ms. Malinowski asked to hold agenda item "b." Ms. Malinowski asked if all members of the Ad Hoc Committee wish to continue on the permanent committee. Mr. Purple said four out of the five wish to serve on the newly created committee. There is one vacancy. Mr. Stivers moved to first dissolve the existing ADA committee and second to appoint the new members to the proposed new Accessibility Committee. Mr. Healey seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote: Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Ms. Braccio, aye.

c. Award bid for Kallander Field project

Ms. Malinowski asked to hold agenda item "c." Ms. Malinowski noted the bid came in at $78,000 while $238,000 had been approved at Town Meeting. She asked if this is a phased project. Mr. Davis said this represents the full bid. Ms. Malinowski asked about timing. Mr. Davis said they will move forward after tonight's approval. Ms. Malinowski moved to award the bid for Kallander Field project. Mr. Healey seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote Mr. Dennington, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Malinowski, aye; Ms. Braccio, aye.

d. Appoint Tony Schoener to the Capital Planning Committee, term to expire June 30, 2022

e. Approve useful life of fire apparatus or bonding purposes

Ms. Malinowski asked to hold agenda item "e." Ms. Malinowski recused herself from this agenda item. Mr. Healey recused himself from this agenda item. Mr. Stivers moved to approve useful life of fire apparatus for bonding purposes. Mr. Dennington seconded the motion. The motion was approved (3-0-2) by roll call vote Mr. Dennington, aye; Mr. Stivers, aye; Ms. Braccio, aye.

f. Assign Open Meeting Law complaints of 10/29/21 from Attorney Ginny Kremer to Town Counsel for response

Mr. Stivers moved to accept Consent Agenda items d and f. Ms. Malinowski seconded the motion. Mr. Purple interjected to say the Board could only assign the complaint dealing with the Board of Selectmen. EDC will have to assign its complaint for response at their next meeting. Ms. Braccio amended the motion to read approval of Consent Agenda item d and f. Assign Open Meeting Law complaint of 10/29/21 from Atty. Ginny Kremer to Town Counsel for response. Mr. Stivers seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Malinowski, aye; Ms. Braccio, aye.

Vi. Other Matters Properly Before the Board

a. Review of proposed Tree policy

Mr. Stivers updated the Board as to progress on the creation of a tree policy. There are two parts to address. First, trees on non-scenic roads: DPW is looking to create an inventory of trees for removal as time and budget permit. There are 200 in question. DPW wants to be able to place a tree in the inventory without a hearing. Planning wants a hearing on all trees in inventory. Second: trees on scenic roads. DPW is comfortable with holding joint hearings to determine the status of a tree. Presently, Planning says DPW is responsible for holding hearings. Planning believes responsibility for the hearings will increase their budget and workload. Mr. Stivers stated his goal is to increase public participation in this process and public sentiment seems to be favorable to tree conservation. Ms. Luttrell stated the 200 trees are on 6 roads. She reminded the Board the town must comply with Chapter 87 which requires hearings on all trees owned by the public.

b. Recap from November 1, 2021 Special Town Meeting

Ms. Braccio offered a big thank you to the Clerk's office for a successful Special Town Meeting. Ms. Braccio appreciated the number of people who had never been to a Town Meeting and sees these residents as potential future members on town boards and committees. Mr. Stivers was impressed by the number of commenters who had never attended a Town Meeting. Mr. Dennington thought Town Meeting was excellent. He observed a more streamlined approach to the meeting and less ceremony than previous Town Meetings. Mr. Healey thought the evening was a good night for Southborough and is excited about the opportunity presented by passage of the Downtown District bylaw. He thanked the EDC for their hard work over several years to bring change to the community.

VII. Public Comment

There was no public comment.

VIII. Executive Session

On a motion made by Ms. Malinowski, seconded by Mr. Healey and voted all in favor by roll call vote, the Board entered into Executive Session at 10:44 P.M. Roll call: Mr. Dennington, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Malinowski, aye; Ms. Braccio, aye. The Board entered into Executive Session per M.G.L. Chapter 30A, Section 21, and did not return to Open Session, for the following reasons: (1) to discuss the deployment of security personnel, devices or strategies (Exemption 4); (2) to discuss contract negotiations for the Fire Chief (Exemption 2).

IX. Adjournment

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, November 3, 2021, 6:30 P.M.
Location: Via Zoom
Present: Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

I. Call Meeting to Order

Chairwoman Braccio called the meeting to order at 6:32PM.

II. Public Comment

Mr. Hegarty, Town Clerk. Mr. Hegarty commented on the proposed bylaw to Trails Committee membership. Mr. Hegarty asked the Board not to accept the Trails Committee's recommendation to create associate membership positions. The proposed bylaw states associate members have all the rights and responsibilities of members but do not vote. He is concerned about public accountability for the actions of associate members. His view is if an individual participates in a decision making process of a committee, s/he should be held accountable for their decisions on the committee as expressed through their vote. Changing topics, Ms. Braccio thanked Mr. Hegarty for a successful Town Meeting on November 1, 2021.

Ms. Hanlon-Shimkus. Ms. Hanlon-Shimkus is in support of the proposed tree policy. She also saw pink notices on trees in town and was curious as to why the trees are coming down. She was especially upset to see the razing of trees behind the Library and noted a parcel in the area is designated as Nipmuc burial grounds. Ms. Hanlon-Shimkus doesn't recall discussion of the removal of these trees as part of a public process. She suggested that if a proposed park/roadway/parking lot is to replace the trees, the matter should come before the Planning Board as part of a public process.

III. Scheduled Appointments *(Board may vote)*

Ms. Cook, Mr. Pfaff and Ms. Jones from Advisory joined the Board for discussions of items a, b and c. Next, Officer Julie Fontana was introduced to the Board. Officer Fontana is Southborough's newest police officer and first female officer under Chief Paulhus. Members of the Board and Advisory welcomed her and shared they look forward to working with her.

a. Discussion of staffing shortages – Public Safety

Chief Paulhus asked the Board to immediately hire a full-time dispatch position, increasing the number from four to five. He shared the dispatch operation is running at a bare minimum and he is concerned that with any emergency situation (a resignation, COVID outbreak, etc.), dispatch may experience an interruption in service. Ms. Malinowski asked if Chief Paulhus has room presently in the FY22 budget to cover the proposed position. Chief Paulhus responded he does not. Ms. Malinowski stated that while she understands the need for the position, she is unclear as to what the funding mechanism will be. Further, should the position be funded and approved, she is in support of a temporary resolution to the dispatch issue, as she believes the position must be approved by Town Meeting. Ms. Malinowski noted that if the position is added in FY22, it will appear as an

existing position in the FY23 budget. Mr. Healey stated he is not prepared to support Chief Paulhus's proposal at this time. He would like to see the following information: coverage structure with four dispatchers, coverage structure with five dispatchers and, if the proposal is not approved, what steps would be taken to mitigate staffing challenges. He commented Southborough is participating in discussions around regional dispatch and he would like to see efforts to bridge current needs until we understand if regional dispatch makes sense for the community. Mr. Stivers asked for clarification about the financial impact to FY22. Chief Paulhus said approximately $40,000 (Dec. 1, 2021-June 30, 2022). Mr. Stivers stated that fewer than five dispatchers results in inadequate coverage. He is not prepared to say no to the proposal but is also concerned about spending an additional $40,000 in FY22. Mr. Dennington asked Chief Paulhus to provide information regarding the total amount of savings in overtime as a result of adding the fifth full-time dispatcher. He also asked Chief Paulhus to revisit the current budget to see if there are any funds that may be redirected to cover the cost of adding the fifth position. Ms. Braccio sought clarification on overtime spent thus far in FY22. Ms. Cook's comments focused on where funds may be found in FY22, should the Board move forward with the proposal. Since the police budget contains the dispatch cost for both police and fire, Ms. Cook asked both Chief Paulhus and Chief Achilles to examine their current budgets for any potential savings. Ms. Cook also suggested the Harvard funds for public safety (approximately $25,000) as a potential funding source for the position. Chief Achilles shared he is in support of the proposal as a solution to the current staffing challenges. He also committed to revisiting his budget to look for potential savings to fund the position. Mr. Pfaff asked Chief Paulhus if he would still need part-time staff if the fifth position is added. Chief Paulhus replied yes. Ms. Jones inquired as to whether hiring more part-time staff is a potential solution to the staffing issue. Chairwoman Braccio thanked Chief Paulhus for bringing this issue to the Board's attention and said it will be discussed at a future meeting.

b. Paul Cibelli, Principal Assessor – Timeline/Process/Trends of residential/commercial value shift on tax rate

Mr. Cibelli shared a presentation that detailed the process and timeline that is used in determining the yearly tax rate. He explained that when residential values are significantly increasing and CIP (commercial, industrial and personal property) are flat or decreasing, as occurred last year, the result is to shift additional tax burden to the residential sector. In FY22, that scenario played out and the result was a tax bill higher than projected at Annual Town Meeting. He also shared the information needed to set the tax rate is not available until September/October of each year, so figures used at Town Meeting to determine the tax rate are projections. As detailed in the process, this year's tax rate will be set with 2020 residential values. Next year's tax rate will be set using 2021 residential values so he expects to see another significant shift based on current activity in the residential sector. Ms. Cook asked Mr. Cibelli if he could have projections available in February for budgeting purposes. Mr. Cibelli said he would provide a number of scenarios for purposes of accuracy of the projections. Mr. Pfaff asked if there are any resources available to communities dealing with the challenges of tax rates relative to budget impacts, given the current climate. Mr. Healey said the presentation was informative and sobering. Mr. Stivers said staying on top of the process and good communication between all parties will ensure the best information for accurate budgeting. Mr. Dennington inquired about the impact of abatements on rate setting process. Mr. Cibelli replied abatements occur in the January/early February timeframe and can slow down the rate setting process. He has not experienced a slowdown in process due to abatements. Chairwoman Braccio thanked Mr. Cibelli for an informative presentation and said the information will be helpful with the budget challenges that lie ahead.

c. Outlook for FY22 and forward, potential usage of ARPA funds

Jennifer Thompson from Capital Strategic Solutions shared her presentation with the Board and Advisory regarding the American Rescue Plan Act of 2021 (ARPA) and Southborough's potential use of expected ARPA funds. Due to the pandemic, Southborough's revenue loss is approximately $6.3 million dollars. Southborough is expected to receive approximately $3 million dollars in ARPA funds and the Board is charged with deciding how to utilize the funds. Ms. Thompson discussed three models of decision making for the Board to consider. Chairwoman Braccio said she likes the idea of a working group comprised of the Board, Advisory, Capital Planning and at-large members of the public. She views public participation in this process as essential, as ARPA funds are public monies. Mr. Stivers supports a working group with public input, favoring flexibility in the use of funds. He would like to see the group set short-term and long-term goals in moving forward. He also suggested it may be helpful to observe how other cities and towns are spending funds so Southborough considers all potential uses. Mr. Dennington sought clarification on the categories of use of ARPA funds. Ms. Thompson said the decrease in revenue due to the pandemic allows ARPA funds to be used for items normally funded through general revenue, thus creating greater flexibility in use. Ms. Thompson reminded the group the funds are for a one-time use only and are not available in following years so that should be considered in project selection. Mr. Dennington shared he would support ARPA funds utilized for the greatest impact, with larger dollars spent on fewer projects rather than smaller dollars spent on a larger number of projects. Ms. Thompson shared how ARPA monies are spent depends on each town and its needs. Ms. Malinowski would like to see a survey of public thought on the use of ARPA funds and would like to see some guidance from CSS on how to approach. Mr. Healey would like approximately two thirds of ARPA funds used for projects already under consideration by Capital Planning and one third to be used for something(s) not under consideration. In his opinion, utilization of ARPA funds for capital projects already under consideration will, in fact, serve to blunt the impact of the tax rate change and upcoming budgeting challenges. He is in favor of a working group similar to Chairwoman Braccio's suggested makeup but would like the at-large members to not presently be a part of any town board or committee. Ms. Cook shared she would like to see some ARPA funds used as a one-time offset to the increase in tax rate. Ms. Thompson said it can be argued the change in tax rate is a result of the pandemic but that a plan must be in place to mitigate future increases. Mr. Pfaff suggested a member of EDC be in the working group, as the business community has been adversely impacted by the pandemic. Chairwoman Braccio said it is important to communicate to the public that the working group is interested in considering all potential project ideas. Mr. Dennington agreed that investment in capital projects serves to blunt the impact of the tax rate increase. Mr. Stivers voiced support for using some ARPA funds to offset the tax rate increase. He stated utilizing ARPA funds for both the offset and capital projects is a reasonable approach to dealing with the tax rate increase. A discussion followed about the level of Board involvement within the working group. Mr. Healey moved to establish a working group to offer recommendations on ARPA fund expenditures. The group will be comprised of the following: one member from the Board, one member from Advisory, 2 members from Capital Planning, one member from EDC and two members at-large. Ms. Malinowski moved to amend the original motion to change the working group composition to the following: 1 member from Advisory, 2 members from Capital Planning, one member from EDC and three members at-large. Mr. Stivers seconded the amended motion. The amended motion was voted all in favor (5-0-0) by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Mr. Healey, aye Ms. Braccio, aye. Mr. Purple will draft the charge for the working group and will present at the November 16, 2021 meeting for Board approval.

d. Trails Committee: Proposed change of committee structure/bylaw

Kathryn Craddock McKee - Trails Committee Chair. Ms. Craddock McKee presented The Trails Committee request to change the current membership structure by including associates members. Ms. Craddock McKee stated she believes having associate members on the Trails Committee will allow residents another avenue of participation on the Committee. Chairwoman Braccio stated that while she understands the value of the change, she is concerned it may be used to skirt Open Meeting Law requirements. Ms. Malinowski is concerned about the precedent it may set for other boards and committees in town. She is in favor of having alternates/associates only for permitting boards. Mr. Healey would be willing to give the Trails Committee the opportunity to bring on associate members and will vote yes in support. Mr. Stivers is in support of creating associate membership on the Trails Committee. He feels associate membership for committees and boards can be handled on a case by case basis. He pointed out that if the experience with associate membership is unsuccessful, the Board can reverse its decision. Mr. Dennington is in support of creating associate membership on the Committee. Mr. Purple will draft language for a new charge for the Trails Committee, which will include associate membership, and present at the November 16" 2021 Board meeting for Board discussion/approval.

e. Whitney Beals: Request to close a portion of Chestnut Hill Road

Mr. Beals presented his request to close part of Chestnut Hill Road, citing public safety concerns to residents and pedestrians. Chief Achilles stated that while he is in support of walkability, his primary responsibility is to ensure public safety. He is concerned whether fire apparatus can successfully turn around in the area. He would like to see improvements to Chestnut Hill Road. If the Board chooses to approve this request, a public safety plan would need to be in place and would involve other town departments. Mr. Healey is not in support of the road closure. It is a road that people use and closing it presents public safety challenges as outlined by Chief Achilles. Mr. Dugdale, a resident on Chestnut Hill Road, shared the signers of the request would be willing to look into Chief Achilles public safety concerns. Mr. Stivers stated he sees this as a public safety issue and is strongly supportive of the road closure, contingent upon repair of the Northborough Road culvert and resolution of public safety access issues. Mr. Dennington is in support of the idea to close a portion of Chestnut Hill Road. He sees this project as long-term and would like to see a comprehensive plan to address all concerns. Chairwoman Braccio asked for clarification regarding a Town Meeting vote to close the road. Mr. Purple said the process requires two steps. First the road will need to be abandoned and this can be done by the Board at a public hearing. Second, the road will need to be discontinued as a road and that requires Town Meeting approval. Ms. Malinowski asked who is going to pay for any costs associated with the road closure. If the town is responsible, she has concerns asking the taxpayers to cover the costs, given the challenging discussions earlier in the evening. She understands the safety concerns but feels there are other concerns to weigh. Chairwoman Braccio would like information from Town Counsel on whether the conservation restriction impacts the issues surrounding road closure. Mr. Tipton, a resident on Chestnut Hill Road, stated he has concerns for pedestrian usage on Chestnut Hill Road. Also, he is curious about the cost to improve the road and wondered how that relates to the costs to close the road. Finally, he asked that the town consider the complexity of maintaining this road. Ms. Braccio thanked everyone for their participation and said the discussion on this request will continue.

IV. Reports

a. Chairwoman's Report

i. Swap Shop update

Ms. Braccio shared she met with Ms. David, who is coordinating the volunteers. They discussed a long-term solution of moving the sheds to the front and having volunteers manage the shop, effectively outside the domain of the Transfer Station. Mr. Healey remarked he has noticed an uptick

in activity at the Transfer Station. Mr. Stivers said he observed a huge improvement and is supportive of finding a way to have the volunteers continue their good work. Ms. Braccio shared there are approximately 70 volunteers willing to participate in organizing and maintaining the Swap Shop.

ii. St. Mark's Street improvements/park

Ms. Braccio acknowledged the Board had received correspondence on this matter. She met with Town Counsel and provided the following update to the Board: 1) with regard to liability, a license agreement has been signed by Town Counsel and St. Mark's Counsel; 2) nothing has been provided to warrant the stoppage of contracted work being done; and 3) Town Counsel did not agree that the site plan required approval. Mr. Dennington asked for clarification on the final content of the park. His understanding is that has yet to be decided. He would like to get more input and see a slower, more thoughtful approach to deciding the final content of the park. Ms. Braccio will put this matter on the November 16, 2021 agenda.

b. Members' Reports

i. Fire Association Halloween Parade & Recreation Trunk or Treat

Ms. Malinowski thanked the Fire Association and Recreation for organizing the parade and first Trunk of Treat. It was held the weekend before Halloween, was extremely well attended and good feedback was received. Thank you to Tim Davis and Joe Durant from the Recreation Department and Chief Achilles for making the event a success.

ii. Final numbers on Mortgage & Rent Assistance Program

Ms. Malinowski shared this program was part of CARES and has ended. She reported eight families were assisted and $42,000 was spent. Ms. Malinowski expects this cost to be reimbursed as part of CARES.

c. Town Administrator Report

i. Meals tax update:

Mr. Purple reported Finance Director Mr. Ballantine spoke with the Division of Local Services and confirmed they are on schedule for January 1, 2022 implementation. DLS will be in touch with affected businesses.

ii. Bylaws approved by Attorney General from May 22, 2021 Annual Town Meeting:

Mr. Hegarty notified the Board that the Attorney General has approved the changes to the Town's bylaws as approved at the May 22, 2021 Annual Town Meeting.

iii. Quorum update:

Mr. Purple shared he conferred with Town Counsel per the Board's question regarding the Capital Committee. Counsel confirmed a quorum is a majority plus one. Mr. Purple inquired about ad hoc committees that have "up to" in their charge for a quorum. Counsel instructed that charges for such committees be created with a set number so as to avoid this issue.

iv. Rep. Dykema's securing funds for Southborough

Mr. Purple discussed an email received by the Board from Rep. Dykema. There is a House bill to use relief funds the state has received through ARPA and from the state's FY21 budget surplus. Rep. Dykema filed an amendment to the bill securing $100,000 for heating, ventilating and air conditioning upgrades to public buildings in Southborough. Presently the bill is working its way through the legislative process.

V. Consent Agenda

a. Approve Open Session Meeting Minutes; October 5, 2021, October 19, 2021

October 5 minutes - Ms. Malinowski, Mr. Stivers and Mr. Dennington asked to hold agenda item "a." Ms. Malinowski had the following changes: add "Mr. Healey moved to enter the Board into Executive Session. Mr. Stivers seconded the motion. The motion was approved unanimously (5-0-0) by roll call vote Ms. Malinowski, aye; Mr. Stivers, aye, Mr. Healey, aye; Mr. Dennington, aye; Ms. Braccio aye." Line 288- add "had" after Ms. Malinowski; Line 293-change residency to residential; Line 296 change residency to residential; Line 386-change 12/31/21 to 6/30/22; Mr. Stivers had the following changes: Line 213-reformat; Line 273-Hegary is misspelled; Line 293-change to residential use limitation; Line 296-change to residential use component; Line 419-change to Mr. Healey suggested. Mr. Dennington had the following changes: Line 64 – should read back in 2012; Line 332- should read Ms. Braccio sees these as guardrail issues.

October 19 minutes- Ms. Malinowski had the following changes: Section 6 p. 4, add minimum of EMTA. Mr. Stivers had the following change: Section 3B, aqueduct is misspelled. Mr. Dennington had the following change: section regarding Mr. McAvoy and width of trail should delete period and "add that no wetlands." Mr. Healey had the following change: Feodoroff is misspelled.

Mr. Stivers moved to approve the Open Meeting minutes of October 5th and October 19th, as amended. Mr. Healey seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote Mr. Dennington, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Malinowski, aye; Ms. Braccio, aye.

b. Appointment of Southborough Public Accessibility Committee

Ms. Malinowski asked to hold agenda item "b." Ms. Malinowski asked if all members of the Ad Hoc Committee wish to continue on the permanent committee. Mr. Purple said four out of the five wish to serve on the newly created committee. There is one vacancy. Mr. Stivers moved to first dissolve the existing ADA committee and second to appoint the new members to the proposed new Accessibility Committee. Mr. Healey seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote: Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Ms. Braccio, aye.

c. Award bid for Kallander Field project

Ms. Malinowski asked to hold agenda item "c." Ms. Malinowski noted the bid came in at $78,000 while $238,000 had been approved at Town Meeting. She asked if this is a phased project. Mr. Davis said this represents the full bid. Ms. Malinowski asked about timing. Mr. Davis said they will move forward after tonight's approval. Ms. Malinowski moved to award the bid for Kallander Field project. Mr. Healey seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote Mr. Dennington, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Malinowski, aye; Ms. Braccio, aye.

d. Appoint Tony Schoener to the Capital Planning Committee, term to expire June 30, 2022

e. Approve useful life of fire apparatus or bonding purposes

Ms. Malinowski asked to hold agenda item "e." Ms. Malinowski recused herself from this agenda item. Mr. Healey recused himself from this agenda item. Mr. Stivers moved to approve useful life of fire apparatus for bonding purposes. Mr. Dennington seconded the motion. The motion was approved (3-0-2) by roll call vote Mr. Dennington, aye; Mr. Stivers, aye; Ms. Braccio, aye.

f. Assign Open Meeting Law complaints of 10/29/21 from Attorney Ginny Kremer to Town Counsel for response

Mr. Stivers moved to accept Consent Agenda items d and f. Ms. Malinowski seconded the motion. Mr. Purple interjected to say the Board could only assign the complaint dealing with the Board of Selectmen. EDC will have to assign its complaint for response at their next meeting. Ms. Braccio amended the motion to read approval of Consent Agenda item d and f. Assign Open Meeting Law complaint of 10/29/21 from Atty. Ginny Kremer to Town Counsel for response. Mr. Stivers seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Malinowski, aye; Ms. Braccio, aye.

Vi. Other Matters Properly Before the Board

a. Review of proposed Tree policy

Mr. Stivers updated the Board as to progress on the creation of a tree policy. There are two parts to address. First, trees on non-scenic roads: DPW is looking to create an inventory of trees for removal as time and budget permit. There are 200 in question. DPW wants to be able to place a tree in the inventory without a hearing. Planning wants a hearing on all trees in inventory. Second: trees on scenic roads. DPW is comfortable with holding joint hearings to determine the status of a tree. Presently, Planning says DPW is responsible for holding hearings. Planning believes responsibility for the hearings will increase their budget and workload. Mr. Stivers stated his goal is to increase public participation in this process and public sentiment seems to be favorable to tree conservation. Ms. Luttrell stated the 200 trees are on 6 roads. She reminded the Board the town must comply with Chapter 87 which requires hearings on all trees owned by the public.

b. Recap from November 1, 2021 Special Town Meeting

Ms. Braccio offered a big thank you to the Clerk's office for a successful Special Town Meeting. Ms. Braccio appreciated the number of people who had never been to a Town Meeting and sees these residents as potential future members on town boards and committees. Mr. Stivers was impressed by the number of commenters who had never attended a Town Meeting. Mr. Dennington thought Town Meeting was excellent. He observed a more streamlined approach to the meeting and less ceremony than previous Town Meetings. Mr. Healey thought the evening was a good night for Southborough and is excited about the opportunity presented by passage of the Downtown District bylaw. He thanked the EDC for their hard work over several years to bring change to the community.

VII. Public Comment

There was no public comment.

VIII. Executive Session

On a motion made by Ms. Malinowski, seconded by Mr. Healey and voted all in favor by roll call vote, the Board entered into Executive Session at 10:44 P.M. Roll call: Mr. Dennington, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Malinowski, aye; Ms. Braccio, aye. The Board entered into Executive Session per M.G.L. Chapter 30A, Section 21, and did not return to Open Session, for the following reasons: (1) to discuss the deployment of security personnel, devices or strategies (Exemption 4); (2) to discuss contract negotiations for the Fire Chief (Exemption 2).

IX. Adjournment

Upcoming Meetings

BOARD OF ASSESSORS
ASSESSMENT TIMELINE

Presented to Board of Selectmen

November 3, 2021

FY22 ASSESSMENT DEVELOPMENT TIMELINE

Key concepts to keep in mind

January 1

- FY22 assessment reflects the valuation of your property as of January 1, 2021

- Assessments are based on *calendar* year 2020 sales and market conditions

- "New Growth" for real estate is calculated through June 30th and is included in annual assessment if it existed as of January 1st

FY22 ASSESSMENT DEVELOPMENT TIMELINE

January

- Sales verification
- Personal property returns mailed
- Income/expense ("I&E") surveys mailed
- 3ABC forms mailed

February

- Statistical analysis on residential properties conducted

March

- Receiving returns of personal property, I&E's and 3ABC forms
- Review & analysis conducted

Annual Town Meeting

April

- Develop valuation model
- Work building permits for new growth

Second notice for I&E's mailed

May

All new construction inspected last week in June to determine % complete

July

- Proposed personal property values to Assessors for review and approval. Includes utility company appraisals
- Finalize real estate valuation model

Final LA-3 & LA-15 submitted to DOR

August

September

- After LA-3 & LA-15 approval, valuation review conducted
- Finance team begins work on recap
- LA-4 Assessment Classification & LA-13 New Growth submitted to DOR. Once approved, CIP is calculated

Home Address:	[redacted] southborough
Mailing Address:	[redacted] southborough
Phone Number(s):	[redacted]
Email Address:	[redacted]
Current Occupation/Employer:	Technology Advisor
Narrative:	I have a BS in Computer Science. I have considerable experience managing technology development organizations (personnel management, budget management, customer management). I also have significant experience working with non-profits; I am currently the chairperson of the board of trustees for the Rest Syndrome Research Trust, where I provide advice and guidance on numerous topics. I am currently transitioning out of working full time, and so have a fair amount of time available.
Board(s) / Committee(s):	___CAPITAL PLANNING COMMITTEE

Is the tree located on a previously inventoried street?
yes
Is the tree on a scenic road?
Yes
Is the tree recommended for removal?
Yes
Tree Warden sends recommendation for removal to Planning Board - Planning Board holds joint hearing noting Tree Warden recommendation
No
Tree Warden sends recommendation to Planning Board - Planning Board holds joint hearing noting Tree Warden recommendation
No
Is the tree recommended for removal
Yes
Tree is removed by Tree Removal Contractor when budget and priority allow
No
Tree Warden has hearing - or sends immediately to appeal to Selectmen
No
Is the tree on a scenic road
Yes
Is the tree obviously dead (no leaves in mid summer, blunt branches, obvious trunk rot etc.)
Yes
Tree Warden sends recommendation for removal to Planning Board - planning Board holds joint heraing notingTree Warden recommendation
No
Tree Warden has arborist report done
Tree Warden makes recommendation to Planning Board - Planning Board holds joint hearing noting Tree Warden recmmendation
No
Is the tree obviously dead (no leaves in mid summer, blunt branches, obvious trunk rot etc.)
Yes
Tree is removed by tree removal contractor when budget and priority allow
No
Tree Warden has arborist report done
Is removal recommended
Yes
Tree is removed by tree removal contractor (or resident when appropriate) as priority and budget allow
No
If tree removal is needed for road construction or by resident request, Tree Warden sends tree to immediate appeal with Selectmen

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, October 5, 2021; 7:01PM (reconvened after Executive Session)
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple, Assistant Town Administrator Vanessa Hale

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

At 6:00 p.m., the Board voted to enter Executive Session per M.G.L. Chapter 30A, Section 21, with the intent to return to Open Session, for the following items: (1) to discuss contract negotiations for the Town Administrator and the Fire Chief (Exemption 2) as the Chair has determined that an open meeting may have a detrimental effect on the Town's negotiating position; and (2) to review and approve the August 17, 2021 Executive Session minutes.

Chairwoman Braccio brought the meeting back into open session at 7:01 P.M. A public hearing is scheduled for 7:00PM. Public comment was rescheduled to after the public hearing.

I. Public Hearing

a. Southborough Board of Selectmen shall hold a virtual meeting to consider a request for permission by Mass Electric Company, National Grid and Verizon New England Incorporated to install a new pole, P11-5, to be located at 25 School Street. The meeting may be viewed by the public through a link located at http:\hpts\www.soughboroughtown.com\remotemeetings.

National Grid – Mr. Parent, Facilities Manager

National Grid seeks to install a pole to service a new dormitory for St. Mark's School. The closest pole on that side of the street is presently in use to service another building on the campus. There are no other poles on that side of the road so it is necessary to install a new pole to service the new dormitory. Mr. Healey asked if the road the proposed pole would be installed on is School Street. Mr. Parent confirmed it is. Mr. Parent informed the Board the proposed pole would be approximately 3-5 feet off the road, similar to other poles on that side of School Street. Mr. Stivers moved to close the public hearing. Ms. Malinowski seconded the motion. The motion passed unanimously (5-0-0) by roll call, Malinowski, aye; Healey, aye; Dennington, aye; Stivers, aye; Braccio, aye. Mr. Stivers moved to approve National Grid's petition to install Pole P11-5 at 25 School Street. Mr. Healey seconded the motion. Chairman Braccio suspended the motion to accommodate public comment on the matter. Mr. Healey moved to re-open the public hearing for the purpose of public comment. Mr. Stivers seconded the motion. The motion was voted all in favor by roll call vote. Roll call: Ms. Malinowski, aye; Mr. Dennington, aye; Mr. Healey, aye; Mr. Stivers, aye; Ms. Braccio, aye.

Chairwoman Braccio recognized Mr. Tim Litt. Mr. Litt requested that the pole be approved subject to not obstructing any present or potential future sidewalks. He is concerned that as the Town wants to move towards having complete streets and having sidewalks, that there are no obstacles in the way when there are improvements. Mr. Stivers asked Mr. Parent if there is enough room to consider Mr. Litt's concern. Mr. Parent said for any project that may come forward in the future, poles are moved

to accommodate sidewalks. For an existing pole line, National Grid may not be able to factor that in, other than following the normal procedure on placing the pole 3-5 feet from the road. Mr. Litt stated he is concerned that it is expensive to move poles and asked that thought be given to future sidewalks when installing poles. The public hearing was then closed.

Mr. Stivers moved to close the public hearing. Mr. Healey seconded the motion. The motion was voted all in favor by roll call vote. Roll call: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye. Mr. Stivers moved to approve the petition for the pole position with the request that if reasonably possible National Grid locate the pole in a position that would reasonably accommodate a sidewalk along the street. Mr. Healey seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote. Roll call: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

II. Public Comment

Ms. Braccio asked if anyone wanted to speak at the first Public Comment. No one stepped forward.

III. Scheduled Appointments *(Board may vote)*

b. Volunteer Interview: Neetu Sehgal, Scholarship Committee, expiring 6/30/2022.

Ms. Sehgal was born and raised in Southborough, educated in the Southborough school system and graduated from Algonquin Regional High School in 1998. She moved back to 2012 and desires to give back to her community. She recently ran into Officer Mattioli and recalled him advising her on a scholarship for community service while in high school. The board had no questions and thanked Ms. Sehgal for stepping forward. Mr. Stivers moved the board appoint Ms. Sehgal to the Scholarship Committee, expiring 6/30/2022. Ms. Malinowski seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote. Roll call: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

c. Cable Committee – Recommendation on renewal cable agreement for Comcast.

Ms. Malinowski recused herself from this matter. Mr. Barry Rubenstein from the Cable Committee provided a brief history on this matter. When Comcast built out its Framingham network, it allowed them to access a small number of subscribers in the Pine Hill area. They obtained a license from the Town of Southborough for Southborough residents. These residents have no connection to SAM and, in fact, receive Framingham Public Access. As part of the agreement, Comcast agreed to pay a percentage of gross revenues each year. The new agreement increases the license fee to 5%, which is commensurate with the Verizon and Charter contracts. These funds total approximately $2,300 per year. The agreement has been reviewed and approved by Town Counsel. Upon further review, Mr. Rubenstein would like to clear up some ambiguous language, which does not affect the material terms of the agreement. Mr. Rubenstein thanked Mr. Warren and Ms. Rule for their substantial efforts in this matter. Mr. Healey asked Mr. Rubenstein how many Southborough residents Comcast serves. Mr. Rubenstein replied there are 32 Comcast customers in Southborough. Mr. Stivers moved the Board renew the proposed cable agreement with Comcast dated 9/20/21-9/19/31 subject to final review by Town Counsel. Mr. Healey seconded the motion. Mr. Healey then amended the original motion to read: The Board renew the proposed cable agreement with Comcast dated 9/20/21-9/19/31 subject to final review by Town Counsel and there being no substantive changes to the proposed contract. Mr. Stivers moved the amended motion. Mr. Healey seconded the motion. The motion was voted in favor (4-0-0) by roll call vote. Roll call: Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

d. Update on Regional Dispatch discussions.

Ms. Braccio welcomed Chief Achilles and Chief Paulhus. Mr. Purple provided an update to the Board's previous instruction that the Town proceed forward in exploring the opportunity for regional emergency communications dispatch. Communities involved are Hopkinton, Hudson, Grafton, Marlborough, Southborough and Westborough. Discussions have been initiated by the Westborough Fire Chief with The Collins Center [a division of the University of Massachusetts Boston] and State 911. The Collins Center and State 911 have a standing agreement that State 911 will fund the Collins Center to conduct studies for regional dispatch. Present scope of the project is to study these communities and determine: 1) what is being done in each community and; 2) what might be done collaboratively in a regional center. The first meeting with all parties will be held on Thursday, October 13th, in Southborough at the Public Safety Facility. Mr. Purple commented there is a range of situations presently occurring in each community involved. Moving forward, his recommendation is to have a team of representatives from Southborough, which should include Chief Paulhus, Chief Achilles, Mr. Purple and one member of the Board. This team will assist the community in understanding the findings of the Collins Center for future decision-making. Chief Achilles supports the project and commented he feels fortunate we are able to get information that fosters an understanding of Best Practices, what is currently being done, where current service gaps are, strengths v. weaknesses of the current system and opportunities that may be available. Chief Paulhus commented he is excited about the opportunity of the study. Both he and Chief Achilles have great relationships with their counterparts in the other participating communities. He is concerned about how the study will be perceived by local dispatchers and officers that may be affected. He looks forward to the good information that will be received from the study. Ms. Malinowski commented the study is a great step forward and wondered whether the Collins Center is looking at what is best for Southborough or what is best for Southborough as it relates to the other participating communities. Chief Achilles said the study is looking at each town individually and each town collectively – where are they at locally and what, if any, is the advantage of collaboration. Mr. Purple asked for clarification from Ms. Malinowski. Was she asking if the study will consider all options, including reducing the number of participating communities based on collaborative advantage? Ms. Malinowski indicated that is her concern. Mr. Purple suggested her concern be addressed at the meeting on October 13th. Mr. Dennington had no questions but commented the information sent by the Collins Center referenced the communities of Hanover and Norwood instead of the communities in the proposed project. Mr. Purple suggested the Collins Center include the study of those communities to simply give an example of a similar study. Mr. Healey supports having a team of people from Southborough, including a member of the Board. His main concern is there are many variables among the communities, including number and size. It is important that our team report regularly on the progress of study. Mr. Stivers commented there will be challenges in comparing the communities. For example, utilization rates in Hopkinton are 1,600 calls/10,000 residents, while Marlborough has 4,000 calls/10,000 residents. He stated he is concerned about the issue of local impact/control and wants to make sure the costs of regionalization are equitable to all communities. Ms. Braccio stated she feels the opportunity to explore regionalization is one that cannot be passed up, especially in light of the fact there is no cost to the Town. Ms. Malinowski stepped forward as Board liaison on the Southborough regionalization team, which includes Chief Achilles, Chief Paulhus and Mr. Purple.

IV. Reports

a. Chairwoman's Report

i. Call with MassDOT on HCVE traffic study

Ms. Braccio updated the Board regarding the phone call, which also included Mr. Purple and Ms. Galligan. She shared the conversation was a very positive one. They discussed removing the truck exclusion from Main Street. Ms. Braccio said there is a process to remove a truck restriction similar to creating a truck exclusion. The Global study was also discussed, specifically addressing where trucks are coming from and what can be done in the short term. A possible solution might be to add more signage on Rt. 9. Mr. Purple shared the results of the study will be available sometime in Spring 2022. Mr. Healey sought clarification on the process of decision- making. Mr. Purple stated results of the study would be shared and the Board would vote on how to proceed. Mr. Stivers asked if the discussion included the suggestion to move the Crystal Pond intersection a few hundred feet to the east to facilitate U-turns. Ms. Braccio said it was not specifically addressed but can be in the future. She shared the Global study will identify where the truck traffic is coming from and potential solutions. Ms. Malinowski asked if specific signage was suggested for Rt. 9 restricting truck access to Flagg Road. Ms. Braccio said the DOT will approve a sign that directs trucks to use the 495 cloverleaf as a turnaround. She did not have the exact verbiage and no timeline was shared but she will revisit those issues. She reiterated this is a short-term solution until the results of the Global study are available and shared her appreciation of the State's willingness to problem-solve in the short term.

ii. Heritage Day

Ms. Braccio reminded the public Heritage Day will be held on Monday, October 11, 2021. The parade will be held at 10am. There will be booths and the Library Book Sale will be held from 10am-3pm.

b. Members' Reports

i.Trails Committee's recent public walking tour with DCR of the proposed Peninsula Trail:
Mr. Dennington noted the Trails Committee hosted a public walking tour on the 25th, immediately following the CERT lunch thanking first responders for their hard work during the pandemic. Approximately 30 people attended the tour. It was guided by a DCR ranger, who explained both the area and some of its historical features. The tour was very beneficial because it allowed those who attended the opportunity to see what the proposed Peninsula Trail would look like. The Trail is located at the intersection of Central Street and Route 30 and is a paved trail along the reservoir. The Trails Committee is working with DCR to create public access to the trail. We will be hearing more about the Peninsula Trail in the coming months.

Town Administrator Report

i. ALS fundraiser at Southborough Golf Club

Mr. Purple spoke about the ALS One Golf Event that will be held this weekend, October 9, 10, and 11, at the Southborough Golf Club. This has been an annual event for the past several years and recognizes town officials whom we have lost to ALS, including Mr. Shifrin and Mr. Wilson. Former Selectman Brian Shea coordinates this event, along with Bill Harrison from the Management Company and Jen DiMartino from ALS One. The Management Company will donate ½ of the proceeds from greens fees for the weekend to ALS One. ALS One will have a QR code in the clubhouse for donations. Additional voluntary donations can be made at any time during the event. Additional information will be available on all Town related social media outlets. Mr. Purple thanked Mr. Shea for his help in making this a successful event.

V. Consent Agenda

a. Mr. Stivers asked to hold agenda item "a." Mr. Stivers pointed out typos on lines 233, 251 and 347. Mr. Stivers moved to approve the Open Session minutes; August 17, 2021 as amended.

Mr. Healey seconded the motion. The motion passed (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

b. Mr. Stivers moved to accept the $100 donation for the Fire Department Ambulance Fund. Mr. Healey seconded the motion. The motion passed all in favor (5-0-0) by roll call vote: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

c. Mr. Dennington asked to hold agenda item "c." Mr. Dennington noticed a discrepancy in the memo regarding closing the Warrant for Annual Town Meeting. Mr. Dennington suggests the dates be consistent and should be December 21st. Mr. Dennington also asked about the decision not to continue with Clear Gov. Mr. Purple shared Clear Gov was part of a Community Compact initiative so there was no cost to implement. The platform offered transparency but didn't improve functionality. Mr. Purple has asked Mr. Ballantine, Finance Director to look into other potential financial tools for possible future use but for the FY 2023 budget cycle, we will be using Excel. Mr. Purple suggested this item be part of the Q1 report. Ms. Braccio will add to the upcoming Q1 report. Mr. Stivers moved to Approve FY23 Budget/Town Meeting Schedule, as amended. Mr. Dennington seconded the motion. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

d. Mr. Stivers asked to hold agenda item "d." Mr. Stivers asked about the status of this item. Mr. Purple is seeking recommendations for attorneys specializing in tax and title law and has not received a formal recommendation at this time. He will have it for the October 19th meeting. This item will be held until then by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

e. Ms. Braccio asked to hold agenda item "e." Ms. Braccio thanked Mr. Pfaff for all of his time and dedication on the Capital Planning Committee and thanked him for his service. Mr. Stivers moved to accept the resignation from Andrew Pfaff from the Capital Planning Committee, effective 9/30/21. Mr. Healey seconded the motion. The motion passed all in favor (5-0-0) by roll call vote: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

Mr. Healey asked to hold agenda item "f." Mr. Healey shared Ms. Malinowski and Ms. Braccio, on behalf of the Board, engaged in discussions and negotiations with Mr. Purple regarding a successor three-year contract for the position of Town Administrator. Ms. Malinowski and Ms. Braccio shared the results of those negotiations as well as the proposed contract. The contract is being reviewed by Town Counsel. Upon the Board's vote and execution, the contract will become public record. Mr. Healey moved the Board approve a three-year successor contract for Mark Purple as Town Administrator, subject to review by the Town's Labor Counsel. The contract may have substantive or ministerial changes. If changes are ministerial, the contract is approved as of this vote. If there are any substantive changes, we will revisit at our October 19th meeting. The exact term of the contract will be from October 1, 2021 and run for 2.85 years to be in line with other town contracts to expire on June 30th. The motion passed (4-1-0) by roll call vote: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, nay; Braccio, aye. Mr. Purple confirmed once the contract is signed, it will be posted on the Town's website.

VI. Other Matters Properly Before the Board (*Board may vote)*

a. Approve four (4) 1-day Alcohol License applications for Chestnut Hill Farm "Fall Fun on the Farm" events: October 10, October 17, October 24, October 31.

D.A. Hayden and Rob Warren from the Trustees of Reservations also joined the meeting. Mr. Healey believes this is not an educational event. The terms of the conservation restriction and management plan are for educational events and he felt this is a moneymaking event. He recommends the Conservation Commission be a part of the determination of what is educational. An alcohol license tied to an educational event for children is not something he supports. Ms. Hayden responded she

does believe these are educational events. Mr. Warren stated their goal is to engage the community with the farm. He asked that in the spirit of New England farm harvest festivals, the Board approve the licenses. Ms. Hayden also added in speaking with attendees of similar events, both adults and children are engaged and learning. Having experiential events encourages connection and volunteerism with the Trustees. These events allow the public to learn about the importance of keeping spaces open. Mr. Healey stated he was a part of the process to get the conservation restrictions in place and the idea that it is being used for a commercial event wasn't part of the intent. Ms. Malinowski stated serving alcohol at a children's 90 minute event is not a necessity. She is not comfortable agreeing to an alcohol license for this type of event with the conservation restriction. Mr. Stivers commented he believes it is possible to attract the public without serving alcohol. He is prepared to support the licenses this time with the understanding that clarification about what constitutes an education event will be addressed. Mr. Dennington is prepared to support the application. He does not believe the event is inconsistent with the purpose of the conservation restriction. Ms. Braccio stated she isn't comfortable with where this fits into the conservation restriction. Mr. Healey moved to approve four (4) 1-day Alcohol License applications for Chestnut Hill Farm "Fall Fun on the Farm" events: October 10, October 17, October 24, October 31. Mr. Stivers seconded the motion. Roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Mr. Healey, no; Ms. Malinowski, no; Ms. Braccio, no. The motion failed (2-3-0).

The board took a recess at 8:24pm and reconvened at 8:29pm.

b. November 1, 2021 Special Town Meeting

i. Meeting logistics – update

Town Clerk Jim Hegarty told the Board the Special Town Meeting will be held in the Trottier School gymnasium. The meeting will be in full compliance with the Board of Health directive of 6ft separation vertically and horizontally. There will be two air movers to increase the flow and masks will be mandatory. The gymnasium can accommodate 141 people. Overflow will be directed to the auditorium, which can accommodate another 100 people. He is working with the Board of Health and SEMA to provide a COVID rapid test in the parking lot prior to entering the gymnasium or auditorium. Specifics on this to follow. In terms of publicizing, there will be banners displayed in town and postcards are due to arrive to residents by 10/23 that will display a QR code linked to the Warrant. He is also working with the schools to provide notifications through electronic backpacks. Those in the auditorium will have the same ability to participate as those in the gymnasium. Ms. Braccio asked if there will be a video feed in the auditorium. Mr. Hegarty said no. The Moderator will have a camera to see if anyone at any microphone is wishing to speak. Mr. Healey asked what happens in the event 200 people show up. Mr. Hegarty said he is working on the plan should that occur. Mr. Dennington asked if speakers were required to wear a mask at the microphone and was told yes. Ms. Malinowski asked for confirmation there will be no video feed for presentations in either the gymnasium or the auditorium. Mr. Hearty confirmed there will be no video feed for presentations in either the gymnasium or the auditorium. He felt the cost to provide video feed is expensive and is not an appropriate use of public funds and stated providing video is not a requirement for Town Meeting. He also stated the size of the screen doesn't allow everyone in the room to fully view the screen (i.e. those in front have a better view than those in the back). Ms. Malinowski remarked she is concerned about the potential map change in the Downtown District by-law and whether that can be adequately conveyed without video capability. She said video capability would be a useful visual tool in the discussion. Mr. Hegarty said there will be handouts for attendees to view the map change. However, it was decided not to pursue screens because it reduces the number of seats available for attendees due to COVID restrictions. Mr. Purple had a walk-through

with Mr. Hegarty and Town Moderator Cimino and believes the stage is set to accomplish the Town's business while respecting the health and safety of all involved. Ms. Braccio thanked Mr. Hegarty for his efforts in creating a safe event.

ii. Downtown District bylaw

Ms. Braccio stated this matter is a continuation from the Board's last meeting. Ms. Malinowski asked a specific question and the EDC was invited to come to this meeting to address her concern. We will not be addressing issues that have already been addressed. Mr. Anderson, Chair, called the EDC meeting to order at 8:45pm and called a roll call attendance. Ms. Malinowski said she watched the EDC meeting and was pleased to see the EDC take a position. In the motion, EDC wanted to take out 40% as the residency requirement. In a previous draft, Ms. Malinowski noted the number was 10% and EDC had suggested striking that number. Ms. Malinowski is seeking clarification as to whether the EDC wants the number out completely or are they suggesting a different percentage as replacement for a residency component. Ms. Connelly said 10% was intended as part of the discussion of any 1st floor mixed use building. The EDC wanted to ensure there was some mixed-use space on the 1st floor but ultimately, took the number out because it was causing confusion. The EDC is committed to ensuring all street facing 1st floor units are commercial because that's the purpose of mixed-use space the EDC is trying to encourage. This has nothing to do with the total percentage of residential units in the entire building. The language that "not more than 40% of the entire building could be residential" is a new concept that had not been discussed prior to the Planning Board meeting a few weeks ago. Ms. Connolly stated that the EDC came to the Planning Board with a simple ask more than 2 years ago – please add by-right mixed-use to have residential space over commercial space because this was contemplated in the 2008 Master Plan. It was also a primary recommendation of the ULI study. Finally, it has been supported by other research done by the Town over the past decade. In Ms. Connolly's opinion, the concept of having a percentage as a cap on residential space undermines the goal of creating mixed-use space. The current code allows for up to a 3 story building. If you put in a 2 story building with commercial space on the bottom and residential space on top, that is more than 40% (the top floor is ½ or 50% of the building) and it wouldn't be permitted. Having a percentage defeats the reason the EDC has been trying to move forward. Ms. Connolly asked for clarification about where the concern has come from, what is the benefit of having a number in the by-law and what should the number be. Ms. Braccio asked the EDC what number they are looking for. She stated currently there is no mixed use and no by-right. Not finding consensus at the Board level to take to Town Meeting only creates the opportunity to wait three more years before we can move forward with this initiative. Ms. Luttrell from the Planning Board was present. She stated the minimum requirement of 10% commercial would allow a building to be 90% residential which may be easier to develop. The reason for mixed use was to bring small scale commercial development to the downtown. Heavy emphasis on residential development won't encourage small commercial development. A maximum of 10 % commercial development meets the by-right requirement of the by-law so you would have 10% commercial and 90% residential. In other towns, this has been an issue. Mr. Healey commented he thinks it is important to have this item on the Warrant at the Special Town Meeting and let it play out there given there is no consensus on the Board to change the recommendation from the Planning Board. He called the Board's attention to a recent publication of research from the Boston Foundation. In it, the research suggests explanations similar to the ones given by the Planning Board are routinely used by suburban planning boards to keep out downtown residential development. Limiting residential development limits Southborough's commitment to diversity, inclusion and equity in housing – something Southborough residents have said they want. Mr. Healey encourages the EDC to make clear the changes by the Planning Board are contrary to the goals the EDC are advancing. Ms. Braccio commented that we

need to look at downtown development from a historical perspective and from a parking perspective. Ms. Braccio calls these issues guardrail issues. Mr. Anderson remarked that the graphic shown by Ms. Braccio indicates that nothing has been built in the downtown area since 1978. Mr. Wood from EDC pointed out that the 10% number was a typo on the first floor. The original language was "up to 10%" and it was used to meet an ADA requirement. 10% commercial and 90% residential was never the EDC goal or intent. Ms. Connolly commented that the EDC wants to compromise. 40% doesn't make sense for mixed use. She feels it is important to understand why mixed use is important. It is the modern economic model of development today. It is the model for the future and it is sustainable. She has spent time dealing with historical considerations and she is surprised that there is pushback on the residential component. When she began this process it was with the understanding that diversity in housing is a common goal. Mixed use is a part of moving Southborough into the future. Ms. Luttrell clarified 10% minimum requirement for non-residential use is part of the mixed use definition. It is not a typo. It was stated as such through version 9. The Planning Board changed it. Ms. Malinowski asked for confirmation that the EDC does not want a percentage to define the maximum amount of residential units for mixed use. Ms. Connolly replied that is the EDC's preference. Mr. Stivers stated he believes it is important to get this matter to Town Meeting for the citizens to decide. In terms of the by-law, he believes there is some sort of structure that is needed but it can be modified in the future, as needed. Mr. Stivers is in favor of relaxing constraints on residential use, in favor of bumping up the FAR number and is in favor of adding to the number of units permitted. The key goal is to increase investment in downtown and keep moving this issue forward. Ms. Braccio said the Planning Board has left public hearings on this matter open until October 18th. Ms. Malinowski is in favor of bringing the article forward as written. She is in favor of keeping the number of units at 3, as increasing to 4 units would trigger affordable housing, which would increase the workload for the building inspector. Mr. Dennington supports a by-law that has a realistic chance of passing at Town Meeting. He supports the by-law as written. He is in favor of small scale mixed use. This can be accomplished with some mixed use by-right and special permits. He would like to see the Planning Board and EDC keep discussion open to resolve the outstanding issues. He believes we are closer than ever to realizing substantial change. He stated Chairwoman Braccio has done an incredible job in managing many disparate views on this matter into a by-law that has the potential for real change and movement forward. Mr. Anderson added the act of passing a zoning by-law is not enough to achieve success. He believes we need to create the environment for developers to bring projects forward that Southborough residents want. These projects must include diversity of housing and small shops. Ms. Braccio thanked the EDC and Planning Board for attending tonight's meeting. Mr. Anderson called for a motion to adjourn the EDC meeting. The EDC meeting was adjourned at 9:39pm.

iii. Updates/ordering of articles

Mr. Dennington suggested a correction in Article 10. The language reads multifamily units up to 12 units, not to exceed 10 units. Language should read not to exceed 10 units. Ms. Braccio asked the Board if anyone has a concern with how the Articles are numbered. There are no concerns by the Board with regard to the ordering of articles. Article 1 – Mr. Purple updated the Board that Ms. Rosenbloom, Personnel Board Chair, had added additional detail to Article I to include a position entitled Senior IT Specialist, Section 20, Schedule A, Grade 7. Ms. Braccio asked the Board for feedback on Article II – amend town code Select Board. Mr. Stivers supports Select Board. Mr. Dennington supports Select Board. Ms. Malinowski supports Select Board. Mr. Healey supports changing the name but to Board of Selectwomen and Selectmen – a term that he feels honors the historical background of the position. Ms. Braccio is leaning in support for Select Board since it is becoming a commonly used term by other cities and towns across the Commonwealth. Ms. Braccio

stated that at this Thursday's Advisory meeting, the goal is for the Board to take positions on the Articles. In the future, Ms. Braccio recommends votes by the Board either to support or defeat articles are included in the printed warrants. It supports transparency with the public. Mr. Dennington asked if there would be updated information on Article 4, the request to levy $85,000 for an IT server replacement. Ms. Braccio said an update would be provided at Thursday's Advisory meeting. Ms. Malinowski provided an update/overview of the Board of Health-Personnel Benefits. She said this article is to fully fund the Health Director and Public Health Nurse from 11/1/21-12/31/21. Both have contracts that are in place until 6/30/22. This article seeks to increase the budget to cover their salaries and benefits. Mr. Purple updated the Board about discussions with the Town Accountant regarding the Water Enterprise Fund and the annual assessment from the MWRA. The number budgeted by the Town was significantly higher than the assessment ($150,000). The correction of this accounting matter will be addressed in the article dealing with budget adjustments.

iv. Approval and signing of final warrant

Mr. Healey moved to approve and sign the final Warrant, as amended. Mr. Stivers seconded the motion. The motion was approved by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Mr. Healey, aye; Ms. Braccio, aye. (5-0-0). All members of the Board of Selectmen will be in tomorrow, October 5th, to sign the Warrant.

c. Continuation of Q4 Financial review –EEA Grant

As part of the FY21 budget review process, Ms. Malinowski has concerns about the EDC's consulting budget because almost all of the budget was used. Her understanding of the purpose of that budget is to apply for grants, including grants on Rt. 9. Ms. Malinowski determined approximately $2,500 in grant or town funds were spent on advocacy material for the Downtown District. Her understanding is that town funds, including reimbursements from grants, cannot be spent on advocacy for a position on a warrant article. She sought advice from Town Counsel and learned policy making boards can use such funds for advocacy for a position. Ms. Malinowski queried whether the EDC is considered a policy making board. She recommends the Board bring forward a policy to eliminate any ambiguity and ensure integrity and creditability of any grant processes that come before the Board. Mr. Healey asked what is the trigger for when funds can be used. Ms. Malinowski replied if materials advocate a position, that is the trigger, although she is not clear on the timing. She believes there should be a line drawn for anything that involves a public vote and would appreciate some guidance from Town Counsel. Mr. Dennington thinks boards in town may not be aware of this restriction and a simple educational process for town boards is important. The message is there is a policy which states town funds cannot be used to advocate for or against a position placed before the public. Mr. Stivers wanted to clarify that he feels it is important not to hinder boards that are problem solving. Educational materials/handouts for Town Meeting as to why a proposal is being brought forth seem reasonable. However, using town funds for advocacy does not. He wants to think about the issue a bit more. Ms. Braccio echoed Mr. Stivers's sentiments in that educational materials are different than advocacy materials. Ms. Braccio asked Ms. Malinowski to draft a potential Board policy addressing this issue. Mr. Healey inquired as to whether the materials in question have been distributed. Ms. Malinowski said she believes they have not. Mr. Healey suggest we inform the EDC of the situation and request they not distribute materials. Ms. Malinowski or Mr. Purple will follow up with the EDC.

d. Board of Health update

Dr. Fazen's report analyzing the structure and activities of the Board of Health is ongoing and the Board was notified he will be conducting a public forum on October 21, 2021 at 7pm via Zoom. It will

be recorded. If anyone has questions, they can send them to Ms. Malinowski and she will ensure they are read into the public record. The forum will be advertised.

VII. Public Comment

Mr. Fling has concerns about the upcoming Town Meeting and the lack of visuals available for attendees. He suggests a QR code be printed in the Warrant as a potential solution to the lack of visuals. He also would like families to be seated next to one another. With regard to the Downtown District and the FAR chart that was shown, he would like future discussion to include consideration of .3 FAR. He believes .3 FAR may be too restrictive for expanded use.

Mr. Dennington stated in the Warrant, Part 7 adds the map. The map wasn't in the Warrant. Is this a separate article? Mr. Purple stated Town Counsel opined the map is a separate article but if the Board want to include in the Warrant, they can do so. Mr. Purple will reach out to Town Counsel for clarification and also query what vote must be taken at Town Meeting to amend the map. Mr. Purple also stated if the change is ministerial, there will be no need for Board to amend. Mr. Miller urges the Board to memorialize the Planning Board map prior to Town Meeting for sake of clarity. He also thanked Ms. Malinowski for her discussion on EDC funds relative to advocacy. He appreciated the information. Finally, he thanked Ms. Braccio for her clear facts with regard to the FAR discussion relative to the Downtown District. Her information provided much needed clarity.

VIII. Adjournment

Mr. Stivers moved to adjourn the meeting. The motion was seconded by Ms. Malinowski and voted all in favor by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Malinowski, aye; Ms. Braccio, aye. The meeting was adjourned at 10:27PM.

Upcoming Meetings
October 19, 2021

Respectfully submitted,

Bridgid Rubin, Recording Secretary

List of Documents referred to at the October 5, 2021 BOS Meeting:

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

October 19, 2021 6:30P.M.
VIRTUAL ZOOM MEETING

May be watched or may participate in the meeting remotely with the meeting link at
https://www.southboroughtown.com/remotemeetings

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

Present:

Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple

I. Call Meeting to Order

Chairwoman Braccio called the meeting to order at 6:32P.M.

II. Public Comment

There was no public comment.

III. Scheduled Appointments *(Board may vote)*

a. Scholarship Committee update

The Scholarship Committee update will be rescheduled, as they in the process of gathering information.

b. Nick McEvoy – Presentation for Eagle Scout Aqueduct project

Mr. McEvoy presented his proposed Eagle Scout project to the Board. He is working in partnership with the Southborough Trails Committee, represented by Kathryn McKee. The location of the proposed project is off Pine Hill Road and will connect the Aquaduct Trail to the Bay Circuit Trail Connector. The land is MWRA-owned and the Southborough Trails Committee is working to secure permits for the project. Once the 8M permit has been amended, work will begin on the project. Expected completion date is by March 2022. Mr. McEvoy said the trail is approximately 1 meter wide and can accommodate two people side-by-side and added. there are no wetlands and said Dig Safe will need to be contacted prior because there is a gas line near Pine Hill Road. Ms. Braccio asked Ms. McKee for an update on the permitting process with the MWRA. Ms. McKee said the MWRA has given permission to move this project in parallel with the permitting process for the Peninsula Trail. She stated the MWRA has all the information it needs to move forward with amending the 8M permit and the process is moving forward. Ms. Malinowski asked Mr. McEvoy how he would be fundraising for the project. He stated this hasn't been determined as yet but it will potentially involve providing or stacking firewood for Southborough residents. He anticipates that total fundraising budget to be $150. The board wished Mr. McEvoy success in this project. Mr. Stivers moved to accept the Eagle Scout Aqueduct project. Mr. Healey seconded the motion. The motion passed unanimously (5-0-0) by roll call, Ms. Malinowski, aye; Mr. Stivers, aye; Mr. Healey, aye; Mr. Dennington, aye; Ms. Braccio, aye.

IV. Reports

a. Chairwoman's Report

i. Proposed redistricting

Ms. Braccio reported she had a conversation with Rep. Dykema regarding the issue of redistricting. As of November 2022, Rep. Dykema will no longer represent the current district. The new district will be redrawn to include 2 precincts in Northborough, approximately 80% of Westborough and all of Southborough. New maps are being released. Ms. Braccio expressed her sadness that Rep. Dykema will no longer represent Southborough and thanked her for her support of the community and its concernn. Post redistricting, Rep. Dykema offered any assistance to the Town that might be helpful.

ii. Heritage Day

Ms. Bracccio reported the day was a great success and was well attended.

b. Members' Reports

i. Update on Regional Dispatch Study kickoff meeting

Ms. Malinowski reported the meeting was held on October 13th with representatives from all 6 participating towns in attendance. The funding cycle for the next regional dispatch center is as follows: guidelines are released in January, grants applications are due at the beginning of March and grants will be awarded in June. Next steps for the study include interviews with key stakeholders in each community, site visits and cost assessments, both current and potential. Each town is in its own unique situation relative to this issue. The grant will cover radio systems, interoperability, inside infrastructure, potential building purchase, records management, renovations, portable radios, station alerting, tower site and radio connections for gaps in coverage.

ii. COVID-19 case update

Ms. Malinowski reported cases for the latest two-week period. There have been 17 new cases, occurring this week with 13 of those in isolation. Cases appear to have plateaued out for both the Town and schools.

iii. Golf Course update

Mr. Stivers reported there is a good committee in place that is interested in further growth for the club. The golf course is experiencing record activity and financial performance. Use in 2021 is expected to be approximately 20,000 rounds for the year. The committee will be submitting a letter to the Board requesting support for fencing along Lattisquamma Road. Other matters currently being discussed by the committee include renewal of the Golf Company management agreement, additional food and beverage service in the clubhouse, paving the road and parking lot, irrigation options for fairways and greens and additional marketing activities to increase usage. Mr. Healey suggested a discussion of a liquor license to enhance food and beverage service. Mr. Stivers reported the Club has a beer and wine license. The clubhouse serves limited food but the committee is exploring ways to increase food and beverage service.

c. Town Administrator Report

i. ALS One golf tournament

Mr. Purple reported it is nice to see the reinvigoration of the golf course. He reminded the Board that should the committee come forward with a request for fencing or other improvements, there is a Golf Revolving Fund, which contains revenue generated by the golf course and can only be used for the course. Mr. Stivers inquired about the current balance in the Fund. Mr. Purple believes there is approximately $40,000 in the Fund. Mr. Purple stated increased usage of the course has resulted in

an increased the balance in the fund. Mr. Purple reported the ALS One weekend was a success. This annual event held in honor of John Wilson and Brian Shiffrin, generated $5,074, which was a 19% increase over last year. Mr. Purple thanked Former Selectman Brian Shea and Jen DiMartino from ALS One for their efforts in making the event a success.

ii. Update on Mooney lights

Mr. Purple has reached out to Bob Moran, our customer service representative at National Grid to identify a time for them to electrify the lights before the ground freezes for winter. The project is being scheduled but there is no firm date for completion.

iii. Community Compact IT grant application

Mr. Purple reported a grant has been submitted for the servers and an upgrade to the licenses for the servers through the Community Compact. A decision is expected some time between Thanksgiving and Christmas. Mr. Purple will reach out to legislators and the Department of Revenue in an effort to secure funding. He recognized IT Manager Jay Montijo along with Finance Director Brian Ballantine, for their efforts in the grant application.

V. Consent Agenda

a. Approve Open Session Meeting Minutes: September 8, 2021; October 7, 2021

Mr. Stivers, Mr. Dennington and Ms. Malinowski asked to hold agenda item "a." Mr. Stivers added the following revisions to the October 7th minutes: line 77-Safdar; line 78-there; line 165-Miss Jones; and line 180-agree. Mr. Dennington requested clarification on the October 7th minutes: line 75. Regarding Article 2, Mr. Dennington believed the Advisory Board supported the change to Select Board. Ms. Braccio and Mr. Stivers shared Ms. Cook doesn't believe Select Board is the best term but it is the best choice and supported it. Ms. Malinowski asked to add the following language to the October 7th minutes: line 5-"Ms. Malinowski asked Mr. Pfaff what the difference would be as to where the funding would reside." Mr. Stivers moved to approve Open Session Meeting Minutes of September 8, 2021 and October 7, 2021, as amended. Ms. Malinowski seconded the motion. The motion was approved unanimously (5-0-0) by roll call vote Ms. Stivers, aye; Mr. Healey, aye; Mr. Dennington, aye; Ms. Malinowski, aye; Ms. Braccio, aye.

b. Appoint Board of Selectmen Executive Assistant position
c. Promote Julia Fontana to Probationary Police Officer, effective October 22, 2021
d. Open warrant for March 26, 2022 Annual Town Meeting
e. Declare Fire boat surplus for purposes of disposition

Mr. Stivers moved to approve Consent Agenda items b, c, d and e. Ms. Malinowski seconded the motion. The motion was approved unanimously (5-0-0) by roll call vote Mr. Stivers, aye; Mr. Healey, aye; Mr. Dennington, aye; Ms. Malinowski, aye; Ms. Braccio, aye.

VI. Other Matters *(Board may vote)*

a. Consideration of amendment to Fire Chief contract, RE: Paramedic certification

Ms. Braccio stated this discussion is a continuation of a discussion that took place in Executive Session and everyone agreed that it should be brought into Open Session. Ms. Braccio stated she is looking for clarification as to whether the amendment specifies minimum certification for the Fire Chief at the EMT-A level or EMT-B level. Chief Achilles responded he believes the Fire Chief should hold a minimum licensure at the EMT-B level. Ms. Braccio asked if the recommendation was two levels below the Paramedic level. Chief Achilles responded yes. Ms. Malinowski commented that she is clear on the value Chief Achilles adds to the Fire Department and is grateful for his leadership. She stated she is uncomfortable amending the current Fire Chief contract from the paramedic

certification requirement to an EMT-B certification requirement. She noted that currently, all lieutenants in the Fire Department have an EMT-A certification. Mr. Healey is fine with the proposal and appreciates Attorney Feodoroff's concise explanation as to how to move forward. Mr. Stivers and Mr. Dennington are in agreement with the proposal. Ms. Braccio shares Ms. Malinowski's concerns. She noted we are currently a paramedic-driven department. Also, having been a part of the negotiation of the prior contract, Ms. Braccio is mindful of how important this issue is. Mr. Stivers moved to amend the Fire Chief's contract regarding certification from requiring paramedic certification to EMT-B certification. Mr. Healey seconded the motion. The motion passed (3-2-0) by roll call vote Mr. Stivers, aye; Ms. Malinowski, no; Mr. Healey, aye; Mr. Dennington, aye; Ms. Braccio, no. Mr. Purple will follow up with Town Counsel to draft the amendment.

b. Requests from Capital Committee

i. SHOPC subcommittee makeup

Ms. Braccio stated Mr. Pfaff's resignation reduces the number of members on the subcommittee to four. The Capital Committee discussed whether another member wished to fill the vacancy on the subcommittee. At this time, no one has stepped forward. Mr. Pfaff has expressed an interest in remaining on the subcommittee. Ms. Braccio has two concerns around this matter. First, the charge of the subcommittee would need to be amended to accommodate this situation. Additionally, Ms. Braccio has concerns around the disposition of Town property. She feels it may be a potential conflict of interest for either a member of BOS or Advisory to serve at the subcommittee level. Mr. Healey shares her concern and asked if there is any harm in not filling the vacancy immediately. Ms. Braccio said no. Mr. Stivers and Ms. Malinowski concur with Mr. Healey. Ms. Braccio tabled the discussion for a later date.

ii. Reduce committee membership from seven to five

Ms. Braccio stated the Board is revisiting this issue. Presently, there are 5 members on the Capital Committee. The Committee has discussed a request to the Board to change the charge so there will be no issues maintaining a quorum. Ms. Braccio stated the Capital Committee is engaged in several projects, including the space needs plan, discussions with the School Committee and upcoming subcommittee feedback. Mr. Healey stated the request by the Committee is reasonable. For purposes of stability for the Committee and its work, he suggested changing the charge to reflect the number for a quorum be based on the number of members at any given time, rather than on the potential number of members. Mr. Purple will seek clarification from Town Counsel. Ms. Braccio stated the Board would revisit at the November 3rd meeting.

c. Update on Downtown District bylaw public hearing on 10/18

Ms. Braccio thanked everyone for participation in the 10/18 meeting. She is grateful the Planning Board, the Board of Selectmen, the EDC and, hopefully, Advisory are able to come to Town Meeting with consensus on this matter. Ms. Braccio shared for ease and clarity at Town Meeting, Mr. Hegarty will print the newly amended article on blue paper and will distribute to attendees upon check-in. When the article comes to the floor, the Board will move the article, as amended, on the blue paper rather than the article as written in the Warrant. Mr. Stivers asked if the blue paper version would have markups to show the changes. Mr. Healey shared a conversation he had with Mr. Hegarty where Mr. Hegarty indicated a clean version would be easier for attendees to follow. Mr. Purple or Ms. Braccio will follow up with Mr. Hegarty to clarify. Mr. Stivers moved to adopt Version 9 of the Downtown District article with the three changes approved by the Planning Board and the EDC on October 18, 2021. Ms. Malinowski seconded the motion. The motion passed unanimously (5-0-0) by roll call vote Mr. Stivers, aye; Mr. Healey, aye; Mr. Dennington, aye; Ms. Malinowski, aye; Ms. Braccio, aye.

Ms. Braccio opened discussion as to who will present the Downtown District article at Town Meeting on behalf of the Board. Mr. Anderson shared he thought Ms. Connelly would be available to present on behalf of the EDC. It was decided Mr. Healey would introduce the article and turn the remainder of the presentation over to Ms. Connelly. Mr. Healey will coordinate the presentation with Ms. Connelly. Ms. Braccio stated it is important that the blue sheet for Town Meeting contain the votes of the Planning Board, the EDC, the Board and Advisory. Ms. Braccio suggested sharing the red lined version with the public ahead of Town Meeting to clarify the changes. After discussion, it was decided to share the red lined version via the Town website and blog.

d. Special Town Meeting logistics: handouts, presentation of articles, reconsideration of votes to support; financial impact.

It was decided the following Board members would present the following articles at Special Town Meeting: Article Two-Ms. Braccio; Article Three-Ms. Malinowski; Article Five-Mr. Dennington and Article Ten-Mr. Healey.

Financial Impact. Ms. Malinowski had asked the finance team to prepare information on the tax impact, should all articles pass at Special Town Meeting. After viewing the information, Ms. Malinowski thinks there is a need to understand how values are assessed and communicate that information clearly. Ms. Braccio shared Mr. Purple has reached out to Mr. Cibelli, Assessor and he will be attending the November 3rd Board meeting. Ms. Braccio noted the certified Free Cash number is higher than anticipated. Mr. Purple believes Mr. Ballantine and Ms. McCauliffe would concur with a one-time use of Free Cash for capital items but would not approve of such use for operating expenses. Mr. Purple stated the Board may wish to use Free Cash for some capital items and engineering studies to keep those projects moving forward. Should Southborough be awarded the Community Compact grant for the servers, those allocated funds can simply be returned to Free Cash at next year's Annual Town Meeting. Mr. Stivers would like to revisit other Board approvals to ascertain if there are other funding sources. Mr. Healey stated that as much lead time as possible should be built into systems so we don't find ourselves in the situation again. When possible, he thinks it is important to return money to the taxpayers. The Board recommended allocating Free Cash to pay for the servers and the engineering study. This will be done through a specific motion in Article Four at Special Town Meeting.

Ms. Braccio introduced Melanie Otsuka to the Board. Ms. Otsuka has been hired as the new Executive Assistant to the Board of Selectmen.

VII. Public Comment

There was no public comment.

VIII. Adjournment

Mr. Healey moved to adjourn the meeting. Mr. Stivers seconded the motion. The motion passed unanimously (5-0-0) by roll call vote Mr. Healey, aye; Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Ms. Braccio, aye. The meeting was adjourned at 7:44 P.M.

Upcoming Meetings

DATE: October 21, 2021

TO: Honorable Board of Selectmen

FROM: Brian Ballantine, Finance Director

RE: Temporary Note for Fire Truck and Finn Boiler

Please be advised the Town has temporary notes totaling $1,590,180 coming due in December 2021. These notes consist of $600,000 for a new fire truck and $990,180 for the Finn boiler. We will roll these notes over and drawdown $125,000 in initial funding for the Town House Renovation. These notes will come due in the Summer of 2022, and at that time depending on pending additional projects we can permanently finance the notes.

Additionally, the Town approved the purchase of a Fire Tender at the May 2021 Town Meeting. Legal approval to borrow for this is substantially complete however the Board does need to vote the useful life of the equipment at 20 years (the Capital Committee did vote to approve this last April). Note we will not be drawing down for this until the Summer as the equipment is taking that amount of time for delivery.

As usual, the Board will have to vote to accept the new notes and I will arrange the collecting of necessary signatures.

Should you have any questions, please do not hesitate to ask.

KENNETH M. PAULHUS

To: Board of Selectmen

From: Chief Kenneth M. Paulhus

Subject: Hiring Additional Full-Time Dispatcher

Date: October 29, 2021

Dear Board of Selectmen:

Please consider my request to approve the immediate hire of an additional Full-Time Dispatch position (going from four to five) above what is currently budgeted for this fiscal year. The position would continue to be funded in successive years.

Unfortunately, the current budgeted staffing level of four full-time personnel to cover a 24-hour (seven day-a-week) operation (with non-union part-time filling in) is no longer working; leaving both public safety Police and Fire operations vulnerable to a shortage of trained and qualified personnel to fill the position.

When fully staffed, the schedule still requires the back-fill of 10 open shifts per month. Added shifts are also needed to account for Local 44 Union Contract time-off (vacation, holiday, comp. time, sick leave, etc.). A recent resignation added to this shortage, leaving current staff to work many hours of overtime to make up the staffing. Part-time personnel cannot be mandated to fill openings.

In addition, it takes between 300-400 hours of training to get a full-time or part-time Telecommunications Officer certified and trained to master both departments, and work in a solo capacity (Emergency Medical Dispatch, E-911 Certification, IMC Training, etc.). It is also a minimum four to six-week process to advertise and fill vacancies. Many departments state-wide are experiencing similar issues in hiring and retaining qualified telecommunications staff.

I am available at any time for further information or discussion.

Kenneth M. Paulhus
Chief of Police

Protecting Our Community...Together!

Chief of Police

Lt. Ryan M. Newell
Executive Officer

POSITION DESCRIPTION

Position Title:
Communications Officer/Emergency Medical Dispatcher Dept: Police

Duties:

A Communications Officer is responsible for the appropriate response to all emergency calls received for the Police, Fire, EMS, Department of Public Works, Animal Control, and non-emergency calls for the Police Department.

Under general supervision of the Police Chief, the Communications Officer will dispatch public safety personnel and equipment. Operate all communication equipment for public safety emergency calls and regular business calls. Coordinate and communicate Emergency Fire Dispatch activities between agencies jointly responding to multi-agency incidents. Provide Emergency Medical Dispatch along with triage for incoming calls, and assist the layperson with lifesaving pre-arrival instructions.

Answer all incoming telephone calls, greet the public, respond to inquiries, requests, and complaints within authority. Unresolved issues will be referred to the Officer-In- Charge, Sergeant, Lieutenant, or Police Chief using the chain of command.

Check prisoner cells when occupied as per the suicide prevention guides and record all time checks.

Maintain all communications equipment, especially the incoming E-911 emergency lines and regular telephone lines. Keep equipment in working order, and immediately report any malfunctions or defects to the appropriate authorities and the Officer-In-Charge.

Perform incident reports and any clerical work as required by the Chief of Police or the Officer-In-Charge of the shift. Train new dispatchers and Communications Officers while following the training manual and program.

Communications Officers are Fire Signal Operators and Emergency Communications Dispatchers who will have full knowledge of all radio equipment located in the communications console. This includes full knowledge of all Fire Department remote operations equipment and the dispatch procedures as set forth by the Fire Chief.
All Communications Officers will be required to successfully complete the training programs set forth by the Chief of Police.

Basic Knowledge
Duties require knowledge of emergency radio transmissions for public safety, knowledge of office operations, word processing, and data entry. Must be able to acquire knowledge of computers, be E-911 certified, END certified, and DCJIS certified.

Also be able to acquire knowledge of the location and lay-out of streets, schools, buildings, parks, housing developments, and other significant areas of the community so as to maximize the accuracy and speed of dispatch. Must be a high school graduate, a U.S. citizen, pass an extensive background check, and have dependable transportation.

Experience:
Communications center experience preferred, but willing to train.

Required Training:
Mandatory Certifications include Basic Public Safety Telecommunicator, E911 Emergency Medical Dispatch (as per State CMR), and continuing education classes and re-certifications. All Communications Officers are also required to complete the following training and courses set forth by the Town of Southborough: In-House Computer Systems, Powerphone Dispatch Training, DCJIS Certification, First Responder, Automatic Defibrillator, and C.P.R.

Independent Action:
Under general supervision, must function in accordance with established departmental rules and regulations, policies, procedures, and practices, referring to the Police Chief or the Officer-In-Charge for clarification. Responsible for keeping personnel on a dispatched call fully informed of all facts affecting the safety or efficiency of their response to the call. Authorized and required to provide pre-arrival instructions to all callers when needed, and to dispatch and direct appropriate personnel and apparatus to an incident/call for service.

Supervisory Responsibility:
None

Physical Requirements:
Average physical effort is required to perform duties. Hours of work can be variable. Generally, work days are no more than eight hours. Shift work includes nights, weekends, and holidays. Must be able to work with and around office equipment such as computers, copiers, etc. Job requires ability to sit for extended periods of time. Must be able to multi-task, and work in a stressful and often busy environment.

TOWN OF SOUTHBOROUGH

TRAILS COMMITTEE

17 COMMON ST · SOUTHBOROUGH, MASSACHUSETTS 01772
http://www.southboroughtrails.org

November 3, 2021

Dear Board of Selectman:

I am writing you on behalf of the Southborough Trails Committee (STC) as a follow up to our September 8th discussion about the proposed Trails Committee charter changes. As discussed, I am providing you with additional information related to how other municipalities incorporate associate/non-voting members into their committee charters. This topic is included on the upcoming November 3rd BOS meeting for further discussion:

Additional information collected:

1. Town of Ashland has incorporated associate members. See handbook page 11 for description: https://www.ashlandmass.com/DocumentCenter/View/3934/COMMITTEEHANDBOOK-FINAL-180816
    a. Spoke with Susan Robie/Executive to Board and Town Manager
        i. Some committees were having trouble meeting quorum
        ii. Example: Town Forest Committee uses associate members
            1. Benefits:
                a. Helps with turnover/succession planning. If a member needs to resign, there are others who have relevant knowledge that can fill the role
                b. More people to help execute the work
                c. More options for residents to get involved
            2. Negative impacts:
                a. No issues have come up
            3. Mechanics, how does it work:
                a. Associate Members (AM) are appointed for 1 year, core members for 3 years
                b. AM attend meetings, participate in discussion and events on ongoing basis
                c. If there are not enough core members at a meeting to make quorum, the Chair can call upon the AM to make quorum for that meeting and the AM can vote. AMs are asked to only vote on topics they are familiar with (have attended past meetings and participated in discussion). *[note: unsure if this option applies to town forest committee, or only regulatory boards; she described it as an option when I asked, but after reviewing the handbook, it states, for regulatory boards who permit…leads me to believe this right might be reserved for regulatory boards only].*
2. Town of Weston incorporated associate members, see PDF page 58 for a well-thought-out and detailed policy which defines and outlines how associate members are used: https://www.weston.org/DocumentCenter/View/285/Board-and-Committee-Handbook-PDF?bidId=
    a. Did not speak with a town representative
3. Town of Foxboro (example mentioned during September discussion)

a. Spoke with Town Clerk
b. Associate members are only used on regulatory boards who permit
c. Example is not applicable in this case.

4. Meeting with Town Counsel, 10/20/21: Jay Talerman to discuss implications of proposed changes
    a. No legal issues or concerns with proposed changes: Ad hoc to Standing and adding associate members; it's up to the BOS
    b. This was the second consult on this topic (initially reached out in August to prior to September 8th meeting)

Proposed Next Steps:

1. Near-term change, STC is requesting the BOS vote to modify charter to add at least two (2) associate members
    a. Timeline: November 2021
    b. Associate members are appointed to the committee to participate in meetings and related work
        i. Must be sworn in
        ii. Required to adhere to all OML/Conflict of Interest laws, complete training, etc.
    c. Associate members will have all rights and responsibilities as other members, will be listed as a STC volunteer on the town website, will not be able to vote or included in quorum
    d. Do you need to create a policy, similar to Town of Weston, to provide guidance and ensure compliance of state/town laws?
    e. Reason for the change:
        i. Broaden experience level of the STC by including others with diverse backgrounds and leverage connections to other committees that associate members may have
        ii. Encourage and enable residents who are interested in regularly participating on the STC but may not have the time to attend every meeting/activity. This option provides an opportunity to participate as an individuals' availability permits without negatively impacting the STC's ability to meet quorum.
        iii. More members to assist with the workload and labor required to maintain the trails and contribute to the STC's activities (e.g. participate or lead trail maintenance work parties, trail projects, guided hikes, Heritage Day, grant proposal development, etc.)
        iv. Reason to have this role be an official volunteer, one who is sworn in, listed on website: it will encourage more buy-in/commitment, ownership, and accountability, and carries greater recognition for volunteer efforts than a general member of the public who shows up to participate (which is always welcome but different than what we're seeking)
            1. It also give the associate member authority when speaking with other boards/commission/committees, state and local agencies about trails related projects and initiatives
    f. We have two individuals who have expressed interest in the associate position and are ready to serve in this capacity
    g. The STC does not want to increase its membership. We have been advised against increasing members due to quorum issues. Quorum issues have been an ongoing concern for other Committees and some are currently requesting reduced membership.
    h. The practice of having non-voting associate members who serve on committees can be found in other municipalities.
2. Long-term change: Change the structure of the STC from an Ad Hoc to a Standing Committee
    a. Timeline: Spring Town Meeting 2022

i. The STC was formed as an ad hoc committee in 2013 (charter documents included below). Given an ad hoc committee is typically formed for a limited period to address a specific need and a standing committee is formed to provide ongoing services with a continued purpose, the STC is asking the BOS to consider changing the charter from ad hoc to standing.
ii. The STC reached out to the Town Counsel (via Mark Purple) two times to inquire about any legal reasons why this change would not be possible. The Town Counsel confirmed the change is under the discretion of the selectman and would require the BOS to sponsor a warrant article.

The STC appreciates the Board's consideration of this request, and we look forward to a productive discussion at the meeting.

BY HAND

Board of Selectmen
Town of Southborough
Southborough Town House
17 Common Street
Southborough, Massachusetts 01772
Attn: Lisa Braccio, Chairman

Re: Abandonment of a Portion of Chestnut Hill Road

Dear Chairman Braccio and Members of the Board:

We write this letter to request that the Board of Selectmen (the "Board"), acting in its capacity as the Town's road commissioners, abandon a certain portion of Chestnut Hill Road. We write as neighbors and members of the community who have witnessed firsthand the dangers caused by the existing unsafe roadway conditions, and to share a vision for a simple change that will significantly enhance some of the most important community assets within the Town of Southborough. This letter describes:

- The unsafe conditions affecting Chestnut Hill Road, which is a designated scenic road, and their effects on the roadway's residents and visitors;
- The benefits that abandoning the roadway will provide by enhancing protected and publicly beneficial land on both sides of the road; and
- The proposed path forward to abandon and potentially discontinue a section of the road.

As described in greater detail below, abandoning a section of the road would create a welcoming and safe environment for the public to utilize the Town's natural, cultural, agricultural, and outdoor recreational resources – which are more important now than ever – while at the same time reducing significant costs and potential liabilities for the Town.

1. **Unsafe Conditions.**

The section of Chestnut Hill Road proposed for abandonment (the "Abandoned Roadway") is a narrow and slightly hilly portion that runs northwesterly from the driveway at 10 Chestnut Hill Road (just northwest beyond the public entrance to the Chestnut Hill Farm trailhead parking area), goes around a slight curve, and then proceeds down a hill to the road's intersection with the newly created Dairy Farm Lane. Unlike the portion of Chestnut Hill Road to the south of Chestnut Hill Farm, which is maintained for two-way travel, the Abandoned Roadway allows vehicular travel in only one direction (away from Main Street, toward Dairy Farm Lane). Like the rest of Chestnut Hill Road, it cuts a path through bucolic scenery of stone walls, heavily wooded areas, and open fields. The beautiful scenery and nearby community resources attract outdoor recreationalists of all types. Chestnut Hill Farm, the Boroughs Loop Trail, and the Beals Preserve are all located along or within a short walking distance of the Abandoned Roadway. Given the lack of paved recreational pathways and sidewalks within the Town of Southborough, it is no surprise that runners, walkers, and cyclists can be found on the road all

year long, enjoying the fresh air, surrounded by nature. However, the quietude of the surrounding properties belies the hazards posed by the roadway itself.

The Abandoned Roadway was designed and originally constructed long before the invention of motor vehicles. In its current condition, the roadway is wholly unsuitable for high-speed vehicular travel. For most of its length, the Abandoned Roadway is hemmed in on each side by embankments and drainage ditches. Wildlife ranging from chipmunks to deer often dart across the roadway. Large, mature (and in some cases dying due to age and pestilence) trees grow almost right up to the edge of the pavement. In other places, visibility is limited due to hill crests and bends in the road. These hazards make the roadway unforgiving in the event of pedestrian-vehicle conflict.

It is hard to overstate the danger. As an apparent "short-cut" between Main Street (Route 30) and Northboro Road (which leads toward the nearest entrance ramp to Interstate 495), vehicles regularly travel down Chestnut Hill Road at distressingly high speeds, likely in an effort to shave time off their morning or evening commute, or the drive to Algonquin Regional High School. Surprisingly, it actually takes longer, at posted speed limits, to travel the 0.8 mile of Chestnut Hill Road from its southern end to Northboro Road than it takes to travel the 1.0 mile between the same points via Northboro Road. Worsening the problem are distracted drivers and the frequency with which nearby residents have witnessed vehicles driving – often at high speeds (!) – in the wrong direction. Large trucks also frequently use the road, ignoring the "No Trucks" signs placed at the road entrance on Main Street. Not surprisingly, these dangerous trends are coming at the same time that outdoor recreational activity on the Abandoned Roadway has increased as result of the current pandemic that affects us all. The growing threat of vehicular/pedestrian conflict has the potential for serious harm. And if no action is taken, it is likely only a matter of time before such potential is realized.

2. **Benefits of Abandonment.**

The most obvious and important benefit of abandonment is alleviating the grave potential for harm outlined above. Adjacent residents – including young children – pedestrians, cyclists, runners, and motorists would all be much safer by eliminating the enticement of a high-speed short-cut via Chestnut Hill Road. People visiting Chestnut Hill Farm would be safe as they enter and exit the two parking areas. It is our collective conviction that abandoning and/or discontinuing the Abandoned Roadway will save lives.

The benefits are not limited to increased safety. For the Town, abandonment will make managing and maintaining the Town's roadways easier and less costly. Many of the trees surrounding the Abandoned Roadway are in poor condition. Fallen limbs and even trees are a regular result from inclement weather. The Town will not be obligated to prioritize tree removal and plowing. Without vehicular travel, the Abandoned Roadway can be paved and repaired less frequently. In addition, policing the speeding and unsafe travel on Chestnut Hill Road will be less of a burden.

The broader benefits to the community as a whole are innumerable. As shown on the plan attached hereto as **Exhibit A**, the Abandoned Roadway lies in the heart of approximately 270 acres of land, formerly owned by Philip and Elaine Beals, protected by publicly beneficial ownership and/or conservation restrictions (collectively, the "**Community Land**"). Abandonment would allow for safer and better enjoyment of the Community Land, increased opportunities for programming special events at Chestnut Hill Farm, and safer crossings for the numerous animals that live in and travel through the

Community Land. In addition, the Trustees of Reservations, owners of Chestnut Hill Farm, would be interested in allowing continued public recreational use of the Abandoned Roadway. It can provide many benefits, including an ADA-compliant nature trail and a paved surface for safely engaging in recreational activities through beautiful scenery. Parents can teach their children to ride bikes without fear of a driver speeding up the road. Runners, for a short stretch, can safely take in the Town's beauty without worrying about distracted drivers. Pedestrians can walk comfortably side-by-side or while pushing strollers. These are just a few examples of how the Abandoned Roadway can be transformed from a community hazard into yet another public asset for the Town to be proud of. Finally, abandoning this section of Chestnut Hill Road would complete the remarkable vision of Philip and Elaine Beals, whose extraordinary commitment to permanently protecting more than 270 acres of Community Land created a legacy that is enjoyed by many hundreds of visitors every year.

3. **Next Steps.**

Given the urgency of the issue, we would like to arrange a time to meet with the Board at a regularly scheduled meeting to present our vision for a better and safer experience along the Abandoned Roadway. Following such presentation, we would encourage the Board to arrange a duly noticed public hearing so it can hear from the public and consider exercising its authority under Section 32A of M.G.L. Ch. 82 to abandon the Abandoned Roadway. Further discussion of a potential permanent discontinuance by the Town and the reservation or granting of rights to the public would take place at a later date. Accompanying this letter are the signatures of more than 60 Southborough residents who support this proposal.

We thank you for your consideration and we look forward to discussing our vision for a better and safer Chestnut Hill Road for the benefit of the entire Town of Southborough.

Sincerely,

Jonathan Krasner & Frank Tipton

TO: Lisa Braccio, Board of Selectmen Chair
Mark Purple, Town Administrator

FROM: Steven Achilles, Fire Chief

RE: Opinion on Closure of Chestnut Hill Road

It is my recommendation that Chestnut Hill Road be maintained and improved to promote safe travel of all vehicles from Main Street to Northborough Road. Not only providing access to wooded areas and fields along Chestnut Hill, the road provides alternate access to Dairy Farm Lane and Jericho / Northborough Roads in the event Johnson Road is unpassable.

If the decision is to close the road to through traffic, the Fire Department will require an appropriate sized cul-de-sac or turnaround for fire apparatus at the point of closure on both ends. This is in accordance with NFPA 1 - 18.2.3.5.4 Dead Ends.

I am available to discuss further as needed.

To: Board of Selectmen/Town Administrator Purple

From: Chief Kenneth M. Paulhus

Subject: Possible Closure of Chestnut Hill Road

Date: October 29, 2021

Dear Board of Selectmen:

The Southborough Police Department would have some concern about the added response time (albeit small) to the northwest area of Town along with the Dairy Farm Lane development.

A larger concern would be the significant response time increase should Johnson Road become blocked off/inaccessible for any reason, as responding public safety vehicles would have to go through Marlborough and loop around.

Some type of maintenance of the road way with emergency access should be considered.

I am available to discuss further at any time.

Kenneth M. Paulhus
Chief of Police

MEMORANDUM

To: Board of Selectmen
From: Vanessa Hale, Assistant Town Administrator
Re: Public Accessibility Committee
Date: October 28, 2021

As you know, the 2021 Annual Town Meeting created a Southborough Public Accessibility Committee ("SPAC"), which shall consist of five voting members appointed by the Board of Selectmen, plus the non-voting, ex-officio members identified below. [Any non-voting, ex-officio member shall not count toward the calculation of a quorum for the SPAC for voting purposes.]

Each voting member shall be a registered voter in the Town and shall not be a Town officer (where a "Town officer" means a Town official who serves in an elected position) or a Town employee. The warrant article called for voting members to be appointed for two-year, staggered terms. The initial appointments shall be divided between one and two-year terms, so as to establish overlapping terms.

I respectfully ask the Board of Selectmen to appoint the following individuals, with the term expiration as identified below.

Name	*Term Expiration Date*	*Length of term*
William Sines	June 30, 2023	2 year
William Warren	June 30, 2022	1 year
Sue Luh	June 30, 2023	2 year
Vincent Acampora	June 30, 2022	1 year
Bonnie Phaneuf	June 30, 2023	2 year
Mark Purple, Town Administrator	Ex Officio	
Laurie Livoli, Building Commissioner	Ex Officio	

* The Building Commissioner and Coordinator shall be ex-officio members of the SPAC.

Notice of Invitation for Bids
Kallander Field Renovation

The Board of Selectmen, Town of Southborough as Awarding Authority, invites sealed bids for the rebuilding of Kallander Athletic Field located on Kallander Drive, Southborough, MA 01772. Bids shall be in accordance with Contract Documents dated October 2021. SEALED BIDS will be received by the Awarding Authority until **10:00 a.m. local time, on Friday, October 29th , 2021**, at which time all bids will be publicly opened and read. Official time is that of Awarding Authority at location of bid receipt; no late bids will be accepted.

Bid Forms and Contract Documents will be available by email from Traverse Landscape Architects starting October 7, 2021. Please contact **Arthur Eddy at aeddy@traversela.com** or (401) 383-4950 if you would like to make other arrangements for access to these documents.

A non-mandatory pre-bid conference will be held on **Wednesday, October 20, 2021 at 10:00am** local time at the Project location. Interested parties are to meet at the site for a walk through at Kallander Athletic Field located on Kallander Drive, Southborough, MA 01772

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, November 16, 2021; 6:30PM
Location: Via Zoom
Present: Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

I. Call Meeting to Order

Chair Braccio called the meeting to order at 6:30PM.

Chief Achilles introduced Firefighter/EMT Lisa Thompson, the most recent addition to the Department. Ms. Thompson shared she is honored and excited to join the Southborough Fire Department. Each member of the Board welcomed Ms. Thompson, adding they look forward to meeting her in person and working with her.

II. Scheduled Appointments *(Board may vote)*

a. 6:35PM: Tax Classification Hearing

Ms. Braccio opened the public hearing at 6:35PM. Mr. Purple read the hearing notice into the public record. Mr. Paul Cibelli, Principal Assessor presented the annual tax classification analysis for the Board's consideration. For FY 2022, the tax rate would increase from $16.21 to $16.28. The average single-family tax bill would increase $523, a 4.89% increase from last year. Mr. Cibelli stated the increase is due to a rising residential market and a slightly decreasing commercial and industrial market. Mr. Cibelli reported the Board of Assessors is unanimously recommending the following: 1) continuing with a single tax rate for FY2022; and 2) not to adopt the residential and small commercial exemptions, as they are not relevant to Southborough.

Ms. Braccio asked for Board comment on the recommendations. Ms. Malinowski commented that when she saw the increase in tax rate from Annual Town Meeting in May to the Special Town Meeting in November, she was curious to explore a split tax rate scenario. After viewing the analysis, she is in support of the recommendation to keep the single tax rate. Mr. Healey offered his support for the recommendation to keep the single tax rate and not adopt the residential and small commercial exemptions. Mr. Stivers is concerned about the optics of a 4.89% tax increase and continues to support the use of ARPA funds to offset the rate increase, reducing it to under or around 4%. He also commented that he thinks the split tax rate is worth considering. Mr. Stivers noted a report from the EDC's economic consultant from Northeastern University that concluded towns with split tax rates are not adversely impacted by the ability to attract new businesses or raise business employment. Mr. Dennington shared he is comfortable with the Board of Assessors recommendations. He commented he would be open to looking at the data Mr. Stivers referenced, but changing a long-standing policy without greater public input would not be the right approach tonight. Ms. Braccio stated she would be like to see data from the Northeastern University report for towns that share characteristics with Southborough for an accurate comparison. She is also in support of the Board of Assessors recommendations.

Chair Braccio asked for public comment on the matter. There was no public comment.

Mr. Stivers moved to close the public hearing at 6:52 P.M. Ms. Malinowski seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Mr. Healey, aye; Ms. Braccio, aye. Mr. Healey moved to continue with the single tax rate for FY2022. Ms. Malinowski seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Mr. Healey, aye; Ms. Braccio, aye. Mr. Stivers moved to deny the residential tax exemption for FY 2022. Ms. Malinowski seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Mr. Healey, aye; Ms. Braccio, aye. Mr. Stivers moved to deny the small commercial exemption for FY 2022. Mr. Healey seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Mr. Healey, aye; Ms. Braccio, aye.
Mr. Cibelli said he will submit the tax information immediately and expects to hear a response from the Department of Revenue within a few days. Ms. Braccio thanked Mr. Cibelli for his report.

The next public hearing was scheduled at 7:30PM so the Board decided to move through agenda items as time permitted until the 7:30PM hearing.

b. Q1 financial update for FY22 -Brian Ballantine, Finance Director, and Carla McAuliffe, Town Accountant

Ms. Malinowski, as Board liaison, stated she met with Mr. Ballantine and Ms. McAuliffe ahead of tonight's meeting to review the report and will continue this review process for subsequent quarters. Mr. Ballantine said Q1 tells us the least amount of information simply because it is early in the year. His comments dealt with the revenue side of the report. Areas of interest but not concern are motor vehicle excise taxes, tax lien fees and the real estate tax revenue lien process. Ms. McAuliffe's comments dealt with the expense side of the report. Areas of interest to monitor include the IT budget, Reserve Fund, School budget and court judgments and liability insurances. As a result of a discussion with Mr. Montijo regarding the FY23 IT budget, Ms. McAuliffe created a software account that will begin to appear in the Q2 report. For Q1, these expenses were recorded in contracted services and resulted in a high negative impact. With regard to the Reserve Fund, there has been one expense to date and there will be one additional known expense of $3,000 for the Board of Health printer. There may be additional expenses for the Board of Health, relative to the Director and Nurse unbudgeted monies if the expected FEMA funds do not come to fruition. Ms. McAuliffe commented the School numbers look low but this is a common occurrence in Q1. She reported court judgments and liability insurances are high and it is anticipated there will be either a year-end transfer or Reserve Fund transfer to cover these expenses. On a final note, Ms. McAuliffe stated for FY23, hardware will be moved out of the various department budgets and into the IT budget. Mr. Healey thanked Mr. Ballantine and Ms. McAuliffe for the information. He inquired if, in a typical year, Reserve Fund transfers occur later in the year and infrequently in Q1. Further, he asked if this is what the data is showing for the current year. Ms. McAuliffe responded that typically Reserve Fund transfers occur later in the fiscal year but we are in an unprecedented time. She shared they are monitoring all departments monthly to identify any potential issues. Mr. Stivers thanked Mr. Ballantine and Ms. McAuliffe for the detailed information and commented the process is very helpful. He stated the detailed financial information is a step forward in terms of transparency and is good for the public to understand where their tax dollars are going. Mr. Dennington acknowledged Mr. Montijo inherited a budget he did not create and would like to encourage support of Mr. Montijo so he can create an accurate FY23 budget. Mr. Dennington asked Mr. Ballantine what potential issues the Board should be looking for in the Q2 report. Mr. Ballantine replied he will be looking at the Board of Health unbudgeted items, should the FEMA monies not materialize. Also, the Benefits budget is always an area he is looking at, noting that there was an increase of nearly 20% resulting in

a $40,000 deficit presently in the Benefits budget. He also will be watching other expenses such as fees. Mr. Ballantine said this process is very helpful in identifying potential areas of concern within the budget. Ms. Malinowski offered it would be helpful to continue the year to date budget, as well as reviewing actual spending. Looking at all line items will be helpful, as well. Finally, the ambulance reimbursement budget will be something to keep an eye on. Ms. Braccio asked about the DPW budget and ground-keeping expenses. Ms. McAuliffe said the expenses are front-loaded to achieve cost savings. Ms. Braccio inquired about part-time salaries for the Fire Dept. Mr. Ballantine said there were no Q1 expenses. Those expenses will be paid in December. Finally, Ms. Braccio asked whether the bond percentage was underfunded. Mr. Ballantine said it was not and it is representative of principal payments paid during Q1. Ms. Malinowski stated that she asked Ms. Cook from the Advisory Committee to appoint someone to the quarterly review team to ensure all parties are part of the financial review process. Timeline for selection will be in time for the Q2 review. Mr. Ballantine provided an update on ClearGov budget software. After using the product for a full cycle, it was determined to be ineffective in several key areas. In Mr. Ballantine's opinion, the product concept is useful but in need of evolution to meet Southborough's needs. Mr. Ballantine is committed to moving away from Excel as a budgeting platform and will be looking for other software options, although there is no timeline for selection. Ms. Malinowski and Ms. McAuliffe provided an update on state and federal funding sources relative to the COVID-19 pandemic. Ms. Braccio stated the quarterly review is an import and useful monitoring tool in identifying potential budgeting issues. She thanked Ms. Malinowski, Mr. Ballantine, Ms. McAuliffe and Mr. Purple for their work in compiling the review.

III. Public Comment

There was no public comment.

VI. Reports

Chair's Report

i. Overnight work on the Mass Pike

Ms. Braccio updated the Board regarding the status of the project. Final paving has begun on all lanes for an 8-mile stretch and is scheduled for conclusion by the end of November.

ii. Request from Fire Union for hazard pay under ARPA

Fire Union President Jason Roach has made a request for hazard pay. Ms. Braccio asked whether the Board wished to entertain the request or forward to the newly created ARPA Committee. The Board agreed to forward the request to the ARPA Committee. Ms. Braccio or Mr. Purple will follow up with the Committee. Ms. Malinowski suggested the Committee consider Governor Baker's direction relative to hazard pay.

iii. Update on kids' vaccination clinic

Ms. Braccio volunteered at the clinic and shared that the clinics were successful and seamlessly run. Families were grateful to the Board of Health for providing the clinics. Ms. Malinowski stated three clinics were held-two in Northborough and one in Southborough. During the clinics, 500 out of the 790 eligible children ages of 5-11 received vaccines and were booked for their second vaccine three weeks later. This data represents 27% of children ages 5-11 and did not include the Southborough clinic nor any children who may have been vaccinated elsewhere.

Members' Reports

i. Veteran's Day ceremony

Mr. Dennington reported he and Mr. Healey marched in the parade. Mr. Dennington made brief remarks. He added there was a great turnout and it was a great opportunity to acknowledge the sacrifices our veterans have made.

ii. Update on Regional Dispatch study

Ms. Malinowski reported both Chief Paulhus and Chief Achilles have been interviewed by the Collins Center. She asked Board members if there is any information they would like included in the study to please forward those requests to Mr. Purple. Ms. Malinowski shared she is interested in knowing how often there are multiple calls in Southborough. Additionally, she is interested to know in terms of mutual aid, how often is Southborough relying on other towns to come to us and vice versa. She is interested in understanding any achievable time savings due to a shared system.

Town Administrator Report

i. Golf Management RFP for Southborough Golf Club

The Golf Management RFP for Southborough Golf Club is out. Responses are due back on December 3, 2021. The current management company, New England Golf, is very interested in maintaining the current relationship and is expected to submit a bid. Mr. Purple shared the Southborough Golf Club has enjoyed success over the last two years and is close to generating $500,000 in gross revenue for the season.

ii. Update on 10/29/2021 OML complaint

Town Counsel has responded to Ms. Kremer. The issue occurs when Executive Session is entered into at the beginning of a BOS meeting. A potential solution to resolve this issue is if Executive Session is entered into at the beginning of an Open Session meeting, there will be two Zoom meeting links created – one for Executive Session and one for Open Session. On a related note, Mr. Purple shared today Town Counsel filed a response to Ms. Kremer on behalf of the EDC.

iii. State ARPA earmark for Northboro Road culvert

Last week Senator Eldridge's office informed us about an opportunity to earmark $70,000 in ARPA funds for the replacement of the Northboro Road culvert. The bill is working its way through the legislative process and is due on Gov. Baker's desk by this Thursday. Mr. Purple thanked Mr. Dennington for his assistance in working with Sen. Eldridge's Office to secure the funds. Mr. Purple shared this is a great opportunity to take a much-needed capital project off the funding schedule. Mr. Dennington thanked Mr. Purple for his assistance in working with Sen. Eldridge's office and thanked Sen. Eldridge for advocating for the citizens of Southborough.

7:30PM: Tree Hearing appeal for Marlborough Road-Shared Streets project

Ms. Braccio opened the public hearing at 7:32PM. Mr. Purple read the hearing notice into the public record. He also noted the two individuals who filed the tree appeal had been notified and are in tonight's audience. Ms. Karen Galligan, Superintendent of the Department of Public Works was brought into the Zoom meeting. Ms. Galligan stated there was a public hearing held on November 1, 2021. The trees had been marked for removal as part of an adjustment to the intersection of St. Mark's Street. Based on the project and the location and health of the trees, the Tree Warden determined the trees in question should be removed. Ms. Galligan noted they had received written notification there would be an appeal, regardless of the Tree Warden's determination. Ms. Braccio asked for comments from the appellants. Ms. Margarite Landry, 134 Deerfoot Road, would like to save as many trees as possible. She asked that if the plans for the project are not yet complete, then trying to save as many trees as possible should be revisited. Ms. Galligan stated the trees in question are related to the sidewalk and roadway, not the park. The trees in question are related the project's ADA compliance and necessary correct sight distances. Ms. Galligan said it looks as though three trees near the stone wall (#34, #36 and #37) are far enough back from the sidewalk and may potentially be saved. Mr. Michael Weishan, Chair of the Historical Commission, advocated for changing the plan by rerouting the sidewalk and/or by moving the intersection slightly to the north. He stated the plan for the trees is related to the plan for the park. He asked to continue the tree hearing until such time as the plan for the park has been resolved. Ms. Landry asked for clarification

on deadlines for the intersection project. Ms. Galligan stated the grant specifies a deadline of December 31st to have created the space for the project. The road and drainage have been installed and the trees are the next part of creating the space. There is a grant requirement to show progress on the park project. Ms. Braccio opened the meeting for public comment. Janet Maney, (21 Skylar Drive) commented that she'd like to see the road rerouted. She is concerned about the current location and its impacts to the Library and burial grounds. She is also concerned about parking for St. Mark's as a goal of the project. Ms. Galligan clarified the reason for the road's location is to accommodate an appropriate turning radius for school buses and fire trucks. In locating the road, there was consideration for removing the least number of trees. She further clarified providing parking for St. Mark's is not a project goal. Rather, the road's location disrupts some of their existing parking and the design addresses that issue. With no additional public comment at that time, Ms. Braccio asked for Board comment. Ms. Braccio stated the impacted trees have been a concern of hers throughout this process. She wanted to make the Board aware that up until tonight's hearing, attempts were being made to save as many trees as possible. Ms. Galligan stated the sidewalk shown on the plans for Marlborough Road are also part of the Complete Streets Plan and is ranked as the #1 spot where Southborough residents wish to see a sidewalk. Mr. Dennington asked for clarification on which trees can be saved, given the current plan. Ms. Galligan replied #34, # 36 and #37 can be saved. With respect to #45, Ms. Galligan replied the intersection cannot be completed and have the tree saved. With respect to #39 and #38, Ms. Galligan replied those trees are at the edge of the proposed sidewalk and cannot be saved. Ms. Malinowski asked what would happen if the Board upholds the appeal regarding tree removal. Ms. Galligan said the project would be stopped and would need to be redesigned at additional cost. She is unsure of the percentage of bid this action would impact. Ms. Malinowski inquired how many trees could be saved if the project moved forward without sidewalks. Ms. Galligan stated #45 and #46 would have to be removed but the remainder of the list could be saved. Ms. Malinowski asked which side of Marlborough Road the sidewalk was planned for in the Complete Streets Plan. Ms. Galligan replied the west side of Marlborough Street. Mr. Healey commented Southborough wants and needs safe walking and a balance must be struck in order to have sidewalks. He stated the reality is in order to provide sidewalks, trees may need to be displaced. He thanked Ms. Galligan for her exemplary work in notifying relevant and affected parties about the project. Mr. Healey stated he feels the appropriate balance has been struck on this project. Mr. Stivers said he is committed to saving as many trees as possible. He inquired as to whether the road could be moved to the north. Ms. Galligan replied many issues were considered when placing the road, including disrupting the least number of trees, considering appropriate turning radii and addressing drainage issues to name a few. In order to save a few trees, other trees may be adversely affected. Mr. Stivers inquired about moving the sidewalk to the west inside the stone wall. Ms. Galligan noted doing so will likely save one additional tree (#33) but will create a host of issues related to ADA compliance and sight distance. Ms. Braccio shared there had been a recent report regarding ADA accessibility within Southborough and it showed there is room for improvement. She stated that, with this project, we are adding a public space near the Library that allows us to increase accessibility in our community. Ms. Malinowski read into the public record comments that appeared in the online chat. On a motion by Mr. Stivers, seconded by Mr. Dennington and voted all in favor by roll call vote, the public hearing was closed at 8:19PM. Roll call: Mr. Dennington, aye; Mr. Healey, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Ms. Braccio, aye. The Board briefly discussed the merits of continuing the tree hearing versus moving forward with a ruling. Mr. Healey moved to affirm the Tree Warden's decision regarding tree #30, #33, #45, #46, #38 and #39 and overrule his determination of tree #34, #36 and #37. Ms. Malinowski seconded the motion. The motion was voted all in favor by roll call vote (5-0-0): Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Ms. Braccio, aye.

IV. Consent Agenda

a. Approve Open Session Meeting Minutes: September 20, 2021; September 21, 2021; September 29, 2021; October 18, 2021; November 3, 2021

September 20, 2021: Ms. Braccio and Mr. Dennington requested these minutes be held. Ms. Braccio requested the following change: Line 101: "all" should not be struck through; Mr. Dennington requested the following change: Line 138: add "to" in front have. **September 21, 2021**: Ms. Malinowski, Mr. Dennington and Mr. Stivers requested to be held. Ms. Malinowski requested the following change: Line 26: add "on the revenue side" after surplus. Mr. Dennington requested the following changes: Line 57: insert "to" before clarify; Line 169: insert "a" before critical. Mr. Stivers requested the following changes: Line 191: strike Monday, September 27th and insert "Wednesday, September 29th; Line 219: strike Flynn and insert "Fling."; **September 29, 2021**: Mr. Dennington and Mr. Stivers requested to be held. Mr. Dennington requested the following change: Line 45: delete "as." Mr. Stivers requested the following change: Mr. Healey added to the list of those present. **October 18, 2021**: Ms. Malinowski and Mr. Stivers requested to be held. Ms. Malinowski and Mr. Stivers requested the following changes: Delete Ms. Malinowski as present and from the roll call vote to adjourn and add Mr. Healey to the list of those present and to the roll call vote to adjourn. **November 3, 2021**: Ms. Malinowski and Mr. Stivers requested to be held. Ms. Malinowski requested the following change: Line 33: after officer insert "under Chief Paulhus." Mr. Stivers requested the following changes: Line 23: correct spelling to "Shimkus" and Line 192: change Ms. to "Mr."

On a motion made by Mr. Stivers and seconded by Mr. Dennington, the Board voted to approve Consent Agenda item "a", as amended. The motion was voted all in favor by roll call vote (5-0-0): Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Braccio, aye.

b. Appointment of Brittany Remillard as Full-Time Communications Officer, effective November 17, 2021; and

c. Appointment of Alyssa Collaza as a Part-Time Communications Officer

On a motion made by Mr. Stivers and seconded by Mr. Healey, the Board voted to approve Consent Agenda items "b" and "c." The motion was voted all in favor by roll call vote (5-0-0): Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Ms. Braccio, aye.

d. Approve Reciprocal Interim License Agreement with St. Mark's School for St. Mark's Street/Marlborough Road project

Mr. Dennington requested item "d" to be held. Mr. Dennington is in support of the agreement but requested the following administrative changes to the agreement: 1. Ensure signature blocks match parties; 2. Consistent use of "Selectmen" throughout the document; 3. Attached Exhibit A (plan) to the document; and 4. Paragraph 5-change spelling of principles to principals. On a motion made by Mr. Stivers and seconded by Mr. Healey, the Board voted to approve Consent Agenda item "d", as amended. The motion was voted all in favor by roll call vote (5-0-0): Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Braccio, aye.

e. Approve contract amendment for Fire Chief Steven Achilles

Ms. Malinowski requested item "e" be held. Ms. Malinowski stated she would be voting against approval. On a motion made by Mr. Stivers and seconded by Mr. Healey, the Board voted to approve Consent Agenda item "e." The motion was voted in favor by roll call vote (3-2-0): Mr. Dennington, aye; Ms. Malinowski, no; Mr. Healey, aye; Mr. Stivers; aye; Ms. Braccio, no.

f. Approve Executive Session Minutes: November 3, 2021

Ms. Malinowski requested item "f" be held. Ms. Malinowski asked to hold Consent Agenda item "f" until the Board meets next in Executive Session.

g. Release Executive Session Minutes: January 5, 2021; February 2, 2021 (redacted); July 13, 2021 (redacted); August 17, 2021; October 5, 2021

Ms. Malinowski requested item "g" be held. Ms. Malinowski moved to release Executive Session Minutes: January 5, 2021; February 2, 2021 (redacted); July 13, 2021 redacted)

and August 17, 2021. Mr. Stivers seconded the motion. The motion was voted all in favor by roll call vote (5-0-0) Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Ms. Braccio, aye. Ms. Malinowski moved to approve and release Executive Session Minutes for October 5, 2021. Mr. Healey seconded the motion. The motion was voted all in favor by roll call vote (5-0-0): Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Braccio, aye.

V. Other Matters Properly Before the Board (*Board may vote)*

Discussion of park area for Marlborough Road – Shared Streets project

Ms. Braccio acknowledged there has been concern expressed regarding the proposed park and its contents. She reiterated this topic was discussed at no less than nine meetings since June 23, 2020 and she referenced detailed communications with relevant Town committees. Ms. Braccio noted the Board is in receipt of a letter from the Massachusetts Historical Commission to the Southborough Historical Society offering support and recommendations based on a recent site visit. Ms. Braccio was informed by Ms. Galligan that all extensive ground disturbance related to the park project has been completed. Mr. Dennington stated he'd like to see a positive approach from this point forward in discussing the park and shared there is a unique opportunity to create a space that recognizes the Native American presence in Southborough. He would like to see a History Walk and thinks the Historical Society can offer guidance through the process. Also, per Ms. Galligan, this work can be done without jeopardizing any of the funding. All Board members offered support for Mr. Dennington's suggestion that the park contain an historical aspect. Ms. Landry stated she is in support of the historical concept for the park and sees many potential synergies with the Library due to the park's location. She added she wishes to be a part of the process in its creation. Mr. Weishan shared he is concerned and disappointed with the process and status of the park project. While Mr. Weishan acknowledged the Historical Society was notified in December regarding conceptual ideas for the park, today's design looks nothing like that. He shared the Historical Society does not endorse the park as it stands today and is dismayed there was no archeological assessment. Further, he is concerned about the spending of public monies on private property. Finally, he is concerned about the Interim Licensing Agreement and feels it will be brought to Town Meeting after irrevocable improvements have taken place on the property. Ms. Galligan updated the Board as to the current status of the park. She clarified this is a road project that provided the opportunity to create a public space through an additional funding source. She stated the walkway design within the park does not need to be finalized by year end. She also shared that grading of the site will occur this Fall and plantings will be installed next Spring. Mr. Stivers stated it is time to move forward on this project and he suggested the creation of a group of relevant stakeholders to finalize the park plans. Ms. Malinowski asked Ms. Galligan what would be most helpful to DPW in moving this project towards completion. Ms. Galligan replied she is supportive of creating a group similar to the one suggested by Mr. Stivers. She added park plans would need to be finalized, within budget, for a Spring installation. Mr. Healey stated he is supportive of the efforts thus far on the project and thanked Ms. Galligan. He suggested that, in creating a group to finalize park plans, we not abandon the successful work that has been done to date. Ms. Braccio shared she hopes the group will enhance the work that has been done thus far. Ms. Frederica Gillespie, Chair of the Open Space Preservation Commission stated her group's involvement with this project has only been with the native plantings that will be installed. She shared plantings at the park will be a natural extension of the pollinator preservation that is ongoing at the Library. She added installation of the native plantings in the park is an opportunity to educate anyone who visits about an important ecological practice. Ms. Gillespie hopes there will be support for the work done relative to native plantings by any group that is created to finalize park plans. Karen Hanlon-Shimkus (8 Lynbrook Road) stated she has several concerns related to the park project. First, she would like to press the pause button to ascertain whether the current location of the park is a culturally sensitive site. Second, she would like clarification as to who owns the parcel of

land the park is situated on. Third, Ms. Hanlon-Shimkus shared the public may have been unaware of the progress on the park project due to COVID. In fact, she became aware of the status of the project after the trees had been removed. Finally, she is concerned about the Interim License Agreement, as she feels it is an easement not a license agreement. Further, she is concerned this project will come before Town Meeting, without voter approval first. Ms. Patricia Burns-Fiore (10 Winter Street) expressed concern that this project infringes upon the rights of town meeting attendees to approve projects prior to their completion. Also, she is concerned that public monies are being spent to enhance a private property. Finally, she inquired about the budget for this project, as she has not seen one. Ms. Braccio replied the budget appeared most recently in the August 17th BOS meeting packet, beginning on page 16. Ms. Braccio thanked everyone for the comments and feedback regarding the park project. She stated there is a clear path forward by creating a group to finalize the park design. Mr. Dennington will serve as Board liaison to the group.

Continued discussion of Police Chief request for additional FT Communication Officer

Chief Paulhus discussed information he provided, per the request from the prior BOS meeting. Upon reviewing his budget, he concluded the amount needed to fund this position for the remainder of FY22 is $18,000, rather than $32,000 as was previously stated. He believes this amount can be covered by the Harvard monies. Also, he will speak to Chief Achilles about potential funds from his budget. Ms. Malinowski inquired about the pay scale for part time dispatchers and whether there is a way to incentivize for this position. Chief Paulhus replied part time dispatchers are paid approximately $21-$22/hour, which is less than full time dispatchers. Chief Paulhus also added Southborough pays on the lower side of average for full time dispatchers. Mr. Healey stated he is uncomfortable adding a position mid-year and the message it may send to other departments. He asked the Chief what course of action will be taken if the Board does not approve the new position. Chief Paulhus replied he will rely on forced overtime and may need to have police officers and fire fighters fill the positions while interviewing for replacements. Mr. Stivers stated he is prepared to support this request, with the proviso that Chief Paulhus find funding for the position for FY23. Mr. Dennington is prepared to support this request. He asked, going forward, that Chief Paulhus share departmental needs in a timely fashion, given the challenging financial cycle expected in FY23. Ms. Braccio is concerned about a mid-year hire without Town Meeting approval and is not prepared to support this request. Ms. Malinowski is also concerned about a mid-year hire without Town Meeting approval. She suggested we explore hiring a temporary employee until such time as Town Meeting can vote on the request (March). Ms. Malinowski and Mr. Purple will gather information on temporary employment and potential uses of the Harvard funds. Chief Paulhus invited members of the BOS to observe the dispatch operation. Ms. Braccio stated this matter will be placed on next meeting's agenda.

Review of draft charge for ARPA Committee

The Board made the following changes to the draft charge: Under Membership: drop the number of Southborough residents to two (2) and add one (1) member from either the Planning and/or Master Plan Committee; Under Term and Organization: Bullet #3, after Chair insert ", Vice Chair and Secretary"; and under Duties: Bullet #1, after expenditure add "and timing"; Bullet #3, delete hearings and insert "forums"; Bullet #4, delete develop and insert "consider the use of"; and Bullet #6, after before insert "May 16th." Also, they agreed to change Board of Selectmen to Select Board throughout the document (6 times). Mr. Purple will notify the chairs of the identified committees and advertise for the two Southborough resident members. Ms. Braccio moved to approve the draft charge for the ARPA Committee, as amended, with Ms. Malinowski having the authority, working with Mr. Purple, to add language based on potential use of monies for Town Meeting items. Mr.

Healey seconded the motion. The motion was voted unanimously all in favor by roll call vote (5-0-0): Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Braccio, aye.

Review of revised charge for Trails Committee

Ms. Kathryn Craddock McKee, Southborough Trails Committee Chair presented the draft charge. The charge contains a footnote, which was included to ensure voting members are responsible for not deliberating with non-voting associate members. The Board decided to leave open the number of associate members specified in the charge, as associate members must be appointed by the Board. Mr. Healey moved to approve the revised charge for the Trails Committee. Mr. Stivers seconded the motion. The motion was approved by roll call vote (3-2-0): Mr. Dennington, aye; Ms. Malinowski, no; Mr. Stivers, aye; Mr. Healey, aye; Ms. Braccio, no.

Discussion of OML training requirement for board/committee Chairs

Ms. Braccio and Mr. Purple have spoken to Town Counsel. He and Mr. Hegarty are supportive of this effort. Ms. Braccio asked that the training be a requirement for all chairs of boards and committees. They can either attend a session or watch the training via Zoom. Additionally, Ms. Braccio would like attendees to sign an acknowledgement of training. All Board members were supportive of this effort. Mr. Dennington would like to add to the training any requirements that are specific to Southborough. Ms. Malinowski asked that the training be open to anyone wishing to attend. She also suggested the inclusion of education around meetings that are in person versus those conducted via Zoom. Ms. Braccio will work Mr. Hegarty and Town Counsel to move the trainings forward.

VI. Public Comment

There was no public comment.

VII. Executive Session

The Board will be entering into Executive Session per M.G.L. Chapter 30A, Section 21, and will not be returning to Open Session, to conduct strategy sessions in preparation for negotiations with collective bargaining personnel (Exemption 2). On a motion made by Mr. Stivers, seconded by Ms. Malinowski and voted all in favor by roll call vote, the Board entered into Executive Session at 10:58P.M. Roll call: Ms. Malinowski, aye; Mr. Stivers, aye; Mr. Healey, aye; Mr. Dennington, aye; Ms. Braccio, aye.

Upcoming Meetings
December 7, 2021
December 21, 2021

Respectfully submitted,
Bridgid Rubin, Recording Secretary

List of Documents referred to at the November 16, 2021 BOS Meeting:

- Tax Classification presentation for FY 2022
- Dept. of Public Works Tree Hearing notices and accompanying info
- Q1 FY2022 update, ending 9-30-2021
- Letter from Jason Roach to Board re Hazard Pay 11.4.21
- Correspondence regarding OML complaint dated 10/29/21

- Social media post regarding earmark of ARPA funds to repair Northboro Road culvert
- Open Session Meeting minutes dated September 20, 2021, September 21, 2021, September 29, 2021, October 18, 2021 and November 3, 2021
- Memo regarding Brittany Remillard
- Memo regarding Alyssa Collaza
- Reciprocal Interim License Agreement between Town of Southborough and St. Mark's School
- Employment Agreement between Town of Southborough and Fire Chief
- Memo from Dept. of Public Works regarding St. Mark's Street and Rt. 85 intersection and Park area
- Memo from Chief Paulhus regarding 5th dispatcher schedule and costs
- Draft charge for ARPA Committee
- Revised charge for Trails Committee

RE: Open Meeting Law Complaint
Town of Southborough Board of Selectmen
Complainant: Ginny Kremer
Alleged Violation Date: 10/5/21; 8/17/21
Complaint Filing Date: 10/29/21

Dear Ms. Kremer:

As you are aware, our office serves as Town Counsel to the Town of Southborough. In that capacity, we have been provided a copy of the above referenced Open Meeting Law Complaint that you filed, and which is attached as Exhibit A. The Board of Selectmen (the "Board") has met and duly delegated its response to this office.

Your complaint alleges that the Board failed to comply with certain aspects of the Open Meeting Law, specifically that the Board failed to convene in open session, failed to state the reason for executive session and whether the body would reconvene in open session at the end of executive session, and failed to take a roll call vote to enter executive session. The complaint further alleges that the Board failed to timely approve its August 17, 2021 minutes.

In reviewing this matter, we have conferred with the Town Administrator and reviewed the Notice of Meeting and Agenda, attached hereto as Exhibit B, and the minutes of the meeting, attached hereto as Exhibit C, as well as the Town bylaw relating to meeting minutes of the Board. It is the Town's position that the Board opened the meeting and voted by a majority of its members to enter Executive Session, citing the statutory exemptions relied upon, but that, due to technological issues, the Zoom meeting was inadvertently not recording at that time. In regard to the meeting minutes of August 17, 2021, you allege that the Town also violated open meeting law by not approving the minutes of the August 17, 2021 Executive Session in a timely manner. It is the Town's position that the minutes were not produced within the 45-day window because they were minutes from an executive session and had to be approved in executive session.

The minutes that are attached as Exhibit C show that the meeting was opened at 6:00 P.M., that Mr. Healey made a motion to enter Executive Session per M.G.L. Chapter 30A, Section 21, with the intent to return to Open Session. The Motion clearly noted that executive session would be for the following items: (1) to discuss contract negotiations for the Town Administrator and the Fire Chief (Exemption 2) as the Chair has determined that an open meeting may have a detrimental effect on the Town's negotiating position; and (2) to review and approve the August 17, 2021

Executive Session minutes. Mr. Stivers seconded the motion, and the motion passed all in favor (5-0-0) by roll call vote (Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye). Accordingly, the actions of the Board in entering into Executive Session were in full accord with applicable requirements.

With respect to the failure to capture the opening of the meeting on the Zoom session, again, due to technological reasons, it is unfortunate that the Zoom meeting was not yet recording at that time. In response to your request that the Town announce its error at a public meeting and what steps the Town will take to correct this in the future, the Town proposes to explain the inadvertent mistake and correct it at its next Board of Selectmen meeting and continue to do so going forward, potentially using separate Zoom rooms for Executive and Open sessions.

As to your allegation regarding the executive session minutes, we note that your complaint is not rooted in the Open Meeting Law but, rather, in the requirements of a local general bylaw. Accordingly, as a threshold matter, a complaint under the Open Meeting Law is an improper vehicle under which to object to any alleged violations of a local bylaw. That said, there is no violation of the local bylaw. The Town asserts that the August 17, 2021 executive session meeting minutes could only be approved in a subsequent executive session so as not to reveal the contents discussed at the meeting and then can only be released after the reason for the executive session has lapsed. The email attached to your complaint summarizes the requirements of Section 9-25 of the Southborough Town Code. In this summary, executive session privilege is specifically listed as a valid reason for not producing the minutes within the 45-day timeframe. Here, as of October 5th, the original reason for executive session still existed and, accordingly, the minutes could not have been released. Therefore, the Town asserts that the Board had "good cause" for not providing the minutes in accordance with the bylaw. The reason for the executive session has since lapsed and the October 5th minutes will be released in due course.

Please feel free to contact me or Attorney Jason Talerman from my office with any questions or concerns regarding this response or proposed actions to address your complaints.

Sincerely,

Elizabeth Lydon, Town Counsel

Specific person(s), if any, you allege committed the violation:

Date of alleged violation: multiple

Description of alleged violation:

Describe the alleged violation that this complaint is about. If you believe the alleged violation was intentional, please say so and include the reasons supporting your belief.

Note: This text field has a maximum of 3000 characters.

The Board of Selectment violated the Open Meeting Law on October 5, 2021 by starting the meeting in executive session.
https://www.youtube.com/watch?v=MLrrLaxEQp0
The Board failed to:
* Convene in open session;
* State the reason for the executive session, stating all subjects that may be revealed without compromising the purpose for which the executive session was called;
* State whether the public body will reconvene in open session at the end of the executive session; and
* Take a roll call vote of the body to enter executive session.

The Board also failed to timely approve minutes for its August 17, 2021 meeting. Those minutes had to be requested by the Town Clerk and were not approved until October 5, 2021. See Ex. 1 attached.

Due to prior serial violations of the Open Meeting Law by Southborough Boards, in 2019, the Attorney General took the extraordinary step of holding an OML training in Southborough and ordering all members of local bodies to attend. Notwithstanding, the Board has committed additioanl OML violations, hampering the ability of Southborough residents to be informed about potentially transformational zoning changes to the center of Town.

What action do you want the public body to take in response to your complaint?

Note: This text field has a maximum of 500 characters.

Inform residents at a public meeting that it committed additional violations of the Open Meeting Law and explain to Southborough residents what steps it will take to ensure that additional violations will not take place.

Review, sign, and submit your complaint

I. Disclosure of Your Complaint.
Public Record. Under most circumstances, your complaint, and any documents submitted with your complaint, is considered a public record and will be available to any member of the public upon request.

Publication to Website. As part of the Open Data Initiative, the AGO will publish to its website certain information regarding your complaint, including your name and the name of the public body. The AGO will not publish your contact information.

II. Consulting With a Private Attorney.
The AGO cannot give you legal advice and is not able to be your private attorney, but represents the public interest. If you have any questions concerning your individual legal rights or responsibilities you should contact a private attorney.

III. Submit Your Complaint to the Public Body.
The complaint must be filed first with the public body. If you have any questions, please contact the Division of Open Government by calling (617) 963-2540 or by email to openmeeting@state.ma.us.

By signing below, I acknowledge that I have read and understood the provisions above and certify that the information I have provided is true and correct to the best of my knowledge.

From: Katie Barry
To: Amy Berry
Subject: RE: Board of Selectmen Request for minutes 8-17-2021
Date: Friday, October 1, 2021 12:01:26 PM

Thank you. These minutes are on the 10.5.21 agenda for the Board to approve.

From: Amy Berry
Sent: Friday, October 01, 2021 11:27 AM
To: Katie Barry <kbarry@southboroughma.com>
Subject: Board of Selectmen Request for minutes 8-17-2021

Southborough Town Code § 9-25 requires that minutes of each public meeting and the documents used at the meeting be submitted to the Town Clerk within 45 days of the meeting and that the Town Clerk notify the board or committee chair when that reporting requirement is not met.

I'm writing to advise you that as of today, the Town Clerk's Office has not received the minutes and documents used at the **8/17/2021** meeting of the **Board of Selectmen.**

The Attorney General has determined that a document is considered to be "**used at a meeting**" when the document is:

- Physically present, and
- Identified by name, and
- Its contents are discussed at the meeting.

As a reminder, please submit the documents as individual files and ensure the name of **each separate file** matches how it is identified in the **Documents Used at This Meeting** section of the minutes.

Please reply to this email with your response which will be posted on the town website until the minutes and documents are received.

Please advise if you are unable to provide minutes for one of the following reasons:

1. The meeting was cancelled.
2. No meeting was held due to the lack of a quorum.

The meeting involved executive session(s) and the minutes for the executive session portion(s) cannot be released at this time. Note that minutes for the open session portion of a meeting must be released. Also, the board or committee must review any withheld executive session minutes regularly to ensure there is still a valid reason to withhold minutes from the public. We suggest you consult with Town Counsel on any matters concerning the release of executive session minutes.

Thank you, Amy

Amy Berry

Exhibit B

Town of Southborough, MA
Meeting of the Board of Selectmen
October 5, 2021 6:00 P.M.
VIRTUAL ZOOM MEETING

May be watched or may participate in the meeting remotely with the meeting link at
https://www.southboroughtown.com/remotemeetings

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

I. Call Meeting to Order

II. Executive Session
The Board will be entering into Executive Session per M.G.L. Chapter 30A, Section 21, and returning to Open Session, for the following items: (1) to discuss contract negotiations for the Town Administrator and the Fire Chief (Exemption 2) as the Chair has determined that an open meeting may have a detrimental effect on the Town's negotiating position; and (2) to review and approve the August 17, 2021 Executive Session minutes.

III. Public Comment

IV. Scheduled Appointments *(Board may vote)*
a. 7:00PM HEARING: National Grid Petition to install new pole (11-5) at 25 School Street
b. Volunteer interview: Neetu Sehgal, Scholarship Advisory Committee, expiring 6/30/2022
c. Cable Committee – Recommendation on renewal cable agreement for Comcast
d. Update on Regional Dispatch discussions

V. Reports
a. Chairman's Report
    i. Call with MassDOT on HCVE traffic study
    ii. Heritage Day
b. Members' Reports
    i. Trails Committee's recent public walking tour with DCR of the proposed Peninsula Trail
c. Town Administrator Report
    i. ALS fundraiser at Southborough Golf Club

VI. Consent Agenda
a. Approve Open Session Meeting Minutes: August 17, 2021
b. Accept donation of $100.00 for the Fire Department Ambulance Fund
c. Approve FY23 Budget/Town Meeting Schedule
d. Appointment of Special Counsel for Tax Title
e. Accept resignation from Andrew Pfaff, Capital Planning Committee, effective 9/30/21
f. Approval of successor contract for Town Administrator

VII. Other Matters *(Board may vote)*
a. Approve four (4) 1-day Alcohol License applications for Chestnut Hill Farm "Fall Fun on the Farm" events: October 10, October 17, October 24, October 31
b. November 1, 2021 Special Town Meeting
    i. Meeting logistics – update
    ii. Downtown District bylaw
    iii. Updates/ordering of articles
    iv. Approval and signing of final warrant
c. Continuation of Q4 Financial review – EEA Grant
d. Board of Health update

VIII. Public Comment

IX. Adjournment

Lisa M. Braccio, Chairman

UPCOMING MEETINGS

October 7, 2021 *October 19, 2021* *November 3, 2021*

Exhibit C

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, October 5, 2021; 7:01PM (reconvened after Executive Session)
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple, Assistant Town Administrator Vanessa Hale

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

Mr. Healey made a motion at 6:00 P.M. for the Board to enter Executive Session per M.G.L. Chapter 30A, Section 21, with the intent to return to Open Session, for the following items: (1) to discuss contract negotiations for the Town Administrator and the Fire Chief (Exemption 2) as the Chair has determined that an open meeting may have a detrimental effect on the Town's negotiating position; and (2) to review and approve the August 17, 2021 Executive Session minutes. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

Chairwoman Braccio brought the meeting back into open session at 7:01 P.M. A public hearing is scheduled for 7:00PM. Public comment was rescheduled to after the public hearing.

I. Public Hearing

a. Southborough Board of Selectmen shall hold a virtual meeting to consider a request for permission by Mass Electric Company, National Grid and Verizon New England Incorporated to install a new pole, P11-5, to be located at 25 School Street. The meeting may be viewed by the public through a link located at http:\hpts\www.soughboroughtown.com\remotemeetings.

<u>National Grid – Mr. Parent, Facilities Manager</u>

National Grid seeks to install a pole to service a new dormitory for St. Mark's School. The closest pole on that side of the street is presently in use to service another building on the campus. There are no other poles on that side of the road so it is necessary to install a new pole to service the new dormitory. Mr. Healey asked if the road the proposed pole would be installed on is School Street. Mr. Parent confirmed it is. Mr. Parent informed the Board the proposed pole would be approximately 3-5 feet off the road, similar to other poles on that side of School Street. Mr. Stivers moved to close the public hearing. Ms. Malinowski seconded the motion. The motion passed unanimously (5-0-0) by roll call, Malinowski, aye; Healey, aye; Dennington, aye; Stivers, aye; Braccio, aye. Mr. Stivers moved to approve National Grid's petition to install Pole P11-5 at 25 School Street. Mr. Healey seconded the motion. Chairman Braccio suspended the motion to accommodate public comment on the matter. Mr. Healey moved to re-open the public hearing for the purpose of public comment. Mr. Stivers seconded the motion. The motion was voted all in favor by roll call vote. Roll call: Ms. Malinowski, aye; Mr. Dennington, aye; Mr. Healey, aye; Mr. Stivers, aye; Ms. Braccio, aye.

Chairwoman Braccio recognized Mr. Tim Litt. Mr. Litt requested that the pole be approved subject to not obstructing any present or potential future sidewalks. He is concerned that as the Town wants to move towards having complete streets and having sidewalks, that there are no obstacles in the way

when there are improvements. Mr. Stivers asked Mr. Parent if there is enough room to consider Mr. Litt's concern. Mr. Parent said for any project that may come forward in the future, poles are moved to accommodate sidewalks. For an existing pole line, National Grid may not be able to factor that in, other than following the normal procedure on placing the pole 3-5 feet from the road. Mr. Litt stated he is concerned that it is expensive to move poles and asked that thought be given to future sidewalks when installing poles. The public hearing was then closed.

Mr. Stivers moved to close the public hearing. Mr. Healey seconded the motion. The motion was voted all in favor by roll call vote. Roll call: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye. Mr. Stivers moved to approve the petition for the pole position with the request that if reasonably possible National Grid locate the pole in a position that would reasonably accommodate a sidewalk along the street. Mr. Healey seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote. Roll call: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

II. Public Comment

Ms. Braccio asked if anyone wanted to speak at the first Public Comment. No one stepped forward.

III. Scheduled Appointments *(Board may vote)*

b. Volunteer Interview: Neetu Sehgal, Scholarship Committee, expiring 6/30/2022.
Ms. Sehgal was born and raised in Southborough, educated in the Southborough school system and graduated from Algonquin Regional High School in 1998. She moved back in 2012 and desires to give back to her community. She recently ran into Officer Mattioli and recalled him advising her on a scholarship for community service while in high school. The board had no questions and thanked Ms. Sehgal for stepping forward. Mr. Stivers moved the board appoint Ms. Sehgal to the Scholarship Committee, expiring 6/30/2022. Ms. Malinowski seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote. Roll call: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

c. Cable Committee – Recommendation on renewal cable agreement for Comcast.
Ms. Malinowski recused herself from this matter. Mr. Barry Rubenstein from the Cable Committee provided a brief history on this matter. When Comcast built out its Framingham network, it allowed them to access a small number of subscribers in the Pine Hill area. They obtained a license from the Town of Southborough for Southborough residents. These residents have no connection to SAM and, in fact, receive Framingham Public Access. As part of the agreement, Comcast agreed to pay a percentage of gross revenues each year. The new agreement increases the license fee to 5%, which is commensurate with the Verizon and Charter contracts. These funds total approximately $2,300 per year. The agreement has been reviewed and approved by Town Counsel. Upon further review, Mr. Rubenstein would like to clear up some ambiguous language, which does not affect the material terms of the agreement. Mr. Rubenstein thanked Mr. Warren and Ms. Rule for their substantial efforts in this matter. Mr. Healey asked Mr. Rubenstein how many Southborough residents Comcast serves. Mr. Rubenstein replied there are 32 Comcast customers in Southborough. Mr. Stivers moved the Board renew the proposed cable agreement with Comcast dated 9/20/21-9/19/31 subject to final review by Town Counsel. Mr. Healey seconded the motion. Mr. Healey then amended the original motion to read: The Board renew the proposed cable agreement with Comcast dated 9/20/21-9/19/31 subject to final review by Town Counsel and there being no substantive changes to the proposed contract. Mr. Stivers moved the amended motion. Mr. Healey seconded the motion. The

motion was voted in favor (4-0-0) by roll call vote. Roll call: Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

d. Update on Regional Dispatch discussions.

Ms. Braccio welcomed Chief Achilles and Chief Paulhus. Mr. Purple provided an update to the Board's previous instruction that the Town proceed forward in exploring the opportunity for regional emergency communications dispatch. Communities involved are Hopkinton, Hudson, Grafton, Marlborough, Southborough and Westborough. Discussions have been initiated by the Westborough Fire Chief with The Collins Center [a division of the University of Massachusetts Boston] and State 911. The Collins Center and State 911 have a standing agreement that State 911 will fund the Collins Center to conduct studies for regional dispatch. Present scope of the project is to study these communities and determine: 1) what is being done in each community and; 2) what might be done collaboratively in a regional center. The first meeting with all parties will be held on Thursday, October 13th, in Southborough at the Public Safety Facility. Mr. Purple commented there is a range of situations presently occurring in each community involved. Moving forward, his recommendation is to have a team of representatives from Southborough, which should include Chief Paulhus, Chief Achilles, Mr. Purple and one member of the Board. This team will assist the community in understanding the findings of the Collins Center for future decision-making. Chief Achilles supports the project and commented he feels fortunate we are able to get information that fosters an understanding of Best Practices, what is currently being done, where current service gaps are, strengths v. weaknesses of the current system and opportunities that may be available. Chief Paulhus commented he is excited about the opportunity of the study. Both he and Chief Achilles have great relationships with their counterparts in the other participating communities. He is concerned about how the study will be perceived by local dispatchers and officers that may be affected. He looks forward to the good information that will be received from the study. Ms. Malinowski commented the study is a great step forward and wondered whether the Collins Center is looking at what is best for Southborough or what is best for Southborough as it relates to the other participating communities. Chief Achilles said the study is looking at each town individually and each town collectively – where are they at locally and what, if any, is the advantage of collaboration. Mr. Purple asked for clarification from Ms. Malinowski. Was she asking if the study will consider all options, including reducing the number of participating communities based on collaborative advantage? Ms. Malinowski indicated that is her concern. Mr. Purple suggested her concern be addressed at the meeting on October 13th. Mr. Dennington had no questions but commented the information sent by the Collins Center referenced the communities of Hanover and Norwood instead of the communities in the proposed project. Mr. Purple suggested the Collins Center include the study of those communities to simply give an example of a similar study. Mr. Healey supports having a team of people from Southborough, including a member of the Board. His main concern is there are many variables among the communities, including number and size. It is important that our team report regularly on the progress of study. Mr. Stivers commented there will be challenges in comparing the communities. For example, utilization rates in Hopkinton are 1,600 calls/10,000 residents, while Marlborough has 4,000 calls/10,000 residents. He stated he is concerned about the issue of local impact/control and wants to make sure the costs of regionalization are equitable to all communities. Ms. Braccio stated she feels the opportunity to explore regionalization is one that cannot be passed up, especially in light of the fact there is no cost to the Town. Ms. Malinowski stepped forward as Board liaison on the Southborough regionalization team, which includes Chief Achilles, Chief Paulhus and Mr. Purple.

IV. Reports

a. Chairwoman's Report

i. Call with MassDOT on HCVE traffic study

Ms. Braccio updated the Board regarding the phone call, which also included Mr. Purple and Ms. Galligan. She shared the conversation was a very positive one. They discussed removing the truck exclusion from Main Street. Ms. Braccio said there is a process to remove a truck restriction similar to creating a truck exclusion. The Global study was also discussed, specifically addressing where trucks are coming from and what can be done in the short term. A possible solution might be to add more signage on Rt. 9. Mr. Purple shared the results of the study will be available sometime in Spring 2022. Mr. Healey sought clarification on the process of decision- making. Mr. Purple stated results of the study would be shared and the Board would vote on how to proceed. Mr. Stivers asked if the discussion included the suggestion to move the Crystal Pond intersection a few hundred feet to the east to facilitate U-turns. Ms. Braccio said it was not specifically addressed but can be in the future. She shared the Global study will identify where the truck traffic is coming from and potential solutions. Ms. Malinowski asked if specific signage was suggested for Rt. 9 restricting truck access to Flagg Road. Ms. Braccio said the DOT will approve a sign that directs trucks to use the 495 cloverleaf as a turnaround. She did not have the exact verbiage and no timeline was shared but she will revisit those issues. She reiterated this is a short-term solution until the results of the Global study are available and shared her appreciation of the State's willingness to problem-solve in the short term.

ii. Heritage Day

Ms. Braccio reminded the public Heritage Day will be held on Monday, October 11, 2021. The parade will be held at 10am. There will be booths and the Library Book Sale will be held from 10am-3pm.

b. Members' Reports

i.Trails Committee's recent public walking tour with DCR of the proposed Peninsula Trail:

Mr. Dennington noted the Trails Committee hosted a public walking tour on the 25th, immediately following the CERT lunch thanking first responders for their hard work during the pandemic. Approximately 30 people attended the tour. It was guided by a DCR ranger, who explained both the area and some of its historical features. The tour was very beneficial because it allowed those who attended the opportunity to see what the proposed Peninsula Trail would look like. The Trail is located at the intersection of Central Street and Route 30 and is a paved trail along the reservoir. The Trails Committee is working with DCR to create public access to the trail. We will be hearing more about the Peninsula Trail in the coming months.

Town Administrator Report

i. ALS fundraiser at Southborough Golf Club

Mr. Purple spoke about the ALS One Golf Event that will be held this weekend, October 9, 10, and 11, at the Southborough Golf Club. This has been an annual event for the past several years and recognizes town officials whom we have lost to ALS, including Mr. Shifrin and Mr. Wilson. Former Selectman Brian Shea coordinates this event, along with Bill Harrison from the Management Company and Jen DiMartino from ALS One. The Management Company will donate ½ of the proceeds from greens fees for the weekend to ALS One. ALS One will have a QR code in the clubhouse for donations. Additional voluntary donations can be made at any time during the event. Additional information will be available on all Town related social media outlets. Mr. Purple thanked Mr. Shea for his help in making this a successful event.

V. Consent Agenda

a. Mr. Stivers asked to hold agenda item "a." Mr. Stivers pointed out typos on lines 233, 251 and 347. Mr. Stivers moved to approve the Open Session minutes; August 17, 2021 as amended. Mr. Healey seconded the motion. The motion passed (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

b. Mr. Stivers moved to accept the $100 donation for the Fire Department Ambulance Fund. Mr. Healey seconded the motion. The motion passed all in favor (5-0-0) by roll call vote: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

c. Mr. Dennington asked to hold agenda item "c." Mr. Dennington noticed a discrepancy in the memo regarding closing the Warrant for Annual Town Meeting. Mr. Dennington suggests the dates be consistent and should be December 21st. Mr. Dennington also asked about the decision not to continue with Clear Gov. Mr. Purple shared Clear Gov was part of a Community Compact initiative so there was no cost to implement. The platform offered transparency but didn't improve functionality. Mr. Purple has asked Mr. Ballantine, Finance Director to look into other potential financial tools for possible future use but for the FY 2023 budget cycle, we will be using Excel. Mr. Purple suggested this item be part of the Q1 report. Ms. Braccio will add to the upcoming Q1 report. Mr. Stivers moved to Approve FY23 Budget/Town Meeting Schedule, as amended. Mr. Dennington seconded the motion. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

d. Mr. Stivers asked to hold agenda item "d." Mr. Stivers asked about the status of this item. Mr. Purple is seeking recommendations for attorneys specializing in tax and title law and has not received a formal recommendation at this time. He will have it for the October 19th meeting. This item will be held until then by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

e. Ms. Braccio asked to hold agenda item "e." Ms. Braccio thanked Mr. Pfaff for all of his time and dedication on the Capital Planning Committee and thanked him for his service. Mr. Stivers moved to accept the resignation from Andrew Pfaff from the Capital Planning Committee, effective 9/30/21. Mr. Healey seconded the motion. The motion passed all in favor (5-0-0) by roll call vote: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

f. Mr. Healey asked to hold agenda item "f." Mr. Healey shared Ms. Malinowski and Ms. Braccio, on behalf of the Board, engaged in discussions and negotiations with Mr. Purple regarding a successor three-year contract for the position of Town Administrator. Ms. Malinowski and Ms. Braccio shared the results of those negotiations as well as the proposed contract. The contract is being reviewed by Town Counsel. Upon the Board's vote and execution, the contract will become public record. Mr. Healey moved the Board approve a three-year successor contract for Mark Purple as Town Administrator, subject to review by the Town's Labor Counsel. The contract may have substantive or ministerial changes. If changes are ministerial, the contract is approved as of this vote. If there are any substantive changes, we will revisit at our October 19th meeting. The exact term of the contract will be from October 1, 2021 and run for 2.85 years to be in line with other town contracts to expire on June 30th. The motion passed (4-1-0) by roll call vote: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, nay; Braccio, aye. Mr. Purple confirmed once the contract is signed, it will be posted on the Town's website.

VI. Other Matters Properly Before the Board (*Board may vote*)

a. Approve four (4) 1-day Alcohol License applications for Chestnut Hill Farm "Fall Fun on the Farm" events: October 10, October 17, October 24, October 31.

D.A. Hayden and Rob Warren from the Trustees of Reservations also joined the meeting. Mr. Healey believes this is not an educational event. The terms of the conservation restriction and management plan are for educational events and he felt this is a moneymaking event. He recommends the

Conservation Commission be a part of the determination of what is educational. An alcohol license tied to an educational event for children is not something he supports. Ms. Hayden responded she does believe these are educational events. Mr. Warren stated their goal is to engage the community with the farm. He asked that in the spirit of New England farm harvest festivals, the Board approve the licenses. Ms. Hayden also added in speaking with attendees of similar events, both adults and children are engaged and learning. Having experiential events encourages connection and volunteerism with the Trustees. These events allow the public to learn about the importance of keeping spaces open. Mr. Healey stated he was a part of the process to get the conservation restrictions in place and the idea that it is being used for a commercial event wasn't part of the intent. Ms. Malinowski stated serving alcohol at a children's 90 minute event is not a necessity. She is not comfortable agreeing to an alcohol license for this type of event with the conservation restriction. Mr. Stivers commented he believes it is possible to attract the public without serving alcohol. He is prepared to support the licenses this time with the understanding that clarification about what constitutes an education event will be addressed. Mr. Dennington is prepared to support the application. He does not believe the event is inconsistent with the purpose of the conservation restriction. Ms. Braccio stated she isn't comfortable with where this fits into the conservation restriction. Mr. Healey moved to approve four (4) 1-day Alcohol License applications for Chestnut Hill Farm "Fall Fun on the Farm" events: October 10, October 17, October 24, October 31. Mr. Stivers seconded the motion. Roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Mr. Healey, no; Ms. Malinowski, no; Ms. Braccio, no. The motion failed (2-3-0).

The board took a recess at 8:24pm and reconvened at 8:29pm.

b. November 1, 2021 Special Town Meeting

i. Meeting logistics – update

Town Clerk Jim Hegarty told the Board the Special Town Meeting will be held in the Trottier School gymnasium. The meeting will be in full compliance with the Board of Health directive of 6ft separation vertically and horizontally. There will be two air movers to increase the flow and masks will be mandatory. The gymnasium can accommodate 141 people. Overflow will be directed to the auditorium, which can accommodate another 100 people. He is working with the Board of Health and SEMA to provide a COVID rapid test in the parking lot prior to entering the gymnasium or auditorium. Specifics on this to follow. In terms of publicizing, there will be banners displayed in town and postcards are due to arrive to residents by 10/23 that will display a QR code linked to the Warrant. He is also working with the schools to provide notifications through electronic backpacks. Those in the auditorium will have the same ability to participate as those in the gymnasium. Ms. Braccio asked if there will be a video feed in the auditorium. Mr. Hegarty said no. The Moderator will have a camera to see if anyone at any microphone is wishing to speak. Mr. Healey asked what happens in the event 200 people show up. Mr. Hegarty said he is working on the plan should that occur. Mr. Dennington asked if speakers were required to wear a mask at the microphone and was told yes. Ms. Malinowski asked for confirmation there will be no video feed for presentations in either the gymnasium or the auditorium. Mr. Hearty confirmed there will be no video feed for presentations in either the gymnasium or the auditorium. He felt the cost to provide video feed is expensive and is not an appropriate use of public funds and stated providing video is not a requirement for Town Meeting. He also stated the size of the screen doesn't allow everyone in the room to fully view the screen (i.e. those in front have a better view than those in the back). Ms. Malinowski remarked she is concerned about the potential map change in the Downtown District by-law and whether that can be adequately conveyed without video capability. She said video capability would be a useful visual tool in the discussion. Mr. Hegarty said there will be handouts for attendees

to view the map change. However, it was decided not to pursue screens because it reduces the number of seats available for attendees due to COVID restrictions. Mr. Purple had a walk-through with Mr. Hegarty and Town Moderator Cimino and believes the stage is set to accomplish the Town's business while respecting the health and safety of all involved. Ms. Braccio thanked Mr. Hegarty for his efforts in creating a safe event.

ii. Downtown District bylaw

Ms. Braccio stated this matter is a continuation from the Board's last meeting. Ms. Malinowski had a specific question and the EDC was invited to come to this meeting to address her concern. We will not be addressing issues that have already been addressed. Mr. Anderson, Chair, called the EDC meeting to order at 8:45pm and called a roll call attendance. Ms. Malinowski said she watched the EDC meeting and was pleased to see the EDC take a position. In the motion, EDC wanted to take out 40% as the residential use limitation. In a previous draft, Ms. Malinowski noted the number was 10% and EDC had suggested striking that number. Ms. Malinowski is seeking clarification as to whether the EDC wants the number out completely or are they suggesting a different percentage as replacement for a residency use component. Ms. Connelly said 10% was intended as part of the discussion of any 1st floor mixed use building. The EDC wanted to ensure there was some mixed-use space on the 1st floor but ultimately, took the number out because it was causing confusion. The EDC is committed to ensuring all street facing 1st floor units are commercial because that's the purpose of mixed-use space the EDC is trying to encourage. This has nothing to do with the total percentage of residential units in the entire building. The language that "not more than 40% of the entire building could be residential" is a new concept that had not been discussed prior to the Planning Board meeting a few weeks ago. Ms. Connolly stated that the EDC came to the Planning Board with a simple ask more than 2 years ago – please add by-right mixed-use to have residential space over commercial space because this was contemplated in the 2008 Master Plan. It was also a primary recommendation of the ULI study. Finally, it has been supported by other research done by the Town over the past decade. In Ms. Connolly's opinion, the concept of having a percentage as a cap on residential space undermines the goal of creating mixed-use space. The current code allows for up to a 3 story building. If you put in a 2 story building with commercial space on the bottom and residential space on top, that is more than 40% (the top floor is ½ or 50% of the building) and it wouldn't be permitted. Having a percentage defeats the reason the EDC has been trying to move forward. Ms. Connolly asked for clarification about where the concern has come from, what is the benefit of having a number in the by-law and what should the number be. Ms. Braccio asked the EDC what number they are looking for. She stated currently there is no mixed use and no by-right. Not finding consensus at the Board level to take to Town Meeting only creates the opportunity to wait three more years before we can move forward with this initiative. Ms. Luttrell from the Planning Board was present. She stated the minimum requirement of 10% commercial would allow a building to be 90% residential which may be easier to develop. The reason for mixed use was to bring small scale commercial development to the downtown. Heavy emphasis on residential development won't encourage small commercial development. A maximum of 10 % commercial development meets the by-right requirement of the by-law so you would have 10% commercial and 90% residential. In other towns, this has been an issue. Mr. Healey commented he thinks it is important to have this item on the Warrant at the Special Town Meeting and let it play out there given there is no consensus on the Board to change the recommendation from the Planning Board. He called the Board's attention to a recent publication of research from the Boston Foundation. In it, the research suggests explanations similar to the ones given by the Planning Board are routinely used by suburban planning boards to keep out downtown residential development. Limiting residential development limits Southborough's commitment to diversity, inclusion and equity in housing – something Southborough

residents have said they want. Mr. Healey encourages the EDC to make clear the changes by the Planning Board are contrary to the goals the EDC are advancing. Ms. Braccio commented that we need to look at downtown development from a historical perspective and from a parking perspective. Ms. Braccio calls these are guardrail issues. Mr. Anderson remarked that the graphic shown by Ms. Braccio indicates that nothing has been built in the downtown area since 1978. Mr. Wood from EDC pointed out that the 10% number was a typo on the first floor. The original language was "up to 10%" and it was used to meet an ADA requirement. 10% commercial and 90% residential was never the EDC goal or intent. Ms. Connolly commented that the EDC wants to compromise. 40% doesn't make sense for mixed use. She feels it is important to understand why mixed use is important. It is the modern economic model of development today. It is the model for the future and it is sustainable. She has spent time dealing with historical considerations and she is surprised that there is pushback on the residential component. When she began this process, it was with the understanding that diversity in housing is a common goal. Mixed use is a part of moving Southborough into the future. Ms. Luttrell clarified 10% minimum requirement for non-residential use is part of the mixed-use definition. It is not a typo. It was stated as such through version 9. The Planning Board changed it. Ms. Malinowski asked for confirmation that the EDC does not want a percentage to define the maximum amount of residential units for mixed use. Ms. Connolly replied that is the EDC's preference. Mr. Stivers stated he believes it is important to get this matter to Town Meeting for the citizens to decide. In terms of the by-law, he believes there is some sort of structure that is needed but it can be modified in the future, as needed. Mr. Stivers is in favor of relaxing constraints on residential use, in favor of bumping up the FAR number and is in favor of adding to the number of units permitted. The key goal is to increase investment in downtown and keep moving this issue forward. Ms. Braccio said the Planning Board has left public hearings on this matter open until October 18th. Ms. Malinowski is in favor of bringing the article forward as written. She is in favor of keeping the number of units at 3, as increasing to 4 units would trigger affordable housing, which would increase the workload for the building inspector. Mr. Dennington supports a by-law that has a realistic chance of passing at Town Meeting. He supports the by-law as written. He is in favor of small scale mixed use. This can be accomplished with some mixed use by-right and special permits. He would like to see the Planning Board and EDC keep discussion open to resolve the outstanding issues. He believes we are closer than ever to realizing substantial change. He stated Chairwoman Braccio has done an incredible job in managing many disparate views on this matter into a by-law that has the potential for real change and movement forward. Mr. Anderson added the act of passing a zoning by-law is not enough to achieve success. He believes we need to create the environment for developers to bring projects forward that Southborough residents want. These projects must include diversity of housing and small shops. Ms. Braccio thanked the EDC and Planning Board for attending tonight's meeting. Mr. Anderson called for a motion to adjourn the EDC meeting. The EDC meeting was adjourned at 9:39pm.

iii. Updates/ordering of articles

Mr. Dennington suggested a correction in Article 10. The language reads multifamily units up to 12 units, not to exceed 10 units. Language should read not to exceed 10 units. Ms. Braccio asked the Board if anyone has a concern with how the Articles are numbered. There are no concerns by the Board with regard to the ordering of articles. Article 1 – Mr. Purple updated the Board that Ms. Rosenbloom, Personnel Board Chair, had added additional detail to Article I to include a position entitled Senior IT Specialist, Section 20, Schedule A, Grade 7. Ms. Braccio asked the Board for feedback on Article II – amend town code Select Board. Mr. Stivers supports Select Board. Mr. Dennington supports Select Board. Ms. Malinowski supports Select Board. Mr. Healey supports changing the name but to Board of Selectwomen and Selectmen – a term that he feels honors the

historical background of the position. Ms. Braccio is leaning in support for Select Board since it is becoming a commonly used term by other cities and towns across the Commonwealth. Ms. Braccio stated that at this Thursday's Advisory meeting, the goal is for the Board to take positions on the Articles. In the future, Ms. Braccio recommends votes by the Board either to support or defeat articles are included in the printed warrants. It supports transparency with the public. Mr. Dennington asked if there would be updated information on Article 4, the request to levy $85,000 for an IT server replacement. Ms. Braccio said an update would be provided at Thursday's Advisory meeting. Ms. Malinowski provided an update/overview of the Board of Health-Personnel Benefits. She said this article is to fully fund the Health Director and Public Health Nurse from 11/1/21-6/30/22. Both have contracts that are in place until 6/30/22. This article seeks to increase the budget to cover their salaries and benefits. Mr. Purple updated the Board about discussions with the Town Accountant regarding the Water Enterprise Fund and the annual assessment from the MWRA. The number budgeted by the Town was significantly higher than the assessment ($150,000). The correction of this accounting matter will be addressed in the article dealing with budget adjustments.

iv. Approval and signing of final warrant

Mr. Healey moved to approve and sign the final Warrant, as amended. Mr. Stivers seconded the motion. The motion was approved by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Mr. Healey, aye; Ms. Braccio, aye. (5-0-0). All members of the Board of Selectmen will be in tomorrow, October 5th, to sign the Warrant.

c. Continuation of Q4 Financial review –EEA Grant

As part of the FY21 budget review process, Ms. Malinowski has concerns about the EDC's consulting budget because almost all of the budget was used. Her understanding of the purpose of that budget is to apply for grants, including grants on Rt. 9. Ms. Malinowski determined approximately $2,500 in grant or town funds were spent on advocacy material for the Downtown District. Her understanding is that town funds, including reimbursements from grants, cannot be spent on advocacy for a position on a warrant article. She sought advice from Town Counsel and learned policy making boards can use such funds for advocacy for a position. Ms. Malinowski queried whether the EDC is considered a policy making board. She recommends the Board bring forward a policy to eliminate any ambiguity and ensure integrity and creditability of any grant processes that come before the Board. Mr. Healey asked what is the trigger for when funds can be used. Ms. Malinowski replied if materials advocate a position, that is the trigger, although she is not clear on the timing. She believes there should be a line drawn for anything that involves a public vote and would appreciate some guidance from Town Counsel. Mr. Dennington thinks boards in town may not be aware of this restriction and a simple educational process for town boards is important. The message is there is a policy which states town funds cannot be used to advocate for or against a position placed before the public. Mr. Stivers wanted to clarify that he feels it is important not to hinder boards that are problem solving. Educational materials/handouts for Town Meeting as to why a proposal is being brought forth seem reasonable. However, using town funds for advocacy does not. He wants to think about the issue a bit more. Ms. Braccio echoed Mr. Stivers's sentiments in that educational materials are different than advocacy materials. Ms. Braccio asked Ms. Malinowski to draft a potential Board policy addressing this issue. Mr. Healey inquired as to whether the materials in question have been distributed. Ms. Malinowski said she believes they have not. Mr. Healey suggested we inform the EDC of the situation and request they not distribute materials. Ms. Malinowski or Mr. Purple will follow up with the EDC.

d. Board of Health update

Dr. Fazen's report analyzing the structure and activities of the Board of Health is ongoing and the Board was notified he will be conducting a public forum on October 21, 2021 at 7pm via Zoom. It will be recorded. If anyone has questions, they can send them to Ms. Malinowski and she will ensure they are read into the public record. The forum will be advertised.

VII. Public Comment

Mr. Fling has concerns about the upcoming Town Meeting and the lack of visuals available for attendees. He suggests a QR code be printed in the Warrant as a potential solution to the lack of visuals. He also would like families to be seated next to one another. With regard to the Downtown District and the FAR chart that was shown, he would like future discussion to include consideration of .3 FAR. He believes .3 FAR may be too restrictive for expanded use.

Mr. Dennington stated in the Warrant, Part 7 adds the map. The map wasn't in the Warrant. Is this a separate article? Mr. Purple stated Town Counsel opined the map is a separate article but if the Board want to include in the Warrant, they can do so. Mr. Purple will reach out to Town Counsel for clarification and also query what vote must be taken at Town Meeting to amend the map. Mr. Purple also stated if the change is ministerial, there will be no need for Board to amend. Mr. Miller urges the Board to memorialize the Planning Board map prior to Town Meeting for sake of clarity. He also thanked Ms. Malinowski for her discussion on EDC funds relative to advocacy. He appreciated the information. Finally, he thanked Ms. Braccio for her clear facts with regard to the FAR discussion relative to the Downtown District. Her information provided much needed clarity.

VIII. Adjournment

Mr. Stivers moved to adjourn the meeting. The motion was seconded by Ms. Malinowski and voted all in favor by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Malinowski, aye; Ms. Braccio, aye. The meeting was adjourned at 10:27PM.

Upcoming Meetings
October 19, 2021

Respectfully submitted,

Bridgid Rubin, Recording Secretary

TOWN OF SOUTHBOROUGH
DEPARTMENT OF PUBLIC WORKS

147 Cordaville Road
Southborough, MA 01772

Tel: 508-485-1210
Fax: 508-229-4444

DATE: November 2, 2021

MEMORANDUM

TO: **Southborough Board of Selectmen**
CC: **Mark Purple, Town Administrator**
Chris Leroy, Tree Warden
FROM: **Karen Galligan, DPW Superintendent**
SUBJECT: **Tree Hearing Appeal – Downtown and Various Streets Project**

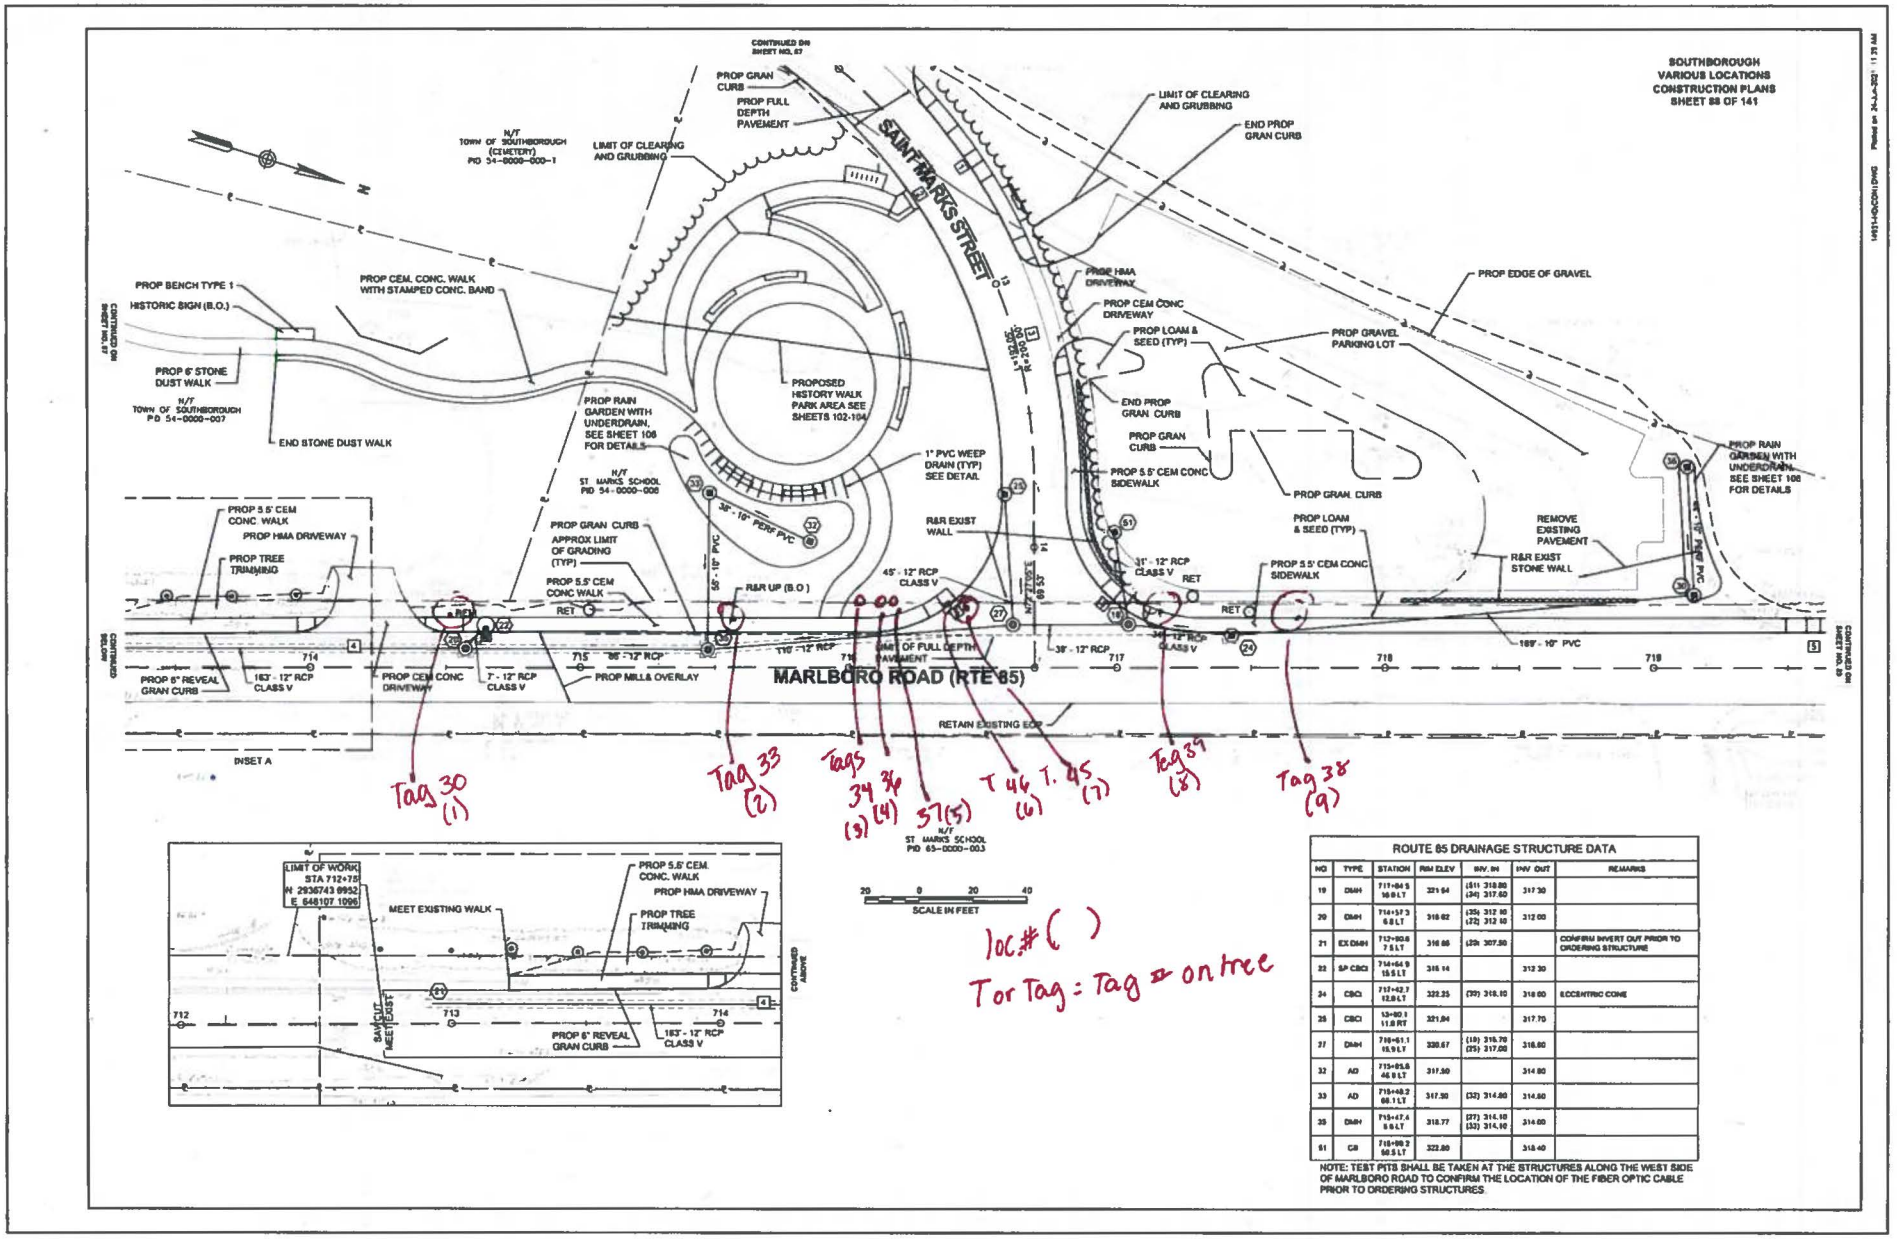
As you know, on November 1, 2021, the Tree Warden and the DPW held tree hearings for trees slated for removal due to the St. Mark's Street and Route 85 intersection reconfiguration and improvements project.

Prior to the end of the hearings the DPW received written objections to the removal of all of the trees. The DPW has sent a public hearing advertisement to the Metrowest Daily News advertising the appeal hearing with the Selectmen. The ad will run on November 4th and 8th. That hearing will be remote on November 16th at 7:30. I have attached the information used for the original tree hearing, notes from that hearing, and the project plan referenced at the hearing.

I have also attached other relevant pages regarding the approved work for the intersection improvement, including the new intersection layout, sidewalks on St. Mark's Street, the approved sidewalks on Marlborough Road, drainage, the park layout and the park planting plan. The Town's accepted Complete Streets Priority Plan and the Sidewalk Construction Recommendation Committee's Report are attached as well. Both of these aforementioned plans/reports identify Marlborough Road as a priority for sidewalk construction.

Also, I just want to make sure the Board recognizes that the St. Mark's Street/Route 85 intersection project is the third, of four, locations in the Town's awarded Downtown and Various Streets Project contract. Each section was vetted separately or as part of the Main Street Reconstruction TIP project. The other locations in the current Downtown and Various Streets Project contract are:

- **L1** Downtown Main Street, including water main replacement, drainage work, sidewalks and paving from the eastern end of the Main Street Reconstruction TIP Project, at Park Street, east past the train tracks to the intersection with Boston Road, then North down Newton Street to the Medical Building.
- **L2** Sidewalk improvements on Cordaville Road heading south from the southern end of the Main Street Reconstruction TIP Project to the northern Cemetery entrance.
- **L4** The project also includes intersection improvements to the Flagg Road/Deerfoot Road intersection, as recommended by the 2016 Flagg Road Safety Study.



The full set of plans can be viewed, as bid, on the Town's website at:
https://www.southboroughtown.com/sites/g/files/vyhlif7351/f/uploads/plans_0.pdf

I hope that this information helps with the Board's tree hearing appeals, gives the Board, and the public, context for the St. Mark's Street intersection part of the contract, as well as context for the overall Downtown and Various Streets Project contract.

TREE HEARING LIST

Hearing Date: November 1, 2021

Tag #	Plan Loc #	Street	Tree Type	Diameter Size	Comments	Vote
30	1	Marlboro Rd	Ash	12"	Dying Tree - in future sidewalk	Remove

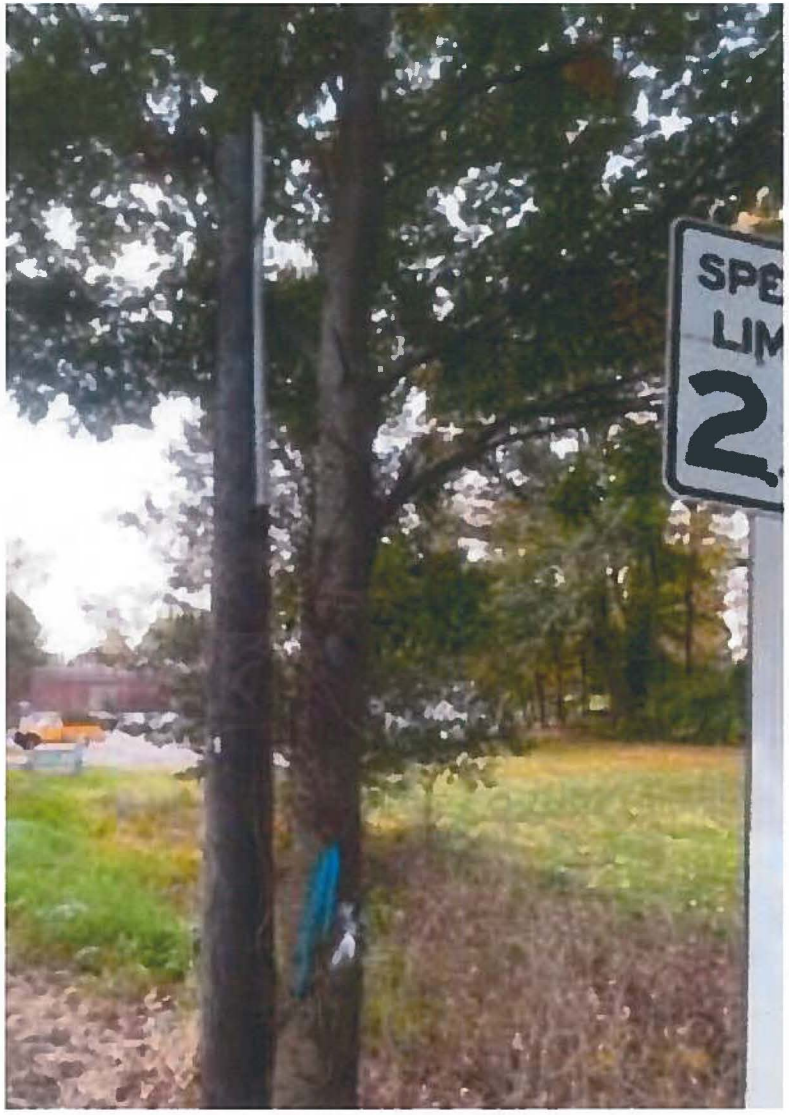
TREE REMOVAL HEARING

LEGAL NOTICE
PUBLIC HEARING NOTICE
for TREE REMOVAL HEARING

The Southborough Tree Warden, under the requirements of the Massachusetts General Laws, Chapter 87, Section 3, (cutting of Public Shade Trees; Hearing; Damages) will conduct a public hearing on **Monday, November 1, 2021 at 12:00 PM** outside at the north end of the Southborough Library Parking Lot, 25 Main Street to discuss the removal of nine (9) trees located on Marlborough Road. The trees range in size from six inch (6") to thirty-six inch (36") and consist of one (1) elm tree, one (1) maple tree, two (2) ash trees (one double trunked) and five (5) oak trees. Each tree is posted. A complete list of the proposed tree removal locations, species, size and pictures can also be found at https://www.southboroughtown.com/tree-grounds.

Any person wishing to be heard on the proposed plan should appear at the time and place designated. Objection to the proposed removals may be made in writing prior to, or at the hearing.



Christopher Leroy
Tree Warden

All the trees, thanks. I would like to get a better idea of what is going on and get this in front of the BOS before we march to much further down the road.

[EXTERNAL]

Dear Karen, and Select Board,

I am writing as a resident of Southborough, to object to the removal of the public shade trees listed hereunder, which were designated for removal in the DPW's Hearing Notice (Legal Notice Public Hearing Notice for Tree Removal) posted on the town's website. The hearing is scheduled for Nov. 1 at noon in the Library Parking lot, 25 Main Street.

I object to the removal of the following shade trees:

16" ash, Tag 30
12" oak, Tag 33
8" oak, Tag 37
8" oak, Tag 36
12" maple, Tag 38
28" ash (double), Tag 39
36" oak, Tag 45
5" oak, Tag 46
10: oak, Tag 34

My objection to the removals is hereby made in writing, in accordance with MGL Part 1, title xiv, Ch 87, sec. 4. This requires a hearing by BOS to review the proposed removals.

I am requesting this as a private citizen not as a Library trustee.

I am also requesting that the DPW and Karen would please provide a copy of the current plan for the proposed park, road paving, and parking lot changes to the the Library Board of Trustees. The next meeting of the Library Board is Nov. 16 at 11 am.

There is a concern that tree removal and increased paving will impact ground water absorbtion and lead to increased water flow to the library, which has been subject to frequent flooding. In addition, there is a concern that Library parking may be impacted.

Thank you for your prompt attention to this matter.

Sincerely,

Marguerite Landry

ARPA Committee Charge

Membership

- The Committee shall consist of 7 members, comprised as follows:
  - One (1) member of the Advisory Committee
  - Two (2) members of the Capital Planning Committee
  - One (1) member of the Economic Development Committee
  - Three (3) Southborough residents who are not currently members of an appointed or elected Town board or committee;
- Members will be appointed by the Board of Selectmen at a duly posted public meeting following the advertisement for interest in serving on the committee;

Term and Organization

- The term of office shall be for one (1) year;
- The Committee shall report to the Board of Selectmen as required;;
- The Committee shall elect its own Chair, and shall establish a regular meeting schedule. All records of the Committee shall be filed with the Town Clerk and open to public inspection in accordance with applicable Open Meeting Law and Public Record statutes;
- The Committee shall operate in accordance with the State Conflict of Interest Laws;
- Members shall serve without financial compensation.

Duties

- The Committee shall provide recommendations to the Board of Selectmen on the expenditure of approximately $3,051,241 in ARPA (American Rescue Plan Act of 2021) funding;
- The Committee shall solicit input from Town departments, boards, committees, and commissions;
- The Committee shall solicit input from the Southborough community, through means including but not limited to surveys and public hearings;
- The Committee shall develop an evaluation tool to rank proposals for funding, taking into account the benefit of the requested improvement to Town operations and/or the community as a whole;
- The Committee shall develop a report to present to the Board of Selectmen that will include a list of all proposals submitted for consideration, in addition to those recommended for funding;
- The Committee recommendation will be presented to the Board of Selectmen at a regularly scheduled meeting on or before _____, 2022, and be prepared to discuss their process and findings at that time.

DRAFT

EMPLOYMENT AGREEMENT BETWEEN
TOWN OF SOUTHBOROUGH
AND
FIRE CHIEF

THIS AMENDMENT ("Amendment") is entered into pursuant to on this __ day of November, 2021, pursuant to Chapter 41, Section 108O of the Massachusetts General Laws, by and between the Town of Southborough, Commonwealth of Massachusetts, a municipal corporation in Worcester County, hereafter called the "Town," acting by and through its Select Board, with no personal liability to themselves ("the Board") and Steven E. Achilles of Portsmouth, New Hampshire (the "Fire Chief").

WHEREAS, the Town and the Fire Chief are parties to an employment contract dated April 29, 2019 (the "Contract"), which outlines the terms and conditions of employment of the Fire Chief of the Town of Southborough;

WHEREAS, the Town and the Fire Chief have negotiated in good faith certain amendments to the Contract and desire to memorialize the same.

NOW THEREFORE, in consideration of the foregoing and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree to amend the Contract for employment dated April 29, 2021 a as follows:

I. The recitals set forth above are hereby incorporated into this Amendment by reference. Capitalized terms used in this Amendment and not defined herein shall have the meanings ascribed to them in the Contract.

II. Except as expressly amended by this Amendment, the Town and the Fire Chief hereby ratify and confirm the terms of the Contract, inclusive of the job description, in all respects.

III. Upon the Effective Date as set forth in Section VII below, the Parties agree to amend Section I

by deleting the last sentence which states:

> "The Fire Chief shall maintain his paramedic certification throughout the term of this agreement."

and replacing said sentence with the following:

> "The Fire Chief shall maintain his Emergency Medical Technician - Basic certification throughout the term of this agreement."

IV. This Amendment may be executed in counterparts, each of which shall be an original and which together shall constitute a single instrument.

V. Whenever possible, each provision of this Amendment shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Amendment

shall be prohibited by or invalid under such law, such provision shall be ineffective only to the extent and duration of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Amendment.

VI. The parties have participated jointly in the negotiation and drafting of this Amendment. In the event an ambiguity or question of intent or interpretation arises, this Amendment shall be construed as if drafted jointly by the parties and no presumption or burden of proof shall arise favoring or disfavoring any party by virtue of the authorship of any provisions of this Assignment.

VII. This Amendment shall become effective when executed by both parties.

IN WITNESS WHEREOF, the Town of Southborough, Massachusetts, has caused this Amendment to be signed and executed in its behalf by its Select Board, and the Fire Chief has signed and executed this Agreement, both in duplicate.

Attachments: 5th Dispatcher Schedule and Costs.pdf

Follow Up Flag: Follow up
Flag Status: Flagged

Good Afternoon All,

Please see the attached.

Page one represents the schedule for the past two weeks. All of the highlighted areas represent overtime slots as a result of the vacancy or the open shifts (circled in orange). ***Note that no one has taken any contractual time off during this period to help fill the hours.

Page two represents the schedule with the hiring of Ms. Remillard to fill the vacancy. The orange circles represent the open shifts. There is no contractual time off accounted for illustration purpose.

Page three is the schedule with the proposed 5th Dispatcher. Note that the open shifts have been filled by regular scheduling leaving no vacancies at full staff (only covering for contractual time off as it requested). It does result in a few days of the week where two will be scheduled at once (optimal scenario for safety and service to both police and fire) if one does not take the day off.

Also, if Staff were to leave or have long time absence (FMLA, injury, etc.) we are able to revert to the old schedule without as much hardship until a replacement is hired and trained.

Cindy has calculated that a December 1, 2021 start date would result in a cost of $32,000.

Assuming training takes eight weeks to go solo (Feb. 1, 2022) we would presumably have 50 open shifts covered for the rest of the fiscal year (the new hire gets time off as well) the savings appear to be $14,080 in overtime/part-time salary cost. I do have a candidate in mind after the recent application process (they would need full training).

The net would be $17,920 (approximate) on our end.

Please contact me if you need to discuss.

Best,

Ken

Uniform Allowance	$525.00
	$32,000.07

Cost Savings of Filling Open 3-11 Shifts (February 1 - June 30, 2022)

Open 3-11 Shifts with 4 Dispatchers					
February	March	April	May	June	Total Shifts
10	10	10	10	10	**50**

	OT Rates
MAIDA	41.85
DEVINCENT	41.85
FONTAINE	34.64
REMILLARD	35.67
PT	22.00
AVERAGE	**$ 35.20**

Average OT/PT Rate to fill shifts = $35.20/ HR

COST TO FILL 50 OPEN 3-11 SHIFTS AT $35.20/HR = $14,080

Additional Dispatcher	(-)	Balance (Shifts)	
Number of Shifts Worked Per Year		260	
Add'l Days off due to 4 days on/2 days off Schedule	18	242	
Personal Days	3	239	
Holidays (2 can be used as days off per contract)	2	237	
Vacation	10	227	
Avg. Sick Days	7	**220**	**Days Worked/Year**

The current schedule with 4 Full-Time Dispatchers creates 122 open OT shifts (3 PM-11 PM) per year.

The average cost to fill those shifts is $35.20/HR., calculates to $34,355.20/YR

Communications

The Department relies heavily on reserve officers to staff communications positions. As part of creating a professionally staffed, full-time PSAP operation, the positions should be named and reclassified as communications specialist. The communication specialists should have the sole responsibility for managing communications for police and fire activities. This responsibility is a full-time, 24-hour per day, seven day a week function. This will require a minimum of six people to staff and there are only three positions designated as communications specialist with reserves filling in. This practice needs to be changed.

Administrative

The Police Chief is running his organization assisted by a part-time administrative person. This person is very competent but also carries responsibilities for dispatching, grant writing and several other duties that take him away from his administrative tasks. The Department should designate a full time civilian staff person to handle the normal administrative functions of the organization.

Recruiting/Hiring

While analyzing the recruiting and hiring process was not specifically called for in this study, it is important to mention an obvious diversity issue that should be reviewed. The Southborough Police Department is noticeably a white male department. There are only one full-time and two reserve females in the organization, and only one ethnic minority. There is understandable difficulty recruiting and hiring qualified ethnic minorities, given the demographics of the area. However, here is no shortage of females in the region; it would add balance to the organization to have a greater number of women officers. Therefore, the department should explore the Selective Certification process to hire additional female officers.

Summary of Police Staffing Recommendations

1) **Add three additional police officers positions to match community growth. Start with one night police officer position, as soon as possible, and add a sergeant and another patrol officer subsequently.**
2) **Transition out of the reserve officer program position.**
3) **Designate and hire communication specialists for the PSAP.**
4) **Staff Communications with full time communication specialists.**
5) **Hire a full-time civilian administrative person for the Department as warranted.**
6) **Recruit and hire female officers.**

From: Chief Kenneth M. Paulhus

Subject: Hiring Additional Full-Time Dispatcher

Date: October 29, 2021

Dear Board of Selectmen:

Please consider my request to approve the immediate hire of an additional Full-Time Dispatch position (going from four to five) above what is currently budgeted for this fiscal year. The position would continue to be funded in successive years.

Unfortunately, the current budgeted staffing level of four full-time personnel to cover a 24-hour (seven day-a-week) operation (with non-union part-time filling in) is no longer working; leaving both public safety Police and Fire operations vulnerable to a shortage of trained and qualified personnel to fill the position.

When fully staffed, the schedule still requires the back-fill of 10 open shifts per month. Added shifts are also needed to account for Local 44 Union Contract time-off (vacation, holiday, comp. time, sick leave, etc.). A recent resignation added to this shortage, leaving current staff to work many hours of overtime to make up the staffing. Part-time personnel cannot be mandated to fill openings.

In addition, it takes between 300-400 hours of training to get a full-time or part-time Telecommunications Officer certified and trained to master both departments, and work in a solo capacity (Emergency Medical Dispatch, E-911 Certification, IMC Training, etc.). It is also a minimum four to six-week process to advertise and fill vacancies. Many departments state-wide are experiencing similar issues in hiring and retaining qualified telecommunications staff.

I am available at any time for further information or discussion.

Chief of Police

Lt. Ryan M. Newell
Executive Officer

POSITION DESCRIPTION

Position Title:
Communications Officer/Emergency Medical Dispatcher Dept: Police

Duties:

A Communications Officer is responsible for the appropriate response to all emergency calls received for the Police, Fire, EMS, Department of Public Works, Animal Control, and non-emergency calls for the Police Department.

Under general supervision of the Police Chief, the Communications Officer will dispatch public safety personnel and equipment. Operate all communication equipment for public safety emergency calls and regular business calls. Coordinate and communicate Emergency Fire Dispatch activities between agencies jointly responding to multi-agency incidents. Provide Emergency Medical Dispatch along with triage for incoming calls, and assist the layperson with lifesaving pre-arrival instructions.

Answer all incoming telephone calls, greet the public, respond to inquiries, requests, and complaints within authority. Unresolved issues will be referred to the Officer-In- Charge, Sergeant, Lieutenant, or Police Chief using the chain of command.

Check prisoner cells when occupied as per the suicide prevention guides and record all time checks.

Maintain all communications equipment, especially the incoming E-911 emergency lines and regular telephone lines. Keep equipment in working order, and immediately report any malfunctions or defects to the appropriate authorities and the Officer-In-Charge.

Perform incident reports and any clerical work as required by the Chief of Police or the Officer-In-Charge of the shift. Train new dispatchers and Communications Officers while following the training manual and program.

Communications Officers are Fire Signal Operators and Emergency Communications Dispatchers who will have full knowledge of all radio equipment located in the communications console. This includes full knowledge of all Fire Department remote operations equipment and the dispatch procedures as set forth by the Fire Chief.
All Communications Officers will be required to successfully complete the training programs set forth by the Chief of Police.

Basic Knowledge
Duties require knowledge of emergency radio transmissions for public safety, knowledge of office operations, word processing, and data entry. Must be able to acquire knowledge of computers, be E-911 certified, END certified, and DCJIS certified.

Also be able to acquire knowledge of the location and lay-out of streets, schools, buildings, parks, housing developments, and other significant areas of the community so as to maximize the accuracy and speed of dispatch. Must be a high school graduate, a U.S. citizen, pass an extensive background check, and have dependable transportation.

Experience:
Communications center experience preferred, but willing to train.

Required Training:
Mandatory Certifications include Basic Public Safety Telecommunicator, E911 Emergency Medical Dispatch (as per State CMR), and continuing education classes and re-certifications. All Communications Officers are also required to complete the following training and courses set forth by the Town of Southborough: In-House Computer Systems, Powerphone Dispatch Training, DCJIS Certification, First Responder, Automatic Defibrillator, and C.P.R.

Independent Action:
Under general supervision, must function in accordance with established departmental rules and regulations, policies, procedures, and practices, referring to the Police Chief or the Officer-In-Charge for clarification. Responsible for keeping personnel on a dispatched call fully informed of all facts affecting the safety or efficiency of their response to the call. Authorized and required to provide pre-arrival instructions to all callers when needed, and to dispatch and direct appropriate personnel and apparatus to an incident/call for service.

Supervisory Responsibility:
None

Physical Requirements:
Average physical effort is required to perform duties. Hours of work can be variable. Generally, work days are no more than eight hours. Shift work includes nights, weekends, and holidays. Must be able to work with and around office equipment such as computers, copiers, etc. Job requires ability to sit for extended periods of time. Must be able to multi-task, and work in a stressful and often busy environment.

TOWN OF SOUTHBOROUGH

MEMORANDUM

TO: **Southborough Board of Selectmen**
CC: **Mark Purple, Town Administrator**
FROM: **Karen Galligan, DPW Superintendent**
SUBJECT: **St. Mark's Street and Route 85 Intersection and Park Area**

GENERAL

Since there seems to be a lot of questions about the St. Mark's Street and Route 85 intersection improvement project I have tried to summarize, and clarify, the work being done as part of the project in this memo.

This project was able to be developed due to the State's Shared Spaces Grant. The Town was able to secure $290,000 through the grant. The grant provided the Town with the opportunity to greatly improve a maintenance and navigationally challenging intersection while also providing park space and a native species garden. This was possible because the park area was an attractive asset for the area and made a reciprocal license, to be followed by the granting and taking of easements, with St. Mark's more beneficial to all parties.

DOWNTOWN AND VARIOUS STREETS PROJECT

I believe that a lot of the confusion with this project is because of the fast track of the project, due to the Shared Spaces Grant, as well as the fact that the project is actually only one part of the Downtown and Various Streets Project which includes:

1. the continuation of the Main Street Reconstruction Project in the downtown;
2. a new sidewalk on part of Newton Street;
3. improved sidewalks on Cordaville Road (from the newly replaced sidewalks to the northern entrance of Rural Cemetery);
4. intersection improvements to the Flagg and Deerfoot Roads intersection (as recommended in the 2016 Flagg Road Safety Study).

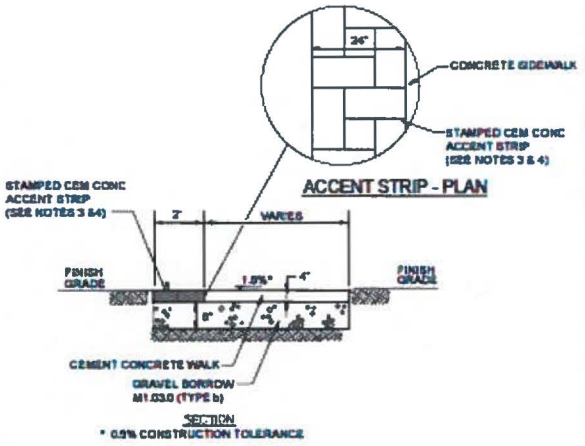
The full set of plans is on the DPW page of the Town's website at:
https://www.southboroughtown.com/sites/g/files/vyhlif7351/f/uploads/plans_0.pdf

ST. MARK'S STREET AND ROUTE 85 INTERSECTION SHIFT

The St. Mark's Street and Route 85 intersection improvement part of the Downtown and Various Streets Project shifts the intersection south about 230'. This shift is beneficial because the shift allows us to change the geometry of St. Mark's Street to better accommodate emergency vehicle and bus turning radii. The roadway may have asphalt binder by the end of the calendar year.

DRAINAGE

The intersection improvement also extends the new drainage system on Route 85 to improve drainage in the area. This additional drainage helps the intersection as well as the Library. The drainage should be complete this year.



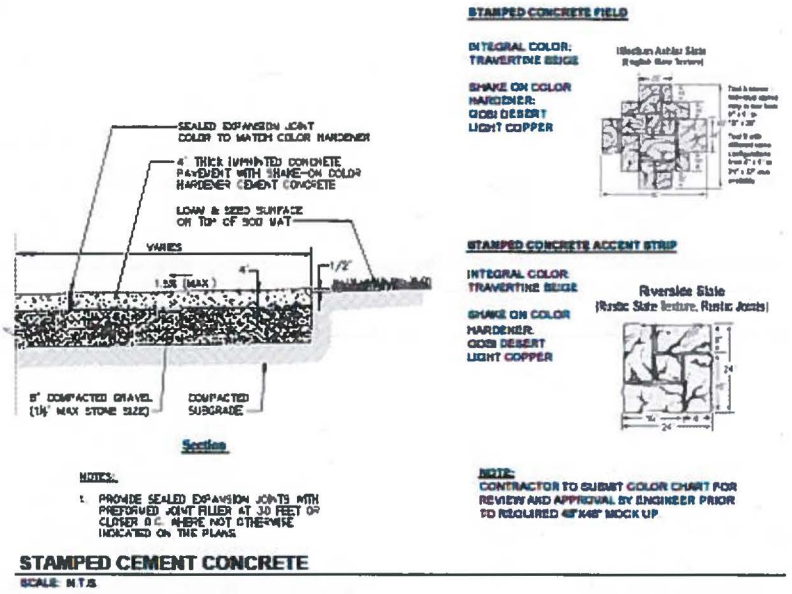
SIDEWALKS

The project adds new curbing and concrete sidewalks from the Town House's St. Mark's Street driveway to Route 85. The project also extends, adds new, sidewalks and curbing from the northern end of sidewalk at the Library, north about 650 feet to a location just north of the existing intersection. As noted in previous correspondence, a sidewalk on Marlborough Road was a priority in both the Sidewalk Committee's recommendations and the Complete Streets Project List. Sidewalks will be constructed next year.

THE PARK

Walkways: The park was designed as a circle with curved walkways spinning off of it to connect it to St. Mark's Street, Route 85 and The Library. Some of the walkway curvature is required in order to follow the site grading while still accommodating appropriate accessibility slopes.

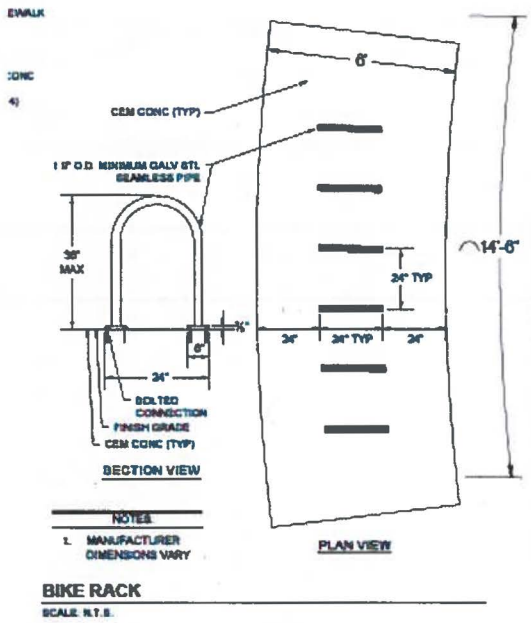
The walkways connecting the inner circle to St. Mark's Street and the Library are concrete with a stamped accent strip. The detail in the specification, along with a picture of this type of walkway the accent would be in concrete – not brick) are below:



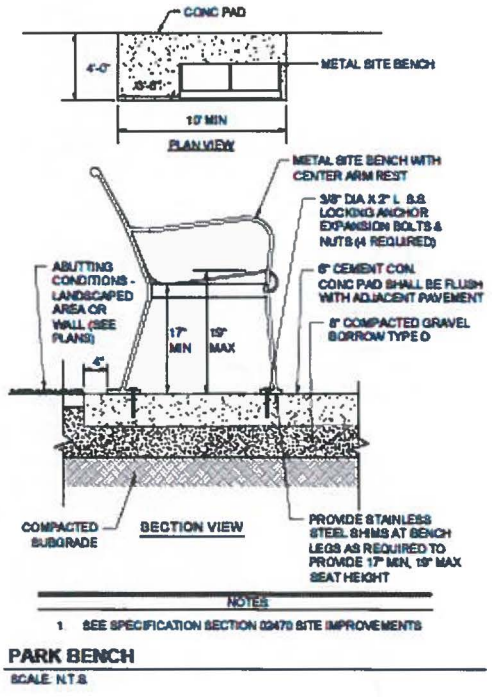
NOTES:
1. PROVIDE EXPANSION JOINTS AT MIN 30' O.C. WITH PRE-MOULDED JOINT FILLER.
2. PROVIDE BROOM FINISH IN DIRECTION PERPENDICULAR TO PATH OF TRAVEL ON AREAS OF SIDEWALK WITHOUT SAWCUT.
3. ACCENT STRIP SHALL BE COLORED CEM CONC THROUGHOUT STAMPED/IMPRINTED WITH A SLATE PATTERN.
4. ACCENT STRIP SHALL BE PLACED PRIOR TO CEM CONC WALK SURFACE OR SIDEWALK.

CEMENT CONCRETE SIDEWALK WITH STAMPED CONCRETE ACCENT STRIP

SCALE: N.T.S.



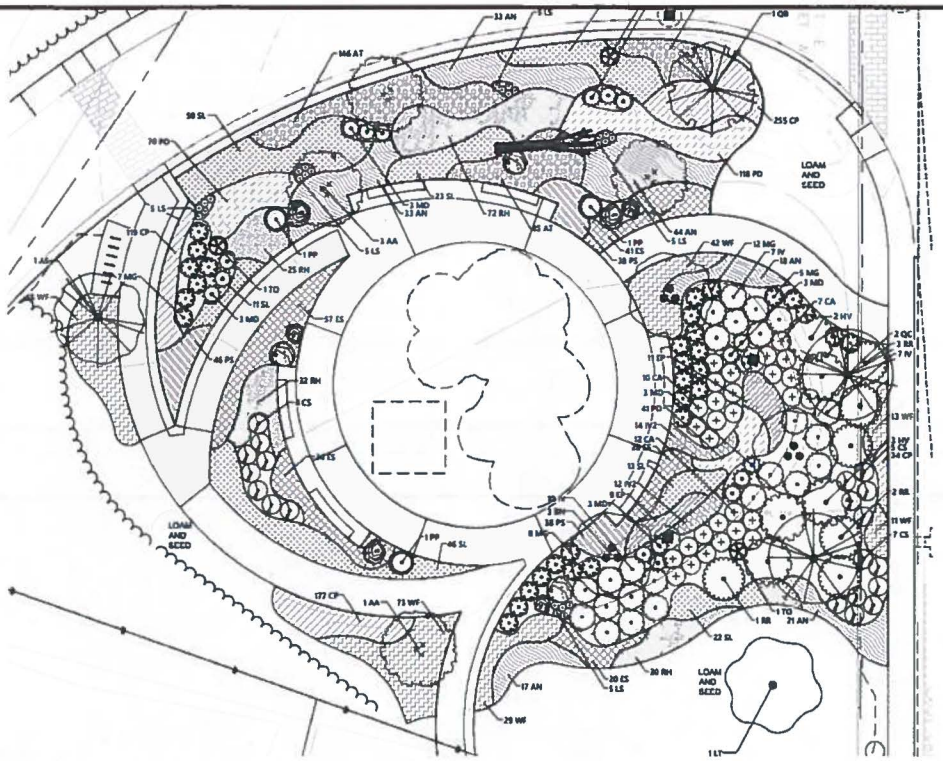
The walkways around the center circle are stamped concrete. The detail from the specification as well as a picture of this type of walkway are below:



The remaining walkways, connecting the park to Route 85 and a connector piece, are plain concrete. I believe that the walkways will be roughed out by the end of this year.

Benches and Bike Racks: There is a bike rack located at the St. Mark's Street entrance to the park. The detail from the specification and a picture of the rack are below:

There is one street bench in the project, it is located behind the new sidewalk on St. Mark's Street. It is a black metal bench as shown below:



There are six curved benches located on the back side of the inner circle walkway. They are wood and similar to the one in the picture below:

Benches and bike racks will be installed next year.

The Garden: The garden area of the park utilizes native species. It was reviewed by Open Space. It is currently being re-reviewed in order to ensure a connection between this garden and the native species garden at the Library, which was not fully designed at the time this specification was written. The planting plan and the Plant Schedule are on the next page:

PLANT SCHEDULE

DECIDUOUS TREES	QTY	BOTANICAL NAME	COMMON NAME	SIZE
AS	1	Acer saccharum	Sugar Maple	3 - 3 1/2" CAL.
BN	3	Betula nigra - Clump	Birch River `Heritage`	8 - 10` HT., CLUMP
LT	1	Liriodendron tulipifera	Tulip Tree	3 - 3 1/2" CAL.
QB	1	Quercus bicolor	Swamp White Oak	3 - 3 1/2" CAL.
QC	2	Quercus coccinea	Scarlet Oak	3 - 3 1/2" CAL.

EVERGREEN TREES	QTY	BOTANICAL NAME	COMMON NAME	SIZE
TO	3	Thuja occidentalis `Smaragd`	Emerald Green Arborvitae	5 - 6` HT.

ORNAMENTAL TREES	QTY	BOTANICAL NAME	COMMON NAME	SIZE
AA	4	Amelanchier arborea	Shad Tree - Downy Clump	8 - 10` HT., CLUMP

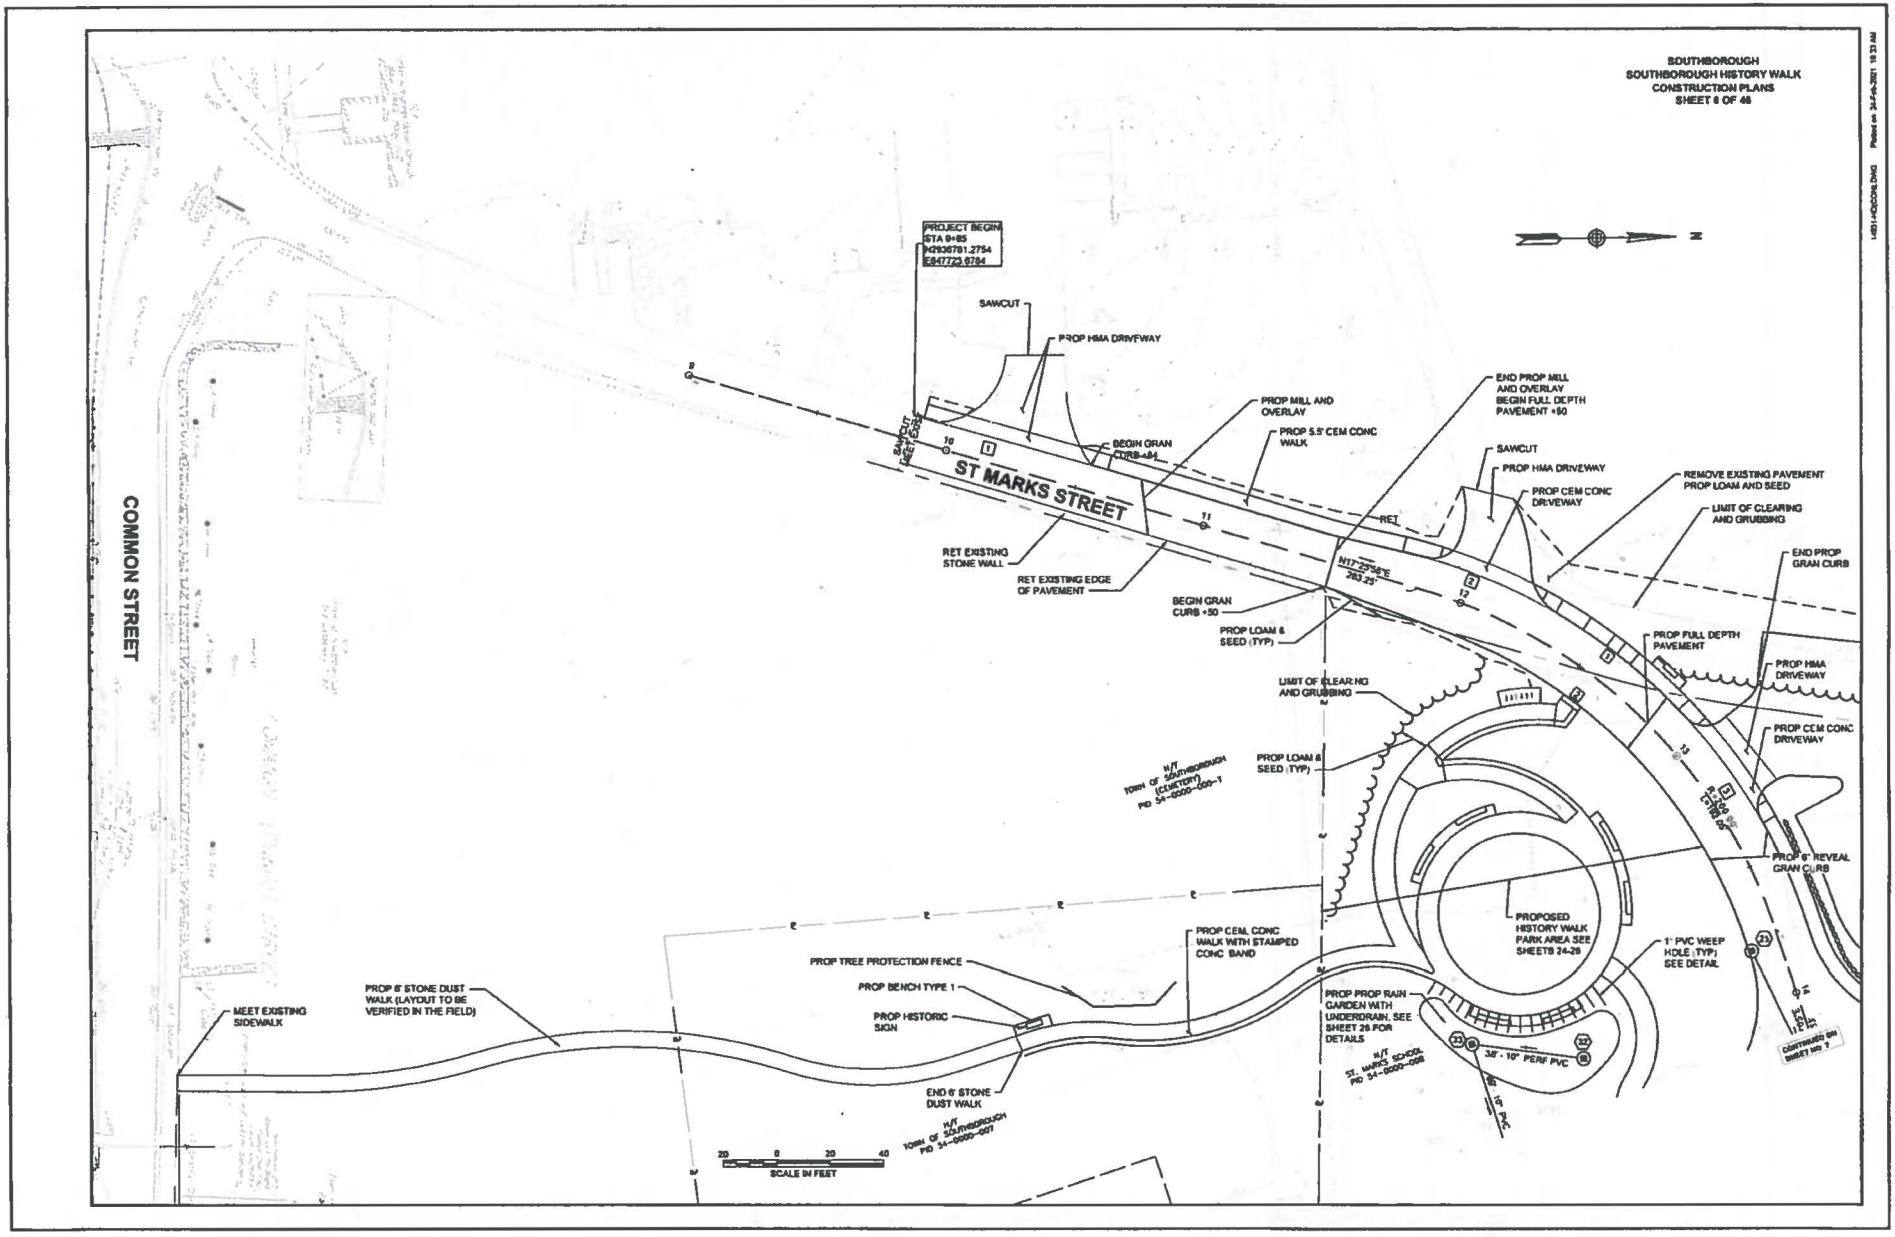
SHRUBS	QTY	BOTANICAL NAME	COMMON NAME	SIZE	SPACING
CA	29	Clethra alnifolia	Summersweet Shrub	2 - 3` HT.	48" o.c.
CS	20	Cornus sericea `Artic Fire`	Dogwood - Redosier `Artic Fire `	2 - 3` HT.	48" o.c.
HV	5	Hamamelis virginiana	Common Witch Hazel	2 - 3` HT.	120" o.c.
IV	24	Ilex verticillata `Sparkleberry`	Sparkleberry Winterberry	3 - 4` HT.	72" o.c.
MG	32	Myrica gale	Sweetgale	2 - 3` HT.	48" o.c.
PP	3	Pinus mugo pumilio	Dwarf Mugo Pine	30 - 36" HT./SPD.	60" o.c.
RR	6	Rhododendron maximum roseum	Pink Rosebay Rhododendron	3 - 4` HT.	108" o.c.

PERENNIALS	QTY	BOTANICAL NAME	COMMON NAME	SIZE	SPACING
LS	25	Liatris spicata	Spike Gayfeather	1 GAL.	18" o.c.
MD	18	Monarda didyma	Bee Balm	1 GAL.	48" o.c.

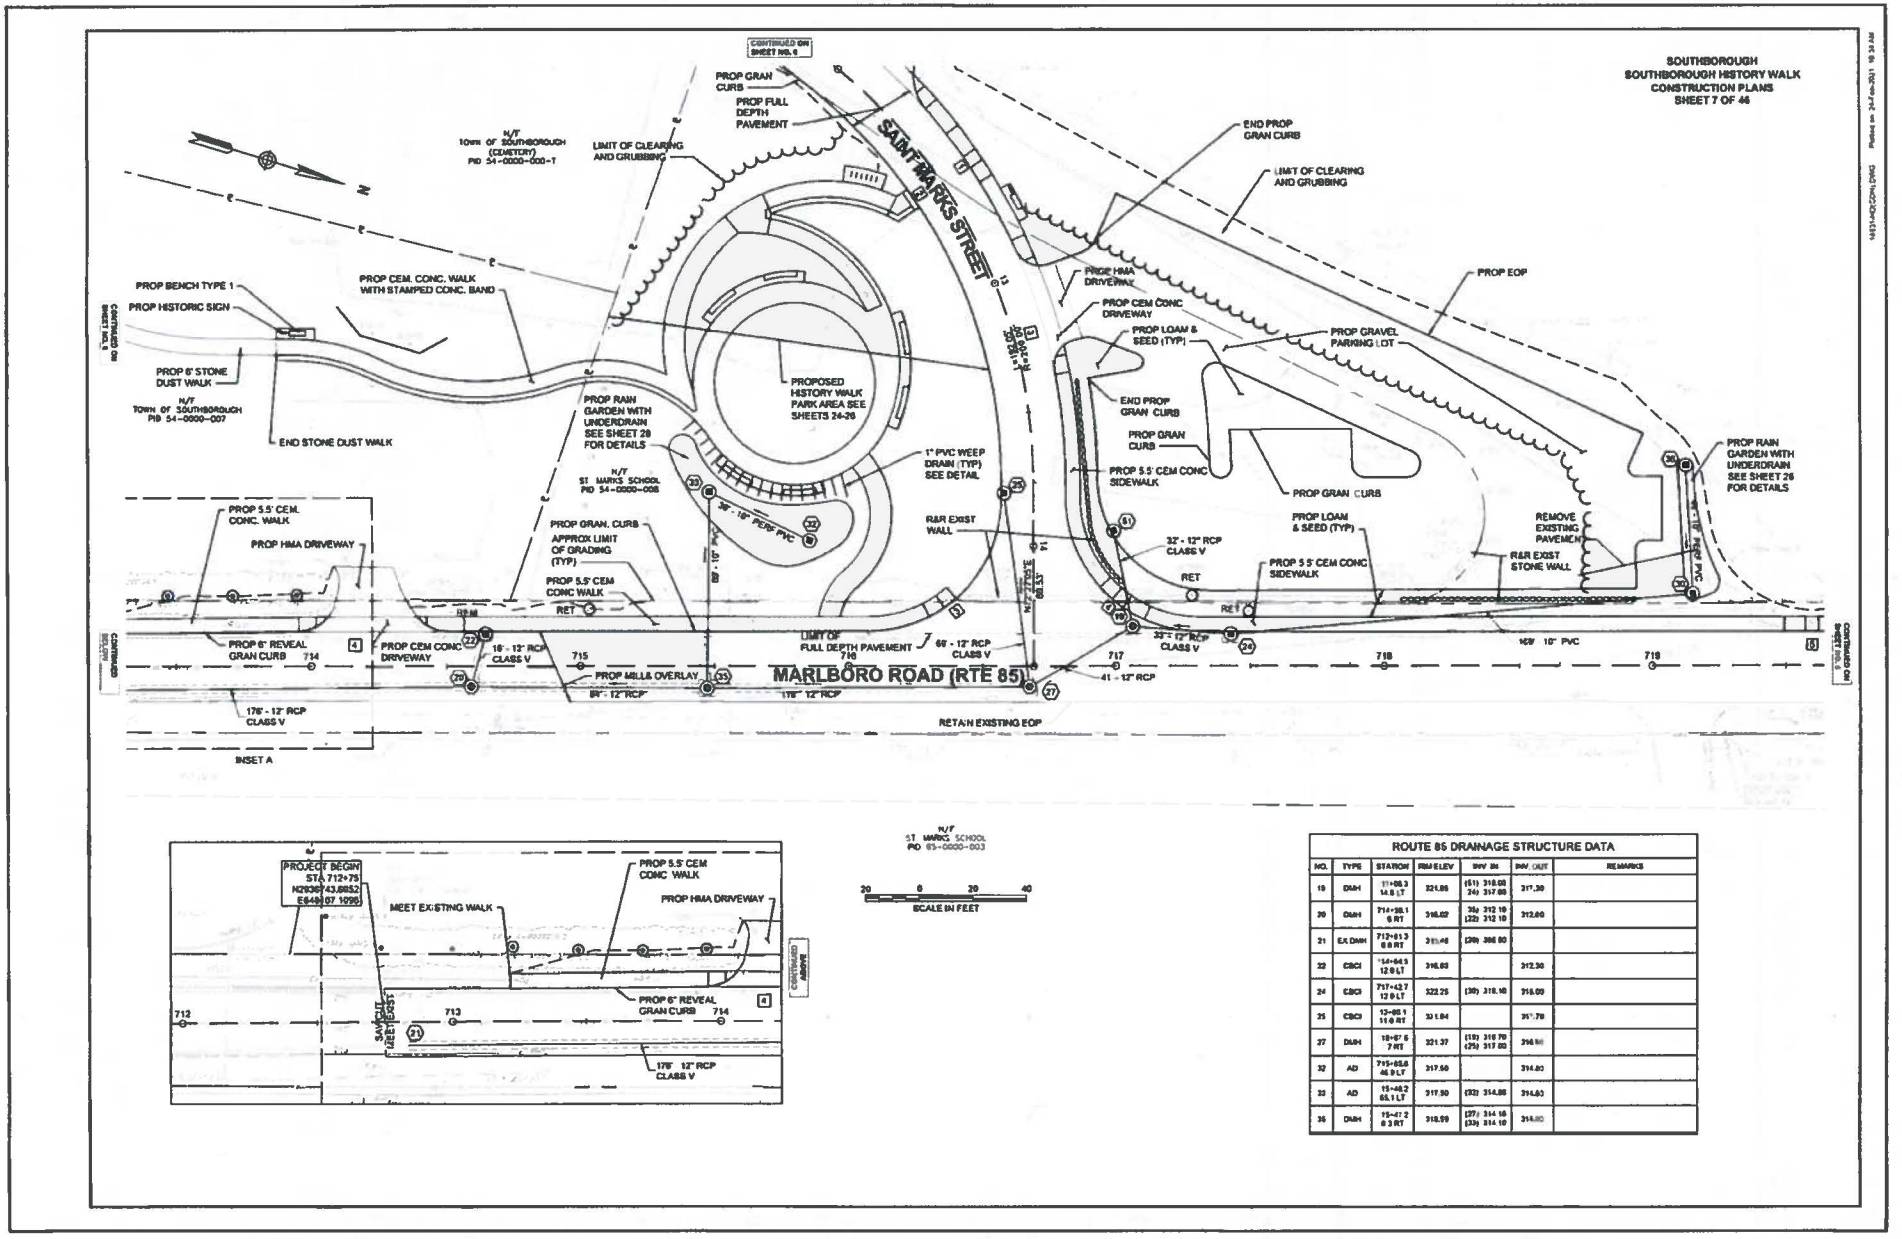
ORNAMENTAL GRASS DRIFTS	QTY	BOTANICAL NAME	COMMON NAME	SIZE	SPACING
CP	585	Carex pensylvanica	Pennsylvania Sedge	1 GAL.	12" o.c.
ES	172	Eragrostis spectabilis	Purple Love Grass	2 GAL.	24" o.c.
SL	196	Schizachyrium scoparium	Little Bluestem	2 GAL.	30" o.c.

PERENNIAL DRIFTS	QTY	BOTANICAL NAME	COMMON NAME	SIZE	SPACING
AT	291	Asclepias tuberosa	Butterfly Milkweed	1 GAL.	18" o.c.
AN	166	Aster novae-angliae	New England Aster	1 GAL.	30" o.c.
EP	20	Eutrochium purpureum	Sweet Joe Pye Weed	1 GAL.	36" o.c.
IV2	26	Iris versicolor	Blue Flag	1 GAL.	24" o.c.
PD	229	Penstemon digitalis	Beardtongue	1 GAL.	18" o.c.
PS	122	Phlox subulata `Emerald Pink`	Emerald Pink Creeping Phlox	1 GAL.	18" o.c.
RH	159	Rudbeckia hirta	Black-eyed Susan	1 GAL.	24" o.c.
WF	233	Waldsteinia fragarioides	Appalachian Barren Strawberry	1 GAL.	24" o.c.

There are 15 trees being planted, some are flowering, some are not. There are also many shrubs, perennials and grasses. Some of these plants are being utilized in rain gardens and will help with the drainage system of the park. The project plantings will be installed next year.



The Center: As you know, the original concept relocated a playground into the middle/main circle in the park. Currently that area is vacant and will be a stone dust circle. If the Board would like to change this, the ultimate items, amenities and/or features within the circle, should be discussed and decided on before the plantings are installed next year.



FINALLY

I have attached the plan sheets that are related to what is summarized in this memo. I have tried to highlight the main items, except drainage and change in road layout.

This project begins on page 84 of the plans, since, to restate again, the project is part of a larger multi-location Town project/contract.

As noted at the beginning of this memo, the complete set of plans is available online at:
https://www.southboroughtown.com/sites/g/files/vyhlif7351/f/uploads/plans_0.pdf

To: Board of Selectmen

From: Police Chief Kenneth M. Paulhus

Subject: Part-Time Telecommunications Officer/Dispatcher

Date: November 12, 2021

Dear Board of Selectmen:

Please consider my recommendation to appoint Ms. Alyssa Collazo as a Part-Time Telecommunications Officer with the Southborough Police Department.

Ms. Collazo is a resident of Northborough. She holds several years of past experience as an EMT and EMS Dispatcher.

Her starting date will be determined pending the successful completion of a background check.

The recommended pay rate would be Grade 3 of the S.A.P., $22.00 per hour, based on her past experience. Please feel free to contact me with any questions you might have.

To: Southborough Select Board

From: Police Chief Kenneth M. Paulhus

Subject: Full-Time Telecommunications Officer/Dispatcher

Date: November 8, 2021

Dear Select Board:

Please consider my recommendation to appoint Ms. Brittney Remillard as a Full-Time Telecommunications Officer with the Southborough Police Department. The opening is due to a recent resignation.

Ms. Remillard is a resident of Blackstone, and proud member of the MA Army National Guard. Brittney is currently a Telecommunications Officer with the Town of Hopkinton. She will be resigning from her position to accept the Town's offer of employment upon the Board's approval. As you may recall, she honorably served the Town's Public Safety Department in the same capacity from January of 2019 until June 25, 2020.

Her starting date will be November 17th pending the successful completion of a background check.

The recommended pay rate would be Step 3 of the MASSCOP, LOCAL 44 Contract, $23.78 per hour, based on her past training and experience. Please feel free to contact me with any questions you might have.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Monday, September 20, 2021, 7:00 P.M.
Location: Zoom Meeting (virtual)
Present: Lisa Braccio, Chelsea Malinowski, Sam Stivers, Andrew Dennington, Town Administrator Mark Purple

I. Vice-Chairwoman Malinowski called the Selectmen meeting to order at 7:07 P.M.

II. **Scheduled Appointments**

Joint meeting with Planning Board – Downtown District bylaw. Planning Board Chairman Don Morris outlined the process for tonight's public hearing. The Planning Board planned to take up the bylaw language (Town Code) first, then the design guidelines, and then the map. Mr. Morris explained the following three components would be discussed, in the following order, at the Public Hearing: the language for the Draft Bylaw, the Design Guidelines, and the Zoning Map. The Planning Board will then provide their recommendations ahead of the printing of the Warrant.

Mr. Morris reviewed the Draft Bylaw. In Part 1 of the proposed Warrant Article, Mr. Stein felt the definition for "dwelling units" referred to residential properties and requested it be added to the definitions. Ms. Luttrell stated it was already defined in the Town Code. Mr. Mills asked if "landscaped green space" was different from "open-space." The Board supported the addition of the definition of "landscaped green space." In the definition for Mixed-Use Development, the Board supported the deletion of the minimum 10% non-residential gross floor area on the ground floor. Ms. Luttrell and Ms. Hoolahan felt it was important to consider handicapped accessibility as well as parameters to ensure commercial development was promoted. Mr. Mills suggested no more than 40% of the total building should be residential. Mr. Morris proposed the entire first floor "shall be non-residential." Mr. Mills explained that limiting the residential to 40% would help assure residents who expressed concern that what was being presented was a "housing" plan. Mr. Mills reviewed other towns and felt it was an appropriate percentage. Mr. Mills suggested wording, "residential dwellings cannot exceed 40% for the gross floor area above ground for the building" which the Board supported.

For proposed Warrant Article Part 4: A(2), Mr. Stein asked what the total number of "use units" in a mixed-use development scenario would be as the Draft Bylaw read "dwelling units does not exceed eight (8)." Mr. Stein and Mr. Mills expressed concern that a finite number was not stipulated in the Bylaw. Mr. Mills suggested it be three units By Right and any number above would be via Special Permit. He felt it made sense based on the size of the buildings in the Downtown District (DD.) Mr. Stein agreed with Mr. Mills. Ms. Hoolahan suggested they come back to this after reviewing other proposed specifications. Mr. Stein identified section C(7) which states, "multifamily dwelling, up to twelve units." Mr. Mills proposed it should be a maximum of ten units, to which Ms. Luttrell suggested "multi-family dwelling not to exceed ten (10.)" Mr. Mills indicated that C(2) "nine units" should be adjusted also to "four or more dwelling units." The Planning Board supported the changes. Mr. Stein suggested in D(1) that accessory apartments be By Right and not via a Zoning Board of Appeals (ZBA) Special Permit. Mr. Stein explained there is a lack of Affordable Housing in Southborough and he felt accessory apartments were a way to increase Affordable Housing in town. He stated a Deed Restriction would allow it to count towards the Affordable Housing Inventory. Mr. Morris felt it was beneficial for accessory

apartments to go through the ZBA as they reviewed egress, parking, and other important factors. Item (5): Maximum Floor Area Ratio (FAR) revisions were reviewed. Ms. Luttrell felt Zoning could not be "looked at in a vacuum." She felt that having a "% maximum lot coverage" in the DD Zoning different from all the other Zoning criteria of an FAR was not ideal. She was also not supportive of the proposed tiered FAR. She supported 0.30 By Right to which the Board agreed. Mr. Morris asked if the Maximum should remain the same at 0.50 to which the Board agreed. Item (6): the Planning Board discussed removal of the "contiguous" requirement for landscaped green space. Ms. Luttrell felt it should remain in place as the Planning Board could waive if needed Ms. Luttrell stated the phrase "landscaped open space" should be changed to "landscaped green space." The Planning Board supported that and for "contiguous and" to remain in the language. Item (8) Height regulations: Mr. Mills felt 40' maximum building height should change to 35'. Mr. Mills clarified the goal was not to exceed 35' for the height of the overall building. Discussion ensued as to the necessity of referring to a minimum and maximum floor height, to which the Planning Board recommended the removal of that criteria and also recommended the maximum building height changed from 40' to 35'. Item G(5) Affordable Housing: Mr. Morris suggested deletion of "In consultation with the Southborough Housing Opportunity Partnership Committee (SHOPC) the Planning Board may adopt a guidance document..." As it referred to 40B, Mr. Morris suggested it was not under the purview of the Planning Board and should be removed to which the Board agreed.

Part 5: Ms. Quinn requested clarification that if a proponent comes to the Planning Department for a Major Site Plan in the DD, should they complete applications for both the Major Site Plan and the Special Permit for Downtown District plan approval. Mr. Morris agreed the two applications should be completed.

For proposed Warrant Article Part 6: Mr. Stein asked if Exceptions in the DD to parking requirements items 1-3 pertained to off-street parking. Mr. Mills felt it was unclear as well. Mr. Stein opined it should refer to off-street parking. Mr. Mills felt overnight parking should be off-street parking, but restaurants should be allowed to accommodate on-street parking. Ms. Quinn clarified that part (F) was outside of the standard parking requirements already included in the Town Code. Ms. Quinn and Mr. Morris opined that on-street parking could not be relied on. Ms. Luttrell suggested "except for the off-street parking requirements for the following uses", the Planning Board agreed.

Part 7: Mr. Morris explained it was required that if the name of the district is changed, the map must be revised even if only the name is changed. Ms. Quinn explained the name "Downtown District" will be added to the Zoning Map and the color will be changed to apply to the DD. Currently, the proposed Zoning Map does not propose any revisions to the boundaries of the district at this time.

Back to Part 4 Section A(2), it was suggested to change the number of not to exceed dwelling units from 8 to 3 dwelling units. Ms. Luttrell stated 4 dwelling units would trigger the Affordable Housing threshold so any dwelling units above 3 should be done via Special Permit. The Planning Board agreed to the change. Also for Item C(2): change from "9" or more dwelling units to "4".

Mr. Morris gave the Board of Selectmen and the Economic Development Committee (EDC) an opportunity to opine on the recommendations proposed by the Planning Board for the proposed Downtown District bylaw. Chairwoman Braccio stated the BOS will discuss the details at their meeting on September 21, 2021. Mr. Belniak, the Vice-Chair of the EDC expressed concern that the proposed changes were "bringing them closer in line with currently restricting zoning and

obviated the need to do this altogether." Mr. Stivers requested further clarification on the possibility of a first floor residential unit. Ms. Quinn confirmed the proposed language does not appear to restrict a residential unit from the first floor. Ms. Connelly, member of the EDC, expressed concern that the restrictions being proposed would undermine the original intent of the proposal. She expressed concern about the 40% maximum residential development as well as the reduction from a 40' building to 35'. Ms. Connelly stated the proposed reduction in the Floor Area Ratio (FAR) would make it too restrictive to build a 3-story building. She proposed a tiered approach to FAR. Mr. Morris asked if the Planning Board wanted to revisit the FAR. Ms. Luttrell felt it was appropriate to remain as they proposed and felt a larger size would be inappropriate to a "small town downtown with a village style street scape." Ms. Luttrell reviewed the building heights in several similar towns and they ~~all~~ had a 35' maximum building height. The Planning Board agreed to let the proposed changes stand.

Mr. Morris presented the Draft Downtown Guidelines and thanked Ms. Hoecker for her hard work on their development. Mr. Morris noted the Planning Board can make changes to the Design Guidelines as needed as they do not require town meeting vote, to which Ms. Hoolahan suggested such language be added to the Bylaw. The Planning Board reviewed each section for format and content providing comments for revisions. In addition to minor typos and word inserts/deletions, some of the narrative was adjusted and clarified. Ms. Luttrell stated a list of historical properties in the Downtown District will be added. On page 4, a note should be added under the Zoning Map, source and date. On page 5 Process/Submittal Materials, the following bolded words should be added: "The proponent must submit the proposed project for design review as part of the Site Plan approval **process** or Special Permit **process** with Site Plan Approval **section 174.10.2**." The intent being that both Site Plan Approval (Section 174-10) and Special Permit for Downtown District Plan Approval (Section 174-10.2) is required for developments that require a Downtown District special permit from the Planning Board. In section Southborough Historic Properties, Mr. Mills suggested the addition of "the architectural character of new buildings should respect the character of the **majority** of adjacent, existing historical buildings..." Mr. Morris suggested the use of the word "**nearby**" instead of "majority" which was supported. In section Setbacks & Green Space on page 10: The term "landscaped open space" should be changed to "landscaped green space" throughout. In section Exterior Materials on page 11, "are required" is used and the second bullet ends with "prohibited." Mr. Morris asked the intention of the document and whether it was to "prohibit." Ms. Hoolahan suggested the Draft Design Guidelines should be recommendations rather than requirements to which the Planning Board agreed and further indicated to use terms such as encourage, discourage, recommend, or should vs prohibit, require, shall, or must, as applicable. In section Utilities & Mechanical Equipment in bullet 3, Ms. Quinn requested clarification on what type of "units" were being referenced. Ms. Hoecker stated it should reference "mechanical equipment units." Ms. Quinn asked if "utilities should be added underground" should be included. Ms. Hoolahan agreed it should be added as a Code reference. It was agreed that a bullet should be added regarding "underground utilities and services in compliance with Town Code. In reference to the "example" images, Ms. Hoecker suggested the terms "allowed" or "not allowed" be changed to "encouraged" and "discouraged." Mr. Mills expressed thanks to the Design Guidelines working group for their significant efforts. Ms. Luttrell expressed her thanks to Mr. Weishan, Ms. Connelly, and Ms. Braccio.

Mr. Morris requested feedback from the Board and the EDC. Chairwoman Braccio thanked everyone for their collaborative efforts, and in particular, Ms. Hoecker. Mr. Belniak felt it was inappropriate for the EDC to opine on the Design Guidelines so declined to provide feedback. Ms. Connelly expressed thanks to Ms. Braccio, Ms. Luttrell, Mr. Weishan, and Ms. Hoecker for the

collaborative effort. She emphasized that the Design Guidelines are intended have more flexibility than the Bylaw. Mr. Weishan opined that the Guidelines should be enforceable in a Zoning By Right situation and encouraged the Planning Board to continue the use of the word "shall." Ms. Connelly clarified that the By Right portion of the Draft Bylaw is only for the "use" and is separate from the Design Guidelines.

Mr. Morris presented the Zoning Map and the proposed Mock-Up, Map #2. Mr. Morris stated the Planning Board was in receipt of three abutter emails in support of Mock-up Map #2. One abutter suggested the CSX parcel be removed. Mock-up Map #2 has the split lots (total of 7) excluded from the DD and remaining in the Business Village District (BVD) and under the BVD Zoning requirements. Mr. Morris asked if any Planning Board members were open to revisions to the Zoning Map. Mr. Stein expressed support for Mock-up Map #2. Ms. Hoolahan and Ms. Luttrell supported Mock-up Map #2 but requested the CSX parcel be removed. Discussion ensued as to the location on the map of the CSX property in relation to other properties in the Downtown District. The Planning Board supported Mock-up Map #2 excluding the CSX property and excluding al of the "split lots" from the Downtown District.

Mr. Morris requested feedback from the Board and the EDC. Chairwoman Braccio stated she will bring the proposal to the Board meeting on September 21, 2021. She personally felt it was a great compromise and indicated the Board would take a position at their meeting. Ms. Munsiff asked for the reasoning behind the Zoning Map changes. She stated she heard from residents who wanted to be included in the Downtown District. Mr. Morris stated that adding to the district was unnecessarily complicated and could be addressed at a later date if the Warrant Article passed. He also felt it was important to listen to all residents and abutters. Ms. Hoolahan felt the removal of the split-lots simplified the Map and created "clean lines." Mr. Stein stated during his time on the Planning Board, the Planning Board listened to abutter input in every situation. Ms. Munsiff expressed concern that there would be several districts and felt it would be more confusing. Ms. Hoolahan stated the Planning Board responded to the bylaw amendment proposed by the EDC, listened to feedback from abutters and residents, and then provided their recommendations to the Board and the EDC. Mr. Mills felt it was important to focus on the development primarily on Main Street. Mr. Wood thanked the Planning Board for their work on the Design Guidelines. He emphasized that By Right is only applicable to "uses." Ms. Luttrell stated the Planning Board has listened to everyone. Mr. Morris asked Ms. Quinn how the Board would receive the changes ahead of their meeting on September 21, 2021. Ms. Quinn explained she would make the changes on the morning of September 21, 2021 and email them to the Mr. Purple for delivery to the Board. She would also email them to the EDC and the Planning Board. Mr. Weishan asked if there would be a vote on the final map. Mr. Morris stated the Planning Board would provide their recommendations to the "owner" of the proposed Bylaw which is the Board of Selectmen. Mr. Purple explained Town Counsel would review the "final draft" provided by the Board at which point it would go to print. Mr. Morris stated the Public Hearing would be open through Special Fall Town Meeting on November 1, 2021 so the Planning Board is legally allowed to take in more information and make changes if necessary. At the Planning Board meeting on September 27, 2021, Mr. Morris will provide an update from the Board regarding the Planning Board recommendations.

III. On a motion made by Mr. Dennington, seconded by Mr. Stivers and voted all in favor by roll call vote 5-0-0, the Board of Selectmen meeting was adjourned at 10:37 P.M. Roll call: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

DRAFT

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, September 21, 2021 6:30 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

I. Chairwoman Braccio called the meeting to order at 6:31 P.M.

II. **Public Comment**

Kevin Miller (18 Latisquama Road) stated he attended the Planning Board meeting last night and described the zoning map for the proposed Downtown District that was unanimously approved by the Planning Board. He described the concerns with the split lots currently in the map and those that were proposed to be added in other versions. He strongly urged the Board to endorse the same map the Planning Board endorsed.

III. **Scheduled Appointments**

Volunteer Interview: Neetu Sehgal, Scholarship Advisory Committee, term 6/30/24

Ms. Sehgal was not in attendance.

Financial quarterly review – closeout of FY2021

Chairwoman Braccio praised the Finance Department and Ms. Malinowski for their work on the quarterly review. Treasurer Collector Brian Ballantine walked the Board through his end of year presentation included in the packet. He stated there was a $200,000 surplus over the previous year and outlined the large events that created this which included building fees and settled tax liens. Mr. Dennington asked if CARES reimbursements fit into this report. Town Accountant Carla McAuliffe explained that the DOR requires that FEMA and CARES reimbursements to be charged to a special revenue fund and not the general budget. Ms. Malinowski highlighted there were only five reserve fund transfers totaling approximately $30,000 this year and the Library and Council on Aging saw reduced operating hours and returned funds to the Town. She praised Ms. McAuliffe and her team for their diligence working with the department heads and the department heads for being receptive to and following the new financial policy put in place last year. Ms. Malinowski stated she will be following up with Ms. Munsiff from the Economic Development Department with questions regarding the expense portion of the EEA grant. She requested this topic be added to a future meeting and the Board agreed. Ms. Malinowski suggested the office equipment and repair budget line be consolidated through the IT Department for Mr. Montijo to review and be made aware of for procurement purposes. The Board agreed.

Review of Draft Lighting Bylaw Rules and Regulations

Chairwoman Braccio invited Planning Board member Marnie Hoolahan to speak to the enforcement piece of the lighting bylaw. Ms. Hoolahan outlined the changes made to enforcement which included encouraging neighbor disputes to be resolved between the two parties with an escalation resulting with a complaint to the Building Commissioner. She described the process residents would use to

resolve a lighting issue which included picture taking from the property line showing light trespass and measurements from a mobile app to take a light reading. A complaint would then be filed to the Building Commissioner which could prompt a site visit if the previous two steps did not resolve the issue. Mr. Stivers felt this was the proper route to take. Mr. Dennington asked if an informational flier could be sent to residents regarding these changes to zoning. Ms. Hoolahan stated that could not be done until the Attorney General has reviewed and approve the language. Ms. Malinowski asked if the Building Commissioner has reviewed these changes and what other resources she would have to follow up with a complaint. Mr. Purple stated the Building Commissioner has not reviewed the changes and he would ensure that she does. He added that the Building Commissioner has said previously that she would rely on the Electrical Inspector for assistance in these complaints. Mr. Healey stated he would like Town Counsel to review these rules and regulations. He asked the Planning Board clarify the purpose and intent of the letter from the Building Commissioner as described in the rules and regulations. Ms. Hoolahan agreed to do so and have Town Counsel review the document.

Cable Committee – Recommendation for Comcast cable license renewal

The recommendation was not ready for this evening and the item has been moved to a future meeting.

Downtown District bylaw update

Chairwoman Braccio summarized the Planning Board positions taken at their meeting last evening. She shared her screen and walked the Board through the document that included the Planning Board's feedback. She described the changes made by the Planning Board which included a definition for landscaped greenspace, additions to the mixed-use definition, changes to the permitted uses and floor area ratio. Julie Connelly of the EDC outlined her concerns that the changes made undermine the intent of the bylaw which is to add by right mixed-use zoning. She described her concerns with the restrictions of a 40% maximum for residential use, a .30 floor area ratio which was lower than previously agreed to and suggested using lot coverage as a simpler and more sensical measurement option. Chairwoman Braccio replied with reasons a .30 floor area ratio could work and suggested that it was a good starting point that could be changed in the future. Mr. Healey stated the he does not feel floor area ratio makes sense for the intent of the bylaw nor would it encourage housing diversification. He stated that his concerns are similar to Ms. Connelly's. Meme Luttrell, Planning Board member, stated that this bylaw will be part of zoning and floor area ratio should be used to stay consistent with the rest of the Town Code.

Mr. Stivers made a motion to accept downtown district version 9 as edited from the Planning Board dated 9.20.21. Mr. Dennington seconded. Mr. Healey stated he is in support but has reservations on the 40% maximum residential space permitted. The motion passed all in favor (5-0-0) by roll call, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

Mask mandate extension for public buildings and meetings

Ms. Malinowski stated that the Board took position in August to implement a mask mandate in all municipal buildings in Southborough through September. She stated the Board of Health met and voted to continue the mask mandate extension indefinitely given the large number of cases in town and the schools over the last week. Dr. Alker gave an overview of the COVID-19 positive numbers from the summer and the previous year. She explained the COVID-19 positive numbers in the schools and the vaccination rates for residents. Mr. Healey explained his concerns with implementing a mask mandate to those that are already vaccinated. Mr. Dennington stated he is in

support of extending the mask mandate for municipal buildings. There was discussion regarding the scheduled November 1st Special Town Meeting and how the COVID-19 positive numbers could impact attendance. The Board agreed to discuss Special Town Meeting at their October 5th meeting. The Board agreed to continue with Zoom meetings for all boards and committees. Mr. Healey left the meeting at 8:39 P.M. Mr. Stivers made a motion that the Board continue with a mask mandate for all municipal buildings per the Board of Health. Ms. Malinowski seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Stivers, aye; Braccio, aye.

Board of Health votes impacting Special Town Meeting

Chairwoman Braccio stated that the Board of Health discussed this topic with Town Clerk Jim Hegarty and did not take a formal position. She stated that the Board of Health met on September 9th to discuss social distancing and masking at Town Meeting.

IV. Reports

Chairwoman's Report

i. CERT/MRC recognition event on 9/25

Chairwoman Braccio reminded the Board and public that the CERT/MRC recognition event is this Saturday at the Public Safety Building. She stated this is to recognize the volunteers for giving over 300 hours for COVID-19 assistance.

ii. Selectmen Office Hours

Chairwoman Braccio stated that Ms. Malinowski and she held Office Hours and two residents attended to talk about trails and truck exclusions.

iii. Letter to discontinue section of Chestnut Hill Road

Chairwoman Braccio stated she is acknowledging that the Board received this letter. She spoke to Whitney Beals and he is attending the October 19th meeting which gives the Board opportunity to work with Town Counsel and the DPW regarding this issue. Mr. Dennington suggested reaching out to the Police and Fire Departments for their input. Chairwoman Braccio asked that any information the Board would like to discuss or consider be sent to Mr. Purple as soon as possible.

Members' Reports

i. 9-11 Ceremony

Ms. Malinowski stated the ceremony at the Public Safety Building was well done and thanked Chief Achilles and the Fire and Police Departments for their attendance.

Town Administrator Report

Mr. Purple informed the Board that the Cable Committee item has been tabled until October 5th as the Committee did not have a quorum to officially vote on the license that has been completed. He added that all three cable licenses are done and current.

i. Funding for HCVE traffic study

Mr. Purple stated that the Board received a proposal from VHB for the traffic study to be conducted for $25,000. He stated that the study should take approximately two and a half months and he is creating the article for this item for the November 1st Special Town Meeting.

ii. Regional dispatch update

Mr. Purple stated that the communities of Hopkinton, Grafton, Marlboro, Westborough and Southborough are looking to put in a request for a feasibility study to establish or joining a Regional Dispatch Center. He explained what the study would entail and the information that would be needed to determine if a regional dispatch center is a fit for Southborough.

iii. Update for SAM Zoom integration for meetings

Mr. Purple updated the Board on the status of the equipment needed for the Southborough Access Media Zoom integration. He explained the reason for the delay and the possibility of using ARPA funding to provide more locations for live meetings.

V. Consent Agenda

a. Mr. Stivers asked to hold agenda item "a." Mr. Stivers requested a change to line 104-105. Ms. Malinowski requested a change to line 41. Mr. Stivers made a motion to approve Open Session Meeting Minutes: July 22, 2021 as amended. Ms. Malinowski seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Stivers, aye; Braccio, aye.

b. Ms. Malinowski made a motion to appoint Mead, Talerman and Costa, LLC as Labor Counsel. Mr. Stivers seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Stivers, aye; Braccio, aye.

c. Ms. Malinowski made a motion to appoint the Recording Clerk for Selectmen meetings. Mr. Stivers seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Stivers, aye; Braccio, aye.

d. Ms. Malinowski asked to put the approval of Executive Session Meeting Minutes: July 22, 2021 on an Executive Session agenda for the next meeting for revisions. The Board agreed.

VI. Other Matters Properly Before the Board

<u>Update on Halloran property access from MassDOT</u>

Mr. Stivers stated he has been in contact with the MassDOT Engineering Department and they are working on the issue. He added DPW Superintendent Karen Galligan has filed an access permit application through MassDOT and they have asked for additional information. She is now on critical path to complete the information they have requested. He stated that the Town would not be infringing on the right of way which will help the momentum to gain access to the property. Mr. Stivers stated he will update the Board as he receives more information. Mr. Dennington asked for information regarding the location of this property and Mr. Stivers explained.

<u>Approve five (5) 1-day Alcohol License applications for Chestnut Hill Farm "Fall Fun on the Farm" events: October 3, October 10, October 17, October 24, October 31</u>

Chairwoman Braccio stated that the Trustees requested this item be deferred to October 5th. Mr. Purple summarized his conversation with Town Counsel which indicated that the applicant must demonstrate that the activities for these events are primarily educational and the sale of alcohol and food trucks are insular to those events. He added it does not appear that Trustees have demonstrated this but both Ms. Haden and Mr. Warren of the Trustees are unclear as to why the Board will not approve these licenses. Mr. Stivers stated that the concern is that the events are not an acceptable use to include alcohol. Mr. Purple stated the Board needs more information from the applicant and he will touch base with the Conservation Agent for her perspective. Mr. Stivers asked that the Conservation Commission weigh in on this topic at their next meeting.

Closing the STM warrant for 11/1/2021

Chairwoman Braccio asked for additional time and suggested a Tuesday morning meeting to review the warrant. The Board agreed to meet on Monday September 27th at 7:30 A.M. to close the warrant.

Ms. Malinowski gave an update on the Board of Health article regarding salaries and benefits. There was discussion regarding the order of the articles and the potential need for an additional article to propose a new zoning map for the Down District bylaw. The Board discussed their position for article two. Ms. Malinowski, Mr. Dennington and Mr. Stivers were in support of article two. There was discussion regarding timing and town meeting funding for Northboro Road. The Board agreed to move forward with this item to Special Town Meeting and to inquire with Town Counsel regarding an additional article for a zoning map change.

Office Hours for Town Counsel

The Board discussed the option of opening Town Counsel office hours to board and committees. There were concerns regarding circumventing the Town Counsel legal request form, the amount of time the discussions could take and losing control over legal requests. Ms. Malinowski suggested initially submitting a legal request through Mr. Purple and he could confer with Attorney Talerman as to whether an office hour discussion is appropriate. The Board agreed to move forward with this process for a few months and to then reevaluate whether it held value.

Remote Work policy

Mr. Stivers stated he had some minor edits he would send to Ms. Hale. Ms. Hale stated she received general feedback from department heads and most were happy this policy was being put in place. Mr. Dennington stated that the departure of Ms. Hoecker from the Planning Department was a prime example of why a remote work policy is needed. Mr. Stivers made a motion to approve the Remote Work Policy as presented and edited. Ms. Malinowski seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Stivers, aye; Braccio, aye.

VII. Public Comment

Tim Flynn (18 Main Street) asked the Board to inquire whether the heavy vehicle exclusion request could be funded through the DPW road maintenance fund to expedite the process. Chairwoman Braccio replied that she will look into this.

VIII. On a motion made by Mr. Stivers, seconded by Ms. Malinowski and voted all in favor (4-0-0) by roll call vote, the meeting was adjourned at 9:45 P.M. Roll call Malinowski, aye; Dennington, aye; Stivers, aye; Braccio, aye.

Upcoming Meetings
October 5, 2021
October 19, 2021

Respectfully submitted,

Kathleen Barry, Recording Secretary

DRAFT

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Wednesday, September 29, 2021, 7:30 A.M.
Location: Zoom Meeting (virtual)
Present: Lisa Braccio, Chelsea Malinowski, Sam Stivers, Andrew Dennington, Town Administrator Mark Purple

I. Chairwoman Braccio called the Selectmen meeting to order at 7:30 A.M.

II. **Scheduled Appointments**

Closing the November 1, 2021 Special Town Meeting warrant

i. Reconsideration of Downtown District bylaw article

Chairwoman Braccio asked each Board member to revote/reaffirm their vote to include this current draft article in the warrant and close the warrant today. Ms. Malinowski shared her opinion on the letter from the Economic Development Committee to the Board. She added she felt it is important that the proponents of the article be in support of it. She asked that the Board revisit this topic at their next meeting to clearly understand the objectives of the letter from the EDC. Mr. Healey stated that this article should be included in the warrant and he would like to understand the reasoning behind the changes made by the Planning Board. He shared his concerns regarding the process and finding a path forward. Mr. Healey outlined his reasoning for supporting this article and the changes he would like to see to create a more vibrant downtown. He asked if Judi Barrett, the EDC consultant who assisted in the creation of the bylaw would be open to reviewing the article again. Chairwoman Braccio stated that Ms. Barrett has been clear that she will not. Mr. Stivers stated he felt the bylaw is not perfect but it is important to move this forward. He said he felt it was worth moving forward with the article to have a change in zoning that could create opportunities for a better downtown. He is in support of this article being included in the warrant for Special Town Meeting and the article as a whole. Mr. Dennington stated he is an agreement with Mr. Healey. Chairwoman Braccio asked for members of the Board to attend the Advisory meeting this evening to explain the article and its support from the Board and other committees; specifically, the stance of the EDC. Mr. Stivers stated he will attend. Chairwoman Braccio stated she did not feel a vote for the article was necessary at this time. She summarized that the Board is in support of moving forward with the bylaw to Special Town Meeting but was unsure of their support at this time.

ii. ii. Review of article placeholders

Mr. Purple stated he sent an updated copy of the warrant which includes ten articles. He listed and summarized each article. Ms. Malinowski asked if there will be more information on article four before next Tuesday and Mr. Purple confirmed there would be. Ms. Malinowski asked if anything needs to be done to update the current Business Village District as a separate article. Mr. Purple stated he will be getting clarification from Town Counsel whether that can be adopted in article ten or if it needs to be a separate article. He suggested the Board close the warrant with an article placeholder which could be expanded upon before Special Town Meeting.

iii. iii. Vote to close November 1, 2021 Special Town Meeting warrant

Mr. Dennington asked if the vote to close the warrant also means that the Board votes to hold the meeting. He stated that the Board is as waiting for a report from the Board of Health in regards to safety measures needed to prevent the spread of COVID-19. Ms. Braccio confirmed

that closing the warrant does not mean the Board is voting to move forward with the meeting itself. Mr. Purple explained the implications of closing the warrant and the next steps. Mr. Healey asked when the power to vote whether to hold Town Meeting moves from the Board to the Town Moderator. Mr. Purple explained. Chairwoman Braccio stated she asked Town Clerk Jim Hegarty when the latest the Board could decide to hold or cancel Town Meeting and she was told Columbus Day weekend. Mr. Healey made a motion to close the November 1, 2021 Special Town Meeting Warrant. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

III. On a motion made by Mr. Healey, seconded by Mr. Stivers and voted all in favor by roll call vote 5-0-0, the Board of Selectmen meeting was adjourned at 7:56 A.M. Roll call: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

DRAFT

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Monday, October 18, 2021, 7:00 P.M.
Location: Zoom Meeting (virtual)
Present: Lisa Braccio, Chelsea Malinowski, Sam Stivers, Andrew Dennington, Town Administrator Mark Purple

I. Chairwoman Braccio called the Selectmen meeting to order at 7:45 P.M.

II. **Scheduled Appointments**

Joint meeting with Planning Board – Downtown District bylaw.

Members of Advisory Committee were present (Kathy Cook, Chair, Andrew Pfaff, Vice-Chair, and Marci Jones) but did not have a quorum.

Mr. Anderson thanked the Planning Board and the Board for their efforts. He read a statement into the record. The EDC expressed concern regarding the 40% residential limit and proposed a 50% limit. The EDC felt the 3 By Right residential units should be increased to 4 units By Right to allow for an Affordable Housing component. The EDC also opposed the FAR proposal of .30 and requested it revert to .35.

Ms. Braccio asked the Board if they had any questions. Mr. Stivers and Mr. Healey supported the requests made by the EDC.

Mr. Morris asked the Planning Board for feedback. Mr. Mills continued to support the 40% residential limit to prioritize commercial rather than residential development. He also supported the 3 By Right units as proposed. Mr. Stein felt that going through the Special Permit process was not prohibitive but would "balance progress with preservation." He was open to discussion regarding the FAR pending public feedback. Ms. Luttrell asked if the EDC voted on the proposed increase to 4 By Right units. Mr. Anderson stated the EDC voted to voice their concerns regarding the three issues in the memo. Ms. Luttrell stated that at the June 22, 2021 joint meeting with the BOS and the Planning Board, the Planning Board agreed to open Public Hearings, listen to public feedback, and provide feedback. Ms. Luttrell stated the Planning Board did not make "11th hour changes" as indicated by the EDC. She felt the 40% restriction was intended to promote small scale commercial development and encourage mixed-use. She noted her support for commercial uses on upper floors to allow an ADA compliant residence on the first floor. She felt it would be onerous for the Building Commission to ensure Affordable Housing guidelines are met and felt the task was more appropriate under the purview of the Planning Board. Ms. Luttrell felt the goal of the Draft Bylaw was to encourage small scale commercial development and stated the average FAR in the downtown is .26, thus a FAR of .30 would keep properties within the "existing scale." Ms. Hoolahan supported the other Planning Board members and felt the feedback provided was still collaborative and an improvement. Mr. Stein suggested the "mixed use development definition" verbiage be edited to clarify that 4 units would be allowed via Special Permit. He supported the proposals as suggested by the Planning Board. Mr. Morris also supported the proposals put forth by the Planning Board. He emphasized that in order to achieve a 2/3 vote at Town Meeting, the Warrant Article should be kept simple and noted that Amendments tend to complicate the process for residents and historically result in an "indefinite postponement." He felt a unified approach provided residents with a comfort level. Mr. Morris felt the differences being proposed were not "show stoppers." He recommended that the Planning Board, the EDC, the BOS, and Advisory support what is written in the Warrant. Mr. Morris emphasized that mixed-use would be allowed which was the original goal of the Bylaw and would encourage economic development.

Ray Hokinson, 10 Main Street, felt the input was valuable and agreed with the views of the Planning Board. Mr. Anderson noted the changes were small but significant for economic development. Mr. Wood emphasized 10% commercial development was not the original intent. He felt that 4 units By Right would be ideal and not prohibitive for the Building Commissioner to manage. Ms. Connelly agreed a united front was important but felt the outstanding issues were critical and felt the original intent was not being accomplished based on the recommendations made by the Planning Board. Ms. Connelly felt the recommendations "undermined the intent" of the Draft Bylaw. Mr. Anderson felt the EDC made significant compromises during the process but did not feel comfortable with the recommendations made by the Planning Board. Kathy Cook, Chair of Advisory, stated the role of Advisory would be to make a recommendation to Town Meeting. She felt the better argument was made by the EDC and felt they compromised more. She felt the Article would not pass if there was not consensus among the various Boards. Andrew Pfaff, member of Advisory, felt the recommendations made by the Planning Board were too restrictive and requested they reconsider their recommendations. Marci Jones, member of Advisory, expressed support for the recommendations made by the Planning Board. Mr. Dennington, member of the BOS, requested the Planning Board adjust the 40% limit to 50% for a two story building. Ms. Braccio stated the BOS would take an official vote at their meeting scheduled for October 19, 2021. Mr. Morris explained a proposal was previously made for 2 Main Street that did not pass. He asked if it would pass under the new Bylaw. Ms. Braccio stated the FAR on that proposal was .328. Mr. Morris stated that "if it is allowed, it will be built." Mr. Mills suggested he would support the changes if the 50% residential limit was restricted to a two story building and 40% for a three story building. Mr. Healey, member of the BOS, stated there has been no new development since 1978 and stated the current Zoning is "not working." He felt there was an "anti-housing" bias which prevented diversity of housing. He felt housing on a second and third level should be encouraged. He implored the Planning Board to reconsider their recommendations. Mr. Morris took offense to the argument that the recommendations made by the Planning Board were "anti-housing." He stated it was a Zoning Article and as it was represented should focus on economic development or it should be changed to a Housing Bylaw to be clear to the public of the intent of the proposed bylaw. Ms. Luttrell stated the mixed-use goal was to encourage commercial development but opined that as residential is "saleable," there can be a tendency by developers to leave commercial space vacant, therefor the intent to advocate for stricter thresholds for residential component. She noted the EDC has not taken a formal vote since June 22, 2021 on the specific issues. She felt there was a lack of consensus among the EDC. Mr. Anderson stated on September 24, 2021 the EDC voted to support the EDC Coordinator's memo and on October 5, 2021, the EDC voted to not accept the three changes recommended by the Planning Board. Ms. Luttrell responded that the EDC had voted on concerns but not on what the actual revisions recommended by the EDC would be. Ms. Luttrell stated she would support the increase to 50% but felt the other 2 issues should stand. Ms. Connelly argued that a developer would not leave the first floor empty because it would not be "economically viable." She felt the 4 units By Right would encourage Affordable Housing. Mr. Robbins implored people to compromise and felt the EDC was representing what the community asked for. Mr. Morris explained the Planning Board scheduled an additional meeting specifically dedicated to the Downtown District Draft Bylaw and provided their recommendations. The recommendations were then unanimously approved by the BOS to move forward with the proposed language in the Warrant. Ms. Braccio supported the efforts of the Planning Board and stated they attended joint meetings, held an additional Public Hearing, listened to resident feedback, and provided their recommendation to the BOS well in advance of Town Meeting. She stated she highly respected the Planning Board and personally would not support Amendments made on the floor of Town Meeting. Mr. Healey proposed the By Right units be increased from 3 to 4. The EDC voted to support a 50% residential limit for a two story building and 40% for a three story building, an increase from 3 to 4 By Right units, and a .30 FAR. Mr. Dennington shared draft language for the mixed use development definition which the EDC approved. Ms. Braccio anticipated BOS to vote on revisions

tomorrow. Mr. Mills clarified that if the increase to 4 By Right units passes, the 4th unit must be Affordable Housing, Mr. Anderson confirmed accurate per draft bylaw language. Mr. Stein supported the proposed changes. Ms. Luttrell expressed concern that if the 4th unit is deemed affordable that the Building Inspector would be able to take on the requirements. Ms. Hoolahan supported the proposed recommendations. Ms. Braccio will distribute an amendment to the Warrant Article.

MOTION by Mr. Mills to support the language as proposed by Mr. Dennington for the definition of mixed use as well as the allowance of 4 residential By Right units. **Seconded** by Mr. Stein. **ROLL CALL: Morris-Yes, Mills-Yes, Stein-Yes, Luttrell-Yes, Hoolahan-Yes. VOTE to Approve: Yes-5, No-0.**

Paul Cimino, Town Moderator, expressed hope for a successful Town Meeting and thanked everyone for their time and the cooperative discussions.

Mr. Morris stated that the Town Clerk intended to send a mailing regarding Special Town Meeting (STM) including the revised Zoning map for resident review. He then asked who would present the article at STM. Ms. Braccio stated the BOS would make that determination at their meeting on October 19, 2021.

The EDC adjourned their meeting at 9:45 PM.

III. On a motion made by Mr. Stivers, seconded by Mr. Healey and voted all in favor by roll call vote 5-0-0, the Board of Selectmen meeting was adjourned at 9:46 P.M. Roll Call: Malinowski, aye; Dennington, aye; Healey, aye; Stivers, aye; Braccio, aye.

Upcoming Meetings
October 19, 2021
November 1, 2021 (Special Town Meeting)

Respectfully submitted,

Mark J. Purple, Town Administrator

<u>List of Documents referred to at the September 20, 2021 BOS Meeting:</u>

- None

DRAFT

Quarter Report BOS

Revenues and Expenses

Quarter 1 FY2022 ending 9-30-2021

Revenues:

- General fund revenues finished $125,276 more through September 30th year over year. This is a 15.6% increase.
- Areas of positive material revenue growth – building permits, motor vehicle excise, other Departmental revenue, and Ambulance Fund revenue.
    - Motor vehicle excise: Commitment 2 and 3 issued around this quarter were up significantly. Commitment 3 was also sent to the Town a bit later than last year which also contributed to more revenue being realized in FY22. Collections to date are strong however at least three more commitments remain to be billed during this Fiscal Year.
    - Building Fees: Up about $25,000 however several large permits were received last year later in the year, so this may be temporary.
    - Other Misc Department revenue is doubled mostly due to additional Clerk fees and Technology fees, however this section is smaller than most of the others – estimated total revenue is $12,000 and this quarter just met that goal.
    - The ambulance fund revenue has seen almost a double increase in every month for the three months to date, a great early sign that perhaps the ambulance operation is back to more consistency than last year.
    - RMV Fines: Note these have almost doubled year over year with the resumption of a higher level of traffic.
    - Finally, police detail fees were higher – partly due to a slightly increased billing volume and partly due to the timing of some larger bills being paid.
- Areas that have materially declined – interest earnings, tax lien fees.
    - Investment Income continues to be substantially flat due to a continued broad low interest rate environment (0.50% and lower).
    - Tax Lien Fees: Down substantially from last year. The past year we had a handful of large accounts settle out and have had no comparable payouts this year. We do have one that may be realized in Qtr 2, and we also are tasking the new Tax Title Attorney with initiating a broad collection effort this fiscal year.
- Water fund through 9-30 is down about 7% or approximately $43,000. As the Board is aware we are closely watching the fund in anticipation of a possible rate increase in the Spring. We will evaluate the proposed FY23 water budget and capital to better assess that decision.
- Final comments are Q1 revenues are staying good and overall results are satisfactory. As this is only the first quarter we will see if these collections stay on trend. Areas of note to watch: Building Permits, Motor vehicle excise (especially commitment 1 in February), water revenue, and tax/fee category which includes tax title fees.

General Fund Expenses:

Included in the packet is a snap shot of FY22 through 9/30/2021 by department

- For Information Technology the Department needs to re-allocate some expenses for FY23. The Director is expending funds from the cost lines he believes are appropriate however not all are matching up with the exact budget. This has resulted in an overage in the contracted services line and excess funds in the computer repair and equipment line. The Director will continue to monitor this throughout the year. The Board of Health copier lease is currently being paid out of the IT budget and it is expected that a reserve transfer request for $3,000 will be brought forth to cover that cost.
- We have made one Transfer from the Reserve Fund so far this year for the fire replacement boat for $17,300.00. At this time there may be three other possible end of year transfers for Court Judgements, Liability Insurance, and IT (see above).
- The Fire budget was increased by $17,300 from the Reserve Fund to pay for the replacement boat.
- The School salaries and expenses appear as a low percentage on the Q1 report the majority of the spending done over the summer was funded through encumbered funds from the prior fiscal year.
- The BOH department report is showing the full amount of the Director and Nurse Salaries. A portion of the unbudgeted salaries have been submitted for reimbursement to an alternate funding source.
- Court judgements is over $781 due to a slightly higher interest rate from the settlement than anticipated. For FY23 Northborough provided an estimate so that it is likely the budget will be enough. FY23 is the last year of this assessment and the budget sits by itself, so no other line can offset an overage.
- Liability insurance saw an unanticipated renewal increase this year which will result in a shortage (currently $4,639). The Town had a high loss ratio and the increases on an industry scale (due to an increase in natural disasters) are much higher this year than historically. Unfortunately, the expense is a mix of billed premium and credits earned to offset that bill, and this year was an unusually high renewal.
- The Water fund budget was reduced by $150,000 due to a reduced MWRA assessment. The budget reduction will be reflected in the Q2 report.
- As part of the FY23 budget process we will be looking to move hardware costs out of individual departments and into the IT budget. This will allow the IT manager to build a comprehensive list for hardware replacement. The software costs will remain with the individual departments.

Clear Gov Update:

The Town discontinued the Clear Gov application at the end of FY21. The application would have cost $23,000 to renew. The application was initially received via a Community Compact grant which did not cost the Town anything. The product was used by internal staff and the Select Board as well as the Advisory and Capital Committees.

Although the general idea of a collaborative software where the sharing of information was part of the integral aspect of the product, unfortunately the mechanics and flexibility of the software proved limited.

The reporting function was limited in functionality, where some basic reporting structures were not available. The product had some upgrades during the year we utilized it without the Town being notified, therefore it had a resemblance to a beta situation. The importing of our data from our ledgers was also a difficult and cumbersome process. Additionally, the product was not specifically tailored for MA budget building, rather it was a more generic product that could be fit to use on a national basis. There was no mechanism to set a tax rate or utilize on a larger scale within the product. The feedback from other users was mixed, varying from ordinary to dislike. The Advisory Committee agreed with the opinion the cost benefit was not worth further investment.

The Finance Team and IT will continue to seek possible alternatives to an excel based platform. Although this is the most common solution in other communities, it does have numerous disadvantages. We will utilize the Excel environment for FY23 budget preparation to not disrupt the budget schedule. Our current financial software -Vadar- may have some additional budget functionality however it is not shareable and some of this would only improve internal processes.

Revolving Funds:

Included in the packet is a revolving fund chart with revolving fund information and Q1 balances

- 911 Field Maintenance fund is used to support the upkeep of the field. The revenues have increased 69% over last year. Which is a good sign.

- The revenue we are currently receiving for the immunization clinic fund is for the prior year flu clinics. According to our UMASS billing contact due to COVID delays they are still working on FY21 winter flu reimbursements. We will receive another installment of reimbursements in December 2021.

Q1 Document List:

1. Q1 FY22 Local Receipts Summary
2. Q1 FY22 Ambulance Fund Revenue and Expense Summary
3. Q1 FY22 Detail Budget to Actual by Individual Depts
4. Q1 FY22 IT Contracted Services Detail
5. Q1 FY22 Water Fund Budget to Actual
6. Q1 FY22 Summary of Revolving Account Activity & Harvard Funds
7. Q1 FY22 Recreation Revolving Deposits and Expenses

TO: Board of Selectmen
FROM: Carla McAuliffe, Town Accountant
DATE: November 1, 2021
SUBJECT: Update on COVID-19 Funding Programs

I wanted to provide the Board with an update on the status of the various State and Federal funding sources, issued to help communities deal with the financial obligations of effectively responding to the COVID-19 pandemic.

	CARES	FEMA-PA	FEMA VACCINE
Program End Date:	12/31/21	12/31/21	Ongoing
As of 08/17/2021:	$218,000	$350,000	$84,763
As of 10/15/2021:	$210,000	$468,166	$86,329
As of 11/01/2021:	$207,203	$545,876	$87,490

Overall, the COVID related costs total $840,569. Due to the late guidance changes from FEMA we have shifted costs from CARES to FEMA.

Expenses	% of COVID Total
BOH Expenses	10%
Contractor (CSS)	1%
COVID Testing	42%
Election, TM, and Voting Costs	6%
Electricity – Public Safety Building	1%
IT Expenses	2%
PPE, Social Dist, Cleaning (Various Departs)	7%
Police and Fire OT	5%
Rent and Mortgage Assistance	5%
School Expenses	10%
Single Audit	1%
Vaccination Costs (Mainly Salary)	10%
	100%

The costs in FY22 have been COVID testing, additional cleaning of schools, public buildings, and the board of health nurse and director unbudgeted hours & benefits.

CARES:

- Will End 12/31/2021;
- Reporting #6 is due 12/2/2021;
- Final Drawdown application, which includes anticipated expenditures through 12/31/2021 was filed on 10/29;
- The US Department of the Treasury requires quarterly reports for CARES the reporting will continue until September 2, 2022.

FEMA PA and Vaccine:

- FEMA PA Application #2 for COVID Testing was submitted and is currently in the FEMA review process;
- FEMA PA Application #3 for BOH Director and Nurse Salaries was submitted and is currently in the FEMA review process;
- FEMA Vaccine Application is in the process of being compiled for COVID vaccine clinic expenses. This application will be filed once the upcoming children's clinics take place and total expenses are calculated;
- We anticipate an additional FEMA PA application to be filed early next calendar year for non-salary expenses;
- FEMA PA is currently scheduled to end on 12/31/2021, but MEMA is required to provide a 30-day notice of the termination of the program. This program has been extended several times since the pandemic began and will most likely be extended beyond 12/31/2021.

ARPA:

- Revised Amount $3,051,241 (includes county portion);
- We have received $1,525,271. All funds must be encumbered by 12/31/2024 and spent by 12/31/2026;
- Additional guidance from the US Treasury has yet to be released;
- The revenue loss calculation has been calculated;
- The first ARPA reporting deadline was postponed from October 2021 to April 2022.

RECIPROCAL INTERIM LICENSE AGREEMENT

Now come: THE TRUSTEES OF ST. MARK'S SCHOOL OF SOUTHBOROUGH, INC., a duly organized and existing charitable corporation with an address of 25 Marlboro Road, Southborough, Massachusetts (the "School"), and THE TOWN OF SOUTHBOROUGH, a Massachusetts municipal corporation, acting by and through its Board of Selectmen, with an address of 17 Common Street, Southborough, Massachusetts (the "Town"), and hereby agree as follows:

WHEREAS: The School desires to perform and construct certain improvements upon an approximately 16,134 square foot portion of the Town's property consisting of a public road layout located at the northern area of the intersection of St. Mark's Street and Marlborough Road (Route 85), said improvements to include the construction of a parking areas and completion of landscaping improvements.

WHEREAS: The Town desires to perform certain road and park improvements on an approximately 31,357 square foot portion of land owned by the School located at the intersection of St. Mark's Street and Marlborough Road.

WHEREAS: The parties have agreed to swap easements on the two above-described portions of property, such easements depicted on the plan of land, entitled Southborough History Walk Property Plan, a copy of which is attached hereto as Exhibit A (the "Plan").

WHEREAS: The grant and acceptance of easements by the Town requires Town Meeting approval, such Town meeting tentatively scheduled for the Spring of 2022.

WHEREAS: to facilitate the parties respective projects, as described above, the parties have agreed to grant interim licenses to enter onto the property and perform improvements.

NOW THEREFORE: For the exchange of licenses and other valuable consideration, the receipt and sufficiency is hereby acknowledged, the parties agree as follows:

1. The School hereby grants a license to the Town to enter upon, locate, construct, maintain, operate and inspect right-of-way and park improvements on the above described property belonging to the School. Such rights shall include, but not be limited to the entry by persons and equipment and the installation of fixtures, utilities, pavement and other improvements as may be reasonably necessary to complete the Town's project.

2. The Town hereby grants a license to the School to enter upon, locate, construct, maintain, operate and inspect certain parking improvements on the above described property belonging to the Town. Such rights shall include, but not be limited to the entry by persons and equipment and the installation of fixtures, utilities, pavement and other improvements as may be reasonably necessary to complete the School's project.

3. The respective parties shall fully comply with all local, state and federal laws in any work to be performed at the respective licensed properties, as shown on said Plan.

4. The parties in no way warrant or guarantee the condition and suitability of the respective licensed properties for the purposes and work heretofore specified.

5. The parties agree to indemnify, release and hold harmless each other and their respective officers, principles, agents, contractors and employees from any and all claims, losses, suits, damages and liability of any kind to persons or property that results from the acts, omissions, use and negligence of the licensee of each of the respective licensed properties.

6. Parking and roadway will remain accessible, to the extent possible, during construction. Road and parking closures will be intermittent and with notice.

7. The parties agree to exchange easements for use of the respective licensed properties within thirty (30) days following the Southborough Town Meeting's approval of the same, such easements to be subject to the reasonable review and approval of the parties.

8. The School, its agents, executors and assigns, are responsible to maintain, repair, correct, fix and remedy any parking facilities it installs on the property licensed by the Town.

9. The Town, its agents, and employees are responsible to maintain, repair any park or road improvements that it installs on the property licensed by the School.

10. It is contemplated that, upon, or contemporaneously with, the exchange of the easements, the Town shall accept the reconfigured layout of St. Mark's Street as a public way.

11. The parties agree to install the contemplated improvements in accordance with plans therefore and to complete such improvements in a good and workmanlike manner.

12. The parties agree that this agreement does not constitute an easement or other type of perpetual conveyance of rights and that this Reciprocal License shall not be recorded with the Registry of Deeds.

13. The parties reserves the right to review, revoke, or rescind this license, for any reason and at any time within three hundred (300) days' notice, provided however, that the parties agree to attempt the resolution of any issues before any action of revocation or restriction is taken.

14. This License Agreement is a Massachusetts Contract and may only be enforced in a Massachusetts Court of competent jurisdiction.

15. This Agreement may be executed in multiple counterparts and scanned or electronic signatures shall be sufficient to bind the parties.

IN WITNESS WHEREOF, the parties have executed this instrument on this____day of _____, 2021.

TOWN OF SOUTHBOROUGH

TRAILS COMMITTEE

17 COMMON ST · SOUTHBOROUGH, MASSACHUSETTS 01772
http://www.southboroughtrails.org

November 10, 2021

Dear Select Board:

I am writing you on behalf of the Southborough Trails Committee (STC) as a follow up to our November 3, 2021 discussion about the proposed Trails Committee charter changes. As discussed, I am providing you with a draft of the proposed changes. This topic is included on the upcoming November 16th Select Board meeting for further discussion and vote.

The Committee felt it was important to incorporate language into the charge to define the role of Associate Member and to address how open meeting law applies to existing members who will work with Associate Members. We are seeking the Board's guidance on how best to achieve this objective given there is no existing definition or policy to help define the parameters of this role.

The STC appreciates the Board's consideration of this request, and we look forward to a productive discussion at the meeting.

Kathryn McKee
Southborough Trails Committee Chair
508-479-0971
kcraddock@seadvantage.com

TOWN OF SOUTHBOROUGH

Board of Selectman

17 COMMON ST · SOUTHBOROUGH, MASSACHUSETTS 01772
PHONE (508) 485-0710 | FAX (508) 480-0161 EMAIL: bos@southboroughma.com
https://www.southboroughtown.com/board-selectmen

Proposed Revised Charge:

Southborough Trails Committee

The Southborough Trails Committee (STC) is an ad hoc committee created by the Select Board by unanimous vote on January 8, 2013. The Committee will include 5 voting members and non-voting associate members[1] as agreed to by the STC and the appointing authority. A quorum for the Committee shall be a majority of the voting members, no less than three (3).

The Southborough Trails Committee is charged with overseeing volunteers to create, monitor, maintain, and improve trails in Southborough in coordination with municipal, state, other public or private entities, and regional organizations as needed. The STC will work to create trail connections to existing regional trail networks, conservation land, and open spaces. Additionally, the STC shall be responsible for oversight of all required monitoring and maintenance obligations under any town trail licensing agreements with the Massachusetts Department of Conservation and Recreation (DCR), the Massachusetts Water Resources Authority (MWRA), or other organizations. The mission is exclusive of Breakneck Hill Conservation Land.

The STC will promote awareness of the trails through outreach, guided hikes, educational programming, and social media in coordination with other town entities and other organizations. The Committee will promote Southborough's passive recreation opportunities and educate trail users about the permitted use policies that protect the watershed, reservoir, wildlife, and the environment.

DRAFT

[1] Associate Members are not counted toward quorum, may not move, second, or vote upon matters before the committee. Associate Members may participate in discussions and in the work of the committee at the discretion of the chair. Associate Members must take the same Open Meeting Law (OML) and Conflict of Interest Law training as voting members. Voting members are responsible for ensuring no serial deliberations occur through Associate Members.

Existing Charge (for reference only):

Southborough Trails Committee

The Southborough Trails Committee (STC) will oversee volunteers to create, monitor, and maintain town resource trails in Southborough in coordination with any entities that are public or private, and will coordinate with the regional trail organizations. Additionally, the STC shall be responsible for oversight of all required monitoring and maintenance obligations under the town's trail licensing agreements with both DCR and MWRA. The mission is exclusive of Breakneck Hill Conservation Land.

Thank you to our State Senator Jamie Eldridge and his staff for securing this much-appreciated $70k funding t re-open Northboro Road here in Southborough! It was indeed great to work with you Jamie on this, just as we used to work on State Rep and State Senate races back in the mid-1990s! A great collaboration.

Jamie Eldridge is in **Southborough, Massachusetts.**

1d ·

Final successful Senate district earmark of the ARPA budget, $70,000 for Southborough to fix the collapsed culvert close to Northboro Road! It was great to work on this with Southborough Select Board member Andrew Dennington - one of my first interns in my first State Rep race!

Fiscal Year 2022
Tax Classification Hearing

November 16, 2021

Prepared For:
Southborough Select Board
Lisa Braccio, Chair
Chelsea Malinowski, Vice-Chair
Sam Stivers, Member
Martin Healey, Member
Andrew Dennington, Member

Prepared By:
Southborough Board of Assessors
Jeffrey Klein, Chair
Tammi Rice, Vice-Chair
Heath Widdiss, Member

Paul Cibelli, Principal Assessor
Lori Esposito, Deputy Assessor

1

What is Tax Classification?

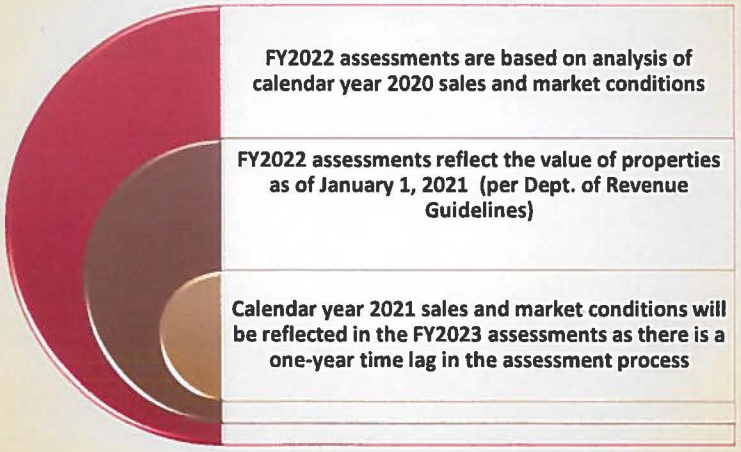
Allows communities to have different tax rates for certain classes of property:

- Residential
- Open Space
- Commercial, Industrial and Personal Property (CIP)

State Statute:

Provides a maximum allowable portion of the tax levy (up to 150%) to be borne by the CIP classes

Provides a minimum allowable portion to be borne by the residential class



2

Tax Classification / Key Concepts

- Allows the Board of Selectmen to make the decision whether or not to shift tax burden from one class of property to another
- No additional tax dollars are raised, as the tax levy remains the same
- Town of Southborough has never had a split tax rate
- Issue of fairness between property classes

3

Fiscal Year Assessments

4

What is Happening to Assessments?

- **Overall assessments are on the rise**
  - Residential class increased 4.83%
  - Commercial class decreased -11.54% (-0.72%)*
  - Industrial class increased 18.98% (-0.72%)*
  - Personal Property class decreased -.04%

  * If 325 Turnpike Road (Ken's Warehouse) was not reclassified in FY22
- **Town's total taxable valuation increased by $103.53 million to a new high of $2.856 billion in FY22**

5

Fiscal Year 2022 New Growth

The Assessors calculated $38.769 million in *new growth* value within the Town → This represents $628,456 in *new growth* tax dollars → Results in a 20.33 % decrease in *new growth* from FY2021

10 Year New Growth Average = $688,799

6

Average Single Family Assessed Value

7

Single Rate Impact
(Residential)

FY2022 tax rate would increase from $16.21 to $16.28

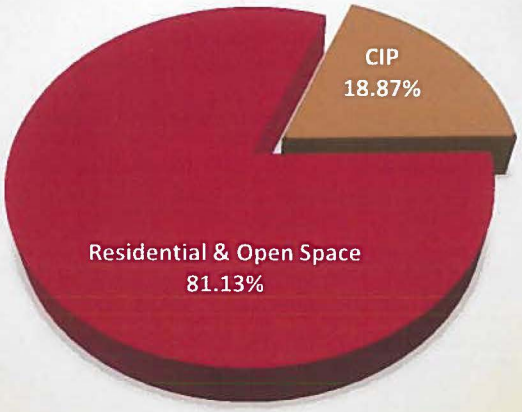
The average single family tax bill would rise from $10,710 in FY2021 to $11,233 in FY2022, a $523 or 4.89% increase *

- Excluding the Community Preservation Act surcharge
  (Avg. Single Family Home = $96.05)

8

Single Rate Impact
(Commercial, Industrial, Mixed-Use)

The average assessed commercial, industrial, mixed-use improved property rose slightly from $3,141,300 to $3,144,900 a .1% increase



The average commercial, industrial, mixed-use tax bill would rise from $50,920 to $51,199 or a .55% increase *

- **Excluding the Commercial Preservation Act surcharge**
  (Avg. C&I, Mixed-Use = $511.99)

9

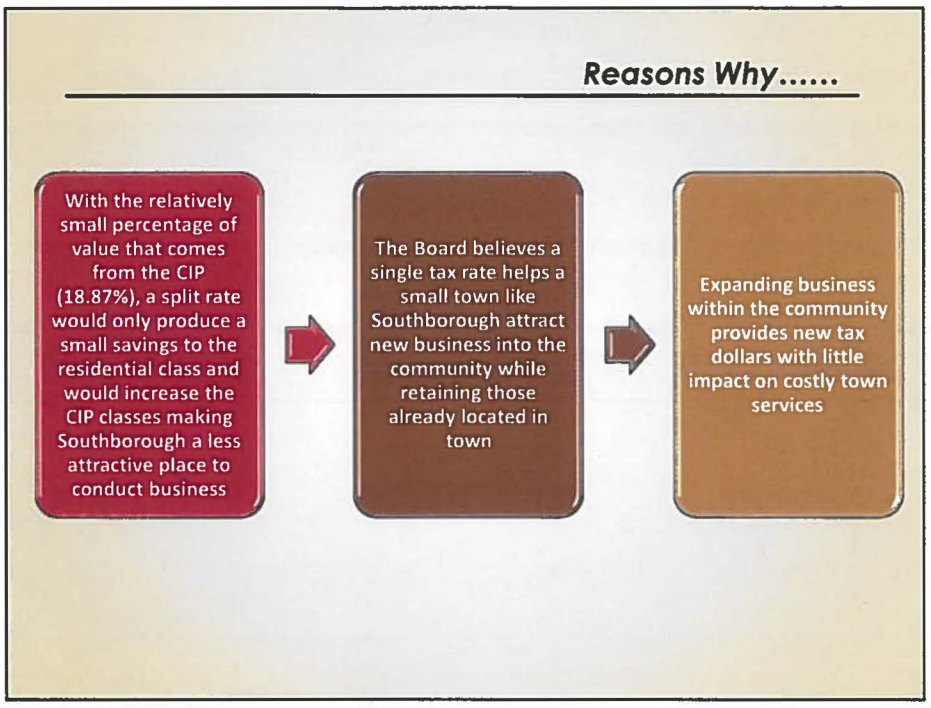
Relationship of Class Values

Fiscal Year 2022

10

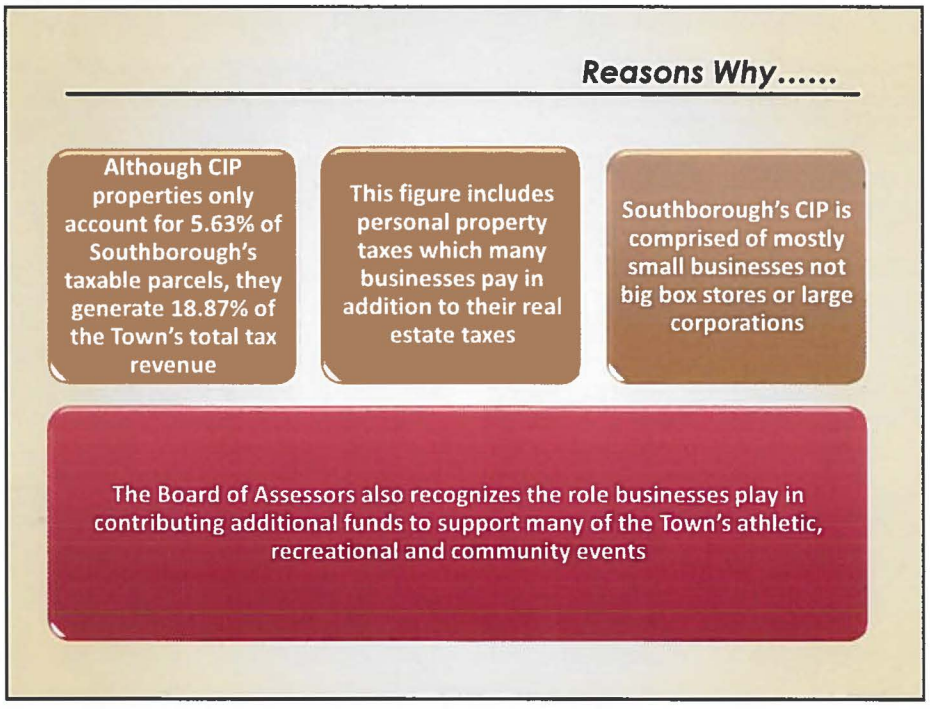
Recommendation

The Board of Assessors unanimously recommends continuing with a single tax rate for fiscal year 2022



11

Reasons Why.....



COVID-19

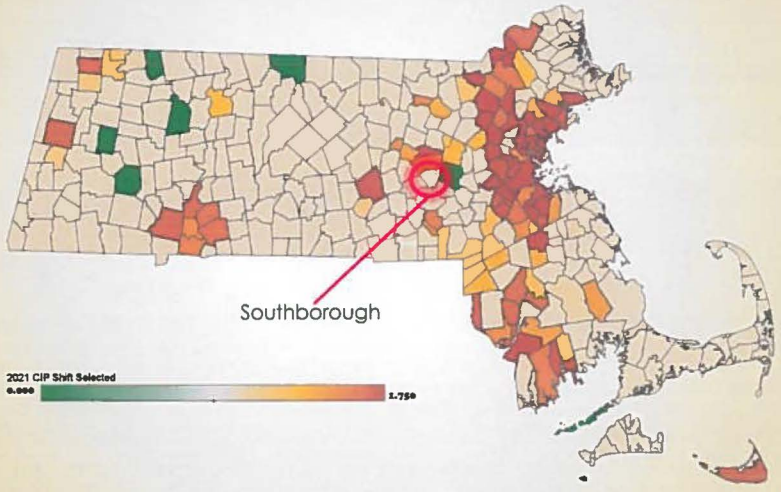
- Businesses of all sizes continue to struggle
- Ongoing pandemic and its overall impact on the future of businesses remains unclear
- Not the time for additional tax burden to be placed on the CIP classes

12

Reasons Why.....
With the relatively small percentage of value that comes from the CIP (18.87%), a split rate would only produce a small savings to the residential class and would increase the CIP classes making Southborough a less attractive place to conduct business
The Board believes a single tax rate helps a small town like Southborough attract new business into the community while retaining those already located in town
Expanding business within the community provides new tax dollars with little impact on costly town services

13

Reasons Why.....
Although CIP properties only account for 5.63% of Southborough's taxable parcels, they generate 18.87% of the Town's total tax revenue
This figure includes personal property taxes which many businesses pay in addition to their real estate taxes
Southborough's CIP is comprised of mostly small businesses not big box stores or large corporations
The Board of Assessors also recognizes the role businesses play in contributing additional funds to support many of the Town's athletic, recreational and community events



14

Additional Facts

- 244 out of 351 (69.5%) Massachusetts communities had a single tax rate in fiscal year 2021
- April 2015 Town Meeting voted overwhelmingly to defeat a non-binding article to have a split tax rate
- April 2015 Town Meeting voted to fund a part-time Economic Development Coordinator to help expand future business development within the community, thus a split tax rate would be prohibitive to the EDC's goals

15

2021 Commercial, Industrial & Personal Property (CIP) Shift

16

Tax Rate Shift Impact

SINGLE TAX RATE SCENARIO

SINGLE FAMILY HOME		C & I IMPROVED PROPERTY	
Average Value	$690,000	Average Value	$690,000
Tax Rate (per $1,000)	16.28	Tax Rate (per $1,000)	16.28
Average Tax Bill	$11,233	Average Tax Bill	$11,233

5% SPLIT TAX RATE SCENARIO

SINGLE FAMILY HOME		C & I IMPROVED PROPERTY	
Average Value	$690,000	Average Value	$690,000
Tax Rate (per $1,000)	$16.09	Tax Rate (per $1,000)	$17.09
Average Tax Bill	$11,102	Average Tax Bill	$11,792
Tax Decrease	$131	Tax Increase	$559
Decrease	1.2%	Increase	5.0%

17

FY2021 Tax Rates of Surrounding Communities

COMMUNITY	SPLIT-RATE	RES. RATE	COMM. RATE
Ashland	NO	$15.93	
Berlin	YES	$15.58	$25.95
Bolton	NO	$20.86	
Boylston	NO	$16.98	
Framingham	YES	$14.05	$30.09
Grafton	NO	$17.18	
Holliston	NO	$17.85	
Hopkinton	NO	$17.08	$17.07
Hudson	YES	$16.59	$33.16
Marlborough	YES	$13.80	$24.47
Natick	NO	$13.61	
Northborough	NO	$17.12	
Shrewsbury	NO	$13.19	
SOUTHBOROUGH	**NO**	**$16.21**	
Sudbury	YES	$18.83	$25.55
Wayland	NO	$18.52	
Westborough	NO	$18.54	

18

Other Tax Shift Options

19

Residential Exemption

- Shifts tax burden within the residential class from lower assessed properties to seasonal, rental and higher assessed properties.
- Allowed only on residential property that is a primary residence of the taxpayer.
- If adopted, the residential exemption may be up to 35% of the average assessed value of all residential parcels.
- Accepting this option **increases** the residential tax rate only.
- Typically, this exemption is adopted in areas with a low rate of owner occupancy.

	Without Exemption		With Exemption @ 10%				
Assessed Value	Tax Rate	Tax Bill	Exemption Amount	Net Taxable Value	Tax Rate	Tax Bill	Difference
$500,000	$16.28	$8,140	$64,638	$435,362	$17.86	$7,776	($364)
$690,000		$11,233		$625,362		$11,169	($64)
$900,000		$14,652		$835,362		$14,920	$268

Any owner occupied home assessed over $730,651 would pay **more** while those below would pay **less**.

* Previously 15 of 351 communities adopted a residential exemption in FY21

20

Small Commercial Exemption (SCE)

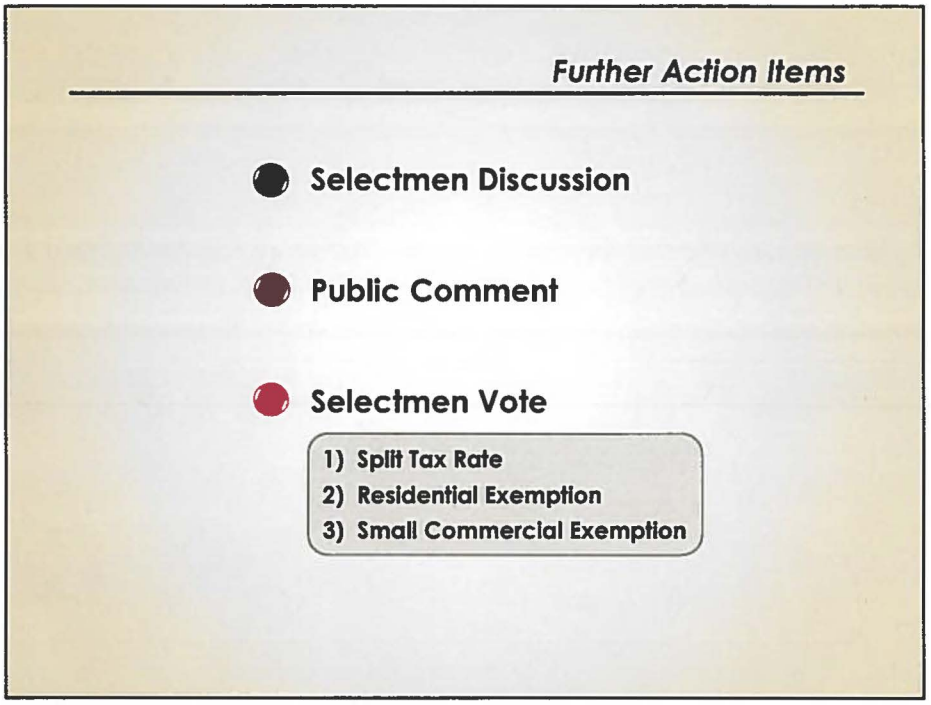
Grants a small commercial exemption to all Class Three commercial properties that are occupied by businesses with an average annual employment of no more than ten people and an assessed valuation of less than $1,000,000

Adopting this exemption increases the commercial and industrial tax rates

This exemption creates a tax burden shift that reduces the taxes paid by owners of properties occupied by small businesses and shifts them to larger commercial and industrial taxpayers

The amount of tax levy paid by those two classes remain the same

The exemption is for the property owner, not the small businesses



* Previously 14 of 351 communities adopted a SCE in FY21

21

Recommendation

The Board of Assessors unanimously recommends not to adopt the Residential and Small Commercial Exemptions as they are not relevant to this community

22

Further Action Items
Selectmen Discussion
Public Comment
Selectmen Vote
1) Split Tax Rate
2) Residential Exemption
3) Small Commercial Exemption

23

2021 Highlights

Fire Department:

Retirement of Lieutenant Peltier – 34 years of service – in September

Hiring of Firefighter Lisa Thompson in November

Delivery of new Rescue Pumper Fire Engine in December

Completion of Community-Driven Strategic Plan – to be presented to Town in January 2022

Initiated National Accreditation Process

Collaboration with Area Communities and Board of Health in Regional COVID vaccination clinics – including providing paramedics and EMT vaccinators.

Police Department:

Our biggest accomplishment was being Re-Accredited for a new three-year period by (MPAC) the Massachusetts Police Accreditation Commission.

We are one of only 83 police departments in the State to achieve this honor. We were originally Accredited in 2018.

We also welcomed three new members of the department this past year: Officer Tyler Lu in July, Officer Luke Soccorso in August, and Officer Julia Fontana in October.

The Recreation Department:

- Has installed athletic lighting at both Mooney Field and Neary/Richardson Tennis Courts and are awaiting connection with National Grid. We are looking forward to using them in Spring 2022 and holding programs under the lights for the community.
- Have secured a contract for Kallander Field to complete long awaited renovations to the facility to be brought back online in 2022.
- Held a revamped and successful summer camp that saw 552 *individual* children attend over the course of 8 weeks. Registration for summer 2022 opens on February 1st!
- Successfully brought back community events such as Summer Nights, Heritage Day, and the Gobble Wobble - with the introduction of the new Trunk or Treat Halloween celebration to be continued for years to come
- After a vacancy that lasted all summer, the Recreation Department welcomed Joe Durant as new program coordinator to the department.

Economic Development Committee:

-Assisted local businesses in the following ways:

- Awarded 12 grants worth $155,000 to Southborough small businesses (microenterprises);
- Created outdoor dining regulations to allow restaurants to operate at higher capacity due to indoor-dining restrictions;
- Assisted Southborough restaurants in extending operations and creating outdoor dining areas through a $24,500 Shared Streets and Spaces grant. The grant money was used to purchase outdoor dining tents, heaters, picnic tables, planters and bike racks for use by Southborough restaurants.

-Initiated and helped finalize the Downtown District zoning bylaw which passed at Town Meeting on November 1, 2021 with overwhelming support (73%) of Southborough residents.

-Finalized a wastewater feasibility study for downtown Southborough

Facilities Department:

1) Prepared Town buildings for the reintroduction of employees and the public, post COVID-19 shutdown. Also, assisted the Board of Health with various COVID-19 related clinic setups and breakdowns.
2) Made significant LED lighting fixture upgrades in and repainted the grand back entrance hallway at the Town House.
3) Renovated the 2nd floor restroom at the Town House
4) Repainted the front circulation room and the director's office at the Library.

Conservation Commission:

- Conservation Agent became a Certified Erosion, Sediment, and Stormwater Inspector (CESSWI)
- Successfully finished and recorded the Halloran CR
- Acquired MVP Action Grant for the creation of an Impervious Surfaces GIS Data Layer
- Finalized and gained final approval of the Open Space & Recreation Plan
- Ran a successful Earth Day Poster Contest with Northborough Conservation

Cable Television Committee:

The Cable Television Committee negotiated a renewal of Comcast's license to provide cable television services in Southborough

Building Department:

The building department has along with the fire department conducted "304" inspections which were initiated after the Rhode Island Station nightclub fire and promulgated in a historically short time. The Massachusetts fire act of 2004 includes annual inspections with both the building and fire departments. This inspection is tied to an establishment's annual liquor licensing and could be held up in severe violations exist. All establishments in Southborough have complied with the minimum requirements to receive their annual certificate of inspection. Items that are required are functioning EXIT signs, emergency lighting and no means of egress that has been impeded or blocked. In addition, restaurants and establishments must have hood inspections up to date, each require a different time frame depending on use.

The past year has been very busy with home sales and building, electrical and plumbing and gas permitting. Fees were increased in July of 2021 that are in line with neighboring communities and all inspectors are experiencing record permitting and inspections, all of which were conducted throughout the pandemic.

NBC 10 has researched a contractor for over three months that has not completed work and has taken advantage of many homeowners. I luckily saw part of this three-part segment and had just spoken to this contractor about a permit application in our office that I had not received information adequate to issuance of a permit. The contractor misled the homeowner and luckily, we were able to contact the homeowner and enlighten them about the issues with this contractor. The contractor misled the homeowner that the permit was issued. The state is working with the attorney general on this contractor and better ways for licensing and criteria for contractors.

We encourage any homeowner if they have any questions, please call our office, and always ask for three references before signing a contractor or giving them money.

https://malegislature.gov/Laws/SessionLaws/Acts/2004/Chapter304

Southborough Historical Commission:

1. Successful review by, and hearing before, the Massachusetts Historical Commission of the Southborough Center Historic District. Now pending final approval by the National Park Service for inclusion in the National Register of Historic Places.
2. Continued highlighting of historic homes in Southborough via the Historic House Signs Program.

Senior Center:

-most programs back up and running in smaller groups or limited capacity

(Trailblazers Group was the first to be back up and going strong with 65 active participants in outdoor activities, Walking Challenge Group continues w 30 participants, Dull me continues in hybrid format in person and zoom w an average of 25 participant)

-additional programs such as drive through, programs on the lawn, and monthly lunch program at Colonial Gardens added to safely adapt to the Covid situation

-data base of contact information update is in progress to improve communication to senior households (all households 80+ w phone numbers available were contacted by phone since covid began)

-major outreach effort was done to reach out to all seniors 75+ by phone or mail and will continue through he data base update process to collect better contact information

-caregiver meal program has begun its 6th year with funding from the Southborough Community Fund

Youth and Family Services

1. Acquisition of Interface Referral Service
   Having an effective referral process has assisted many residents with screening and connecting with mental health providers in a timely manner. It has also enabled the YFS department to carry out their short-term/ "bridge service" model of mental health services and increase responsiveness to the community's mental health needs. Without an effective referral process, the YFS department becomes backlogged with mental health requests and lacks openings for new or urgent calls for help. Interface has become a critical element to this model succeeding.
2. Coffee Talk
   Coffee Talk was a weekly virtual talk show covering topics related to mental health and social services while providing residents with information, resources, and strategies to support their own mental health and that of their loved ones. The staff members of SYFS met weekly on the show with a different guest who specializes in the area of discussion. Some guests include doctors, clinicians, residents of the community, experts in the field, local officials, representatives from local non-profits, and town/school employees. The SYFS team, with the help of Southborough Access Media, produced 49 episodes of Coffee Talk over the course of a year with show topics ranged from suicide prevention, navigating emergency housing services, accessing emergency mental health support, and domestic violence to topics such as art therapy, mindfulness, self-care, and bibliotherapy. Coffee Talk's episodes received over 8,500 views online.
3. QPR Suicide Prevention trainings
   In 2021, YFS's Program Coordinator, Shannon Kinayman, became certified as a QPR Suicide Prevention Gatekeeper trainer. QPR is an acronym for Question, Persuade, Refer. Not unlike CPR, the training teaches participants basic skills to recognize signs of distress and help a person in crisis. There has been a fantastic level

of interest in these trainings with three new training dates filled up within days of registration opening. YFS's goal is to train 100 residents in QPR by next fall.

4. Strategic Plan and Community Needs Assessment
   YFS has been challenged with identifying how to best support the complex needs of the Southborough community for many years. As a department that provides a broad scope of human services, including mental and behavioral health services, social and public assistance programs, and prevention and wellness initiatives, the department's path has not always been clear. Our work has been especially challenging given the unprecedented impact of the COVID-19 pandemic. In 2021 the department engaged in a Community Needs Assessment which engaged 510 responses from residents in the community. With that information, we developed a subsequent strategic plan which created a road map that will improve the operations of the department and focus the services for many years to come.
5. Continuing to provide critical services such as mental health support and emergency funds through the pandemic
   Like most other departments, YFS had to shift the service delivery during the beginning of the pandemic . In 2021, we started the year completely remote but by mid-summer, had returned to offering full in-person services again. Despite challenging circumstances and many unknowns, we are proud that we continued to provide high quality services in creative ways and without a lapse in response time. Our team is incredibly hard working.

Health Department:

The Southborough Board of Health had notable change in board members and health department staff. The long time board member Mary Lou Woodford stepped down and a new member Chelsea Malinowski was elected. Long time health director Paul Pisinski retired and a new public health director Heather Alker and public health nurse Taylor West were hired.

Covid continued to have a significant impact on work and resources of the department. 511 covid cases in town to date for 2021 with over 500 hours of case investigation and mitigation done. The Health department has done 18 covid vaccination clinics and 1 flu clinic in town and has collaborated locally to help sponsor many more immunization events including a 7 town regional vaccination clinic held in Westborough.

The department was busy with food and septic inspections as we continued with and resumed town activities.

Highlights include a resident survey by the department with 300 residents responding with Covid being the number 1 health concern among residents. The top 3 health concerns of residents beyond Covid include mental health, tick borne illness and climate change.

Finally, an important highlight included joining with Westborough, Northborough and Boylston in the Greater Boroughs Partnership for Health.

Technology:

1. Fiber project for DPW and Historical building complete.
2. Duo two-factor authentication is rolled out to employees for another level of security against cyber threats.
3. E-Fax has replaced the towns old Verizon fax lines which would not be supported by 2022.
4. Board of Health has a new all-in-one printer that utilizes PaperCut software which keeps printing documents HIPPA compliant. Documents will no longer be left on printer so that anyone one can view them.

ADA:

The ADA Committee had a Self-Evaluation done of Town owned properties and Schools.

Mark Purple, updated the Town web-site with all the necessary Employment and Complaint Policy. (A requirement of the grant)

The ADA Committee formally changed its name and outlined our authority by a vote of Town Meeting

Working with Mark and Departments on addressing the funding and priorities of the identified ADA issues identified in the Self-Evaluation.

Request funding in the 2023 budget of $50,000. for assistance and improvements funds (small)

We hope to continue are working relationship with all parties in addressing ADA priorities with CPC Funds, Grants etc.

Commented on several site plans and building projects where ADA requirements have not been met. Our expanded charter will also allow us (in 2023) to more effectively address the requirements of the disabled.

Selectboard:

- The return to an in-person Town Meeting was a monumental task but an important one for the residents. We are very happy to report that the new position of Senior IT Specialist was approved at that meeting. This will provide pivotal support to the IT department and will allow the Town to focus on employee training, project management and critical data analysis for all town departments.
- The development of a Remote Work Policy has helped the Town migrate toward meeting the demands of a pandemic workplace. Giving eligible employees a tool to work from home when the need arises has also served as a beneficial recruitment and retention asset. Town departments learned quickly this year how to enhance their resources and services by implementing a number of virtual programs and tools.
- On a lighter note, we are thrilled to see the staff in the Selectmen's Office flourish with the promotion of Kate to a full time employee and the addition of Melanie as Executive Assistant. Both women have proved to be the perfect combination to help move us into the new year with a strong skill set, energy for developing innovative resources and superior customer service.
- 9 families were provided financial assistance to through the Rent & Mortgage Assistance Program funded by CARES

Master Plan Committee:

The Master Plan Committee (MPC) is diligently working to complete the Master Plan. Other than an initial MAPC grant that afforded the MPC assistance from MAPC in organizing and executing an outreach forum, developing a survey and analyzing the data, all other work on the Master Plan has been carried out by the volunteers on the committee. The result being a very low expenditure of public funds.

Based on feedback received from the outreach forum and survey the MPC developed future goals for Southborough. Premised on those goals committee members have written draft chapters which are currently being reviewed by the entire MPC

SHOPC:

1.) Housing Production Plan completed

2.) Awarded a $15,000. Grant with MAPC to implement the HPP.

3) Board Members attended Educational Webinars throughout the year.

Planning:

- Qualified for another year as a Tree City USA Community
- Updated to Zoning §174-12.1 Outdoor Illumination adopted at 2021 ATM
- Amendment to Zoning §174-10 Site Plan Approval adopted at 2021 ATM
- Continued Open Space Monitoring Program for FY21

Capital Planning Committee:

Through 2021, the Capital Planning Committee has worked with Department Heads, Committees, Commissions, and Boards to streamline the 10-year capital planning process, make formal recommendations to the Select Board, Advisory, and Town Meeting. In early 2022, as a culmination of 18 months of work, they poised to present recommendations related to their comprehensive review of town and school infrastructure that will have benefits to all residents of the town of Southborough.

Finance:

*Finance Team was re-constituted to effectively work as a group to address budget and financial matters.

*The Department successfully trained and integrated new part time employee into the Office.

*Successfully pushed through several unexpected work flow events (COVID and unexpected leaves) to continue normal operations.

Open Space Preservation Commission:

Despite Covid the OSPC had a productive year – Here are a few of our accomplishments;

- January and February: Orchestrated a successful seed distribution program. Volunteers hand collected, cleaned, and packaged over 700 packages of 26 varieties of native plants, specifically for At- Risk Pollinators. Facilitated a drive- through pick-up at Cordaville Hall. Hosted a follow up Winter Sow Workshop webinar on how to plant the seeds. We had well over 100 participants.
- June: Over 50 people attended a Garden Tour at the Beecology Research Garden at Breakneck Hill Conservation Land featuring a presentation by Dr. Robert Gegear.
- Spring and Summer: Partnered with Southborough Open Land Foundation on a new Pollination Preservation Garden at the Beals Preserve. Recruited volunteers from SOLF, Scouts, and Rotary Club and orchestrated workdays for the preliminary preparation of the garden bed.
- April through October and ongoing: Facilitated the installation of Public Display Pollination Preservation Garden at the library. Recruited and held volunteer workdays every weekend. Next summer we will have a new beautiful flower garden that helps to preserve biodiversity and additionally create a space for nature based programing for Native Plant Gardening and Citizen Science Projects.

Library:

The link detailed various projects that the library completed in 2021 regarding outdoor spaces, including an outdoor vegetable garden, a new native plant garden, a 2nd frog dedication statue, a solar panel USB charging bench, and Story Walk exhibit: https://www.masslibsystem.org/blog/2021/11/01/southborough-library-outdoors/

There are various grant entities and organizations thanked in the post from the Massachusetts Library System.

The library was very happy to continue to offer curbside pickup service in early 2021 before reopening to the public on June 1st. The library was also very happy to make much needed historical restorations and necessary building repair to the roof as a result of the Library Façade Restoration Project made possible by the Southborough Community Preservation Committee.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, December 7, 2021, 6:30 PM
Location: Via Zoom
Present: Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

I. Call Meeting to Order

Chair Braccio called the meeting to order at 6:30P.M.

II. Proposed change to Zoom meetings – Chat function

Chair Braccio spoke to Town Counsel to inquire whether the Select Board is required to use the chat function feature during meetings. Town Counsel replied the Select Board is not required to do so, adding there are two opportunities for public comment during the meeting. Additionally, he said the Board offers the opportunity to participate at any point during the meeting through the use of the raised hand function. Chair Braccio spoke with IT Director Jason Montijo regarding the chat function. Mr. Montijo stated the only way to disable the chat function for meetings is to disable for all meetings in Southborough. It is not possible to disable on a case-by-case basis. Chair Braccio feels disabling the chat function for all meetings in Southborough is a policy issue and requested Board feedback. Each Board member shared they are in support of disabling the chat function for meetings town-wide. Ms. Margarite Landry (134 Deerfoot Road) asked, if the chat function were disabled, how would the public know if the Board fails to acknowledge someone wishing to comment. Chair Braccio thanked Ms. Landry for her comment and stated the Board works hard to ensure anyone wishing to comment is able to do so. She also added she is unaware of anyone who has been excluded when requesting to participate in Board meetings. Mr. Healey moved the chat function be disabled for all Zoomed public meetings for Southborough boards and committees. Mr. Stivers seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote: Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Mr. Dennington, aye; Ms. Braccio, aye. Chair Braccio will work with Mr. Purple to draft a policy regarding the chat function.

III. Public Comment

There was no public comment.

IV. Scheduled Appointments *(Board may vote)*

a. Police Department: Recognition of employees

Chair Braccio shared two occasions that demonstrated the exemplary service of the Southborough Police Department. First, she recognized Sergeant Heath Widus, Detective Steve Nivert, Officer Jake Woodford, Officer Kevin Landry, Officer Luke Sciroso, Special Officer Dave Hagan and Dispatcher Kyle DiVincent for their response to a call for a man down. The police officers were first on scene. They assessed the situation and provided CPR and respiration, using a bag valve mask, until paramedics arrived. The officers stayed throughout the event and assisted with transporting the patient to the ambulance. Chair Braccio noted this example of exemplary service was shared with Chief Paulhus

through a letter from Chief Achilles on behalf of Firefighter Shanahan. Next, Chair Braccio recognized Sgt. Michael Whelan, Officer Cameron Kapsky, Officer Jeff Milton, Officer Julia Fontana and Dispatcher Dave Madeau for their response to a call of an unresponsive individual. The officers assessed the situation, administered CPR and used an AED. The party regained a pulse and was transported by Southborough Fire Department. Chair Braccio thanked the police officers, noting on both occasions, Southborough Police were the first responders. Chief Paulhus also thanked the officers. He commented that many times, the police are the first on scene to an event. He noted officers are trained yearly in CPR, Narcan and AED use and that training is invaluable to them as first responders. He stated that, since 2017, officers have conducted 25 Narcan saves. Finally, he acknowledged the positive synergy that exists between Southborough Police Dept. and Southborough Fire Dept. Each Board member offered their acknowledgment of and thanks to the officers. Chair Braccio thanked the officers for their commitment to excellence for Southborough's residents.

b. Interviews/Appointments to ARPA Committee

Chair Braccio updated the Board to inform them the ARPA Committee charge will remain open for citizens at-large until Friday, December 10th. To date, the following individuals have stepped forward to serve: Planning Board: Marnie Hoolihan; Advisory: Tim Martel; EDC: John Wood; and Capital Planning: Joe Palmer and Tony Schoener. After a brief discussion, the Board decided to seat the members listed above and interview and seat the at-large members at its next meeting. The Board agreed to meet on Tuesday, December 14th at 6:00PM, prior to the scheduled 7:00PM meeting with Advisory, in lieu of the Board's December 21st. meeting. Ms. Malinowski thanked those who have stepped forward thus far to serve on the ARPA Committee. Mr. Healey moved to appoint Marnie Hoolihan, representing the Planning Board, Tim Martel representing Advisory, John Wood representing the EDC and Joe Palmer and Tony Schoener, representing the Capital Planning Committee to the ARPA Committee with a June 30, 2022 expiration date. Mr. Stivers seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote: Mr. Healey, aye; Mr. Stivers, aye; Mr. Dennington, aye; Ms. Malinowski, aye; Ms. Braccio, aye.

V. Reports

a. Chair's Report

i. Gobble Wobble

Chair Braccio reported a successful event, with 913 people participating on Thanksgiving Day. She thanked the Friends of Recreation and the Recreation Department for hosting a wonderful town event.

ii. Office Hours

Chair Braccio stated that because the second December Board meeting has been moved up to December 14th, December office hours will be pushed back to January. Mr. Stivers and Ms. Malinowski will represent the Board at the January office hours.

b. Members' Reports

i. Noise Bylaw Committee update

Mr. Stivers reported the Noise Bylaw Committee has had several meetings. They are identifying several key issues to address such as hours, noise level limitations and measurement. He noted there are wide-ranging views on the Committee. They are working on a plan to solicit public input and their goal is to have something for consideration at Spring Town Meeting.

Mr. Healey spoke about an item that had not been scheduled on the Agenda for tonight's meeting but felt should be noted. He commented on attending the opening for the new Apothecary and

Artisans shop in Southborough Saturday evening. He stated it was nice to have an event like this in Southborough on a Saturday evening and, further, that such a shop exists in the center of Southborough for residents to patronize. Ms. Braccio added there have been several community events held recently including a jewelry and craft event at the Knights of Columbus, the Boys Scouts Annual Shop and St. Mark's Annual Bazaar.

c. Town Administrator Report

Mr. Purple reported the Finance team has been conducting budget meetings and will be wrapping up in preparation for the joint meeting between the Board and Advisory on December 14th. He reported he is also beginning negotiations with Fire next week and anticipates DPW sometime after that. Mr. Purple shared union negotiations, budget and the Warrant for Town Meeting will occupy his time for the next ten weeks.

VI. Consent Agenda

a. Approve Open Session Meeting Minutes: October 26, 2021, November 16, 2021

October 26, 2021: Ms. Malinowski requested these minutes be held. She requested the following change to line 48: delete "and for the printer ($3,000-$4,000)" and insert "The printer for the Board of Health is in the IT budget and the Reserve Fund request has not yet been made." Mr. Stivers moved to accept the October 26, 2021 minutes, as amended. Ms. Malinowski seconded the motion. The motion was in favor (4-0-1) by roll call vote: Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Mr. Dennington, abstained; Braccio, aye. **November 16, 2021:** Mr. Dennington and Ms. Braccio requested these minutes be held. Mr. Dennington and Ms. Braccio requested the following change to line 337: "Limrick" to "Lynbrook." Ms. Malinowski moved to accept the November 16, 2021 minutes, as amended. Mr. Stivers seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote: Ms. Malinowski, aye; Mr. Healey, aye; Mr. Dennington, aye; Mr. Stivers, aye; Ms. Braccio, aye

b. Appoint Anthony Schoener as Associate member of the Trails Committee, end 6/30/2022

c. Appoint William Warren as Associate member of Trails Committee, end 6/30/2022

Ms. Maliinowski requested items "b" and "c" be held. Ms. Malinowski stated she is not in support of Associate membership at this time and thanked Mr. Schoener and Mr. Warren for stepping forward to serve. She offered she might have a different opinion regarding Associate Membership in the future. Mr. Stivers moved to accept items "b" and "c." Mr. Healey seconded the motion. The motion passed (3-2-0) by roll call vote: Ms. Malinowski, no; Mr. Healey, aye; Mr. Stivers, aye; Mr. Dennington, aye; Ms. Braccio, no.

d. Approve Calendar 2022 license renewals

Ms. Malinowski requested this item be held. She stated there is a new Food and Housing Inspector who has been working her way through the inspection updates. Ms. Malinowski asked that this item be held until all inspections have been completed. The Board agreed and Ms. Braccio stated this item would be placed on the December 14th Consent Agenda.

e. Approve changes to the precinct boundaries for Precincts 1 and 2, effective January 1, 2022

Ms. Malinowski requested this item be held. Ms. Malinowski noted the packet for this meeting included a map in black and white. She requested a color map delineating the changes be posted on the Town's website and included in the minutes submitted to the Town Clerk. Ms. Braccio stated both could be done. Ms. Braccio informed the Board this change will need to be signed and requested members stop at Town Hall for signature. The Town Clerk needs the signed document for the Local Elections District Review Commission. Mr. Stivers moved to accept Agenda Item "e." Ms. Malinowski seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote: Ms. Malinowski, aye; Mr. Healey, aye; Mr. Dennington, aye; Mr. Stivers, aye; Ms. Braccio, aye.

f. Approve NECC check of $52,036.00 for voluntary contribution in lieu of taxes to the Town of Southborough

g. Approve One Day Liquor License for RxAdvantage (date of event: December 17, 2021)

Ms. Malinowski moved to accept Consent Agenda items "f", "g" and "j." Mr. Stivers seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote: Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Mr. Dennington, aye; Ms. Braccio, aye.

h. Accept resignation of Doriann Jasinski from CPC (SHOPC rep)

Ms. Braccio and Mr. Healey requested this item be held. Mr. Healey informed the Board that, as Select Board representative to SHOPC, he had been nominated to replace Doriann Jasinski on CPC. Prior to tonight's meeting, he asked Mr. Purple about this situation and learned there is no prohibition against a Board member being a different committee's designee. He wanted to ensure the Board was aware of his appointment to CPC and asked about their thoughts. The Board had no objections to Mr. Healey's representation on CPC for SHOPC. Ms. Braccio thanked Ms. Jasinski for her service on CPC on behalf of SHOPC.

i. Accept resignation of David Nixon from Recreation Commission

Ms. Braccio thanked Mr. Nixon for his service on the Recreation Commission.

Mr. Stivers moved to accept Consent Agenda items "h" and "I." Mr. Healey seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote: Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Mr. Dennington, aye; Ms. Braccio, aye.

j. Extend Capital – School subcommittee to March 31, 2022

See "f" and "g" above.

k. Approve temporary BANs for Fire truck and Finn School boiler

Ms. Malinowski and Mr. Healey recused themselves from this matter. Mr. Stivers moved to accept Consent Agenda item "k." Mr. Dennington seconded the motion. The motion passed (3-0-2) by roll call vote: Mr. Stivers, aye; Mr. Dennington, aye; Ms. Braccio, aye.

l. Approval of EEA grant for analysis of wastewater for Route 9

Ms. Malinowski asked for clarification on the Town's responsibility for matching funds. Specifically, she asked whether the in-kind contributions related to the Town's acceptance of the grant have been included in the FY23 budget by the relevant departments. She also asked for clarification about the process from this point forward. She asked if there is anything outside the in-kind budgeting issues that need to be included in the FY23 budget, who is the lead agency and what is the plan. Claire Reynolds (?), who applied for the grant on behalf of the Town of Southborough, shared that a requirement for submission was to identify potential sources of the Town's match. A discussion ensued about what has occurred thus far and what needs to happen, going forward. Chair Braccio thanked Ms. Reynolds for her work in securing the grant and said next steps include the Town deciding where matching monies will be budgeted for FY23. Chair Braccio will hold this item until the December 14th meeting, at which time Mr. Purple will provide budgeting recommendations for the Board's consideration.

m. Award of Golf Management RFP

Mr. Purple reported there was one submission for the Golf Management RFP by the proscribed deadline. It is from the current management company, New England Golf Corporation. The potential contract is 5 years in length and proposes an increase in fees to the Town. Mr. Stivers moved to award the Golf Management Contract to New England Golf Corporation, pending successful negotiation of a contract. Mr. Healey seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote: Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Mr. Dennington, aye; Ms. Braccio, aye.

VII. Other Matters Properly Before the Board

a. Discussion of pay rate for Recording Clerks

Ms. Braccio and Ms. Hale are seeking to draft a policy to ensure uniformity and equity among Recording Clerks. Presently, they are proposing permitting, executive and finance boards have permanent minute takers. Also, they are proposing to move from a flat fee of $150 per meeting to a flat rate based on meeting length of $50/hour. Board members spoke in support of this effort. Mr. Healey would like to see all boards and committees have a designated minute taker, although this is not an urgent request. He inquired about the number of meetings held each year and the potential cost. Mr. Stivers would like to see a more expansive list of covered boards and committees than proposed. Ms. Braccio and Ms. Hale will provide the information on meeting numbers and costs. Mr. Tim Litt (address) shared he keeps a database of meeting announcements and shared from January 1- December 7, 2021, there have been approximately 589 meetings. Chair Braccio stated this matter would be placed on the agenda in January.

b. Continued discussion of adding a 5th FT Communication Officer position

Ms. Malinowski provided an update to the present situation with communications dispatch staffing. After exploring various options, Ms. Malinowski stated Chief Paulhus would continue covering hours as he is presently with a part-time dispatcher for the remainder of FY 22. He will then propose the addition of a 5th full-time dispatcher in the FY23 budget.

c. Discussion of warrant article to change the date of Annual Town Meeting

Chair Braccio reported Ms. Kristin Levault had reached out to inquire about the agenda item regarding the potential of moving Annual Town Meeting to a Saturday. Ms. Braccio asked the Board whether there was any interest in exploring a change to the current Town Meeting date. She explained there are two issues consider: 1) how can Town Meeting be scheduled to increase participation and include the greatest number of Southborough residents; and 2) does the current March Town Meeting date allow enough time to produce the best financial assumptions to make the best decisions at Town Meeting. After discussion, the Board determined they are open to exploring options to increase participation, including electronic participation and scheduling a spring and Fall Town Meeting. Ms. Braccio made clear the discussion does not impact this year's Town Meeting. She will speak with Ms. Levault to begin the discussion.

d. Discussion of timeline for Centennial Committee

Mr. Healey stated he would work with Ms. Hale to bring a Tri-Centennial report to the Board. Ms. Hale suggested the Board consider a Warrant Article for Town Meeting to begin a funding process for the event.

e. Discussion of draft charge for St. Mark's Street Park Working Group

Mr. Dennington asked the Board for feedback on the proposed charge. The Board discussed the charge, timeline and committee composition. The Board agreed the committee would be comprised of seven at-large members. The Board hopes the Library Trustees and Historical Commission will each put forth members to sit on the committee. Mr. Dennington will update the charge, based on the Board's comments and will present the revised charge for approval at the December 14th meeting. Mr. Healey will speak with CPC regarding potential funding mechanisms. Ms. Margarite Landry (134 Deerfoot Road) commented she is very excited about the committee and the work that will be done. She inquired as to whether anyone from St. Mark's will be involved. Mr. Dennington stated the charge contains language that encourages the committee to include a representative from St. Mark's as a non-voting member. Ms. Landry asked if anyone from the Nipmuc Nation would be a part of the process. Mr. Dennington stated he envisioned one of the first acts of the committee would be to reach out to the Nipmuc Nation.

f. Review of 2021 accomplishments

Chair Braccio stated that every year the Board creates a list of accomplishments to highlight the work being done on behalf of the residents of Southborough. This year's full list is included in the packet for tonight's meeting. Chair Braccio asked each Board member to highlight some of this year's accomplishments. Mr. Dennington: The Planning Board successfully spearheaded the update to the

Outdoor Illumination Bylaw and the EDC successfully spearheaded the new Downtown District Bylaw. The EDC also assisted local businesses in awarding twelve grants totaling $155,000 and created outdoor dining regulations to allow restaurants to operate at higher capacity due to COVID. The Facilities Department successfully reopened Town Hall during COVID and oversaw building improvements to the second floor, as well as lighting upgrades to the building. The Historical Commission was responsible for moving the Town towards final approval by the National Park Service for inclusion of Southborough Center's Historic District in the National Register of Historic Places. Ms. Malinowski: The Senior Center was able to resume programming to serve the needs of the community. Also, they conducted an outreach program to all seniors 75 and above and will continue to update that data. Finally, the Caregiver Meals Program entered its sixth year and Ms. Malinowski had the opportunity to participate in this worthwhile program. Youth and Family Services had a very successful year. They engaged a strategic plan that is examining the best ways to use the current resources and optimize services provided to the Town's residents. They acquired Interface Referral Service, which changed their model for how they provide bridge and gap services to the Town's residents, thus allowing them to provide more services. Finally, they began suicide prevention training. The goal is to have 100 residents participate in QPR training by Fall 2022. The Finance team reassembled the group to address budget and financial matters, added a new part-time employee and dealt with several workflow issues that allowed them to continue normal operations during COVID. Open Spaces held their seed distribution program, with volunteers creating over 700 packages of 26 varieties of native plants. In June, over 50 people attended a garden tour held at the bee colony research garden at Breakneck Hill and they partnered with SOLF on a new pollination prevention garden program at the Beals Preserves. Mr. Healey: The Southborough Police Department reported its most significant accomplishment in 2021 was the reaccreditation for another 3-year period from the Massachusetts Police Accreditation Commission. Only 83 communities in the Commonwealth have this accommodation and it signifies a commitment to cutting edge policing techniques. Additionally, Chief Paulhus noted the seamless addition of new officers to the force. SHOPC completed the housing production plan, with the assistance of a $15,000 grant from MAPC. Mr. Healey thanked SHOPC for being instrumental in keeping the issue of affordable housing at the forefront for consideration for Southborough residents. Mr. Healey reported the Trails Committee had a successful year. Their outreach through Facebook continues to be successful and they were instrumental in securing signatures that propelled the DCR to open up spaces, advancing the Public Access Plan. Additionally, the Trails Committee has hosted a number of guided hikes for residents. They successfully engaged in a stewardship program in conjunction with the Boy Scouts and secured funding for several of their initiatives, most notably the extension of the trail near the dam by Pine Hill. The Building Department handled inspections effectively, including 304 inspections, in a challenging real estate year. Mr. Healey also praised the Building Department for its handling of difficult and delicate issues with the utmost professionalism. Mr. Stivers: Mr. Stivers noted the significant amount of work done in Southborough by volunteer committees and shared how lucky we are to live in a community with such strong resident participation. Conservation Commission Agent Melissa Danza became certified as an Erosion Sediment Storm water Inspector, thereby increasing the capabilities of the Commission. Also, the Committee finalized approval of the Open Space and Recreation Plan, creating opportunities to receive grant funding. The Cable Television Committee secured renewal of the Comcast Cable License with terms favorable to the Town. The Technology Department and MTC Support completed the fiber connection to the DPW and the History Museum. The group also implemented two-factor authentication for Town employees in order to provide greater protection against cyber threats. The ADA Committee has been renamed as the Southborough Public Access Committee and broadened its charge to include not only facilities but also issues such as access to information. The committee undertook a self - evaluation study to determine shortfalls in accessibility and is devising a plan to close the gaps. The

Health Department had a successful year in light of the ongoing pandemic and turnover of long-time staff. Mr. Stivers acknowledged Health Board Chair Malinowski, Dr. Medina, Dr. Alker and Ms. West for their leadership and support. During the year, the Department conducted 18 vaccine clinics and one flu clinic. Also, the Department began a regionalization relationship with Westborough, Northborough and Boylston to better manage public health resources for routine matters such as inspection functions. Ms. Braccio: The Fire Department saw the retirement of Lieutenant Peltier after 34 years of service and the hiring of Lisa Thompson. The Department also completed the community driven Strategic Plan, which will be presented to the Town in January 2022. Finally, the Department collaborated with surrounding communities and the Board of Health in conducting regional COVID vaccination clinics, including providing EMT and paramedic vaccinators. The Recreation Department held a revamped and successful summer camp with 552 campers participating over an 8-week period. Registration for Summer Camp 2022 will begin on February 1, 2022. The Department also oversaw the reintroduction of community events such as Summer Nights, Heritage Days and the Gobble Wobble and the introduction of the new Halloween Trunk or Treat. Finally, the Department welcomed Joe Durant as the new Program Director. The Library supplied a link for tonight's packet with 2021 outdoor accomplishments, including an outdoor vegetable garden, a native plant garden, a second frog statue dedication and a solar panel USB charging bench and a Story Walk. The Library offered curbside pick-up until it reopened on June 1, 2021. Also, much needed historical restoration and necessary repairs were made to the roof as a result of the Library Façade Restoration Project, made possible by the Southborough Community Preservation Committee. The Board of Selectmen facilitated the development of a remote work policy that helped the Town manage the demands of town government operations during a pandemic. Staff was encouraged to utilize virtual programs and tools. Also, the Board promoted Katie Barry to a full-time position and welcomed Melanie Otsuka to the administrative team. Chair Braccio shared both women are a wonderful addition to the team and will be valuable assets in moving forward in the New Year and beyond. Finally, nine families were provided financial assistance through the Rent and Mortgage Assistance Program funded through CARES. Ms. Malinowski added it was important to have this program to help our fellow residents in their time of need and she appreciated the Board's support in its administration. Chair Braccio encouraged the public to review and celebrate what has been accomplished in Southborough over the course of the last year.

VIII. Public Comment

None

IX. Executive Session

On a motion by Mr. Stivers, seconded by Mr. Healey and voted all in favor by roll call vote (5-0-0): Mr. Dennington, aye; Mr. Healey, aye, Mr. Stivers, aye; Ms. Malinowski, aye; Ms. Braccio, aye, the Board entered into Executive Session at 8:58PM. The Board entered into Executive Session per M.G.L. Chapter 30A, Section 21, and did not return to Open Session, to comply with or act under the authority of, any general or special law (Exemption 7) to review and approve the Executive Session minutes of November 3, 2021 and November 16, 2021; and to discuss contract negotiations for the Fire Chief (Exemption 2), as the Chair has determined that an open meeting may have a detrimental effect on the Town's position.

Subject: Re: One Day Liquor License

[EXTERNAL]

Dear Melanie & Lieutenant Newell -

Thank you kindly for your continued attention to this matter. We appreciate your assistance now and moving forward.

Please find the updated application sheet attached.

Lieutenant Newell, if there is further action required on my part or you wish to speak directly please let me know.

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

What is the maximum number of expected attendees? 150

What is the predominate age group of the expected attendees? 25-70

Is an admission fee to be charged? ____Yes ✓No

Are tickets being sold in advance for this event? ____Yes ✓No

How will alcoholic beverages be dispensed or served? (*Please check all that apply*)

____Waiter/Waitress
✓Bar with bartender
____By the glass
____By the bottle
____Self-serve

Name and address of company providing bartending service, if applicable:

Floras Hospitality LLC
1284 Washington St. West Newton, MA 02465

If any attending are under age 21, what method will be used to check identification and what procedures will be followed to make certain that those under age 21 are not served and are not allowed to consume alcoholic beverages?

All servsafe and TIPS alcohol service procedures will be followed exactly and strictly adhered to.

Have you consulted with the Police Department about the need for a security plan or detail officer required for the Event? ✓Yes ____No

If Yes, with whom and what date? Name Lt. Ryan M. Newell Date 11/22/21 1350 hrs

Will a police detail or other security be required? ____Yes ✓No

If Yes, # of details and name and address of provider (if applicable)?

We have executed this event several times and there has never been a detail required. Attendees do not show up all at once and there is typically no more than 40-50 guests in attendance at any given time.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Monday, October 26, 2021, 7:30 P.M.
Location: Zoom Meeting (virtual)
Present: Lisa Braccio, Chelsea Malinowski, Sam Stivers, Marty Healey, Town Administrator Mark Purple
Absent: Andrew Dennington

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

I. Chairwoman Braccio called the Selectmen meeting to order at 7:31 P.M.

II. **Scheduled Appointments**

Attend Advisory Committee to discuss financial impact and articles of November 2021 Special Town Meeting

Chair Lisa Braccio updated that the Selectmen had voted on Article 4 to fund $115k from free cash. She recommended that the Selectmen fund Article 5 from free cash so as not to affect the tax rate. Ms. Braccio referenced $40k that went to May Town Meeting, but the motion wasn't made (although the amount was included in the budget figures). She stated this was the reason they were appropriating $85k. She wants to leave the $85K and the $30K. As $115k has already been voted, Ms. Braccio wants to add the $25k which would total $140k coming from free cash.

Advisory Chair Kathy Cook stated that FY23 is going to be a difficult budgeting year with COLA projected at 6% and CIP values probably split even further. She stated that $1.8m is a strong free cash number. Advisory member Andrew Pfaff felt there is some additional money in the IT budget and recommends that Selectmen direct departments not to spend everything in their budget and to return as much as possible. Ms. Cook stated that Advisory is being neglected and they should not have to ask for budget numbers. Had they known the numbers, they would have pushed back. Ms. Malinowski supports having Advisory go through the budget line by line for the coming year and added that the budget review process needs to be tightened up. Ms. Cook requested Advisory be sent everything that the Finance Department sends to the Selectmen.

The Board agreed to move $140k from free cash in FY23 to FY22.

Ms. Malinowski gave an update from the Board of Health meeting held earlier today. The Board of Health is requesting to keep the current positions in FY23. Ms. Malinowski told the Board that Advisory's concern was a potential .25 increase on top of the FY22 budget. The Board's Town Meeting update explains that they are not changing their direction and that the three positions (director, nurse and FT admin) should be permanent. Dr. Medina will speak to this and FY23 potential requests at Town Meeting.

Ms. Malinowski asked Advisory about funding from the Reserve Fund (FY23) that is earmarked for Board of Health of approximately $70k to $75k. She referenced a previous memo that she sent to Advisory approximately two weeks ago. Ms. Cook stated that Advisory tracks requests and that no fund request will be considered if Advisory was not informed prior to the spending. The Reserve fund started with $190,000. To date, the Fire boat ($17k) is the only request that may come up (encumbered). Ms. Malinowski sent a request for $6k and for the printer ($3k-$4k). Mr. Pfaff added that Advisory is aware of a potential $95k liability if CARES does not get extended.

The Board discussed the proposed amendment to Article 3. Ms. Cook informed the Board that the Advisory Committee had voted to not support the Board of Health piece of Article 3. She stated that the Committee will vote on the amendment at Town Meeting. Ms. Malinowski read the amendment to Article 3 to the Board and Committee. Mr. Stivers made a motion to support Article 3 as amended. Mr. Healey seconded. Mr. Healey clarified that the amendment has not been approved yet and Ms. Braccio stated that was correct. Ms. Cook stated that the Advisory Committee will vote to support the expected amendment to Article 3 at either a future meeting or at Town Meeting. Mr. Stivers amended his motion to support Article 3 as it will be amended at Town Meeting. Mr. Healey seconded. The motion passed (3-0-1) by roll call vote, Healey, aye; Stivers, aye; Braccio, aye; Malinowski, abstain.

Mr. Stivers made a motion to support Article 5 for $25,000 to come out of free cash. Mr. Healey seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Healey, aye; Stivers, aye; Braccio, aye.

There was discussion regarding Article 2. Ms. Cook was looking for clarification on the vote and Ms. Malinowski and Mr. Healey explained. There was discussion regarding a consent agenda for Town Meeting. Moderator Paul Cimino joined the meeting and explained his plans for managing the meeting which included the consent agenda and reading warrant articles. He explained his interpretation of Article 2 and its impact on Article 10.

Tim Martel of the Advisory Committee spoke to his concerns on Article 10. At 8:12 P.M. Ms. Cook called the Advisory Committee meeting to order as they reached a quorum.

III. On a motion made by Mr. Stivers, seconded by Ms. Malinowski and voted all in favor by roll call vote (4-0-0) the Board of Selectmen meeting was adjourned at 8:12 P.M. Roll Call: Malinowski, aye; Healey, aye; Stivers, aye; Braccio, aye.

Upcoming Meetings
November 1, 2021 (Special Town Meeting)
November 3, 2021

Respectfully submitted,

Kathleen Barry, Administrative Assistant

DRAFT

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, November 16, 2021; 6:30PM
Location: Via Zoom
Present: Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

I. Call Meeting to Order

Chair Braccio called the meeting to order at 6:30PM.

Chief Achilles introduced Firefighter/EMT Lisa Thompson, the most recent addition to the Department. Ms. Thompson shared she is honored and excited to join the Southborough Fire Department. Each member of the Board welcomed Ms. Thompson, adding they look forward to meeting her in person and working with her.

II. Scheduled Appointments *(Board may vote)*

a. 6:35PM: Tax Classification Hearing

Ms. Braccio opened the public hearing at 6:35PM. Mr. Purple read the hearing notice into the public record. Mr. Paul Cibelli, Principal Assessor presented the annual tax classification analysis for the Board's consideration. For FY 2022, the tax rate would increase from $16.21 to $16.28. The average single-family tax bill would increase $523, a 4.89% increase from last year. Mr. Cibelli stated the increase is due to a rising residential market and a slightly decreasing commercial and industrial market. Mr. Cibelli reported the Board of Assessors is unanimously recommending the following: 1) continuing with a single tax rate for FY2022; and 2) not to adopt the residential and small commercial exemptions, as they are not relevant to Southborough.

Ms. Braccio asked for Board comment on the recommendations. Ms. Malinowski commented that when she saw the increase in tax rate from Annual Town Meeting in May to the Special Town Meeting in November, she was curious to explore a split tax rate scenario. After viewing the analysis, she is in support of the recommendation to keep the single tax rate. Mr. Healey offered his support for the recommendation to keep the single tax rate and not adopt the residential and small commercial exemptions. Mr. Stivers is concerned about the optics of a 4.89% tax increase and continues to support the use of ARPA funds to offset the rate increase, reducing it to under or around 4%. He also commented that he thinks the split tax rate is worth considering. Mr. Stivers noted a report from the EDC's economic consultant from Northeastern University that concluded towns with split tax rates are not adversely impacted by the ability to attract new businesses or raise business employment. Mr. Dennington shared he is comfortable with the Board of Assessors recommendations. He commented he would be open to looking at the data Mr. Stivers referenced, but changing a long-standing policy without greater public input would not be the right approach tonight. Ms. Braccio stated she would be like to see data from the Northeastern University report for towns that share characteristics with Southborough for an accurate comparison. She is also in support of the Board of Assessors recommendations.

Chair Braccio asked for public comment on the matter. There was no public comment.

Mr. Stivers moved to close the public hearing at 6:52 P.M. Ms. Malinowski seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Mr. Healey, aye; Ms. Braccio, aye. Mr. Healey moved to continue with the single tax rate for FY2022. Ms. Malinowski seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Mr. Healey, aye; Ms. Braccio, aye. Mr. Stivers moved to deny the residential tax exemption for FY 2022. Ms. Malinowski seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Mr. Healey, aye; Ms. Braccio, aye. Mr. Stivers moved to deny the small commercial exemption for FY 2022. Mr. Healey seconded the motion. The motion was unanimously approved (5-0-0) by roll call vote: Mr. Dennington, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Mr. Healey, aye; Ms. Braccio, aye.

Mr. Cibelli said he will submit the tax information immediately and expects to hear a response from the Department of Revenue within a few days. Ms. Braccio thanked Mr. Cibelli for his report.

The next public hearing was scheduled at 7:30PM so the Board decided to move through agenda items as time permitted until the 7:30PM hearing.

b. Q1 financial update for FY22 -Brian Ballantine, Finance Director, and Carla McAuliffe, Town Accountant

Ms. Malinowski, as Board liaison, stated she met with Mr. Ballantine and Ms. McAuliffe ahead of tonight's meeting to review the report and will continue this review process for subsequent quarters. Mr. Ballantine said Q1 tells us the least amount of information simply because it is early in the year. His comments dealt with the revenue side of the report. Areas of interest but not concern are motor vehicle excise taxes, tax lien fees and the real estate tax revenue lien process. Ms. McAuliffe's comments dealt with the expense side of the report. Areas of interest to monitor include the IT budget, Reserve Fund, School budget and court judgments and liability insurances. As a result of a discussion with Mr. Montijo regarding the FY23 IT budget, Ms. McAuliffe created a software account that will begin to appear in the Q2 report. For Q1, these expenses were recorded in contracted services and resulted in a high negative impact. With regard to the Reserve Fund, there has been one expense to date and there will be one additional known expense of $3,000 for the Board of Health printer. There may be additional expenses for the Board of Health, relative to the Director and Nurse unbudgeted monies if the expected FEMA funds do not come to fruition. Ms. McAuliffe commented the School numbers look low but this is a common occurrence in Q1. She reported court judgments and liability insurances are high and it is anticipated there will be either a year-end transfer or Reserve Fund transfer to cover these expenses. On a final note, Ms. McAuliffe stated for FY23, hardware will be moved out of the various department budgets and into the IT budget. Mr. Healey thanked Mr. Ballantine and Ms. McAuliffe for the information. He inquired if, in a typical year, Reserve Fund transfers occur later in the year and infrequently in Q1. Further, he asked if this is what the data is showing for the current year. Ms. McAuliffe responded that typically Reserve Fund transfers occur later in the fiscal year but we are in an unprecedented time. She shared they are monitoring all departments monthly to identify any potential issues. Mr. Stivers thanked Mr. Ballantine and Ms. McAuliffe for the detailed information and commented the process is very helpful. He stated the detailed financial information is a step forward in terms of transparency and is good for the public to understand where their tax dollars are going. Mr. Dennington acknowledged Mr. Montijo inherited a budget he did not create and would like to encourage support of Mr. Montijo so he can create an accurate FY23 budget. Mr. Dennington asked Mr. Ballantine what potential issues the Board should be looking for in the Q2 report. Mr. Ballantine replied he will be looking at the

Board of Health unbudgeted items, should the FEMA monies not materialize. Also, the Benefits budget is always an area he is looking at, noting that there was an increase of nearly 20% resulting in a $40,000 deficit presently in the Benefits budget. He also will be watching other expenses such as fees. Mr. Ballantine said this process is very helpful in identifying potential areas of concern within the budget. Ms. Malinowski offered it would be helpful to continue the year to date budget, as well as reviewing actual spending. Looking at all line items will be helpful, as well. Finally, the ambulance reimbursement budget will be something to keep an eye on. Ms. Braccio asked about the DPW budget and ground-keeping expenses. Ms. McAuliffe said the expenses are front-loaded to achieve cost savings. Ms. Braccio inquired about part-time salaries for the Fire Dept. Mr. Ballantine said there were no Q1 expenses. Those expenses will be paid in December. Finally, Ms. Braccio asked whether the bond percentage was underfunded. Mr. Ballantine said it was not and it is representative of principal payments paid during Q1. Ms. Malinowski stated that she asked Ms. Cook from the Advisory Committee to appoint someone to the quarterly review team to ensure all parties are part of the financial review process. Timeline for selection will be in time for the Q2 review. Mr. Ballantine provided an update on ClearGov budget software. After using the product for a full cycle, it was determined to be ineffective in several key areas. In Mr. Ballantine's opinion, the product concept is useful but in need of evolution to meet Southborough's needs. Mr. Ballantine is committed to moving away from Excel as a budgeting platform and will be looking for other software options, although there is no timeline for selection. Ms. Malinowski and Ms. McAuliffe provided an update on state and federal funding sources relative to the COVID-19 pandemic. Ms. Braccio stated the quarterly review is an import and useful monitoring tool in identifying potential budgeting issues. She thanked Ms. Malinowski, Mr. Ballantine, Ms. McAuliffe and Mr. Purple for their work in compiling the review.

III. Public Comment

There was no public comment.

VI. Reports

Chair's Report

i. Overnight work on the Mass Pike

Ms. Braccio updated the Board regarding the status of the project. Final paving has begun on all lanes for an 8-mile stretch and is scheduled for conclusion by the end of November.

ii. Request from Fire Union for hazard pay under ARPA

Fire Union President Jason Roach has made a request for hazard pay. Ms. Braccio asked whether the Board wished to entertain the request or forward to the newly created ARPA Committee. The Board agreed to forward the request to the ARPA Committee. Ms. Braccio or Mr. Purple will follow up with the Committee. Ms. Malinowski suggested the Committee consider Governor Baker's direction relative to hazard pay.

iii. Update on kids' vaccination clinic

Ms. Braccio volunteered at the clinic and shared that the clinics were successful and seamlessly run. Families were grateful to the Board of Health for providing the clinics. Ms. Malinowski stated three clinics were held-two in Northborough and one in Southborough. During the clinics, 500 out of the 790 eligible children ages of 5-11 received vaccines and were booked for their second vaccine three weeks later. This data represents 27% of children ages 5-11 and did not include the Southborough clinic nor any children who may have been vaccinated elsewhere.

Members' Reports

i. Veteran's Day ceremony

Mr. Dennington reported he and Mr. Healey marched in the parade. Mr. Dennington made brief remarks. He added there was a great turnout and it was a great opportunity to acknowledge the sacrifices our veterans have made.

ii. Update on Regional Dispatch study

Ms. Malinowski reported both Chief Paulhus and Chief Achilles have been interviewed by the Collins Center. She asked Board members if there is any information they would like included in the study to please forward those requests to Mr. Purple. Ms. Malinowski shared she is interested in knowing how often there are multiple calls in Southborough. Additionally, she is interested to know in terms of mutual aid, how often is Southborough relying on other towns to come to us and vice versa. She is interested in understanding any achievable time savings due to a shared system.

Town Administrator Report

i. Golf Management RFP for Southborough Golf Club

The Golf Management RFP for Southborough Golf Club is out. Responses are due back on December 3, 2021. The current management company, New England Golf, is very interested in maintaining the current relationship and is expected to submit a bid. Mr. Purple shared the Southborough Golf Club has enjoyed success over the last two years and is close to generating $500,000 in gross revenue for the season.

ii. Update on 10/29/2021 OML complaint

Town Counsel has responded to Ms. Kremer. The issue occurs when Executive Session is entered into at the beginning of a BOS meeting. A potential solution to resolve this issue is if Executive Session is entered into at the beginning of an Open Session meeting, there will be two Zoom meeting links created – one for Executive Session and one for Open Session. On a related note, Mr. Purple shared today Town Counsel filed a response to Ms. Kremer on behalf of the EDC.

iii. State ARPA earmark for Northboro Road culvert

Last week Senator Eldridge's office informed us about an opportunity to earmark $70,000 in ARPA funds for the replacement of the Northboro Road culvert. The bill is working its way through the legislative process and is due on Gov. Baker's desk by this Thursday. Mr. Purple thanked Mr. Dennington for his assistance in working with Sen. Eldridge's Office to secure the funds. Mr. Purple shared this is a great opportunity to take a much-needed capital project off the funding schedule. Mr. Dennington thanked Mr. Purple for his assistance in working with Sen. Eldridge's office and thanked Sen. Eldridge for advocating for the citizens of Southborough.

7:30PM: Tree Hearing appeal for Marlborough Road-Shared Streets project

Ms. Braccio opened the public hearing at 7:32PM. Mr. Purple read the hearing notice into the public record. He also noted the two individuals who filed the tree appeal had been notified and are in tonight's audience. Ms. Karen Galligan, Superintendent of the Department of Public Works was brought into the Zoom meeting. Ms. Galligan stated there was a public hearing held on November 1, 2021. The trees had been marked for removal as part of an adjustment to the intersection of St. Mark's Street. Based on the project and the location and health of the trees, the Tree Warden determined the trees in question should be removed. Ms. Galligan noted they had received written notification there would be an appeal, regardless of the Tree Warden's determination. Ms. Braccio asked for comments from the appellants. Ms. Margarite Landry, 134 Deerfoot Road, would like to save as many trees as possible. She asked that if the plans for the project are not yet complete, then trying to save as many trees as possible should be revisited. Ms. Galligan stated the trees in question are related to the sidewalk and roadway, not the park. The trees in question are related the project's

ADA compliance and necessary correct sight distances. Ms. Galligan said it looks as though three trees near the stone wall (#34, #36 and #37) are far enough back from the sidewalk and may potentially be saved. Mr. Michael Weishan, Chair of the Historical Commission, advocated for changing the plan by rerouting the sidewalk and/or by moving the intersection slightly to the north. He stated the plan for the trees is related to the plan for the park. He asked to continue the tree hearing until such time as the plan for the park has been resolved. Ms. Landry asked for clarification on deadlines for the intersection project. Ms. Galligan stated the grant specifies a deadline of December 31st to have created the space for the project. The road and drainage have been installed and the trees are the next part of creating the space. There is a grant requirement to show progress on the park project. Ms. Braccio opened the meeting for public comment. Janet Maney, (21 Skylar Drive) commented that she'd like to see the road rerouted. She is concerned about the current location and its impacts to the Library and burial grounds. She is also concerned about parking for St. Mark's as a goal of the project. Ms. Galligan clarified the reason for the road's location is to accommodate an appropriate turning radius for school buses and fire trucks. In locating the road, there was consideration for removing the least number of trees. She further clarified providing parking for St. Mark's is not a project goal. Rather, the road's location disrupts some of their existing parking and the design addresses that issue. With no additional public comment at that time, Ms. Braccio asked for Board comment. Ms. Braccio stated the impacted trees have been a concern of hers throughout this process. She wanted to make the Board aware that up until tonight's hearing, attempts were being made to save as many trees as possible. Ms. Galligan stated the sidewalk shown on the plans for Marlborough Road are also part of the Complete Streets Plan and is ranked as the #1 spot where Southborough residents wish to see a sidewalk. Mr. Dennington asked for clarification on which trees can be saved, given the current plan. Ms. Galligan replied #34, # 36 and #37 can be saved. With respect to #45, Ms. Galligan replied the intersection cannot be completed and have the tree saved. With respect to #39 and #38, Ms. Galligan replied those trees are at the edge of the proposed sidewalk and cannot be saved. Ms. Malinowski asked what would happen if the Board upholds the appeal regarding tree removal. Ms. Galligan said the project would be stopped and would need to be redesigned at additional cost. She is unsure of the percentage of bid this action would impact. Ms. Malinowski inquired how many trees could be saved if the project moved forward without sidewalks. Ms. Galligan stated #45 and #46 would have to be removed but the remainder of the list could be saved. Ms. Malinowski asked which side of Marlborough Road the sidewalk was planned for in the Complete Streets Plan. Ms. Galligan replied the west side of Marlborough Street. Mr. Healey commented Southborough wants and needs safe walking and a balance must be struck in order to have sidewalks. He stated the reality is in order to provide sidewalks, trees may need to be displaced. He thanked Ms. Galligan for her exemplary work in notifying relevant and affected parties about the project. Mr. Healey stated he feels the appropriate balance has been struck on this project. Mr. Stivers said he is committed to saving as many trees as possible. He inquired as to whether the road could be moved to the north. Ms. Galligan replied many issues were considered when placing the road, including disrupting the least number of trees, considering appropriate turning radii and addressing drainage issues to name a few. In order to save a few trees, other trees may be adversely affected. Mr. Stivers inquired about moving the sidewalk to the west inside the stone wall. Ms. Galligan noted doing so will likely save one additional tree (#33) but will create a host of issues related to ADA compliance and sight distance. Ms. Braccio shared there had been a recent report regarding ADA accessibility within Southborough and it showed there is room for improvement. She stated that, with this project, we are adding a public space near the Library that allows us to increase accessibility in our community. Ms. Malinowski read into the public record comments that appeared in the online chat. On a motion by Mr. Stivers,

seconded by Mr. Dennington and voted all in favor by roll call vote, the public hearing was closed at 8:19PM. Roll call: Mr. Dennington, aye; Mr. Healey, aye; Mr. Stivers, aye; Ms. Malinowski, aye; Ms. Braccio, aye. The Board briefly discussed the merits of continuing the tree hearing versus moving forward with a ruling. Mr. Healey moved to affirm the Tree Warden's decision regarding tree #30, #33, #45, #46, #38 and #39 and overrule his determination of tree #34, #36 and #37. Ms. Malinowski seconded the motion. The motion was voted all in favor by roll call vote (5-0-0): Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Ms. Braccio, aye.

IV. Consent Agenda

a. Approve Open Session Meeting Minutes: September 20, 2021; September 21, 2021; September 29, 2021; October 18, 2021; November 3, 2021

September 20, 2021: Ms. Braccio and Mr. Dennington requested these minutes be held. Ms. Braccio requested the following change: Line 101: "all" should not be struck through; Mr. Dennington requested the following change: Line 138: add "to" in front have. **September 21, 2021**: Ms. Malinowski, Mr. Dennington and Mr. Stivers requested to be held. Ms. Malinowski requested the following change: Line 26: add "on the revenue side" after surplus. Mr. Dennington requested the following changes: Line 57: insert "to" before clarify; Line 169: insert "a" before critical. Mr. Stivers requested the following changes: Line 191: strike Monday, September 27th and insert "Wednesday, September 29th; Line 219: strike Flynn and insert "Fling."; **September 29, 2021**: Mr. Dennington and Mr. Stivers requested to be held. Mr. Dennington requested the following change: Line 45: delete "as." Mr. Stivers requested the following change: Mr. Healey added to the list of those present. **October 18, 2021**: Ms. Malinowski and Mr. Stivers requested to be held. Ms. Malinowski and Mr. Stivers requested the following changes: Delete Ms. Malinowski as present and from the roll call vote to adjourn and add Mr. Healey to the list of those present and to the roll call vote to adjourn. **November 3, 2021**: Ms. Malinowski and Mr. Stivers requested to be held. Ms. Malinowski requested the following change: Line 33: after officer insert "under Chief Paulhus." Mr. Stivers requested the following changes: Line 23: correct spelling to "Shimkus" and Line 192: change Ms. to "Mr."

On a motion made by Mr. Stivers and seconded by Mr. Dennington, the Board voted to approve Consent Agenda item "a", as amended. The motion was voted all in favor by roll call vote (5-0-0): Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Braccio, aye.

b. Appointment of Brittany Remillard as Full-Time Communications Officer, effective November 17, 2021; and

c. Appointment of Alyssa Collaza as a Part-Time Communications Officer

On a motion made by Mr. Stivers and seconded by Mr. Healey, the Board voted to approve Consent Agenda items "b" and "c." The motion was voted all in favor by roll call vote (5-0-0): Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Ms. Braccio, aye.

d. Approve Reciprocal Interim License Agreement with St. Mark's School for St. Mark's Street/Marlborough Road project

Mr. Dennington requested item "d" to be held. Mr. Dennington is in support of the agreement but requested the following administrative changes to the agreement: 1. Ensure signature blocks match parties; 2. Consistent use of "Selectmen" throughout the document; 3. Attached Exhibit A (plan) to the document; and 4. Paragraph 5-change spelling of principles to principals. On a motion made by Mr. Stivers and seconded by Mr. Healey, the Board voted to approve Consent Agenda item "d", as amended. The motion was voted all in favor by roll call vote (5-0-0): Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Braccio, aye.

e. Approve contract amendment for Fire Chief Steven Achilles

Ms. Malinowski requested item "e" be held. Ms. Malinowski stated she would be voting against approval. On a motion made by Mr. Stivers and seconded by Mr. Healey, the Board voted to approve Consent Agenda item "e." The motion was voted in favor by roll call vote (3-2-0): Mr. Dennington, aye; Ms. Malinowski, no; Mr. Healey, aye; Mr. Stivers; aye; Ms. Braccio, no.

f. Approve Executive Session Minutes: November 3, 2021

Ms. Malinowski requested item "f" be held. Ms. Malinowski asked to hold Consent Agenda item "f" until the Board meets next in Executive Session.

g. Release Executive Session Minutes: January 5, 2021; February 2, 2021 (redacted); July 13, 2021 (redacted); August 17, 2021; October 5, 2021

Ms. Malinowski requested item "g" be held. Ms. Malinowski moved to release Executive Session Minutes: January 5, 2021; February 2, 2021 (redacted); July 13, 2021 redacted) and August 17, 2021. Mr. Stivers seconded the motion. The motion was voted all in favor by roll call vote (5-0-0) Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Ms. Braccio, aye. Ms. Malinowski moved to approve and release Executive Session Minutes for October 5, 2021. Mr. Healey seconded the motion. The motion was voted all in favor by roll call vote (5-0-0): Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Braccio, aye.

V. Other Matters Properly Before the Board (*Board may vote)*

Discussion of park area for Marlborough Road – Shared Streets project

Ms. Braccio acknowledged there has been concern expressed regarding the proposed park and its contents. She reiterated this topic was discussed at no less than nine meetings since June 23, 2020 and she referenced detailed communications with relevant Town committees. Ms. Braccio noted the Board is in receipt of a letter from the Massachusetts Historical Commission to the Southborough Historical Society offering support and recommendations based on a recent site visit. Ms. Braccio was informed by Ms. Galligan that all extensive ground disturbance related to the park project has been completed. Mr. Dennington stated he'd like to see a positive approach from this point forward in discussing the park and shared there is a unique opportunity to create a space that recognizes the Native American presence in Southborough. He would like to see a History Walk and thinks the Historical Society can offer guidance through the process. Also, per Ms. Galligan, this work can be done without jeopardizing any of the funding. All Board members offered support for Mr. Dennington's suggestion that the park contain an historical aspect. Ms. Landry stated she is in support of the historical concept for the park and sees many potential synergies with the Library due to the park's location. She added she wishes to be a part of the process in its creation. Mr. Weishan shared he is concerned and disappointed with the process and status of the park project. While Mr. Weishan acknowledged the Historical Society was notified in December regarding conceptual ideas for the park, today's design looks nothing like that. He shared the Historical Society does not endorse the park as it stands today and is dismayed there was no archeological assessment. Further, he is concerned about the spending of public monies on private property. Finally, he is concerned about the Interim Licensing Agreement and feels it will be brought to Town Meeting after irrevocable improvements have taken place on the property. Ms. Galligan updated the Board as to the current status of the park. She clarified this is a road project that provided the opportunity to create a public space through an additional funding source. She stated the walkway design within the park does not need to be finalized by year end. She also shared that grading of the site will occur this Fall and plantings will be installed next Spring. Mr. Stivers stated it is time to move forward on this project and he suggested the creation of a group of relevant stakeholders to finalize the park plans. Ms. Malinowski asked Ms. Galligan what would be most helpful to DPW in moving this project towards completion. Ms. Galligan replied she is supportive of creating a group similar to the one suggested by

Mr. Stivers. She added park plans would need to be finalized, within budget, for a Spring installation. Mr. Healey stated he is supportive of the efforts thus far on the project and thanked Ms. Galligan. He suggested that, in creating a group to finalize park plans, we not abandon the successful work that has been done to date. Ms. Braccio shared she hopes the group will enhance the work that has been done thus far. Ms. Frederica Gillespie, Chair of the Open Space Preservation Commission stated her group's involvement with this project has only been with the native plantings that will be installed. She shared plantings at the park will be a natural extension of the pollinator preservation that is ongoing at the Library. She added installation of the native plantings in the park is an opportunity to educate anyone who visits about an important ecological practice. Ms. Gillespie hopes there will be support for the work done relative to native plantings by any group that is created to finalize park plans. Karen Hanlon-Shimkus (8 Limerick Road) stated she has several concerns related to the park project. First, she would like to press the pause button to ascertain whether the current location of the park is a culturally sensitive site. Second, she would like clarification as to who owns the parcel of land the park is situated on. Third, Ms. Hanlon-Shimkus shared the public may have been unaware of the progress on the park project due to COVID. In fact, she became aware of the status of the project after the trees had been removed. Finally, she is concerned about the Interim License Agreement, as she feels it is an easement not a license agreement. Further, she is concerned this project will come before Town Meeting, without voter approval first. Ms. Patricia Burns-Fiore (10 Winter Street) expressed concern that this project infringes upon the rights of town meeting attendees to approve projects prior to their completion. Also, she is concerned that public monies are being spent to enhance a private property. Finally, she inquired about the budget for this project, as she has not seen one. Ms. Braccio replied the budget appeared most recently in the August 17th BOS meeting packet, beginning on page 16. Ms. Braccio thanked everyone for the comments and feedback regarding the park project. She stated there is a clear path forward by creating a group to finalize the park design. Mr. Dennington will serve as Board liaison to the group.

Continued discussion of Police Chief request for additional FT Communication Officer

Chief Paulhus discussed information he provided, per the request from the prior BOS meeting. Upon reviewing his budget, he concluded the amount needed to fund this position for the remainder of FY22 is $18,000, rather than $32,000 as was previously stated. He believes this amount can be covered by the Harvard monies. Also, he will speak to Chief Achilles about potential funds from his budget. Ms. Malinowski inquired about the pay scale for part time dispatchers and whether there is a way to incentivize for this position. Chief Paulhus replied part time dispatchers are paid approximately $21-$22/hour, which is less than full time dispatchers. Chief Paulhus also added Southborough pays on the lower side of average for full time dispatchers. Mr. Healey stated he is uncomfortable adding a position mid-year and the message it may send to other departments. He asked the Chief what course of action will be taken if the Board does not approve the new position. Chief Paulhus replied he will rely on forced overtime and may need to have police officers and fire fighters fill the positions while interviewing for replacements. Mr. Stivers stated he is prepared to support this request, with the proviso that Chief Paulhus find funding for the position for FY23. Mr. Dennington is prepared to support this request. He asked, going forward, that Chief Paulhus share departmental needs in a timely fashion, given the challenging financial cycle expected in FY23. Ms. Braccio is concerned about a mid-year hire without Town Meeting approval and is not prepared to support this request. Ms. Malinowski is also concerned about a mid-year hire without Town Meeting approval. She suggested we explore hiring a temporary employee until such time as Town Meeting can vote on the request (March). Ms. Malinowski and Mr. Purple will gather information on temporary employment and potential uses of the Harvard funds. Chief Paulhus invited members of

the BOS to observe the dispatch operation. Ms. Braccio stated this matter will be placed on next meeting's agenda.

Review of draft charge for ARPA Committee

The Board made the following changes to the draft charge: Under Membership: drop the number of Southborough residents to two (2) and add one (1) member from either the Planning and/or Master Plan Committee; Under Term and Organization: Bullet #3, after Chair insert ", Vice Chair and Secretary"; and under Duties: Bullet #1, after expenditure add "and timing"; Bullet #3, delete hearings and insert "forums"; Bullet #4, delete develop and insert "consider the use of"; and Bullet #6, after before insert "May 16th." Also, they agreed to change Board of Selectmen to Select Board throughout the document (6 times). Mr. Purple will notify the chairs of the identified committees and advertise for the two Southborough resident members. Ms. Braccio moved to approve the draft charge for the ARPA Committee, as amended, with Ms. Malinowski having the authority, working with Mr. Purple, to add language based on potential use of monies for Town Meeting items. Mr. Healey seconded the motion. The motion was voted unanimously all in favor by roll call vote (5-0-0): Mr. Dennington, aye; Ms. Malinowski, aye; Mr. Stivers, aye; Mr. Healey, aye; Ms. Braccio, aye.

Review of revised charge for Trails Committee

Ms. Kathryn Craddock McKee, Southborough Trails Committee Chair presented the draft charge. The charge contains a footnote, which was included to ensure voting members are responsible for not deliberating with non-voting associate members. The Board decided to leave open the number of associate members specified in the charge, as associate members must be appointed by the Board. Mr. Healey moved to approve the revised charge for the Trails Committee. Mr. Stivers seconded the motion. The motion was approved by roll call vote (3-2-0): Mr. Dennington, aye; Ms. Malinowski, no; Mr. Stivers, aye; Mr. Healey, aye; Ms. Braccio, no.

Discussion of OML training requirement for board/committee Chairs

Ms. Braccio and Mr. Purple have spoken to Town Counsel. He and Mr. Hegarty are supportive of this effort. Ms. Braccio asked that the training be a requirement for all chairs of boards and committees. They can either attend a session or watch the training via Zoom. Additionally, Ms. Braccio would like attendees to sign an acknowledgement of training. All Board members were supportive of this effort. Mr. Dennington would like to add to the training any requirements that are specific to Southborough. Ms. Malinowski asked that the training be open to anyone wishing to attend. She also suggested the inclusion of education around meetings that are in person versus those conducted via Zoom. Ms. Braccio will work Mr. Hegarty and Town Counsel to move the trainings forward.

VI. Public Comment

There was no public comment.

VII. Executive Session

The Board will be entering into Executive Session per M.G.L. Chapter 30A, Section 21, and will not be returning to Open Session, to conduct strategy sessions in preparation for negotiations with collective bargaining personnel (Exemption 2). On a motion made by Mr. Stivers, seconded by Ms. Malinowski and voted all in favor by roll call vote, the Board entered into Executive Session at 10:58P.M. Roll call: Ms. Malinowski, aye; Mr. Stivers, aye; Mr. Healey, aye; Mr. Dennington, aye; Ms. Braccio, aye.

Upcoming Meetings
December 7, 2021
December 21, 2021

RE: Trails Committee Support of Associate Member Appointment of Anthony Schoener and William Warren

Dear Select Board:

I am writing to you on behalf of the Southborough Trails Committee (STC) to request the appointment of Anthony Schoener and William Warren as Associate Members (non-voting) to the STC.

Both candidates reached out earlier this year to express their interest in joining the Committee. At the time of their inquiry, the Committee did not have an open seat. The recent vote by the Select Board to amend the Committee's charge to include Associate Members opened up the opportunity for these candidates to join the STC. The candidates have been attending the most recent STC meetings as members of the public and are up to speed on our current initiatives. The Committee would be delighted to have them serve in the Associate Member role.

Of note, Anthony Schoener previously served on the Committee as one of the original five members, appointed in 2013. William Warren brings valuable experience as a member of the ADA/Public Accessibility Committee. The proposed Peninsula Trail has accessibility potential, and the Committee is interested in finding other ways to make Southborough Trails more accessible to individuals with all abilities where possible. We believe the experience of both candidates will enhance the STC's ability to fulfill our charge and serve Southborough.

We encourage the Select Board to vote to appoint both candidates as Associate Members.

Please feel free to reach out with any questions.

Sincerely,

Kathryn McKee

RE: Planning Board Representative for ARPA Committee

Dear Board of Selectmen;

Please be advised that at its meeting on December 2, 2021, the Planning Board voted 4/0/1 (Morris, Mills, Luttrell, and Hoolahan in favor; Stein absent) to assign Marnie Hoolahan as the Planning Board's representative for the ARPA Committee. The term of office shall be for one (1) year.

Thank you,

Donald C. Morris

Good afternoon.

The Select Board has established a charge for a new, ad-hoc ARPA Committee to recommended to the Board how the $3.1 million in ARPA funding allocated to Southborough should be spent. Advisory Committee has been assigned one (1) seat on that 7-person committee. As the Select Board would like to make appointments in December to get the Committee up and running, please forward me the name of your representative as soon as possible. A copy of the final Committee charge is attached.

Thanks.

RE: Temporary Note for Fire Truck and Finn Boiler

Please be advised the Town has temporary notes totaling $1,590,180 coming due in December 2021. These notes consist of $600,000 for a new fire truck and $990,180 for the Finn boiler. The MSBA grant for the boiler is now complete and we will issue $634,537 net after the grant is applied. The preliminary plan was to drawdown funds for the Town House CPC project however the project timing seems to be the Summer of 2022 so at that time we will evaluate funding needs again. The total temporary notes will be $1,234,537.

These notes will come due in the Summer of 2022, and at that time depending on pending additional projects or drawdowns we can permanently finance the notes.

As usual, the Board will have to vote to accept the new notes and I will arrange the collecting of necessary signatures.

Should you have any questions, please do not hesitate to ask.

Subject: Capital Planning - School Research Subcommittee Extension

Hi Mark,

For the next BOS agenda, can you please add a request from the Capital Planning - School Research Subcommittee to extend our charge until 3/31/2022.

This recommendation is unanimous from the Subcommittee to see our work through the completion and make presentations to the School Committee, Select Board, Advisory, and likely Town Meeting.

Thanks,

Jason Malinowski
Chair, Capital Planning Committee - School Research Subcommittee

St. Mark's Street Park Working Group Charge

The Select Board would like to assemble a working group of citizens and interested parties to generate a recommendation to the Select Board regarding what should fill the circular space in the center of the park that will be constructed between the library and the re-constructed intersection of St. Mark's Street and Route 85. The Select Board is particularly interested in placing a monument or marker in this space that would recognize and honor Native American history in Southborough. The Select Board also would like the working group to consider formulating a new name for this space.

The working group will consist of 7 members, comprised as follows:

- One (1) member of the Select Board;
- One (1) member of the Library Board of Trustees;
- One (1) member of the Historical Commission;
- One (1) member of the Southborough Cultural Arts Council;
- One (1) member of the Planning Board or Community Preservation Committee;
- Two (2) at-large members who are Southborough residents.

Members will be appointed by the Select Board at a duly posted public meeting following the advertisement for interest in serving on the working group.

The Select Board encourages the working group to invite a representative of the St. Mark's School and a representative of the Department of Public Works to participate as non-voting members.

The working group shall operate in accordance with the state conflict of interest laws. Members shall serve without financial compensation. All records of the working group shall be filed with the Town Clerk and open to public inspection in accordance with applicable Open Meeting Law and public record statutes.

The working group should hold at least three (3) meetings in a public setting, either in person or by remote participation (i.e. Zoom, etc.) The Town shall publicize the dates and times of working group meetings, and encourage public participation. The working group shall deliver a recommendation to the Select Board no later than April 15, 2022.

Dated: December 2, 2021

DRAFT

Town of Southborough

Planning Assistance Grant Application

ENV 22PLN 01

May 28, 2021

EXECUTIVE SUMMARY

On behalf of the Town of Southborough, the Economic Development Committee (EDC) presents this Request for Resources (RFR) to help with the critical step of revitalizing the Route 9 business corridor. The Town has identified their primary economic development goals. Number 1 on the list is "Create a Route 9 Business Corridor District". The Town looks to promote business development and diversity in housing along Route 9.

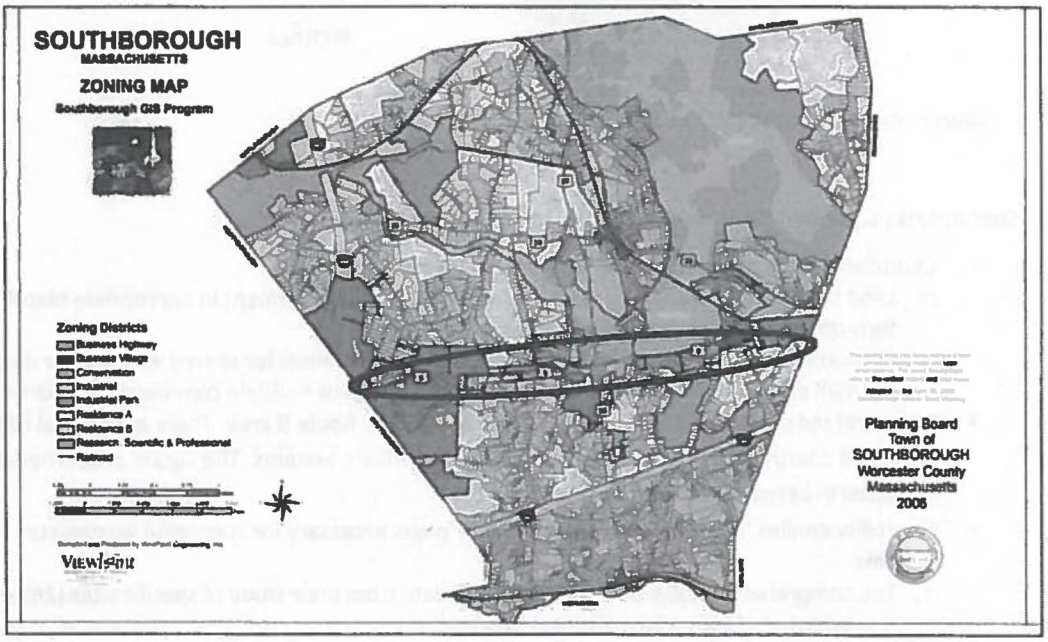
Several very attractive and impeccably maintained office parks, businesses and commercial sites are located on Route 9. However, there are also numerous empty/under-utilized, abandoned and otherwise dilapidated properties. Development/redevelopment and revitalization of these assets is a key factor to augment the Town's tax base.

The top 2 challenges to revitalizing this valuable roadway are: zoning and wastewater infrastructure.

Specifically, this grant is being sought to review a study that the Town's former Industrial Development Commission contracted in 1981 with SEA Consultants, Inc. Their report – Evaluation of Wastewater Disposal Alternatives for Selected Sites in Southborough, MA contains wastewater collection/treatment alternatives. While costs and technology improvements have changed, the report provides the foundation for a 2022-2023 updated and comprehensive plan to address this critical impediment to economic growth.

Funding for this project is extremely important as only 9% of all land in Southborough is zoned for commercial/Industrial activity. Southborough must seek new and sustainable sources of revenue. The lack of municipal sewer limits the types of commercial/industrial businesses Southborough can attract thus diminishing the chance to optimizing its tax base.

All of the above would jump start the project of seeking viable wastewater solutions for Southborough. This would be the criteria for success - creating opportunities for new sustainable commercial and residential developments along the primary commercial artery of the Town.



INTRODUCTION

Southborough is home to approximately 10,600[1] residents and is situated north and south of the Route 9 corridor (from Framingham to Westborough). The 1.5 mile, limited access highway is heavily traveled with both local and pass-thru traffic, with direct access to US495 and I90. As a designated "Green" community since early 2017, Southborough must continue its commercial and industrial development in a responsible and compliant manner. To that end, the Town's "Renewed Focus on Route 9" action plan has begun.

Several key hurdles to development that are continuously raised by potential developers and businesses include:

- Current zoning code
- Traffic congestion and traffic patterns
- Amenities – stores, cafes/restaurant to serve the business and local community
- Infrastructure constraints
  - NEED: Recommendations for wastewater solutions to increase the viability of development on a small to medium size scale
- Last-Mile transportation options

All of the above concerns are currently being addressed with the Route 9 Business Corridor Initiative. This grant request will address Infrastructure constraints.

[1] Source: 2020 Annual town Report

More than 1/3 of Southborough's land is classified as tax-exempt and single-family housing is the largest land use type by area. Only 9% of all land is zoned for Commercial/Industrial activity, of which only close to 4% is vacant and available for development.

The Town's collective goal is to utilize its commercially zoned areas to its fullest economic potential. Southborough's primary economic goal is to "Create a Route 9 Business Corridor District". Improved infrastructure will make the Route 9 Corridor more attractive to businesses.

Source: Assessors database FY20

Specific tasks suitable for wastewater infrastructure funding under this RFR are:

- Compliance with the 2008 Master Plan recommendations
  - Land Use & Zoning (Goal 3: Encourage more flexible development in appropriate places through such means as shared septic systems.....)
  - Economic Development (Goal 1: ED-1: Explore opportunities for shared wastewater disposal or small package treatments plants to meet the needs of multiple commercial properties)
- Decentralized sewerage disposal systems are key for the Route 9 area. There are several office parks and apartment buildings that have their own private systems. The vacant properties are scattered in between the larger complexes.
- Feasibility studies, land-use analyses, and other plans necessary for successful wastewater systems
  - The comprehensive SEA study has provided date from their study of specific sites (26) and the potential of subsurface disposal sites

Outcome – A defined plan to proceed with the next implementation phase of wastewater treatment systems.

PROPOSED BUDGET

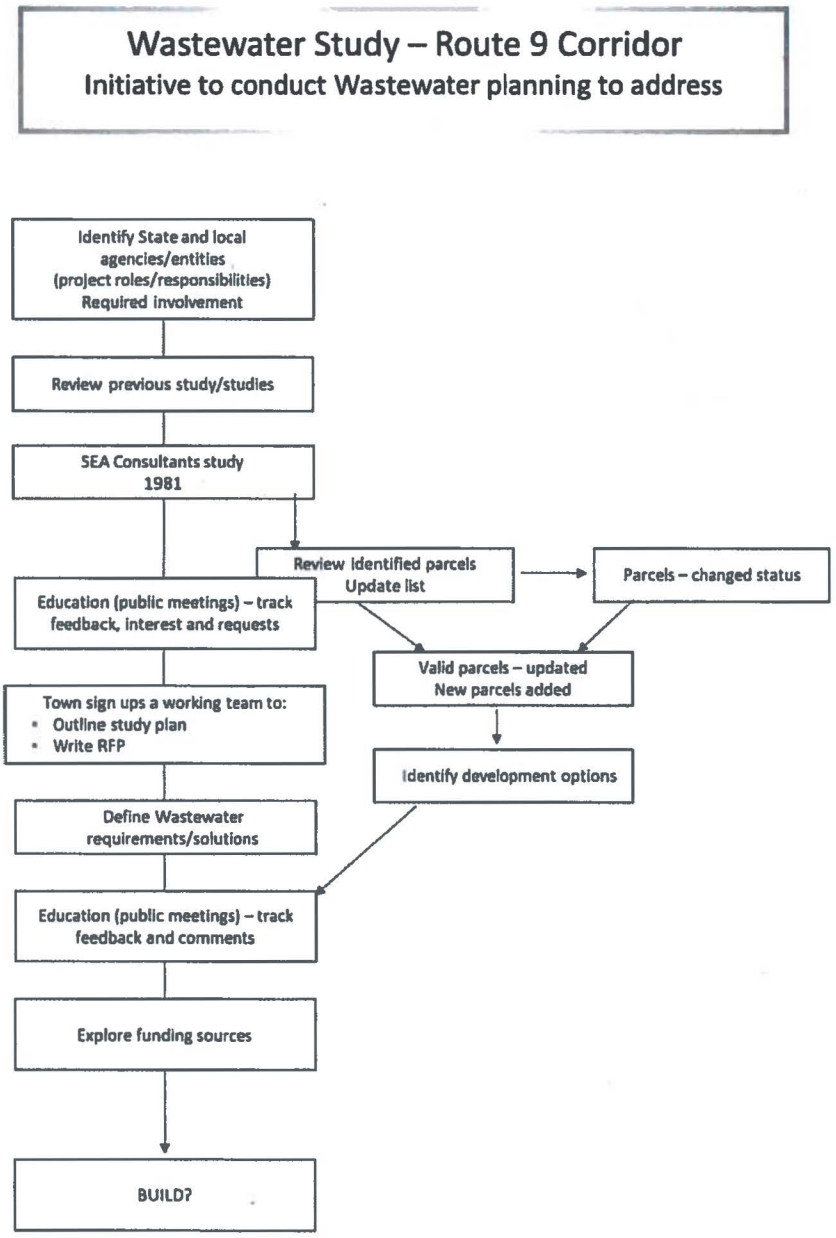
The engineering feasibility study would require a Town Engineering Consultant, Project Manager to sufficiently investigate the Town's needs and businesses and residents' desires.

Feasibility Study

	FY 22	FY23
1. Technical Assistance (writing RFP Feasibility Study Document)	1200	
2. Meetings/project management	2000	3500
3. Research with local DPW	1000	
4. Research with relevant agencies - State	1500	
4. Engineering wastewater study – initial review	8000	
5. Formulate draft recommendations for each site		2000
7. Present draft recommendations at public meetings		300
8. Write draft report with detailed re-use and development strategies		14500
9. File Final Report and implementation strategies		15500
TOTAL	**13,700**	**37300**

Local Match

If the Town is awarded grant money, the 25% match would come from several sources. Should the full $50k be awarded - the match breakdown would be as follows for a total of $12,500.



- In-kind services (DPW, Town Planner, Assessor, & Administration) - $2k
- CPC funding - Housing (could be requested for the 2023 budget) - $3k
- Town consulting funding (included with the 2023 budget) $7,500

Moving forward, Southborough will be applying for additional grants, funding sources and budgeting for supporting this project.

Thank you

Town of Southborough

TASKS

Wastewater Study – Route 9 Corridor
Initiative to conduct Wastewater planning to address
Identify State and local agencies/entities (project roles/responsibilities) Required involvement
Review previous study/studies
SEA Consultants study 1981
Review identified parcels Update list
Parcels – changed status
Education (public meetings) – track feedback, interest and requests
Valid parcels – updated New parcels added
Town sign ups a working team to:
• Outline study plan
• Write RFP
Identify development options
Define Wastewater requirements/solutions
Education (public meetings) – track feedback and comments
Explore funding sources
BUILD?

ATTACHMENT A - SCOPE OF SERVICES AND ADDITIONAL TERMS AND CONDITIONS

INSTRUCTIONS: In order to ensure that the Department and the Contractor have a clear understanding of their respective responsibilities and performance expectations, the Following attachment shall contain a specific detailed description of all obligations, responsibilities and additional terms and conditions between the Contractor and the Department which do not modify the Contract boilerplate language. *Attach as many additional pages as necessary.* {See INSTRUCTIONS sheet for more information and suggested provisions to include in ATTACHMENT A.}

The Executive Office of Energy and Environmental Affairs (EEA) hereby grants, on a reimbursement basis, the Town of Southborough $45,000 for a project to revitalize the Route 9 corridor consistent with the proposal it submitted to the 2022 round of the Planning Assistance Grant Program. The submitted proposal is attached; the scope of work and budget contained therein are hereby included in this contract by reference.

General Conditions:

- EEA funds must be utilized by June 30, 2023 and documentation regarding their use, along with final billing, is to be received no later than August 1, 2023;
- This contract terminates on June 30, 2023. Any contract amendment, including extensions, will be at the sole discreation of EEA;
- The grantee will credit EEA as a funding source in an written deliverable produced as a result of this project;
- The grantee will document the expenditure of any matching funds committed;
- The grantee will submit an electronic copy of any deliverable to EEA; and
- The grantee agrees to notify EEA about the outcomes that result from this project.

ATTACHMENT B - BUDGET AND APPROVED EXPENDITURES

{The Department and Contractor may complete this format or attach an approved alternative Budget format or invoice.}
Items identified below which are not part of the Contract should be left blank.
Attach as many additional copies of this format as necessary, Maximum obligation should appear as last entry.

Contract Expenditures	Unit Rate (per unit, hour, day)	Number of Units	Other Fees or Charges (specify)	TOTAL
Planning Grant FY22				$12,000 (FY22)
Planning Grant FY23				$33,000 (FY23)
SUBTOTAL (this page)				$45,000

MAXIMUM OBLIGATION	**$45,000**

_X_ NEW CONTRACT

PROCUREMENT OR EXCEPTION TYPE: (Check one option only)

- __ **Statewide Contract** (OSD or an OSD-designated Department)
- __ **Collective Purchase** (Attach OSD approval, scope, budget)
- _X_ **Department Procurement** (includes all Grants - 815 CMR 2.00) (Solicitation Notice or RFR, and Response or other procurement supporting documentation)
- __ **Emergency Contract** (Attach justification for emergency, scope, budget)
- __ **Contract Employee** (Attach Employment Status Form, scope, budget)
- __ **Other Procurement Exception** (Attach authorizing language, legislation with specific exemption or earmark, and exception justification, scope and budget)

___ CONTRACT AMENDMENT

Enter **Current Contract End Date *Prior*** to Amendment: _____, __.

Enter **Amendment Amount:** $ _____. (or "no change")

AMENDMENT TYPE: (Check one option only. Attach details of amendment changes.)

- __ **Amendment to Date, Scope or Budget** (Attach updated scope and budget)
- __ **Interim Contract** (Attach justification for Interim Contract and updated scope/budget)
- __ **Contract Employee** (Attach any updates to scope or budget)
- __ **Other Procurement Exception** (Attach authorizing language/justification and updated scope and budget)

The Standard Contract Form Instructions and Contractor Certifications and the following Commonwealth Terms and Conditions document are incorporated by reference into this Contract and are legally binding: (Check ONE option): _X_ Commonwealth Terms and Conditions __ Commonwealth Terms and Conditions For Human and Social Services __ Commonwealth IT Terms and Conditions

COMPENSATION: (Check ONE option): The Department certifies that payments for authorized performance accepted in accordance with the terms of this Contract will be supported in the state accounting system by sufficient appropriations or other non-appropriated funds, subject to intercept for Commonwealth owed debts under 815 CMR 9.00.

__ **Rate Contract.** (No Maximum Obligation) Attach details of all rates, units, calculations, conditions or terms and any changes if rates or terms are being amended.)

_X_ **Maximum Obligation Contract.** Enter total maximum obligation for total duration of this contract (or ***new*** total if Contract is being amended). $ 45,000 .

PROMPT PAYMENT DISCOUNTS (PPD): Commonwealth payments are issued through EFT 45 days from invoice receipt. Contractors requesting **accelerated** payments must identify a PPD as follows: Payment issued within 10 days __% PPD; Payment issued within 15 days __ % PPD; Payment issued within 20 days __ % PPD; Payment issued within 30 days __% PPD. If PPD percentages are left blank, identify reason: _X_ agree to standard 45 day cycle __ statutory/legal or Ready Payments (M.G.L. c. 29, § 23A); __ only initial payment (subsequent payments scheduled to support standard EFT 45 day payment cycle. See Prompt Pay Discounts Policy.)

BRIEF DESCRIPTION OF CONTRACT PERFORMANCE or REASON FOR AMENDMENT: (Enter the Contract title, purpose, fiscal year(s) and a detailed description of the scope of performance or what is being amended for a Contract Amendment. Attach all supporting documentation and justifications.) The Executive Office of Energy & Env. Affairs and the Town of Southborough hereby contract for a project to revitalize the Route 9 corridor as detailed in the attached scope of work.

ANTICIPATED START DATE: (Complete ONE option only) The Department and Contractor certify for this Contract, or Contract Amendment, that Contract obligations:

_X_ 1. may be incurred as of the Effective Date (latest signature date below) and no obligations have been incurred prior to the Effective Date.

__ 2. may be incurred as of _____, 20___, a date LATER than the Effective Date below and no obligations have been incurred prior to the Effective Date.

__ 3. were incurred as of _____, 20___, a date PRIOR to the Effective Date below, and the parties agree that payments for any obligations incurred prior to the Effective Date are authorized to be made either as settlement payments or as authorized reimbursement payments, and that the details and circumstances of all obligations under this Contract are attached and incorporated into this Contract. Acceptance of payments forever releases the Commonwealth from further claims related to these obligations.

CONTRACT END DATE: Contract performance shall terminate as of 6/30, 2023, with no new obligations being incurred after this date unless the Contract is properly amended, provided that the terms of this Contract and performance expectations and obligations shall survive its termination for the purpose of resolving any claim or dispute, for completing any negotiated terms and warranties, to allow any close out or transition performance, reporting, invoicing or final payments, or during any lapse between amendments.

CERTIFICATIONS: Notwithstanding verbal or other representations by the parties, the **"Effective Date"** of this Contract or Amendment shall be the latest date that this Contract or Amendment has been executed by an authorized signatory of the Contractor, the Department, or a later Contract or Amendment Start Date specified above, subject to any required approvals. The Contractor certifies that they have accessed and reviewed all documents incorporated by reference as electronically published and the Contractor makes all certifications required under the Standard Contract Form Instructions and Contractor Certifications under the pains and penalties of perjury, and further agrees to provide any required documentation upon request to support compliance, and agrees that all terms governing performance of this Contract and doing business in Massachusetts are attached or incorporated by reference herein according to the following hierarchy of document precedence, the applicable Commonwealth Terms and Conditions, this Standard Contract Form, the Standard Contract Form Instructions and Contractor Certifications, the Request for Response (RFR) or other solicitation, the Contractor's Response (excluding any language stricken by a Department as unacceptable, and additional negotiated terms, provided that additional negotiated terms will take precedence over the relevant terms in the RFR and the Contractor's Response only if made using the process outlined in 801 CMR 21.07, incorporated herein, provided that any amended RFR or Response terms result in best value, lower costs, or a more cost effective Contract.

COMMONWEALTH OF MASSACHUSETTS
CONTRACTOR AUTHORIZED SIGNATORY LISTING

CONTRACTOR LEGAL NAME :
CONTRACTOR VENDOR/CUSTOMER CODE:

INSTRUCTIONS: Any Contractor (other than a sole-proprietor or an individual contractor) must provide a listing of individuals who are authorized as legal representatives of the Contractor who can sign contracts and other legally binding documents related to the contract on the Contractor's behalf. In addition to this listing, any state department may require additional proof of authority to sign contracts on behalf of the Contractor, or proof of authenticity of signature (a notarized signature that the Department can use to verify that the signature and date that appear on the Contract or other legal document was actually made by the Contractor's authorized signatory, and not by a representative, designee or other individual.)

NOTICE: ***Acceptance of any payment under a Contract or Grant shall operate as a waiver of any defense by the Contractor challenging the existence of a valid Contract due to an alleged lack of actual authority to execute the document by the signatory.***

For privacy purposes **DO NOT ATTACH** any documentation containing personal information, such as bank account numbers, social security numbers, driver's licenses, home addresses, social security cards or any other personally identifiable information that you do not want released as part of a public record. The Commonwealth reserves the right to publish the names and titles of authorized signatories of contractors.

AUTHORIZED SIGNATORY NAME	TITLE

I certify that I am the President, Chief Executive Officer, Chief Fiscal Officer, Corporate Clerk or Legal Counsel for the Contractor and as an authorized officer of the Contractor I certify that the names of the individuals identified on this listing are current as of the date of execution below and that these individuals are authorized to sign contracts and other legally binding documents related to contracts with the Commonwealth of Massachusetts on behalf of the Contractor. I understand and agree that the Contractor has a duty to ensure that this listing is immediately updated and communicated to any state department with which the Contractor does business whenever the authorized signatories above retire, are otherwise terminated from the Contractor's employ, have their responsibilities changed resulting in their no longer being authorized to sign contracts with the Commonwealth or whenever new signatories are designated.

_____ Date:
Signature

Title: Telephone:

Fax: Email:

[Listing can not be accepted without all of this information completed.]
A copy of this listing must be attached to the "record copy" of a contract filed with the department.

AFFIX CORPORATE SEAL

TOWN OF SOUTHBOROUGH

OFFICE OF THE TOWN CLERK

Lisa M. Braccio, Chair
Southborough Board of Selectmen
17 Common Street
Southborough, MA 01772

November 18, 2021

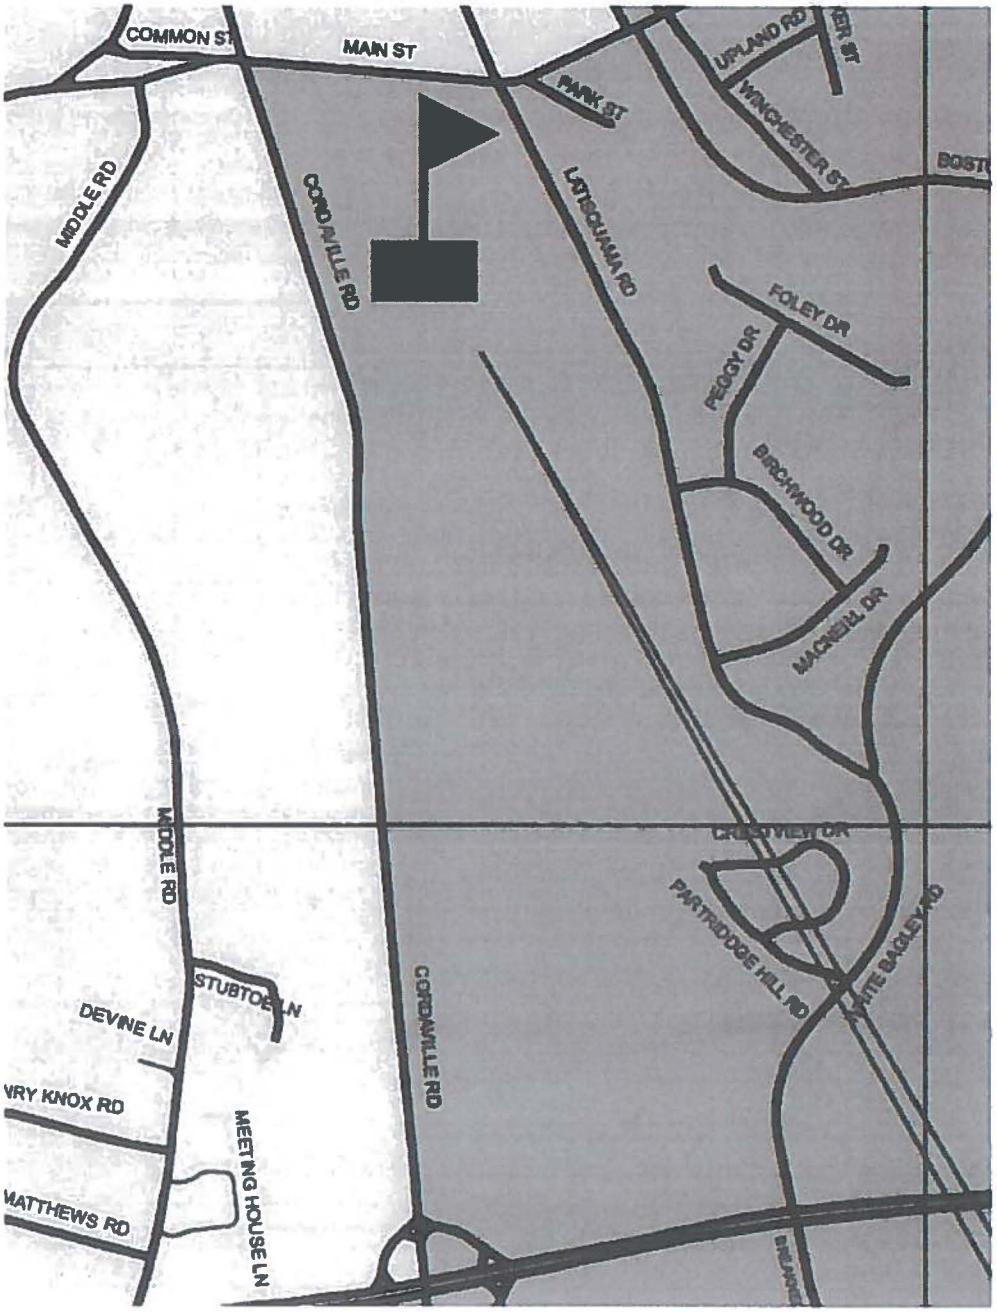
Dear Ms. Braccio,

I request the Board of Selectmen approve a new boundary line between Precincts 1 and 2 as shown on the attached documents. The Secretary of State has recommended these changes and I concur with their recommendation.

The 2020 Federal Census determined that the population of Southborough increased from 9,767 in 2010 to 10,450 in 2020, which represents a 7% increase. The new precinct boundaries will ensure that the population of each precinct meets the required guidelines, that is that no one precinct has a population variance of more than 5% of the combined average of all precincts. This change will impact approximately 78 residents currently residing in Precinct 1 who will be reassigned to Precinct 2. As a practical matter, since all precincts vote in the Trottier School gym, the impact on residents will be minimal. If the Board of Selectmen approve this change, I will notify each voter effected by the change when it takes effect on 12/31/21.

I request that the Board of Selectmen approve the new boundary between Precincts 1 and 2 as shown on the attached documents and that a quorum of Selectmen physically sign the attached letter which I will also sign and forward to the Local Election Districts Review Commission.

Sincerely,



James F. Hegarty
Southborough Town Clerk

cc: Mark Purple, Town Administrator

Precinct 2 in green

Proposed Precinct Map
Based on 2020 Census
Precinct 1 is brown
Precinct 2 is green

Information for Block Reports

This block listing provides necessary demographic and population information for each ward and precinct that should be considered while reviewing precinct lines. This information is relevant to ensure minority vote dilution (either through "packing" or "fragmentation" of racial cohorts among the precincts) does not occur when drawing precinct lines.

"Packing" refers to concentrating a high proportion of minority group members in one or a few districts so that their votes cannot elect as many minority group representatives as another plan may potentially allow. "Fragmentation" refers to spreading minority group members among many districts or submerging them in a district dominated by another group also resulting in the election of a smaller number of minority group representatives.

TOWN OF SOUTHBOROUGH

OFFICE OF THE TOWN ADMINISTRATOR
TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772-1662
(508) 485-0710 · FAX (508) 480-0161 · mpurple@southboroughma.com

TO: Board of Selectmen
FROM: Mark J. Purple, Town Administrator
DATE: December 7, 2021
SUBJECT: Recommendation for Award – Golf Management RFP

On November 10, 2021, the Town issued an RFP for Management and Maintenance of Southborough Golf Club. The current contract is held by New England Golf Corporation, and expires on December 31, 2021. The RFP was seeking to contract with a firm for a period of five (5) years, with the option of two, one-year extensions at the discretion of the Town. As of the bid deadline of December 3, 2021 at 12:00PM, New England Golf was the only proposal received. We did receive a bid from a Las Vegas firm, Golf Automation, Inc., more than 3.5 hours after the bid deadline, and they were not considered further.

New England Golf's proposal was reviewed and ranked, and the proposal rated mostly "Highly Advantageous" for each of the RFP criteria. The company has been managing Southborough Golf Club (formerly St. Mark's) for 16 years, and several other golf courses in New England for more than thirty years. We have had a good working relationship with their management team since acquiring the course from St. Mark's School in 2018.

Their price proposal increases the current annual fee of 10% of gross revenue to 12% of gross revenue up to $550,000, and 20% of gross revenue above $550,000. The calendar 2021 gross revenue was $517,935.

I recommend that the Select Board vote to award the bid for the Golf Management and Maintenance Services for the Southborough Golf Club to New England Golf Corporation, subject to the successful negotiation of a contract.

Thank you.

Southborough Golf Club

Management and Maintenance Agreement Proposal

December 3, 2021

Mr. Mark J. Purple, Town Administrator
Town of Southborough
17 Common Street
Southborough, MA 01772

Dear Mark:

New England Golf Corporation is pleased to have the opportunity to submit this proposal for the management and maintenance of Southborough Golf Club to the Town of Southborough.

New England Golf Corporation is a Massachusetts corporation providing golf course management services in New England for more than thirty-five years. Presently, New England Golf Corporation manages four public golf clubs all with municipalities. We have now managed Southborough Golf Club for sixteen years, Pine Meadows Golf Club in Lexington, Massachusetts for twenty-five years, Alling Memorial Golf Club in New Haven, Connecticut for twenty-four years and Pinecrest Golf Club in Holliston, Massachusetts for almost thirty years. In addition, New England Golf Corporation managed Lost Brook Golf Club in Norwood, Massachusetts for twenty-five years prior to being sold for development, Minnechaug Golf Club in Glastonbury for nine years from 1998 through 2006 and Pequot Golf Club in Stonington, Connecticut from 1985 to 1996.

Under the management of New England Golf Corporation, each of the aforementioned golf courses has experienced tremendous success in a challenging and competitive marketplace. Such success can be attributed to New England Golf Corporation's adherence to an aggressive marketing plan, the adoption of an equally aggressive maintenance program, and its participation and commitment to managing capital improvements to the facilities under management. Transforming each of these golf courses has allowed golfers to enjoy improved playing conditions and cities, towns and owners to collect increased revenues.

New England Golf Corporation possesses over thirty years of experience managing golf courses. It is a financially strong company with a strong reputation in the area of golf course management. We are constantly working hard to provide an excellent golfing experience for the public.

All communication regarding this proposal should be directed to:

William J. Harrison, President
New England Golf Corporation
P.O. Box 462, Westwood, MA 02090
newenglandgolf@comcast.net
(781) 326-5717

We look forward with great enthusiasm in continuing to manage Southborough Golf Club. We are confident that an excellent working relationship will continue to exist with the Town of Southborough and the golfing community.

Respectfully submitted,

William J. Harrison, President
New England Golf Corporation

ATTACHMENT B
SOUTHBOROUGH GOLF CLUB
PROPOSER QUALIFICATIONS FORM

The completed Attachment A shall be placed in a sealed envelope which shall be clearly identified on the outside as the "QUALIFICATIONS FORM – SOUTHBOROUGH GOLF CLUB ".

NAME OF PROPOSER: New England Golf Corporation

ADDRESS: P. O. Box 462

Westwood MA 02090

TELEPHONE: 781-326-5717

1. **Qualifications and Experience of Proposer**

Proposer should provide a detailed description of the organization's relevant qualifications, background and experience in managing, administering, marketing, operating and maintaining golf course facilities. Include information concerning the length of time in business, type of work performed, (i.e., full course management; only maintenance; food and beverage, etc.), financial strength, conditioning, and overall quality of other courses managed and marketing abilities demonstrated at other courses managed.

2. **Qualifications and Experience of Personnel**

Proposer should provide a detailed description of the relevant qualifications, background and experience of all personnel who will be employed as managers, superintendents, greenskeepers, golf pros, rangers, starters or in clubhouse and food service operations. Indicate personnel by name, whether they will be full-time or part-time, and their specific responsibilities.

3. **Method of Operations**

Proposer should fully detail the manner in which it proposes to manage, market, operate and maintain the clubhouse. Proposer should fully detail the manner in which it proposes to manage, operate and maintain the golf course, including fairways, greens, tees, paths and irrigation and drainage systems. An operating budget and a detailed list of all equipment to be employed in the work should be provided.

4. **Financial Reporting**

Proposer should fully describe the procedures that will be used to insure a full accounting for all receipts and expenditures associated with all aspects of the golf course operation.

Qualifications and Experience of Proposer

Founded in 1987 by its President, William J. Harrison, New England Golf Corporation has grown to become a leading provider of golf course management services in New England. The successful implementation of capital improvement plans and marketing initiatives, the presence of professional and experienced staff, and the adherence to an aggressive maintenance program have all helped transform six poorly managed and maintained golf courses into six professionally managed and expertly maintained golf courses. The result has been financial success for the cities and towns in which we operate, and a great golfing experience for the members and guests who support our facilities.

Since 1980, William J. Harrison managed Lost Brook Golf Club in Norwood, Massachusetts. Lost Brook Golf Club is a challenging eighteen-hole golf course providing pull carts for rent, a small snack bar, and limited pro shop. It is a great course for golfers of all abilities, but has proved especially attractive for beginners, juniors, and women. In fact, more than 300 women participate in eight different leagues held each week during the golf season. Over the years we have personally constructed a new maintenance facility, installed a new automatic irrigation system, and improved the landscape by planting more than one hundred trees. In addition, we constructed three entire new holes and replaced multiple bunkers and tees when a commercial building was constructed abutting the golf course. We manage the entire facility, including the pro shop, food and beverage concessions, and course maintenance. The golf course was sold for development in 2017.

From 1985 through 1996, New England Golf Corporation managed Pequot Golf Club in Stonington, Connecticut. Pequot Golf Club is an eighteen-hole, par 70 golf facility with a fleet of thirty-five golf carts for rent and a full restaurant. During this period, we reconstructed six men's tees, installed new cart paths, and installed drainage in greens and wet areas throughout the golf course. We also designed and installed a new irrigation system on the tees and aprons, reconstructed numerous sand bunkers, and improved the overall appearance of the golf course with the addition of signage and markers. Under the management of New England Golf Corporation revenue increased from $400,000 to more than $800,000. We managed the entire facility, including the pro shop, restaurant, and golf course. The owner chose to manage the golf course himself at the conclusion of the 1996 season.

In 1988, the contract to manage Pinecrest Golf Club in Holliston, Massachusetts was unanimously awarded to New England Golf Corporation over five other competitive bids. Pinecrest Golf Club is an eighteen-hole municipal golf course with a full restaurant, driving range, pro shop, and fleet of fifty golf carts for rent. Substantial improvements have been made to the golf course over the years, including the construction of a new clubhouse and maintenance facility, the installation of a new automatic irrigation system, and the construction of a new practice range 300 yards long with twenty grass hitting stations. Additional improvements include the construction of six forward tees, the reconstruction of many men's tees, bunker reconstruction, improved drainage and improved cart paths throughout the golf course.

Pine Meadows Golf Club in Lexington, Massachusetts is a nine-hole, par 35 golf course measuring over 2800 yards. Golf carts and pull carts are available for rent, while the clubhouse offers a limited pro shop and food and beverage menu. Pine Meadows Golf Club has proved to be a great course for beginners and seniors as well as advanced players, and its attractive layout and excellent location have drawn more than 40,000 golfers each year. Substantial golf course improvements have been made to the facility, including an upgrading of the irrigation system,

the construction of new cart paths and tees, the construction of a new maintenance building and parking lot, reconstruction of the sand bunkers and the improving of drainage throughout the course. New England Golf Corporation has managed Pine Meadows Golf Club for the past twenty-five years. We manage the entire facility at Pine Meadows Golf Club, including the pro shop, snack bar, and golf course.

In June of 1997, the City of New Haven unanimously awarded New England Golf Corporation the contract to manage Alling Memorial Golf Club for a five-year period. Alling Memorial Golf Club is an eighteen-hole, championship municipal golf course measuring approximately 6,500 yards with a fleet of seventy-five golf carts for rent and a full restaurant. Over the years we have hosted the USGA Junior Qualifying, USGA Mid-Amateur Qualifying, and numerous Connecticut State Golf Association events. Substantial improvements have been made under the supervision of New England Golf Corporation, including the construction of six new tees and the reconstruction of numerous sand bunkers and cart paths. In 2005 we managed a $1.2M golf course renovation project that included the reconstruction of all tees, bunkers and cart paths as well as improvements to the irrigation system and drainage. More than 45,000 rounds of golf are played at Alling Memorial Golf Club each year, making it the second most played public golf course in the state of Connecticut. In 2016, the contract was renewed for an additional seven-year period over highly competitive bids from Billy Casper Golf Management. We manage the entire golf facility, including the pro shop, restaurant, and golf course.

Minnechaug Golf Club, located in Glastonbury, Connecticut, is a nine-hole municipal golf course measuring approximately 3,000 yards. The course provides an interesting and challenging layout for all golfers, highlighted by its island green on the eighth hole. Over the years, we have supervised more than $500,000 in golf course improvements. Such improvements include the construction of new tee complexes on four holes, an entire new hole from tee to green, and new fairway and greenside bunkers. In addition, we also constructed a new putting green of approximately 4,000 square feet. New England Golf Corporation managed the entire facility for nine years from 1998-2006.

In 2005, New England Golf Corporation took over the management of Southborough Golf Club (formerly St. Mark's Golf Club) in Southborough. Southborough is a challenging nine-hole golf course offering both push carts and riding carts, pro shop and snack bar with a beer and wine license. Over the years, we laser leveled and sodded all the tees, reconstructed all the sand bunkers as well as making improvements to the drainage and cart paths throughout the golf course. Revenue over the last few years has increased from approximately $250,000 to more than $500,000.

In summary, New England Golf Corporation has enjoyed great success in managing seven different golf facilities. It possesses the requisite knowledge and experience to both operate the pro shop, snack bar and golf course, and ensure that all golfers are provided with a satisfying round of golf. Its staffing plan is second to none, while its management team is directly involved in overseeing operating expenses and capital improvements. Moreover, New England Golf Corporation is constantly developing creative and innovative marketing strategies to increase play. We believe the best marketing plan is providing both excellent customer service and playing conditions on a consistent basis throughout the golfing season. We also devote attention to our website presence and email marketing, league play for women and seniors and junior and family promotions.

At New England Golf Corporation, we believe that our greatest strength lies with our personnel. We strive to maintain the highest degree of integrity and encourage open communication between the administration, superintendent, and pro shop staff, starters, and rangers. Honesty, trust, and accountability are of utmost importance. We make every effort to employ individuals who enjoy serving the public and understand the importance of working together as a team.

Pro Shop and Administration

Bill Harrison will continue to manage the pro shop and administrative functions at Southborough Golf Club with the assistance Lisa Casey. Lisa has more than twenty years of experience at New England Golf Corporation and is responsible for coordinating leagues, outings and tournaments as well as administrative functions. The season begins early in January with the update of the website and the subsequent mailings to season passes. In February communication to all golf leagues and golf outings are mailed and responses coordinated to give returning groups the first opportunity to reserve their day and times prior to the solicitation of new leagues and golf outings in the spring. All inquiries for new leagues, season passes and golf outings are coordinated through Lisa Casey. The office staff is also responsible for all the accounting functions and financial reporting.

Assistant Manager

Joe Tunnera has more than six years of experience at Southborough Golf Club in all facets of the golf course operation. He will be employed on site on a full-time basis in the management and maintenance of the golf operation.

Superintendent

John J. Allen will supervise the staff in the maintenance of the golf course. John has more than thirty years of experience in golf course maintenance and turf grass management. He has attended numerous seminars in keeping up with the latest practices of golf course maintenance. John is on the premises full time and regularly communicates with the pro shop staff, starters and rangers to ensure a smooth flow of play and customer satisfaction.

PGA Golf Professional

Joe McKinney, PGA Golf Professional has more than fifty years of experience and thirty years of experience with New England Golf Corporation. He or his assistant will be available for lessons, clinics and instruction in the new hitting cages and on the putting green at Southborough Golf Club throughout the golf season.

The following individuals have been employed at Southborough Golf Club on a seasonal basis and are expected to return. All are knowledgeable, experienced, and appreciated by the many who come to play Southborough Golf Club each year.

SOUTHBOROUGH GOLF CLUB

EMPLOYEE DISCIPLINARY POLICY

Good common sense and judgment on the part of Southborough's Golf Club employees will make any disciplinary action unnecessary. However, an employee violating the club's rules and policies, specifically conduct that is not in the best interest of the club or adversely effects other employees, will be subject to disciplinary action, which in most cases will consist of the imposition of three progressively serious levels of discipline. Those steps are reflected below:

1. Reprimand
2. Suspension
3. Termination

Each step will be documented and placed in the employee's file.

Depending on the severity of the violation, management may select termination over the first and second steps if, management's judgment, such punishment is in the best interest of Southborough Golf Club.

SOUTHBOROUGH GOLF CLUB

CUSTOMER SATISFACTION POLICY

Southborough Golf Club strives to maintain the highest possible standards of customer service. We are dedicated to providing each golfer with an enjoyable experience during each round of play. Toward that end, we are committed to providing friendly, courteous service and quality products in the pro shop and on the golf course. We are equally as committed to providing excellent playing conditions on the course with carefully maintained tees, fairways and greens of utmost importance.

If for any reason you are unsatisfied with your experience at Southborough Golf Club, we hope that you will please let us know. We ask that you direct all correspondence to:

William J. Harrison, President
New England Golf Corporation
P. O. Box 462
Westwood, MA 02090
(781) 326-5717
newenglandgolf@comcast.net

SOUTHBOROUGH GOLF CLUB

NON-DISCRIMINATION POLICY

New England Golf Corporation is an equal opportunity employer. No person either directly or indirectly employed by Southborough Golf Club, shall be subject to any discriminatory action on the basis of race, gender, religious creed, national origin, sexual orientation, color disability or age.

Method of Operations

New England Golf Corporation aspires to create a great golfing experience for every golfer, every round, beginning with courteous and friendly personnel in the pro shop and ending with nine holes of expertly maintained playing conditions. In between, we make every effort to keep the pace of play moving, provide clean golf carts, and offer pull carts and golf clubs for rent. Pro shops are stocked with everything a golfer might need for a round of golf, including golf balls, tees, and gloves. After golf, the clubhouse is available for food and beverages. With Covid almost behind us we will look to bring back hot dogs and a greater assortment of pre-packaged food products for the golfers.

Financial controls are in place to track all revenue and rounds played. Analysis of monthly financial reports is ongoing, and marketing strategies are implemented to increase play during slow periods of time. A new point so sale system was installed in 2021 which is integrated with our website to provide online tee times. The POS system accurately reports revenue and rounds on a daily basis. William Harrison submits monthly reports to the Town of each category of revenue and rounds played for the month. An annual audited financial statement is furnished to the Town at the conclusion of each calendar year.

A starter is employed during busy times to collect receipts from players at the first tee and periodically monitor the golf course for a proper pace of play.

Superintendents are graduates of universities with a degree in Turf Grass Management. They are supervised by John Allen to ensure well-conditioned tees, greens, and fairways. Our superintendents belong to the Golf Course Superintendents Association of America, which constantly updates members on the latest maintenance programs. Our superintendents are licensed pesticide applicators and attend numerous local seminars to maintain superior playing conditions.

The maintenance standards outlined in the proposed agreement provide an excellent foundation for maintaining the golf course. In addition to the maintenance schedule in the proposed agreement, we generally also perform additional maintenance practices beyond what is called for to ensure consistent playing conditions each day throughout the golf season. Such practices include spiking and vertical mowing of greens, quad tining of tees and greens and overseeding and topdressing of tees on a regular basis.

Over the last sixteen years we have enjoyed an excellent working relationship with both the Town of Southborough and the surrounding residents on Latisquama Road and McNeil Drive. We addressed neighborhood concerns of errant golf balls landing on their property by planting trees, taking existing tee boxes out of play and constructing new tee boxes to substantially reduce the risk of errant tee shots. Any and all complaints or issues with neighboring residents will be brought to the attention of Bill Harrison and satisfactorily resolved. Such complaint or issue will be shared with the Town and how it was resolved.

Regular access to the golf course property at no cost will occur during the months of December through the months of March of each year. Regular access during this period will include passive recreational uses such as hiking, walking, bird watching, cross country skiing and snow shoeing. Some of these activities could occur during the regular golf season to the extent it does not pose a risk to the golfer or the individual participant. The Conservation Restriction held by the Sudbury Valley Trustees and the Southborough Conservation Commission may restrict certain recreational activities over the course of the year.

SOUTHBOROUGH GOLF CLUB

MARKETING PLAN

New England Golf Corporation has initiated numerous marketing strategies to increase participation at Southborough Golf Club. Such programs are enacted with the intention of not only establishing a presence as a golf facility, but also to encourage golfers to return to Southborough Golf Club in the future. Toward that end, we have also initiated programs aimed at developing a core group of golfers that consider Southborough Golf Club their home course. What follows is a list of what has done over the years to promote participation at the club by both core golfers and new golfers.

- Organized a league for men (SMGA) that plays on Wednesday afternoon for a period of 24 weeks as well as tournament play on weekends.
- Organized corporate leagues that play each afternoon from 3 p.m. to 5 p.m.
- Instituted the season pass program to both residents and non-residents of Southborough to expand membership base.
- Instituted the Discount Card that provides for reduced rates on greens fees for more play to all greens fee players.
- Introduced reduced rates for Family Golf and Twilight play to increase participation rates after 5 p.m. seven days a week.
- Print advertising in the local papers during the spring, summer and fall season offering discount rates to increase participation from both the existing base and new golfers.
- Discounted rates and programs throughout the entire golf season promoted through the website and through email to our database of both players.

Some of the above-mentioned programs which have proven to be successful have been reduced or discontinued with the increase in play over the last two years.

Every effort will be made to increase the participation from Southborough residents at the golf course. In late summer we were in contact with Tim Davis, Recreation Director, to work together to promote a senior league which started to gain traction and will continue to grow in participation at the start of the season in spring of 2022. More recently, we corresponded with Joe Durant, Program Coordinator, to discuss opportunities for juniors with instruction in the new hitting cages and putting green. Season passes are offered to residents of Southborough at an affordable rate and provides for unlimited play seven days a week. The season pass is available to individuals, seniors and juniors. We currently have a women's league which plays nine holes of golf each Monday morning. More than thirty-six women participate on a weekly basis. We will look to promote all of our programs with the Southborough Recreation Department in 2022 with the goal of increasing participation from residents of Southborough.

Financial Reporting

The business entity that the Town of Southborough will enter into a contract with is St. Mark's Golf Club, Inc. d/b/a Southborough Golf Club. St. Mark's Golf Club, Inc. was incorporated in the State of Massachusetts in 2006 and has successfully managed the golf course for the last sixteen years.

Strict accounting controls have been instituted at Southborough Golf Club to properly account for all golf course revenues. A point of sale system was recently installed in the pro shop register to insure full accounting for all receipts. Our reporting and accounting systems have proven accurate and vital to making decisions regarding marketing strategies that aim to increase participation. Online tee times are also available on our website that is integrated with our POS system.

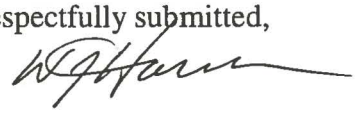
All members and guests are issued a receipt at the time of purchasing a greens fee. The ticket is then presented to the Starter, who punches the ticket prior to teeing off at the first tee. A member or guest must sign a cart register if they choose to rent a cart. The cart rental fee is also reflected on the register receipt for the Starter to review.

All daily receipts are reconciled and deposited in the bank daily. All financial information is entered at the central office on a daily basis. Each month the bank statement is reconciled and monthly reports are reviewed. Financial analysis is done on a monthly basis. A monthly report of revenue and rounds played will be submitted to the Town of Southborough. An annual audited financial statement is furnished to the Town at the conclusion of the calendar year.

There is no pending or threatening litigation against New England Golf Corporation or any of its operating entities, including Southborough Golf Club.

Neither New England Golf Corporation nor any of its operating entities has ever failed to complete any work awarded to them, nor have they ever defaulted on any contract awarded to them. We encourage you to contact all of our references to confirm the excellent working relationships we have with owners of the golf courses we manage.

We are proud of our safety record at each golf course, ensuring that the proper rules and regulations are in place for the safety of our employees, members, and guests.



Conclusion

Over the past sixteen years New England Golf Corporation has implemented many capital projects to the golf course including improving the drainage throughout the golf course, laser leveling of all the tees, reconstructing all of the bunkers and improving the cart paths. We look forward to working with the Town to oversee additional improvements to the golf course over the next few years including the installation of a new irrigation system. The recent improvements by the Town to the first and ninth hole as well as the new putting green have been well received by the golfers and have been instrumental in the increase in the number of golfers the last two years. A new automated irrigation system will both improve the playing conditions of the entire golf course but more importantly, improve the overall appearance of the golf course during the summer season with green fairways which make up the majority of the golf course property.

In addition to its continued investment in capital projects, New England Golf Corporation has continued to commit itself to promoting the golf course and ensuring that the course is properly staffed. We anticipate using existing staffing levels and maintenance practices to ensure an enjoyable golfing experience for all players. We are optimistic we can encourage more play from the existing base of core golfers and attract new golfers to play at Southborough with a continued investment in the golf course and the recent closing of a number of local golf courses.

New England Golf Corporation looks forward with great enthusiasm in continuing to manage Southborough Golf Club. We are confident an excellent working relationship will continue to exist with the local community, the Town of Southborough, and the many golfers who enjoy Southborough Golf Club each year.

Respectfully submitted,

William J. Harrison, President
New England Golf Corporation

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, December 14, 2021, 6:00PM
Location: Via Zoom
Present: Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

I. Call Meeting to Order

Chair Braccio called the meeting to order at 6:01P.M.

II. Public Comment

There was no public comment.

III. Scheduled Appointments *(Board may vote)*

a. ARPA Committee interviews

Chair Braccio stated Ms. Julie Haley had withdrawn her application for consideration for the ARPA Committee, citing work commitments. She hopes to be able to serve the Town in some capacity at a later date.

i. Andrea Hamilton, 119 Northboro Road

Dr. Hamilton returned to Southborough seven years ago with her family, having lived here while growing up. She is a scientist by training and described herself as data-driven, which she feels will be an important skill in assessing opportunities that come before the ARPA Committee. She has worked in the biotech industry and has recently stepped back for a year to help her family navigate the pandemic. She stated this pause has given her the time she believes is needed to devote to the ARPA Committee. She cares deeply about her community and is aware of the recent successes and challenges that are facing Southborough's residents. When asked about her thoughts regarding potential uses of ARPA funds, she stated she is open to any and all ideas for consideration. However, she would prioritize any acute, ongoing needs of the community, as well as, economic needs that address future growth in the community.

ii. Anne Rubenstein, 95 Carriage Hill Circle

Ms. Rubenstein moved to Southborough from Framingham 5 years ago. She stated she considers herself to be civic-minded, having participated in school-related activities while her children were growing up. She also served as a board member for the Metrowest YMCA and Leadership Metrowest. She is a journalist and communications professional by training, having worked for years as the Director of Public Information for the Framingham Public Schools. She described herself as a good listener and a collaborative partner. She shared she feels public participation through feedback and input will be a key to determining where ARPA funds will be spent and she has extensive experience in public outreach. She has no bias as to who should receive the ARPA funds. She would prefer to see the funds allocated for projects rather than tax relief but remains open to all potential uses for the ARPA monies.

Chair Braccio thanked both residents for applying to the ARPA Committee, noting their skillsets are complimentary yet beneficial for the work of the ARPA Committee.

b. ARPA Committee appointments for two (2) resident seats, term to expire 6/30/22

Mr. Stivers moved to appoint Andrea Hamilton and Anne Rubenstein to the two resident seats on the ARPA Committee, term to expire 6/30/2022. Mr. Dennington seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote: Ms. Malinowski, aye; Mr. Stivers, aye; Mr. Healey, aye; Mr. Dennington, aye; Ms. Braccio, aye. Chair Braccio thanked Dr. Hamilton and Ms. Rubenstein for stepping forward and said the Town would be in touch about next steps.

IV. Reports

a. Chair's Report

Chair Braccio had nothing to report.

b. Members' Reports

i. 12/6 EDC forum with Gary Holmes

Mr. Dennington shared he attended the meeting where Mr. Holmes, a commercial real estate agent, outlined the challenges facing the commercial real estate market in Southborough, specifically, and the Metro West area, generally. Mr. Dennington learned the commercial real estate vacancy rate in Southborough is approaching 33% and there is no short-term solution. Mr. Stivers, who also attended the meeting, shared there was discussion around making Southborough an attractive place to businesses. He stated sewer is an important topic around this issue and he hopes some ARPA funds will be allocated for infrastructure. Mr. Healey, who also viewed the presentation, shared he was surprised to learn warehouse space is significantly more valuable than office space. Mr. Dennington and Mr. Stivers encouraged the public to watch the recording of the meeting to learn more about this topic.

c. Town Administrator's Report

i. 12/22 Public Booster clinic

Mr. Purple shared there will be a Booster clinic on Wednesday, December 22, at the Southborough Senior Center from 1-4pm. The Moderna booster will be offered. Pre-registration is required and there are still slots available. Mr. Purple thanked the Board of Health and the Health Department for working with regional partners to secure the boosters and make them available to Town employees and residents. Ms. Malinowski added a Booster clinic for 16-17 year olds at Algonquin had been added for Thursday, December 16.

ii. Update on VHB traffic study

Mr. Purple reported he spoke to Ms. Galligan and learned the traffic counts have not been done yet. She is trying to find a time when the weather is cooperative and offered the counts may not be complete until the Spring. The goal is to have the counts done as quickly as possible, weather permitting.

iii. Transition of branding to "Select Board"

Mr. Purple reported that while the article regarding the name change had been approved at the November 1st Town Meeting, the Attorney General's office has yet to give final approval. Following Town Meeting approval, town government began to make the change in rebranding. However, there has been comment about moving forward prior to the Attorney General's approval. Mr. Purple reported the pause button has been pushed until the Town receives final approval from the Attorney General's office.

iv. Sen. Eldridge's office regarding ARPA funds

Mr. Purple reported he received notice from Sen. Eldridge's office that Gov. Baker has signed the ARPA legislation, which included an earmark of $70,000 to replace and repair the culvert under Northboro Road. Mr. Purple spoke with Ms. Galligan regarding the project and she shared a revised estimate will be done in the Spring and expects total project cost to be greater than $100,000. Mr.

Purple thanked Mr. Dennington, Sen. Eldridge and Rep. Dykema for the collaborative effort in securing the earmark. Mr. Dennington thanked Mr. Purple for his efforts to secure the funding.

V. Consent Agenda

a. Approve Winter Parking ban for 2021-2022

b. Approve Calendar 2022 licenses

Ms. Braccio requested Consent Agenda item "b" be held. Chair Braccio announced an email had been received prior to tonight's meeting announcing Wendy's Restaurant in Southborough had closed. She wanted to ensure the motion for approval of licenses excluded Wendy's Restaurant. Mr. Purple acknowledged the efforts of the team in the Board of Selectmen's office and their successful collaboration with the more fully functioning Health Department in moving the inspection process forward. Additionally, Mr. Purple acknowledged the efforts of Dr. Alker and Ms. Diane Legere, Food Inspector, for their successful implementation of the regional services grant. Ms. Malinowski reported Dr. Alker and Ms. Legere have been working diligently to educate and inspect Southborough establishments to ensure compliance. Mr. Stivers inquired whether all restaurants have passed inspection prior to tonight's vote of approval. Ms. Malinowski stated all but one has passed inspection. The one outstanding establishment is actively working with the Board of Health to resolve the identified issue so passage of the license is recommended. Mr. Stivers moved to approve calendar 2022 licenses, excluding Wendy's Restaurant. Ms. Malinowski seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote: Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Mr. Dennington, aye; Ms. Braccio, aye.

c. Appoint Martin Healey as SHOPC Representative to Community Preservation Committee, term to expire 6/30/22

Mr. Stivers moved to approve Consent Agenda items "a" and "c." Mr. Dennington seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote: Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Mr. Dennington, aye; Ms. Braccio, aye.

VI. Other Matters Properly Before the Board *(Board may vote)*

a. Draft charge for St. Mark's Street Park Working Group

Mr. Dennington presented the revised draft charge to the Board. He pointed out the following changes to the Board: 1) the committee will include 7 at-large members; 2) the committee shall elect a Chair, Vice Chair and Secretary; 3) Paragraph 4 states all records need to be filed with the Board of Selectmen and all agendas, minutes, and records of appointment need to be filed with the Town Clerk; and 4) in the final paragraph, the committee shall "aim" to deliver a recommendation to the Board of Selectmen by April 15, 2022. The Board was satisfied with the final draft charge. Mr. Stivers moved to accept the charge for St. Mark's Street Park Working Group. Mr. Healey seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote: Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Mr. Dennington, aye; Ms. Braccio, aye. Mr. Dennington inquired about next steps. Mr. Purple stated he would finalize the document, file it with the Town Clerk and advertise for interested parties to apply for consideration. Interviews and appointments will be scheduled for the January 4th Board meeting.

b. Draft policy for Recording Clerks

Ms. Hale presented information regarding the current status of Recording Clerks for Southborough Boards and Committees. Mr. Purple and Ms. Hale recommend a $50/hour rate for all Recording Clerks. This would provide equitable treatment for all Recording Clerks, as well as consistency for budgeting purposes. Ms. Malinowski asked for clarification regarding the boards and committees to be included in the new policy. Ms. Braccio stated that of the boards and committees in the first chart of the memo, EDC, SHOPC and the Historical Commission would come off the list as they do not qualify as an executive, a permitting or a financial board or committee. The Board was in agreement

with the direction of the policy. Ms. Braccio will work with Ms. Hale to present a final policy for the Board's consideration at the January 4th meeting.

c. Funding for Local Match for EEA grant; acceptance of grant award

Mr. Purple reported he had a good conversation with Mr. Rob Anderson, EDC Chair, regarding three potential sources of funds specified in the grant application. Those sources are in-kind services from various departments, CPC funding and consulting funding from the EDC's FY23 budget. Mr. Purple and Mr. Anderson recommended Ms. Marijke Munsiff, EDC Coordinator, manage the grant, noting the issue of wastewater in Southborough has become a central theme for the EDC. Mr. Purple stated there is a pathway forward for determining the source of the matching funds. He also recommended the Board vote to formally accept the grant. Ms. Malinowski shared she corresponded with Ms. Claire Reynolds who suggested a process be included when applying for grants to ensure all relevant parties are connected, especially with regard to budgeting. Ms. Malinowski stated she would include this suggestion as part of a draft policy she is creating regarding grants and Town monies. Ms. Malinowski will attend the December 17th EDC meeting to convey tonight's discussion regarding the EEA grant and communication in the grant application process. Mr. Stivers moved to accept the EEA grant for analysis of wastewater for Route 9. Mr. Healey seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote: Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Mr. Dennington, aye; Ms. Braccio, aye.

d. Draft warrant for March 26, 2022 Town Meeting

Mr. Purple stated the Warrant is scheduled to close on Tuesday, January 4th, at the next Board meeting and at that time all known articles and placeholders need to be submitted. Mr. Purple presented and reviewed the draft Warrant in its current form. He noted not all placeholders become Warrant articles. Rather, they afford time to consider further discussion relative to inclusion in the final Warrant. Ms. Malinowski asked to consider adding an article for a Fall Town Meeting on an annual basis, stating it will help address issues relative to the shift in commercial/residential tax split that occurred this year. The Board agreed adding a placeholder for a potential article is a good idea but would like to have further discussion on the matter. Ms. Malinowski inquired whether all Town departments, boards and committees have been made aware of the January 4th closing date. Also, Ms. Malinowski asked if there needed to be an article added regarding the timing of Annual Town Meeting. Mr. Purple said he would send out another notice regarding the Warrant closing date and will add information about the timing of Annual Town Meeting to the placeholder regarding a potential Fall Town Meeting. Mr. Dennington inquired about Article 26 and sidewalks for Legacy Farms in Hopkinton. Chair Braccio stated the Town had received $35,000 in traffic mitigation monies.

VII. Public Comment

There was no public comment.

VIII. Adjournment

Mr. Stivers moved to adjourn the meeting at 7:09P.M. Mr. Healey seconded the motion. The motion was voted all in favor (5-0-0) by roll call vote: Ms. Malinowski, aye; Mr. Healey, aye; Mr. Stivers, aye; Mr. Dennington, aye; Ms. Braccio, aye.

UPCOMING MEETINGS	
January 4, 2022	*January 18, 2022*

Respectfully submitted,

Bridgid Rubin, Recording Secretary

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, December 14, 2021; 7:30PM
Location: Joint meeting with Advisory Via Zoom
Present: Lisa Braccio, Chelsea Malinowski, Andrew Dennington, Marty Healey, Sam Stivers and Town Administrator Mark Purple

Pursuant to Chapter 20 of the Acts of 2021, An Act Relative to Extending Certain COVID-19 Measures Adopted During the State of Emergency, signed into law on June 16, 2021, this meeting will be conducted via remote participation. No in person attendance by members of the public will be permitted.

I. Call Meeting to Order

Chair Braccio called the meeting to order at 7:34 P.M.

II. Joint Meeting with Advisory Committee – FY23

Brian Ballantine, Treasurer/Collector, summarized the budget process to date, meeting with department heads, the Finance Team and the Capital Committee. He stated that the Capital Committee voted on all items except the DPW roads. He stated the tax rate is currently at 5.11% without a tax shift. The Local aid/receipts are pending. The Board asked for a 7, 10 and 12% tax shift/1.31 -2.15% tax impact. Mr. Ballantine shared his screen and reviewed the valuation shift change as outlined in the packet. Mr. Dennington asked if the 5.11% tax rate included the additional Police dispatcher and Mr. Ballantine replied that it did. Kathryn Cook, Chair of the Advisory Committee, stated that Advisory would like to consider putting the $300K set aside in free cash into the stabilization fund but they do not want to hold up free cash. She hopes conditions allow them to do this in the future. She added that she would like the bottom line percent increase to match the percent increase for local aid/receipts. There was discussion regarding access and timeframes for the details of the budget. Mr. Ballantine stated he will share the detailed budget with the Board and Advisory. There was discussion regarding the increase in liability insurance and whether or not the Town should put the item out to bid. Mr. Ballantine described his process for reviewing possible better rates and plans.

Board and Advisory members asked Mr. Ballantine multiple questions regarding the retirement assessment, civil defense, utilities and energy, ARPA funds, and fees. Mr. Ballantine described each line item and where in the budget process they fit. Ms. Braccio requested from the Board members their thoughts on a percent increase for the tax rate and any assumptions for the FY23 budget. Ms. Malinowski requested the Finance Team look at fees for departments such as Recreation, the IT budget, a level service budget, and normalizing capital based off the Capital Committee vote. Mr. Healey stated he felt that a 3% increase will have a significant effect. He requested that the tax shift regarding home worth be recognized and presented as a driving factor for the tax rate increase. He also asked to consider the cost of the CBA negotiations when they are finalized and stated that additional positions were a steep climb due to the current status of the tax rate and unknown costs of negotiations. Mr. Stivers acknowledged there are a lot of moving parts to finalizing the tax rate and agreed that 3% is an acceptable target but it should be recognized that a higher rate of about 4% may be needed. He requested the Finance Team continue looking into additional revenue opportunities such as ARPA. Mr. Dennington stated that he agreed with Mr. Healey's and Mr. Stivers' comments and he would like more information regarding any additional FTE needs. Ms. Braccio requested the tax rate be set as low as possible and added that the schools are doing their share to

lower the rate. She added that a 3% tax rate increase is a good starting point and this is not the year to add more positions. Ms. Braccio requested Mr. Purple to poll the Board as to what departments or boards/committees that they would like to meet with to discuss their FY23 budget requests.

Mr. Dennington asked if the use of ARPA funds are on the table for Advisory as an offset to the budget increases. Mr. Stivers replied that it was on the table for him as it could be a potential future liability. Ms. Cook stated she felt the same and that the need for a 5th full-time Police Dispatcher is clear; less so for Conservation and the Building Department. She asked the status of the newly created ARPA Committee. Ms. Braccio stated that the last two spots were filled this evening and listed the members.

III. Public Comment

There was no public comment.

On a motion made by Mr. Stivers, seconded by Ms. Malinowski and voted all in favor by roll call, 8:32 P.M. Roll call: Ms. Malinowski, aye; Mr. Stivers, aye; Mr. Healey, aye; Mr. Dennington, aye; Ms. Braccio, aye.

WINTER PARKING BAN 2021/2022

Effective December 1, 2021 there will be no parking on any public way in the Town of Southborough from 12 midnight until 6:00 a.m. and furthermore, there will be no parking on any public way during any snowstorm in the Town of Southborough. Vehicles parked will be towed at the owner's expense (according to §152-6 of the Town's Code). **This Ban will be in effect from December 1, 2021 through March 15, 2022.**

Illegal parking during unusual storms occurring before or after the Ban will be dealt with according to Section 152-6 of the Code of the Town of Southborough which states:

"The Superintendent of Streets, or other officer having charge of the ways, shall be authorized, for the purpose of removing or plowing snow or of removing ice from any way, to remove or cause to be removed to some convenient place, including in such term any public garage, any vehicle interfering with such work, and the liability for the cost of such removal and the storage charges, if any, resulting therefrom shall be upon the owner of such vehicle".

Phone Number(s):	[redacted]
	[redacted]
Current Occupation/Employer:	Attorney / NBC Universal
Narrative:	Applying for the ARPA Committee (not mentioned below). I'm applying as I moved to Southborough a year ago and am interested in becoming involved in a town board or committee. I think the ARPA Committee would be a good introduction for me as I will gain exposure to different town departments and committees and to the Southborough community as a whole. As a lawyer, I think my skill-set would benefit this committee; I am process oriented, a problem solver, a project manager, analytical and a good communicator. I currently work from home with flexible hours, and would be able to dedicate my time as needed to achieve the objectives of the committee.

Phone Number(s):	[redacted]
Email Address:	[redacted]
Current Occupation/Employer:	none
Narrative:	I am applying to be one of the town residents on the ARPA committee. I am a twice over Southborough resident, having lived in the town from 8th grade through high school and then buying a home and moving back seven years ago with my own young family. I recently made the decision to take a pause from work as we navigate our way through the ongoing uncertainty of COVID. I'm not planning to go back until next fall, which gives me a decent amount of unused time over the next year. I would be thrilled to use some of it to work on the ARPA committee and help drive positive change for the town. I'm a scientist by training with a PhD in Molecular and Cellular Physiology and good head for logic and details. For the last four years I've been working as a project manager for a large biotech company, managing projects with multi-million dollar budgets, which gives me a sense of the scale of dollars we're talking about with the Resucue Plan funds. While this would be my first time on a town committee, I think my experience as both a legacy resident and new-comer young family in town gives me a unique perspective on where Southborough has been and where it could be going. I have a daughter at Woodward and a son who will be at Finn next year. We use the town fields for soccer, make regular trips to the library and have probably walked most of the town trails in the last year. We love breakfast at Mauro's but are also excited about the potential for a revitalized downtown. I care about my property value, my property taxes, maintaining a commercial base in Southborough and being a town that practices what it preaches in terms of equity. I also very much am interested in the voices of residents, both those who have historically represented the town on boards and committees as well as newer voices less represented in our local government and Town Meetings. I appreciate your consideration. -Andrea

RE: SHOPC Representative for Community Preservation Committee (CPC)

Dear Board of Selectmen;

Please be advised that at its meeting on December 6, 2021, the Southborough Housing Opportunity Partnership Committee (SHOPC) voted 4/0/3 (Jasinski, Wood, Stein, Marcoulier in favor; Bhisitkul, Frisch absent; Healey abstained) to recommend Martin F. Healey as the SHOPC representative for the Community Preservation Committee.

Thank you,

Town Finance Terminology

The following terms are frequently used in the Advisory Committee Report and at Town Meeting. For your convenience, we provide the following definitions.

Surplus Revenue: (Often referred to as "Excess and Deficiency")
The fund represents the amount by which the Cash, Accounts Receivable and other floating assets exceed the liabilities and reserves.

Available Funds: (Often referred to as "Free Cash")
The amount of the Unreserved Fund Balance (Surplus Revenue) account over and above uncollected taxes of prior years constitutes "free cash" or "available funds".

Overlay:
The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements and exemptions as granted.

Overlay Reserve:
This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the Reserve Fund.

Stabilization Fund:
An outside section of Chapter 138 of the Acts of 1991 (the FY92 State budget) modifies limitations on the Stabilization Fund appropriation process by enabling communities to appropriate from this fund for any non-capital, lawful purpose without Emergency Finance Board approval (section 333). Beginning in FY92, the Stabilization Fund will thus become a source of revenue for general operating expenses for communities.

The Stabilization Fund is a mechanism for setting aside money for capital projects. It equalizes the effect of capital expenditures over time, as capital appropriations can change considerably from year to year. The balance in the fund will build up during years when expenditures for capital items are low. During years with high capital expenditures, the community will transfer money from the fund to reduce the project's impact on the tax rate or the amount of borrowing required for the project.

A community may appropriate up to 10% of its tax levy each year, as long as the balance in the Stabilization Fund does not exceed 10% of the community's equalized valuation. Interest earned on any fund balance is retained as part of the fund.

Appropriations into a Stabilization Fund can be made at either an annual or special town or district meeting. Chapter 94 of the Acts of 1985 permits appropriations to be made from a Stabilization fund at a special town or district meeting, not just at the annual meeting. Regardless of the timing, appropriations from the Stabilization Fund require a two-thirds vote by the appropriating authority. Until the FY92 state budget, a community could only appropriate from the Stabilization Fund for a none-capital purpose with the approval of the Emergency Finance Board.

Reserve Fund:
This fund is established by the voters at the Annual Town Meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) both. Transfers from the Reserve fund may be made only by the Advisory Committee and are for "extraordinary or unforeseen expenditures" only.

Conservation Fund:
For land purchases and any other conservation use.

DRAFT

Introduction to the Rules of Town Meeting

Southborough's Town Meeting is an open town meeting in which all registered voters may participate. Town Meeting is a deliberative assembly, conducted via a defined process, charged with considering a maximum number of questions of varying complexity in a minimum amount of time and with full regard to the rights of the majority, strong minority, individuals, absentees and all of these together. In other words, we gather for the purpose of conducting the Town's business thoughtfully and efficiently.

AUTHORITY

The three elements of authority at Town Meeting are a quorum of one hundred (100) registered voters or more, the Clerk and the Moderator. Of these three, the quorum is the most important.

The Town Clerk is responsible for voter registration, certification of a quorum, setting up the hall and keeping the record of the proceedings. He may also officiate Town Meeting in the absence of a Moderator.

The Moderator presides at and regulates the proceedings, decides all questions of order, and makes declarations of all votes. No one may speak on an issue without being recognized by the Moderator. It is the Moderator's responsibility to approve the distribution of materials, and persons wishing to do so must seek his permission. The Moderator appoints Tellers and alternates for the purpose of counting votes of the meeting.

THE WARRANT

All matters to be considered at Town Meeting must be published in the Town Meeting Warrant, which is the responsibility of the Board of Selectmen. The primary and most important purpose of the Warrant is to notify voters in advance the nature of the business to be taken up at Town Meeting. By state law, Town by-law or custom, several business articles (such as budget appropriations) must be presented in the Town Warrant each year for consideration. Other items are added by warrant articles proposed by Town officials, committees, boards, or groups of ten or more registered voters. The Advisory Committee reviews the Warrant, making recommendations on all the items of business to be presented. In accordance with the Town by-laws, all articles in the Warrant are considered in the order in which they appear in the Warrant, unless the Town Meeting votes to change the order for reasons that reasonable people would entertain.

PARTICIPATION

Any voter wishing to participate in Town Meeting must go to one of the floor microphones and wait to be recognized by the Moderator. Upon recognition by the Moderator, first state your name and address, and then state your business.

Anyone whose name is not on the list of registered voters requires the approval of either the Moderator or a majority of the Meeting to sit in the voting area.

All remarks shall be limited to the subject then under discussion. It is improper to indulge in references to personalities, and all expressions of approval or disapproval, such as applause or booing, are out of order. The Moderator may request any person to keep silent. If after warning from the Moderator, a person refuses to be silent or persists in other disorderly behavior, the Moderator may order a person to withdraw and if he fails to withdraw, may order a police officer to remove such person from Town Meeting.

Individuals who have a personal or financial interest with respect to a matter may speak or vote thereon but should frankly disclose their interest. However, no Town Meeting voter should accept compensation for participating without disclosing that fact.

There is no fixed time limit to the debate of any question. However, out of consideration for the others in attendance and the need to give adequate time to all matters coming before Town Meeting, each individual who speaks should make an effort to be as brief as possible and avoid repeating facts, views or opinions already expressed by others.

DRAFT

Introduction to the Rules of Town Meeting (continued)

Anyone wishing to make a presentation with respect to any article must, prior to Town Meeting, obtain the Moderator's approval.

In order to give all a fair opportunity to speak, no one who has addressed any particular motion shall speak again, except to answer questions, until all others wishing to speak to the motion have done so.

HOW ARE MOTIONS CLASSIFIED?

Main Motions
Motions of this group are for the bringing of questions, or propositions, before Town Meeting for consideration. Only one main motion can be considered at a given time, and once introduced such a motion excludes all other main motions until it has been disposed.

Subsidiary Motions
Motions of this group have are for the modification or disposition of the main motion that is being considered. Their existence as motions depends entirely upon the principal motion to which they are subordinate. Since they relate to the question then under consideration, it is in order to propose them when a main motion is pending and to vote upon them before voting upon the main motion.

Privileged Motions
Motions of this group have no connection whatsoever with any main motion, but are motions of such importance that they are entitled to immediate consideration. These motions have the privilege of temporarily setting aside the main business then before Town Meeting.

Incidental Motions
Motions of this group have few characteristics in common, but for convenience have been grouped into one class. The name "incidental" applies because they arise only incidentally out of the business of Town Meeting.

RULES RELATIVE TO MOTIONS

A motion is the means of bringing a proposal or question for consideration by Town Meeting. When first put forward it is a motion; after it is seconded and acknowledged by the Moderator, it becomes the question or proposal. Except for complimentary resolutions (the presentation of which must be approved in advance by the Moderator), no main motion shall be entertained unless it's substance is contained within the scope of a Warrant article. Upon completion of debate, articles will be voted upon.

The Moderator shall determine whether a motion, or any discussion relative to a motion, is within the scope of the Warrant article under consideration. That is, the motion and the debate must be relevant to the article as written in the Warrant, since the purpose of the Warrant is to apprise voters of the actions to be taken at Town Meeting.

Articles only give notice to the voters and do not initiate action; motions do. Motions may be withdrawn; articles may not be withdrawn – articles must be acted upon by Town Meeting.

There are four types of amendments: striking out, inserting, striking out and inserting, and substitution. Motions to amend may be hostile as long as they are germane. An amendment to a motion is an amendment of the first rank; an amendment to an amendment is of the second rank; there can be no amendment beyond that of the second rank.

Some motions do not lead to a final determination by Town Meeting. A motion to commit or to refer sends the matter to an existing board or committee or one to be established. The motion to postpone indefinitely disposes of the question without bringing it to a direct vote. The motion to postpone indefinitely should not be confused with the

DRAFT

motion to table which only temporarily delays a vote. As previously stated, articles may not be withdrawn; so when the Meeting does not wish to act on a particular article, the proper motion is to postpone consideration indefinitely.

DRAFT

Introduction to the Rules of Town Meeting (continued)

Motions to reconsider shall be entertained when new information is available that is materially different than was presented (or could have been presented) at the time of the original vote on the article. Articles may be reconsidered only once. If a motion to reconsider is passed by the necessary 2/3 vote, it brings the original article back to the floor (which requires a new motion and additional debate); if the motion to reconsider is defeated, then the original article stands as previously voted and may not be reconsidered again. Actions to reconsider can be taken at the same session or any subsequent session of Town Meeting. A notice of reconsideration may be filed in advance with the Town Clerk stating that, at a specific point during the current Town Meeting, a voter will move for reconsideration on a particular article, and the Moderator will inform the hall of said action. Note that such a motion so noticed in advance must still be in order (i.e., must comply with all conditions required of any reconsideration motion).

All motions other than purely procedural motions must be in writing and signed by the sponsor.

CHART OF PRECEDENCE OF MOTIONS AND SUMMARY OF GOVERNING RULES

	May interrupt a speaker	Req. a sec.	Debatable	Vote Required	Motions that may apply
PRIVILEGED MOTIONS					
1. To dissolve	no	yes	no	majority	none

19. Take from the Table	Mr. Moderator, I move to take from the table the motion relating to...

INTERRUPTING A SPEAKER

No one may interrupt a speaker except for a point of order or a question of privilege.

POINT OF ORDER

A point of order if a question of the Moderator about whether the speaker is entitled to be speaking, or whether the current subject under discussion (or what the speaker is saying) is irrelevant, illegal or contrary to proper procedure. No other "point of order" is proper.

PREVIOUS QUESTION

To call or move the question is a request to stop discussion and to take an immediate vote. This requires a 2/3 vote.

VOTING

Voting is by hand vote and the Moderator declares the result of such votes. If seven or more voters immediately question the declared result, the Moderator shall determine the result by a standing count of votes by the Tellers. After the vote counted by the Tellers is presented to the Moderator and announced to the floor, any further motions for recount are out of order.

ADJOURNMENT AND DISSOLUTION

Sessions of Town Meeting normally adjourn at eleven o'clock in the evening but may adjourn at such earlier or later time as vote of the majority may determine. Town Meeting shall not dissolve until all articles in the warrant have been properly considered.

DRAFT

TOWN WARRANT
COMMONWEALTH OF MASSACHUSETTS

ANNUAL TOWN MEETING

Worcester, ss. February XX, 2022

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the Inhabitants of the Town of Southborough qualified to vote in town affairs, to meet in the P. Brent Trottier Middle School, 49 Parkerville Road, in said Southborough, on

Saturday, March 26, 2022

at ***10:00 a.m.***, then and there to take action on the following Articles:

ARTICLE 1: To hear reports of the various Town Officers and Committees and to take such action thereon as the Town may vote.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *To hear reports of Town Boards, Committees or Commissions.*

ARTICLE 2: To see if the Town will vote to accept any sum of money from St. Mark's School, Fay School, Harvard Medical School, L'Abri Fellowship, The New England Center for Children, and any other contributor and deposit same amount in Estimated Receipts Account, and determine what disposition shall be made of the same, if accepted, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *To allow the Board of Selectmen to accept donations from Tax Exempt organizations and determine the disposition of funds.*

ARTICLE 3: To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow from time to time in anticipation of revenue of the financial year beginning July 1, 2021 in accordance with the provisions of Massachusetts General Laws, Chapter 44, and to issue a note or notes as may be given for a period of less than one year in accordance with Massachusetts General Laws, Chapter 44, Section 17 as amended, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article allows the Town Treasurer to short-term borrow in anticipation of revenue.*

ARTICLE 4: To see if the Town will vote in accordance with the provisions of Massachusetts General Laws Chapter 30B, Section 12(b), to authorize the Board of Selectmen or the Superintendent of Schools to solicit and award contracts for terms exceeding three years, including any renewal, extension or option, provided in each instance the longer term is determined to be in the best interest of the Town by a vote of the Board of Selectmen or the School Committee, as appropriate, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Board Recommendation:
Summary: *This article allows the Selectmen and/or the School Committee to enter into contracts in excess of three years, if deemed in the best interest of the Town to do so. This has been an annual article, and the exemption has been limited to contracts of no more than seven years.*

ARTICLE 5: To see if the Town will vote to accept the Personnel Salary Administration Plan, as specified in Chapter 31 of the Code of the Town of Southborough, entitled: PERSONNEL.

, or do or act anything in relation thereto.

Proposed by: PERSONNEL BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Personnel By-Law governs policies and pay structures for non-union employees.*

ARTICLE 6: To see if the Town will vote to transfer a sum of money between and among various accounts for the fiscal year ending June 30, 2022, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article is intended to address any unexpected or unusual funding needs for the current fiscal year via transfers between accounts.*

ARTICLE 7: To see if the Town will vote to raise a sum of money as may be necessary for the Town's use for Fiscal Year 2023, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

SEE BUDGETS ON THE FOLLOWING PAGES

DRAFT

Proposed by: BOARD OF SELECTMEN

Summary: *See budget report including Advisory Committee and Board of Selectmen's FY23 recommendations. If the Advisory Committee recommendation differs from that of the Board of Selectmen, it shall be noted in that departmental budget.*

ARTICLE 8: To see if the Town will vote to raise a sum of money as may be necessary for the Water Enterprise Fund's use for Fiscal Year 2023, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Water budget is funded through an Enterprise Fund that is supported entirely through the water rates, which supports all aspects of the department's operation. The first year of funding for those capital items that are being leased for use by the Water Department, in whole or in part, are included in this budget.*

ARTICLE 9: To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of $250,000 into the Other Post-Employment Benefits Liability Trust Fund (OPEB Fund) as authorized by General Laws, Chapter 32B, Section 20, in order to offset the anticipated future cost of providing post-retirement health and life insurance benefits to current and future retired Town employees, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This is an annual appropriation into the Town's OPEB Trust Fund that began back in 2014. The appropriation was previously done as part of the operating budget, but further guidance from the Dept. of Revenue has recommended that it be done in a separate article. The funding amount has been the same each year since 2015, and is not changing for FY23.*

ARTICLE 10: To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money for General Government capital items for the following purposes:

	Description	Request	Levy	Other Funds
A.		$115,000	$115,000	
B.		$ 40,000	$ 40,000	
C.		$ 30,000	$ 30,000	
D.		$ 12,000	$ 12,000	
E.		$325,000	$325,000	
F.		$ 30,000	$ 30,000	
G.		$ 20,000	$ 20,000	
H.		$ 40,000	$ 40,000	
I.		$ 40,000	$ 40,000	
J.		$ 18,200	$ 18,200	
K.		$101,000	$101,000	

, or do or act anything in relation thereto.

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of $XXXX for the purpose of paying the Town's share of casualty and other losses incurred to Town property and equipment which are not covered by insurance policies, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article will provide funds to be used to pay the deductible for property damage which is not covered by insurance.*

ARTICLE 13: To see if the Town will vote to raise and appropriate, borrow and appropriate or transfer from available funds the sum of $100,000 for the ongoing maintenance of capital equipment and systems associated with town buildings and facilities. The Town Facilities Manager shall recommend appropriate projects to the Town Administrator. The Town Administrator shall approve all expenditures under this article. The Town Facilities Manager shall report all funded projects to the Advisory Committee as requested, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article will provide for the maintenance and repair of capital equipment and systems associated with the Town's buildings and facilities.*

ARTICLE 14: To see if the Town will vote pursuant to Massachusetts General Laws, Chapter 44 § 53E ½ to authorize the following spending limits for Fiscal Year 2023:

1.	Immunization/emergency dispensing clinic; $12,000.
2.	Inspectional services; $100,000.
3.	9-11 Field Maintenance; $100,000.
4.	Wetland Protection; $30,000.
5.	Hazardous materials; $75,000.
6.	CPR classes; $6,500.
7.	Community garden; $2,500.
8.	Recreation programs; $400,000.

DRAFT

9. Tobacco Control Program; $4,000.
10. Golf Course maintenance; $30,000.

, or do or act anything in relation thereto.

Proposed by: BOARD OF HEALTH, BOARD OF SELECTMEN, RECREATION COMMISSION, AND CONSERVATION COMMISSION
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article approves the annual spending limits for revolving funds that are now authorized by Town by-law.*

ARTICLE 15: To see if the Town will vote to accept the report of the Community Preservation Committee for the FY 2023 Community Preservation Projected Receipts and act upon the recommendations of the Community Preservation Committee and to set aside for later expenditure, certain sums of money from the Community Preservation Fund established pursuant to Chapter 44B of the General Laws, as follows:

Estimated Surcharge Receipts (based on Town Treasurer's projections)..... $
State Match (projected FY2023 State match)..... $
FY2022 State Match Adjustment..... $
Total Projected Revenue..... $

Set Aside- Open Space

$ to be set aside, held in the Community Preservation Fund, and spent in FY2023 or later years for acquisition, creation or preservation of open space, and for the rehabilitation and/or restoration of open space acquired under the Community Preservation Act.

Set Aside – Historic Preservation

$ to be set aside, held in the Community Preservation Fund, and spent in FY2023 or later years for the acquisition, preservation, rehabilitation and restoration of historic resources.

Set Aside – Community Housing

$ to be set aside, held in the Community Preservation Fund, and spent in FY2023 or later years for the creation, preservation and support of community housing, and for the rehabilitation and/or restoration of community housing acquired under the Community Preservation Act.

Administrative Costs – Community Preservation Committee

$ to defray the administrative and operating expenses of the Community Preservation Committee in FY2023 for the Community Preservation Fund

, or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The budget and set asides are an annual requirement under the Community Preservation Act.*

ARTICLE 16: To see if the Town will vote to appropriate $ to be applied towards the bond for the Perpetual Preservation Restriction on 84 Main Street also known as the Burnett House for the purpose of Historic Preservation

from the CPA FY2023 estimated CPA annual revenue. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article is the Community Preservation Fund payment towards the FY2023 debt funding for the Preservation Restriction of 84 Main Street as approved at the 2016 Annual Town Meeting.*

ARTICLE 17: To see if the Town will vote to appropriate $ to be applied towards the FY23 bond payment for the renovation and restoration of the Historic Southborough Library building for the purpose of Historic Preservation. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article is the Community Preservation Fund payment toward the debt funding for the renovation and restoration of the Historic Southborough Library as approved at the 2019 Annual Town Meeting.*

ARTICLE 18: Payment of accrued leave time for retirees

ARTICLE 19: CPA projects

ARTICLE 20: Tree bylaw (Planning Board)

ARTICLE 21: Establish Trails Committee as a Standing (bylaw) Committee

ARTICLE 22: Rescind remaining unused borrowing authorization for Public Safety Facility

ARTICLE 23: Capital project – Newton Street water pipe replacement (funding by borrowing, but include transfer of unused portion of previously authorized bonding authority from Route 9 water project)

ARTICLE 24: Bylaw to regulate the process for boards and committees authorized to promulgate their own rules and regulations (Dennington).

ARTICLE 25: Capital stabilization fund for the Regional School.

ARTICLE 26: Fund mitigation funds for sidewalks from Legacy Farms and Stonebrook Village ($47,970)

ARTICLE 27: Accept new CBAs and fund first year of contracts.

ARTICLE 28: To see if the Town will transfer a sum of money out of Water Retained Earnings for use in the FY22 Water budget.

ARTICLE 29: Release CPC funds previously voted by TM for AHTFC purposes, and allow them to be expended without further authorization (SHOPC request).

ARTICLE 30: Easements for St. Mark's park

ARTICLE 31: Capital Planning Committee as bylaw (standing) committee

DRAFT

And you are to give notice hereby by posting true and attested copies of the Warrant on the Town website, the Southborough Town House, 17 Common Street, Southborough Senior Center, 9 Cordaville Road, Southborough Library, 25 Main Street, and Southborough Transfer Station, 147 Cordaville Road; seven (7) days at least before the time appointed for such meeting.

Given under our hand this XX day of February, 2022.

DRAFT

Memo

To: Select Board
From: Vanessa Hale, Assistant Town Administrator
Date: December 13, 2021
Re: Recording Clerks

Based on the Board's discussion at their December 14, 2021 meeting, I have summarized the following information for review. In an effort to develop a consistent formula for compensation of Recording Clerks, below is an outline of the current expenditures on a regular basis.

C. Reynolds	Advisory	$150.00
C. Reynolds	EDC	$75.00
K. Battles	Planning, Master Plan, SHOPC	$150.00
B. Rubin	BOS	$150.00
C. Dorr	Conservation	$150.00
D. Monroe	Historical Commission	$150.00

A written policy would be a helpful tool so that the finance departments have a protocol to assess new requests. On behalf of the Town Administrator and myself, we recommend a $50.00/hour rate for all Recording Clerks. A consistent rate would treat all staff [as well as Boards and Committees] equitably and provide a stable protocol for budgeting this cost. As the Select Board continues to discuss protocol for meeting minutes, please provide guidance on what boards and committees you would deem eligible.

Board/Committee	**Committee Member serving as Scribe**
Affordable Housing Trust	Braccio
Arts Council	Various committee scribes
Cable	Warren
Capital Planning	Palmer
Capital Planning-School Research	Various committee scribes
Council on Aging	Peck
Golf Course	Schild
Municipal Technology	Samberg
Noise	Various committee scribes
Open Space Preservation	TBD
Personnel	TBD, Former Chair had been scribe
Public Accessibility	TBD; No minutes posted
Public Works Planning	Baust
Recreation	Hansen
Scholarship	Kuklewicz
SHOPC-21 Highland Aff. Housing Sub-Committee	Various committee scribes
Stewardship	Peet
Taxation Aid	Kessleman
Trails	Sharma
Youth	Michas

The following board/committee(s) have an employee that is able to serve as scribe within their funded hours: Assessors, Trust Fund Committee, Health, Housing Authority, Library and ZBA.

Thank you for your consideration.

ARPA Committee Charge

Membership

- The Committee shall consist of 7 members, comprised as follows:
  - One (1) member of the Advisory Committee;
  - One (1) member of the Planning Board;
  - Two (2) members of the Capital Planning Committee;
  - One (1) member of the Economic Development Committee;
  - Two (2) Southborough residents who are not currently members of an appointed or elected Town board or committee.
- Members will be appointed by the Select Board at a duly posted public meeting following the advertisement for interest in serving on the committee.

Term and Organization

- The term of office shall be for one (1) year;
- The Committee shall report to the Select Board as required;
- The Committee shall elect its own Chair, Vice-Chair, and Secretary, and shall establish a regular meeting schedule. All records of the Committee shall be filed with the Town Clerk and open to public inspection in accordance with applicable Open Meeting Law and Public Record statutes;
- The Committee shall operate in accordance with the State Conflict of Interest Laws;
- Members shall serve without financial compensation.

Duties

- The Committee shall provide recommendations to the Select Board on the expenditure of approximately $3,051,241 in ARPA (American Rescue Plan Act of 2021) funding;
- The Committee shall solicit input from Town departments, boards, committees, and commissions;
- The Committee shall solicit input from the Southborough community, through means including but not limited to surveys and public forums;
- The Committee shall develop an evaluation tool to rank proposals for funding, taking into account the benefit of the requested improvement to Town operations and/or the community as a whole;
- The Committee shall develop a report to present to the Select Board that will include a list of all proposals submitted for consideration, in addition to those recommended for funding;
- The Committee recommendation will be presented to the Select Board at a regularly scheduled meeting not later than May 16, 2022, and be prepared to discuss their process and findings at that time. Recommendations that impact FY23 funding for Annual Town Meeting articles should be made no later than March 1, 2022.

Approved by Select Board: November 16, 2021

St. Mark's Street Park Working Group Charge

The Select Board would like to assemble a working group of citizens and interested parties to generate a recommendation to the Select Board regarding what should fill the circular space in the center of the park that will be constructed between the library and the re-constructed intersection of St. Mark's Street and Route 85. The Select Board is particularly interested in placing a monument or marker in this space that would recognize and honor Native American history in Southborough. The Select Board also would like the working group to consider formulating a new name for this space.

The working group will consist of 7 at-large members who are Southborough residents. Members will be appointed by the Select Board at a duly posted public meeting following the advertisement for interest in serving on the working group. The working group shall elect its own Chair, Vice Chair, and Secretary.

The Select Board encourages the working group to invite a representative of the St. Mark's School and a representative of the Department of Public Works to participate as non-voting members.

The working group shall operate in accordance with the state conflict of interest laws. Members shall serve without financial compensation. All records of the working group shall be filed with the Select Board, and all agendas, minutes, and records of appointments shall be filed with the Town Clerk. These documents shall be open to public inspection in accordance with applicable Open Meeting Law and public record statutes.

The working group should hold at least three (3) meetings in a public forum, either in person or by remote participation (i.e. Zoom, etc.), at which public comment is solicited and encouraged. The Town shall publicize the dates and times of working group meetings, and encourage public participation. The working group shall aim to deliver a recommendation to the Select Board by April 15, 2022.
